(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. These prices are for the article described in your application. They are f. o. b. factory and subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement:

OPA Retail Ceiling Price—$5.00 each
Do Not Detach or Obliterate

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 4th day of August 1945.

Issued this 3d day of August 1945.

CHARMS CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 88 under Order No. 375 of § 1499.3 (b) of the General Maximum Price Regulation. Charms Company, Docket No. 6035:2-GMPR-ORD 375-198.

For the reasons set forth in an opinion issued simultaneously herewith; *It is ordered*, That:

(a) The maximum prices for the indicated sales below of "Charms 10¢ Malted Milk Tablets," a 1.4 ounce package confectionery item manufactured by the Charms Company, Bloomfield, New Jersey, in accordance with its formula contained in its price application of July 11, 1945 shall be:

(1) From Charms Company to wholesalers, per 12 count box, f. o. b. Bloomfield, New Jersey	$0.64
(2) From wholesalers to retailers, per 12 count box delivered	.80
(3) From retailers to consumers, per item	.10

(b) The maximum prices established in this order are the highest prices for which "Charms 10¢ Malted Milk Tablets" may be sold by the respective sellers. All sellers, on sales of this item, shall reduce the above appropriate maximum prices by applying their customary discounts, allowances and price differential reductions which have been applied to sales of "Charms 5¢ Fruit Tablets" or other comparable candy items.

(c) Charms Company shall mail or otherwise supply to its purchasers, at the time of or prior to the first delivery to such purchaser, a written notice as follows:

The Office of Price Administration has authorized us to sell to wholesalers our "Charms 10¢ Malted Milk Tablets" packed 12 to a box at a maximum price of 64 cents f. o. b. Bloomfield, New Jersey. Wholesalers are authorized to sell this item to retailers at a maximum price of 80 cents per 12 count box, delivered. On sales of this item, all sellers are required to reduce their maximum prices by applying their customary discounts, allowances and price differential reductions which have been applied to sales of comparable candy items.

(d) Charms Company, for a period of at least 90 days, shall place in or on each 12 count box distributed through a wholesaler a notice as follows:

The Office of Price Administration has authorized wholesalers to sell this 12 count box to retailers at a maximum delivered price of 80 cents. Retailers are authorized to sell these items to consumers at a maximum price of 10 cents per item.

(e) This order may be revoked or amended at any time by the Price Administrator.

(f) This Order No. 88 shall become effective August 4, 1945.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 3d day of August 1945.

	Perfecto.....	50	56	7

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 2, 1945.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 6, 1945.

Issued this 4th day of August 1945.

RAIDT MFG. CO. ET AL.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 77 under section 4 (b) of Revised Maximum Price Regulation 506. Maximum prices for staple work gloves; granting maximum prices to the Raidt Manufacturing Company and other sellers. Docket Nos. 6062-506-4b-23, 6062-506-4b-26.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

(a) On and after August 6, 1945, the Raidt Mfg. Company, Shenandoah, Iowa, may sell and deliver to any purchaser, and such purchaser may buy from it, the staple work glove numbers enumerated in the following table at or below the prices set forth in Column A of this table. Wholesalers who purchase these numbers from the Raidt Mfg. Company may make "regular sales" at wholesale of such gloves, at or below the prices set forth in Column B of the table. Ceiling prices for "special sales" at wholesale shall be determined in accordance with section 3 (b) of Revised Maximum Price Regulation 506.

Style No.	Glove description	Column A Manufacturer's prices		Column B Wholesalers' prices
		Group I ceiling	Group II ceiling	
		Dozen	*Dozen*	*Dozen*

F 821	Men's 12-ounce white nap out cotton flannel single thickness back and palm, 2-thumb husking mitten, 14-ounce duck thumb patch, knit wrist.	2.37½	2.57½	2.82½
F 520	Men's fourchette cut, 12-ounce single thickness nap in canton flannel back and palm, leather thumb patch, leather knuckle strap, knit wrist.	2.37½	2.55	2.82½
F 521	Men's fourchette cut, 12-ounce single thickness nap in canton flannel back and palm, leather thumb patch, leather knuckle strap, 14-ounce duck band top.	2.24½	2.60	2.87½

(b) The maximum prices authorized in paragraph (a) are subject to the following:

(1) The instructions for manufacturers and wholesalers which preface the tables in Appendix A of RMPR 506, including those relating to the pricing of "seconds."

(2) The provisions in section 4 (a) of RMPR 506 with respect to a manufacturers' "wholesale percentage", and the quota of deliveries which must be made at Group I prices;

(3) The marking and informational requirements of section 6 of RMPR 506. In addition to these requirements, the Raidt Mfg. Company, on all deliveries of the style numbers listed in paragraph (a), made pursuant to this order, on and after August 6, 1945, must place the letter "g" following the lot number or brand name stated on the label, ticket, or other device used to mark the gloves.

(c) The definitions in RMPR 506 shall apply to this order.

(d) The Raidt Mfg. Company must furnish each of its customers, who, on or after August 6, 1945, purchases the style numbers listed in paragraph (a) for purposes of resale, a notice in the

353005 UNIV Kent. THE LIBRARY OF THE

form set forth below. The Raidt Mfg. Company must also notify each such customer (other than a seller at retail) that he is required in turn to transmit to his customers a copy of the notice set forth below. The notice may be attached to the invoice or may be stamped or printed on the invoice.

This notice is sent to you as required by Order No. 77 under section 4 (b) of Revised Maximum Price Regulation 506 issued by the Office of Price Administration. It lists ceiling prices fixed by OPA for the work glove numbers enumerated in the table below, manufactured by the Raidt Manufacturing Company.

OPA has ruled that the Raidt Mfg. Company may sell these numbers at or below the prices listed in Column A below, subject to the provisions of section 4 (a) of RMPR 506 with respect to the quota of deliveries which he made at Group I prices. Wholesalers in turn are authorized to make regular sales at wholesale of these numbers at or below the prices listed in Column B. Retailers will determine their ceiling prices on these numbers in accordance with section 2 of RMPR 506.

Style No.	Column A Manufacturer's prices		Column B
	Group I ceiling	Group II ceiling	Wholesalers' prices
F 721–S	$2.45	$2.62½	$2.92½
F 821–S	2.37½	2.57½	2.82½
F 520–S	2.37½	2.55	2.82½
F 521–S	2.42½	2.60	2.87½

You will note that the letter "S" follows the manufacturers' lot number or brand name. This letter indicates that these gloves have been specially priced by OPA under section 4 (b).

(e) This Order No. 77 under Revised Maximum Price Regulation 506 may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 6, 1945.

(2) *Invoicing of "OPA adjustment charge."* The "OPA adjustment charge" specified in subparagraph (1), above, may be collected only if separately stated on the invoice accompanying each sale and delivery.

(b) *Maximum prices for sales at retail*—(1) *Sales subject to the General Maximum Price Regulation.* The maximum price for a sale or delivery at retail of any shoe listed in paragraph (a), above, shall be the retailer's maximum price previously established under the General Maximum Price Regulation and may not be increased by reason of the adjustment granted to Margolin Shoe Company under this order. A retailer who has not previously established a maximum price for such shoe under the General Maximum Price Regulation may not, in determining his maximum price, consider the "OPA adjustment charge" specified in paragraph (a) as a part of his net unit replacement cost for the shoe.

(2) *Sales subject to Maximum Price Regulation 580.* The maximum price for a sale or delivery at retail of any shoe listed in paragraph (a), above, shall be the retailer's maximum price determined by applying to his invoice net cost exclusive of the "OPA adjustment charge" specified in paragraph (a), above, the applicable pricing rule of section 7 of Maximum Price Regulation 580 and may not be increased by reason of the adjustment granted to Margolin Shoe Company under this order.

(c) *Notification.* At the time of (or prior to) the first delivery of each shoe to a retailer on and after the effective date of this order at a price adjusted in accordance with the terms of this order, Margolin Shoe Company shall notify the retailers in writing of the provisions of paragraph (b), above. This notice may be given in any convenient form.

(d) All requests not specifically granted by this order are hereby denied.

(e) This order may be amended, modified, revised or revoked by the Administrator at any time.

This order shall become effective August 7, 1945.

Issued this 6th day of August 1945.

CHESTER DAIRY SUPPLY CO.

ESTABLISHMENT OF MAXIMUM PRICES

Amendment No. 1 to Order 473 under Revised Maximum Price Regulation 136, Machines, parts and industrial equipment. Chester Dairy Supply Company, Docket No. 6083–136.21–364.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 21 of Revised Maximum Price Regulation 136; *It is ordered:*

Order No. 473, under Revised Maximum Price Regulation 136, is amended in the following respects:

1. In paragraph (a) the text preceeding the table is amended to read as follows: "The maximum prices for sales by all persons of the following milk handling equipment manufactured by Chester Dairy Supply Company, 9th and Hyatt Streets, Chester, Pennsylvania, shall be determined as follows: The seller (manufacturer or reseller) shall increase the maximum net price he had in effect to a purchaser of the same class just prior to the issuance of this order by the applicable percentage set forth below."

2. Paragraph (b) is revoked.

3. Paragraph (c) (d) (e) and (f) are redesignated (b) (c) (d) and (e) respectively.

4. Redesignated Paragraph (b) is amended to read as follows:

(b) Chester Dairy Supply Company shall notify each person who buys the milk handling equipment listed in paragraph (a) for resale of the percentage by which this order permits the reseller to increase his maximum net price. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington 25, D. C.

This amendment shall become effective August 7, 1945.

Issued this 6th day of August 1945.

PROCLAMATION 2658

REGULATIONS RELATING TO MIGRATORY BIRDS AND CERTAIN GAME MAMMALS

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Secretary of the Interior has adopted and submitted to me the following amendments of the regulations approved by Proclamation No. 2616 of July 27, 1944, as last amended by Proclamation No. 2625 of September 26, 1944, permitting and governing the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, exportation, and importation of migratory birds and parts, nests and eggs thereof, included in the terms of the Convention between the United States and Great Britain for the protection of migratory birds concluded August 16, 1916, and the Convention between the United States and the United Mexican States for the protection of migratory birds and game mammals concluded February 7, 1936:

AMENDMENTS OF MIGRATORY BIRD TREATY ACT REGULATIONS ADOPTED BY THE SECRETARY OF THE INTERIOR

Under authority and direction of section 3 of the Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755), as amended by the act of June 20, 1936 (49 Stat. 1555), the administration of which said act as amended was transferred to the Secretary of the Interior on July 1, 1939 by Reorganization Plan II (53 Stat. 1431), I, Harold L. Ickes, Secretary of the Interior, having due regard to the zones of temperature and to the distribution, abundance, economic value, breeding habits, and times and lines of migratory flight of migratory birds included in the terms of the Convention between the United States and Great Britain for the protection of migratory birds, concluded August 16, 1916, and the Convention between the United States and the United Mexican States for the protection of migratory birds and game mammals, concluded February 7, 1936, have determined when, to what extent, and by what means it is compatible with the terms of said conventions and act to allow the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, exportation, and importation of such birds and parts thereof and their nests and eggs, and in accordance with such determinations, do hereby amend, as specified, the regulations approved by Proclamation No. 2616 of July 27, 1944, as last amended by Proclamation No. 2625 of September 26, 1944, and as so amended do hereby adopt such regulations as suitable regulations, permitting and governing the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, exportation, and importation of such migratory birds and parts, nests, and eggs thereof:

Regulation 4, "Open Seasons On and Possession of Certain Migratory Game Birds," is amended to read as follows:

Regulation 4—Open Seasons on and Possession of Certain Migratory Game Birds

Waterfowl (except wood ducks in Massachusetts and North Dakota; snow geese in Beaverhead, Gallatin, and Madison Counties in Montana, in Idaho, and in States bordering on the Atlantic Ocean; Ross' geese; and swans), coots, rails and gallinules, woodcocks, mourning or turtle doves, white-winged doves, and band-tailed pigeons may be taken each day from one-half hour before sunrise to sunset, except as otherwise provided in this regulation, during the open seasons prescribed herein; and may be taken by the means and in the number permitted by regulations 3 and 5 hereof, and when so taken may be possessed in the numbers permitted by regulation 5 during the period constituting the open season where taken and for an additional period of 90 days next succeeding said open season, except as prohibited by State law.

Nothing herein shall be deemed to permit the taking of migratory birds on any reservation or sanctuary established under the Migratory Bird Conservation Act

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 24—RESTORATION OF ELIGIBILITY FOR PROBATIONAL CERTIFICATION OF PERSONS WHO LOST OPPORTUNITY FOR PROBATIONAL APPOINTMENT BECAUSE OF ENTRY INTO ARMED FORCES

Sec.
24.1 Purpose of Executive Order 9538.
24.2 Restoration of eligibility for probational certification; prerequisites.
24.3 Period of eligibility for probational certification.
24.4 Eligibility to be restored for both probational certification and war service certification.
24.5 Certification.
24.6 Selections from certificates.
24.7 Conversions of war service appointments to probational.

AUTHORITY: §§ 24.1 to 24.7 inclusive, issued under R.S. 1753; sec. 2, 22 Stat. 403; 5 U.S.C. 631, 633; E.O. 9063 as amended by E.O. 9378 (8 F.R. 13037) and E.O. 9538 (10 F.R. 4057).

§ 24.1 *Purpose of Executive Order 9538.* This Executive order is intended to restore opportunity for probational appointment to those who actually lost opportunity for probational appointment between May 1, 1940 and the effective date of the war service regulations, because of draft status or entry into the armed forces.

§ 24.2 *Restoration of eligibility for probational certification. Prerequisites.* (a) The applicant must have had eligibility on a list of eligibles sometime between May 1, 1940 and March 15, 1942 inclusive (or May 1, 1940 and October 22, 1943 inclusive for the Post Office field service); and

(b) He must have entered the armed forces between May 1, 1940 and March 15, 1942 inclusive, (or May 1, 1940 and October 22, 1943 inclusive) insofar as eligibility for the Post Office field service is concerned; and

(c) He must have applied to the Commission for the benefits of the order within 90 days after honorable discharge, or of hospitalization continuing after honorable discharge for a period of not more than one year, or within 90 days after the date of Executive Order 9538 (April 13, 1945) whichever is latest; and

(d) He must have stood higher on such list of eligibles than another applicant who received probational appointment therefrom; and

(e) During the lifetime of the register he must have entered the armed forces, or objections to his appointment must have been sustained because of his draft status.

§ 24.3 *Period of eligibility for probational certification.* (a) The period of eligibility as restored under this order for certification for probational appointment shall be equivalent to (1) the period of eligibility lost between the date of the applicant's entrance into the military service and the date when probational certification from the list was discontinued (because of expiration of register or adoption of war service regulations), or (2) for the remainder of the life of the register from which certification was lost if such register is still in existence, or (3) one year, whichever is longest.

(b) Eligibility for probational certification on all registers to which restored under Executive Order 9538 is terminated by probational appointment of the eligible.

§ 24.4 *Eligibility to be restored for both probational certification and war service certification.* (a) Because a veteran restored under Executive Order 9538 may be certified for either probational or war service appointment, and because his relative standing on the probational register will probably be different from his standing on the war service register, certifying offices will establish separate probational lists under the title of the examination on which eligibility for probational appointment was initially acquired.

Although the applicant's request for restoration may indicate present nonavailability for appointment to positions for which eligibility would be considered appropriate, eligibility will be restored and suspended.

(b) Points for preference are added when eligibility for restoration is established. Eligibles are entered on the probational register according to the present order of certification.

(c) While the apportionment restrictions are not observed in certifying preference eligibles, veterans certified for probational appointment in an apportioned position must have established proof of legal residence as of the closing date for acceptance of applications (in the case of an examination with a specified closing date) or as of any date between the date of filing for the examination and the closing date (in the case of an open continuous examination).

§ 24.5 *Certification.* (a) Certification for probational appointment of an eligible under Executive Order 9538 will be made only to fill positions for which the eligibility on which he lost opportunity for probational appointment would have been considered appropriate.

(b) Where a probational register established in accordance with the order is appropriate for filling any request for eligibles from any agency to fill a position lasting more than one year, a certificate will be issued from it regardless of whether the agency has specifically requested probational certification. No certificate will be issued for war service appointment unless the probational certificate is incomplete, and the agency asks for additional names. Where an incomplete certificate lists fewer than one name for each vacancy, a war service certificate containing enough names to complete the certification will be issued with it.

§ 24.6 *Selections from certificates.* (a) Where a probational certificate is incomplete and the Commission has furnished additional names for war service appointment, no selections may be made from the war service certificate until fewer than three eligibles remain for consideration on the probational certificate. When fewer than three eligibles remain on the probational certificate, the agency may proceed to consider the first three names on a war service certificate, the two certificates being independent of each other in this connection. On each certificate there must be full compliance with "the rule of 3" as to eligibles on that certificate, if selections are made therefrom. In connection with appointments from probational certificates, appointing officers will secure and act upon appointment forms (medical certificate, declaration of appointee and fingerprint chart), under the procedures which apply to war service appointments.

(b) No appointee with a classified civil service status or serving under war service appointment, will be required to be separated or demoted in order to create a vacancy for the probational appointment of an applicant under the terms of this Executive order; nor will an employee with a status be required to be "demoted" to a war service appointment for this purpose.

§ 24.7 *Conversions of war service appointments to probational.* (a) An agency may request conversion of an employee's war service appointment to probational on the basis of the employee's eligibility having been restored under Executive Order 9538. Request for conversion may be made at any time during the period of the veteran's eligibility on the probational register. Such requests should be submitted to the appropriate office of the Commission on the standard form for requesting certification of eligibles and should be noted to show that the veteran's eligibility has been restored under the provisions of Executive Order 9538. The Commission may approve the agency's request, provided the veteran's restored eligibility is appropriate for certification to the position in which he is serving and his name is within reach on the probational register.

(b) The Commission will also accept an agency's request on its employee's behalf for restoration of the employee's eligibility to the register, restoration being a prerequisite for probational certification. Initiation of a request to secure the benefits of the order is primarily the responsibility of the veteran and he may not benefit under the order unless application is made to the Commission by the veteran or his agency within 90 days after his discharge from the armed forces, or of hospitalization continuing for no more than one year after honorable discharge, or within 90 days after the date of the Executive order, whichever is latest.

By the United States Civil Service Commission.

[SEAL] H. B. MITCHELL,
President.

JULY 19, 1945.

TITLE 6—AGRICULTURAL CREDIT

Chapter II—Department of Agriculture, Commodity Credit Corporation

[1945 C. C. C. Wheat Bulletin 1, as Amended]

PART 251—WHEAT LOANS

SUBPART—1945

Commodity Credit Corporation has authorized the making of loans on wheat stored on farms or in approved public grain warehouses in accordance with this bulletin.

Sec.
251.28 Definitions.
251.29 Areas in which loans are available.
251.30 Loan rates.
251.31 Protein premium.
251.32 Variations for grades.
251.33 Determination of dockage, smut, and garlic.
251.34 Determination of quantity of wheat.
251.35 Farm storage.
251.36 Storage allowance.
251.37 Public warehouses.
251.38 Warehouse receipts.
251.39 Liens.
251.40 Insurance.
251.41 Maturity and interest rate.
251.42 Purchase of loan.
251.43 Offices of the regional directors of Commodity Credit Corporation.
251.44 County agricultural conservation committees.
251.45 Release of collateral.

AUTHORITY: §§ 251.28 to 251.45, inclusive, are issued under the authority contained in section 302 of the Agricultural Adjustment Act of 1938, as amended (52 Stat. 43; 7 U.S.C., 1302).

§ 251.28 *Definitions.* For the purpose of this subpart and the notes and loan agreements or mortgages relating thereto, the following terms shall be construed, respectively, to mean:

(a) *Eligible producer.* An eligible producer shall be any person, partnership, association, corporation, or other legal entity, who produced wheat in 1945 as landowner, landlord, tenant, or sharecropper.

(b) *Eligible wheat.* Eligible wheat shall be wheat which meets the following requirements:

(1) Such wheat must be produced in 1945 by the producer tendering the wheat for a loan.

(2) Such wheat must be free and clear of all liens and encumbrances, including landlord's liens, except in favor of the lienholders who are listed in the List of Lienholders, and who have signed lien waivers.

(3) Such wheat must be tendered for a loan by a person who is the owner of the wheat and who has the legal right to pledge or mortgage it as security for the loan.

(4) The beneficial interest in the wheat must be in the person tendering

the wheat for a loan and must always have been in him, or must have been in him and a former producer whom he succeedd before the wheat was harvested.

(5) Such wheat must be in eligible storage.

(6) Such wheat must be (i) wheat of any class grading No. 3 or better, or (ii) wheat of any class grading No. 4 or 5 solely on the factor of test weight, but otherwise grading No. 3 or better. (If the wheat is warehouse-stored, the quality of the wheat must be evidenced by a statement of the warehouseman on the warehouse receipt, the inspection certificate, or the warehouseman's supplemental certificate, substantially as follows: "This wheat grades No. _____ solely because of test weight."); or (iii) wheat of the class mixed wheat, consisting only of mixtures of grades of wheat which are eligible for loans as stated in (i) and (ii) hereof, provided such mixtures are the natural products of the field.

(7) If such wheat is of the class hard red spring or durum, it shall contain not more than 14½ percent moisture, and if it is of any other class it shall contain not more than 14 percent moisture, except that:

(i) When stored in warehouses wheat containing over 14½ percent moisture but not more than 15½ percent moisture in States west of the Mississippi River, and over 14 percent moisture but not over 17 percent moisture in States east of the Mississippi River, and/or containing weevils or other insects injurious to stored grain but otherwise eligible, may be processed at the producer's expense, and such wheat will thereafter be considered eligible for loan purposes provided the original warehouse receipt and warehouseman's supplemental certificate, in addition to other original documents, are accompanied by a certificate of the approved warehouseman issuing said receipts reading as follows:

The wheat represented by attached warehouse receipt No. _____, dated _____, covering loan wheat, has been processed at the request of the eligible producer and redelivery will be made of the same country-run quality, quantity, grade, and protein as shown on the said warehouse receipt and accompanying original inbound inspection, weight, and other required documents free of "tough" and "weevily" notation. Lien for processing charges will not be claimed by the warehouseman from Commodity Credit Corporation or any subsequent holder of said warehouse receipt.

(Signed) _____
(Warehouseman)

_____
(Address)

Date _____ 194_

(ii) When stored on farms in all counties in the States of Delaware, Maryland, Michigan, New Jersey, New York, Pennsylvania, and Virginia, and in all counties in the States of Indiana and Ohio north of or intersected by the fortieth parallel meridian, wheat of the classes hard red winter, soft red winter, white, and mixed wheat of such classes grading tough but containing not more than 14½ percent moisture, if otherwise meeting the requirements of Commodity Credit Corporation and in good sound condition, will be eligible for a loan at a discount of 2 cents per bushel from the rate for such wheat testing 14 percent or less in moisture content.

(c) *Eligible storage.* Eligible storage shall include public grain warehouses and farm storage meeting the following respective requirements:

(1) Public grain warehouses must meet the requirements of Commodity Credit Corporation and must have executed the Uniform Grain Storage Agreement. Such warehouses may be situated either at terminal, subterminal, or country points.

(2) Farm storage shall consist of farm bins and granaries which are of such substantial and permanent construction, as determined by the county agricultural conservation committee, as to afford safe storage of the wheat for a period of 2 years, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather.

(d) *Lending agency.* A lending agency is any bank, cooperative marketing association, or other corporation, partnership, or person, making loans in accordance with these instructions, who has executed the Contract to Purchase on 1940 C.C.C. Form E.

(e) *Eligible paper.* Eligible paper shall consist of notes of producers on C.C.C. Grain Form A (Revised) secured by chattel mortgages on C.C.C. Grain Form AA (Revised), or of notes of producers on C.C.C. Commodity Form A secured by chattel mortgages on C.C.C. Commodity Form AA, covering wheat stored on the farm, or of notes and loan agreements on C.C.C. Grain Form B (Revised) or C.C.C. Commodity Form B, secured by warehouse receipts representing wheat stored in approved warehouses. Notes must be dated on or subsequent to June 1, 1945, and prior to January 1, 1946, and must be executed in accordance with these instructions, with State and documentary revenue stamps affixed thereto where required by law. Notes executed by an administrator, executor, or trustee, will be acceptable only where legally valid.

§ 251.29 *Areas in which loans are available.* (a) Loans are available on eligible wheat stored in approved public grain warehouses in all areas.

(b) Loans are available on eligible wheat stored on farms in the following areas:

All counties in Arizona, California, Colorado, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Tennessee, Utah, Virginia, Washington, West Virginia, Wisconsin, and Wyoming, and in the following counties of Oklahoma and Texas:

§ 251.30 *Loan rates.* The loan rates on wheat of the designated grades and subclasses stored in approved public grain warehouses or stored on farms in counties where farm storage is permitted are set out below and in State supplements (1945 C. C. C. Wheat Bulletin 1—Supplement 2—Kansas, et cetera), which State supplements are available at the Washington, State and county offices of the Agricultural Adjustment Agency, the Washington office of Commodity Credit Corporation, and the regional offices of the Corporation located at Chicago, Illinois, Kansas City, Missouri, Minneapolis, Minnesota, and Portland, Oregon.

(a) *Amount of loans at terminal markets.* 1945 wheat loan rates on No. 1 dark hard winter, No. 1 hard winter, No. 1 yellow hard winter, No. 1 red winter, No. 1 western red, No. 1 soft white, No. 1 white club, No. 1 western white, No. 1 hard white, No. 1 heavy dark northern spring, No. 1 heavy northern spring, No. 1 heavy red spring, No. 1 hard amber durum, No. 1 amber durum, and No. 1 durum, stored in approved public grain warehouses at the following terminal markets shall be as follows:

Market	Loan rate per bushel
Kansas City, St. Joseph, Mo.; Kansas City, Kans.; Omaha, Nebr.; Council Bluffs, Iowa	$1.54
Chicago, Ill.; Milwaukee, Wis.; St. Louis, Mo.; East St. Louis, Ill.	1.59
Minneapolis, St. Paul, Duluth, Minn.; Superior, Wis.	1.56
Portland, Oreg.; Seattle, Vancouver, Tacoma, Longview, Wash.	1.49
San Francisco, Los Angeles, Stockton, Oakland, Calif.	1.59
Galveston, Houston, Tex.; New Orleans, La.	1.62
Cairo, Ill.	1.60
Evansville, Ind.; Louisville, Ky.; Cincinnati, Ohio	1.61
Philadelphia, Pa.; Baltimore, Md.; Norfolk, Va.	1.70
Albany, N. Y.	1.71

NOTE: The terminal loan rate for other No. 1 wheat shall be determined by subtracting the following discounts from the applicable terminal loan rates:

(a) For No. 1 wheat of the class "red durum wheat"—discount 15 cents per bushel,

(b) For No. 1 "mixed wheat" (containing less than 10 percent of wheat of the classes "durum" and/or "red durum wheat")—discount 2 cents per bushel,

(c) For No. 1 "mixed wheat" (containing in excess of 10 percent of wheat of the classes "durum" and/or "red durum wheat")—discount 15 cents per bushel,

(d) For No. 1 "mixed wheat" grading "amber mixed durum"—discount 5 cents per bushel, and

(e) For No. 1 "mixed wheat" grading "mixed durum"—discount 10 cents per bushel.

All wheat eligible for loan at the foregoing loan rates must have been shipped on a domestic freight rate basis. The loan rate at the designated terminal market will be reduced by the difference between the freight paid and the domestic rate on any wheat shipped at other than the domestic rate.

The foregoing schedule of loan rates aplies to wheat delivered to any designated terminal market in carload lots which has been shipped by rail from a country shipping point to one of the designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges and other documents as required under these instructions; *Provided*, In the event the amount of paid-in freight is insufficient to guarantee minimum proportional rate from the terminal market, there shall be deducted from the applicable terminal loan rate the difference between the amount of freight actually paid in and the amount rquired to be paid in to guarantee minimum proportional basis on the outbound movement: *Provided further*, That Commodity Credit Corporation will accept in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form, or certificate of such warehouseman containing such an undertaking, or such forms as may hereafter be approved by Commodity Credit Corporation.

In the event such documents are not furnished, a deduction of 6 cents per bushel shall be made from the foregoing schedule of rates.

Wheat trucked to a designated terminal market and stored in a warehouse shall have a loan rate equal to the higher of (1) the terminal loan rate minus 6 cents per bushel, or, (2) the county loan rate for the county in which the wheat is stored.

(b) *Amount of loan at country points.* (1) Except for the States and counties hereinafter set forth, Commodity Credit Corporation will determine the loan rate on wheat in storage on the farm or in country warehouses by deducting from the designated terminal market loan value an amount equal to 4 cents more than the all-rail interstate freight rate from the country warehouse points, plus freight tax, or the shipping point designated by the producer, to such terminal market; except that, in the appropriate counties of Arkansas, Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, and Wisconsin, such rates shall be computed on the basis of the average freight rate from all shipping points other than subterminal markets in each county to the appropriate terminal market.

Each approved warehouse will be advised as to the loan rate applicable to wheat stored in such warehouse. Producers may obtain from the county committee the loan rates applicable to wheat stored on each farm and in the public warehouses. Loan rates will be published in C.C.C. Wheat Bulletin 1, Supplement 2, for each State.

The loan rate of eligible wheat stored in approved warehouses (other than those situated in the designated terminal markets) which was shipped by rail may be determined by deducting from the appropriate designated terminal market loan value an amount equal to the transit balance of the through freight rate from point of origin for such wheat to such terminal market, plus freight tax on such transit balance: *Provided*, In the case of wheat stored at any railroad transit point, taking a penalty by reason of out-of-line movement, or for any other reason, to the appropriate designated market, there shall be added to such transit balance an amount equal to any out-of-line or other costs incurred in storing loan wheat in such destinations as determined by Commodity Credit Corporation. Arrangements have been made for the railroads to indicate transit balance of the through rate on the inbound paid freight bills on a basis of 100 pounds. To obtain the loan rate, as determined above, the warehouse receipts, in addition to other required documents, must be accompanied by the original paid freight bills duly registered for transit privileges: *Provided*, That Commodity Credit Corporation will accept, in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form or a warehouseman's supplemental certificate containing such information:

(2) Separate schedules of loan rates will be issued for the States and counties hereinafter set forth:

All counties in Arizona, Delaware, Kentucky, Maryland, New Jersey, New York, North Carolina, Tennessee, Virginia, and West Virginia;

In New Mexico, the counties of Bernalillo, Catron, Colfax, Dona Ana, Grant, Harding, Hidalgo, Luna, McKinley, Mora, Rio Arriba, Sandoval, San Juan, San Miguel, Santa Fe, Sierra, Socorro, Taos, Torrence, Union, and Valencia;

In Colorado, the counties of Alamosa, Archuleta, Chaffee, Conejos, Costilla, Delta, Dolores, Eagle, Garfield, Grand, Gunnison, Hinsdale, Jackson, Lake, LaPlata, Mesa, Mineral, Moffat, Montezuma, Montrose, Ouray, Pitkin, Rio Blanco, Rio Grande, Routt, Saguache, San Juan, San Miguel, and Summit.

The loan rate of eligible wheat stored in approved warehouses in the foregoing area which was shipped by rail in the movement of natural market direction, as approved by Commodity Credit Corporation, shall be determined by adding 4 cents per bushel to the county loan rate for the county from which the wheat is shipped and an amount equal to the transit value of the freight paid from point of origin to markets designated by Commodity Credit Corporation, plus freight tax on the transit value from point of origin to the warehouse, except that eligible wheat originating in Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia, or West Virginia, and stored in Baltimore, Maryland; Cairo, Illinois; Cincinnati, Ohio; Evansville, Indiana; Louisville, Kentucky; or Philadelphia, Pennsylvania, shall receive the loan rate shown in these instructions: *Provided, however*, That the loan rate on wheat originating in the counties of Carolina, Cecil, Dorchester, Kent, Queen Annes, Somerset, Talbot, Wicomico, and Worcester in Maryland; all counties in Delaware; and Accomac and Northampton counties in Virginia; which is shipped to Norfolk, Virginia, and stored in the Norfolk terminal elevator of the Norfolk and Western Railroad, shall be the loan rate for the county from which the wheat is shipped, plus the amount of freight per bushel paid, plus 4 cents per bushel. In each instance such transit value must be verified by the regional director of Commodity Credit Corporation serving that area. In such cases, the loan documents must be accompanied by the original paid freight bills or certificates of the warehouseman and other required documents as set forth in paragraph (b) (1) of this section. If eligible loan wheat is stored in approved warehouses located at transit points, taking a penalty by reason of back haul, or out-of-line of natural market movement, such penalty or other costs by reason of such movement, as determined by Commodity Credit Corporation, shall be deducted from loan rates as determined above.

In such cases the warehouse receipts, in addition to the required documents as set forth in this subpart, must be accompanied by the original or duplicate original paid freight bills, or certificates of the warehouseman as to such paid freight bills as indicated above.

§ 251.31 *Protein premium.* A protein premium shall be added to the loan rate

shall be added to, and made a part of, the grade designation.

The garlic condition of wheat shall be determined in accordance with the Official Grain Standards of the United States, and such condition shall be made a part of the grade designation by addition of the words "light garlicky" or the word "garlicky" as determined under such standards.

§ 251.34 *Determination of quantity of wheat.* Loans shall be made at values expressed in cents per bushel. A bushel will be 60 pounds of wheat free of dockage, when determined by weight, or 1.25 cubic feet of wheat testing 60 pounds per bushel when determined by measurement. A deduction of three-quarters of a pound for each sack will be made in determining the net quantity of the collateral when stored as sacked grain. In determining the quantity of wheat in farm storage by measurement, fractional pounds of the test weight per bushel will be disregarded and the quantity, determined as above, will be the following percentages of the quantity determined for 60-pound wheat:

For wheat testing	Percent
65 pounds or over	108
64 pounds or over, but less than 65 pounds	107
63 pounds or over, but less than 64 pounds	105
62 pounds or over, but less than 63 pounds	103
61 pounds or over, but less than 62 pounds	102
60 pounds or over, but less than 61 pounds	100
59 pounds or over, but less than 60 pounds	98
58 pounds or over, but less than 59 pounds	97
57 pounds or over, but less than 58 pounds	95
56 pounds or over, but less than 57 pounds	93
55 pounds or over, but less than 56 pounds	92
54 pounds or over, but less than 55 pounds	90
53 pounds or over, but less than 54 pounds	88
52 pounds or over, but less than 53 pounds	87
51 pounds or over, but less than 52 pounds	85
50 pounds or over, but less than 51 pounds	83

§ 251.35 *Farm storage.* Wheat stored on the farm must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, unless otherwise approved by State committees and regional directors of the Agricultural Adjustment Agency. Chattel mortgages covering farm-stored wheat must be executed and filed in accordance with the applicable State law.

Where the borrower is a tenant, the expiration date of the lease shall be given in section 1 (e) of the chattel mortgage. If the expiration date of the lease is prior to June 30, 1946, the borrower must secure from the owner and other interested parties consent that the collateral may remain in the described storage structures until June 30, 1946, without any charge to Commodity Credit Corporation other than that agreed to be paid to the borrower for storing the collateral. The consent agreement is set forth in the chattel mortgage. Each producer must designate in section 1 (b) of the chattel mortgage a shipping point reasonably convenient for the delivery of the wheat, as determined by the county agricultural conservation committee. A separate note and chattel mortgage must be submitted for wheat stored on each quarter section of land.

Commodity Credit Corporation will accept delivery of all the producer's wheat in the bin or bins in which all or a portion of the grain therein is under loan. The producer will be given credit for the number of bushels so delivered at the loan rate applicable to the grade and class of wheat delivered. If no loan rate has been established for the grade of wheat delivered, the actual delivery value will be furnished by the regional director of Commodity Credit Corporation serving the area.

§ 251.36 *Storage allowance.* No storage allowance shall be advanced at the time any farm-stored loan is made, but a storage payment of 7 cents per bushel shall be made to the producer (a) if the wheat is delivered to Commodity Credit Corporation on or after April 30, 1946, or (b) if, pursuant to demand by the Corporation for the repayment of the loan, the wheat is delivered to Commodity Credit Corporation prior to April 30, 1946; *Provided*, Such demand for repayment was not due to any fraudulent representation on the part of the producer or the fact that the wheat was damaged, threatened with damage, abandoned, or otherwise impaired. If delivery is made prior to April 30, 1946, with the consent or approval of Commodity Credit Corporation, a storage payment will be made in accordance with the terms of the mortgage supplement. Earned storage shall be computed after delivery has been completed. Any deficiencies due the Corporation will be deducted from any credits which may be due the producer from the corporation.

§ 251.37 *Public warehouses.* Commodity Credit Corporation will accept only insured negotiable warehouse receipts representing eligible wheat issued by public grain warehouses which have executed the Uniform Grain Storage Agreement and have been approved by Commodity Credit Corporation. Warehousemen desiring approval are advised to communicate with the regional director of Commodity Credit Corporation serving the area in which the warehouse is located. A list of approved warehouses will be furnished State or county agricultural conservation committees by regional directors. Uniform storage and handling charges and terms of the storage agreement are outlined in the Uniform Grain Storage Agreement. Warehousemen shall not have outstanding at any time warehouse receipts in excess of the normal working or licensed capacity of the warehouse. All wheat pledged as security for a loan on C. C. C. Grain Form B or C. C. C. Commodity Form B must be stored in the same warehouse.

§ 251.38 *Warehouse receipts.* Warehouse receipts must be issued in the name of the producer, dated on or prior to the date of the related note, properly endorsed in blank so as to vest title in the holder, issued by approved warehousemen, and must comply with the following provisions:

(a) Each warehouse receipt should set forth in its written terms that the wheat is insured for not less than market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, or, in lieu of this statement, it must have stamped or printed thereon the word "Insured."

(b) The wheat represented by each warehouse receipt must be free of all liens for charges prior to unloading in or delivery to the warehouse. Liens for storage charges will be recognized by Commodity Credit Corporation only from May 15, 1945, or the dates of the warehouse receipts, whichever is later.

(c) The warehouse receipt must set forth in the written or printed terms the gross weight or bushels, grade, and subclass, and such other information as is required by the Uniform Warehouse Receipts Act.

(d) Each warehouse receipt, or the warehouseman's supplemental certificate in duplicate properly identified with the warehouse receipt, must show the test weight, protein content (if determined by protein analysis), degree or percentage of smut or garlic and dockage, and must also show the moisture content of the subclasses of hard red spring and hard red winter, and of the subclass hard white wheat. Mixed wheat, regardless of the classes of wheat contained in the mixture, will not be eligible for protein premium. Protein premium will be added to the loan rate of farm-stored wheat only where the producer presents a protein certificate issued by a laboratory satisfactory to Commodity Credit Corporation. If the wheat is stored in approved warehouses, the producer must present a protein certificate, issued by an approved laboratory, attached to the warehouse receipt, or present a warehouseman's supplemental certificate with protein content indicated thereon.

Schedule of protein premiums follows:

§ 251.33 *Determination of dockage, smut, and garlic.* The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States, and the weight of said dockage shall be deducted from the gross weight of the wheat in determining the net quantity available for loan.

In the States of California, Idaho, Nevada, New Mexico, Oregon, Utah, and Washington, the quantity of smut shall be stated in accordance with the method set out in paragraph (a) under "smutty wheat" in the current handbook of Official Grain Standards of the United States, and shall be stated in terms of half percent, whole percent, or whole and half percent, and the quantity of smut so determined in pounds shall be deducted from the weight of the wheat after deduction of dockage. Elsewhere the smut condition of the wheat shall be determined on a degree basis in accordance with paragraph (b) under "smutty wheat," Official Grain Standards of the United States. Where applicable, the words "light smutty" or "smutty" will be assumed by the Corporation, however, if it is determined that there has been a fraudulent representation on the part of the producer in connection with the loan.

(b) *Wheat stored in approved warehouses.* Warehousemen shall provide insurance against the perils of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, for the full market value of wheat stored in their warehouses, as long as receipts are outstanding.

§ 251.41 *Maturity and interest rate.* All notes shall mature on demand but not later than April 30, 1946, and will bear interest at the rate of 3 percent per annum.

§ 251.42 *Purchase of loan.* Commodity Credit Corporation will purchase, without recourse, eligible paper from approved lending agencies in accordance with the terms of the Contract to Purchase (1940 C. C. C. Form E) executed by them. Paper held by lending agencies must be submitted to the regional director serving the area in which the wheat is stored. Lending agencies should report weekly, on C. C. C. Form F, all payments or collections on producers' notes. An amount equivalent to 1½ percent interest per annum on the principal amount collected must be submitted with such weekly reports.

§ 251.43 *Offices of the regional directors of Commodity Credit Corporation.* The offices of the regional directors previously referred to herein and the areas served by them under these instructions are shown below:

NOTE: The terminal loan rate for other No. 1 wheat shall be determined by applying the following discounts from the applicable terminal loan rates:

(a) For No. 1 wheat of the class [illegible] wheat—discount 15 cents per bushel.

(b) For No. 1 "mixed wheat" containing less than 10 percent of wheat of the classes "durum" and or "red durum wheat"—discount 2 cents per bushel.

(c) For No. 1 "mixed wheat" containing in excess of 10 percent of wheat of the classes "durum" and or "red durum wheat")—discount 15 cents per bushel.

(d) For No. 1 "mixed wheat" grading "amber mixed durum"—discount 5 cents per bushel, and

(e) For No. 1 "mixed wheat" grading "mixed durum"—discount 10 cents per bushel.

All wheat eligible for loan at the foregoing loan rates must have been shipped on a domestic freight rate basis. The loan rate at the designated terminal [illegible] been shipped by rail from a shipping point to one of the designated terminal markets, as evidenced by freight bills duly [illegible] In the event the amount of the freight is insufficient to guarantee minimum proportional rate from the [illegible] market, there shall be deducted [illegible] applicable terminal loan rate [illegible] the amount of [illegible] actually paid in and the amount [illegible] to be paid in to guarantee minimum [illegible] basis on the outbound [illegible] *Provided further*, That Commodity Credit Corporation will accept in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form or a warehouseman's supplemental certificate containing such information:

In the event such documents are not furnished, a deduction of 6 cents per bushel shall be made from the foregoing schedule of rates.

Wheat trucked to a designated terminal market and stored in a warehouse shall have a loan rate equal to the higher of (1) the terminal loan rate minus 6 cents per bushel, or, (2) the county loan rate for the county in which the wheat is stored.

(b) *Amount of loan at country points.* (1) Except for the States and counties hereinafter set forth, Commodity Credit Corporation will determine the loan rate on wheat in storage on the farm or in country warehouses by deducting from the designated terminal market loan value an amount equal to 4 cents more than the all-rail interstate freight rate from the country warehouse points, plus freight tax, or the shipping point designated by the producer, to such terminal market; except that, in the appropriate counties of Arkansas, Illinois, Indiana, Kentucky, Missouri, Ohio, Tennessee, and West Virginia, the loan rate shall be determined by deducting from the designated terminal market loan value an amount equal to the transit charges of the through freight rate from point of origin through wheat to such terminal market, [illegible] tax on such rate, [illegible] In the case of wheat stored at any railroad transit point [illegible] a penalty by reason of [illegible] movement or for any other reason, to the appropriate designated market there shall be added to such transit balance an amount equal to any out-of-line or other costs incurred in storing loan wheat in such position as determined by Commodity Credit Corporation. Arrangements have been made for the railroads to indicate transit balance of the through rate on the inbound paid freight bills on a basis of 100 pounds. To obtain the loan rate, as determined above, the warehouse receipts, in addition to other required documents, must be accompanied by the original paid freight bills duly registered for transit privileges: *Provided*, That Commodity Credit Corporation will accept, in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form or a warehouseman's supplemental certificate containing such information:

Each approved warehouse will be advised as to the loan rate applicable to wheat stored in such warehouse. Producers may obtain from the county committee the loan rates applicable to wheat stored on each farm and in the public warehouses. Loan rates will be published in C C C Wheat Bulletin 1, Supplement 2, for each State.

The loan rate of eligible wheat stored in approved warehouses other than those situated in the designated terminal market, which is shipped by rail may be determined by deducting from the applicable designated terminal market loan value an amount equal to the transit charges of the through freight rate from point of origin through wheat to such terminal market, [illegible] tax on such rate, [illegible] In the case of wheat stored at any railroad transit point [illegible] a penalty by reason of [illegible] movement or for any other reason, to the appropriate designated market there shall be added to such transit balance an amount equal to any out-of-line or other costs incurred in storing loan wheat in such position as determined by Commodity Credit Corporation. Arrangements have been made for the railroads to indicate transit balance of the through rate on the inbound paid freight bills on a basis of 100 pounds. To obtain the loan rate, as determined above, the warehouse receipts, in addition to other required documents, must be accompanied by the original paid freight bills duly registered for transit privileges: *Provided*, That Commodity Credit Corporation will accept, in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form or a warehouseman's supplemental certificate containing such information:

In case of [illegible] in approved warehouses located at transit points, the loan rate for the county from which the wheat is shipped and an amount equal to the transit value of the freight paid from point of origin to markets designated by Commodity Credit Corporation, plus freight tax on the transit value from point of origin to the warehouse, except that eligible wheat originating in Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia, or West Virginia and stored in Baltimore, Maryland; Cairo, Illinois; Cincinnati, Ohio; Evansville, Indiana; Louisville, Kentucky; or Philadelphia, Pennsylvania, shall receive the loan rate shown in these instructions: *Provided, however*, That the loan rate on wheat originating in the counties of Carolina, Cecil, Dorchester, Kent, Queen Annes, Somerset, Talbot, Wicomico, and Worcester in Maryland; all counties in Delaware; and Accomac and Northampton counties in Virginia; which is shipped to Norfolk, Virginia, and stored in the Norfolk terminal elevator of the Norfolk and Western Railroad, shall be the loan rate for the county from which the wheat is shipped, plus the amount of freight per bushel paid, plus 4 cents per bushel. In each instance such transit value must be verified by the regional director of Commodity Credit Corporation serving that area. In such cases, the loan documents must be accompanied by the original paid freight bills or certificates of the warehouseman and other required documents as set forth in paragraph (b) (1) of this section. If eligible loan wheat is stored in approved warehouses located at transit points, taking a penalty by reason of back haul, or out-of-line or natural market movement, such penalty or other costs by reason of such movement, as determined by Commodity Credit Corporation, shall be deducted from loan rates as determined above.

In such cases the warehouse receipts, in addition to the required documents as set forth in this subpart, must be accompanied by the original or duplicate original paid freight bills, or certificates of the warehouseman as to such paid freight bills as indicated above.

The garlic condition of wheat shall be determined in accordance with the Official Grain Standards of the United States, and such condition shall be made a part of the grade designation by addition of the words "light garlicky" or the word "garlicky" as determined under such standards.

§ 251.34 *Determination of quantity of wheat.* Loans shall be made at values expressed in cents per bushel. A bushel will be 60 pounds of wheat free of dockage, when determined by weight, or 1.25 cubic feet of wheat testing 60 pounds per bushel when determined by measurement. A deduction of three-quarters of a pound for each sack will be made in determining the net quantity of the collateral when stored as sacked grain. In determining the quantity of wheat in farm storage by measurement, fractional pounds of the test weight per bushel will be disregarded and the quantity, determined as above, will be the following percentages of the quantity determined for 60-pound wheat:

Percent	
For wheat testing 65 pounds or over	108
For wheat testing 64 pounds or over, but less than 65 pounds	107
For wheat testing 63 pounds or over, but less than 64 pounds	105

§ 251.35 *Farm storage.* Wheat stored on the farm must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, unless otherwise approved by State committees and regional directors of the Agricultural Adjustment Agency. Chattel mortgages covering farm-stored wheat must be executed and filed in accordance with the applicable State law.

Where the borrower is a tenant, the expiration date of the lease shall be given in section 1 (e) of the chattel mortgage. If the expiration date of the lease is prior to June 30, 1946, the borrower must secure from the owner and other interested parties consent that the collateral may remain in the described storage structures until June 30, 1946, without any charge to Commodity Credit Corporation other than that agreed to be paid to the borrower for storing the collateral. The consent agreement is set forth in the chattel mortgage. Each producer must designate in section 1 (b) of the chattel mortgage a shipping point reasonably convenient for the delivery of the wheat, as determined by the county agricultural conservation committee. A separate note and chattel mortgage must be submitted for wheat stored on each quarter section of land.

Commodity Credit Corporation will accept delivery of all the producer's wheat in the bin or bins in which all or a portion of the grain therein is under loan. The producer will be given credit for the number of bushels so delivered at the loan rate applicable to the grade and class of wheat delivered. If no loan rate has been established for the grade of wheat delivered, the actual delivery value will be furnished by the regional director of Commodity Credit Corporation serving the area.

§ 251.36 *Storage allowance.* No storage allowance shall be advanced at the time any farm-stored loan is made, but a storage payment of 7 cents per bushel shall be made to the producer (a) if the wheat is delivered to Commodity Credit Corporation on or after April 30, 1946, or (b) if, pursuant to demand by the Corporation for the repayment of the loan, the wheat is delivered to Commodity Credit Corporation prior to April 30, 1946: *Provided*, Such demand for repayment was not due to any fraudulent representation on the part of the producer or the fact that the wheat was damaged, threatened with damage, abandoned, or otherwise impaired. If delivery is made prior to April 30, 1946, with the consent or approval of Commodity Credit Corporation, a storage payment will be made in accordance with the terms of the mortgage supplement. Earned storage shall be computed after delivery has been completed. Any deficiencies due the Corporation will be deducted from any credits which may be due the producer from the corporation.

§ 251.37 *Public warehouses.* Commodity Credit Corporation will accept only insured negotiable warehouse receipts representing eligible wheat issued by public grain warehouses which have executed the Uniform Grain Storage Agreement and have been approved by Commodity Credit Corporation. Warehousemen desiring approval are advised to communicate with the regional director of Commodity Credit Corporation serving the area in which the warehouse is located. A list of approved warehouses will be furnished State or county agricultural conservation committees by regional directors. Uniform storage and handling charges and terms of the storage agreement are outlined in the Uniform Grain Storage Agreement. Warehousemen shall not have outstanding at any time warehouse receipts in excess of the normal working or licensed capacity of the warehouse. All wheat pledged as security for a loan on C. C. C. Grain Form B or C. C. C. Commodity Form B must be stored in the same warehouse.

§ 251.38 *Warehouse receipts.* Warehouse receipts must be issued in the name of the producer, dated on or prior to the date of the related note, properly endorsed in blank so as to vest title in the holder, issued by approved warehousemen, and must comply with the following provisions:

(a) Each warehouse receipt should set forth in its written terms that the wheat is insured for not less than market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, or, in lieu of this statement, it must have stamped or printed thereon the word "Insured."

(b) The wheat represented by each warehouse receipt must be free of all liens for charges prior to unloading in or delivery to the warehouse. Liens for storage charges will be recognized by Commodity Credit Corporation only from May 15, 1945, or the dates of the warehouse receipts, whichever is later.

(c) The warehouse receipt must set forth in the written or printed terms the gross weight or bushels, grade, and subclass, and such other information as is required by the Uniform Warehouse Receipts Act.

(d) Each warehouse receipt, or the warehouseman's supplemental certificate in duplicate properly identified with the warehouse receipt, must show the test weight, protein content (if determined by protein analysis), degree or percentage of smut or garlic and dockage, and must also show the moisture content except in the States of California, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming. (In those areas where moisture content is required, but it is not customary for country warehousemen to determine the exact moisture percentage, a warehouse receipt representing wheat stored in a country warehouse will be accepted if the moisture content is not shown provided the grade of wheat does not show the word "tough." In such cases, the warehouseman will be responsible for delivering wheat which does not grade "tough" or "sample" due to moisture content.)

(e) In the case of warehouse receipts issued for wheat delivered by rail or barge, Commodity Credit Corporation will accept inbound weight and inspection certificates and protein certificates properly identified with the wheat covered thereby in lieu of the information required by paragraph (d) of this section. In the States of California, Idaho, Nevada, Oregon, Utah, Washington, and in other areas where licensed inspectors are not available at terminal and subterminal warehouses, Commodity Credit Corporation will accept inspection certificates based on representatives samples which have been forwarded to and graded by licensed grain inspectors. The official inbound weight and inspection certificates must represent wheat unloaded in the warehouse issuing said receipt.

(f) In the case of warehouse receipts issued for wheat delivered by rail or barge, the protein content, as determined by a recognized protein testing laboratory, must be shown on each warehouse receipt (or supplemental certificate accompanying the warehouse receipt) representing wheat of the subclasses of hard red spring and hard red winter and of the subclass hard white wheat, except that protein content need not be shown for the subclasses hard winter and yellow hard winter produced in States or areas tributary to markets where a showing of protein content is not customarily required.

§ 251.39 *Liens.* The wheat collateral must be free and clear of all liens or, if liens exist on the collateral, a proper waiver must be secured from each lienholder.

§ 251.40 *Insurance*—(a) *Wheat stored on farms.* Commodity Credit Corporation will not require producers to insure their 1945 farm-stored wheat placed under loan. In case of a total loss of the wheat resulting from an external cause, with the exception of a loss caused by conversion by the producer, or his negligence, or caused by vermin, the producer will not be held personally liable on the note, and Commodity Credit Corporation will pay the producer the full storage payment of 7 cents per bushel. In case of a partial loss of the wheat resulting from an external cause, with the exceptions aforesaid, the producer will not be held personally liable for that part of the indebtedness secured by the wheat lost, and the producer's loan will be credited with the full storage payment of 7 cents per bushel on the wheat lost. No loss will be assumed by the Corporation, however, if it is determined that there has been a fraudulent representation on the part of the producer in connection with the loan.

(b) *Wheat stored in approved warehouses.* Warehousemen shall provide insurance against the perils of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, for the full market value of wheat stored in their warehouses, as long as receipts are outstanding.

§ 251.41 *Maturity and interest rate.* All notes shall mature on demand but not later than April 30, 1946, and will bear interest at the rate of 3 percent per annum.

§ 251.42 *Purchase of loan.* Commodity Credit Corporation will purchase, without recourse, eligible paper from approved lending agencies in accordance with the terms of the Contract to Purchase (1940 C. C. C. Form E) executed by them. Paper held by lending agencies must be submitted to the regional director serving the area in which the wheat is stored. Lending agencies should report weekly, on C. C. C. Form F, all payments or collections on producers' notes. An amount equivalent to 1½ percent interest per annum on the principal amount collected must be submitted with such weekly reports.

§ 251.43 *Offices of the regional directors of Commodity Credit Corporation.* The offices of the regional directors previously referred to herein and the areas served by them under these instructions are shown below:

§ 251.44 *County agricultural conservation committees.* Forms may be obtained from county agricultural conservation committees in the areas where farm storage is available, or from the office of the regional director of Commodity Credit Corporation serving the area. State and county agricultural conservation committees will determine or cause to be determined the quantity and grade of the wheat collateral and the amount of the loan. All loan documents will be completed and approved by the county committee, which will retain copies of all documents: *Provided, however*, That the county committee may formally designate certain employees of the county association to execute such forms on behalf of the committee. § 251.33 *Determination of dockage, smut, and garlic.* The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States, and the weight of said dockage shall be deducted from the gross weight of the wheat in determining the net quantity available for loan.

In the States of California, Idaho, Nevada, New Mexico, Oregon, Utah, and Washington, the quantity of smut shall be stated in percentage in accordance with the method set out in paragraph (a) under "smutty wheat" in the current handbook of Official Grain Standards of the United States, and shall be stated in terms of half percent, whole percent, or whole and half percent, and the quantity of smut so determined in pounds shall be deducted from the weight of the wheat after deduction of dockage. Elsewhere the smut condition of the wheat shall be determined on a degree basis in accordance with paragraph (b) under "Smutty wheat," Official Grain Standards of the United States. Where applicable, the words "light smutty" or "smutty"

ciations will collect a service fee for all loans.

§ 251.45 *Release of collateral.* A producer may obtain release of the collateral by paying to the lending agency or Commodity Credit Corporation, whichever holds the note, the principal amount of the note, plus interest. If the note is held by an out-of-town lending agency or Commodity Credit Corporation, the producer may request that the note be forwarded to a local bank for collection. In such case, the local bank will be instructed to return the note to the sender if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage wheat loan, the county agricultural conservation committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county records. Partial releases of collateral may be arranged with the county agricultural conservation commitee by paying to the holder of the note the amount of the loan, plus charges, storage advances (if the wheat is farm-stored), and accrued interest on the wheat released. In the case of warehouse-stored wheat, each partial release must cover all the wheat under one warehouse receipt number.

War Food Order No. 101 (9 F.R. 6053) issued on June 2, 1944, as amended (9 F.R. 9584, 10035, 10 F.R. 103, 1644), with respect to cucumber pickles and pickle products, is further amended by deleting therefrom the provisions in § 1405.42 (b) (2) and (3) and inserting, in lieu thereof, the following:

(2) No packer shall sell, contract to sell, or deliver, except to the Army, any cucumber pickles acquired by him subsequent to August 17, 1944, or any pickle products produced therefrom unless such packer first sells, contracts to sell, or delivers to the Army a quantity of pickle products, produced from such cucumber pickles, equal at least to 40 percent of the total number of bushels of the cucumber pickles acquired by such packer subsequent to August 17, 1944, and prior to May 1, 1945.

(3) The provisions in (b) (1) and (b) (2) hereof shall not apply to any packer who sells, contracts to sell, or delivers to the Army a quantity of pickle products equal at least to 40 percent of the total number of bushels (i) of all cucumber pickles and pickle products owned by such packer on August 17, 1944, and (ii) of all cucumber pickles acquired by such packer subsequent to August 17, 1944, and prior to May 1, 1945.

This amendment shall become effective at 12:01 a. m., e. w. t., August 7, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken under said War Food Order No. 101, as amended, prior to the effective time of the provisions hereof, the provisions of said War Food Order No. 101, as amended, in effect prior to the effective time hereof shall be deemed to continue in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with regard to any such violation, right, liability, or appeal.

PART 1414—POULTRY

POULTRY AND PROCESSED POULTRY

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of poultry and processed poultry for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1414.11 *Restrictions with respect to poultry and processed poultry*—(a) *Definitions.* (1) "Poultry" means live chickens, other than baby chicks not over three weeks old, without regard to the age, weight, or sex of the chickens.

(2) "Poultry area" means (i) the States of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Minnesota, Iowa, Missouri, Wisconsin, Illinois, and Indiana, or (ii) any other area which the Director may, from time to time, designate.

(3) "Processed poultry" means poultry killed and bled, dressed, quartered or otherwise cut up, or frozen, but such term "processed poultry" shall, unles otherwise stated, be applicable only to processed poultry produced within a poultry area.

(4) "Process" means to kill, bled, pluck, or dress, or any combination of such processes.

(5) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(6) "Wholesale receiver" means any person who accepts delivery of processed poultry from one or more authorized processors for the account of such processors or who purchased processed poultry from one or more authorized processors.

(7) "Authorized processor" means any person holding a letter of authority in force and effect issued to him pursuant to the provisions hereof to process poultry in accordance with the provisions of this order.

(8) "Cold storage" means space equipped to be artificially cooled to a temperature of 10 degrees above zero "Fahrenheit," or below, and in which food commodities are customarily stored (but not operated as a part of any established retail food business, hotel, or other establishment where persons are housed or fed, and not including a refrigerator storage compartment, usually called a locker, having a capacity of not more than 15 cubic feet).

(9) "Director" means the Director of Marketing Services, United States Department of Agriculture.

(10) "Order Administrator" means the person designated by the Director to serve as Order Administrator pursuant to the provisions hereof.

(11) "Deputy Order Administrator" means the person designated by the Director to serve as Deputy Order Administrator pursuant to the provisions hereof.

(12) "U. S. Army Quartermaster Market Center" means Field Headquarters, Office of Quartermaster General, 222 West Adams Street, Chicago 6, Illinois, or any U. S. Army Quartermaster Market Center.

(b) *Restrictions.* (1) No person shall:

(i) Process poultry located within a poultry area;

(ii) Sell, contract to sell, give, or deliver processed poultry to any other person; or

(iii) Use processed poultry

except as specified herein or as authorized by the Director. Any such authorization shall be issued by the Director only if he determines that such authorization is necessary or appropriate in the public interest and to promote the national defense.

(2) No person shall produce, during the effective time hereof, more than 1000 pounds, in the aggregate, of processed poultry: *Provided,* That the foregoing restriction shall not be applicable to (i) a person who produced more than 1000 pounds of processed poultry during the calendar year 1944, or (ii) an authorized processor.

(3) No person, other than an authorized processor, shall, during any calendar week, produce a total quantity of processed poultry in excess of the number of pounds of processed poultry specified for such calendar week by the Director; and each such person, as aforesaid, who produces, in the aggregate, no more processed poultry during such calendar week than such number of pounds may process such poultry and dispose of and use such processed poultry free from the restrictions hereof.

(4) Each authorized processor shall process poultry located within a poultry area only in accordance with the specifications approved by the U. S. Army Veterinary Corps; and each such authorized processor shall pack such processed poultry which he sells, contracts to sell, or delivers to the U. S. Army Quartermaster Market Center, only in accordance with the specifications of such Quartermaster Market Center. Specifications with reference to the processing of poultry and the grading and packing of processed poultry, and instructions relative to any of the foregoing shall, upon request, be provided by the U. S. Quartermaster Market Center.

(5) Before any authorized processor sells, contracts to sell, gives, delivers, uses, or otherwise disposes of processed poultry, the respective processor shall sell, contract to sell, or deliver to the U. S. Army Quartermaster Market Center a quantity of processed poultry, irrespective of where produced, equal at least to such percentage, by net weight, of the total quantity of processed poultry produced after the effective time hereof by such processor, as the Director may specify. Processed poultry used or disposed of pursuant to the provisions of this paragraph (b) (5) and each person acquiring or using such processed poultry shall thereafter be free from the provisions in (b) hereof with respect to such processed poultry.

(6) Notwithstanding the provisions of (b) (5) hereof, any authorized processor may deliver processed poultry, produced by such authorized processor, either to cold storage or to a wholesale receiver before such authorized processor sells, contracts to sell, or delivers any quantity of such processed poultry to the U. S. Army Quartermaster Market Center.

(7) Notwithstanding the provisions of (b) (5) and (b) (6) hereof, any authorized processor may sell and deliver processed poultry, produced by such authorized processor, to a wholesale receiver. Each such sale and delivery of processed poultry shall be accompanied by a signed certificate, in triplicate, with the appropriate information in the blank spaces in substantially the following language:

This is to certify that _____ pounds of processed poultry sold to _____ (Name of _____, and delivered to wholesale receiver) _____, are subject (Address) to the provisions of War Food Order No. 142. You are required, pursuant to said war food order, to set aside and hold such processed poultry until the U. S. Army Quartermaster Market Center has purchased at least _____ pounds of processed poultry selected from the aforesaid processed poultry or from other processed poultry, irrespective of where produced, owned by you.

_____
(Date)

_____
(Signature of authorized processor)

This will acknowledge receipt, on_____ _____, 194__, and subject to the provisions of War Food Order No. 142, of the above _____ pounds of processed poultry. I agree to set aside and hold such processed poultry until the U. S. Army Quartermaster Market Center purchases from me the aforesaid requisite quantity of processed poultry.

_____
(Signature of wholesale receiver)

Each such certification made shall be deemed to be a representation to an agency of the United States. Each such authorized processor who sells and delivers processed poultry, as aforesaid, to a wholesale receiver, shall specify in such certificate the minimum number of pounds of processed poultry, irrespective of where produced, for purchase by the U. S. Army Quartermaster Market Center pursuant to (b) (8) hereof, and such minimum quantity shall be the number of pounds of processed poultry equal to (i) that contained in such sale and delivery, or (ii) the minimum quantity of processed poultry which such authorized processor is required, pursuant to (b) (5) hereof, to sell, contract to sell, or deliver to the U. S. Army Quartermaster Market Center, whichever is the lesser. The aforesaid certificate, in triplicate, shall also be signed by the wholesale receiver purchasing such processed poultry; and such person shall return one copy to the authorized processor, shall mail one copy to Chief, Poultry Section, Field Headquarters, Office of Quartermaster General, 222 West Adams Street, Chicago 6, Illinois, and shall retain one copy for two years. Upon receipt by the aforesaid authorized processor of the aforesaid required certificate signed by the parties described therein, such authorized processor shall be deemed to have sold to the U. S. Army Quartermaster Market Center, pursuant to (b) (5) hereof, a quantity of processed poultry equal to the minimum quantity of processed poultry specified, in such certificate, for purchase by the U. S. Army Quartermaster Market Center.

(8) Each wholesale receiver who purchases processed poultry, sold and delivered pursuant to (b) (7) hereof, shall set aside and hold such processed poultry until the U. S. Army Quartermaster Market Center has purchased a quantity of processed poultry, selected from such processed poultry or from other processed poultry, irrespective of where produced, owned by such wholesaler receiver, equal at least to that specified, in the certificate accompanying such processed poultry, for purchase by the U. S. Army Quartermaster Market Center.

(9) Each owner or operator of cold storage shall, upon the request of the U. S. Army Quartermaster Market Center or the U. S. Army Veterinary Corps, make any processed poultry in such cold storage available for inspection.

(10) In the event of the suspension or termination of the provisions of (b) (1) to (b) (9) hereof, all processed poultry required to be sold, contracted for sale, or delivered to the U. S. Army Quartermaster Market Center or required to be set aside and held pursuant to such provisions at the time of any suspension or termination hereof shall thereafter be held as set-aside processed poultry, and may be sold or otherwise disposed of or used only in accordance with the provisions of (b) (4), (5), (6), (7), and (8) hereof, and shall continue to be subject to the provisions in (b) (9) hereof.

(11) No person shall ship or deliver poultry to a point more than 100 miles from the farm on which such poultry was produced within the poultry area, unless the person making the delivery or shipment of such poultry holds a letter of authority from the Deputy Order Administrator permitting such shipment or delivery in excess of 100 miles. A permit to deliver or ship poultry more than 100 miles from the farm on which such poultry is produced within the poultry area may be issued by the Deputy Order Administrator in the event the applicant

(i) is an authorized processor or (ii) represents that the poultry has been or will be sold to an authorized processor, and will be delivered only to such authorized processor. Any poultry shipped or delivered pursuant to a letter of authority, issued under (b) (11) hereof by the Deputy Order Administrator, may be shipped or delivered only to an authorized processor. .

(c) *Authorizations.* Any person who desires to process poultry as an authorized processor may file with the Deputy Order Administrator, 5 South Wabash Avenue, Chicago 3, Illinois, a separate application, by letter or by telegram followed by a letter of confirmation, for each plant in which the applicant desires to process poultry pursuant hereto. The application shall contain (1) a statement that the applicant has read War Food Order No. 142, (2) a statement of the location of each plant where the applicant is to process poultry pursuant to the provisions hereof, (3) a representation that all poultry will be processed, and all processed poultry will be sold, otherwise handled or disposed of, or used only in accordance with the provisions of War Food Order No. 142, (4) a statement that the plant in which poultry is to be processed pursuant hereto is approved by the U. S. Army Veterinary Corps, and (5) a statement of the number of buying stations and the number of trucks which will be used in the procurement of poultry for processing in the plant for which authorization is sought. Thereupon the Director may issue a letter of authorization, for such period of time as may be specified therein, to process poultry in the plant specified in said letter if the Director determines that the issuance of such authorization is appropriate to effectuate the provisions hereof.

(d) *Contracts.* The restrictions of this order shall be observed without regard to contracts, oral or written, heretofore or hereafter entered into, or any rights accrued or payments made thereunder.

(e) *Records and reports.* (1) Each authorized poultry processor shall keep accurate records with respect to the production and disposition of processed poultry produced by him.

(2) Each authorized processor shall, for each calendar week, and for each plant in which such processor produces processed poultry, mail to the Deputy Order Administrator, WFO 142, 5 South Wabash Avenue, Chicago 3, Illinois, a correctly completed report on Form FDO 142–1. Each such report shall be mailed within three calendar days following each such calendar week.

(3) The Director shall be entitled to obtain such additional information from and require such additional reports and the keeping of such records by, any person, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of this order, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(4) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in poultry and processed poultry, respectively.

(f) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records, and other writings, premises or stocks of poultry and processed poultry, and to make such investigations as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of this order.

(g) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Order Administrator. Such petition shall be addressed to Order Administrator, WFO 142, United States Department of Agriculture, Dairy and Poultry Branch, Office of Marketing Services, Washington 25, D. C. Petitions for such relief shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. The Order Administrator may take any action with reference to such petition which is consistent with the authority delegated to him by the Director. If the petitioner is dissatisfied with the action taken by the Order Administrator on the petition, he shall obtain, by requesting the Order Administrator therefor, a review of such action by the Director. The Director may, after said review, take such action as he deems appropriate, and such action shall be final. The provisions of this paragraph (g) shall not be construed to deprive the Director of authority to consider originally any petition for relief from hardship submitted in accordance herewith. The Director may consider any such petition and take such action with reference thereto that he deems appropriate, and such action shall be final.

(h) *Violations.* Any person who violates any provision of this order may, in accordance with the applicable procedure, be prohibited from receiving, making any deliveries of, or using poultry or processed poultry. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(i) *Delegation of authority.* (1) Whenever the Director determines that it is necessary or appropriate in the public interest and to promote the national defense, he may (i) increase the poultry area by designating new and additional areas to be included in the poultry area, (ii) decrease the poultry area by deleting therefrom any State or States, or portions thereof, and (iii) designate new poultry areas.

(2) The administration of this order and the powers vested in the Secretary of Agriculture, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order; and one such employee shall be designated by the Director to serve as Order Administrator, and such other employees as may be necessary shall be designated to serve as Deputy Order Administrators.

(j) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise provided herein or in instructions issued by the Director, be addressed to the Order Administrator, War Food Order No. 142, Dairy and Poultry Branch, Office of Marketing Services, United States Department of Agriculture, Washington 25, D. C.

(k) *Provisions of certain orders not applicable.* The provisions hereof shall not be construed or interpreted as a modification or termination of War Food Order No. 119 (9 F.R. 14269), as amended (10 F.R. 6, 103), or War Food Order No. 125 (10 F.R. 1662), as amended (10 F.R. 1854, 2953, 3175, 4972). All persons shall comply with the provisions of War Food Order No. 119, as amended, and War Food Order No. 125, as amended, the effective provisions of which shall prevail over the provisions hereof.

(l) *Effective date.* This order shall become effective at 12:01 a. m., e. w. t., August 13, 1945.

NOTE: All reporting and record-keeping requirements of this order have been approved by, and subsequent reporting and record-keeping requirements will be subject to the approval of, Bureau of the Budget in accordance with the Federal Reports Act of 1942.

of thornheaded worms or pinworms from hogs, or that its use will expel worms generally from hogs; (h) that the preparation "Stan-O-Septic," used in any manner whatever, either alone or in combination with respondent's preparation "In-Ha-Lo," constitutes a competent treatment for roup, fowl pox, or diphtheria in fowls, or will prevent fowl pox or diphtheria; that the use of "Stan-O-Septic" will rebuild, revitalize, tone up, or stimulate the system, or serve to reduce fevers in poultry; that its use, either alone or with "In-Ha-Lo," constitutes an effective remedy or treatment for flu, infectious bronchitis, pneumonia, or pleurisy in hogs, or that it will reduce fever, afford relief for feverish conditions, or build hogs back to a normal condition; (i) that the use of the preparation "Standard Scour Remedy" constitutes an effective treatment for scours, or will prevent scours in pigs, calves, or colts; that when administered alone or in connection with respondent's "P–O," the said preparation constitutes a competent and effective treatment for severe cases of scours; (j) that the preparation "Standard Sulpho-Carb Tablets" constitutes an effective treatment for infections or infestations of the digestive tract in poultry or for conditions arising from said ailments; that the use of said preparation, alone or combined with "Standard P–O" and "Standard Poultry Pills," will serve to rid poultry of worms and infections; that said preparation, either administered alone or in combination with "Standard P–O," will be effective in preventing coccidiosis or worms in poultry; that said preparation, used either alone or combined with respondent's "Standard Stock Dip," constitutes an effective treatment for coccidiosis, blackhead, fowl typhoid, bacillary white diarrhea, limberneck, botulism, or fowl cholera, or will effectively prevent any of these troubles in poultry; (k) that the use of the preparation "Standard Hog Tabs," either alone or combined with "Standard P–O," will be effective in the treatment of or in drying up ulcerated conditions in swine, or constitutes a competent treatment for necro; that the use of said preparation will prevent necro, or that its use, either alone or in combination with "Standard P–O" and "Standard Hog Regulator," constitutes an effective remedy for bloody scours; that the use of said preparation is, or has been, endorsed or approved by Government veterinarians as a treatment for necro; (l) that the preparation "Farmers' Reliable Worm Treatment" will serve to eliminate thornheaded worms, pinworms, whipworms, or tapeworms from swine, or that it constitutes an effective treatment generally for worms in swine, or that it constitutes an effective treatment generally for worms in swine or that it constitutes an effective antiseptic for internal use, or will purify the blood of swine, (m) that the preparation "Standard Stock Tonic" constitutes an effective treatment for nervousness, worms, or as a conditioner of livestock, or that it will act on the liver, invigorate the functions of many bodily organs, purify the blood, help to prevent breeding troubles, expel worms, stimulate the glands, or improve, increase, or build up the strength of livestock; that it is necessary for the well-being of steers to feed them respondent's said product, or any similar preparation; that "Standard Stock Tonic," when used either alone or in combination with "Standard Feeding Oil," constitutes a competent remedy or treatment for garget in cows; (n) that the preparation "Standard In-Ha-Lo" will effectively attack flu germs or eliminate choking phlegm from the lungs or throats of hogs; that it constitutes, when used alone or in combination with "Stan-O-Septic," a competent treatment for flu, pneumonia, or pleurisy in hogs; that its use, either alone or combined with respondent's "Sulpho-Carb Tablets," constitutes an effective treatment for roup, fowl pox, or mycosis, or will serve to clear mucous from the throats and lungs of poultry; (o) that the preparation "Standard Feeding Oil" contains a substance or element designated as Vitamin F; that ordinary animal feeds do not contain sufficient vitamins, or that it is necessary for the maintenance of the health of animals to administer respondent's said preparation or any similar preparation to them; that the use of said preparation will be effective in preventing or treating scours in calves, pigs, or cattle generally, or in combatting breeding troubles, overcoming stubborn conception, or producing healthy calves; that through its use cattle will be enabled to successfully resist disease; that it will aid sterile cows to become normal breeders, will increase milk production, or will lengthen the productive life of the cow; or (p) that the administration of the preparation "Standard Dairy Mineral" will build up the system or help to conquer noncontagious breeding troubles in a cow or will produce stronger calves; that said preparation constitutes an effective intestinal antiseptic, tonic, or laxative, or will aid in preventing scours, breeding troubles, or weak calves; that its use will help to overcome breeding troubles or will aid digestion, or that it will be the means of saving feed; and, II. in connection with the offer, etc., in commerce of respondent's preparation for chickens now or heretofore designated as "Egg-O-Day," or any preparation of substantially similar composition or possessing substantially similar properties, using the term or name "Egg-O-Day," or any similar name or other designation or identifying or descriptive phrase for its said preparation, which name, designation, or phrase indicates, intimates, implies, or infers that the use of said preparation will result in or assure the production of an egg a day by each hen to which it is administered; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Standard Chemical Manufacturing Company, Docket 4912, July 11, 1945]

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 11th day of July A. D. 1945.

This proceeding having been heard by the Federal Trade Commission upon the amended complaint of the Commission, the answer of the respondent, and a stipulation as to the facts entered into between the respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondent herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act.

It is ordered, That the respondent, Standard Chemical Manufacturing Company, a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of its preparations "Standard P-O," "Standard Poultry Pills," "Standard Hog Regulator," "Standard Sheep Regulator," "Standard Dairy Cow Regulator," "Standard Swine Capsules," "Hog Worm Oil," "Stan-O-Septic," "Standard Scour Remedy," "Standard Sulpho-Carb Tablets," "Standard Hog Tabs," "Farmers' Reliable Worm Treatment," "Standard Stock Tonic," "Standard In-Ha-Lo," "Standard Feeding Oil," and "Standard Dairy Mineral," or any preparations of substantially similar composition or possessing substantially similar properties, whether sold under the same names or any other names, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated, by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents, directly or through inference:

(a) That the preparation "Standard P–O" constitutes a competent and effective remedy for the eradication of tapeworms in swine or poultry, or that swine are subject to or may be afflicted with tapeworm infestation; that said preparation will be effective in preventing or treating necro, scours, indigestion, thumps, or gastroenteritis in swine; that it will purify the blood or aid digestion; that it will aid in worming poultry or conditioning or improving the health thereof; that its use will prevent the development of worms, or that it will attack and expel roundworms or assist in reducing worm trouble generally; that it will relieve coughing or help to clear up bronchitis in poultry, swine, or other animals; that its use, either administered alone or in combination with "Standard Hog Regulator," constitutes an effective treatment for rheumatism in swine; that its use, either alone or in connection with "Standard Poultry Pills" and "Standard Sulpho-Carb Tablets," will eliminate worms and infections from poultry.

(b) That the preparation "Standard Poultry Pills" constitutes a competent and effective remedy for tapeworm infestation of fowls, or that the use thereof will be effective in killing or removing tapeworms from fowls.

(c) That the use of the preparation "Standard Hog Regulator" will eliminate the need or advisability of worming pigs or swine generally, or will prevent necro or gastroenteritis in pigs or swine; or that its use constitutes an effective treatment for necro, scours, digestive troubles, or paralysis of the hindquarters; that it will prevent fermentation, purify the blood or serve as an intestinal antiseptic, nerve food, or tonic; that it will build or promote vigor, expel pinworms, or eliminate intestinal worms; or that its use will reduce fever or strengthen the nerve centers; that its use, either alone or combined with "Standard P–O", constitutes an effective remedy for rheumatism or thumps in hogs.

(d) That the use of the preparation "Standard Sheep Regulator" will help to eliminate stomach worms from sheep, or will prevent stomach and digestive ailments, or will aid in reducing bloat; or that it constitutes an effective remedy for indigestion, or will serve to increase or improve digestion; that it will successfully attack roundworms or other worms, prevent breeding troubles, or act as blood purifier.

(e) That the use of the preparation "Standard Dairy Cow Regulator," either alone or in connection or combination with "Standard Stock Tonic," will steady the nerves, correct digestive faults, or strengthen cows for milk production or reproduction; that its use or the use of some other similar preparation will serve to prevent or avoid Bang's disease, abortion, tuberculosis, or mastitis; that its use will expel worms, help prevent or overcome breeding troubles, aid in preventing scours in calves, or help prevent weakness in calves; that it will save feed, aid digestion, or serve as an intestinal antiseptic, or tonic laxative.

(f) That the preparation "Standard Swine Capsules" constitutes an effective treatment for removing thornheaded worms or pinworms from hogs.

(g) That the preparation "Hog Worm Oil" constitutes an effective treatment for the removal of thornheaded worms or pinworms from hogs, or that its use will expel worms generally from hogs.

(h) That the preparation "Stan-O-Septic," used in any manner whatever, either alone or in combination with respondent's preparation "In-Ha-Lo," constitutes a competent treatment for roup, fowl pox, or diphtheria in fowls, or will prevent fowl pox or diphtheria; that the use of "Stan-O-Septic" will rebuild, revitalize, tone up, or stimulate the system, or serve to reduce fevers in poultry; that its use, either alone or with "In-Ha-Lo," constitutes an effective remedy or treatment for flu, infectious bronchitis, pneumonia, or pleurisy in hogs, or that it will reduce fever, afford relief for feverish conditions, or build hogs back to a normal condition.

(i) That the use of the preparation "Standard Scour Remedy" constitutes an effective treatment for scours, or will prevent scours in pigs, calves, or colts; that when administered alone or in connection with respondent's "P-O," the said preparation constitutes a competent and effective treatment for severe cases of scours.

(j) That the preparation "Standard Sulpho-Carb Tablets" constitutes an effective treatment for infections or infestations of the digestive tract in poultry or for conditions arising from said ailments; that the use of said preparation, alone or combined with "Standard P-O" and "Standard Poultry Pills," will serve to rid poultry of worms and infections; that said preparation either administered alone or in combination with "Standard P-O," will be effective in preventing coccidiosis or worms in poultry; that said preparation, used either alone or combined with respondent's "Standard Stock Dip," constitutes an effective treatment for coccidiosis, blackhead, fowl typhoid, bacillary white diarrhea, limberneck, botulism, or fowl cholera, or will effectively prevent any of these troubles in poultry.

(k) That the use of the preparation "Standard Hog Tabs," either alone or combined with "Standard P–O," will be effective in the treatment of or in drying up ulcerated conditions in swine, or constitutes a competent treatment for necro; that the use of said preparation will prevent necro, or that its use, either alone or in combination with "Standard P–O" and "Standard Hog Regulator," constitutes an effective remedy for bloody scours; that the use of said preparation is, or has been, endorsed or approved by Government veterinarians as a treatment for necro.

(l) That the preparation "Farmers' Reliable Worm Treatment" will serve to eliminate thornheaded worms, pinworms, whipworms, or tapeworms from swine, or that it constitutes an effective treatment generally for worms in swine, or that it constitutes an effective antiseptic for internal use, or will purify the blood of swine.

(m) That the preparation "Standard Stock Tonic" constitutes an effective treatment for nervousness, worms, or as a conditioner of livestock, or that it will act on the liver, invigorate the functions of many bodily organs, purify the blood, help to prevent breeding troubles, expel worms, stimulate the glands, or improve, increase, or build up the strength of livestock; that it is necessary for the well-being of steers to feed them respondent's said product, or any similar preparation; that "Standard Stock Tonic," when used either alone or in combination with "Standard Feeding Oil," constitutes a competent remedy or treatment for garget in cows.

(n) That the preparation "Standard In-Ha-Lo" will effectively attack flu germs or eliminate choking phlegm from the lungs or throat of hogs; that it constitutes, when used alone or in combination with "Stan-O-Septic," a competent treatment for flu, pneumonia, or pleurisy in hogs; that its use, either alone or combined with respondent's "Sulpho-Carb Tablets," constitutes an effective treatment for roup, fowl pox, or mycosis, or will serve to clear mucus from the throats and lungs of poultry.

(o) That the preparation "Standard Feeding Oil" contains a substance or element designated as Vitamin F; that ordinary animal feeds do not contain sufficient vitamins, or that it is necessary for the maintenance of the health of animals to administer respondent's said preparation or any similar preparation to them; that the use of said preparation will be effective in preventing or treating scours in calves, pigs, or cattle generally, or in combatting breeding troubles, overcoming stubborn conception, or producing healthy calves; that through its use cattle will be enabled to successfully resist disease; that it will aid sterile cows to become normal breeders, will increase milk production, or will lengthen the productive life of the cow.

(p) That the administration of the preparation "Standard Dairy Mineral" will build up the system or help to conquer noncontagious breeding troubles in a cow or will produce stronger calves; that said preparation constitutes an effective intestinal antiseptic, tonic, or laxative, or will aid in preventing scours, breeding troubles, or weak calves; that its use will help to overcome breeding troubles or will aid digestion, or that it will be the means of saving feed.

2. Disseminating or causing to be disseminated, by any means, any advertisement for the purpose of inducing, or which is likely to induce directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparations: "Standard P-O," "Standard Poultry Pills," "Standard Hog Regulator," "Standard Sheep Regulator," "Standard Dairy Cow Regulator," "Standard Swine Capsules," "Hog Worm Oil," "Stan-O-Septic," "Standard Scour Remedy," "Standard Sulpho-Carb Tablets," "Standard Hog Tabs," "Farmers' Reliable Worm Treatment," "Standard Stock Tonic," "Standard In-Ha-Lo," "Standard Feeding Oil," and "Standard Dairy Mineral," which advertisement contains any of the representations prohibited in paragraph one hereof.

It is further ordered, That the respondent, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of its preparation for chickens now or heretofore designated as "Egg-O-Day," or any preparation of substantially similar composition or possessing substantially similar properties, do forthwith cease and desist from the use of the term or name "Egg-O-Day," or any similar name or other designation or identifying or descriptive phrase for its said preparation, which name, designation, or phrase indicates, intimates, implies, or infers that the use of said preparation will result in or assure the production of an egg a day by each hen to which it is administered.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

GRAND RAPIDS FURNITURE HOUSE

§ 3.6 (cc) *Advertising falsely or misleadingly—Source or origin—Place:* § 3.96 (a) *Using misleading name—Goods—Source or origin—Place:* § 3.96 (b) *Using misleading name—Vendor—Products.* In connection with offer, etc., in commerce, of furniture, (1) using the words "Grand Rapids", or any simulation thereof, in any manner as a part of respondent's trade name; (2) using the words "Grand Rapids", or any simulation thereof, to designate, describe, or refer to any article of furniture not in fact manufactured in Grand Rapids, Michigan; or (3) misrepresenting in any manner the place of origin or manufacture of respodent's furniture; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Grand Rapids Furniture House, Docket 5095, July 19, 1945]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 19th day of July, A. D. 1945.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and a stipulation as to the facts between the respondent and counsel for the Commission duly entered upon the record at a hearing regularly held in this matter, which stipulation provides, among other things, that the Commission may make its findings as to the facts and enter its order disposing of the proceeding, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondent Joseph Fried, an individual, his representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of furniture in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Grand Rapids," or any simulation thereof, in any manner as a part of respondent's trade name.

2. Using the words "Grand Rapids," or any simulation thereof, to designate, describe, or refer to any article of furniture not in fact manufactured in Grand Rapids, Michigan.

3. Misrepresenting in any manner the place of origin or manufacture of respondent's furniture.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 24—HOUSING CREDIT

Chapter VII—National Housing Agency

[NHA Reg. 60-13A]

PART 703—PUBLIC WAR HOUSING

DISPOSITION OF FEDERALLY OWNED WAR HOUSING PROJECTS

Disposition of Federally owned war housing projects developed under Public Laws 849 (Lanham Act) and 781 (76th Congress) and Public Laws 9, 73, and 353 (77th Congress).

Sec.
703.20 Purpose.
703.21 Responsibility for disposition.
703.22 Consultation with local governments.
703.23 General policies regarding disposition.
703.24 General policies regarding permanent projects.
703.25 Terms and conditions of sale of permanent projects.
703.26 General policies regarding temporary projects.
703.27 Separate disposition of community or commercial facilities.
703.28 Preferential purchases.
703.29 Disposition of housing and land under the surplus property law.

AUTHORITY: §§ 703.20 to 703.29, inclusive, issued under 55 Stat. 838; E.O. 9070, 3 CFR Cum. Supp.; 54 Stat. 1125 as amended; 54 Stat. 872, 883 as amended; 55 Stat. 14; 55 Stat. 197, 198; and 55 Stat. 810, 818.

§ 703.20 *Purpose.* (a) Sections 703.20 to 703.29, inclusive provide for the disposition of war housing developed under Public Laws 849 (Lanham Act), 781 (Naval Appropriation Act, 1941) and 9, 73, 353 (Temporary Shelter Acts), and other war housing transferred to the National Housing Agency under the Lanham Act.

(b) This regulation supersedes Regulation 60–13.

§ 703.21 *Responsibility for disposition.* (a) The Office of the Administrator will determine when projects, or parts thereof, are no longer needed for war purposes or for orderly demobilization and will assign projects to the Federal Public Housing Authority for disposition.

(b) The Federal Public Housing Authority shall be responsible for the disposition of war housing projects or parts thereof upon their assignment by the Administrator for disposition. The FPHA shall establish policies and procedures for disposition, obtain the recommedations of local governments and execute the disposition program, all in accordance with applicable laws and §§ 703.20 to 703.29, inclusive.

§ 703.22 *Consultation with local governments.* (a) Formal discussions with representatives of local governments regarding disposition problems will be authorized by the Office of the Administrator in advance of the end of war needs in order that local agencies may have adequate opportunity to study disposition problems, reach agreements within the community, and prepare recommendations regarding disposition programs.

(1) Where the disposition of public war housing involves problems that are acute or materially affect other housing in the community, the Office of the Administrator, with the Federal Public Housing Authority, will initiate discussions with representatives designated by the elected head of the local government having jurisdiction over the area in which the housing is located.

(2) In other cases the Federal Public Housing Authority will be responsible for such discussions and will consult with representatives of local governments. In all cases the FPHA shall make available all necessary data regarding the projects available for disposition.

(3) Where more than one unit of local government is affected by the disposition, joint consultation shall be sought.

(b) The Federal Public Housing Authority shall receive the recommendations of the representatives of the local government and shall review them for legality, financial return to the government, and conformity with National Housing Agency policies regarding disposition.

(c) When war housing projects, or parts thereof, are no longer needed for war purposes or for orderly demobilization, the Office of the Administrator will assign projects to the Federal Public Housing Authority for disposition.

§ 703.23 *General policies regarding disposition.* (a) The FPHA will follow, insofar as practicable, the recommendations of representatives of the local governments in the disposition of public war housing subject only to the provisions of applicable law, the policies stated in this regulation, and considerations of an equitable return to the Federal Government.

(b) In the disposition of public war housing projects consideration shall be given to the improvement of the local housing supply, to minimizing adverse effects upon existing private housing, and to encouraging future private construction. Recommendations and judgments of local governments on these factors will be accepted insofar as practicable upon satisfactory showing that they have been analyzed and considered.

§ 703.24 *General policies regarding permanent projects.* (a) The term "permanent" includes all housing developed under the above laws except projects determined "to be of a temporary character" pursuant to section 313 of the Lanham Act.

(b) Permanent public war housing projects, or parts thereof, shall be disposed of as expeditiously as is consistent with the furtherance of the war effort and orderly demobilization.

(c) In accordance with the Lanham Act permanent war housing projects shall be sold for private residential purposes unless transferred or sold for use by other Federal agencies or for nonresidential or institutional use by State or local governments or unless other uses as hereinafter provided are specifically authorized by the Congress.

(d) Where a local authority and the governing body of the community propose that a project be utilized for public low-rent housing purposes, and the FPHA concurs, the FPHA will submit the proposal to the Administrator for his consideration, and for submission to the Congress.

§ 703.25 *Terms and conditions of sale of permanent projects.* (a) In all cases where permanent projects are to be sold for private residential purposes, preference shall be given to consumers (first to occupants, and then prospective occupants); among prospective occupants, veterans shall have preference. Consumers include mutual ownership corporations comprised of occupants or prospective occupants. Where not feasible to sell to consumers, sale may be to private investors.

(b) Prior to sales to consumers, prices equal to reasonable market values based on competent appraisal shall be publicly announced: *Provided*, That advantage shall not be taken of scarcity in the market to obtain inflated prices.

Prior to sales to private investors, public notice shall be given and proposals solicited. Sales shall be consummated at prices conforming, so far as practicable, to appraised value, and the highest and best offer obtainable shall be accepted unless it shall be found in the public interest to accept a lower offer.

(c) Insofar as possible, sales should be made for cash and such financing as is necessary obtained in the private financial markets. Where such financing is not available, FPHA shall be guided by local financing practice in establishing sale terms.

§ 703.26 *General policies regarding temporary projects.* (a) The term "temporary housing" includes all housing developed under the above laws and determined "to be of a temporary character" pursuant to section 313 of the Lanham Act.

(b) During the war emergency, temporary housing which it is feasible to move, including demountable housing, and which is no longer needed on the original site for war or demobilization purposes, may become part of a war housing reserve in accordance with the policies of the Administrator, and where feasible will be moved to other locations for war workers or for temporary housing for the distressed families of veterans and servicemen in accordance with Title V of the Lanham Act.

(c) After the war, temporary housing will be removed as promptly as may be practicable and in the public interest in accordance with section 313 of the Lanham Act, which requires that temporary housing be removed within two years after the end of the war emergency. Deferments in the removal of temporary war housing may be authorized when the Administrator, after consultation with local communities, finds that temporary housing is still needed in the interest of the orderly demobilization of the war effort for either residential or non-residential purposes.

(d) Temporary housing may be transferred to other Federal agencies subject to the understanding that the transferee Federal agency will carry out the provisions of the Lanham Act and NHA regulations concerning the removal of temporary housing. In exceptional cases, temporary housing may also be sold for nonresidential use on the present site, provided (1) the local government approves such sale and certifies that the proposed non-residential use is not deemed detrimental to the neighborhood; and (2) the temporary housing is to be physically converted from residential to the proposed non-residential use.

(e) Where temporary projects are to be removed, they shall not be removed in an intact or substantially intact condition, but shall be demolished or reduced to flat panels, unless they are to be removed for non-residential use by a public, quasi-public, or charitable institution; in which case they may be removed in an intact condition.

(f) In the disposition of temporary war housing projects for non-residential use, as provided herein, Federal agencies shall have first preference, state and local governments shall have preference over other buyers, and quasi-public institutions, such as charitable organizations and schools, shall have preference over private buyers. Among private buyers, veterans shall have preference where the property is to be used for owner-operated small business or commercial purposes.

§ 703.27 *Separate disposition of community or commercial facilities.* (a) Where community and commercial facilities are to be disposed of separately from the war housing to which they are appurtenant, the following order of preference shall be observed; first; to Federal agencies; second, to state or local governments; third, to quasi-public, charitable or nonprofit institutions; fourth, to veterans for owner-operated small business or commercial purposes; fifth, to private investors.

§ 703.28 *Preferential purchases.* (a) The preference provided for in §§ 703.20 to 703.29, inclusive, for the acquisition of war housing property may only be exercised if the party having such preferences offers the fair value, as determined by FPHA, of the property to be disposed of.

§ 703.29 *Disposition of housing and land under the surplus property law.* (a) The National Housing Agency will be responsible for the disposal of additional properties, including both housing projects and land, assigned to it as a disposal agency of the Surplus Property Board and subject to its regulations and the Surplus Property Act. The National Housing Agency will follow the above procedures in the disposition of such property, insofar as is consistent with Surplus Property Board regulations.

This regulation shall be effective August 13, 1945.

JOHN B. BLANDFORD, Jr.,
Administrator.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5467]

PART 197—DRAWBACK OF TAX ON DISTILLED SPIRITS USED IN THE MANUFACTURE OF NONBEVERAGE PRODUCTS

SUPPORTING DATA

Pursuant to sections 3250 (1) (3) and 4041 (a), Internal Revenue Code, § 197.24 (c) of Regulations 29 (26 CFR, Part 197) is hereby amended by adding at the end thereof two new subparagraphs numbered (3) and (4) reading as follows:

§ 197.24 *Supporting data.* * * *

(c) *Data with respect to payment of special tax.* * * *

(3) The procedure prescribed in subparagraph (2) will govern the filing of quantitative formulas for nonbeverage products to be manufactured prior to 1 April 1946. Manufacturers intending to file drawback claims covering distilled spirits used in the manufacture of nonbeverage products produced on and after 1 April 1946 shall submit new quantitative formulas covering all such preparations direct to the Deputy Commissioner, Alcohol Tax Unit, Washington 25, D. C., on or before 1 January 1946 on Form No. 1678, in triplicate; except that quantitative formulas need not be submitted if the products are medicinal preparations, tinctures, or fluid extracts produced under formulas prescribed by the United States Pharmacopeia, the National Formulary, or the American Institute of Homeopathy, and such products are identified in the supporting data by name and followed by the letters "U. S. P.," "N. F.," or "A. I. H.," as the case may be. In the case of food products, such as preserved fruits, cakes, buns, soups, etc., it will be sufficient if the formulas therefor show the quantity of proof gallons of distilled spirits used in the production of a given quantity of finished product. A new series of numbers will be given the new formulas commencing with number 1 and continuing thereafter in numerical sequence. Amended or revised formulas will be considered as new formulas and serially numbered accordingly. Manufacturers claiming drawback on distilled spirits used in nonbeverage products produced during the period from 1 January 1946 to 31 March 1946, inclusive, for which quantitative formulas have not been filed under these regulations, will observe the procedure prescribed in subparagraph (2), and if such products are to be manufactured on or after 1 April 1946, new formulas therefor shall be submitted on Form No. 1678 in accordance with this subparagraph.

(4) On and after 1 April 1946, formulas for nonbeverage products shall be submitted to the Deputy Commissioner, Alcohol Tax Unit, Washington 25, D. C., before or at the time of manufacture of the products. Upon receipt by the Deputy Commissioner, the formulas will be examined and if found to be medicines, medicinal preparations, food products, flavors or flavoring extracts which are unfit for beverage purposes, they will be approved. If the formulas do not meet the requirements of the law for drawback products, they will be disapproved. No drawback will be allowed on distilled spirits used in a disapproved product, unless such product is later used in the manufacture of an approved nonbeverage product. One copy of each formula will be retained by the Deputy Commissioner; one copy returned to the manufacturer, and one copy will be sent to the District Supervisor for filing. The formulas returned to manufacturers shall be filed in serial order by the manu-

facturer and made available for examination by internal revenue officers in the investigation of drawback claims. The copies sent to District Supervisors shall likewise be filed in serial order, available for examination by drawback audit clerks and laboratory chemists.

[SEAL] WM. T. SHERWOOD,
Acting Commissioner of Internal Revenue.

Approved: August 6, 1945.

JOSEPH J. O'CONNELL, Jr.,
Acting Secretary of the Treasury.

(7) Maximum wage rates for picking melons—$1 per hour.

(8) Maximum wage rates for picking tomatoes—$1 per hour.

(9) Maximum wage rates for picking truck crops other than melons and tomatoes—$1 per hour.

(10) Maximum wages for all other harvest labor—$1 per hour.

(11) Maximum wage rates for a head dryerman—$1.25 per hour.

No perquisities shall be paid in addition to the maximum wage rates specified above except the furnishing of cabins, tents, fuel, lights and water.

(d) *Administration.* The Oregon USDA Wage Board, located at 701 Pittock Block, Portland 5, Oregon, will have charge of the administration of this section in accordance with the provisions of the specific wage ceiling regulations issued by the War Food Administrator on March 23, 1945 (10 F.R. 3177).

(e) *Applicability of specific wage ceiling regulations.* This section shall be deemed to be a part of the specific wage ceiling regulations issued by the War Food Administrator on March 23, 1945 (10 F.R. 3177) and the provisions of such regulations shall be applicable to this section and any violation of this section shall constitute a violation of such specific wage ceiling regulations.

Effective date. This Supplement No. 63 shall become effective at 12:01 a. m., Pacific war time, August 6, 1945.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

[Philippine General License 1]

PART 142—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO, BY THE UNITED STATES TREASURY REPRESENTATIVE IN THE PHILIPPINE OFFICE, FOREIGN FUNDS CONTROL

FOREIGN FUNDS CONTROL IN THE PHILIPPINE ISLANDS

JULY 16, 1945.

§ 142.1 *Philippine General License No. 1.* (a) *Normal business operations of certain types of blocked enterprises authorized.* A general license is hereby granted authorizing all transactions which are ordinarily incident to the normal business operations in the Philippine Islands of the following types of enterprises which are owned or controlled by nationals of blocked countries:

(1) Retail stores of any character;
(2) Restaurants and bakeries;
(3) Laundries, tailor shops, barber shops, repair shops and other enterprises furnishing services to the public;
(4) Clubs and other places of entertainment;
(5) Vegetable, poultry and produce growers and dealers;

Provided, That no transaction may be effected under this general license by any enterprise which is owned or controlled by, or a substantial interest in which is owned or controlled by (1) any national of Germany or Japan, wherever located, or (2) any national of any other blocked country who is not within the Philippine Islands.

(b) *Transactions not authorized.* This general license shall not be deemed to authorize any of the following transactions:

(1) Any purchase, sale, or transfer of any real property or securities;
(2) Any payment, transfer, or withdrawal from any account not within the Philippine Islands;
(3) Any transaction which could not be effected without a special license by an enterprise which is not a national of a blocked country.

(c) *Report required from certain enterprises.* Any enterprise operating pursuant to this general license whose gross receipts during the month of June, 1945 were P15,000 or more shall file in duplicate with the Philippine Office of Foreign Funds Control, Manila, P. I., within sixty days after the date hereof, a statement in affidavit from setting forth the data called for in Form TFRE–P–1. Any enterprise which fails to comply with this requirement is not authorized to engage in any transactions under this general license. Copies of Form TFRE–P–1 may be obtained at any bank in the Philippine Islands.

Issued by direction and on behalf of the Secretary of the Treasury.

PART 1001—TIN

[General Preference Order M–43, Direction 2]

LIMITATION ON ACCEPTING AND FILLING ORDERS BY PRODUCERS OF SOLDER, BABBITT, COPPER BASE ALLOY CONTROLLED MATERIALS, COPPER BASE ALLOY INGOT AND OTHER ALLOYS CONTAINING TIN AND ON INVENTORIES OF USERS OF SOLDER, BABBITT AND ALLOYS CONTAINING TIN OTHER THAN COPPER BASE ALLOY CONTROLLED MATERIALS

The following direction is issued pursuant to General Preference Order M–43:

(a) No producer of solder, babbitt, copper base alloy controlled materials, copper base alloy ingot and other alloys containing tin shall fill any orders for delivery of any of said materials in any calendar quarter in an amount which will require him to use in production in that quarter a total quantity of tin greater than the quota permitted him by the provisions of General Preference Order M–43. Within the limitations of his quota, a producer of solder, babbitt and alloys containing tin other than copper base alloy controlled materials must accept and fill rated orders as provided in Priorities Regulation No. 1. He must reject any rated orders which he does not expect to be able to fill within his quota because of equal or higher rated orders already received. Acceptance of orders for copper base alloy controlled materials containing tin is controlled by the provisions of CMP Regulation 1.

(b) No person who uses solder, babbitt or alloys containing tin other than copper base alloy controlled materials shall accept delivery of any quantity of any of said materials if his total inventory of such material is, or by virtue of such acceptance will become, greater than the quantity of said materials which he will be required by his current practices to put into use during the succeeding 30 days in order to carry out his current operations for permitted uses. The inventory of a person who uses copper base alloy controlled materials containing tin is controlled by the provisions of CMP Regulation No. 2.

(c) Users must immediately cancel, reduce, or defer any order for solder, babbitt or alloys containing tin other than copper base alloy controlled materials which has been placed when the scheduled delivery would result in an inventory in excess of that permitted by this Direction.

(d) No user may place any order for solder, babbitt, or alloys containing tin other than copper base alloy controlled materials requesting delivery which would result in an inventory in excess of that permitted by this Direction.

(e) The effective date of this direction is August 12, 1945.

Issued this 7th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–870]

GENERAL BOX DISTRIBUTORS

General Box Distributors is a California corporation maintaining its head office in San Francisco, California as well as a number of manufacturing plants and yards in various communities, including one at 540 San Augustine Street, San Jose, California. The business of the corporation is the manufacture and distribution of wooden boxes for agricultural products, ammunition, milk cases, dried fruit and rations. Under dates of April 24, 1944 and August 26, 1944, the company filed Form WPB–3640 for authorization to receive lumber for the second and third quarters of 1944, specifying on each of said forms an inventory figure, as of March 31, 1944, of 2,367,000 board feet at its San Jose plant. Under date of July 24, 1944, the company filed Form WPB–3640 for authorization to receive lumber for the fourth quarter of 1944, specifying an inventory figure, as of June 30, 1944, of 2,900,000 board feet of lumber at its San Jose plant. A similar application, dated October 13, 1944, to receive lumber in the first quarter of 1945 specified an inventory figure, as of September 30, 1944, of 5,500,000 board feet of lumber at its San Jose plant. The true inventory of the San Jose plant as of of March 31, 1944, as reported to the head office of the company, was 3,857,516 board feet; as of June 30, 1944 it was 3,442,619 board feet; and as of September 30, 1944 it was 6,299,370 board feet. The company was on notice of the inventory figures reported by its San Jose plant on Forms WPB–3640 and of the actual inventory figures in the files of the company, and the company wilfully furnished false information to the War Production Board as to its inventories of lumber at its San Jose plant as of March 31, 1944, June 30, 1944 and September 30, 1944. This conduct on the part of the company diverted critical materials to uses unauthorized by the War Production Board and subjected it to administrative action as provided by Lumber Control Order L–335. In view of the foregoing, it is hereby ordered, that:

§ 1010.870 *Suspension Order No. S–870.* (a) During each of the third and fourth calendar quarters of 1945, General Box Distributors, shall receive at its San Jose plant 500,000 board feet of lumber less than it has been or may be authorized to receive under Lumber Control Order L–335 for these quarters, unless otherwise specifically authorized in writing by the War Production Board.

(b) The restrictions and prohibitions contained herein shall apply to General Box Distributors, its successors and assigns, and persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(c) Nothing contained in this order shall be deemed to relieve General Box Distributors, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–877]

MARCO IMPORTING CO., INC.

Marco Importing Company, Inc., is an Illinois corporation with principal place of business at 70 East Randolph Street, Chicago, Illinois, where it operates a wholesale liquor establishment and bottles and packages wines. On June 14, 1944, Marco Importing Company, Inc., purchased a going business, known as Carter Distilling Company, from Maurice and Vera Frank, partners. The latter partnership, doing business as Carter Distilling Company, were rectifiers, bottlers and shippers of distilled spirits and were located at 17 North Pulaski Road, Chicago, Illinois. During the fourth calendar quarter of 1943 and the first and second calendar quarters of 1944, Carter Distilling Company at 17 North Pulaski Road, Chicago, Illinois, used a total containerboard content of 584,924 square feet and 96,623 pounds of new fibre shipping containers in excess of its allowable quota permitted under the provisions of Limitation Order L–317. Marco Importing Company, as successors to the business located at 17 North Pulaski Road, Chicago, Illinois, acquired the quota privileges previously enjoyed by Carter Distilling Company, together with any obligations relating to that quota. The overconsumption of new fibre shipping containers is a violation of Limitation Order L–317.

This violation of Limitation Order L–317 has diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.877 *Suspension Order No. S–877.* (a) Marco Importing Company,

Inc., shall reduce its use of containerboard content of new fibre shipping containers during each of the third and fourth calendar quarters of 1945 and the first and second calendar quarters of 1946, so that its total usage for each of said quarters shall be 146,231 square feet and 24,156 pounds less than it would otherwise be permitted to use during each of those quarters under the provisions of Limitation Order L–317 as amended from time to time, unless otherwise specifically authorized in writing by the War Production Board.

(b) The restrictions and prohibitions contained herein shall apply to Marco Importing Company, Inc., its successors and assigns, and persons acting in its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(c) Nothing contained in this order shall be deemed to relieve Marco Importing Company, Inc., from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of August 1945.

PART 3133—PRINTING AND PUBLISHING

[General Limitation Order L–177 as Amended August 7, 1945]

WALL PAPER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export, of paper, inks, chemicals and other material and facilities used in the manufacture and distribution of wall paper and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3133.35 *General Limitation Order L–177*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or organized group of persons, whether incorporated or not.

(2) "Manufacturer" means any person who manufactures or processes wall paper.

(3) "Wall paper" shall include all paper designed for use as a covering for the ceiling or walls of rooms, which is manufactured or produced by printing on paper or fabric with oil, water, or other coloring materials, and/or by the embossing or pressing of designs on paper.

(4) "Distributor" shall include any person who sells wall paper to any person for resale; and shall further include any person who offers wall paper for sale by means of the distribution of sample books to the ultimate consumer by mail, or otherwise.

(b) *Schedule for the simplification and standardization of wall paper.* (1) No person shall sell, deliver, purchase or otherwise acquire any base paper stock for the manufacture of wall paper unless the same shall conform to the specifications set forth in Schedule 1 which is made a part of this order.

(2) No person shall process or manufacture any base paper stock into wall paper except in conformity with the specifications set forth in said Schedule 1.

(c) *Amendments to schedule.* The War Production Board from time to time may issue such amendment or amendments to Schedule 1 of this order as it deems necessary.

(d) *Certification to paper dealer or mill.* No manufacturer of wall paper may order or accept delivery of paper, and no person may deliver paper to a manufacturer of wall paper, unless the manufacturer of wall paper furnishes, or has previously furnished, to the person making the delivery, a certification in substantially the following form, signed manually or as provided in Priorities Regulation 7 (§ 944.27) by an official duly authorized for such purpose:

> The undersigned manufacturer of wall paper certifies, subject to the penalties of section 35 (A) of the United States Criminal Code, to the seller and to the War Production Board that he is familiar with Order L–177 and that all purchases by him of items regulated by that order, as amended from time to time, will be in compliance therewith.

This is a one-time certification and need not accompany each individual order for paper.

(e) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in duplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal. Regardless of the provisions of Priorities Regulation 16, no statement with respect to manpower information on Form WPB–3820 (or letter explaining why that form is not filed) need accompany any appeal.

(f) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall unless otherwise directed, be addressed to: War Production Board, Printing and Publishing Division, Washington, D. C., Ref.: L–177.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries, or from process or use, of material under priority control and may be deprived of priorities assistance.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

Issued this 7th day of August 1945.

WAR PRODUCTION BOARD

Recording Secretary.

SCHEDULE 1 TO GENERAL LIMITATION ORDER L–177

NOTE: Paragraphs (d) and (e) deleted August 7, 1945.

SPECIFICATIONS AND PRACTICES FOR MANUFACTURE OF WALL PAPER

(a) *Definitions.* For the purposes of this schedule:

(1) All trade words, phrases and terms used herein shall be construed as commonly understood in the wall paper trade.

(b) *General limitations on wall paper manufacture*—(1) *Patterns.* Prior to November 1, 1945, no manufacturer may use any pattern rolls containing designs other than those used by him in the manufacture of wall paper during the period of July 1, 1942, to June 30, 1943 (the 1942–43 season). This limitation does not apply to any manufacturer whose consumption quota for the 1945–46 season under paragraph (b) (2) (i) or (b) (3), whichever applies to him, is 20 tons or less.

(2) *Paper limitations.* In the manufacture of wall paper for the 1945–46 season (July 1, 1945 to June 30, 1946) and each season thereafter, no manufacturer shall:

(i) Acquire base paper stock for processing or manufacturing into wall paper or process or manufacture base paper stock into wall paper at any rate of production which will result in a consumption of base paper stock in excess of 80% of the total tonnage of such stock consumed by him in the production of wall paper during the period July 1, 1941, to June 30, 1942 (the 1941–42 season) or 20 tons, whichever is greater.

NOTE: Paragraphs (b) (2) (ii) and (b) (2) (iii), formerly paragraphs (b) (2) (iii) and (b) (2) (iv), redesignated Aug. 7, 1945.

(ii) Use paper stock which will exceed 19¼" in width to produce wall paper to trim to a nominal width of 18".

(iii) Use paper stock in excess of the base weight (or weights) of paper stock (or stocks) theretofore employed by him in the manufacture of his line or lines.

NOTE: Subparagraph (3), formerly subparagraph (3) (iii), redesignated, subparagraphs (3) (i) and (3) (iii) deleted Aug. 7, 1945.

(3) *Exceptions.* Any manufacturer of wall paper by the silk screen printing process is specifically excepted from the provisions of subparagraph (1) of paragraph (b) (2) hereof and may, during the 1945–46 season (July 1, 1945 to June 30, 1946) and during any succeeding 12-month season, acquire base paper stock for processing or manufacturing into such custom wall paper, or process or manufacture base paper stock into such custom wall paper at such rate of production as shall not result in a consumption of base paper stock by him in excess of 100% of the tonnage put into process by him for the manufacture of such custom wall paper during the 1941–42 season or 20 tons, whichever is greater.

(c) *Styles sampled.* Prior to November 1, 1945, no manufacturer shall sample or otherwise introduce any sidewall and ceiling patterns or styles of wall paper (including specials) which are not shown in his 1942–43 line or lines; and no distributor, mail order house, or any other person shall sample or otherwise introduce any sidewall and ceiling patterns or styles of wall paper (including specials) which are not shown in his 1943 distributing line or lines. This limitation does not apply to the wall paper of any manufacturer whose consumption quota for the 1945–46 season under paragraph (b) (2) (i) or (b) (3), whichever applies to him, is 20 tons or less.

PART 3270—CONTAINERS

[Limitation Order L–317, as Amended Aug. 7, 1945]

FIBRE SHIPPING CONTAINERS: MANUFACTURE, DELIVERY AND USE

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials entering into the production of fibre shipping containers for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3270.6 *Limitation Order L–317*—(a) *What this order does.* This order places various restrictions on the manufacture, delivery, acceptance and use of new fibre shipping containers. (Note that "reshippers", as defined in paragraph (b) (1) (ii), and sheets, rolls, and interior fittings are included within the restrictions). Paragraph (d) prohibits the manufacture of the types of containers listed in Schedule I. Paragraph (e) requires a certificate with each purchase order for containers. Paragraph (f) prohibits the packing in containers of the products listed in Schedule II. Paragraph (g) places quotas on a packer's use of containers for products listed in Schedule III, excluding his wholesale and retail deliveries. Paragraph (h) places quotas on a packer's use of containers for his wholesale and retail deliveries of all products. (Whether or not listed on the schedules). Paragraph (i) lists certain meat products that may only be packed in containers which conform to the specifications set forth in Schedule IV. Paragraph (m) restricts a person's inventory of containers. Paragraph (r) provides that all appeals granted under this order prior to February 6, 1945, are cancelled. Various exemptions to each of the above restrictions and other restrictions are also contained in the order.

(b) *Definitions.* Whenever used in this order: (1) "Fibre shipping container" means all of the following items:

(i) Any empty new box, crate, case, basket, inner carton, hamper or sleeve in set-up or knock-down form which is made in whole or in part from solid fibre (.045 or heavier) or corrugated fibre and which is used for the storage, delivery or shipment of material. It includes any such container which has not been used before, such as containers which may have been rejected during the course of manufacture, containers which may be considered obsolete by the owner, and containers which may be in idle inventory and not usable by the owner. It does not include trunks, luggage or military locker boxes, fibre cans, tubes or drums or any combination wood and fibre shipping containers consisting of 50 per cent or more wood (by area);

(ii) Any new container made in whole or in part from solid fibre (.045 or heavier) or corrugated fibre which is known in commerce or used as a "reshipper", and which contains empty inner containers (such as glass jars, cans, etc.) that are received by the packer and then used by him for shipping or delivering inner containers packed by him with some product;

(iii) Any new solid fibre (.045 or heavier) or corrugated fibre sheet or any corrugated fibre roll to be used for wrapping, packaging, or otherwise protecting a product or material for shipment. This does not include corrugated or solid fibre sheets produced for delivery to plants of the type commonly referred to in the container manufacturing industry as "sheet plants" for their use in manufacturing fibre shipping containers. It also does not include corrugated or solid fibre sheets produced for delivery to cleated box manufacturers for use in manufacturing shipping containers made of corrugated or solid fibre sheets attached to wooden cleats;

(iv) Any new solid fibre (.045 or heavier) or corrugated fibre interior fitting which is cut to size for use in any type of container to provide content protection, structural strength or both. This includes, but is not limited to, the following: partitions; pads; liners; sun bursts; currugated wrappers (single-faced, double-faced, double-walled).

However, a container (except a "V box" or a "W box") shall not be regarded as a fibre shipping container as defined above where it is acquired from a disposal agency of the United States Government.

(2) "Packer" means any person who uses fibre shipping containers for commercially packing, storing or shipping any product. Wherever used in this order, the term "packer" shall not include the Army or Navy of the United States.

(3) "Total containerboard content" means the total amount of solid fibre (.045 or heavier) and corrugated fibre containerboard in all fibre shipping containers used by a packer in any calendar quarter. This amount is required to be computed in later provisions of this order both in terms of weight and in terms of square feet.

(4) "Wholesale and retail delivery" means a delivery by a packer of a product which has not been produced by him and on which he has done no processing or fabricating other than minor finishing or decorative operations usually performed by wholesalers and retailers (such as assembly of knock-down furniture, monogramming of linen and jewelry, alteration of clothing).

(5) "V-boxes and W-boxes" means fibre shipping containers of the types designated as V–1, 2, 3 and W–5 and 6, in joint Army and Navy Specifications JAN–P–108 dated June 30, 1944, and parallel specifications; and in War Food Administration Export Packing Specification FSC No. 1742–E.

(6) "Dunnage" means material used in railroad cars, trucks, ships or planes (including but not limited to material used for wall, floor, or car lining or for layering or blocking purposes) for the protection of bulk or packaged shipments.

Restrictions on Manufacture, Sale and Delivery

(c) *General restriction.* No person shall manufacture, sell, or deliver any fibre shipping container which he knows, or has reason to believe, will be accepted or used in violation of any provisions of this order.

(d) *Prohibition on manufacture of certain types.* No person shall manufacture from solid fibre (.045 or heavier) or corrugated fibre, any container of the types listed in Schedule I of this order.

(e) *Certificate for every delivery.* (1) No person shall sell or deliver any fibre shipping containers (including reshippers) to a packer unless he receives from such packer with each purchase order (including each shipment order based on a long term requirements contract), a certificate in substantially the following form, signed manually or as provided in Priorities Regulation 7:

> The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order L–317 of the War Production Board and that the fibre shipping containers (or reshippers) covered by this purchase order will not be accepted or used in violation of the terms of that order.

(2) If a packer's purchase order bears a preference rating accompanied by a certificate as provided in paragraph (v) of Order P–146, the packer may add the following sentence to his rating certificate as a substitute for the above certificate:

> The undersigned also certifies that the fibre shipping containers (or reshippers) covered by this purchase order will not be accepted or used in violation of the terms of Order L–317.

(3) The standard certificate provided for in paragraph (d) of Priorities Regulation 7 cannot be used in place of either of the above certificates; nor may either of the certificates be waived in accordance with paragraph (f) of that regulation.

Prohibited Uses

(f) *Use prohibitions*—(1) *Schedule II Products.* Except for his wholesale and retail deliveries and his deliveries to persons listed in paragraph (i) below, no packer shall use fibre shipping containers for packing any of the products listed in Schedule II.

(2) *Dunnage.* No packer shall use in the shipping of any product, any new solid fibre (.045 or heavier) or corrugated fibre sheet or roll for dunnage except where used for door-blocking. When such sheet or roll is used for door-blocking, only the necessary practicable minimum quantity shall be used.

(3) *V-boxes and W-boxes.* No packer shall use any new V-boxes and W-boxes for packing any product, except where such boxes are specified for delivery against (i) Army, Navy, or Lend-Lease orders, or (ii) orders received from ship suppliers licensed under WFO–74 for fabricated meats (not packed in inner containers) for use on ships under War Shipping Administration jurisdiction. No packer shall accept delivery of any V-boxes or W-boxes unless he has reason to believe that he will need them for the uses permitted in this paragraph.

Quota Restrictions

(g) *Quota restrictions for other than wholesale and retail deliveries.* The total containerboard content of the fibre shipping containers used by a packer during any calendar quarter for any class of products listed in Schedule III (excluding his wholesale and retail deliveries, and his quota exempt deliveries under paragraph (i) below) must be limited to one or the other of the following quotas. One of these quotas must be chosen for each class of product and may not be changed during any calendar year:

(1) Such total containerboard content shall exceed neither ninety-five per cent of the total square feet of containerboard content nor ninety-five per cent of the total weight of containerboard content of all fibre shipping containers lawfully used by that packer for packing that class of products during the corresponding calendar quarter of 1944, excluding those containers he used during that quarter of 1944 for his deliveries to the persons listed in paragraph (i) below (quota exempt deliveries), his wholesale and retail deliveries, and his deliveries of Schedule II products.

(2) Such containerboard content shall exceed neither 23¾ per cent of the total square feet of containerboard content nor 23¾ per cent of the total weight of containerboard content of all fibre shipping containers lawfully used by that packer for packing that class of products during the calendar year 1944, excluding those containers he used during that year 1944 for his deliveries to the persons listed in paragraph (i) below (quota exempt deliveries), his wholesale and retail deliveries, and his deliveries of Schedule II products.

(h) *Quota restrictions for wholesale and retail deliveries.* The total containerboard content of the fibre shipping containers used by a packer during any calendar quarter for all products (whether or not listed in the schedules) for his wholesale and retail deliveries, excluding his quota exempt deliveries under paragraph (i) below, must be limited to one or the other of the following quotas, and whichever one of those quotas is chosen may not be changed during any calendar year:

(1) Such total containerboard content shall exceed neither ninety-five per cent of the total square feet of containerboard content nor ninety-five per cent of the total weight of containerboard content of all fibre shipping containers lawfully used by that packer during the corresponding calendar quarter of 1944 for his wholesale and retail deliveries, excluding his deliveries during that quarter of 1944 to persons listed in paragraph (i) below (quota exempt deliveries).

(2) Such total containerboard content shall exceed neither 23¾ per cent of the total square feet of containerboard nor 23¾ percent of the total weight of containerboard content of all fibre shipping containers lawfully used by that packer during the calendar year 1944 for his wholesale and retail deliveries, excluding his deliveries during that year of 1944 to persons listed in paragraph (i) below (quota exempt deliveries).

(i) *Quota exempt deliveries.* The quota restrictions of paragraphs (g) and (h) shall not apply to fibre shipping containers used by a packer for deliveries of any product to any of the following persons, or to another person to be redelivered by such person (without further processing, fabrication, or incorporation into any other product, exclusive of wholesalers' and retailers' minor finishing or decorative operations) to any of the following persons: Army or Navy (including Officers' Messes ashore, but excluding post exchanges or ship's service departments located within the 48 states and the District of Columbia), any agency procuring for delivery pursuant to the Act of Congress of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), Veterans Administration, and Maritime Commission or War Shipping Administration (including persons operating vessels for such Commission or Administration for use thereon, and other persons whose purchase orders bear a preference rating assigned by the Maritime Commission under Form WPB–646 (formerly PD–300)).

(j) *Small user exemption from quota restrictions.* The quota restrictions of paragraphs (g) and (h) do not apply to any packer during any calendar year in which he accepts no more than a total of $1,500.00 worth (cost price to him) of fibre shipping containers for all products (whether or not on the Schedules). A person who accepts fibre shipping containers under the provisions of this paragraph must use them in his own plant and may not deliver them for packing by anyone else. All persons owned or controlled directly or indirectly by the same person shall be deemed to be a single packer for the purpose of this paragraph.

(k) *Rules applicable to quota restrictions.* (1) Where in paragraphs (g) and (h) above, containers are referred to as having been "used" by a packer, that shall mean with respect to such packer that, both for purposes of computing his quota base and for charging his current quota, only the fibre shipping containers which such packer directly filled or used himself for storing, packing or shipping (whether for his own account or for another person) shall be included in his computation. Such packer shall exclude from his computation containers which have been directly filled or used by another for such packer's account.

(2) A packer who has not used, at the end of any calendar quarter, any part of his quota for a class of products in Schedule III or for his wholesale and retail deliveries may not use it for that class of products or those deliveries in the succeeding calendar quarters. Neither may a packer use in advance any part of his quota for a succeeding calendar quarter for any purpose.

(3) With respect to the quotas for the classes of products listed in Schedule III, any such quotas shall not be interchangeable. However, with respect to the quota for each class, a packer may distribute his quota among the several products included in that class as he sees

(4) With respect to a packer's options if he is a multiple-unit organization, see paragraph (n) below.

Packing Specifications for Meat Products

(l) *Packing specifications.* (1) A packer shall neither use fibre shipping containers to pack the products listed in Schedule IV except in accordance with the specifications set forth in that schedule, nor use for packing any Schedule IV product, any fibre shipping container of a style or design requiring the use of more footage or weight of containerboard (per unit packed) in its manufacture than those he most commonly used for that product during the season when he last packed it.

(2) The restrictions of paragraph (l) (1) above shall not apply to the use of fibre shipping containers in the following cases, and such uses shall not be included in the percentage computations in Schedule IV:

(i) Deliveries to the Army, Navy, Maritime Commission, War Shipping Administration, or any United States agency making Lend-Lease purchases, when the packing specifications received in connection with such deliveries require deviations from the standards set forth in Schedule IV.

(ii) Use of fibre shipping containers by a "small user" as defined in paragraph (j).

(iii) Use of fibre shipping containers which were in process of manufacture on or before February 6, 1945, by any packer who on that date was operating under the alternative (now eliminated from the order) of 85 per cent of his 1943 usage.

(iv) Use of fibre shipping containers which were in process of manufacture on or before August 4, 1944.

(v) Use of specific fibre shipping containers by any person who is granted an exception from the above restrictions in writing by the War Production Board. Such exceptions will only be granted on written application and only when the packaging methods which the applicant will substitute for the specifications set forth in Schedule IV will result in his using no greater footage or weight of containerboard content than if he had followed the above restrictions.

Inventory Restrictions

(m) *Inventory restrictions.* (1) No person (except the Army or Navy) shall accept delivery of, or have set aside for his account, any fibre shipping containers (including "V-boxes and W-boxes") which will increase his inventory of fibre shipping containers (including those held by others for his account as well as those he has on hand) to more than his "maximum permitted inventory" described in paragraph (m) (2) below. Furthermore, no person shall place orders for more of these containers than he would be entitled to receive within the inventory restrictions set forth in this paragraph at the time delivery is called for by his purchase orders.

This paragraph (m) does not generally limit inventories of filled fibre shipping containers. The only exception to this rule is where a packer has "reshippers", as defined in paragraph (b) (1) (ii) on hand or held for his account which he will use for delivery of packed inner containers. Such "reshippers" must be charged to his "maximum permitted inventory" and are subject to all the provisions of this paragraph until they have been filled with packed inner containers.

(2) A person may select either of the following quantities as his "maximum permitted inventory" but may not change his selection during any calendar year:

(i) 1½ carloads of fibre shipping containers, of all types and for all purposes, or

(ii) His 30 days' requirements (in aggregate number) of those classes of fibre shipping containers that he reasonably expects to use in the next 30 days. (A "class" of containers means those containers of substantially the same size and type. A variation in the size or type of a container which does not make the container unsuitable for shipping the same amount of a product in substantially the same shape and form shall not be considered as constituting a different "class".) To compute his "maximum permitted inventory" under this subparagraph, he shall first figure the amount representing his 30 days' requirements for each "class" that he reasonably expects to use in the next 30 days. (Where the amount for any such class is less than 1200 fibre shipping containers, he may consider 1200 containers as the 30 days' requirements for that particular class.) He shall then add together the totals for all of these "classes". This combined total figure will be his "maximum permitted inventory", which quantity he may then distribute as he sees fit among the various types of containers that he will have in inventory, even though this distribution may result in his having a quantity of containers in inventory for any one particular class in excess of his 30 days' requirements for that class. However, the total quantity of fibre shipping containers in his inventory (including those held by others for his account as well as those he had on hand, and also including those in inventory that do not fall within any of the above specially defined "classes") must not at any time exceed the total over-all quantity that is his "maximum permitted inventory".

In computing his "maximum permitted inventory" as described above, a person must exclude any fibre shipping containers in his inventory which he expects to use for packing drugs, medicinals, pharmaceuticals, biologicals or seasonal foods. Such containers are exempt from the inventory restrictions of this paragraph and the "practical minimum working inventory" provision in § 944.14 of Priorities Regulation 1 (and Interpretation 1A of that regulation) shall apply to them.

General Provisions

(n) *Multiple-unit organizations.* Any packer who uses fibre shipping containers at more than one place may choose to apply the quota and inventory restrictions and the percentage specifications of Schedule IV of this order either to the operations of each place separately or to the collective operations of all his places. He must make the same choice with respect to all the restrictions. The same choice as to the inventory restrictions is also available to any container distributor who deals in fibre shipping containers at more than one place. After making his choice, no person shall thereafter change it unless authorized by the War Production Board. Any packer or container distributor organization which consists of a parent corporation and one or more wholly owned subsidiary corporations may consider itself as a single packer or distributor for the purposes of this paragraph.

(o) *Exemption in certain cases for containers ordered and in process.* On or before February 20, 1945, any packer may accept and use fibre shipping containers which on or before February 6, 1945, had been ordered by him and were in process, and which he would have been permitted to accept and use, during the first quarter of 1945, under this order as amended September 9, 1944, or under any appeal granted prior to February 6, 1945. He may do this even if the acceptance or use of such containers would cause him to exceed his permitted inventory or quota under the present terms of this order. However, if such acceptance or use would do this, he may accept or use during the first quarter of 1945, no fibre shipping containers in addition to those described in the first sentence of this paragraph, unless he obtains an exception from this order under paragraph (q) below. If such acceptance or use of the additional containers would not cause him to equal or exceed his permitted inventory or quota under this order, he must charge the containers so accepted or used to that inventory or quota.

(p) *Exemption of certain containers from prohibited uses.* Any packer may use for the purpose for which he acquired them, any fibre shipping containers which were in his possession or which were in transit to him on or before October 11, 1943. In the case of any product added to Schedule II after that date he may use for that product the containers which he had acquired or which were in transit to him for that product on or before the date on which the item was added to the schedule. These exceptions are subject to the quota restrictions of paragraphs (g) and (h).

(q) *Appeals.* (1) Appeals from this order seeking relief, other than for the establishment of a quota (when the applicant has no quota at all), shall be filed by addressing a letter to the Containers Division, War Production Board, Washington 25, D. C., Ref.: L–317. The letter of appeal need not follow any particular form. It should state informally but completely, the particular provision appealed from, the precise relief desired, the reasons why denial of the appeal would result in undue and excessive hardship, and such other statistical and narrative information as may be pertinent. (See Priorities Regulation 16 with respect to procedure for filing appeal and the requirement for filing manpower information.)

(2) Appeals from this order seeking relief for the establishment of a quota (when the applicant has no quota at all) shall be filed as indicated above and in addition shall state: (i) a description of the product for which the containers will be used; time when production started and the number of units produced during each quarterly period; (ii) whether the appellant has received an authorization, a grant of an appeal or other War Production Board approval to manufacture the product. If so, give details; (iii) a description of the type, size, and other specifications of the containers to be used; a quarterly requirement of containers in terms of square footage and tonnage; the appellant's ability and opportunity to reuse containers.

(r) *Cancellation of all appeals granted prior to February 6, 1945.* All appeals granted prior to February 6, 1945, are hereby cancelled. Thereafter, no person shall accept delivery of or use, or shall manufacture, sell or deliver any fibre shipping containers except in accordance with the provisions of this order unless he receives a new grant of an appeal on or after February 6, 1945.

(s) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Containers Division, Washington 25, D. C., Ref: L–317.

(t) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable revisions of the regulations of the War Production Board, as amended from time to time.

(u) *Violations.* Any person who wilfully violates any provisions of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or accepting further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

Issued this 7th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I—PROHIBITED TYPES OF CONTAINERS

(See Paragraph (d))

a. Bottle and can carry-outs.
b. Counter boxes.
c. Display-shippers.
d. Laundry boxes and laundry shells.
e. Retail gift boxes (except certain "overseas shippers" meeting the specifications shown in item (f) below.)
f. "Overseas shippers" (fibre shipping containers produced for use in shipping articles to individual members of the Armed Forces overseas) excepting "overseas shippers" produced in conformity with the following specifications:

SPECIFICATIONS

Size.—Inside Dimensions: 10" long, 6" wide, 4" deep. Outside Dimensions: The longest dimension plus the girth must not exceed 36".

Style.—Long flaps to overlap as they may. Short flaps to meet in center. Taped or stitched manufacturer's joint.

Stock.—Minimum test 200# per square inch corrugated board A, B or C flute, according to Consolidated Freight Classification No. 16, Rule 41.

Printing.—(A) Print the words "Overseas Shipper" in not less than ¾" type on the large panels (Nos. 1 and 3).

(B) Print the words "This box to be used only for sending merchandise to the armed forces outside of the United States" in not less than ⅜" type on the large panels (Nos. 1 and 3). (Size of die approximately 7" x 3".)

(C) Print the following words on the top long flap of No. 1 panel (First line of copy not less than ½" type—other lines not less than ⅜" type. Approximate size of die 8" x 4"):

1. Place long flaps inside—Fold short flaps outside.
2. Pack securely—Fill up all loose space with cushioning material so articles will not shift around.
3. Make list of contents and place inside the box with complete names and addresses of sender and addressee.
4. Tape seams on top & bottom where outer flaps meet—if available.
5. Print names and addresses on lines "FROM" and "TO".
6. Tie box securely with four separate pieces of heavy twine as shown by sketch. Knot twine at crossings.
7. If box is wrapped—tie as per sketch before wrapping.

(D) Print the following words on the top and bottom flaps (Nos. 1 and 3 panels) in not less than ⅜" type:

Fold this flap inside.

(E) Print the following design in the center of the top short flap No. 2 panel in not less than ½" type with not less than ½" spaces located at least 1" from the outer edges of the flap, reading from outer edge of flap toward the horizontal score line (Approximate size of die 4" x 3"):

SCHEDULE II—PROHIBITED USES

(See Paragraph (f) (1))

a. Paper products:
- Catalogues.
- Magazines, including house organs.
- Posters.
- Punch boards.

b. Building materials:
- Building brick (except glass brick).
- Cement—except household.
- Corks—except pipe coverings and insulation board.
- Flooring, wood, molding, mopboards, trim and wainscoting.
- Insulation board, rigid (except insulating tile and panel and cork insulation board).
- Insulation, non-rigid (except blocks, formed or metal encased insulation, blankets, batts).
- Plaster—cement, lime, gypsum.
- Sash and doors, except glazed, not finished further than primed.
- Shingles (except asbestos siding shingles and asphalt shingles).
- Tile—except acoustical, asphalt, floor (including asphalt tile), wall or facing tile.

c. Textiles (except clothing):
- Awnings.
- Blankets and comforters—less than 6 per package.
- Carpets and carpeting, size 12 square feet or over.
- Mattresses—less than 4" thick.
- Rugs.
- Tents.
- Waste wiping rags.

SCHEDULE II—PROHIBITED USES—Continued

d. Hardware:
- Buckets and pails—wood or metal (except metal pails manufactured solely for use as dairy and milk pails and except porcelain-enameled pails).
- Cans—refuse, garbage.
- Garden and farm tools, 18" or more in length—including but not limited to: Hoes, rakes, shovels.
- Wash tubs—wood or metal.

e. Class products:
- 1-pt. home canning jars—less than 24 per case.

f. Horticultural items:
- Bulbs.
- Ornamental shrubs.
- Seeds (flower).

g. Miscellaneous:
- Advertising displays of all kinds, (except when the display is a piece of furniture) including but not limited to floor, window and counter displays, dispenser type displays and sign boards.

- Peanuts, unshelled.
- Peat moss.
- Playground equipment—wood, metal.
- Rope, string and twine.
- Trunks (in carload lots).
- Whips and crops.

SCHEDULE III—QUOTAS

(See Paragraph (g))

Most of the classes below are designated by a code number (e. g. CDGS-648 Cutlery) which may be found in the latest official WPB monthly publication entitled "Products and Priorities". (The latest copy may always be seen at any WPB office.) All of the products (regardless of whether they are made of steel, copper, aluminium or some other material) listed in that publication under the same code number shall be treated as falling within a single "Class" of products for the purpose of computing the packing quota for that "class". The description in "Products and Priorities" of the various classes of products is controlling as to what are the specific items under each class of products, and the class descriptions in Schedule III do not control (e. g. see page 85 of the January 1945 edition of the publication for the items under CDGS-648 Cutlery). Those classes of products in Schedule III which have no code numbers, have asterisks placed in front of them. The description of those products, as found in Schedule III, is controlling with respect to these classes.

The products listed in Schedule III (as described under the applicable code number in "Products and Priorities" or as described below) are all subject to the quota restrictions set forth in paragraph (g), even when they are sold as repair parts or as component parts for other products. However, a repair part or component part of a product listed in Schedule III

SCHEDULE III—QUOTAS—Continued

is not subject to such quota unless such part is specifically included in the description of that product or in another listed class of products. A component part that is not specifically included within the description of a product listed in Schedule III is subject to the quota restrictions of paragraph (g) when it is merely packed separately by a packer who also packs, as part of the same transaction, substantially the balance of the component parts that make up the product listed in Schedule III.

SCHEDULE IV—PACKING SPECIFICATIONS

(See Paragraph (1) (1))

Subject to the exceptions listed in paragraph (1) (2) of this order, the products listed below may only be packed in fibre shipping containers in accordance with the provisions of this schedule. The provisions listed under "Class A" apply to all shipments from processing or manufacturing units to units other than retail stores, and the provisions listed under "Class B" apply to all shipments to retailers from processing or manufacturing units. Except where otherwise specified, listed percentages and other provisions of this table are applicable to each class separately.

Unless an exception is provided in Column 7, the products listed in this table may not be shipped in fibre shipping containers in any amounts except those listed for the product in Columns 1 and 4. Likewise they may not be packed in fibre shipping containers exceeding the maximum specifications in Columns 2 and 5. However, solid fibre containers may be substituted for corrugated wherever the former have an equivalent or lower Mullen test than those of the specified corrugated containers. (In this connection, attention is called to Direction 2 to Order M-290 which restricts the manufacture of solid fibre containers).

No containerboard interior packing or fittings may be used except as specifically indicated in Column 7. Percentage figures appearing in Columns 3 and 6 mean that no more than the indicated percentage of the amount of the affected product which a packer packs in new fibre shipping containers during each calendar quarter may be packed in new fibre shipping containers of the capacity and specifications to which the percentage applies. Percentages should be computed without regard to any shipments made in accordance with the exceptions stated in paragraph (1) (2). "Specifications" indicate the Mullen test and type of containerboard which may be used. "COR" means corrugated fibre. "F" means solid fibre.

For an example of how to use this schedule, a packer of spareribs for Class A shipments knows that fifty per cent of all spareribs that he packs in fibre shipping containers for such shipments may be packed in corrugated containers having a minimum of 30 pounds

SCHEDULE IV—PACKING SPECIFICATIONS—Continued

of spareribs in each container and a maximum Mullen test of 175 pound. In computing his percentage of spareribs packed in any calendar quarter, the deliveries to persons listed in paragraph (1) (2) must be excluded. He may possibly be able to use solid fibre shipping containers under the exception stated above. However, he may pack an unlimited amount of spareribs for Class A shipments in corrugated or solid fibre shipping containers having a minimum of 50 pounds of spareribs in each container and a maximum of Mullen test of 275 pound for the corrugated container or 200 pound for the solid fibre container.

INTERPRETATION 4

LAUNDRY BOXES AND LAUNDRY SHELLS

The words "Laundry boxes and laundry shells" in Item d of Schedule I of Order L-317 mean those boxes and shells designed for use by commercial laundries. Paragraph (d) of that order prohibits a person from using solid fibre (.045 or heavier) or corrugated fibre to manufacture any container of the types listed in Schedule I of the order. The prohibited type of container listed as Item d of that schedule does not include those containers designed for use by individuals as "over-night bags" or for other personal uses such as shipping soiled clothes and similar articles. (Issued March 2, 1945.)

INTERPRETATION 5

REPAIRED OR RECONDITIONED CONTAINERS

A question has arisen as to whether the acceptance or use of certain types of containers made from solid fibre (.045 or heavier) or corrugated fibre is subject to the provisions of Order L-317. The containers in question are those which a packer obtains that have been used previously either by him or by someone else for packing, storing or shipping a product and that are not suitable for immediate reuse. These used containers are either repaired or reconditioned in his establishment or are sent to other persons for such work to be performed and then returned to him. In either case, the used containers are repaired by taping the damaged parts or are cut into different sizes and the sides and ends taped together. Used liners that were part of the previously used containers are sometimes separated from the containers and are reformed and reshaped to make containers of various sizes.

In all cases covered by this interpretation, the newly shaped containers consist of no containerboard except used sides and tops and bottoms of the original containers or liners that have been previously used. No unused containerboard is added. The containerboard in such containers or liners is not reprocessed or ground into pulp as is the case when used containerboard is received by a containerboard manufacturer.

The reformed and reshaped containers described above are not subject to the restrictions of Order L-317. Such containers are not "fibre shipping containers" as defined in paragraph (b) (1) of Order L-317, because they are not regarded as being "new". (Issued April 24, 1945.)

PART 3270—CONTAINERS

[Preference Rating Order P-140, Direction 3 as Amended Aug. 7, 1945]

RATINGS FOR CONTAINERS FOR MILK POWDER

The following amended direction is issued pursuant to Preference Rating Order P-140:

Order P-140 assigns a rating of AA-2X for wooden shipping containers for the shipment of foods. However, any person who has received an order from War Food Administration for milk powder bearing an endorsement that it is for Lend-Lease purposes or who is required by a War Food Administration Order to set aside any part of his milk powder production for purchase by the War Food Administration, may use a rating of AA-2 to get the slack barrels that he will need to fill or comply with such orders. However, the AA-2 rating may only be used on orders calling for delivery of the slack barrels on or before December 31, 1945. The certification accompanying the order for the barrels shall refer to "Direction 3" instead of "Paragraph------".

Issued this 7th day of August 1945.

[Order M-290, Revocation of Direction 2]

USE OF SOLID FIBRE CONTAINER PRODUCTION EQUIPMENT

Direction 2 to Order M-290 is revoked. This revocation does not affect any liabilities incurred for violations of the direction or of actions taken by the War Production Board under the direction. The use of solid fibre container production equipment remains subject to all other applicable orders and regulations of the War Production Board.

Issued this 7th day of August 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-217, as Amended Aug. 7, 1945]

FOOTWEAR

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of shoe manufacturing material for defense for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.191 *Conservation Order M-217*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board and Conservation Order M-328, as amended from time to time, except as follows:

(1) Priorities Regulation 17 shall be inapplicable to footwear.

(2) Military footwear which has been rejected by Government inspectors and stamped to indicate its rejection may be sold without regard to Paragraph 944.11 of Priorities Regulation 1 or paragraph (e) (3) of Conservation Order M-328.

(b) *Definitions.* For the purposes of this order:

(1) "Put into process" means the first cutting of leather or fabric in the manufacture of footwear.

(2) "Footwear" includes house slippers, but does not include (i) rubber footwear or (ii) foot covering designed to be worn over shoes and utilizing no leather.

(3) "Work shoes" means any shoes or boots with unlined quarters which are designed to be worn at any form of work requiring specially heavy or substantially made footwear.

(4) [Deleted June 14, 1945.]

(5) [Deleted June 14, 1945.]

(6) "Cattle hide leather" means any leather (including splits) made from cattle hides, including hides of bulls, cows, and steers, and calf and kip skins (but excluding slunks) and shall also include buffalo hides.

(7) [Deleted Nov. 9, 1944.]

(8) "House slippers" means any footwear designed exclusively for indoor or house wear.

(9) [Deleted Mar. 9, 1944.]

(10) "Line" means footwear of any one of the following types:

Men's dress
Men's work
Youths' and boys'
Women's and growing girls'
Misses' and children's
Infants'
House slippers
Athletic
Men's safety shoes, and
Women's safety shoes

to the extent that such type of footwear is manufactured for sale by the manufacturer in a price range where the highest list price does not exceed the lowest by more than 10% or 25¢ a pair (whichever is greater): *Provided*, That:

(i) Footwear of identical kind and quality sold at different prices to different types of purchasers may be included in one line if the highest price in the range is an actual price at which this footwear was sold during the base period, and the concession price for the same footwear is not more than 15% below the highest price in the range.

(ii) In case the sale by the manufacturer is at retail or to a purchaser which controls, is controlled by, or is subject to common control with, the manufacturer, then the applicable price range shall be the retail price range.

(iii) Up to the net wholesale price shown on the following schedule, each type of footwear listed may be deemed one line:

Type:	*Maximum net wholesale price per pair*
Misses' and children's	$1.75
Youths' and boys' (without leather)	1.90
Youths' and boys' (utilizing leather)	2.50
Women's and growing girls' (including safety) (without leather)	1.90
Women's and growing girls' (including safety) (utilizing leather)	2.50
Men's work, dress and safety (without leather)	1.90
Men's work, dress and safety (utilizing leather)	3.00
House slippers (with or without leather)	1.60
Infants', sizes 0-4 (utilizing leather)	.90
Type—Continued.	
Infants', sizes 0-4 (made without leather)	$0.75
Infants', sizes 4½ to 8 (with or without leather)	1.35

NOTE: For the purposes of this schedule, footwear utilizing no leather except for heel top lifts shall be considered as having been made without leather.

(iv) Nothing in this order shall be deemed to permit overlapping price lines.

(11) [Deleted May 1, 1945.]

(12) "Military footwear" means military type footwear purchased by the Army or Navy of the United States (excluding post exchanges and ship's service stores, wherever situated), the United States Naval Academy at Annapolis, Maryland, the United States Military Academy at West Point, New York, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, the War Shipping Administration, the Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, the Netherlands, Norway, Poland, Russia, Turkey, the United Kingdom (including its Dominions, Crown Colonies and Protectorates) and Yugoslavia; military type footwear purchased by any agency of the United States for delivery to or for the account of the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); and custom-made footwear delivered for personnel of the Army or Navy of the United States.

(13) "Civilian footwear" as used in paragraph (i) includes all footwear except military footwear and rubber footwear.

(14) "Six months' base period" means any consecutive six calendar months within the period from July 1, 1942 through April 30, 1943 selected by a manufacturer as his base period for the purposes of this order.

(15) "Civilian line quota" means the number of pairs of civilian footwear within a single line manufactured by a person during his six months' base period, as set forth on his base period report.

(16) "Safety shoes" means protective occupational footwear incorporating or purporting to incorporate one or more of the following safety features: steel box toe; electrical conductivity; electrical resistance; non-sparking and moulders' (Congress type) protection (shoes which can be quickly removed, worn to protect against splashing metals).

(17) "Long shield tip" means a shield tip having a horizontal measurement from the bottom of the curve to the upper end of the tip of more than 1 inch (using size 4B as a standard).

(18) [Deleted Nov. 9, 1944.]

(19) [Deleted Nov. 9, 1944.]

(c) *Curtailment in the use of materials and colors in the manufacture of footwear.* (1) No person shall manufacture, or put into process any leather or fabric for the manufacture of, any footwear with:

(i) [Deleted June 14, 1945.]

(ii) [Deleted June 14, 1945.]

(iii) Wing or shield tips on men's shoes and boys' shoes over size 6, or wing tips or long shield tips on women's, girls', misses', youths', little gents' and children's shoes and boys' shoes of sizes 6 and under.

(iv) Full overlay tips or full overlay foxings, except on work shoes and footwear with fabric uppers.

(v) [Deleted June 14, 1945.]

(vi) [Deleted June 14, 1945.]

(vii) Bows or other ornaments, if made in whole or in part of leather (excluding scrap).

(viii) Outside leather taps, on footwear other than men's high shoes, unless the middle sole is of synthetic composition material.

(ix) Leather slip soles other than those cut from bellies or offal.

(x) More than one full leather sole, in Goodyear welt footwear other than work shoes and safety shoes.

(xi) Full breasted heels, except on hand-turned footwear.

(xii) [Deleted Aug. 26, 1944.]

(xiii) [Deleted Aug. 26, 1944.]

(xiv) Men's one-piece leather uppers (i. e., vamp and quarter cut in one piece and seamed up the back).

(xv) [Deleted Aug. 26, 1944.]

(xvi) [Deleted Aug. 26, 1944.]

(xvii) [Deleted Aug. 26, 1944.]

(xix) [Deleted June 14, 1945.]

(xx) [Deleted June 14, 1945.]

(xxi) [Deleted Aug. 26, 1944.]

(xxii) [Deleted June 14, 1945.]

(xxiii) Kiltie or other ornamental tongues, if made of leather in whole or in part.

(xxiv) [Deleted Aug. 26, 1944.]

(xxv) Leather covered platforms or leather platform effects, on any footwear.

(xxvi) [Deleted Aug. 26, 1944.]

(xxvii) [Deleted Aug. 26, 1944.]

(xxviii) [Deleted Aug. 26, 1944.]

(xxix) Rawhide or other leather laces, except on work shoes.

(xxx) [Deleted June 14, 1945.]

(2) [Deleted Aug. 26, 1944.]

(3) No person shall put into process any leather for the manufacture of any boots (including jodhpurs and jodhpur types) except men's blucher high cut laced boots ten inches or under in height (measured from heel seat, using size 7 as the standard) and men's and women's utility work cowboy boots: except that any person who has an established quota under paragraph (i) for men's work shoes may produce genuine logger boots with calks or linemen's boots above 10 inches in height; *Provided*, That within ten days after the end of each calendar month he sends to the War Production Board, Leather and Shoe Division, Washington 25, D. C., Ref: M-217, a letter showing the number and kinds of boots made, and, in the case of line-

men's boots, the names of the individuals for whom they were made.

(4) [Deleted June 14, 1945.]

(5) [Deleted Aug. 26, 1944.]

(6) [Deleted June 14, 1945.]

(7) No person shall, in the manufacture of house slippers or romeos, put into process for uppers any cattle hide leather (including splits) or goatskin or kidskin leather (including India-tanned goatskin or kidskin) or put into process for outsoles any cattle hide grain leather other than heads, bellies, shins, and shanks of 5 iron or less. No person shall utilize any leather in the manufacture of infants' house slippers in sizes 0 to 4, inclusive.

(8) [Deleted July 19,1945.]

(9) [Deleted Aug. 26, 1944.]

(10) [Deleted Aug. 26, 1944.]

(11) No person shall manufacture any leather or part leather bows for use on footwear, except out of scrap.

(12) No person shall attach any soles heavier than 4 iron cut from chrome, chrome retan, or any combination chrome tanned cattlehide or horse butt leather, (excluding splits, to any footwear except infants', misses' and children's shoes (excluding all sizes over size 3), youths' and boys' shoes (excluding all sizes over size 6), men's work shoes, and men's and women's safety shoes manufactured in accordance with paragraph (e–1) below. This provision does not apply to repair.

(13) With respect to:

(i) Foot wear especially designed for the physically maimed and deformed;

(ii) Misses' and children's shoes (up to and including size 3);

(iii) Infants' shoes; and

(iv) Youths' and boys' shoes (up to and including size 6); no person shall utilize any upper leather or lining leather set aside by tanners for such footwear pursuant to Conservation Order M–310 or directions issued thereunder except in the manufacture of one of those types of footwear.

(d) *Restrictions on styling and types manufactured.* (1) [Deleted June 14, 1945.]

(2) [Deleted Aug. 26, 1944.]

(3) [Deleted Aug. 26, 1944.]

(4) No person shall attach to any footwear (except infants' footwear, house slippers or women's gold or silver evening slippers) outsoles, other than wooden soles, not conforming to the specifications contained in Schedule I annexed to this order.

(e) *Exceptions to paragraphs* (c) *and* (d) *above.* The foregoing prohibitions and restrictions of this order shall not apply to:

(1) Footwear made wholly without leather except for leather top lifts if used. This exemption shall extend only to paragraph (c).

(2) Special types of footwear made for the physically deformed or maimed.

(3) Football, baseball, hockey, skating, bowling, track, and ski shoes and other similar footwear designed for use in active participation in sports which require specially constructed footwear for such use. This does not include golf shoes.

(4) Footwear forming part of historical or other costumes for theatrical productions.

(5) Infants' footwear up to and including size 4, except that this exemption shall not extend to paragraph (c) (7).

(6) Footwear made wholly or primarily of shearlings provided no other leather is used in their manufacture.

(e–1) *Restrictions on the manufacture of safety shoes.* No person shall manufacture any safety shoes which have leather uppers with leather or rubber (including synthetic rubber) compound bottoms, except those which comply with the safety features as to safety toe box, electric conductivity, electrical properties, non-sparking and moulders protection in the American War Standards Specifications for protective occupational footwear, men's safety shoes and women's safety shoes, Z41.1 to Z41.9 inclusive, 1944. Only those parts of the specifications relating specifically and solely to the safety features listed above and to the test requirements shall be applicable.

Upon letter application the War Production Board may authorize deviations from the above-mentioned standards when necessary to meet minimum civilian requirements for safety shoes.

(f) [Deleted Aug. 26, 1944.]

(g) *General exceptions.* None of the restrictions of this order shall apply to military footwear, or to footwear made as trials or pullovers but not sold.

(h) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear manufactured in the United States of America in violation of this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker, or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) In making sales or delivery of any footwear, no person shall make discriminatory cuts in quantity or quality between customers who meet such person's regularly established prices, terms and credit requirements, or between customers and his own consumption of said footwear. Reduction in sales or deliveries proportionate with any curtailment in supply available for nonmilitary use shall not constitute a discriminatory cut.

(5) With respect to:

(i) Footwear especially designed for the physically maimed and deformed;

(ii) Misses' and children's shoes (up to and including size 3);

(iii) Infants' shoes; and

(iv) Youths' and boys' shoes (up to and including size 6); no manufacturer shall accept delivery of any upper leather or lining leather reserved by tanners for such footwear pursuant to Conservation Order M–310 or directions issued thereunder if his supply of leather suitable for such footwear and obtained on certificate pursuant to such direction shall thereby become larger than a 30-days' inventory. A 30-days' inventory shall be deemed to be the quantity of leather actually used for the production of shoes of these types during the preceding calendar month, unless no such footwear was produced in that month, in which case a 30-days' inventory shall be deemed to be the leather required to manufacture his scheduled production of such shoes for the following thirty days.

(i) *Restrictions on production of lines of footwear.* (1) No person shall in any six months' period beginning with March 1 or September 1 in any year complete the manufacture of more civilian footwear within any line than the percentage of his civilian line quota for such line shown on the following schedule:

Each line of youths' and boys' shoes	125
Each line of men's safety shoes	125
Each line of men's work shoes	125
Each line of men's dress shoes	100
Each line of women's and growing girls' shoes	100
Each line of house slippers	100
Each line of athletic shoes	100
Each line of women's safety shoes	100

With respect to (i) infants' footwear and (ii) misses' and children's footwear, no manufacturer may exceed 125% of his aggregate civilian line quotas for all lines of infants' footwear, and no manufacturer may exceed 125% of his aggregate civilian line quotas for all lines of misses' and children's footwear, but his production within each of these two types of footwear may be distributed among his established lines in any manner desired, except that the production in any line consisting of less than 50 pairs or 2% of the total production of that type of footwear (whichever is greater) during the base period may not be increased by more than 25%:

Provided, however, That to the extent that a manufacturer's production of military footwear shows a decrease below that during his six months' base period, his production within any line of civilian footwear may exceed the civilian line quota for such line by its proportionate part of such decrease; and to the extent that such manufacturer's production of military footwear shows an increase over that during the six months' base period, each civilian line quota of such manufacturer shall be diminished by its proportionate part of such increase; *and provided further,* That to the extent that a manufacturer's production of military footwear during the six months' period ending September 1, 1945 increases over his military production during the six months' period ending March 1, 1945, he may deduct the increased pairage of military footwear from any civilian line or lines of men's dress or work shoes, or, in the event that he does not have sufficient quota in men's dress or work shoes, he may deduct the remaining pairage from his quota on any civilian line or lines of youths' and boys' shoes.

(2) No person shall manufacture any line of footwear (except military footwear) not manufactured by him in his six months' base period.

(3) *Exceptions to paragraphs* (i) (1) *and* (i) (2). (i) A lower priced line of the same type of civilian footwear may be substituted in whole or in part for a higher priced line.

(ii) The unused quota of any higher priced line may be added to the quota of a lower priced line of the same type of civilian footwear.

Any person may add 125% of the unused portion of his civilian line quota or quotas of men's dress and women's and growing girls' shoes to his quotas of the types shown below up to a maximum of six times the amount actually transferred pursuant to this paragraph (i) (3) (ii) during the month of March, 1945:

Type:
Men's work shoes
Youths' and boys' shoes
Misses' and children's shoes
Infants' shoes

In no event shall any unused quota be added to a higher priced line.

(iii) A person may exceed his civilian line quota for any line of women's safety shoes if a pairage equal to such excess is deducted from some other line or lines of footwear.

(iv) During any six months' period, beginning March 1 or September 1 in any year, a manufacturer whose total production for the period will be less than $250,000 (based on wholesale value) is not subject to paragraph (i) (1), provided that no new higher priced lines are added and provided the manufacturer does not exceed his aggregate production in pairs during his six months' base period by more than 50%. The exemption in this paragraph shall not apply to a manufacturer affiliated, as a subsidiary or otherwise with another or others. This paragraph shall not authorize any manufacturer to increase his production by more than 50% in any line consisting of less than 50 pairs or 2% of his total production of that type of footwear (whichever is greater) during the base period.

(v) Paragraphs (i) (1) and (i) (2) shall not apply to footwear for the physically maimed or deformed on a custom-made basis and not for stock, to wood sole clogs utilizing no leather, to shearling house slippers utilizing no other leather, or to footwear shown on the following schedule if manufactured for sale at or below the net wholesale prices shown opposite the respective types:

Type:	*Maximum net wholesale price per pair*
Misses' and children's	$1.75
Youths' and boys' (without leather)	1.90
Youths' and boys' (utilizing leather)	2.50
Women's and growing girls' (including safety) (without leather)	1.90
Women's and growing girls' (including safety) (utilizing leather)	2.50
Men's work, dress and safety (without leather)	$1.90
Men's work, dress and safety (utilizing leather)	3.00
House slippers (with or without leather)	1.60
Infants', sizes 0–4 (utilizing leather)	.90
Infants', sizes 0–4 (made without leather)	.75
Infants', sizes 4½ to 8 (with or without leather)	1.35

NOTE: For the purposes of this schedule, footwear utilizing no leather except for heel top lifts shall be considered as having been made without leather.

However, any person who wishes to produce shoes under the foregoing exemption must so notify the War Production Board by letter, stating the types of shoes to be made, the materials to be used, the price ranges and his estimated six months' production. Persons who have not previously produced shoes in such price ranges must at the same time apply for specific price approval to the Office of Price Administration. In no case, may a person commence the production of shoes under this exemption until he has received acknowledgment from the War Production Board of the receipt of the letter of intention to produce and, where pertinent, of evidence of price approval from the Office of Price Administration.

(vi) The War Production Board may authorize transfers of quotas of footwear from one line or type to any other line or type and new or additional production in each line or type. It will in general be the policy of the War Production Board to authorize new or additional production in lines of which there is a critical civilian shortage or lines of reasonably durable footwear where such production will not require materials, components, facilities or labor needed for war purposes, and will not otherwise adversely affect or interfere with production for war or essential civilian purposes. Authorization will not be dependent upon the applicant's having been engaged in the production of shoes during the base period.

Application for such authorization shall be made by letter, describing fully the footwear manufactured or proposed to be manufactured, listing in detail all the materials to be used, and stating the pairs desired to be made in each price range, the source of the manpower that will be required, whether production will be reduced in any other line or lines, and all other facts pertaining to the application. All applications shall be accompanied by an original and three copies of Form WPB–3820. Authorization of production of new lines under this paragraph will be made only with the condition that production may not begin until evidence is furnished of conformity with applicable Office of Price Administration regulations.

The War Production Board will issue footwear manufacturers' quota numbers for quotas authorized by the War Production Board or established because of base period production.

Production in new price lines, or increased production in established lines, may be granted by the War Production Board to cover production of civilian footwear purchased by or on behalf of United Nations Relief and Rehabilitation Administration or any other agency for foreign relief purposes.

(vii) Manufacturers qualifying for an increase in price on footwear with non-marking synthetic rubber soles, or soles and heels, under Order No. 13 under § 1499.3 (e) (3) of General Maximum Price Regulations, issued by the Office of Price Administration, may disregard such increase for the purposes of this paragraph (i). However, where the increase results in production of shoes in a higher price line, the number of pairs so produced shall be reported separately on the manufacturer's production report at the actual price, as indicated in the revised directions to said form.

(viii) Where a manufacturer produced in his base period a line of misses' and children's footwear of less than 50 pair or 2% of his total production of that type, he may increase his production of this line in any six months' period to not more than six times his lawful production of the line in January, 1945, *Provided*, That, he deducts the production in excess of 125% of his base period production in this line from his other lines of misses' and children's shoes.

(ix) Any person with an established quota or quotas for the production of women's and growing girls' shoes may produce up to 10% of his aggregate quota or quotas in women's all-over genuine reptile (including frog) shoes in any line or lines at a net wholesale price of $4.50 per pair or less, provided that the number of pairs of shoes produced under this paragraph (i) (3) (ix) is counted as production against the quota for that line or those lines, if any. In the event that there is no quota in a line in which such shoes are being produced, or that the number of pairs in the quota for that line does not equal the number of all-over genuine reptile (including frog) shoes produced, the number of such shoes produced must be counted as production against the quota for that line, if any, and for the next lower lines in descending order as to price as far as is necessary, and exhausting the quota of each line before proceeding to the next lower line. Records must be kept of the number of all-over genuine reptile shoes produced in each line.

(4) The period selected by any person as his six months' base period shall apply to all lines and may not be subsequently changed. After July 11, 1944, lines manufactured by any person in his six months' base period as previously filed with the War Production Board

may not be revised, except to bring them into conformity with this order.

(j) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) *Records.* All persons affected by this order shall keep and preserve records concerning their operations in accordance with § 944.15 of Priorities Regulation 1.

(l) *Reports.* All persons affected by this order shall file such reports and questionnaires as may be requested by the War Production Board subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref.: M-217.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 7th day of August 1945.

Recording Secretary.

APPENDIX A: Superseded Nov. 9, 1944.

SCHEDULE I—SPECIFICATIONS FOR SOLES

Abrasion. The material shall have a resistance to abrasion of not less than 4000 revolutions to abrade 50% of the thickness of the material, when tested on the type of machine used by and following the procedure of the National Bureau of Standards. The material may be tested on any other abrasive testing machine, using an appropriate number of abrasive strokes of revolutions to give abrasive action equivalent to the above.

Crackiness. The material shall not crack, after conditioning for 4 hours, at 32° F. and testing at that temperature, when bent 180° over a 3-inch mandrel. The material shall not crack, after aging for 48 hours at 120° F. ± 2° F. and reconditioning at 65 per cent ± 2 per cent relative humidity and 120° F. ± 2° F. when bent 180° over a 3-inch mandrel.

Tackiness. The material shall not become tacky or flow when subjected to a temperature of 120° F. ± 2° F. for 4 hours.

Stitch tear. Material which is used for stitched soles shall have a stitch tear strength of not less than 30 pounds when tested dry, and not less than 25 pounds when tested immediately after soaking in water for 4 hours. When the outsole is cemented securely to a backer or midsole, the test shall be made of the combined assembly.

Effect of water. After submerging in water at 75° F. ± 2° F. for 4 hours, the material shall not show visual evidence of delamination or separation and shall not show an increase in thickness of more than 20 per cent.

INTERPRETATION 1

The word "manufacture" in line two of paragraph (c) (1) of § 3290.191 (Conservation Order M-217), refers to the operation whereby the features mentioned in subdivisions (i) to (xvii), inclusive, of said paragraph became a part of the footwear.

Illustration: Subdivision (iv) refers to full overlaid tips or full overlaid foxings except on work shoes. The order prohibits the placing of full overlay tips or full overlay foxings on dress shoes after October 31, 1942. But it does not prohibit the completion of the shoe if an overlaid tip or an overlaid foxing has been affixed prior to said date (Issued October 6, 1942.)

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328, Direction 21]

PRODUCTION AND DISTRIBUTION OF COTTON AND SYNTHETIC FIBER TIRE AND FUEL CELL CORD

The following direction is issued pursuant to Conservation Order M-328:

(a) *What this direction does.* This direction requires producers of cotton and synthetic fiber tire and fuel cell cord to produce only such cord on twister spindles which, on March 31, 1944 or thereafter, were on either single or double twisting operations for tire or fuel cell cord. It also prohibits transactions in tire or fuel cell cord except on purchase orders which carry the required certifications.

The requirements of this direction apply to all production and distribution of tire and fuel cell cord, whether for delivery to the armed forces, other government agencies, for export, or for civilian purposes.

(b) *Production requirements*—(1) *Required use of twister spindles for cotton and synthetic fiber tire and fuel cell cord.* Effective August 27, 1945 regardless of any other regulations, orders or directions issued by the War Production Board, or of any rated orders received, no person shall operate or permit to be operated any twister spindles which, on March 31, 1944 or thereafter, were on, or assigned to, either single or double twisting operations in the production of cotton or synthetic fiber tire or fuel cell cord, except to produce such cord. Such twister spindles may operate interchangeably to produce tire or fuel cell cord made out of either cotton or synthetic fiber unless the War Production Board otherwise directs. The issuance of such directions will depend upon the need for particular kinds of tire or fuel cell cord, and the availability of facilities and the needed yarn.

(2) *Exceptions.* Any person who is unable to obtain the yarn which his facilities can use to make tire or fuel cell cord may apply for an authorization to use such facilities for other purposes. Such authorizations will be granted in cases where the required yarn cannot be obtained and the person applying proposes to use the facilities for other essential purposes. Authorizations under this paragraph will be for limited periods of time.

(c) *Deliveries of tire and fuel cell cord.* Effective October 1, 1945, no person shall sell or deliver and no person shall purchase or accept delivery of any cotton tire or fuel cell cord, except:

(1) On a purchase order bearing a rating assigned on Form WPB-2842, and containing in addition to the Priorities Regulation 3 certification, substantially the following certification:

This rating was assigned on Form WPB-2842, Serial No.------, for tire or fuel cell cord.

(2) Nylon tire cord may only be delivered or used pursuant to authorizations made under General Conservation Order M-336. Rayon tire cord may only be delivered or used pursuant to authorizations made under General Conservation Order M-37-d.

(The requirements of these paragraphs shall apply to all sales and deliveries including sales and deliveries to affiliates and subsidiaries and from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.)

(d) *Applications for ratings on Form WPB-2842.* Applications for ratings on Form WPB-2842 for tire or fuel cell cord will generally be considered only for production of tires, fuel cells, fuel hose, V-belts, flat belts, tire repair materials, and for export of tire and fuel cell cord, or to fill orders specifying the use of tire or fuel cell cord, from the United States Army, Navy, Maritime Commission or War Shipping Administration, and the Procurement Division of the Treasury Department. Applications must be filed on a calendar quarter basis at least 60 days before the beginning of the quarter. Applications for the 4th quarter of 1945 may be filed on or before August 15, 1945. Supplementary applications may be filed in case of extreme hardship or emergencies.

The total amount of materials for which priorities assistance will be granted under this direction is limited. Within the available supply, applications will generally be granted on a pro rata basis based on the actual consumption of the materials by the applicant during the calendar year 1944. Establishments which did not use these materials during the year 1944 (including persons who were not in business at that time) may nevertheless apply for materials and their applications will be processed on an equitable basis.

Issued this 7th day of August 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328, Direction 22]

PRIORITIES ASSISTANCE FOR CARDED COTTON YARN FOR MANUFACTURERS OF BROAD WOVEN RAYON FAILLE FOR SHOE LININGS

The following direction is issued pursuant to Conservation Order M-328:

(a) *Who may obtain priorities assistance.* Manufacturers of broad woven rayon faille for shoe linings who need carded cotton yarn before October 1, 1945 for the production of broad woven rayon faille for shoe linings and who are unable to obtain it without a preference rating may apply for priorities assistance with which to obtain carded cotton yarn for such purposes. If, before the issuance of this direction, a manufacturer has already applied for priorities assistance to fill his carded cotton yarn needs for the period covered by this direction, he does not need to apply again.

(b) *Applications for carded cotton yarn.* If a manufacturer wants priorities assistance to get carded cotton yarn for the purpose of making broad woven rayon faille for shoe linings he must apply on Form WPB-2842 to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref: Direction 22 to M-328 not later than August 17, 1945. Form WPB-2842 must be accompanied by a letter containing substantially the following certificate:

The undersigned hereby represents to the War Production Board that he will use the materials obtained on this application only for the production of broad woven rayon faille for shoe linings; that the quantity of yarn which he estimates will be incorporated into rationed shoes is --------; that the quantity of yarn which he estimates will be incorporated in non-rationed shoes is -------

---
(Name of manufacturer)

(Address)
By ---
(Signature and title of duly authorized officer)

(Date)

(c) *Allocations of materials.* The War Production Board, in proper cases, and in accordance with the policy stated below, will, on Form WPB-2842 assign a preference rating and specify the amount and type of carded cotton yarn authorized. The total amount of carded cotton yarn for which priorities assistance will be granted under this direction is limited. Within the available supply, applications will generally be granted pro-rata, based on the amount of carded cotton yarn used by the applicant in the manufacture of broad woven rayon faille for shoe linings in the second quarter of 1945. Persons who did not use cotton yarns in the manufacture of broad woven rayon faille for shoe linings in the second quarter of 1945 and persons whose use of cotton yarn for such purposes during that period was below their usual quarterly consumption may, nevertheless, apply for their needs and their applications will be processed on an equitable basis.

(d) *Applications and extensions of preference ratings.* Orders for carded cotton yarn may be placed and preference ratings assigned under this direction must be applied and extended in the manner provided in Priorities Regulations 1 and 3. The purchaser must add the following certification properly filled in to the certification described in Priorities Regulation 3 or 7:

This rating has been assigned on Form WPB-2842. WPB Case Number ---------

No person may apply a preference rating assigned under this direction to an order calling for delivery of carded cotton yarn after September 30, 1945.

(e) *Certifications for shoe manufacturers.* Shoe manufacturers who purchase broad woven rayon faille for shoe linings produced with priorities assistance given under this direction, must attach to their orders for broad woven rayon faille for shoe linings substantially the following certification:

The undersigned hereby represents to the seller and to the War Production Board that he will use the materials purchased hereunder only in the production of shoes; that ------ yards of the broad woven rayon faille purchased will be used in the production of rationed shoes; and that ------ yards of the broad woven rayon faille purchased will be used in the production of unrationed shoes.

PART 3290—TEXTILES, CLOTHING AND LEATHER

[Conservation Order M-328, Direction 23]

PRIORITIES ASSISTANCE FOR COMBED COTTON YARN FOR MANUFACTURERS OF NARROW BINDINGS AND TAPES FOR FOOTWEAR

The following direction is issued pursuant to Conservation Order M-328:

(a) *Who may obtain priorities assistance.* Manufacturers of narrow bindings and tapes for footwear who need combed cotton yarn before October 1, 1945 for the production of narrow bindings and tapes for footwear and who are unable to obtain it without a preference rating may apply for priorities assistance with which to obtain combed cotton yarn for such purposes. If, before the issuance of this direction, a manufacturer has already applied for priorities assistance to fill his combed cotton yarn needs for the period covered by this direction, he does not need to apply again.

(b) *Applications for combed cotton yarn.* If a manufacturer wants priorities assistance to get combed cotton yarn for the purpose of making narrow bindings and tapes for footwear, he must apply on Form WPB-2842 to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Ref: Direction 23 to M-328 not later than August 17, 1945. Form WPB-2842 must be accompanied by a letter containing substantially the following certificate:

The undersigned hereby represents to the War Production Board that he will use the materials obtained on this application only for the production of bindings and tapes for footwear; that the quantity of combed cotton yarn which he estimates will be incorporated into rationed footwear is --------; that the quantity of combed cotton yarn which he estimates will be incorporated in non-rationed footwear is ---------

(c) *Allocations of materials.* The War Production Board, in proper cases, and in accordance with the policy stated below, will, on Form WPB-2842 assign a preference rating and specify the amount and type of combed cotton yarn authorized. The total amount of combed cotton yarn for which priorities assistance will be granted under this direction is limited. Within the available supply, applications will generally be granted pro rata, based on the amount of combed cotton yarn used by the applicant in the manufacture of narrow bindings and tapes for footwear in the second quarter of 1945. Persons who did not use combed cotton yarns in the manufacture of narrow bindings and tapes for footwear in the second quarter of 1945 and persons whose use of combed cotton yarn for such purposes during that period was below their usual quarterly consumption may, nevertheless, apply for their needs and their applications will be processed on an equitable basis.

(d) *Applications and extensions of preference ratings.* Orders for combed cotton yarn may be placed and preference ratings assigned under this direction must be applied and extended in the manner provided in Priorities Regulations 1 and 3. The purchaser must add the following certification properly filled in to the certification described in Priorities Regulation 3 or 7:

This rating has been assigned on Form WPB-2842. WPB Case Number ----------

No person may apply a preference rating assigned under this direction to an order calling for delivery of combed cotton yarn after September 30, 1945.

(e) *Certification for footwear manufacturers.* Footwear manufacturers who purchase narrow bindings and tapes produced with priorities assistance given under this direction, must attach to their orders for narrow bindings and tapes substantially the following certification:

The undersigned hereby represents to the seller and to the War Production Board that he will use the materials purchased hereunder only in the production of footwear; that ------ yards of the narrow bindings purchased and ------ yards of the tapes purchased will be used in the production of rationed footwear; and that ------ yards of the narrow bindings purchased and ------ yards of the tapes purchased will be used in the production of unrationed footwear.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Gen. RO 5,[1] Amdt. 113]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 31.1 (d) is amended to read as follows:

(d) Any Group IV institutional user establishment for which such a special allotment is granted will be required to register separately so that the allotment can be used only for feeding the persons for whose benefit it is granted. Furthermore, any special allotment granted, except in the case of Group IV users feeding coal and ore miners, will be in place of all other allotments to which the user might otherwise be entitled, since the purpose of the special allotment will be to cover nutritional needs to the extent that food supplies and other conditions permit.

This amendment shall become effective August 10, 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RMPR 131, Amdt. 3]

CAMELBACK AND TIRE AND TUBE REPAIR MATERIALS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 131 is amended in the following respects:

1. Section 5a (a) is amended to read as follows:

(a) *Applicability.* This section applies to sales of all reliners, patches, and boots made from scrap materials and sold to jobbers, vulcanizers, recappers, retailers, mail order houses, and chain store systems. "Jobber" as used in this section, means any person whose sales to resellers constitute the major part of his total sales of commodities covered by this section. "Mail order houses" as used in this section, means a person whose sales through the mail constitute the major part of his total sales of commodities covered by this section. "Chain store systems" means two or more units, centrally owned or operated, handling substantially similar lines of merchandise at retail. As used in this section, chain store systems shall be divided into those with more than 25 units and those with 25 units or less. "Retailer" as used in this section, means a person other than a mail order house or chain store system whose sales to purchasers for use constitute the major part of his total sales of commodities covered by this section.

2. The headnote of paragraph (c) in section 5a is amended to read as follows:

(c) *Maximum prices of reliners, patches, and boots meeting minimum quality specifications on sales to vulcanizers, recappers, and certain retailers (not including mail order houses or chain store systems of more than 25 units).*

3. Subparagraph (5) of section 5a (c) is amended to read as follows:

(5) *Reliners, patches, and boots made from scrap materials which are not priced under (1), (2), (3), (4).* The maximum price of any size or type reliner, patch, or boot, made from scrap material, meeting the minimum quality specifications of paragraph (b) but not shown in subparagraphs (1), (2), (3), or (4) above, shall be a price in line with the level of maximum prices established by this section, specifically authorized by the Office of Price Administration. Notwithstanding any other provision in this section, gum covered patches made from fuel cells, double cushion tire patches made from scrap materials and criss-cross patches (which are made of scrap material, cushion covered, and skived ply by ply to give the effect of a built-up patch) shall also be priced under this subparagraph. A manufacturer must determine his maximum price under this paragraph before he is permitted to sell or offer for sale any such commodity. A manufacturer who seeks an authorization under this paragraph shall file with the Office of Price Administration, Washington, D. C. an application setting forth the data specified in paragraph (b) of section 5 of this regulation. The authorization will be in writing and will establish a specific maximum price or prices. The authorization may at the same time establish maximum prices or pricing methods for resale. Any manufacturer who establishes maximum prices under this section for reliners, patches, or boots, shall notify in writing all jobbers to whom he sells such commodities of the maximum prices established for sales to jobbers and retailers at the time he first sells or offers to sell any such materials to the jobber or retailer or at any time prior thereto, and at the same time, the manufacturers shall notify in writing all buyers of such commodities of the maximum prices or pricing methods, if any, established for resale. The jobber may not sell or offer for sale any commodity covered by this section until he has received a written notification of the maximum price. If the jobber does not in fact receive such written notification from the manufacturer, he shall apply to the Office of Price Administration, Washington, D. C., for such notification.

4. Paragraph (d) of section 5a is redesignated (e) and is amended to read as follows:

(e) *Maximum prices of reliners, patches, and boots not meeting minimum quality specifications.* The maximum prices of reliners, patches, and boots when sold as such by any seller but which do not meet the minimum quality specifications set forth in (b), shall be determined under section 6a.

5. A new paragraph designated (d) is added to section 5a, to read as follows:

(d) *Maximum prices of reliners, patches, and boots meeting minimum quality specifications on sales to jobbers, mail order houses, and chain store systems of more than 25 units.* The maximum prices of reliners, patches, and boots meeting minimum quality specifications, when sold to jobbers, and mail order houses, or chain store systems with more than 25 units, shall be the maximum prices determined under (c) above, less a minimum discount of 20 percent.

6. Paragraph (e) of section 5a is redesignated paragraph (f).

7. A new paragraph, designated (g), is added to 5a, to read as follows:

(g) *Applications for adjustment.* The Office of Price Administration may adjust the maximum prices of any manufacturer of reliners, patches, or boots, made from scrap material, if the maximum prices established by this section subject the manufacturer to such financial hardship as will, in the opinion of the Administrator, impede or threaten to impede his production of such commodities. Relief granted under this paragraph shall be limited to the amount necessary to permit the manufacturer to supply commodities covered by this section without substantial hardship, taking into consideration the costs of production, the profit position of the manufacturer, and the nature of his business. The Office of Price Administration may, at the same time, adjust the maximum prices of any wholesale seller of such commodity. Applications for adjustment under this paragraph shall be filed with the Office of Price Administration, Washington, D. C., in the manner provided by Revised Procedural Regulation No. 1 and shall contain the following information:

(1) Profit and loss statements for the years 1936–1939 as well as the most recent complete fiscal year, on a total company basis. Applicant may submit his customary statement. Filing of these data is optional provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

(2) Profit and loss statements for the most recent complete fiscal year, on a departmental basis, for the production of reliners, patches, and boots, made from scrap material. If the departmental statement is not available, applicant shall submit his manufacturing costs and total unit costs on the pertinent commodities. If the applicant has submitted any of this information on OPA Financial Report Forms A and B for certain periods or has reported the exact information required herein on a previous application for adjustment of a maximum price, these periods may be omitted in this report.

(3) The proportion of applicant's sales of reliners, patches, and boots, made from scrap material, to his total sales during most recent complete fiscal period.

8. A new section, designated 6a, is added, to read as follows:

SEC. 6a. *Maximum prices for scrap commodities.*—(a) *Commodities covered by this section.* This section covers all camelback and tire and tube repair materials, including reliners, patches, and boots made from scrap materials, (1) which do not meet minimum quality specifications set forth in this regulation, or (2) for which no minimum quality specifications are listed in this regulation but which, according to generally accepted industry standards for finished products, are so imperfect, damaged, or defective at time of sale as to render them not suitable for the purposes for which they are intended, produced, and sold.

(b) *Exclusions.* Commodities which are covered by (a) above but can be used for any purpose other than as scrap or waste and are sold for such other use are not covered by this section but shall be priced in accordance with the applicable regulation governing the sale of such other commodities.

(c) *Maximum prices*—(1) *To industrial consumers.* The maximum price for any sale of scrap commodities to a person consuming scrap rubber in the production of reclaimed rubber or in the manufacture of any product, or splitting scrap rubber tires into their component parts shall be determined in accordance with the provisions of Revised Price Schedule 87.

(2) *To persons other than industrial consumers.* The maximum price for any sale of scrap commodities to any person other than those in (1) above, shall be one cent per pound.

9. Section 6 (b) (1) is amended by adding thereto the following:

Tire reliners made from new materials which are the same as the items dealt in by the manufacturer during March 1942, shall be priced under paragraph (d) or (e) of this section, whichever is applicable.

10. The following item is deleted from the table in paragraph (b) (2) (ii) of section 6:

Reliners	1. Size. 2. Number of plies.

11. Paragraph (c) of section 6 is amended by adding thereto the following: "Notwithstanding the provisions of this paragraph, the maximum price of tire reliners made from new materials shall be determined under paragraph (d) or (e) of this section, whichever is applicable."

This amendment shall become effective August 13, 1945.

(NOTE: Approval of the reporting requirements in this amendment has been waived by the Budget Bureau.)

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1330—CONTAINERS

[MPR 151, Order 1]

NEW BAGS

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to § 1330.165 of Maximum Price Regulation 151, it is ordered:

(a) *Adjustable pricing of certain new cotton bags sold by the manufacturer.* (1) Any manufacturer of new bags made from cotton textile material purchased from a producer thereof on or after June 21, 1945, may sell and deliver such bags at the maximum price in effect on June 1, 1945, with an agreement with the purchaser to charge the difference, if any, between that maximum price and any higher maximum price which may thereafter be established for such sales and deliveries by the Office of Price Administration.

(2) The permission granted in subparagraph (1), above, shall remain in effect only until the date revised maximum prices of general applicability are first hereafter established for manufacturer's sales of new bags made from cotton textile material or this paragraph is revoked, whichever is earlier.

(3) No person is authorized to collect an amount in excess of the maximum price in effect on June 1, 1945, for any new bag made from cotton textile material unless, prior to the revocation of this paragraph, revised maximum prices of general applicability have been established for such bags.

This order shall become effective August 6, 1945.

Issued this 6th day of August 1945.

CHESTER BOWLES,
Administrator.

SECTION 1. *Applicability.* (a) Except for those sales exempted by paragraph (b) of this section, this regulation shall apply to all sales of imported and domestic popcorn and to all deliveries of such popcorn, whether immediate or future, in the United States.

(b) *Exempt sales*—(1) *Sales by wholesalers or retailers.* This regulation shall not apply to sales by wholesalers or retailers which are covered by Maximum Price Regulations Nos. 421, 422, or 423.

(2) *Emergency purchases by the United States Government or any of its agencies.* Whenever circumstances of emergency make a purchase by the United States Government or any of its agencies imperative and it is impossible to secure or unfair to require immediate delivery at the maximum price which would otherwise be applicable, such purchases and deliveries may be made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation, as amended: *Provided, however,* That the Administrator may by order waive the reporting of any part of the information required by section 4.3 (f) in connection with a particular purchase or group of purchases upon determining that such information may not reasonably be required under all the circumstances and he may in lieu thereof require the reporting of other information more suited to the circumstances.

(3) *Seed popcorn.* Sales and deliveries of popcorn which the buyer intends to use for seed for planting or to resell for ultimate use as seed for planting are exempt from the provisions of this regulation: *Provided,* That

(i) Each buyer shall certify in writing to his supplier at the time he contracts for its purchase, both that such popcorn is being purchased for use by the buyer as seed or for resale as seed, and that the popcorn will not be used by him or by any person affiliated with him for any other

purpose. The purchase of any lot of popcorn above the maximum prices established herein for the same popcorn when not sold or used for seed, followed by its use by the buyer or by any affiliated person for any other purpose will be a purchase above the maximum price and a violation of the regulation: Except, that a producer who finds he has purchased more seed popcorn than he needs for planting, may use the excess up to a reasonable amount, for feeding to his livestock on his farm: and except, that if a part of the popcorn is separated as unfit for seed, such part may be used by the person for other normal uses; and, except, that this subparagraph shall not apply to (a) sales in any quantity of State certified seed popcorn, or (b) to sales in quantities of less than 100 pounds of seed popcorn if properly tagged or labeled to comply with the requirements or any applicable Federal or State seed law or when tagged or labeled to show the percentages of germination and foreign material in cases where there is no such Federal or State requirement.

(ii) If seed popcorn is resold for use other than as seed, or if part is used for any other purpose, consistently with paragraph (b) (3) (i) of this section, the maximum price for such popcorn shall be calculated in accordance with the provisions governing sales and deliveries of popcorn other than seed popcorn as elsewhere set forth in this regulation.

(iii) No popcorn purchased for seed shall be commingled with popcorn not purchased for seed, unless and until the owner has determined to sell for a different use as provided in paragraph (b) (3) (ii).

(4) *Prior contracts.* This regulation shall not apply to deliveries made pursuant to contracts for the sale of popcorn entered into before the effective date of this revised regulation. Such deliveries shall remain subject to the provisions of Maximum Price Regulation No. 502, as amended.

(5) *Export sales.* The maximum prices for export sales shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation, as amended.

SEC. 2. *Sales at other than maximum prices.* (a) Regardless of any contract or obligation, no person shall sell or deliver and no person shall in the course of trade or business buy or receive any popcorn at a price above the maximum price established by this regulation nor shall any person agree, solicit, or attempt to do any of the foregoing: *Provided, however,* That certain agreements to raise prices are permissible, as provided for in paragraph (b) of this section.

(b) *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by an order of the Administrator or of any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

(c) *Prices lower than maximum prices.* Prices lower than the maximum prices established by this regulation may, of course, be charged or paid.

SEC. 3. *Evasion.* The price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods in connection with any offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to popcorn, alone or in conjunction with any other commodity, or by way of commission, service, transportation or other charge, or discount, premium or other privilege, or by tying agreement, or other trade understanding, or by any other means. Nothing in this section prohibits any person from having popcorn shelled or processed on a custom service basis and selling the shelled or processed popcorn to any person as such, provided the seller has paid the regular charge for the custom service performed.

SEC. 4. *Documents, records and reports.* Every seller and every purchaser in the course of trade or business, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records of all sales and purchases of popcorn covered by this regulation, including the date thereof, the name of the seller and purchaser, the kind of popcorn sold, the class of sales upon which the maximum price was based, the price paid or received, buyer's receiving point, and the quantity sold.

SEC. 5. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, apply to all sellers subject to this regulation, but no such license is required of, or granted to, a producer as a condition of selling an agricultural commodity produced by him. A seller's license may be suspended for violation of the license or of maximum prices provided in this regulation. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 6. *Enforcement.* Persons violating any provisions of this regulation are subject to the license revocation and suspension provisions, civil enforcement actions, suits for damages and criminal penalties as provided in the Emergency Price Control Act of 1942, as amended.

SEC. 7. *Protests, interpretations and petitions for amendment.* Any person desiring to file a protest against or seeking an interpretation or an amendment of any provision of this regulation may do so in accordance with Revised Procedural Regulation No. 1, as amended, issued by the Office of Price Administration.

SEC. 8. *Definitions.* When used in this regulation the following terms shall have the following meanings:

(a) "Person" means an individual, corporation, partnership, association or other organized group of persons or the legal successor or representative of any of the foregoing and includes the United States or any other government or any political subdivision or agency of any of the foregoing.

(b) "United States", when it refers to an area, means the 48 states and the District of Columbia.

(c) "Unshelled popcorn" means any kind of popcorn on the cob and includes snapped popcorn.

(d) "Shelled popcorn" means any popcorn as it comes from the sheller without curing, cleaning, aspirating or drying. It includes hand shelled popcorn.

(e) "Processed shelled popcorn" means any shelled popcorn that has been sacked or packaged, containing not more than 14 percent of moisture when packaged, that has been cured and cleaned, that has a popping expansion volume of at least 21 times when packed (except that the popping expansion volume of Spanish and eight row popcorn shall be at least 16 times) and must be clean, free from dirt and other foreign material and fit for human consumption to permit compliance with the provisions of the Food, Drug and Cosmetic Act of 1938. Processed popcorn must be tagged or labeled to show the following:

(1) Name and address of the first seller of the processed popcorn,

(2) Net weight of package or sack,

(3) Moisture content when packed,

(4) Kind of popcorn,

(5) Popping expansion volume when packed,

(6) That the contents of the package comply with the provisions of the Food, Drug and Cosmetic Act of 1938.

Any popcorn which otherwise meets the definition of "processed shelled popcorn" but which is not packaged or sacked shall be considered "shelled popcorn" for the purposes of this regulation.

(f) "Commercially processed popcorn" means shelled popcorn that has been sacked or packaged, fully cured, cleaned, screened, graded and tested by a commercial processor, that contains not more than 14 percent of moisture when packed, that has a popping expansion volume of at least 21 times when packed (except that the popping expansion volume on Spanish or eight row popcorn shall be at least 16 times) and that complies with the provisions of the Food, Drug and Cosmetic Act of 1938. Commercially processed popcorn must be tagged or labeled to show the following:

(1) Name and address of the commercial processor,

(2) Net weight of the package or sack,

(3) Moisture content when packed,

(4) Kind of popcorn,

(5) Popping expansion volume when packed,

(6) That the contents of the package have been processed by a commercial processor and comply with the provisions of the Food, Drug and Cosmetic Act of 1938.

Any popcorn which otherwise meets the definition of "commercially processed popcorn" but which is not packaged or sacked shall be considered "shelled popcorn" for the purposes of this regulation.

(g) "Commercial processor" means any person who registers with the Cereals, Feeds and Agricultural Chemicals Branch of the Office of Price Administration, Washington, D. C., as such. Such registration must show, in addition to the name and address of the commercial processor, that he has the following processing facilities:

(1) A permanent place of business where the processing is done with the location of such place,

(2) Popcorn cribs and storage facilities,

(3) A power fanning mill with a complete set of screens,

(4) A gravity separator,

(5) Hulling bins to insure uniformity,

(6) A moisture tester, and

(7) A popcorn tester to determine the volumn of expansion.

After 30 days from the effective date of this revised regulation, no person may sell any popcorn processed by him as commercially processed popcorn unless and until he has been duly registered with the Office of Price Administration as above set forth. Any such registration, which has not been disapproved within 20 days of the filing of such registration, shall be deemed to be approved.

(h) "Wagon wholesaler" means, with respect to any lot of popcorn, anyone who purchases popcorn for resale, stores it in his warehouse and distributes it from an inventory stocked in a truck or other conveyance under the supervision of a driver salesman who sells and makes delivery at the time and place of sales to retailers or to commercial, industrial or institutional users. Such wholesaler is a wagon wholesaler only for sales made in the above manner.

(i) "Delivered to the purchaser's customary receiving point" means delivered to the place where the particular buyer has customarily received the goods. Any amount the processor pays to move the goods beyond that point may be added to the maximum price named. In cases where the processor is dealing with the buyer for the first time "delivered to the purchaser's customary receiving point" means delivered to the buyer's place of business. "Delivery to the purchaser's customary receiving point" shall be construed in the same manner.

(j) "Trucker-merchant" means, with respect to any lot of popcorn, any person who purchases popcorn for resale and without loading it into a barge or railroad car or unloading it into an elevator or warehouse for his own account and use, transports and delivers the popcorn to his customer in a truck or wagon, wholly-owned or leased and operated by him.

(k) "Your transportation cost" means (1) If you employ a common carrier, contract carrier, or other carrier for hire or compensation, the charge which you actually incur for the transportation service; or

(2) If you do your own hauling by truck or other vehicle, the hauling allowance at the scale set forth in definition (1); or

(3) When any movement involves a combination of more than one of the types of transportation included in (1), or (2), the transportation cost for the movement of each type shall be computed separately and the results added.

(l) "Hauling allowance" means the following scale of charges:

(1) For shelled popcorn, if the total haul does not exceed 100 miles—3 cents per 100 pounds for the first five miles or fraction thereof, plus 1 cent per 100 pounds for each additional five miles or fraction thereof;

If the haul exceeds 100 miles, the lowest local carload popcorn rail rate from the rail point nearest the point of origin to the rail point nearest point of destination plus 8 cents per 100 pounds, but not to exceed 22 cents per 100 pounds, plus ¼ cent per 100 pounds for each five miles or fraction thereof over 100 miles.

(2) For unshelled popcorn, 6 cents per 100 pounds for the first five miles or fraction thereof, plus 2 cents per 100 pounds for each additional five miles or fraction thereof.

(3) In applying the above mileage scale, all distances for truck movement shall be determined via the shortest route between point of origin and point of destination reasonably suitable for truck movement.

(m) "Bulk" means (i) with respect to unshelled or shelled popcorn either packaged or unpackaged, or (ii) with respect to processed or commercial processed popcorn, packaged in containers of over three pounds.

(n) "Packaged" means processed or commercially processed popcorn in packages of three pounds or less.

SEC. 9. *Maximum price for sales of unshelled popcorn.* The maximum price for any lot of unshelled popcorn at the first sale shall be $3.68 per hundred pounds, net weight, delivered to the buyer at the farm where grown: *Provided,* That, if the lot of popcorn is delivered off the farm where grown, your transportation cost from such farm to the buyer's receiving point may be added.

SEC. 10. *Maximum prices for sales of shelled popcorn.* The maximum price for any lot of shelled popcorn on the first sale shall be $5.00 per hundred pounds, net weight, delivered to the buyer at the farm where grown: *Provided,* That if the lot is delivered to the buyer off the farm where grown, your transportation cost from such farm to the buyer's receiving point may be added.

SEC. 11. *Maximum prices for sales of processed popcorn.* The maximum price for sales of processed popcorn, bulk, shall be $7.60 per hundred pounds for white hull-less popcorn and $7.00 per hundred pounds for any other popcorn, net weight, f. o. b. the point where processed: *Provided,* That, if the lot of popcorn is deliverer to the buyer's receiving point, your transportation cost may be added.

SEC. 12. *Maximum prices for sales of commercially processed popcorn.* (a) The maximum prices for sales of commercially processed popcorn, bulk, per hundred pounds, net weight, shall be as follows:

(1) $9.35 for white hull-less popcorn.

(2) $8.75 for other than white hull-less popcorn, f. o. b. the commercial processor's plant, plus your transportation cost to the buyer's receiving point, if any.

(b) When sales are made from a warehouse, the sum of the following: The maximum price set forth in (1) or (2) above, 15 cents per 100 pounds, net weight, and your transportation cost from the processing plant to the warehouse and from the warehouse to the buyer's receiving point, if any.

SEC. 13. *Sales in packages.* When sales are made in waterproof fibre cartons or canisters, the maximum price per case of twelve 10 ounce packages, delivered to the buyer's place of business, shall be as follows:

(1) $1.50 for white hull-less popcorn and $1.45 for other than white hull-less popcorn if commercially processed or $1.37 for white hull-less popcorn and $1.32 for other than white hull-less popcorn if processed.

(2) If more or less than 10 ounces of popcorn is packed in the carton or canister, the above maximum prices shall be increased at the rate of 6½ cents for commercially processed or 5¼ cents for processed per case of 12 packages for each ounce in excess of 10 ounces and decreased at the same rate for each ounce or fraction thereof less than 10 ounces of popcorn packed in the carton or canister.

(3) If the container is other than fibre carton or canister, the maximum price shall be computed by deducting 30 cents per case from the maximum price set forth in (1) or (2) above and adding the cost of the containers used not to exceed their maximum price.

(4) If the packaged popcorn is sold f. o. b. the processor's plant or warehouse the maximum prices set forth in (1), (2) and (3) shall be reduced 1 cent for each pound or fraction thereof of the gross weight of the case.

SEC. 14. *Maximum prices for sales by a wagon wholesaler.* The maximum price for sales of popcorn by a wagon wholesaler shall be 125% of the maximum price his supplier could have lawfully charged him for the lot being priced.

SEC. 15. *Maximum prices for sales by a trucker-merchant.* The maximum price for the sale of popcorn by a trucker-merchant is his supplier's maximum price for the lot being priced on the sale and delivery to the trucker-merchant plus a hauling allowance from the point where the trucker-merchant received delivery from his supplier to the point of delivery to his customer.

Every trucker-merchant, shall, with respect to every lot of popcorn transported by him as such, procure and prepare a statement of information which shall accompany the popcorn while in transit. Such statement shall set forth the name and address of the trucker-merchant and his supplier, the date of purchase, the variety and whether unshelled, shelled processed, or commercially processed shelled popcorn, and the purchase price of the popcorn. Upon

delivery of the popcorn by the trucker-merchant to his customer, a copy of the statement of information, signed by the trucker-merchant, shall be given to his customer showing also the transportation charge being made. Copies of this statement shall be retained by the trucker-merchant and by his customer as a part of their records for such time as the Emergency Price Control Act of 1942, as amended, remains in effect.

SEC. 16. *Maximum prices for sales by other sellers.* The maximum price for any seller for any lot of popcorn, the sale of which is governed by this regulation but for which no maximum price is specifically provided herein, shall be his supplier's maximum price on the delivery to him plus his transportation cost, if any.

SEC. 17. *Units of sale and fraction of a cent.* Maximum prices shall be stated in terms of the same general units (like pounds, dozens, etc.) in which the seller has customarily quoted prices for the product. If any figured maximum price includes a fraction of a cent, the seller shall adjust the price to the nearest fractional unit (like 1¢, ½¢, ¼¢, etc.) in which he had customarily quoted prices for the product.

SEC. 18. *Notification to wholesalers and retailers of authorized change in maximum prices.* With the first delivery after the effective date of this regulation or of any amendment changing the seller's maximum price, of any popcorn, in any case where a seller determines his maximum price pursuant to this regulation, he shall supply each wholesaler and retailer who purchases from him with a written notice reading as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by variety, container, type and size) has been established by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations Nos. 421 or 423, you must refigure your ceiling price for this item on the first delivery of it to you containing this notification on or after (Insert effective date of this regulation or of amendment changing maximum price). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after determining such maximum price and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall supply with each bag or include in each case or carton containing the popcorn the written notice set forth above or securely attach it to the bag, case or carton. However, for sales directly to any retailer, the seller may supply the notice by attaching it to or stating it on, the invoice covering the shipment instead of supplying it with each bag, case or carton.

This regulation shall become effective August 13, 1945.

NOTE: All record keeping requirements of this regulation have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued this 7th day of August 1945.

PART 1381—SOFTWOOD LUMBER

[RMPR 26,[1] Amdt. 16]

DOUGLAS FIR AND OTHER WEST COAST LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

In section 5, paragraph (e) is amended to read as follows:

(e) *Pallet stock sold by mills on Government contracts and subcontracts.* Under this paragraph, and regardless of maximum prices established in the tables of this regulation for short lengths, the Office of Price Administration may authorize maximum prices for pallet stock, based on cost of remanufacture from longer stock, only on Government contracts and subcontracts, and only when produced by a "mill", as defined in section 3, or by any establishment owned, controlled, or operated by a mill, or under common control with it. No person may charge for pallet stock prices higher than the regular f. o. b. mill prices established in this regulation for short lengths, unless he has received authority from the Office of Price Administration, Washington, D. C., to charge different maximum prices.

This amendment shall become effective August 13, 1945.

Issued this 7th day of August 1945.

[MPR 203, Amdt. 5]

VITAMIN A NATURAL OILS AND CONCENTRATES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

The preamble to the regulation is amended by substituting for the sentence "Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected" the following: "Insofar as this regulation uses specifications and standards which were not, prior to such use, in general use in the trade or industry affected, or insofar as their use was not lawfully required by another Government agency, the Administrator has determined, with respect to such standardization, that no practicable alternative exists for securing effective price control with respect to the commodities subject to this regulation."

This amendment shall become effective August 6, 1945.

PART 1404—RATIONING OF FOOTWEAR

[RO 17,[1] Amdt. 107]

SHOES

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Ration Order 17 is amended in the following respects:

1. Section 2.22 (f) is added to read as follows:

(f) *Low-priced shoe release*—(1) *Application.* Any establishment which has men's and women's shoes which were manufactured before March 1, 1944 and which cannot reasonably be sold for ration currency may be authorized by the District Office to transfer them without ration currency in accordance with the provisions of this paragraph. Application may be made to the District Office on or after August 10, 1945 and no application may be filed after September 8, 1945. The application need not be made on any prescribed form but shall contain or be accompanied by the following: two copies of a list of the shoes proposed to be transferred without ration currency with detailed information concerning the type of shoe, its current selling price, and a certification by the establishment that all shoes included in the list were manufactured before March 1, 1944, together with a statement explaining the basis of this certification. If the District Office so desires, it may examine the shoes proposed to be sold ration-free before it approves an application.

(2) *Ration-free period.* During the period from August 27 to October 13, 1945, inclusive, any establishment may transfer without ration currency any shoes which are authorized by the District Office to be sold without ration currency.

(3) *Price restriction.* The sale price of each pair of shoes transferred under this paragraph to consumers may not exceed $3.50.

(4) *Invoice requirement.* Each establishment shall, when transferring shoes without ration currency under this paragraph, state on each invoice issued pursuant to section 2.13 the price per pair and in total of all shoes included in the invoice. Where shoes are transferred between establishments owned by the same person, the invoice shall state the price at which such shoes will be sold to consumers.

(5) *Marking requirement.* Shoes transferred to consumers in accordance with this paragraph shall be marked with the words "Release No. 107" after the sale to the consumer but before they are removed from the establishment. The mark shall be written or stamped on one shoe of each pair with ink, indelible stamp or indelible pencil.

(6) *Advertising.* When such shoes are offered for sale to consumers in any advertisement or notice, they shall be referred to as "OPA Release No. 107. Ration-free from August 27 to October 13, 1945, inclusive."

(7) *Definition of "price".* When used in relation to the amount which may be charged to a consumer the term "price" means the amount actually charged less any local sales tax. "Current selling price" means the lowest price at which shoes are offered for sale at the time of application.

(8) *Records and reports.* Each establishment shall keep a record in the manner required by section 2.13 (b) (9) showing the number of pairs of shoes transferred without ration currency under this paragraph and the number of pairs of shoes acquired by the establishment without ration currency under this paragraph.

(9) *Surrender of ration currency.* If shoes acquired without ration currency under this paragraph are sold to a consumer at a price in excess of $3.50, it shall collect ration currency and surrender it to the District Office within five days after the transfer.

This amendment shall become effective August 10, 1945.

NOTE: The record-keeping and reporting provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 7th day of August 1945.

Who Is Eligible To Receive Supplemental Rations

Coal and ore miners are defined as those employees of a coal and ore mining company employed at the site of mining operations, who are engaged in heavy work that requires continuous exertion of muscular strength. Generally, those employees who do a substantial part of their work under ground are included except supervisory personnel who themselves do not engage in strenuous labor. Most mine employees who work above ground are excluded. Examples of these excluded are weightmasters, check weighmen, store and warehouse employees, clerical and other office employees, foremen and superintendents, watchmen and policemen, service employees such as porters, and men employed in the upkeep of housing units. Examples of surface workers employed at the mine site who are included and who may be certified for supplemental rations are blacksmiths, tipple employees, those engaged in foundry or metal casting operations, and those engaged in heavy construction labor such as excavating, roadway construction, railway construction and similar construction work.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[RMPR 471,[2] Amdt. 8]

LEGUME AND GRASS SEEDS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 471 is amended in the following respects:

1. Paragraphs (6), (12), and (18) of section 8 (a) are amended to read as follows:

(6) "Rough cleaned seeds" means legume and grass seeds which have been cleaned by a cleaning machine separate from and not attached to a thresher or harvesting machine, and which do not contain in excess of 5 percent of weed seeds or inert matter.

(12) "Dockage" means inert matter, weed seeds, other crop seeds and, also, all thin, green, immature, shrivelled and broken seeds of the kind being tested for dockage which are found in the pan underneath the bottom screen, after a screen test for determination of dockage has been made from a representative sample of thresher-run or rough cleaned legume and grass seeds.

(i) The percentage of dockage shall be determined by taking a representative sample of at least either two ounces or 50 grams (such representative sample being a composite of samples drawn from each bag or container of the lot of seed in question) and removing as much dockage as possible therefrom by the use of one of the following combinations of hand screens:

Kind of seed	Combination of screen sizes		
	Top	Middle	Bottom
Alfalfa	5/64" or 3/64" x 3/16"	11/64"	4 x 21
Medium and Mammoth red clover.	5/64" or 3/64" x 3/16"	3/16"	6 x 21
Alsike clover	4/64"		6 x 32
White blossom sweetclover.	4/64" or 3/64" x 3/16"	3/16"	6 x 21
Yellow blossom sweetclover.	5/64" or 3/64" x 3/16"	3/16"	4 x 26
Timothy	1/16"		6 x 34

(ii) And, in the case of the presence of sweetclover seed as other crop seed in a lot of thresher-run or rough cleaned alfalfa, red clover or alsike clover seeds, discount the actual percentage of such sweetclover seed that passes through the top screen but remains on the middle and bottom screens in addition to the discount made for other dockage per 100 pounds of the thresher-run or rough cleaned seed in question as follows:

Sweetclover seed content	Amount to be deducted per 100 pounds					
	Alfalfa				Red Clover	Alsike Clover
	Northern	Central	Arizona and California	Southern		
Less than 0.5%	None	None	None	None	None	None
0.5% to and including 1.00%	$1.05	$0.95	$0.95	$0.85	$0.75	$0.75
1.01% to and including 2.00%	2.10	1.90	1.90	1.70	1.50	1.50
2.01% to and including 3.00%	3.15	2.85	2.85	2.55	2.25	2.25
3.01% to and including 4.00%	4.20	3.80	3.80	3.40	3.00	3.00
4.01% to 5.00% and over	5.25	4.75	4.75	4.25	3.75	3.75

(iv) And, in the case of the presence of alsike clover seed as other crop seed in a lot of thresher-run or rough cleaned red clover seed, determine, by the use of the hand screens given for alsike clover in sub-paragraph (i) above, the actual percentage of such alsike clover seed which has passed through the screens and is in the dockage in the pan underneath the bottom screen. The percentage of alsike clover seed may then be added at its value as alsike clover to the value determined for the percentage of red clover seed of the lot in question.

(18) "Wholesaler" means, with respect to a particular lot of legume and grass seeds, a person who buys such lot of legume and grass seeds as quality cleaned or processed legume and grass seeds, unloads such lot into a warehouse and resells such lot to retailers.

2. Section 9 is amended to read as follows:

SEC. 9. *Certain maximum service charges.* The maximum service charges which may be made per 100 pounds for the services of assembling and rough cleaning legume and grass seeds are set forth below. These are maximum service charges regardless of whether the legume and grass seeds are sold at their maximum price.

(a) *Assembling.* Anything in this regulation to the contrary notwithstanding, if you are any person other than a producer and you assemble thresher-run or rough cleaned legume and grass seeds for the account of any other person, you may make the following maximum service charges per 100 pounds of seeds:

Kind of seed	Maximum service charge (to be reduced by the percentage of dockage in the lot)
Alfalfa: Northern, Central, and Southern	$1.05
Clover:	
Medium Red, Mammoth Red, and Alsike	1.05
Sweet	.75
Timothy	.35

(b) *Rough cleaning.* If you are any person including a producer and you rough cleaned thresher-run legume and grass seeds in accordance with the definition for rough cleaned seeds under section 8 (a) paragraph (6), you may make the following maximum service charges per 100 pounds of seeds:

Kind of seed	Maximum service charge (to be reduced by the percentage of dockage in the lot)
Alfalfa: Northern, Central, and Southern	$1.05
Clover:	
Medium Red, Mammoth Red and Alsike	1.05
Sweet	.75
Timothy	.35

3. Sections 10 and 11 are amended to read as follows:

SEC. 10. *Maximum prices for sales of thresher-run and rough cleaned seeds on a dockage basis.* (a) If you are a producer your maximum price per 100 pounds for the sale or delivery of thresher-run seeds on a dockage basis shall be as follows:

(i) And, thereafter, separating the seeds of the kind being tested riding the screens from the remaining dockage riding said screens by the hand separation method as prescribed by the regulations issued under and for the enforcement of the Federal Seed Act;

(iii) And, in the case of the presence of sweetclover seed as other crop seed in a lot of thresher-run or rough cleaned alfalfa, red clover or alsike clover seeds, discount the actual percentage of such sweetclover seed that passes through the top screen but remains on the middle and bottom screens in addition to the discount made for other dockage per 100 pounds of the thresher-run or rough cleaned seed in question as follows:

Kind of seed	Maximum price (to be reduced by the percentage of dockage in the lot)
Alfalfa	
Northern	$35.00
Central	32.00
Southern (except when grown, sold and delivered for planting in the State of Arizona or in the State of California south of the 40th parallel)	28.00
Southern (when grown, sold and delivered for planting in the State of Arizona or in the State of California south of the 40th parallel)	32.00
Clover	
Medium Red and Mammoth Red	30.00
Alsike	27.00
Sweet	10.00
Ribbon (annual white blossom sweet clover variety)	15.00
Timothy	7.50

plus transportation cost from your farm to your customer's receiving point.

(b) If you are any person other than a producer, and purchased from a producer for your own account, your maximum price per 100 pounds for the sale or delivery of thresher-run seeds shall be the maximum price of the producer who grew the lot of seed in question plus your transportation cost from your place of business to your customer's receiving point, and plus the applicable markup shown below:

Kind of seed	Maximum mark-up to be reduced by the percentage of dockage in the lot)
Alfalfa: Northern, Central and Southern	$1.50
Clover:	
Medium Red, Mammoth Red and Alsike	1.50
Sweet	.75
Timothy	.35

(c) If you purchased thresher-run seeds from a person other than a producer, your maximum price per 100 pounds shall be your supplier's maximum price, plus your transportation cost.

(d) If you are a seller of rough cleaned seeds on a dockage basis, your maximum price per 100 pounds for the sale or delivery of such seeds shall be the maximum price at which you could have sold or delivered such seeds as thresher-run seeds, plus your transportation cost, and plus the applicable mark-up shown below:

Kind of seed	Maximum mark-up to be reduced by the percentage of dockage in the lot)
Alfalfa: Northern, Central and Southern	$1.00
Clover:	
Medium Red, Mammoth Red and Alsike	1.00
Sweet	.50
Timothy	.40

(e) (i) If you are a seller under paragraph (a), (b), (c), or (d) you may increase your maximum price by the reasonable value (not exceeding any maximum price thereof) of the sacks actually furnished by you.

(ii) If you are a seller under paragraph (a), (b), (c) or (d) located in the State of Idaho or Malheur County in the State of Oregon, you may sell your thresher-run or rough cleaned seed either under provision (e) (i) above or on a gross weight basis provided you furnish the sacks included.

SEC. 11. *Maximum prices for sales of thresher-run or rough cleaned seed on a quality cleaned basis.* (a) If you are a producer, you may sell your thresher-run or rough cleaned seeds to a country dealer or a commercial processor at the maximum prices established by Section 12 (a) (1) of this regulation for the kind and quality of seed sold as determined after such seed has been quality cleaned, tested and labeled: *Provided*, That the following deductions for certain cleaning services performed must be made from such maximum prices.

(i) For quality cleaning over screen and air separation mills only.

Kind of seed	Per 100 pounds of seed	
	On quality cleaned basis	On in-weight basis
Alfalfa, red clover and alsike clover	$1.00	$0.75
Sweetclover	.70	.50
Timothy	.50	.40

(ii) For additional quality cleaning over specialized seed cleaning machinery such as dodder, buckhorn, or gravity mills.

Kind of seed	Per 100 pounds of seed	
	On quality cleaned basis	On in-weight basis
Alfalfa, red clover and alsike clover	$1.00	$0.75
Sweetclover	.65	.50
Timothy	.50	.40

(b) If your thresher-run or rough cleaned seeds are commingled with thresher-run or rough cleaned seeds owned by others in the process of quality cleaning, the kind and quality of seeds sold by you shall be deemed to be the kind and quality of the commingled seeds as finally determined.

This amendment shall become effective August 13, 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

Approved: July 24, 1945.

Chapter XIII—Petroleum Administration for War

[Petroleum Distribution Order 21, Amdt. 4]

PART 1543—PETROLEUM PROCESSING, REFINING, AND MARKETING

LIMITATION ON MANUFACTURE OF PREMIUM MOTOR FUEL

Section 1543.1 (Petroleum Distribution Order No. 21) is hereby amended by changing paragraph (b) to read as follows:

(b) *Limitation on manufacture of premium motor fuel.* After August 1, 1945 the percentage of premium motor fuel manufactured by any person:

(1) In the States of Washington, Oregon, California, Nevada, and Arizona, and in the Territories of Alaska and Hawaii, based on his total manufacture of gasoline, shall not exceed twenty-seven/fortieths ($^{27}/_{40}$) of the percentage of premium motor fuel, based upon total gasoline, which he manufactured during the base period; and

(2) In all other States of the United States, based upon his total manufacture of gasoline, shall not exceed three/quarters ($^{3}/_{4}$) of the percentage of premium motor fuel, based upon total gasoline, which he manufactured during the base period.

Computation to determine that the amount of premium motor fuel manufactured by any person is within this limitation shall be made on the basis of successive periods one calendar month long, the first of which shall commence on August 1, 1945.

Premium motor fuel delivered for direct military uses in equipment owned and operated by the Army or Navy may be manufactured in addition to the quantity permitted to be manufactured under paragraphs (b) (1) or (b) (2). When submitting monthly figures on premium motor fuel manufacture (PAW Form 48), separate figures shall be reported for any premium motor fuel manufactured and delivered for direct military uses in equipment owned and operated by the Army or Navy.

This amendment shall become effective on August 1, 1945.

PART 95—CAR SERVICE

PREICING AND PRECOOLING POTATOES PROHIBITED

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of August, A. D. 1945.

It appearing, that refrigerator cars, to be loaded with shipments of potatoes originating in certain western States are being preiced or precooled, and that such cars when so loaded are being precooled, thus causing additional switching and delay to such cars and thereby diminishing the supply and control of refrigerator cars; the Commission is of opinion an emergency requiring immediate action exists in the States named herein. It is ordered, that:

(a) *Preicing potatoes prohibited in certain States.* No common carrier by railroad subject to the Interstate Commerce Act shall ice a refrigerator car, intended to be loaded with potatoes at any point in the States of Arizona, California, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, Nevada, New Mexico, Oregon, Texas, Utah, Washington or Wyoming, prior to the actual complete loading of the refrigerator car with such potatoes. In the event such cars are preiced and loaded, in violation of this provision, those preiced cars shall not be transported.

(b) *Precooling potatoes originating in certain States prohibited.* Subject to the exception shown below, no common carrier by railroad subject to the Interstate Commerce Act shall accord, allow or permit, the precooling of a refrigerator car intended to be loaded with potatoes at, or loaded with potatoes shipped from any point in the States of Arizona, California, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, Nevada, New Mexico, Oregon, Texas, Utah, Washington, or Wyoming. In the event such cars are precooled in violation of this provision those precooled cars shall not be transported.

Exception. This order shall not apply to the precooling of potatoes at loading points by shippers with their own equipment, providing no additional switching by the railroads is required for the refrigerator cars so precooled by shippers.

(c) *Application.* The provisions of this order shall apply to intrastate traffic as well as interstate traffic, and shall apply only to cars billed on and after the effective date hereof.

(d) *Tariff provisions suspended; announcement required.* The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended, and each railroad subject to this order, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

(e) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances.

(f) *Effective date.* This order shall become effective at 12:01 a. m., August 6, 1945.

(g) *Expiration date.* This order shall expire at 11:59 p. m. October 20, 1945, unless otherwise modified, changed, suspended, or annulled by order of the Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That a copy of this order and direction shall be served upon the State railroad regulatory bodies of the States named in paragraph (a) hereof; and upon the Association of American Railroads, Car Service Division as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

ICING RESTRICTIONS ON WATERMELONS AND DRIED FRUIT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of August, A. D. 1945.

It appearing, that the icing of watermelons and dried or evaporated fruit originating at points in certain States, impedes unduly the use, control, supply, movement, and distribution of railroad freight cars and contributes to the shortage of equipment and congestion of traffic; the Commission is of opinion an emergency requiring immediate action exists in the western section of the country: It is ordered, that:

Icing restrictions on watermelons and dried fruit. (a) No common carrier by railroad subject to the Interstate Commerce Act shall initially ice, or reice in transit a railroad freight car or cars loaded with watermelons or dried or evaporated fruit originating at any point or points in the States of Montana, Wyoming, Colorado or New Mexico, or west thereof.

(b) *Application.* The provisions of this order shall apply only to such shipments billed on or after the effective date of this order.

(c) *Tariff provisions suspended; announcement required.* The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended, and each railroad subject to this order, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

(d) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances.

(e) *Effective date.* This order shall become effective at 12:01 a. m., August 6, 1945.

(f) *Expiration date.* This order shall expire at 11:59 p. m., September 20, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1, (10)–(17))

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. ICING RESTRICTIONS ON GRAPES AND POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of August, A. D. 1945.

It appearing, that the icing of wine or juice grapes and potatoes moving intrastate in certain states, shipped in refrigerator cars, impedes unduly the use, control, supply, movement, and distribution of railroad freight cars and contributes to the shortage of equipment and congestion of traffic; the Commission is of opinion an emergency requiring immediate action exists in the western section of the country. It is ordered, that:

Icing restrictions on wine or juice grapes and potatoes moving intrastate. (a) No common carrier by railroad subject to the Interstate Commerce Act shall initially ice, or reice in transit, a refrigerator car or cars loaded with wine or juice grapes or potatoes originating at and moving wholly intrastate between points in the States of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington or Wyoming.

(b) *Application.* The provisions of this order shall apply to all such intrastate shipments billed on or after the effective date of this order.

(c) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances.

(d) *Effective date.* This order shall become effective at 12:01 a. m., August 6, 1945.

(e) *Expiration date.* This order shall expire at 11:59 p. m., September 25, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U. S. C. 1, (10)–(17))

PART 95—CAR SERVICE

REFRIGERATION RESTRICTIONS ON POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of August A. D. 1945.

It appearing, that there is an acute shortage of ice in the territory located west of the Mississippi River for the icing of cars of potatoes by certain carriers which is adversely affecting the movement of potatoes originating at points in certain States, shipped in refrigerator

cars thereby impeding unduly the use, control, supply, movement, and distribution of such cars and contributing to the shortage of equipment and congestion of traffic; the Commission is of opinion an emergency exists in the western section of the country requiring immediate action in order to best promote the service in the interest of the public and the commerce of the people: It is ordered, that:

(a) *Refrigeration restrictions on potatoes.* (1) Except as shown below, no common carrier by railroad subject to the Interstate Commerce Act, on any refrigerator car loaded with potatoes originating at any point or points located in the States of Montana, Wyoming, Colorado or New Mexico, or west thereof, or in the counties of Cochran, Hockley, Lubbock, Crosby, Dickens or King, or in any county directly north thereof in the State of Texas, after the first or initial icing shall reice more than one time in the territory located west of the Mississippi River (See subparagraph (2) hereof).

Exception: Such shipments destined to any point located west of the Mississippi River in the States of Louisiana or Texas, after the first or initial icing, may be accorded two reicings in transit.

Exception: The provisions of this order shall not apply to refrigerator cars loaded with potatoes, originating at points on the Chicago, Burlington & Quincy Railroad Company in the States of Colorado or Wyoming as to the reicing of such cars by that carrier; on such cars originating at points on the Chicago, Milwaukee, St. Paul and Pacific Railroad Company (Henry A. Scandrett, Walter J. Cummings and George I. Haight, Trustees in the State of Washington as to the reicing of such cars by that carrier; or on any refrigerator car loaded with potatoes as to the reicing thereof by the Northern Pacific Railway Company.

(2) (i) When such reicing in transit is ordered on the Union Pacific Railroad Company, that carrier at its option may accord the reicing at Laramie, Wyoming, at Denver, Colorado, at North Platte, Nebraska, at Council Bluffs, Iowa, or at Kansas City, Kansas.

(ii) When such reicing in transit is ordered on the Chicago, Burlington & Quincy Railroad Company, that carrier at its option may accord the reicing at Galesburg, Illinois.

(b) *Application.* The provisions of this order shall apply only to carload shipments of potatoes billed on or after the effective date hereof.

(c) *Tariff provisions suspended; announcement required.* The operation of all tariff rules and regulations insofar as they conflict with the provisions of this order is hereby suspended, and each railroad subject to this order, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

(d) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances.

(e) *Effective date.* This order shall become effective at 12:01 a. m., August 6, 1945.

(f) *Expiration date.* This order shall expire at 11:59 p. m. October 20, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. PART 95—CAR SERVICE

RESTRICTIONS ON REFRIGERATION OF VEGETABLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of August, A. D. 1945.

It appearing, that there is an acute shortage office in the territory located west of the Mississippi for the icing of cars of vegetables by certain carriers which is adversely affecting the movement thereof in railroad freight cars accorded retop icing, resulting in congestion of traffic; the Commission is of opinion an emergency exists in the territory west of the Mississippi River requiring immediate action in order to best promote the service in the interest of the public and the commerce of the people: It is ordered, that:

(a) *Definition of the term vegetables.* The term "vegetables" as used herein means all fresh or green vegetables as described in Item 1132, Agent J. J. Quinn's tariff I. C. C. No. 22, supplements thereto, or reissues thereof, under the heading "vegetables".

(b) *Bunker icing restricted on vegetables.* Except as shown below, no common carrier by railroad subject to the Interstate Commerce Act shall initially bunker ice or reice in transit in bunkers, any railroad freight car loaded with vegetables originating at any point or points located in the States of Montana, Wyoming, Colorado, or New Mexico, or west thereof, when such car has been top iced or retop iced.

Exception: The provisions of this paragraph shall not apply to refrigerator cars loaded with vegetables originating at points on the Chicago, Burlington & Quincy Railroad Company in the States of Colorado and Wyoming.

(c) *Retop icing restricted on vegetables.* (1) No common carrier by railroad subject to the Interstate Commerce Act, on any railroad freight car loaded with vegetables originating at any point or points located in the States of Montana, Wyoming, Colorado or New Mexico, or west thereof, shall retop ice (See subparagraph (2) hereof) such a car in transit more than once at any point (See paragraph (3) hereof) located east of the States of Idaho, Utah or Arizona and west of the Mississippi River, or at Memphis, Tennesee.

(2) The amount of such retop ice supplied or furnished in transit or any such car shall not exceed eight thousand (8,000) pounds.

(3) When such retop icing in transit is ordered on the Union Pacific Railroad Company, that carrier may at its option accord the retop icing at Laramie, Wyoming, at Kansas City, Kansas, or at Council Bluffs, Iowa.

(d) *Application.* The provisions of this order shall apply only to carload shipments of vegetables billed on or after the effective date hereof.

(e) *Tariff provisions suspended; announcement required.* The operation of all tariff rules and regulations insofar as they conflict with the provisions of this order is hereby suspended and each railroad subject to this order, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

(f) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances.

(g) *Effective date.* This order shall become effective at 12:01 a. m., August 6, 1945.

(h) *Expiration date.* This order shall expire at 11:59 p. m., October 20, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Notices

DEPARTMENT OF THE INTERIOR.

General Land Office.

[Misc. 1730296]

UTAH

NOTICE OF FILING OF PLAT OF RESURVEY AND EXTENSION SURVEY

JULY 28, 1945.

Notice is given that the plat of resurvey, and extension survey embracing part or all of secs. 2, 3, 10, and 11, T. 8 S., R. 5 W., Salt Lake Meridian, Utah, will be officially filed in the district land office at Salt Lake City, Utah, effective at 10:00 a. m. on the 63d day from the date on which this notice is signed. At the time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) For a period of 90 days, commencing on the day and at the hour named above, the public lands affected by this notice shall be subject to (1) application under the homestead or the desert land

laws, or the small tract act of June 1, 1938, 52 Stat. 609 (43 U.S.C. sec. 682a), by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (Public Law 434—78th Congress), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) For a period of 20 days immediately prior to the beginning of the 90-day period, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on the first day of the 90-day period, shall be treated as simultaneously filed.

(c) Commencing at 10:00 a. m. on the 91st day after the lands become subject to application, as herein above provided, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public land laws.

(d) Applications by the general public may be presented during the 20-day period immediately preceding such 91st day, and all such applications, together with those presented at 10:00 a. m. on that day, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the district land office at Salt Lake City, Utah, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L.D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Subchapter I of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938 shall be governed by the regulations contained in parts 232 and 257, respectively, of that title.

All inquiries relating to these lands should be addressed to the Register, District Land Office.

FRED W. JOHNSON,
Commissioner.

[Supp. Vesting Order 5085]

RINICHI AKINAKA

In re: Real property owned by Rinichi Akinaka.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation:

1. Having found and determined in Vesting Order Number 4501, dated January 3, 1945, that Rinichi Akinaka is a national of a designated enemy country (Japan);

2. Finding that Rinichi Akinaka is the owner of the property described in subparagraph 3 hereof;

3. Finding that the property described as follows: Real property situated in the City and County of Honolulu, Territory of Hawaii, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a designated enemy country (Japan) or national thereof;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby ratifies all acts of any of his employees, agents or representatives by which any of such property was taken into the possession of the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended

Executed at Wasington, D. C., on July 12, 1945.

[SEAL] FRANCIS J. MCNAMARA,
Deputy Alien Property Custodian.

In re: Estate of Ubaldo Giorgioni, deceased; File D–38–3638; E. T. sec. 13496.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Maria Giorgioni and Esterina Sebastiani, or her heirs, next of kin, distributees, legatees, and personal representatives, names unknown, and each of them, in and to the Estate of Ubaldo Giorgioni, deceased,

is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Italy, namely,

Nationals and Last Known Address

Maria Giorgioni, Italy.
Esterina Sebastiani, or her heirs, next of kin, distributees, legatees, and personal representatives, names unknown, Italy.

That such property is in the process of administration by John Magolo, as Administrator, acting under the judicial supervision of the Circuit Court of the State of Oregon for Multnomah County;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Italy;

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 30, 1945.

CHARLOTTE HOEHLER

In re: Trust under the will of Charlotte Hoehler, deceased; file No. D–28–2604; E. T. sec. 4682.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Louise Gutmann and her issue, and her brothers: Anna Schmidt and her issue; Luise Becker and her issue; and Philip Hohler and his issue and his wife Diana Hohler, and each of them, in and to the Trust created under the will of Charlotte Hoehler, deceased,

is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Louise Gutmann and her issue and her brothers, Germany.
Anna Schmidt and her issue, Germany.
Luise Becker and her issue, Germany.
Philip Hohler and his issue and his wife Diana Hohler, Germany.

That such property is in the process of administration by Lena Kleibor, as Executrix of the Estate of Charlotte Hoehler, deceased, and as Trustee of the Trust created under the Will of Charlotte Hoehler, deceased, acting under the judicial supervision of the Surrogate's Court of Westchester County, New York;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order

may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1, a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 30, 1945.

[Supp. Order ODT 3, Rev. 709, Amdt. 1]

ILLINOIS, IOWA AND SOUTH DAKOTA

COORDINATED OPERATIONS OF CERTAIN CARRIERS

Upon consideration of a petition for the amendment of Supplementary Order ODT 3, Revised–709 (10 F.R. 5861), filed with the Office of Defense Transportation by carriers subject thereto, and good cause appearing therefor,

It is hereby ordered, That Supplementary Order ODT 3, Revised–709, be, and it hereby is, amended by deleting from Appendix 2 thereof, paragraphs (A) 2, and (B) 6, of section II, and paragraph (B) of section X; and by amending paragraphs (B), (BB), and (C), of section VII, and paragraph (A) (1), of section IX, of Appendix 2 thereof to read, respectively, as follows:

VII. *Contemplated action.* • • •

(B) Wilson will suspend the transportation of all LTL shipments moving in interstate commerce, originating at Chicago, Illinois, or moving through that Gateway, when such shipments are destined to intermediate points between Chicago, Illinois, and Sioux City, Iowa, including Sioux City, as indicated under II (A) 1, and to points beyond the Sioux City Gateway. Wilson will cause all such shipments moving through the Chicago, Illinois Gateway to be diverted to Holdcroft at Chicago, Illinois, for transportation to destinations or interchange points, Holdcroft to make delivery to the consignees or interchange carriers, as the case may be, on the bills of lading of the originating carriers and on the freight bills of Holdcroft.

1. Holdcroft shall accept at Chicago, Illinois, all LTL shipments moving in interstate commerce, originating at Chicago, and tendered by shippers formerly served by Wilson,

when such shipments are destined to intermediate points located between Chicago, Illinois, and Sioux City, Iowa, including Sioux City, as indicated under II (A) 1, and points beyond the Sioux City Gateway: Holdcroft to perform pick-up service on its own bills of lading, to transport such shipments to destinations or interchange points, making delivery to consignees or interchange carriers, as the case may be, on the freight bills of Holdcroft.

(BB) Wilson will suspend the transportation of all LTL interstate shipments originating at intermediate points located between Chicago, Illinois, and Sioux City, Iowa, including Sioux City, as indicated under paragraph II (A) 1.

(C) All LTL shipments moving in interstate commerce, originating at intermediate points located between Chicago, Illinois, and Sioux City, Iowa, including Sioux City, as indicated under II (A) 1, shall be accepted by Holdcroft, who shall perform pick-up service on its own bills of lading, transport such shipments to destinations or interchange points, making delivery to consignees or interchange carriers, as the case may be, on the freight bills of Holdcroft; and Holdcroft shall accept at Sioux City, Iowa, all interchange traffic tendered to them at that point, which, except for this plan, would have been accepted by Wilson.

IX. *Schedules eliminated and routes affected.* (A) Schedules eliminated.

1. Wilson will eliminate all schedules appertaining to the transportation of LTL interstate traffic, over its routes as indicated under II (A) 1.

This amendment shall become effective on August 10, 1945.

Issued at Washington, D. C., this 6th day of August 1945.

[Supp. Order ODT 3, Rev. 766]

LITTLE ROCK AND RUSSELLVILLE, ARK.

COORDINATED OPERATIONS OF CERTAIN CARRIERS

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 2793, 3264, 3357, 6778), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war; *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. Withdrawal of a carrier fro mparticipation in the plan for joint action hereby approved shall not be made without prior approval of the Office of Defense Transportation.

7. The provisions of this order shall be binding upon any successor in interest to any carrier named in this order. Upon a transfer of any operation involved in this order, the successor in interest and the other carriers named in this order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer and, unless and until otherwise ordered, the successor in interest shall perform the functions of his predecessor in accordance with the provisions of this order.

8. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

9. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Highway Transport Department, Office of Defense Transportation, Washington 25, D. C.

This order shall become effective August 10, 1945, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 6th day of August 1945.

[Supp. Order ODT 3, Rev. 768]

NEW YORK AND WESTCHESTER COUNTY, N. Y.

COORDINATED OPERATIONS OF CERTAIN CARRIERS

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 2793, 3264, 3357, 6778), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. Withdrawal of a carrier from participation in the plan for joint action hereby approved shall not be made without prior approval of the Office of Defense Transportation.

7. The provisions of this order shall be binding upon any successor in interest to any carrier named in this order. Upon a transfer of any operation involved in this order, the successor in interest and the other carriers named in this order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer and, unless and until otherwise ordered, the successor in interest shall perform the functions of his predecessor in accordance with the provisions of this order.

8. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

[1] Filed as part of the original document.

9. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Highway Transport Department, Office of Defense Transportation, Washington 25, D. C.

This order shall become effective August 10, 1945, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 6th day of August 1945.

OFFICE OF PRICE ADMINISTRATION.

[RMPR 506, Order 78]

STOTT & SON CORP. ET AL.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 78 under section 4 (b) of Revised Maximum Price Regulation 506. Maximum prices for staple work gloves. Granting maximum prices to Stott & Son Corporation and other sellers; Docket Nos. 6062-506-3a2-14, 6062-506-3a2-15.

For the reasons set forth in an opinion issued simultaneously herewith; *It is ordered:*

(a) On and after August 7, 1945, Stott & Son Corporation, Winona, Minnesota, may sell and deliver to any purchaser, and such purchaser may buy from it, the staple work glove numbers enumerated in the following table at or below the prices set forth in Column A of this table. Wholesalers who purchase these numbers from Stott & Son Corporation may make "regular sales" at wholesale of such gloves, at or below the prices set forth in Column B of the table. Ceiling prices for "special sales" at wholesale shall be determined in accordance with Section 3 (b) of Revised Maximum Price Regulation 506.

Style No.	Glove description	Column A — Manufacturer's prices		Column B
		Group I ceiling	Group II ceiling	Wholesalers' [illegible]
237 X	Women's two thumb, white nap out single thickness can ton flannel welt seam mitten, 10-ounce palm and thumb, with 7-ounce thumb reinforcement, knit wrist.	*Dozen* $1.92½	*Dozen* $2.10	*Dozen* [illegible]
Fancy	Men's 13-ounce single thickness cut presser fancy jersey glove, knit wrist.	2.17½	2.35	[illegible]

(b) The maximum prices authorized in paragraph (a) are subject to the following:

(1) The instructions for manufacturers and wholesalers which preface the tables in Appendix A of RMPR 506, including those relating to the pricing of "seconds;"

(2) The provisions in section 4 (a) of RMPR 506 with respect to a manufacturers' "wholesale percentage", and the quota of deliveries which must be made at Group I prices;

(3) The marking and informational requirements of section 6 of RMPR 506. In addition to these requirements, Stott & Son Corporation on all deliveries of the style numbers listed in paragraph (a), made pursuant to this order, on and after August 7, 1945, must place the letter "S" following the lot number or brand name stated on the label, ticket, or other device used to mark the gloves.

(c) The definitions in RMPR 506 shall apply to this order.

(d) Stott & Son Corporation must furnish each of its customers who, on or after August 7, 1945, purchases the style numbers listed in paragraph (a) for purposes of resale, a notice in the form set forth below. Stott & Son Corporation must also notify each such customer (other than a seller at retail) that he is required in turn to transmit to his customers a copy of the notice set forth below. The notice may be attached to the invoice or may be stamped or printed on the invoice.

This notice is sent to you as required by Order No. ____ under section 4 (b) of Revised Maximum Price Regulation 506 issued by the Office of Price Administration. It lists ceiling prices fixed by OPA for the work glove numbers enumerated in the table below, manufactured by Stott & Son Corporation.

OPA has ruled that Stott & Son Corporation may sell these numbers at or below the prices listed in Column A below, subject to the provisions of section 4 (a) of RMPR 506 with respect to the quota of deliveries which must be made at Group I prices. Wholesalers in turn are authorized to make regular sales at wholesale of these numbers at or below the prices listed in Column B. Retailers will determine their ceiling prices on these numbers in accordance with section 3 of RMPR 506.

Style No.	Column A — Manufacturer's prices		Column B
	Group I—Ceiling	Group II Ceiling	Wholesalers' [illegible]
237x-S	$1.92½	$2.10	$2.[illegible]
Fancy-S	2.17½	2.35	[illegible]

You will note that the letter "S" follows the manufacturers' lot number or brand name. This letter indicates that these gloves have been specially priced by OPA under section 4 (b).

(e) This Order No. 78 under Revised Maximum Price Regulation 506 may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 7, 1945.

Issued this 6th day of August 1945.

CHESTER BOWLES,
Administrator.

		$420.00	65.00
		$480.00	75.00
		$600.00	100.00

(b) The retail ceiling prices contained in paragraph (a) shall apply in place of the ceiling prices which would otherwise be established under the pricing rules of Maximum Price Regulation No. 580.

(c) On and after September 1, 1945, Ecuadorian Panama Hat Co., Inc., must mark each article listed in paragraph (a) with the retail ceiling price under this order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

(Section 13, MPR 580)
OPA Retail Ceiling Price—$_____

On and after October 1, 1945, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to October 1, 1945, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of Maximum Price Regulation No. 580.

(d) On or before the first delivery to any purchaser for resale of each article listed in paragraph (a), the seller shall send the purchaser a copy of this order.

(e) Unless the context otherwise requires, the provisions of Maximum Price Regulation No. 580 shall apply to sales for which retail ceiling prices are established by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 7, 1945.

Issued this 6th day of August 1945.

The applications of a group of power laundry establishments in the New York Metropolitan Area for adjustment of their maximum prices for their family laundry services were considered by this office and these applications were granted in Order No. G-20 dated June 7, 1945 of the New York Regional Office issued under section 16 (a) of Revised Maximum Price Regulation No. 165, as amended—Services.

For the reasons set forth in the opinion issued simultaneously herewith, it has been decided that said Order No. G-20 be modified and amended in certain respects as hereinafter appears. Accordingly, pursuant to the Emergency Price Control Act of 1942, as amended, and section 16 (a) of Revised Maximum Price Regulation No. 165, as amended—Services, New York Regional Order No. G-20 under that section is hereby modified and amended and *It is hereby ordered,* That:

(1) Order No. G-20 and more particularly paragraph (1) thereof is amended by adding thereto the names of the following power laundry establishments and percentage of increase:

Name:	Permitted increase (per cent)
Blue Moon Wet Wash Ldry. Co., Inc.	2
Blue Sky Wet Wash Ldry., Inc.	2
Correct Laundry	1
Dyckman Laundry	1
Price Laundry Corp	7

(2) Order No. G-20 and more particularly paragraph (1) thereof is further amended as to New American Laundry, 1626 Bronxdale Ave., Bronx, N. Y., by changing the percentage figure set opposite said name from 2% and increasing said percentage figure to 5%.

(3) All of the above mentioned applicants shall be subject in all respects to all of the provisions of said Order No. G-20 which are applicable to its circumstances and, except as therein or herein provided, shall remain in all respects subject to the provisions of Revised Maximum Price Regulation No. 165, as amended—Services.

(4) This amendment may be revoked by the Regional Administrator of Region II, or the Price Administrator through the issuance at any time thereafter of any Order or price regulation or amendment or supplement thereto.

(5) All of the provisions of Order No. G-20 shall remain in full force and effect except as herein modified.

This order shall become effective immediately.

Issued the 24th day of July 1945.

CHARLES T. ABERNETHY,
Acting Regional Administrator.

[Region VI Order G-58 Under MPR 329]

PRODUCERS' MILK PRICES IN VALLEY CITY, N. DAK.

For the reasons set forth in the accompanying opinion and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 (a) of Maximum Price Regulation No. 329, it is hereby ordered:

(a) *Maximum producer prices.* The maximum price which distributors in Valley City, North Dakota may pay to producers for milk sold for human consumption in fluid form shall be 74¢ per pound butterfat in whole milk.

(b) *Applicability of producer prices.* Paragraph (a) of this order shall apply to all purchases of milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within Valley City, North Dakota, or who sell within that city 50% or more of the milk sold by them.

(c) *Addition of transportation charges.* (1) The maximum price established in paragraph (a) is the maximum price for milk f. o. b. purchaser's plant. Where the transportation charge or any part thereof is paid by the purchaser, the total amount paid for transportation plus the amount received by the producer shall not be in excess of the maximum price set forth in paragraph (a).

(2) Where the purchaser hauls the milk to his plant in a conveyance owned, leased or operated by him, he shall deduct from the maximum price set forth in paragraph (a) of this order the cost of such transportation. The "cost of such transportation" shall be the lowest maximum price which may be charged by milk haulers or other transportation companies for the hauling of milk to the purchaser's plant.

(d) *Relation of this order to Office of Price Administration Regulation.* Except as modified by this order, the provisions of the Maximum Price Regulation No. 329 shall remain in full force and effect and shall not be evaded by any change in business or trade practices.

(e) *Definitions.* Unless the context otherwise requires, the definitions set forth in Maximum Price Regulation No. 329, and the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

(f) *Revocability.* This order may be revoked, amended or corrected at any time.

This order shall be effective the 26th day of July 1945.

Issued this 23d day of July 1945.

RAE E. WALTERS,
Regional Administrator.

TITLE 6—AGRICULTURAL CREDIT

Chapter II—Commodity Credit Corporation

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN NEW YORK METROPOLITAN AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order 9250 of October 3, 1942, and Executive Order 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions hereinafter specified, to make payments on milk to any handler.

§ 260.20 *New York metropolitan area.* (a) Commodity will make payments to any handler at the rate of 20 cents per hundredweight on all Class I milk which is priced pursuant to § 927.4 (a) (1) of Order No. 27 and for which the handler is determined by the market administrator to be accountable under Order No. 27 during each calendar month from July 1, 1945, to June 30, 1946, inclusive.

(b) Settlement hereunder shall be made on a monthly basis, upon the presentation of such documents and supporting proofs as Commodity may require, by the payment from Commodity to the market administrator of 20 cents per hundredweight and by the market administrator's payment of such amount either (1) into the Producer-Settlement Fund established under Order No. 27 as a credit against the handler's obligation to make payments to the Producer-Settlement Fund, or (2) to the handler as a credit, increasing the market administrator's obligation to make payments to the handler out of the Producer-Settlement Fund: *Provided*, That no settlement will be made hereunder with any handler if (i) he has been determined by Commodity to have charged for milk for fluid consumption resale prices higher than the maximum prices applicable to such sales pursuant to the maximum price regulations of the Office of Price Administration during the month for which payments would otherwise be made, or (ii) he has been determined by the market administrator not to be fully in compliance with Order No. 27 insofar as it relates to prices payable to producers.

(c) Any handler with whom settlement is made hereunder shall, by accepting such settlement, be deemed to have ratified and confirmed the action of the market administrator in accepting this offer on his behalf and to have authorized and instructed the market administrator to deduct from any payments thereafter due to such handler under Order No. 27 and pay to Commodity any amount which may be due to Commodity by reason of the payment to the market administrator hereunder or under any other similar offer of any amount determined by Commodity to have been erroneously or improperly credited or paid to the handler.

(d) Every handler with whom settlement is made hereunder shall keep accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk and with respect to his sales receipts, cost of products, and operating costs, and shall keep such other books, records, and accounts and submit such information and reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agents at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time, but notwithstanding any such revocation or

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN PHILADELPHIA, PA., AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers in the Philadelphia, Pennsylvania, area.

§ 260.30 *Philadelphia, Pennsylvania, area.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, of 35 cents per hundredweight on Class I milk containing not more than 6.0 percent butterfat disposed of in the Philadelphia, Pennsylvania, area by such handler, as determined by Commodity or its designated agent, from July 1, 1945, through June 30, 1946, except (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States: *Provided,* That the rate of payment on the quantity of milk which was not received from producers, either directly or from other handlers, shall be reduced by the difference between the prices paid, beginning with the lowest, for such nonproducer milk, and the price prescribed by Order No. 61 for Class I milk of the same test and place of receipt. Payment will be made to each handler on nonproducer milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, are less than the total Class I milk otherwise eligible for payment, and if satisfactory showing is made as to the prices paid for nonproducer milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for milk for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such month as required by Order No. 61. The documents presented pursuant to this paragraph shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in paragraph (b) hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(f) *Definition.* (1) The term "Order No. 61," as used herein, means the order, as amended, issued by the Secretary of Agriculture of the United States, regulating the handling of milk in the Philadelphia, Pennsylvania, milk marketing area.

(2) The term "Philadelphia, Pennsylvania, area," as used herein, means the "Philadelphia, Pennsylvania, milk marketing area," as defined in Order No. 61; and the terms "Class I Milk," "handler" and "producer," as used herein, shall have the same meaning as is given such terms by Order No. 61.

Dated: August 8, 1945.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN PHILADELPHIA, PA., SUBURBAN AREA AND IN PENNSYLVANIA AREAS NOS. 4, 6, 8, AND 12, DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers in the Philadelphia, Pennsylvania, suburban area and in the Pennsylvania areas Nos. 4, 6, 8, and 12, as defined herein.

§ 260.40 *Philadelphia suburban and other designated Pennsylvania areas.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, on Class I milk containing not more than 6.0 percent butterfat disposed of in the Philadelphia, Pennsylvania, suburban area and in the Pennsylvania Areas Nos. 4, 6, 8, and 12, by such handler, as determined by Commodity or its designated agent, from July 1, 1945 through June 30, 1946, except (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States, as follows:

Area:	*Cents per hundredweight*
Philadelphia Suburban	40
Pennsylvania Area No. 4	40
Pennsylvania Area No. 6	33
Pennsylvania Area No. 8	33
Pennsylvania Area No. 12	33

Provided, That the rate on the quantity of milk which was not received from producers, either directly or from other handlers, shall be reduced by the difference between the prices paid, beginning with the lowest, for such nonproducer milk and the price specified for producer milk under applicable orders of the Pennsylvania Milk Control Commission for Class I milk of the same test in the area of sale. Payment will be made to each handler on nonproducer milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, are less than the total Class I milk otherwise eligible for payment, and if satisfactory showing is made as to price paid for nonproducer milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for milk for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such months not less than the prices specified by applicable orders of the Pennsylvania Milk Control Commission. The documents presented pursuant to this paragraph shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records, and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in section 2 hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(f) *Definitions.* (1) The term "Philadelphia, Pennsylvania, suburban area," as used herein, means the territory described as Philadelphia, Pennsylvania, Suburban Area, Area 1-A, by the Pennsylvania Milk Control Commission in Order A-119, except any part of Delaware County, Pennsylvania. The terms "Pennsylvania Areas Nos. 4, 6, 8 and 12," as used herein, means the territories described respectively as the Schuylkill, Lehigh, Harrisburg, and York milk marketing areas by the Pennsylvania Milk Control Commission in Official Orders Nos. A-130, A-116, A-132, and A-131.

(2) The term "Class 1 milk," as used herein, means all milk disposed of in the form of fluid milk, buttermilk, flavored milk drinks, or skim milk for fluid consumption.

(3) The term "producer," as used herein, means any person who is a producer as defined in Order No. 61, as amended, issued by the Secretary of Agriculture, regulating the handling of milk in the Philadelphia, Pennsylvania, milk marketing area, and any other person who produces milk on a farm from which milk is (i) distributed for fluid consumption in the Philadelphia, Pennsylvania, suburban area, and in the Pennsylvania areas Nos. 4, 6, 8, and 12, or (ii) delivered direct to a plant from which milk is distributed directly for fluid consumption in the respective areas.

(4) The term "handler," as used herein, means any person who distributes from a milk plant during the month for which payment is claimed pursuant to this offer more than 20 quarts of Class I milk per day within the areas defined in (1) above.

Dated: August 8, 1945.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN WILMINGTON, DEL., AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceiling with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers in the Wilmington, Delaware, Area.

§ 260.50 *Wilmington, Delaware, area.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, of 35 cents per hundredweight on Class I milk disposed of in the Wilmington, Delaware, area by such handler, as determined by Commodity or its designated agent, from July 1, 1945, through June 30, 1946, except (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States: *Provided*, That the quantity of Class I milk shall be determined from the volume weight of Class I products except that a handler who makes payment to producers only on an amount of Class I milk determined on the basis of the butterfat disposed of in Class I milk may claim payments under this section only on an amount computed on the same basis: *And provided*, That the rate of payment on the quantity of milk which is emergency milk, shall be reduced by the difference between the prices paid, beginning with the lowest, for such emergency milk, and the price applicable to producer milk under the conditions set forth in paragraph (e) for Class I milk of the same test. Payment will be made to each handler on emergency milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, by such handler are less than the total Class I milk otherwise eligible for payment, and if satisfactory showing is made as to the prices paid for emergency milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for milk for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such month not less than the applicable price or prices prescribed by paragraph (e) of this offer. The documents presented pursuant to this section shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records, and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) Each handler who, pursuant to paragraph (c) hereof, accepts this offer for any month shall (1) pay producers not less than $3.93 per hundredweight for all milk received from them that is not in excess of the total quantity of Class I milk disposed of by such handler, and all milk in excess of 2 percent of receipts which is not accounted for in Class I and Class II disposition, and (2) pay producers for all other milk received from them during such period not less than the Class II price per hundredweight, as announced by the market administrator pursuant to Order No. 61, less 12 cents: *Provided*, That if the milk received from any producer has a butterfat content other than 4 percent, the minimum prices specified in this section shall be increased by 4 cents for each one-tenth of 1 percent of average butterfat content of such milk above 4 percent and shall be decreased by 4 cents for each one-tenth of 1 percent of average butterfat content of such milk below 4 percent.

(f) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in section 2 hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(g) When used herein (1) the term "Wilmington, Delaware, Area," means the county of New Castle, in the State of Delaware.

(2) The term "Class I milk," means all milk disposed of in the form of fluid milk, buttermilk, flavored milk drinks, and skim milk for fluid consumption.

(3) The term "Class II milk," means all milk other than Class I milk including not more than 2 percent of receipts which are not accounted for by the handler.

(4) The term "producer," means any person, irrespective of whether such person is also a handler, who produces milk on a farm which milk is (i) distributed by him in the Wilmington, Delaware, area for fluid consumption, or (ii) delivered direct to a plant from which milk is distributed for fluid consumption in the Wilmington, Delaware, area.

(5) The term "handler," means any person, irrespective of whether such person is also a producer, who distributes from a milk plant during the month for which payments are claimed pursuant to this offer more than 20 quarts of Class I milk per day within the Wilmington, Delaware, area.

(f) The term "Order No. 51," means the order, as amended, issued by the Secretary of Agriculture of the United States, regulating the handling of milk in the Philadelphia, Pennsylvania, milk marketing area.

(g) The term "emergency milk" as used herein, means any milk other than that received from producers either directly or from other handlers.

Dated: August 8, 1945.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN FORT WAYNE, IND., MARKETING AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers in the Fort Wayne, Indiana, marketing area.

§ 260.60 *Fort Wayne, Indiana, area.* Commodity will make a payment to each handler in the Fort Wayne, Indiana, marketing area, regardless of whether or not such handler purchases milk from producers, on Class I milk disposed of by such handler, as determined by Commodity or its designated agent, from July 1, 1945, through June 30, 1946, except, (1) any such milk sold by such handler to another handler, (2) any such milk disposed of by such handler for use by the armed forces of the United States, (3) any such milk of such handler's own production, and (4) any such milk which is emergency milk. The rate of payment per hundredweight of milk shall be, in any calendar month, computed as follows: From the Class I price determined for such month pursuant to Order No. 32 subtract $3.53.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for milk for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such month as required by Order No. 32. The documents presented pursuant to this paragraph shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records, and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time, but, notwithstanding any such revocation or modification, settlement shall be made as provided in paragraph (b) hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(f) Any handler with whom settlement is made pursuant to section 2 of this offer shall, by accepting such settlement, be deemed to have authorized the market administrator of Order No. 32 to deduct from any payments thereafter due to such handler under Order No. 32, and to pay to Commodity, any amount which may be due Commodity by reason of the payment hereunder to the handler of any amount determined by Commodity to have erroneously or improperly been paid to the handler.

(g) *Definitions.* (1) The term "Order No. 32", as used herein, shall mean the order, as amended, issued by the War Food Administrator, regulating the handling of milk in the Fort Wayne, Indiana, marketing area.

(2) The terms "Fort Wayne, Indiana, marketing area," "Class I price," "delivery period," "Class I milk", "handler," and "emergency milk," as used herein, shall have the same meaning as is given such terms by Order No. 32.

Dated: August 8, 1945.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN BALTIMORE, MARYLAND, AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers.

§ 260.80 *Baltimore, Md., area.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, of 35 cents per hundredweight on Class I milk disposed of by such handler from a milk plant supplying milk to the Baltimore, Maryland, area, as determined by Commodity or its designated agent, from July 1, 1945 through June 30, 1946, except (1) any such milk sold by such handler to another handler, (2) any such milk disposed of by such handler for use by the armed forces of the United States, and (3) any such milk which has been sold by a handler to any person and repurchased by the handler at a lower price: *Provided*, That the rate on the quantity of milk which is emergency milk shall be reduced by the difference between the prices paid, beginning with the lowest, for such emergency milk and the price applicable to producer milk under the conditions set forth in paragraph (e) for Class I milk of the same test and place of receipt. Payment will be made to each handler on emergency milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, are less than the total Class I milk otherwise eligible for payment and if satisfactory showing is made as to price paid for emergency milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for milk for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such month not less than the applicable price or prices prescribed by paragraph (e) of this offer. The documents presented pursuant to this section shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payment shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) Each handler who, pursuant to paragraph (c) hereof, accepts this offer for any month shall (1) pay producers for all milk received from them that is not in excess of the quantity of Class I milk disposed of by such handler in the Baltimore, Maryland, area (i) $4.10 per hundredweight for milk received at plants in such area and (ii) $3.79 per hundredweight for milk received at plants outside such area; and (2) pay producers for all other milk received from them not less than the applicable Class II price per hundredweight as announced by the market administrator pursuant to Order No. 61, as amended, issued by the Secretary of Agriculture of the United States, regulating the handling of milk in the Philadelphia, Pennsylvania, milk marketing area: *Provided*, That if the milk received from any producer has a butterfat content other than 4 percent, the minimum prices specified in this section shall be increased by 5 cents for each 1/10 of 1 percent of average butterfat content of such milk above 4 percent and shall be decreased by 5 cents for each 1/10 of 1 percent of average butterfat content of such milk below 4 percent.

(f) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in paragraph (b) hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(g) *Definitions.* (1) The term "Baltimore, Maryland, area," as used herein, includes the city of Baltimore, that portion of the county of Baltimore lying south of latitude 39°30', and Calvert and Anne Arundel Counties, all in the State of Maryland.

(2) The term "Class I milk," as used herein, means all milk disposed of for fluid consumption in the form of fluid milk, buttermilk, flavored milk drinks, or skim milk.

(3) The term "Class II milk," as used herein, means all milk other than Class I milk.

(4) The term "producer," as used herein, means any person, irrespective of whether such person is also a handler, who produces milk on a farm from which milk is delivered to a plant disposing of milk for fluid consumption in the Baltimore, Maryland area: *Provided*, That such farm is approved by the applicable health department, under its permanent program of farm inspections and other health department regulations, as a qualified source of milk for consumption as fluid milk within the Baltimore, Maryland area.

(5) The term "emergency milk" as used herein, means milk other than that received from producers.

(6) The term "handler," as used herein, means any person who distributed, from a milk plant, during the month for which payment is claimed pursuant to this offer, more than 20 quarts of Class I milk per day within the Baltimore, Maryland, area.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN WASHINGTON, D. C., AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers.

§ 260.90 *Washington, D. C., area.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, of 28 cents per hundredweight of fluid milk disposed of for fluid consumption by the handler from a milk plant supplying the Washington marketing area, as determined by Commodity or its designated agent, from July 1, 1945, through June 30, 1946, except, (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States: *Provided*, That the rate of payment on the quantity of such milk which is emergency milk, shall be reduced by the difference between the prices paid, beginning with the lowest, for such emergency milk, and the price prescribed by Order No. 45 for fluid milk disposed of for fluid consumption of the same test and place of receipt. Payment will be made to each handler on emergency milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, are less than the total fluid milk disposed of for fluid consumption otherwise eligible for payment, and if satisfactory showing is made as to the prices paid for emergency milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for fluid milk disposed of for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during such month as required by Order No. 45. The documents presented pursuant to this section shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records, and accounts and submit such reports as Commodity may require. Such books, records, and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in paragraph (b) hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(f) *Definitions.* (1) The term "Order No. 45," as used herein shall mean the order, as amended, issued by the Secretary of Agriculture of the United States, regulating the handling of milk in the Washington, D. C., marketing area.

(2) The terms "Washington marketing area," "emergency milk," "handler," and "producer," as used herein, shall have the same meaning as are given such terms by Order No. 45.

(3) The term "fluid milk disposed of for fluid consumption," as used herein, shall include milk, buttermilk, skim milk, and flavored milk or milk drink disposed of for fluid consumption.

Dated: August 8, 1945.

PART 260—FLUID MILK PAYMENT PROGRAM

OFFER TO MAKE PAYMENTS IN ARLINGTON-ALEXANDRIA, AREA DURING JULY 1945 THROUGH JUNE 1946

Whereas, the Director of Economic Stabilization and the War Food Administrator of the United States approved on June 16, 1945 and May 12, 1945, respectively, a Fluid Milk Payment Program for the purpose of insuring, in accordance with Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943, the maximum necessary production and distribution of fluid milk and the maintenance of price ceilings with respect to such milk.

Now, therefore, Commodity Credit Corporation (hereinafter referred to as "Commodity"), a corporate agency of the United States, hereby offers, subject to the terms and conditions herein specified, to make payments to handlers on fluid milk disposed of by such handlers.

§ 260.100 *Arlington-Alexandria, Va., area.* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, of 28 cents per hundredweight of fluid milk disposed of for fluid consumption by the handler from a milk plant supplying the Arlington-Alexandria area, as determined by Commodity or its designated agent, from July 1, 1945, through June 30, 1946, except, (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States: *Provided*, That the rate of payment on the quantity of such milk which is emergency milk, shall be reduced by the difference between the prices paid, beginning with the lowest, for such emergency milk, and the price prescribed by the Virginia Milk Commisison for the Arlington–Alexandria milk market for fluid milk disposed of for fluid consumption of the same test and place of receipt. Payment will be made to each handler on emergency milk only to the extent that receipts from producers, including receipts of producer milk from other handlers, are less than the total fluid milk disposed of for fluid consumption other-

wise eligible for payment, and if satisfactory showing is made as to the prices paid for emergency milk.

(b) Settlement hereunder shall be made on a monthly basis upon the presentation, within 90 days after the end of the calendar month for which payments are claimed, to, and approval by, Commodity, or such agent as it may designate, of a claim for payments, supported by a written statement by such handler, made under oath before a notary public or other official authorized by law to administer oaths, that (1) resale prices charged by him for fluid milk disposed of for fluid consumption sold during the month for which payments are claimed did not exceed the resale price applicable to such sales pursuant to maximum price regulations of the Office of Price Administration, and (2) he has paid producers for all milk which he received from such producers during the respective month in accordance with the rules and regulations for the supervision and control of the Arlington-Alexandria milk market, as amended, issued by the Commonwealth of Virginia Milk Control Commission. The documents presented pursuant to this section shall be in such form and contain such certification as Commodity may prescribe.

(c) The performance by the handler of the terms and conditions set forth in this offer together with the submission to Commodity of a claim for payments by the handler, pursuant to this offer, shall constitute an acceptance of this offer for the month for which payments are claimed.

(d) Each handler who files a claim for payments shall have accurate and complete books, records, and accounts with respect to his production, receipts, utilization, and sales of milk, and with respect to his sales receipts, costs of products, and operating costs, and shall keep such other books, records, and accounts and submit such reports as Commodity may require. Such books, records and accounts shall be available for inspection by Commodity or its designated agent at any reasonable time.

(e) This offer may be partially or wholly revoked or modified by publication of a notice thereof in the FEDERAL REGISTER by Commodity at any time but, notwithstanding any such revocation or modification, settlement shall be made as provided in section 2 hereof with respect to any milk disposed of pursuant to the terms and conditions hereof prior to such revocation or modification.

(f) *Definitions.* (1) The term "Arlington-Alexandria sales area," as used herein, shall have the same meaning as is given such term in the rules and regulations for the supervision and control of the Arlington-Alexandria milk market, as amended, issued by the Commonwealth of Virginia Milk Control Commission.

(2) The term "fluid milk disposed of for fluid consumption," as used herein, shall include milk, buttermilk, skim milk, and flavored milk or milk drinks disposed of for fluid consumption.

(3) The term "handler," as used herein, shall mean any person, other than a person who is a handler as defined in Order No. 45, as amended, issued by the Secretary of Agriculture of the United States, regulating the handling of milk in the Washington, D. C., Marketing Area, who engages in the distribution from a milk plant of fluid milk disposed of for fluid consumption in the Arlington-Alexandria sales area.

(4) The term "producer," as used herein, means any person, irrespective of whether such person is also a handler, who produces milk on a farm from which milk is (i) distributed by him directly in the Arlington-Alexandria sales area as fluid milk disposed of for fluid consumption, or (ii) delivered direct to a plant located in the Arlington-Alexandria sales area which is approved or licensed for the sale of fluid milk disposed of for fluid consumption in the Arlington-Alexandria sales area.

(5) The term "emergency milk," as used herein, means any milk other than that received from producers either directly or from other handlers.

TITLE 32—NATIONAL DEFENSE

Chapter VIII—Foreign Economic Administration

Subchapter B—Export Control

[Amdt. 74]

PART 804—INDIVIDUAL LICENSES

APPLICATIONS FILED BY VETERANS

Part 804 *Individual licenses* is hereby amended by adding thereto § 804.16 as follows:

§ 804.16 *Special provisions relating to applications filed by veterans*—(a) *General statement.* A special procedure is hereby established for the purpose of giving preferential consideration to export license applications submitted by veterans of the present war. The new procedure is designed to aid veterans who were engaged in the export business prior to entering the military service as well as veterans who are newcomers in the export trade. For the purpose of this special procedure, a veteran is defined as any person who shall have served in the active military or naval service of the United States at any time on or after September 16, 1940, and who shall have been discharged or released therefrom under conditions other than dishonorable after active service of 90 days or more, or by reason of an injury or disability incurred in service in line of duty.

(b) *Veterans preference plan.* (1) Any person who qualifies as a veteran may receive preferential consideration of his applications for export licenses, to the extent outlined below, by submitting such applications in accordance with the procedure set forth in paragraph (c) of this section.

(2) The Foreign Economic Administration will set aside out of current quotas or allocations limited quantities of commodities against which export license applications submitted by veterans will be approved. The quantities set aside for this purpose will be established for individual commodities and may be changed or eliminated entirely depending on the current supply condition of the particular commodity. To the extent of the quantities thus set aside for particular commodities, applications submitted by veterans will be given preferential consideration over applications submitted by other persons.

(3) Veterans who are required under any regulations or procedures of the Foreign Economic Administration to submit records of past exports of particular commodities during a specified base period, and are unable to do so because of absence in the military service during the whole or any part of the specified base period, may comply with such regulations or procedures by submitting records of past exports of the particular commodity or commodities for other years prior to entering the military service. Such records of past exports submitted by veterans will be accepted by the Foreign Economic Administration as the basis for the veteran's participation in export quotas with other exporters even though a procedure or regulation requires other exporters to submit information as to past exports during a specified base period in order to qualify for such participation.

(4) All regulations and procedures of the Foreign Economic Administration relating to exports, except as otherwise provided in this section, shall apply to applications for export licenses submitted by veterans and export licenses issued to veterans under this procedure.

(c) *Procedure for filing applications under the Veterans Preference Plan*—(1) *How to qualify.* To establish his status as a veteran, the veteran will prepare and submit a letter in duplicate addressed to the Foreign Economic Administration, Washington 25, D. C., Attention: Veterans Preference Officer, containing the following information:

(i) Name and address.

(ii) If applications are to be submitted by a firm or corporation, state name and address of such firm or corporation.

(iii) A statement showing (*a*) date of entry into active military or naval service, (*b*) the type and date of discharge or release, including the title of the document, (*c*) the branch of the Service, and (*d*) the serial number. Instead of such statement the veteran may, if he wishes, furnish a photostatic copy or a copy of his discharge or release certified by a commissioned officer of the armed forces or a notary public.

(iv) A statement that all export license applications submitted for special consideration under this procedure will be filed by the applicant for his own account or, if to be filed in the name of a firm or corporation, indicate the extent of the applicant's ownership interest in such firm or corporation and the extent of applicant's active participation in the business.

(2) *How to file applications.* All applications for export licenses submitted under this procedure shall be filed on the form or forms and in the manner prescribed for the filing of export license applications by the Foreign Economic Administration, except that each application filed under this procedure shall contain the statement "Veterans Preference" conspicuously placed on the face of the application.

(3) *Limitations.* In general, license applications filed by veterans under this procedure will not receive the benefits of the Veterans Preference Plan unless such applications are filed by the veteran for his own account or for the account of a firm or corporation in which he has at least a 50% ownership interest. No export license issued to a veteran under this procedure may be transferred except by written authorization of the Foreign Economic Administration.

This amendment shall become effective immediately upon publication.

HOUSEHOLD SOAPS AND CLEANSERS SOLD BY MANUFACTURERS AND CERTAIN WHOLESALERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 391 is amended by adding section 14 to read as follows:

SEC. 14. *Package soaps modified in accordance with War Food Order 42b.* Until September 7, 1945 any manufacturer of a package soap who has replaced the anhydrous soap content thereof by builder to the minimum extent required by Amendment 6 to War Food Order 42b, as issued on July 23, 1945, may sell and deliver the package soap in the same mar-

ket areas as he was permitted to sell and deliver it before the change in anhydrous soap content, and the maximum prices for each seller of such package soap shall remain the same as before the change in anhydrous soap content.

This section 14 shall not apply to any package soap in which the replacement of anhydrous soap content exceeds the minimum required by said Amendment 6.

This amendment shall become effective August 7, 1945.

Issued this 7th day of August 1945.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 13,[1] Incl. Amdts. 1-85]

PROCESSED FOODS

PREAMBLE

This compilation of Revised Ration Order 13 includes Amendment 85, effective August 13, 1945. The text added by Amendment 85 is underscored.

Why processed foods must be rationed. Our soldiers and sailors in combat areas must be fed—they must be well fed. The armed forces of our allies must be fed. War is fought, and won, as much by food as by munitions. Food is a weapon which we must forge and send wherever needed—to the millions of our fighting men—to our allies and their fighting men—to their fighters on the home front, in factories, in shipyards, in munitions plants.

Processed foods—canned and frozen fruits and vegetables, and dried fruits—have been aptly called "fighting foods." Because they are compact, easily shipped and easily prepared—because they can be kept for long periods without spoiling—they fill a vital need of our armed forces and those of our allies.

Thus, the war has brought a tremendous increase in the demand for processed foods. A large part of our supply of these fighting foods must be shipped to our armed forces and to our allies.

At the same time, the war has limited our ability to increase production indefinitely. Shortages of tin, rubber and steel—of manpower and of plant facilities—place definite limits on the possibilities of expansion.

The result is that our supplies are not sufficient to meet normal civilian demands. The supplies of processed foods which are available must therefore be rationed so that everyone can get his fair share.

The use of canned baby foods has increased tremendously during the past few years. Here, too, however, the war limits our ability to expand production indefinitely. Baby foods are therefore included in the program in order to help avoid depriving any mother of the convenience of using these foods because of uneven distribution of supplies. Babies have war ration books, and their books can be used for those foods.

[1] 9 F.R. 3.

The point rationing system. Processed foods are rationed by what is called a "point" system. A particular "price", in points, is fixed for each item of processed foods. That "price" is called its "point value". Every consumer is then given a certain number of "points" which he can "spend" for processed foods, just as he has a certain amount of money which he can spend. He can get less of a higher priced item, or more of a lower priced item.

The reason for adopting this system is that there are a great number of different items of processed foods. If the supply of each item were divided evenly, there would not be enough to go around. Thus, if everyone were given stamps for canned asparagus, the amount which each consumer could get would be too small to be useful.

However, many of those items can be substituted for each other. To a considerable extent, the use of one item, rather than another, depends upon personal preference. For example, one person may prefer canned peaches, while another prefers canned pears.

The point system provides a method for letting everyone choose the kinds he prefers. It gives the same type of flexibility that a person has when he spends his money. He can get canned peas or, if he prefers, canned asparagus. He can get a small can of peas and a small can of asparagus, instead of a large can of peas.

Furthermore, the point system provides a method for adjusting demand to the available supply. For example, if canned tomatoes are relatively plentiful, a low point value could be fixed. More people would then buy canned tomatoes, just as when the money price is low. If canned tomatoes become scarce, their point value is increased. Fewer consumers will then buy them, since consumers who do not want canned tomatoes badly will not wish to spend too many of their points on canned tomatoes, when they could get other processed foods at a lower point price.

The point rationing system has been in use in England for a long time. It works simply and easily—and it is the most satisfactory method yet devised for fair and flexible distribution of a group of commodities which should be rationed together.

How consumers get processed foods. Consumers are given "points" for processed foods in the form of the blue stamps in War Ration Book Two. Each stamp has a number which shows the number of points for which it is good.

Consumers register for and get War Ration Book Two during the week before processed foods rationing actually begins. When they apply for the book, they declare their stocks of processed foods and give up stamps for any excessive amounts they have.

During the week of registration for War Ration Book Two consumers are not permitted to buy processed foods. The reason for this is to give retailers a chance to stock up and to prepare to meet demands under rationing. At the same time, it helps make sure that all consumers start evenly. If purchases were permitted, a hoarder could get his War Ration Book Two, and then go out and buy processed foods during the rest of the week without giving up points. This would give him an unfair advantage which would be inconsistent with the purposes of rationing.

When rationing begins, a consumer gives up stamps when he buys processed foods in much the same way as he gives up sugar stamps when he gets sugar. If he buys an item with a point value of 11 points, he gives up stamps worth 11 points. Retailers are required to post point values plainly, so that consumers will know just how many points each item costs.

Just as in the case of sugar, only certain stamps are good at a particular time. In this way, supplies are spread out evenly among consumers, over the year. At the outset of the program, 48 points worth of stamps will be good each month.

While no consumer starts with more points than the number in his War Ration Book Two, the order makes provision for cases of special need. A consumer who needs processed foods because of special dietary requirements due to illness can go to his local Board and get a certificate for more points, so that he can get the additional foods he needs. A consumer who lives in remote areas and who buys supplies for a long period at one time can exchange his stamps for a certificate, so that he can make his purchases all at once.

The order permits housewives to lend processed foods to each other. It also permits any person who has more processed foods of a particular kind than he needs, to exchange them for other types of processed foods of equal point value.

All of these provisions for special cases give the system necessary flexibility and permit it to operate in a way which will cause as little hardship as possible.

How other users get processed foods. Many consumers eat in restaurants or other eating establishments. The problem of rationing the food supply of those establishments (called "institutional users") is not confined to processed foods. Institutional users need other rationed foods. Therefore, the method by which institutional users get rationed foods—sugar and coffee, as well as processed foods—is covered by a general order, called General Ration Order 5.

There is another purpose for which processed foods are used. Processed foods are used in making other items which are not rationed under this order. That use is called an "industrial use." For example, bakeries may use canned or dried fruits in making pies. Pies are not rationed. Therefore, a bakery which uses canned peaches to make peach pie is an "industrial user."

It is obvious that if consumers are cut, these uses should also be cut. Therefore, the allotments given to industrial users are calculated in such a way that they will take a cut which is fair as compared with the cut borne by the average home consumer.

How the trade operates under the order. In order to make sure that all processed foods are accounted for, points must be given up for all sales of processed foods. When a retailer buys from a wholesaler, he gives up to the wholesaler points he got from consumers or from other people to whom he made sales. Similarly, when a wholesaler buys from a producer or importer (called a "processor"), the wholesaler gives up points. Processors then turn over their points to the Office of Price Administration—and the points they turn over must match the point value of processed foods they transferred.

It is also important to make sure that supplies of processed foods are evenly distributed and that every person who deals in processed foods has his proper share to sell. This is done by making provision for retailer and wholesaler inventories. No one, however, can get a supply of processed foods for sale unless he is engaged or is about to engage in the business of dealing in them. He must show that he is part of the channel of distribution. Therefore, retailers, wholesalers and processors are required to register under this order and to give information showing the volume of their business.

Retailers register and report only once—at the end of the first month of rationing. They report their sales during that month. Their volume shows how large a supply they need under rationing. A retailer is therefore given an "allowable inventory" which is based on his sales during the first month of rationing. However, to make sure that he has a large enough stock to work with flexibly, his sales are multiplied by a "factor" fixed by the Office of Price Administration, to get his allowable inventory.

Wholesalers also get allowable inventories, based on their sales under rationing. However, in some respects they are treated differently from retailers.

Wholesalers occupy a strategic position in the distribution of processed foods. Many of them have large warehouse space. During the packing seasons, supplies must flow to them freely, since the limited storage space of most processors would otherwise overflow. During those seasons, the problems of storage and warehousing make it important to let wholesalers get large quantities, even if they do not need them all for immediate sale. In other seasons, when supplies are scarce, the amount going to each wholesaler should be reduced, since no storage problem exists and even distribution is important.

Wholesalers are therefore required to report their sales each month. The Office of Price Administration fixes a factor, for each month, to reflect available supplies and proper distribution of them. Each wholesaler then gets a maximum allowable inventory for each month, equal to his sales during the last month, multiplied by that factor.

Any retailer or wholesaler who does not have large enough stocks when rationing begins, can come in during the first month for an emergency adjustment. He will be given a certificate for enough points to get adequate working stocks.

Processors have no allowable inventory problems, since they sell stocks which they themselves produce or import. However, all processed foods must be accounted for. Furthermore, rationing can be effective only if the available supply is known. Processors are therefore required to make monthly reports of their sales, inventories and production or imports. In this way, the necessary information is obtained. Processors are, of course, required to register at the start of rationing, so that supplies at that time, and the sources of future supplies, can be known.

Adjustments at trade levels. The order makes provision for various adjustments at trade levels, to get maximum flexibility. For example, retailers and wholesalers may apply for adjustments of their allowable inventories, to cover changed conditions or unusual situations. They can also apply for "loans" of points, if their own points are tied up in shipments which have not arrived. Provision is made for new business—for persons who wish to engage in processing, wholesaling or retailing processed foods.

Provisions of this type, coupled with the provisions made for special cases at the consumer level, should permit the order to operate on the smoothest and most flexible basis consistent with effective rationing.

§ 1407.1101 *Rationing of processed foods.* Under the authority vested in the Administrator by Executive Order No. 9125, issued by the President on April 7, 1942; Directive No. 1 and Supplementary Directive No. 1-M of the War Production Board, issued on January 24, 1942 and September 12, 1942, respectively; Executive Order No. 9280, issued by the President on December 5, 1942; and Food Directive No. 5, issued by the Secretary of Agriculture on February 20, 1943, Revised Ration Order 13 (Processed Foods), which is annexed hereto and made a part hereof, is hereby issued.

ARTICLE I—INTRODUCTION

Sec.
1.1 This order covers processed foods.

AUTHORITY: § 1407.1101 issued under Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421, 507 and 729, 77th Cong.; Executive Order 9125, 7 F.R. 2719; Executive Order 9280, 7 F.R. 10179; W. P. B. Directive 1, 7 F.R. 562, and Supplementary Directive 1-M, 7 F.R. 7234; and Food Directive 5, 8 F.R. 2251, 3469, War Food Order No. 56, 8 F.R. 2005, 9 F.R. 4319; War Food Order No. 56, 8 F.R. 2251, 9 F.R. 4319.

ARTICLE I—INTRODUCTION[1]

SECTION 1.1 *This order covers processed foods.* (a) The foods which are covered by this order are called "processed foods" and are listed in section 27.1 (a) (10).

(b) Puncturing or opening the container in which processed foods are packed, or merely removing them from the container, does not cause them to cease to be processed foods.

[Paragraph (b) amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

[1] Words which are specially defined in this order are shown in quotation marks the first time they appear in each article. All definitions are given in section 27.1 of the order.

(c) When any processed food is prepared for service and served, it is no longer considered a processed food. Thus, a "person" who is served canned peaches in a restaurant, as part of a meal, is not getting processed food. Furthermore, when a processed food has been used in making a product which is not rationed under this order, it ceases to be a processed food. For example, canned peaches may be used in baking peach pie—that pie, and the peaches in it, are not processed foods.

SEC. 1.2 *Processed foods are rationed by the point system.* (a) All types of processed foods are rationed together, as a group, through the use of the point system of rationing. Each item of processed foods is given a particular point value for each size in which it is sold. The point value of a processed food is the number of points that must be given up by any person who wants to get it, just as the money price of an article is the amount of money it costs. The point values will be fixed by the Office of Price Administration in a supplement to this order, containing the official table of point values. These point values may be changed from time to time, as conditions require.

(b) Any item included in the definition of processed foods but having no point value assigned to it on the Official Table of Point Values, is deemed to have a point value of zero.

[Paragraph (b) added by Am. 23, 9 F.R. 3947, effective 4-17-44]

SEC. 1.3 *Points come in the form of stamps, certificates, tokens, ration coupons and ration checks.* (a) There are several forms of ration currency which represent points.

(b) The basic forms of ration currency are green and blue stamps in War Ration Book Four, and tokens which are designated by the Office of Price Administration to be used for the acquisition of processed foods. They are the form in which points are generally given up by "consumers".

(c) Other forms of ration currency authorized by the Office of Price Administration are "certificates" (OPA Form R-1201) tokens or ration coupons and ration checks drawn on ration bank accounts. A certificate or ration coupon is issued by the Office of Price Administration (or a person authorized by that office to issue it) and is worth the number of points stated on it. Ration checks are very much like ordinary checks. They are drawn on a bank account in which a person has deposited his points, just as an ordinary check is drawn on a bank account in which he has deposited his money. (The cases in which ration checks are used are covered in Articles VIII and IX.)

[Sec. 1.3 amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

ARTICLE II—CONSUMERS

SEC. 2.1 *When a person is a consumer.* (a) Any "person" who buys or "acquires" "processed foods" for his personal use or for use at a table at which he eats, is a "consumer". (When a person gets processed foods in order to resell them or in order to use them in making other products for sale, he is not a consumer, since those are not personal uses. He is a consumer only so far as he does get processed foods for personal uses.)

SEC. 2.2 *Consumers and industrial and institutional users may not purchase processed foods between certain dates.* (a) From February 21, to February 28, 1943, inclusive, no consumer may buy or acquire processed foods from any other person. (However, a consumer may borrow processed foods from, and return borrowed processed foods to, another consumer and may acquire processed foods from another consumer for consumption at a common table.)

(b) [Revoked]

[Paragraph (b) revoked by Am. 60, 9 F.R. 12971, effective 11-3-44]

SEC. 2.3 *Consumers may purchase after February 28, 1943, only for points.* (a) Beginning March 1, 1943, a consumer may buy or acquire processed foods only by giving up points equal to the point value of the processed foods acquired. However, a consumer may exchange processed foods with any other person for other processed foods of equal point value, without giving up points and may transfer and acquire processed foods as provided in Article XXVI of this order. Moreover, consumers may acquire, transfer, or use, without limitation or restriction, processed foods which have a zero point value at the time of the acquisition, transfer, or use, respectively.

[Paragraph (a) amended by Am. 33, 9 F.R. 5074, effective 5-12-44]

(b) Consumers may lend processed foods to, or borrow them from, other consumers, and they may return borrowed processed foods. They may also acquire processed foods from other consumers for consumption at a common table. No points are to be given up for such transactions. (A transaction is not a loan of processed foods if any charge is made.)

(c) A consumer who has acquired processed foods for points may give them to another consumer point-free. He may also give them point-free to a religious, charitable, civic, or municipal organization, as his agent, to give them point-free to another consumer. (A transaction is not a gift if any charge is made.)

SEC. 2.4 *How points are given up by consumers—(a) A consumer uses stamps.* A consumer gives up points, when he acquires processed foods, by surrendering blue "stamps" from his War Ration Book Four.

[Paragraph (a) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; and Am. 21, 9 F.R. 8708, effective 8-2-44]

(b) *Stamps may be used only during certain periods.* Each stamp in War Ration Book Four is good only during a certain period, and a consumer may use it only during that period. The combination of letter and number printed on the stamps serves to indicate the time when the stamp may be used by consumers. The periods during which stamps in War Ration Book Four may be used

will be fixed in a supplement to this order.

[Paragraph (b) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; Am. 21, 9 F.R. 3708, effective 5-2-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(c) *General rules for the use of stamps by consumers.* A consumer must give up stamps worth exactly the point value of the processed foods he acquires. The number of points a green stamp is worth is shown by the figure printed on it. Blue stamps are worth 10 points each, regardless of the number printed on them. Stamps must be given up at the time the foods are acquired. The stamps may be used by a consumer only if torn out of the war ration book in the presence of the person who is selling or transferring the foods. A stamp may be used only to get processed foods for the consumer from whose book it is taken or for use at a table at which he eats.

[Paragraph (c) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; and Am. 36, 9 F.R. 5829, effective 6-2-44]

(d) *A consumer also uses certificates and ration coupons.* Any consumer to whom a "board" issues a "certificate" or ration coupon may use it to acquire processed foods just as stamps are used. However, a consumer may give up the certificate or ration coupon at or before the time the processed foods are acquired. The number of points a certificate or ration coupon is worth is shown on that certificate or ration coupon. A consumer to whom a certificate has been issued must sign his name on the back before he may use it.

[Paragraph (d) amended by Am. 24, 9 F.R. 3944, effective 4-15-44; and Am. 36, 9 F.R. 5829, effective 6-2-44]

(e) *How mail order purchases are made.* A consumer who orders processed foods for delivery by mail may detach stamps from his war ration book and send them or tokens with his order. The stamps are good if the envelope in which they are enclosed is postmarked on or before the last day on which they may be used by a consumer, even if the seller does not receive them until after that date. If the seller cannot fill all or any part of the order, he will return a ration check for the difference. The consumer may endorse that check and use it to get processed foods.

[Paragraph (e) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; Am. 21, 9 F.R. 3708, effective 5-2-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(f) *How consumers acquire and use tokens.* If the consumer is unable to give up points exactly equal to the point value of the processed foods acquired by him because he does not have stamps, certificates, ration coupons, or ration checks of sufficiently small value to make up the proper amount, he may give up, and the transferor may accept, stamps, certificates, ration coupons, or ration checks of the nearest higher value, and the transferor must return the excess number of points to the consumer in the form of tokens. Tokens may be used by a consumer to acquire processed foods only if he has received the tokens in this way from his transferor. A transferor may accept tokens from a consumer, unless he knows or has reason to believe that they were not acquired by the consumer in this way.

[Paragraph (f) added by Am. 36, 9 F.R. 5829, effective 6-2-44]

SEC. 2.5 *Consumers who need more processed foods because of illness may apply for more points.* (a) Any consumer whose health requires that he have more processed foods than he can get with his war ration book, may apply for additional points. The application must be made, on OPA Form R-315, by the consumer himself or by someone acting for him, and may be made in person or by mail. The application can be made only to the board for the place where the consumer lives. The application (on OPA Form R-315) must be accompanied by a written statement signed by a licensed practitioner, who is authorized by the laws of the state in which he practices to diagnose and treat the illness as to which the certification is made. The statement must contain a specific diagnosis of the applicant's illness or condition, must show, if possible, the probable duration of the illness, must show why the applicant must have more processed foods, and the amounts and types he needs during the next ten weeks (or a shorter period if the illness is of shorter duration).

[Paragraph (a) amended by Am. 20, 9 F.R. 3579, effective 4-6-44; Am. 51, 9 F.R. 10087, effective 8-21-44 and Am. 84, 10 F.R. 8904, effective 7-20-45]

(b) If the diagnosis is diabetes mellitus or active tuberculosis, and if the board finds that the applicant's health depends upon his getting more processed foods, it shall issue to him one or more certificates for the number of points necessary to get the additional processed foods which he needs during the next ten weeks. If the applitant requests more processed foods during this period than the board is authorized by the Washington Office to grant to him, the board shall issue to him a certificate for the number of points it is authorized to grant to him, and, if the applicant still requests the additional amount, send the application for the additional points to the district office for decision. If the diagnosis is any illness other than diabetes mellitus or active tuberculosis, the board shall send the application to the district office for decision. However, in emergency cases, if the board finds that the applicant needs additional processed foods, it may issue to him one or more certificates to enable him to get those additional foods during the next two weeks. If during that period, no decision has been made on the application, the board may issue to him one or more certificates, if the emergency continues, to enable him to get those additional foods for another two weeks. The board may continue to issue certificates for succeeding two-week periods as long as the emergency continues and until a decision has been made. If the district office is unable to pass on the application, it shall send it to the regional office for decision, or take such other action as the regional office may authorize or direct. A district office may authorize a board which has a medical advisory panel to act on all applications under this section.

[Paragraph (b) amended by Am. 20, 9 F.R. 3579, effective 4-6-44; and Am. 51, 9 F.R. 10087, effective 8-21-44]

(c) An applicant who requires additional processed foods for a period longer than the ten weeks for which points are granted to him, may apply for additional points (in person or by mail) to the board at the end of the ten-week period. However, the statement certifying the diagnosis of his illness need not be renewed more often than once a year, in cases of diabetes mellitus and active tuberculosis. In cases where the statement certifying the diagnosis of the applicant's condition need not be renewed with each application for additional rations, his application for such additional rations shall be deemed to be a certification that he knows, or has reason to believe, the diagnosis of his condition remains the same as set forth in the written statement attached to his original application. If the applicant changes his residence before the time when he would have to renew the statement certifying the diagnosis of his illness, he may obtain the statement from the board where it is filed and file it with the board for the place where he will live.

[Paragraph (c) added by Am. 20, 9 F.R. 3579, effective 4-6-44]

(d) Regional Offices may, upon advice of Regional Medical Committees, authorize Boards to issue points for illnesses other than those listed on the chart. They may also authorize Boards to issue points, in addition to those specified for illnesses listed on the chart. In addition, District Offices, if authorized by the Regional Administrator, may, upon advice of District Medical Committees, authorize Boards to issue points for illnesses other than those listed on the chart and to issue points, in addition to those specified, for illnesses listed on the chart.

[Paragraph (d) added by Am. 84, 10 F.R. 8904, effective 7-20-45]

SEC. 2.6 *Consumers who must purchase in quantity may apply for certificates.* (a) Some consumers may not be able to get processed foods during the period when their stamps are good, either because of transportation difficulties, or because they live an unusually long distance from their market. Such a consumer may apply for a certificate in exchange for some or all of the stamps in his war ration book, so that he can get the amount of processed foods to which he is entitled at a time when he is able to get them. The application must be made on OPA Form R-315, in person or by mail, to the board for the place where he lives. It must be made by the consumer himself or by someone acting for him.

(b) If the board finds that the consumer will suffer hardship because he cannot get the processed foods to which he is entitled during the periods when his stamps are good (for the reasons set forth above), it may issue to him a certificate. The certificate may be for any number of points up to the value of his remaining stamps which may be used to acquire processed foods. The board must remove from each war ration book, and cancel such stamps worth the amount of the certificate.

SEC. 2.7 *Service men may get certificates to acquire processed foods.* (a) Members of the Armed Forces of the United States and Allied Nations who do not have a war ration book which can be used to acquire processed foods, and are not entitled to have it, may obtain certificates to get processed foods under the circumstances and in accordance with the procedure set forth in General Ration Order 9.[1]

SEC. 2.8 [Revoked]

SEC. 2.9 *Consumers who must have more processed foods for their subsistence may apply for more points.* (a) Consumers (including those who eat in group one institutional establishments, as defined in General Ration Order 5) may apply for additional points if they cannot get enough fruits or vegetables to meet minimum nutritional needs for such foods, because (1) supplies of such foods are not reasonably accessible to them, except at infrequent intervals, and (2) they have no facilities for storing such foods long enough and in the quantities required to supply their needs.

[Paragraph (a) amended by Am. 40, 9 F.R. 6951, effective 6-26-44; and Am. 50, 9 F.R. 9954, effective 8-18-44]

(b) Any consumer who needs more processed foods for the reasons set forth in paragraph (a) of this section, may apply to his board, in person or by mail, on OPA Form R-315. A single application may be made covering more than one consumer, but the name of each shall be listed on the application, and the war ration book currently used to acquire processed foods of each person covered by the application must be submitted with it. The application must state in detail:

[Above paragraph amended by Am. 8, 9 F.R. 1817, effective 2-19-44]

(1) Why the persons included therein cannot obtain enough fruits or vegetables to meet minimum nutritional standards;

(2) How many pounds of processed foods they will need;

(3) For how long a period;

(4) How many pounds of processed foods (including home canned) they have, at the time of application; and

(5) How many pounds of fresh fruits or vegetables (excluding potatoes) will be available to them during the period covered by the application.

[Subparagraphs (1) and (5) amended by Am. 40, 9 F.R. 6951, effective 6-26-44; and Am. 50, 9 F.R. 9954, effective 8-18-44]

(c) All regional offices are authorized to rule on applications under this section, and to authorize boards or district offices to rule on them. A board or district office may rule on such an application only if the regional office for the area where it is located has given it such authority. If the board has not been given such authority, it shall forward the application with its recommendation to the district office. If the district office has been given such authority, it shall indicate what action is to be taken, and return the file to the board. If the district office has not been given such authority, it shall forward the file to the regional office. The regional office shall then indicate what action is to be taken, and return the file to the board. All certificates to be issued under this section shall be issued by boards.

(d) The regional office, or board or district office which is authorized to rule on such applications, may issue or authorize the issuance of one or more certificates for the number of points that it finds should be allowed. No board or district or regional office shall issue or authorize the issuance of a certificate unless it finds that the applicants will be unable to get enough fruits or vegetables, during the period covered by the application, to meet minimum nutritional needs for such foods because (1) supplies of such foods are not reasonably accessible to them, except at infrequent intervals, and (2) they have no facilities for storing such foods long enough and in the quantities required to supply their needs. In determining how many points to allow, consideration shall be given to the amount of processed foods, and fresh fruits or vegetables (excluding potatoes) which will be available to the applicants during the period covered by the application. In addition, the board or district office shall be governed by any further conditions established by the regional or Washington office.

[Paragraph (d) amended by Am. 40, 9 F.R. 6951, effective 6-26-44; and Am. 50, 9 F.R. 9954, effective 8-18-44]

(e) Any board which issues certificates under this section shall enter a notation on the front cover of the books submitted with the application showing:

(1) Its address;

(2) The date it issued certificates under this section;

(3) The foods authorized to be acquired by such certificates;

(4) The point value of such certificates; and

(5) The period for which the supplemental ration was given.

[Paragraph (e) amended by Am. 8, 9 F.R. 1817, effective 2-19-44]

ARTICLE III—PROCESSORS

SEC. 3.1 *Explanation of terms processor and processor establishment—*

(a) *A place where processed foods are produced is a processor establishment.* Any place at which a "person" produces "processed foods" for sale or other "transfer" or for "industrial use", is a "processor establishment".

(1) A person produces processed foods:

(i) If he bottles, cans, or packs any of the products, which are included within the definition of processed foods in Section 27.1 (a) (10), in hermetically sealed containers and sterilizes them by the use of heat; or

(ii) If he packs fruit or vegetable juices (which are included within the definition of processed foods in section 27.1 (a) (10)) from containers over one gallon into hermetically sealed containers of one gallon or less and sterilizes them by the use of heat; or

(iii) If he uses processed foods to produce other processed foods (as, if he uses canned peaches to make canned fruit salad).

[Paragraph (a) amended by Am. 54, 9 F.R. 11538, effective 9-17-44; Am. 60, 9 F.R. 12971, effective 11-3-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(b) *A place to which processed foods are imported is a processor establishment.* Any place (including space in a public warehouse) to which a person imports processed foods into the United States, from any place outside the United States, for sale or transfer, or for industrial use, is also a processor establishment.

(c) *Place where person keeps only processed foods he produced is a processor establishment.* The term processor establishment also includes any place (including space in a public warehouse) at which a person does not produce or import processed foods, if he regularly keeps there, for sale or transfer, only stocks of processed foods which he himself produced or imported. (If he also regularly keeps there, for sale or transfer, processed foods produced or imported by someone else it is a processor establishment only if it meets the requirements of paragraph (d); otherwise it is a wholesale or retail establishment, depending upon the nature of his operations there.)

(d) *A place where a person keeps processed foods produced by someone else may be a processor establishment.* There are two cases in which a place where a person keeps processed foods produced or imported by someone else is a processor establishment:

(1) A place where a person keeps, for sale or transfer, processed foods, produced or imported by someone else, is a processor establishment as to those stocks if the person keeping such processed foods, also produces processed foods, whether at that place or elsewhere, and if he does not, in any one calendar year, acquire (at all his establishments together, of whatever type) for sale or transfer more processed foods produced or imported by someone else than 10% by weight of the processed foods he himself produced or imported in the previous calendar year. As soon as his acquisition for sale or transfer, of processed foods produced or imported by someone else exceed that 10%, within the calendar year, that place shall cease to be a processor establishment as to those stocks, and becomes a wholesale or retail establishment depending upon the nature of his operations there. He must then follow the procedure set forth in Article XII with respect to new businesses.

(2) There is one other case in which a place where a person keeps processed foods produced or imported by someone else is a processor establishment. A person may get processed foods from someone else to use them in producing other processed foods for sale or transfer. If he keeps the processed foods obtained from someone else only to pro-

[1] 8 F.R. 7109, 10079, 1279, 15378, 16115; 9 F.R. 4348, 48874, 12087, 15047.

duce other processed foods, the place where he keeps them is a processor establishment.

(e) *Certain places where processed foods are produced only for own use are not processor establishments.* A place at which a person produces or imports processed foods only for his own use (other than industrial use) and not for sale or transfer is not a processor establishment. (Thus, if he produces processed foods, at a particular place, only for the purpose of using them in serving meals, that place is not a processor establishment.) Also, a place does not become a processor establishment because a person produces home processed foods there, even if he produces them for sale or transfer.

(f) *Person who has processor establishment is a processor.* Any person who has a processor establishment is called a processor.

SEC. 3.2 *Processors must register and file reports*—(a) *Registration.* Every processor must register with the Office of Price Administration by filing OPA Form R–1305, at any time from March 1, 1943 to March 10, 1943, inclusive. The form must be completed and signed by the processor or his authorized agent. If he has more than one processor establishment, he must show, for each, its name and address, the type of business done there, and the name of the person authorized to report for it on OPA Form R–1305.

(b) *Reports.* Every processor must file periodic reports, also on OPA Form R–1305, covering the operations of his processor establishment during each reporting period set forth in Appendix B. The report must be signed by him or by his authorized agent. If he has more than one processor establishment, he must file a separate report for each, except that he may combine in a single report all his processor establishments in a single state. The first report which must be filed is for February 1943, and is part of his registration. Reports for subsequent reporting periods must be filed within eight days after the end of the reporting period.

A processor who has reported on OPA Form R–1305 that he does not have processed foods on hand and that none were produced, acquired, sold, or transferred during his last reporting period, need not file a report for any subsequent period in which he does not operate. However, he must show on his last report on OPA Form R–1305 the month in which he will resume his operations and he must again file reports beginning with the month in which he resumes his operations.

[Paragraph (b) amended by Am. 34, 9 F.R. 5426, effective 5–26–44]

(c) *Some processors need not file reports for reporting periods after February, 1943.* A processor who produced and imported less than 10,000 pounds of processed foods during 1942, must register but need not file a report for any reporting period after that covered in his registration. However, if his total production and imports in 1943 or 1944 reach 10,000 pounds, he must file reports beginning for the reporting period in which that figure was reached.

[Paragraph (c) amended by Am. 4, 9 F.R. 848, effective 1–26–44]

(d) *Processors must give information called for by form.* The processor must give all information called for by OPA Form R–1305.

(e) *Registration and reports must be filed in Washington.* The processor's registration and periodic reports must be filed by mailing OPA Form R–1305 to the Office of Price Administration, care of the Bureau of the Census, Washington, D. C. The form is considered filed on time if the envelope is postmarked on or before the last day it is due.

(f) *Registration of persons who become processors because of additions to the list of processed foods, or because of changes in the definition of processor and processor establishment.* A person who becomes a processor because the foods he produces are added to the list of processed foods or because of changes in the definition of processor or processor establishment must, within eight days after such addition or change, file a report on OPA Form R–1305 covering his operations during the preceding reporting period. The report must be mailed to the Office of Price Administration, care of the Bureau of the Census, Washington, D. C., and is treated as his registration.

SEC. 3.3 *Processor is given a registration number.* (a) After a processor has registered, the "Washington Office" will send him a card giving him his registration number. After he gets the registration number, he must use it on each invoice or similar document prepared in connection with any sale or transfer of processed foods from any of his processor establishments.

SEC. 3.4 *Processor may not do business if he does not register and file reports.* (a) No processor may transfer or acquire processed foods after March 10, 1943, unless he has registered in the manner required.

(b) No processor may transfer or acquire processed foods after any date on which a report is due from him, unless he has filed that report.

SEC. 3.5 *Processors must report their inventories.* (a) As part of his registration, a processor must report, on OPA Form R–1305, the point value of his inventory of processed foods (by items and sizes) at the close of business on February 28, 1943. His inventory at the beginning and end of each reporting period must then be reported in his report for that period.

(b) A processor's inventory at his processor establishment consists of all processed foods physically located at that establishment or in transit to it. However, the following items are not part of that inventory:

(1) Processed foods stored at the establishment for a person other than his customer or transferee, or held there as security for a loan to someone else (or similar transaction), or in transit to it for either of those purposes;

(2) Processed foods included in the inventory of one of his other establishments.

SEC. 3.6 *A processor must turn over the points he receives to the Washington office.* (a) A processor is required to turn over to the Washington Office points he receives for sale or transfers of processed foods. However, a processor other than a processor of dried prunes or raisins, may use some of them for the following purposes:

(1) To get back processed foods he transferred; or

(2) To acquire processed foods with which to produce other processed foods; or

(3) To acquire for sale or transfer processed foods produced or imported by someone else, if the place at which he acquires them is a processor establishment as to those stocks, under section 3.1 (d) (1).

A processor of dried prunes or raisins is permitted to use points he receives for sales or transfers of those fruits only to acquire dried prunes or raisins.

(b) A processor must give up to the Office of Price Administration for cancellation, all points he receives for sales or transfers of processed foods. Not later than the eighth day of every reporting period he must issue and mail to the Office of Price Administration, care of the Bureau of the Census, Washington, D. C., his certified ration check (payable to the Office of Price Administration) for all those points he received during the preceding reporting period. A processor who is required to file periodic reports on OPA Form R–1305, must attach his check to the report. A processor who does not have to file reports must send his check in a sealed envelope, enclosing a statement showing his name, principal business address and registration number.

(c) A processor who used some of those points to acquire processed foods, as permitted in paragraph (a) of this section, must issue and send his check for the rest. He must enclose with his check a statement giving the names and addresses of the persons from whom he acquired the processed foods, the items he acquired, and their point values. If he used the points to acquire processed foods, as permitted in paragraph (a) (3) of this section, he must state, in pounds, the total amount of processed foods he produced or imported during the preceding calendar year and his total acquisitions during the current calendar year, for sale or transfer, of processed foods produced or imported by someone else.

SEC. 3.7 [Revoked]

SEC. 3.8 *Processors must keep records.* (a) Beginning March 1, 1943, every processor must keep, at each of his processor establishments, a record showing, by items and sizes:

(1) All processed foods produced or imported there;

(2) All processed foods sold or transferred to (or reserved for) exempt agencies;

(3) All processed foods used in producing other processed foods; and

(4) All processed foods, produced or imported by someone else, acquired for sale or transfer.

(b) He must also keep, at his principal business office, a copy of his registration and of his periodic reports on OPA Form R–1305 (if any are required). If he has more than one processor establishment, he must keep at each establishment a copy of the report filed for it. (However, if he has filed a combined report for several processor establishments, he must keep copies of the reports at one of them.)

(c) In addition, at the time of any change in the point value of any item of processed foods every processor must make a record of the amount and sizes of that item which he has in his inventory. The record must show the point value of the item before and after the change, and the amount by which the point value of his inventory was increased or decreased as a result. In addition, at the time any item is added to or removed from the list of processed foods, every processor must keep a record of the amount, sizes, and point value of that item which he has in his inventory. If he has more than one processor establishment, he must make and keep such a record at each establishment.

SEC. 3.9 *Processors must account for differences between their transfers and the number of points given up to the Office of Price Administration.* (a) Every processor must attach to his periodic report on OPA Form R–1305, beginning with the report for March 1943, a statement accounting for all differences between the point value of the processed foods sold or transferred by him during that reporting period, and the number of points given up by him to the Office of Price Administration. Also, if he used any processed foods in grading the processed foods which he produced or imported, he must attach a statement showing how much he used. The statements must be signed by the same person who signed the periodic report.

SEC. 3.10 *Industrial users who become processors because of the addition of items to the list of processed foods.* (a) An industrial user who, because of the addition of items to the list of processed foods, becomes a processor with respect to items he produced as an industrial user, must, if he is not already registered as a processor, register as such in accordance with section 3.2 (f), and open a ration bank account for his processor operations. He must deposit all points he has as an industrial user in his processor ration bank account. If he has an industrial user ration bank account, he may draw a check for the balance therein and deposit it in his processor account. All processed foods he has in his industrial user inventory shall be deemed to be part of his processor inventory.

(1) An industrial user who ceases to be such because all the items he produced as an industrial user are added to the list of processed foods must, within eight days after he ceases to be an industrial user, give to the board with which he is registered the notice required in section 13.1 that he will cease to operate as an industrial user, and he must close out his industrial user bank account, if any.

(2) An industrial user who becomes a processor with respect to some, but not all, the items he produced as an industrial user must, within eight days after the items produced by him as an industrial user are added to the list of processed foods, amend his industrial user registration by eliminating from his base period use of processed foods his use of those foods for the production of the items added to the list of processed foods. The board shall cancel his current allotment, and any excess inventory with which he may be charged, and shall grant for the remainder of the current allotment period, an allotment based on his use of processed foods in the corresponding base period to produce items as to which he remains an industrial user. However, this allotment is to be reduced in proportion to the part of the allotment period which had elapsed at the time he amended his industrial user registration. (Any such industrial user who, by the operation of this subparagraph, is unable to use any unused portion of his past allotments allocable to the products as to which he continues to be an industrial user, may petition for an adjustment under section 14.5.)

ARTICLE IV—WHOLESALERS

SEC. 4.1 *Explanation of the terms wholesaler and wholesale establishment.* (a) Any place, including a public warehouse, where a "person" who deals in "processed foods" keeps stocks of those foods for sale or other "transfer" is a "wholesale establishments," if fifty percent or more of those stocks are transferred from there directly to persons other than "consumers." However, if he keeps the stocks which are not transferred to consumers, just to supply his own establishments, it is a wholesale establishment only if it supplies:

(1) At least one of his wholesale establishments; or

(2) At least four of his "retail establishments."

(A place where a person regularly keeps for sale or transfer only stocks of processed foods which he himself produced or imported is a "processor establishment" and not a wholesale establishment. Also, a place which is a processor establishment under section 3.1 (d) (1) is not a wholesale establishment. Article XXIV sets forth the definitions and rules controlling growers and country shippers with respect to dry beans, peas, and lentils. However, any person who is a grower or country shipper of dry beans, peas, or lentils as well as a "wholesaler" of other processed foods, is controlled by both Article XXIV and Article IV of this order.)

[Above paragraph amended by Am. 54, 9 F.R. 11538, effective 9–17–44]

(b) Any person dealing in processed foods who has a wholesale establishment is called a wholesaler.

SEC. 4.2 *Wholesalers must register and file reports*—(a) *Registration.* Every wholesaler must register with the Office of Price Administration by filing OPA Form R–1310, at any time from April 1, 1943 to April 10, 1943, inclusive. The form must be completed and signed by the wholesaler or his authorized agent. If he has more than one wholesale establishment, he must file a combined registration for all of them on a single form.

(b) *Reports.* Every wholesaler must file periodic reports, also on OPA Form R–1310, covering the operations of his wholesale establishment during each reporting period set forth in Appendix B. The report must be filed by him or by his authorized agent. If he has more than one wholesale establishment he must file a separate inventory report for each on Schedule B of that form, except that he may combine on a single inventory report all his wholesale establishments in a single county (or in an area larger than a single county if he applies to, and receives authorization from, the "Washington Office" to do so. The Washington Office will authorize a wholesaler to combine on a single inventory report all his establishments in an area larger than a single county if it finds that those establishments are located in a single marketing area.) He must also file a combined Schedule A of that form covering all of his wholesale establishments. The Washington Office may authorize a person required to report on OPA Form R–1310 to omit from his report the information called for on Schedule B of that form. The first report which must be filed is for March 1943 and is part of his registration. Reports for reporting periods must be filed within eight days after the end of the reporting period.

[Paragraph (b) amended by Am. 30, 9 F.R. 4876, effective 5–10–44, and Am. 62, 9 F.R. 12972, effective 10–28–44]

(c) *Wholesaler must give information called for by form.* Except to the extent permitted by the Washington Office under paragraph (b) of this section, the wholesaler must give all information called for by OPA Form R–1310.

[Paragraph (c) amended by Am. 62, 9 F.R. 12972, effective 10–28–44]

(d) *Registration and reports must be filed in Washington.* The wholesaler's registration and periodic reports must be filed by mailing OPA Form R–1310 to the Office of Price Administration, care of the Bureau of the Census, Washington, D. C. The form is considered filed on time if the envelope is postmarked on or before the last day it is due.

(e) *Registration of persons who become wholesalers because of additions to the list of processed foods.* (1) A person who becomes a wholesaler because foods he keeps for sale or transfer are added to the list of processed foods, must, within eight days after such addition, file a statement on OPA Form R–315. The statement must show:

(i) The name and address of each of his wholesale establishments;

(ii) His inventory of each such item of food, in pounds and point value, as of the date on which it was added; and

(iii) His registration number, if he was previously registered as a wholesaler, or, if he was not registered, his

sales or transfers of each such item during the preceding reporting period (exclusive of exchanges, returns and transfers from one to another of his wholesale establishments) multiplied by the point value assigned to that item when it was added.

The statement must be mailed to the Office of Price Administration, Food Rationing Division, Processed Foods Branch, Washington 25, D. C., and is treated as his registration.

(2) A fixed base, for the purpose of computing his maximum allowable inventory will be assigned to him by the Washington Office. A check will be issued to him by the Washington Office to enable him to operate.

[Paragraph (e) amended by Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 4.3 *Wholesaler may not do business if he does not register and file reports.* (a) No wholesaler may transfer or "acquire" processed foods after April 10, 1943, unless he has registered in the manner required.

(b) No wholesaler may transfer or acquire processed foods after any date on which a report is due from him unless he has filed that report.

SEC. 4.4 *Wholesalers must report their inventories.* (a) As part of his registration, a wholesaler must report, on OPA Form R–1310, his inventory of processed foods (by items and sizes) at the opening of business on March 1, 1943, and the point value of his inventory of processed foods (by items and sizes) at the close of business on March 31, 1943. If he has more than one wholesale establishment, his registration must include a report of the total point value of his inventory at all those establishments. His inventory at the beginning of the next reporting period must then be reported in his report for that period.

(b) A wholesaler's inventory at his wholesale establishment consists of processed foods physically located at that establishment or in transit to it. It includes processed foods which he holds there on consignment. However, the following items are not part of that inventory:

(1) Processed foods stored at the establishment for a person other than his customer or transferee, or held there as security for a loan to someone else (or similar transaction), or in transit to it for either of those purposes;

(2) Processed foods included in the inventory of one of his other establishments.

SEC. 4.5 *Wholesalers must report their sales and points on hand.* (a) A wholesaler must also report, as part of his registration:

(1) The point value of all processed foods transferred by him during March 1943, not including exchanges of merchandise or transfers from one to another of his wholesale establishments; and

(2) The total number of points which he has available for acquiring processed foods, at the close of business on March 31, 1943. He must include all points which he has on hand, all in his ration bank account and all which he has already given up for processed foods not yet shipped to him. However, he is not to include points he has received for processed foods which he has not yet shipped.

(b) The point value of his transfers during each subsequent reporting period and the total number of points he has at the end of that period for which he can get processed foods must then be reported in his report for that period.

SEC. 4.6 *A wholesaler is allowed a maximum inventory.*—(a) *General.* For each reporting period every wholesaler is entitled to an operating inventory, called a maximum allowable inventory. This maximum allowable inventory is stated in terms of points, and is based on the point value of his transfers of processed foods during preceding reporting periods.

(b) *Amount of maximum allowable inventory.* (1) A wholesaler's maximum allowable inventory for each reporting period before September 3, 1944 is computed in the following way:

(i) The point value of his transfers of processed foods during the first three of the four preceding reporting periods is determined. (Exchanges and returns of processed foods, and transfers from one to another of his wholesale establishments, must not be included in this computation.);

(ii) That figure is divided by three to arrive at an average for the three periods;

(iii) The result is multiplied by a factor which the Office of Price Administration will fix for the reporting period in question in a supplement to this order.

(2) A wholesaler's maximum allowable inventory for each reporting period beginning on or after September 3, 1944 is computed in the following way:

(i) The point value of his transfers of processed foods during the first four reporting periods of 1944 (listed in Appendix B to this order) is determined. (Exchanges and returns of processed foods, and transfers from one to another of his wholesale establishments, must not be included in this computation.);

(ii) That figure is divided by four to arrive at an average for the four periods;

(iii) The result is multiplied by a factor which the Office of Price Administration will fix for the reporting period in question in a supplement to this order.

[Paragraph (b) amended by Am. 49, 9 F.R. 9169, effective 8-1-44]

(c) *Point inventory.* (1) In order to determine how large a stock of processed foods, measured in points, a wholesaler has and is in a position to get, it is necessary to find out two things:

(i) The point value of his inventory; and

(ii) The number of points he has available for acquiring processed foods, since he can use those points to get additional stocks. These points include all which he has on hand, all in his ration bank account (except those for which ration checks are outstanding), all which he already has given up for processed foods not yet shipped to him, and all which he has not yet received for processed foods he has already shipped. However, points he has received for processed foods which he has not shipped, or points he owes for processed foods already shipped to him, are not included.

(2) The sum of the above two figures, at a particular time, shows the amount of processed foods he has and can get at that time. That sum is called his point inventory. The wholesaler must make this computation at the time of filing his periodic report on OPA Form R–1310.

(d) *When a wholesaler is entitled to receive a certificate.* If a wholesaler's maximum allowable inventory for any reporting period is greater, by at least 10%, than his point inventory at the beginning of the preceding reporting period, he will be issued a "certificate" for the number of points needed to make up the difference. However, during November 1943 a wholesaler who is entitled to receive a certificate under this paragraph will receive one for the number of points which represents the difference between his maximum allowable inventory for the November reporting period and his point inventory on October 30, 1943; or the difference between his maximum allowable inventory for the December reporting period and his point inventory on October 31, 1943, whichever is greater. The certificate will be issued by the "Washington Office" after his report has been checked.

(e) *Excess inventory for December 1944.* If a wholesaler's point inventory at the beginning of the December 3, 1944 reporting period is greater than 110 percent of his maximum allowable inventory for that reporting period, the difference is excess inventory. He must in that case, give up to the Office of Price Administration, for cancellation, points equal to his excess inventory. The points are to be given up in the form of a check drawn on his ration bank account, payable to the Office of Price Administration. That check must be attached to and forwarded with his report on OPA Form R–1310 for the reporting period ending December 2, 1944. A wholesaler who does not have enough points at the time he files his report, may accumulate points and must forward them with his next report. If he has not given up points equal to his excess inventory when he files his next report, he may accumulate points and must forward them with his succeeding reports until he has liquidated his excess inventory. He may, however, during each reporting period, retain enough points for the purpose of keeping his stocks balanced as permitted by section 4.7 of this order.

[Paragraph (e) added by Am. 65, 9 F.R. 14062, effective 11-29-44]

SEC. 4.7 *Wholesaler may not acquire processed foods if actual inventory exceeds his maximum allowable inventory by more than five percent.* (a) A wholesaler may not acquire processed foods at any time if his actual inventory exceeds his maximum allowable inventory by more than five percent or if the acquisition of processed foods would cause his actual inventory to exceed his maximum allowable inventory by more than five percent. Even if he has points available, he may not use them to get more stock if that will cause his actual inventory to exceed his maximum allowable inventory by more than five percent. However, if he has already given up points for a transfer of processed foods at a time when he was entitled to acquire them, he may take delivery of those foods.

[Paragraph (a) amended by Am. 39, 9 F.R. 6647, effective 7-2-44; and Am. 77, 10 F.R. 5103, effective 5-11-45]

SEC. 4.8 *Washington Office may grant working point capital to wholesalers.* (a) For the purpose of providing a wholesaler with enough points with which to acquire processed foods up to the amount of his maximum allowable inventory when that maximum is raised during the height of the packing season, the Washington Office of the Office of Price Administration may issue points to him in anticipation of such an increase. The number of points to be issued for this purpose will be calculated in the following manner:

(1) The point value of the wholesaler's transfers of processed foods during the reporting period covering April 1 to May 1, 1943, inclusive, is determined;

(2) That figure is multiplied by 7 (a number which it is believed will give each wholesaler a working point capital sufficient to provide the points he will need to acquire processed foods up to the amount of his greatest maximum allowable inventory);

(3) From that figure is deducted the wholesaler's point inventory at the close of business on May 1, 1943, (including the number of points the wholesaler owes the Office of Price Administration on account of his March excess inventory) and the point value of any certificates issued to him by the Office of Price Administration to increase his point inventory since May 1, 1943;

(4) To the resulting figure is added the number of points given up to the Office of Price Administration by such wholesaler since May 1, 1943, on account of his March excess inventory.

SEC. 4.9 *Wholesaler must keep records.* (a) Every wholesaler must keep, at each of his wholesale establishments, a record of the point value of all transfers of processed foods from that establishment during each reporting period. He must also keep, at his principal business office, a copy of his registration and of the reports on OPA Form R–1310 which he filed with it. If he has more than one wholesale establishment, he must keep at each establishment a copy of the reports filed for it. (However, if he has filed a combined report for several wholesale establishments he must keep copies of the reports at one of them, and must also keep a record of the inventory of each at the close of business on March 31, 1943.) In addition, a wholesaler who has been authorized by the Washington Office to omit from his report the information called for on Schedule B of OPA Form R–1310, must keep an itemized record of the inventory (of processed foods having a point value other than zero) of each establishment at the end of each reporting period.

[Paragraph (a) amended by Am. 62, 9 F.R. 12972, effective 10-28-44]

(b) In addition, at the time of any change in the point value of any item of processed foods, every wholesaler must make a record of the amount and sizes of that item which he has in his inventory. The record must show the point value of the item before and after the change, and the amount by which the point value of his inventory was increased or decreased as a result. In addition, at the time any item is added to or removed from the list of processed foods, every wholesaler must keep a record of the amount, sizes, and point value of that item which he has in his inventory. If he has more than one wholesale establishment, he must make and keep such a record at each establishment.

SEC. 4.10 *Inventory adjustments because of additions to the list of processed foods.* (a) Whenever an item is added to the list of processed foods at the beginning of a reporting period, a wholesaler's maximum allowable inventory for the next four reporting periods (beginning with the period in which the item was added) is adjusted by adding to his maximum allowable inventory of processed foods the figure determined in the following way:

(1) The amount of that item which he sold or transferred during the reporting period preceding the period in which the item was added (less returns of that item during such period) is multiplied by the point value assigned to that item when it was added;

(2) The resulting figure is multiplied by the wholesale factor fixed for the reporting period in which the adjustment is made.

(b) Whenever a wholesaler adjusts his maximum allowable inventory as described in paragraph (a) of this section, he must attach to each report in which the adjustment is made, a statement that the adjustment is made because of the addition of the item to the list of processed foods. Moreover, he must attach to his report for the period in which the item was added a statement showing:

[Above paragraph and paragraph (a) amended by Am. 14, 9 F.R. 2567, effective 3-10-44]

(1) His inventory of that item at the beginning of the preceding reporting period;

(2) The amount of that item acquired by him during the preceding reporting period; and

(3) His inventory of that item at the end of the preceding reporting period.

ARTICLE V—RETAILERS

SEC. 5.1 *Explanation of the terms retailer and retail establishment.* (a) Any place, including a public warehouse, where a "person" who deals in "processed foods" keeps stocks of those foods for sale or other "transfer" is a "retail establishment" if more than fifty per cent of those stocks are sold or transferred from there directly to "consumers". It is also a retail establishment, even if the amount sold or transferred to consumers is fifty per cent or less, in the following case:

(1) If some of those stocks are transferred directly to consumers; and

(2) If the rest of those stocks are kept there just to supply his own establishments of any type; and

(3) If no "wholesale establishments", and not more than three retail establishments, are supplied from there.

(A place where a person regularly keeps for sale or transfer only stocks of processed foods which he himself produced or imported is a "processor establishment" and not a retail establishment. Also, a place which is a processor establishment under section 3.1 (d) (1) is not a retail establishment.)

[Above paragraph amended by Am. 54, 9 F.R. 11538, effective 9-17-44]

(b) Any person dealing in processed foods who has a retail establishment is called a "retailer".

SEC. 5.2 *Retailers must get statement of purchases during March 1943.* (a) When a retailer buys or "acquires" processed foods during March 1943, he must get from his seller or transferor a statement showing the name of the seller or transferor, the date of the purchase or acquisition, and the number of points given up for the processed foods.

SEC. 5.3 *Retailers must register.*—(a) *General.* Every retailer must register his retail establishments with the Office of Price Administration, at any time from April 1, 1943 to April 10, 1943, inclusive, on OPA Form R–1302. The registration form must be completed and signed by the retailer or his authorized agent. He must give all information called for by OPA Form R–1302.

(b) *Place where registration must be filed.* A retailer who has only one retail establishment must file his registration, in person or by mail, with the "board" for the place where that establishment is located. If he has more than one retail establishment, he must file a combined registration for all those establishments, in person or by mail, with the board for the place where his principal business office is located. A person who has a wholesale or a processor establishment, as well as a retail establishment, must file his retailer registration, by mail, with the Office of Price Administration, care of the Bureau of the Census, Washington, D. C.

(c) *Filing by mail.* Where a registration form is filed by mail, it is considered filed on time if the envelope is postmarked on or before April 10, 1943.

(d) *Registration of persons who become retailers because of additions to the list of processed foods.* (1) A person becomes a retailer because foods he keeps for sale or transfer at his establishment are added to the list of processed foods, must, within 10 days after his first full calendar month of operation following such addition, register that establishment, on OPA Form R–1302, in the same way that retailers registered between April 1 and April 10, 1943. He must give all the information called for by the form. However, he must show his sales and transfers of those foods from that establishment during the preceding calendar month, instead of during March 1943,

and must report his point inventory at the end of the preceding calendar month, instead of at the end of March, 1943. When he registers, he may get a "certificate" or, if he has excess inventory, he must give up points to the Office of Price Administration in the same way as retailers who register between April 1 and April 10, 1943.

(2) If he needs points to acquire stocks before the end of his first full month of operation following such addition to the list of processed foods, he may apply for a certificate to get processed foods. The application shall be made on OPA Form R–315, to the board or the "Washington Office," depending upon where he is required to register. A certificate may be issued to him any time before the end of that month. The number of points which it provides are part of his point inventory at the end of that month.

SEC. 5.4 *Retailer may not do business unless he has registered.* (a) No retailer may transfer or acquire processed foods after April 10, 1943, unless he has registered in the manner required.

SEC. 5.5 *Retailers must report their inventories.* (a) As part of his registration, every retailer (except those covered in section 5.7) must report the point value of his inventory of processed foods at the close of business on March 31, 1943. If he has more than one retail establishment, a separate inventory report for each establishment must be filed with his registration.

(b) A retailer's inventory at his retail establishment consists of processed foods physically located at that establishment or in transit to it, and also of processed foods stored, or in transit for storage, for that establishment at any other place (including a public warehouse). It includes processed foods held on consignment. However, the following items are not part of that inventory:

(1) Processed foods stored at the establishment for a person other than his customer or transferee, or held there as security for a loan to someone else (or similar transaction), or in transit to it for either of those purposes;

(2) Processed foods still in the possession of his seller or transferor;

(3) Processed foods included in the inventory of one of his other establishments.

SEC. 5.6 *Retailers must report their sales and points on hand.* (a) Every retailer (except those covered by section 5.7) must also report, as part of his registration:

(1) The point value of all processed foods transferred by him during March 1943, not including exchanges of merchandise or transfers from one to another of his retail establishments; and

(2) The total number of points which he has available for acquiring processed foods, at the close of business on March 31, 1943. He must include all points which he has on hand, all in his ration bank account (if any) and all which he has already given up for processed foods not yet shipped to him. However, he is not to include points he has received for processed foods which he has not yet shipped.

(b) He must attach to and file with his registration, a statement showing each of his purchases or other acquisitions of processed foods during March 1943, the name and address of his seller or transferor, and the points he gave up for each purchase or other acquisition.

SEC. 5.7 *Certain retailers need not report inventory and other information.* (a) A retailer whose gross sales of all commodities during March 1943 were $200 or less must register on OPA Form R–1302, but need not report his inventory, sales or transfers, and points on hand. However, if he elects not to report this information, he will have to operate on the basis of turnover of the stocks he has, and he will not be eligible, when he registers, to receive a certificate enabling him to increase his working stocks.

SEC. 5.8 *A retailer is given an allowable inventory*—(a) *General.* Every retailer (except those who elect not to report, as permitted by section 5.7) is entitled to an operating inventory, called an allowable inventory, which is based on his transfers of processed foods during March 1943. This allowable inventory is stated in terms of points.

(b) *Amount of allowable inventory.* To get a retailer's allowable inventory the point value of all processed foods transferred from his retail establishments during March 1943, is multipled by a factor fixed by the Office of Price Administration in a supplement to this order. The result is his allowable inventory. Exchanges of processed foods and transfers from one to another of his retail establishments, must not be included in this computation.

(c) *Point inventory.* (1) In order to determine how large a stock of processed foods, measured in points, a retailer has and is in a position to get, it is necessary to find out two things:

(i) The point value of his inventory; and

(ii) The number of points which he has available for acquiring processed foods, since he can use those points to get additional stocks. These points include all which he has on hand, all in his ration bank account, if any (except those for which ration checks are outstanding), all which he has already given up for processed foods not yet shipped to him, and all which he has not yet received for processed foods he has already shipped. However, points he has received for processed foods which he has not yet shipped, or points he owes for processed foods already shipped to him, are not included.

(2) The sum of the above two figures, at the close of business on March 31, 1943, shows the amount of processed foods he has and can get at that time. That sum is called his point inventory. The retailer makes this computation at the time of filing his registration on OPA Form R–1302.

(d) *When a retailer is entitled to a certificate.* If a retailer's point inventory at the close of business on March 31, 1943, is less than his allowable inventory, he is entitled to receive a certificate for the number of points needed to make up the difference. The certificate will be issued by the board with which he registers, or by the Washington Office, if he is required to register with that office.

(e) *What a retailer must do if he has excess inventory.* If a retailer's point inventory at the close of business on March 31, 1943, is greater than his allowable inventory, the difference is excess inventory. He must, in that case, give up to the Office of Price Administration, for cancellation, points equal to his excess inventory. Points for that amount must be forwarded with his registration If he does not have a ration bank account, he may give up the points in any form. If he has a ration bank account, he must give up the points in the form of a check drawn on that account, made payable to the Office of Price Administration. A retailer who does not have enough points at the time of registration must, within one week after the last day of each calendar month (beginning with the month of December 1943), give up to the board with which he is registered (or to the Washington Office, if he is registered there) the points which he has on hand and in his ration bank account at the end of that month, until he has, in this way, given up points equal to his excess inventory. He may, however, keep points equal to 25% of the number of points he received for his sales or transfers of processed foods during March 1943, or, if March 1943 is not the period used for establishing his allowable inventory, then during the month which has been used as such base. (Points for which ration checks are outstanding, points owed for acquisitions of processed foods during such month, and points owed for under-deliveries of such foods are not considered points which he has "on hand".) However, until he has given up points equal to his excess inventory, he may not acquire during any one calendar month processed foods having a point value of more than 25 percent of the number of points he received for his sales or transfers of processed foods during March 1943.

[Paragraph (e) amended by Am. 47, 9 F.R. 7773, effective 7–15–44]

SEC. 5.9 [Revoked]

SEC. 5.10 *Retailers must keep records.* (a) Every retailer must keep a copy of his registration, at his principal business office. If he has more than one retail establishment, he must keep at each establishment a copy of the inventory report filed for it.

(b) He must also keep, at his principal business office, the statements from his suppliers showing their sales or transfers to him during March 1943.

(c) In addition, at the time of any change in the point value of any item of processed foods, after March 31, 1943, every retailer must make a record of the amount and sizes of that item which he has in his inventory. The record must show the point value of the item before and after the change, and the amount by which the point value of his inventory was increased or decreased as a result. In addition, at the time any item is added to or removed from the list of processed foods, every retailer must keep a record of the amounts, sizes, and point value of that item which he has in his inventory. If he has more than one retail establishment, he must make and keep such a record at each establishment.

SEC. 5.11 *Retailers must post point prices.* (a) Beginning March 1, 1943, every retailer must post the current Official Table of Point Values (OPA Form R–1313) in his retail establishment in such manner that it can be plainly seen and read by purchasers.

[Paragraph (b) amended by Am. 34, 9 F.R. 5436, effective 5–26–44]

(b) Every retailer who has an establishment at which the processed foods he carries are displayed to consumers must post there the point value of every item of processed foods he carries. The point value must be posted, in such manner that it can be plainly seen and read by consumers in one or more of the following ways:

(1) On the commodity itself; or

(2) On the shelf or other place where the commodity is kept; or

(3) On a list attached to, or posted next, to the shelf or other place where the commodity is kept.

(c) When a change is made in the point value of any processed food, a retailer is allowed one full business day after the change becomes effective in which to correct the point values which he has posted in compliance with paragraph (b) of this section.

[Paragraph (c) revoked by Am. 60, 9 F.R. 12971, effective 11–3–44]

ARTICLE VI—INDUSTRIAL USERS

SEC. 6.1 *Explanation of the terms industrial user and industrial user establishment.* (a) An "industrial user establishment" is any place at which "processed foods" are used in producing or manufacturing for sale or "transfer" any product which is not a processed food. (For example, a bakery at which canned peaches are used in baking peach pies, for sale or transfer, is an industrial user establishment. Canned peaches are processed foods, but peach pie is not.) A place at which processed foods are used in producing other processed foods is a "processor establishment" and not an industrial user establishment. (An example of this would be the use of canned peaches for making canned fruit salad since both canned peaches and canned fruit salad are processed foods.) Moreover, a place, such as a restaurant, at which processed foods are used in the preparation for service and the service of meals, would be an "institutional user establishment," and not an industrial user establishment. (An "institutional user" may obtain processed foods allotments, and may use processed foods, only in accordance with the provisions of General Ration Order 5.) It also includes any place (except a place where processed foods are used for sampling or demonstration in accordance with section 10.9 or a place where processed foods are used only for educational purposes under the direction of the Department of Agriculture or the Extension Service of the Department of Agriculture) at which processed foods are used for experimental, educational, testing, or demonstration purposes. (The term "demonstration" means showing a prospective purchaser how an item of processed foods looks, how it is prepared, or how it tastes.)

[Paragraph (a) amended by Am. 43, 9 F.R. 7202, effective 7–3–44]

(b) Any "person" who operates an industrial user establishment is called an "industrial user". An industrial user who ceases to make an industrial use of processed foods (other than temporarily) is not regarded as an industrial user after he ceases.

(c) [Revoked].

SEC. 6.2 *Industrial users must register*—(a) *General.* Every industrial user must register his industrial user establishment with the Office of Price Administration, at any time from March 1, 1943 to March 10, 1943, inclusive, on OPA Form R–1308, in duplicate. The registration form must be completed and signed by the industrial user or his authorized agent.

(b) *Re-registration between December 15, 1943 and January 5, 1944.* Every industrial user who is registered under this order on December 14, 1943, must re-register his industrial user establishment by filing OPA Form R–1200 at any time from December 15, 1943 to January 5, 1944, inclusive, in accordance with General Ration Order 16.[4]

(c) *Industrial user must register all his establishments separately or as a unit.* An industrial user who has more than one industrial user establishment, must either register each establishment separately or all of them together. If he has more than one industrial user establishment, and registers them separately, each of those establishments must be treated and operated separately for all purposes of this order just as though the establishments were owned by different persons. If he registers them together, they must be treated as a unit for all purposes of this order. An industrial user who has more than one establishment which he registered together on OPA Form R–1308 may register all his establishments together or each separately when he re-registers them on OPA Form R–1200.

(d) *Industrial users must register with the board.* Each industrial user must register with the "board" for the place where his industrial user establishment is located. If he has more than one industrial user establishment and registers them together, the registration form must be filed with the board for the place where his principal business office is located. If he has more than one such industrial user establishment and registers them separately, the registration form for each must be filed with the board for the place where it is located.

(e) *Allocation of inventory and unused allotments.* An industrial user who has more than one industrial user establishment which he registers separately on OPA Form R–1200, may allocate any unused part of his prior allotments and the inventory of processed foods which he has on the date of his re-registration among his various industrial user establishments as he wishes.

[4] 8 F.R. 16840.

(f) *Industrial users' place of registration may be changed by district office.* (1) Any district office, with the consent of the regional office, may require that any board located in its district transfer the registration of industrial users registered with it to another board or to the district office. The transfer shall be made by forwarding the registration file and all other records of the industrial users to the designated board or to the district office.

(2) Where an industrial user's registration is transferred under this section to a district office, the word "board", wherever used in this order to refer to the board with which an industrial user is registered, shall be deemed to refer to the district office where that industrial user is registered.

[Paragraph (f) added by Am. 31, 9 F.R. 4881, effective 5–7–44]

SEC. 6.3 *Industrial user may not do business unless he has registered.* (a) No industrial user may "acquire" or use processed foods at his industrial user establishment, after March 10, 1943, unless he has registered as required.

(b) No industrial user may acquire or use processed foods at his industrial user establishment after January 5, 1944 until he has re-registered as required by General Ration Order 16.

(c) However, any person may make an industrial use of processed foods which have a zero point value without registering as an industrial user. However, he must register his use of those foods in the way described in Section 6.7 within 20 days after a point value higher than zero is assigned to those foods. He must attach to his registration on OPA Form R–1200 a statement showing the point value of his inventory of those foods as of the time when a point value higher than zero was assigned to them.

[Paragraph (c) added by Am. 22, 9 F.R. 3710, effective 4–6–44; amended by Am. 70, 9 F.R. 15052, effective 12–26–44]

SEC. 6.4 *Industrial users must report their inventories.* (a) As part of his registration, on OPA Form R–1308, an industrial user must report the point value of his inventory of processed foods (by items) at the close of business on February 28, 1943. If he has more than one industrial user establishment, a separate inventory report for each establishment must be filed with his registration on OPA Form R–1308.

(b) His industrial user inventory consists of all processed foods included in the inventory of his industrial user establishments. The inventory of an industrial user establishment consists of all processed foods physically located at the establishment or in transit to it. However, the following items are not part of that inventory:

(1) Processed foods stored at the establishment for another person, or held there as security for a loan to someone else (or similar transaction), or in transit to it for either of those purposes;

(2) Processed foods included in the inventory or any of his other establishments of any type.

(c) His industrial user inventory also includes all processed foods which he holds at, or which are in transit to, any other place for his "industrial use." However, processed foods included in the inventory of any establishment which is not an industrial user establishment must not be reported as part of his industrial user inventory.

(d) In addition, within 20 days of the date on which any item is added to the list of processed foods, every industrial user must report to the board with which he is registered, his inventory of that item, in pounds and point value, as of the date on which it becomes a processed food. His inventory of that item shall be treated as excess inventory. He may at the same time apply for an increase in his allotment (for the allotment period in which such item is added to the list of processed foods) by reason of that addition, in accordance with section 6.7 of this order.

(e) Within 20 days after the date on which a point value higher than zero is assigned to a processed food, every person already registered as an industrial user under this order must report to the board or district office with which he is registered, his inventory of that food, in pounds and point value, as of the date on which a point value higher than zero was assigned to it. His inventory of that food shall be treated as excess inventory.

[Paragraph (e) added by Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 6.5 *Industrial users must report their base-period use.* (a) As part of his registration on OPA Form R-1200, an industrial user must report the number of pounds of processed foods he used in his industrial user establishment during 1942. The report must show the amount he used during each of the following quarters in 1942, called base periods:

(1) January to March, inclusive;
(2) April to June, inclusive;
(3) July to September, inclusive;
(4) October to December, inclusive.

(b) The report must show his use during those periods, of each of the following classes of processed foods:

(1) Fruits:
(i) Canned and bottled,
(ii) Frozen,
(iii) Dried and dehydrated.
(2) Vegetables:
(i) Canned and bottled,
(ii) Frozen,
(3) Miscellaneous:
(i) Dry beans,
(ii) "Jams", "jellies", "marmalade", "preserves" and "fruit butters".

In addition, the report must show his use, during those periods, of fruit and vegetable juices in containers over one gallon.

(c) He must include, in his report of his base-period use, any adjustments in that use authorized by the Office of Price Administration.

(d) If an industrial user establishment was not in operation for a full quarter, his industrial use of processed foods during that quarter is fixed, for all the purposes of this order, in the following way:

(1) If the establishment was in operation during a part of the quarter:

(i) The amount of such foods used by him at his industrial user establishment during that part of the quarter is determined;

(ii) That amount is divided by the number of days the establishment was in operation during the quarter;

(iii) The result is multiplied by the number of days the establishment would have been operated during the quarter, if it had been a normal period of operations;

(iv) The resulting figure is treated as the amount so used during the quarter.

(2) If the establishment was not in operation at all during the quarter but was in operation in any other part of 1942:

(i) The amount of such foods used by him at his industrial user establishment during all of 1942 is determined;

(ii) That amount is divided by the number of days the establishment was in operation during 1942;

(iii) The result is multiplied by the number of days the establishment would have been operated during the quarter, if it had been a normal period of operations;

(iv) The resulting figure is treated as the amount so used during the quarter.

(3) If the establishment was not in operation at all during 1942, but was in operation at some time between January 1, 1943 and February 28, 1943, inclusive:

(i) The amount of processed foods used by him at his industrial user establishment between January 1, 1943 and February 28, 1943, inclusive, is determined;

(ii) That amount is divided by the number of days the establishment was in operation between January 1, 1943 and February 28, 1943, inclusive;

(iii) The result is multiplied by the number of days the establishment would have been operated during the quarter, if it had been a normal period of operations;

(iv) The resulting figure is treated as the amount used during the quarter. (If the establishment of an industrial user was not in operation at any time from January 1, 1942 to February 28, 1943, inclusive, he is treated as a new industrial user as to that establishment and must apply for permission to register as a new industrial user under the provisions of this order.)

(e) The rules set forth under (1) and (2) of paragraph (d) of this section do not apply where an industrial user's establishment was not in operation during all or part of a quarter because of a normal seasonal shutdown or for any similar reason. Where that is so, it is assumed that conditions will be the same during the corresponding period in 1944.

(f) An industrial user must exclude the following from his base-period use reported on OPA Form R-1200:

(1) His use of processed foods for educational purposes, when such use was under the direction of the Department of Agriculture or the Extension Service of the Department of Agriculture;

[Subparagraph (1) amended by Am. 43, 9 F.R. 7202, effective 7-3-44]

(2) His use of any item of processed foods having a zero point value at the time he applies for his allotment.

(g) An industrial user must exclude from his base-period use reported on OPA Form R-1200 his use of any item of food which is not included within the definition of processed foods. When he applies for his next allotment, he must notify the board or district office with which his industrial user establishment is registered, in writing, of any changes required to be made, under this section, in his base-period use as reported on Schedule II of that form. (If the change is as to part of a class of processed foods, he may, if he does not have records, give his best estimate, and indicate that the figures given are estimates.) The board (or district office) shall amend his registration on OPA Form R-1200 by excluding from his base-period use of foods as shown on Schedule II of that form, his use of any item of food which is not included within the definition of processed foods when he applies for that allotment.

[Paragraph (g) added by Am. 67, 9 F.R. 14643, effective 12-16-44]

SEC. 6.6 *Industrial users' allotments.* (a) *General.* An industrial user is given an allotment to enable him to get and use processed foods at his industrial user establishment. Allotments are given for fixed periods called allotment periods. The first allotment period for 1944, is from January 1 through March 31, 1944. The second period is from April 1 through June 30, 1944. The third period is from July 1 through September 30, 1944. The fourth period is from October 1 through December 31, 1944.

(b) *Application for allotments.* After December 14, 1943, no industrial user may apply for or receive any allotment for any 1943 allotment period. An industrial user's re-registration on OPA Form R-1200 is treated as an application for an allotment for the first allotment period of 1944. His application for an allotment for any other allotment period must be made, in person or by mail, to the board with which he is registered. No particular form need be used for such an application. The application must be made not more than fifteen days before, nor more than five days after, the beginning of the period. The board may permit the application to be made at any time during the month preceding an allotment period under such circumstances as the "Washington Office" may direct. The board, in its discretion, may also permit an application to be made at any time within the allotment period. However, if it is made more than five days after the beginning of the period, the industrial user's allotment shall be reduced in proportion to the part of the allotment period which has elapsed at the time he applies for the allotment.

NOTE: An industrial user is permitted to use processed foods only up to the amount of his allotment. He may therefore, need an allotment even if his stocks are sufficient, since his allotment establishes his right to use processed foods—it is not just a method by which he gets them.

(c) *Amount of allotment.* An industrial user's allotment is determined on the basis of his total use of processed foods at his industrial user establishment during the quarterly period in 1942 corresponding to the allotment period. The amount of each class of processed foods (set forth in section 6.5 (b)) used by him during the corresponding quarter of 1942 for the classes of products or uses listed by him on Schedule I of OPA Form R-1200, is multiplied by a factor fixed in a supplement to this order for that class of processed foods and for that class of product or use. The numbers which result are added, and the total is his allotment, stated in points. (The factor is fixed in such a way that it gives an allotment which fairly represents both the average point value of the processed foods used and the reduction in use required as a result of the scarcity of processed foods.)

(d) *Right to a certificate; excess inventory.* (1) An industrial user is entitled to get and use processed foods up to the amount of his allotment. He is, therefore, given a "certificate" for the number of points he needs in order to get that amount. However, if he had stocks on hand, on February 28, 1943, when rationing of processed foods began, he could use them for his allotment and therefore needed fewer points. For that reason, the point value of his inventory at the close of business on February 28, 1943, was deducted from his allotments. (The method of determining his inventory at the close of business on February 28, 1943, is covered by section 6.4.) If the point value of an industrial user's inventory on February 28, 1943, was less than his first allotment, he was entitled to get, from the board with which he registered, a certificate for the number of points needed to make up the difference. If the point value of his inventory was greater than his first allotment, the difference was excess inventory. In that case, he was not entitled to receive a certificate for the first allotment period, nor for any subsequent allotment period until the total of his subsequent allotments exceeded his excess inventory.

(2) If an industrial user has or is chargeable with any excess inventory at the time he re-registers on OPA Form R-1200, that excess must be entered on the form at the time he re-registers his industrial user establishment. If he has more than one such establishment and registers them separately, he may allocate such excess inventory among them in any way he wishes. However, if an industrial user has more than one establishment which he re-registers separately, he must file with the board for the place where his principal business office is located, a statement of his total excess inventory of processed foods and the amount allocated to each of his establishments. The statement must be signed by the industrial user or his authorized agent.

(3) If the point value of an industrial user's excess inventory is less than his allotment for the first allotment period of 1944, he is entitled to get, from the board with which he re-registers, a certificate for the number of points needed to make up the difference. If the point value of such excess inventory is greater than his allotment for the first allotment period of 1944, he is not entitled to get a certificate for that allotment period. He is not entitled to get a certificate until the total of his subsequent allotments exceeds his excess inventory.

(e) *Issuance of certificates.* Only one certificate will be issued by the board, for the full number of points to which an industrial user is entitled during any allotment period, except that if he has more than one industrial user establishment and has registered them separately, he is to get a separate certificate for each, since separately registered establishments are treated separately.

(f) *Report of processed foods acquired point-free or at reduced point values.* An industrial user who, between March 1 and October 4, 1943, inclusive, produced processed foods, or, at any time after February 28, 1943, acquired processed foods (other than those having a zero point value at the time he acquired them) without giving up points, and who is not required by any other provision of this order to account for or turn over to the Office of Price Administration points for the point value of the processed foods so produced or acquired, must report such production and acquisition and the amount produced or acquired when applying for his next allotment. The processed foods so produced or acquired shall be treated as excess inventory. An industrial user must also report, when applying for his allotment, the amount and point value of processed foods acquired by him during the preceding allotment period at a reduced point value under the provisions of section 9.11. However, an industrial user who acquires foods under section 6.12 is not required to report that acquisition under this paragraph.

[Paragraph (f) amended by Am. 38, 9 F.R. 6235, effective 6-10-44; and Am. 58, 9 F.R. 12639, effective 10-23-44]

(g) *Accounting for errors.* If an industrial user receives an allotment larger than he is entitled to receive, as a result of an error, omission, or mistake made in his application or by his board, or by any other office of the Office of Price Administration, the amount of the excess shall be treated as excess inventory.

(h) *Industrial users who have unbalanced stocks.* If an industrial user is not entitled to receive a certificate because he has excess inventory, but finds that he does not have an adequate stock of a particular kind of processed foods, he may apply, on OPA Form R-315, to the board with which he is registered for a certificate to enable him to get that kind. The application must show the kind and amount of food which he needs and the reasons he needs it. If the board finds that he does not have an adequate stock of the particular food, it may issue to him a certificate for the number of points needed, up to one third of his allotment for that period. The points so issued must be treated as excess inventory. The granting of the application shall not be treated as an increase in his allotment. The board may grant only one such application for an industrial user.

(i) *Reduction of allotment and adjustment of excess inventory based on frozen processed foods.* (1) The allotment for the second allotment period of 1944 of any industrial user who used frozen processed foods during the second quarter of his base period, shall be reduced by the amount which represents that use. The amount of the reduction shall be treated as excess inventory. He may not, after April 6, 1944, use processed foods having a point value, if, before that date, he used processed foods up to the amount of that reduced allotment plus any unused parts of his prior allotments or if such use of processed foods would cause his total use, in points, during the second allotment period to exceed that reduced allotment plus any unused parts of his prior allotments.

(2) An industrial user who acquired frozen processed foods for points after March 15, 1944, from points issued to him for the second allotment period, may apply for an adjustment of his excess inventory. (An industrial user who, on March 15, 1944, had points on hand or in his ration bank account is considered to have acquired frozen processed foods from points issued to him for his second allotment period only to the extent that the point value of frozen processed foods he acquired after March 15, 1944, exceeds the points he had on hand or in his ration bank account on that date.) Application shall be made on OPA Form R-315 to the board with which he is registered and must state, with respect to each such acquisition:

(i) The point value of frozen processed foods acquired for points after March 15, 1944, from points issued to him for the second allotment period;

(ii) The types and quantities of frozen processed foods acquired with those points;

(iii) The dates on which such foods were acquired; and

(iv) The names and addresses of the persons from whom such foods were acquired.

(3) If the board finds the statements made in the application are true, it shall grant the application and reduce his excess inventory by the number of such points which he used between March 16 and April 1, 1944, inclusive, to acquire frozen processed foods.

[Paragraph (i) amended by Am. 22, 9 F.R. 3710, effective 4-6-44]

(j) *Allotments for industrial user of canned or bottled vegetables or vegetable juices having a point value.* An industrial user who, during the second quarter of his base period, used canned or bottled vegetables or vegetable juices, which on March 4, 1945 have a point value (other than zero) may apply for an allotment covering such vegetables or juices. The application shall be made on OPA Form R-315, to the Board or District Office with which he is registered, and must estimate the number of pounds of such vegetables or juices separately for each item (as listed on the Official Table of Point Values—effective March 4, 1945) which he used during the second quarter of his base period. The Board or District Office may grant the application if it finds that the industrial user, during the second

quarter of his base period, used canned or bottled vegetables or vegetable juices which had a point value (other than zero) on March 4, 1945. The amount of his allotment shall be computed in the following way:

(1) The number of pounds of each such item of canned or bottled vegetables or vegetable juices which he used during the second quarter of his base period is multiplied by the point value in effect for that item on March 4, 1945 (as shown on the Official Table of Point Values—effective March 4, 1945);

(2) The resulting figures are added together and multiplied by 0.33. The result represents his allotment for the second allotment period of 1945 for canned or bottled vegetables or vegetable juices which had a point value on March 4, 1945. (Section 6.6 (d) applies in determining whether an industrial user who receives an allotment under this paragraph is entitled to a check, and in determining the amount of the check.)

[Paragraph (j) added by Am. 6, 9 F.R. 1397, effective 2-7-44; amended by Am. 54, 9 F.R. 11538, effective 9-17-44; Am. 66, 9 F.R. 14043, effective 12-16-44; and Am. 74, 10 F.R. 2875, effective 3-16-45]

(k) *Allotments for the third quarterly period for industrial users of canned or bottled vegetables or vegetable juices having a point value.* An industrial user who during the third quarter of his base period used canned or bottled vegetables or vegetable juices which on June 3, 1945, had a point value (other than zero) may apply for an allotment covering such vegetables or vegetable juices. The application shall be made on OPA Form R–315 to the Board or District Office with which he is registered and must give his best estimate of the number of pounds of such vegetables or juices, separately for each item (as listed on the Official Table of Point Values, effective June 3, 1945) which he used during the third quarter of his base period. The Board or District Office may grant the application if it finds that the industrial user during the third quarter of his base period used canned or bottled vegetables or vegetable juices which had a point value (other than zero) on June 3, 1945. The amount of his allotment shall be computed in the following way:

(1) The number of pounds of each such item of canned or bottled vegetables or vegetable juices which he used during the third quarter of his base period is multiplied by the point value in effect for that item on June 3, 1945 (As shown on the Official Table of Point Values, effective June 3, 1945);

(2) The resulting figures are added together and multiplied by 0.38.

The result represents his allotment for the third allotment period of 1945 for canned or bottled vegetables or vegetable juices which had a point value (other than zero) on June 3, 1945. (Paragraph (d) of this section applies in determining whether an industrial user who receives an allotment under this paragraph is entitled to a check and in determining the amount of the check.)

[Paragraph (k) added by Am. 32, 9 F.R. 5254, effective 5-20-44; amended by Am. 82, 10 F.R. 7342, effective 6-15-45]

(l) *Substitution of 1944 base-period use for 1942 base-period use of certain industrial users.* (1) A person who, as a processor, used processed foods to produce other processed foods before September 17, 1944 and whose use of processed foods became an industrial use on September 17, 1944 shall have his base-period use of processed foods adjusted as described in this paragraph. (For example, a person who produced jams, jellies, or preserves between October 31, 1943 and September 16, 1944 was, with respect to that operation, a processor. Beginning September 17, 1944, jams, jellies, and preserves were removed from the list of processed foods and, therefore, producers of those foods became industrial users of processed foods with respect to their use of canned or bottled fruits or other processed foods to make any of those items for sale or transfer.) He must file a statement on OPA Form R–315 with the board or district office with which his industrial user establishment is registered. The statement must be filed when he applies for his allotment for the first allotment period of 1945, but in no event later than January 5, 1945, and must show:

(i) The products or uses as to which his use of processed foods became an industrial use on September 17, 1944; and

(ii) The number of pounds of processed foods, by groups (as shown on Schedule II of OPA Form R–1200), which he used at his establishment during each quarter of 1944 to make those products. His use of such foods must be stated separately for each class of products or uses (as shown on Schedule I of OPA Form R–1200) in which those products are included. He must show his use of processed foods to make jams, jellies, preserves, marmalades or fruit butters as a separate class to be designated as "Class 18". (However, in reporting his use of processed foods to make the products as to which his use became an industrial use on September 17, 1944, he must exclude his use of processed foods to make those products for the agencies listed in sections 1.2 and 2.1 of General Ration Order 11.[5]) If he does not have the information for the fourth quarter of 1944 at the time he files the statement, he may include his use only during the first three quarters of 1944. However, he must give that information with respect to the fourth quarter of 1944 on OPA Form R–315 when he applies for his next allotment.

If his use of processed foods to make jams, jellies, preserves, fruit butters or marmalades is included in any class of products or uses other than "Class 18" (as shown on Schedule I of OPA Form R–1200) he must also notify the board or district office of the number of such pounds of processed foods, by groups (as shown on Schedule II of that form) which he included, and the class in which they were included.

(2) The board or district office with which he is registered shall substitute the applicant's use of processed foods during each quarter of 1944 to make the products as to which he became an industrial user on September 17, 1944 for his base-period use of processed foods, to make those products (as reported on Schedule II of his OPA Form R–1200 for the corresponding quarters of 1942). If the applicant shows that he used processed foods, to make jams, jellies, preserves, marmalades or fruit butters, the board (or district office) shall indicate on Schedule I of his OPA Form R–1200 that he uses such foods to make that class of products and shall eliminate from his base-period use for any other class of products or uses his use for that purpose. (These products shall be designated as "Class 18" of the various classes of products or uses listed on Schedule I of OPA Form R–1200.)

[Paragraph (l) added by Am. 68, 9 F.R. 14043, effective 12-16-44]

(m) *Adjustment in allotment of industrial users of processed foods assigned a point value (other than zero) after September 17, 1944.* Any person already registered as an industrial user who, during the first quarter of his base period, used a food which was removed from the definition of processed foods on September 17, 1944, but which becomes a processed food with a point value (other than zero) after September 17, 1944, may apply for an adjustment in his allotment. The application shall be made, after the processed food is assigned a point value (other than zero), on OPA Form R–315 to the board or district office with which he is registered, and must estimate the number of pounds of such food (separately for each item as listed on the Official Table of Point Values which first assigned the point value other than zero to those items after September 17, 1944) which he used during the first quarter of his base period. The Board or district office may grant the application if it finds that the industrial user, during the first quarter of his base period, used a food which was removed from the definition of processed foods on September 17, 1944, but which became a processed food with a point value (other than zero) after September 17, 1944. The amount of the adjustment shall be computed in the following way:

(1) The number of pounds of each such item which he estimated that he used during the first quarter of his base period is multiplied by the point value first assigned to that item after September 17, 1944, as shown on the Official Table of Point Values;

(2) The figures are added together and multiplied by 0.5;

(3) The resulting figure is reduced in proportion to the part of the allotment period which has elapsed since January 5, 1945.

(Section 6.6 (d) applies in determining whether an industrial user who receives an allotment under this paragraph is entitled to a check and determining the amount of the check.)

[Paragraph (m) added by Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 6.7 *Registration after March 10, 1943—(a) Registration of persons whose use of processed foods becomes an industrial use because of changes in the list of processed foods.* (1) Any person who becomes an industrial user, or whose use of certain foods becomes an industrial use, because the foods he uses in his operations are added to the list of processed foods (or because he uses processed foods in making products which were removed from the list of processed foods) must register his use of those foods with the Office of Price Administration within 20 days after his use of the foods in question becomes an industrial use of processed foods.

(i) If he is not already registered as an industrial user under this or any other food ration order of the Office of Price Administration, he must register his industrial user establishment by filing OPA Form R–1200, in duplicate, with the board for the place where his establishment is located. If he has more than one such industrial user establishment he must either register each establishment separately on a separate form or he must register all of them together on a single form. If he has more than one such establishment and registers them together, the registration form must be filed in person or by mail with the board for the place where his principal business office is located. If he has more than one such industrial user establishment and registers them separately, the registration form for each must be filed with the board for the place where it is located.

(ii) If he is already registered under any other food ration order he may register as an industrial user under this order by amending his registration on OPA Form R–1200 to show his use of processed foods.

(iii) If he is already registered as an industrial user under this order he must amend his registration, on OPA Form R–1200, to show his use of the foods in question.

(2) He must give all the information called for by the form with respect to his use of the foods in question. In addition, he must attach to the form a statement showing the point value of his inventory of those foods as of the time his use of them became an industrial use.

(i) An industrial user who used the foods in question in his operations before March 1, 1943, must show on his registration his base-period use of those foods. If he did not use those foods in his operations during all of 1942, he may compute his use of those foods during each quarter in the way described in section 6.5 (d) and (e). If the board finds that he used those foods in his operations before March 1, 1943, it shall grant him an allotment for the allotment period in which he registers (or amends his registration) reduced in proportion to the portion of the allotment period which has elapsed at the time he registers (or amends his registration).

(ii) An industrial user who is unable to establish a base-period use because he did not use the foods in question in his operations before March 1, 1943, must apply on OPA Form R–315 to the board with which he is registering for the assignment of a base-period use. His application must show:

(a) The product the applicant makes;

(b) The size of the establishment;

(c) The amount invested in it;

(d) The market supplied;

(e) The date on which he started to use the foods in question;

(f) His inventory of those foods;

(g) The amount and kinds of foods used since he began operations;

(h) The amount of base-period use requested; and

(i) That he became an industrial user because the foods he uses in his operations were added to the list of processed foods (or because he uses processed foods in making a product which was removed from the list of processed foods).

The board may not pass on the application for the assignment of a base-period use but must forward it, together with all information received, to the district office. The board may attach its recommendation, if any, as to the action to be taken. If the district office finds that the applicant became an industrial user, or that his use of the foods in question became an industrial use, because the foods he uses in his operations were added to the list of processed foods (or because he uses processed foods in making a product which was removed from the list of processed foods) it shall assign to him a base-period use of those foods. The board shall grant the applicant an allotment on the basis of such assigned base-period use reduced in proportion to the portion of the allotment period which has elapsed at the time of his application.

(b) *Late registration.* (1) The board may permit an industrial user who failed to register at the time required, to register and apply for an allotment at a later date. In his registration, he must report his inventory of processed foods as of the first day of the period in which he was required to register.

(2) His allotment is computed in the same way as that of an industrial user who registered on time. However, he must not acquire or use processed foods at his industrial user establishment until he registers, and the amount of his allotment shall be reduced in proportion to the part of the allotment period which has elapsed at the time he registers. In addition, he may not receive any allotment for expired allotment period.

SEC. 6.8 *Restrictions on use of processed foods by industrial users.* (a) No industrial user may use for any purpose except an industrial use, processed foods which are included in his inventory or which he acquired with points he received as an industrial user.

(b) No industrial user may use, during an allotment period, more processed foods than his allotment for that period plus any unused part of his allotments for earlier periods. He may also use processed foods up to the amount of an allotment for any future period, at any time after he has been granted that allotment. However, if he uses any part of that allotment prior to the beginning of the period for which it was granted, he shall, for purposes of this paragraph, be considered to have used it in the period for which it was granted.

(c) After December 31, 1943, no industrial user may use processed foods to make a product or use not included in a class of products or uses checked by him on Schedule I of OPA Form R–1200. Furthermore, after December 31, 1943, no industrial user may use, to make any class of product or use, more processed foods than the part of his allotment representing his base-period use of processed foods for that class, as shown on OPA Form R–1200.

(d) Processed foods acquired by an industrial user at less than their full point value under section 9.11 shall, for all the purposes of this article, be considered to have the point value at which he acquired them.

(e) The restrictions imposed by this section on an industrial user's use of processed foods do not apply to items of processed food having a zero point value.

SEC. 6.9 *Industrial users must keep records.* (a) Every industrial user must keep a copy of his registration on OPA Form R–1308 and on OPA Form R–1200. He must also keep a record of his inventory at the close of business on February 28, 1943. If he has more than one industrial user establishment which he registers together, these records must be kept at his principal business office; otherwise, they must be kept at the establishment covered by them. He must also preserve his records showing his use of processed foods during the period for which he reported in his registration.

(b) In addition, each industrial user must keep, at the same place, a record of the amount of processed foods he acquires and the date of acquisition, and the amount of processed foods used at his industrial user establishment during each allotment period. He must also keep there a record of the amount of the following items used by him:

(1) Fruit and vegetable juices in containers over 1 gallon.

SEC. 6.11 *Industrial users must report their ration bank balances, inventories, and points on hand as of January 1, 1945.* (a) Each industrial user must file with the board (or district office) with which he is registered, a signed report showing separately, as of the close of business on December 31, 1944:

(1) His name and address;

(2) The point value of his inventory of processed foods;

(3) The balance, less outstanding checks, in his ration bank account;

(4) The number of points he has on hand;

(5) The number of points he has sent to his suppliers and for which he has not yet received processed foods;

(6) The point value of any processed foods reported in (2) for which he has not yet given up points to his suppliers;

(7) Any advance of processed foods or points he has which he obtained under General Ration Order 11;

(8) Points received under his allotment for the first allotment period of 1945 or any processed foods acquired with such points;

(10) The number of points reported in (3), (4), or (5) which were acquired by him in the way permitted by section 6.12 of this order;

(11) The point value of any unused balance of processed foods in the hands of another person which the industrial user transferred to that person or which that person acquired with points transferred by the industrial user in the way permitted by section 6.12 of this order; and

(12) The balance of points in the hands of another person which the industrial user transferred to that person in the way permitted by section 6.12 of this order.

(b) If he has only one industrial user establishment, or more than one such establishment registered separately, the report must be filed not later than January 14, 1945. If he has more than one establishment registered together, the report must be filed not later than January 21, 1945.

(c) No industrial user may get an allotment after January 14, 1945, or January 21, 1945, as the case may be, unless he has made the report required by this section to the board (or district office) with which he is registered.

[Sec 6.11 added by Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 6.12 *An industrial user may transfer foods or points for industrial use*—(a) *General.* A registered industrial user may transfer processed foods without getting points (or he may transfer points without getting processed foods) to any person for making an industrial use of those foods (or points) which the transferor is entitled to make under section 6.8 (c), and, unless otherwise authorized by the Office of Price Administration, only if:

(1) Prior to the transfer, the transferor and transferee give the notice required under paragraph (b) of this section; and

(2) The product made will be distributed in the same area and to the same general class of customers served by the transferor before the transfer.

(b) *Notice.* Before any transfer may be made under this section, both the transferor and transferee must notify, in writing, the board (or district office) with which the transferor is registered. The notice must state:

(1) The amount and point value of the processed foods or the number of points involved;

(2) The names and addresses of both parties;

(3) The use to be made of the processed foods transferred (or of the processed foods acquired with the points transferred);

(4) The class of customers and the area served by the transferor; and

(5) That the product made will be distributed to that class of customers in that area.

(c) *The transferee may use foods or points acquired under this section whether or not he is registered.* The transferee may use processed foods or points transferred in accordance with this section even if he is not a registered industrial user. If he is a registered industrial user he may use the processed foods or points in addition to any use permitted him under section 6.8 of this order.

(d) *Use of foods or points and distribution of products.* The transferee may use processed foods transferred (or processed foods obtained with points transferred) to him under this section only for the purpose stated in the notice (or for other uses or products in the same class) and only to the extent that the transferor might use the processed foods or points for that purpose. Furthermore, whichever of them distributes products which the transferee makes with such processed foods to anyone else, must distribute those products in the same area and to the same general class of customers as the transferor served prior to the transfer. If the transferee distributed products of the same class to the same area and general class of customers before receiving the processed foods or points under this section, he must continue to distribute to that area and class of customers at least the same proportion of the product made with the points allotted to him for that class of products as he distributed before he acquired the processed foods or points under this section. Any processed foods used by the transferee under this section are considered to have been used by the transferor as well as the transferee.

(e) *Records.* The transferee must make and keep for two years at his principal business office, records showing by months the amounts and point value of any processed foods acquired by him under this section and the amount of such processed foods used for each product or use made with such processed foods.

(f) *Transferee may open a ration bank account.* The transferee may open a ration bank account in the same way as a registered industrial user may open an account.

[Sec. 6.12 added by Am. 58, 9 F.R. 12639, effective 10-23-44]

SEC. 6.13 *Restrictions on acquisition and use of processed foods by industrial users during the first allotment period of 1945.* (a) An industrial user may not acquire or use more processed foods during the first allotment period of 1945 than the total of the following:

(1) The amount of his allotment for the first allotment period of 1945; and

(2) Any unused advance of points or processed foods obtained before January 1, 1945 under General Ration Order 11.

(b) An industrial user may not acquire any processed foods during the first allotment period of 1945 if he had on hand on January 1, 1945, an amount equal to or greater than the total amount described in paragraph (a). An industrial user also may not acquire processed foods during that period if such acquisition would bring the total of the processed foods he had on hand on January 1, 1945, plus the amount of processed foods he has acquired during the first allotment period, above the total amount described in paragraph (a). (For the purposes of this section, the amount of foods he had on hand on January 1, 1945, includes the amount of any foods in the hands of another person which he transferred to that person or which that person acquired with points transferred by the industrial user in the way permitted by section 6.12 of this order. It does not include the amount of any foods which he acquired in the way permitted by section 6.12 of this order.)

(c) The prohibitions against the acquisition of foods covered by this order contained in paragraphs (a) and (b) shall not apply after March 15, 1945. The prohibitions against the use of foods covered by this order contained in paragraph (a) shall not apply after March 25, 1945.

[Paragraph (c) amended by Am. 76, 10 F.R. 3286, effective 3-26-45]

(d) In addition, an industrial user may acquire and use any processed foods in the way permitted by section 6.12 of this order, but only to the extent that his transferor could acquire and use such foods under this section.

[Paragraph (b) amended and (d) added by Am. 71, 10 F.R., 201, effective 1-3-45]

[Sec. 6.13 added by Am. 70, 9 F.R. 15052 effective 12-26-44]

SEC. 6.14 *Recapture of surplus ration bank balances, inventories, and points.* (a) The Board (or District Office) with which each industrial user is registered shall, beginning March 16, 1945, for each such user, take the following action:

[Above paragraph amended by Am 83, 10 F.R. 7928, effective 6-27-45]

(1) Add items (2), (3), (4), (5), (11), and (12) reported under section 6.11 and deduct from the result the total of items (6), (7), (9), and (10) reported under that section, and if he obtained his allotment for the first quarterly period of 1945 between December 15, 1944 and January 1, 1945, the amount of that allotment.

(2) Add the following:

(i) The result obtained by multiplying his total annual base for canned and bottled fruit by 2.7;

(ii) The result obtained by multiplying his total annual base for canned and bottled vegetables appearing on Chart 21 by 5.7;

(iii) The amount of excess inventory if any, charged against him as of January 1, 1945.

(3) If the result in (1) exceeds the result in (2), the difference shall be charged as excess inventory, in addition to any excess inventory already charged against him.

[Sec. 6.14 added by Am. 75, 10 F.R. 2875 effective 3-16-45]

ARTICLE VII—COMBINED OPERATIONS AND COMBINED ESTABLISHMENTS

SEC. 7.1 *A person who operates different types of establishments is treated as if he were different persons.* (a) (1) The same "person" may operate different kinds of establishments. He may have, for example, both a "wholesale establishment" and a "retail establishment." For the purposes of this order, he is both a "wholesaler" and a "retailer", since he has establishments of both kinds. The provisions of this order dealing with retailers apply to him as far as the operation of his retail establishment is concerned. The operation of his wholesale establishment is regarded as separate and is governed by the provisions dealing with wholesalers. Thus, he is treated as if he were two persons.

(2) This rule also applies to the way in which a person who is both a wholesaler and a retailer must handle the points he gets in connection with his wholesale and his retail establishment. The only points he may use as a retailer are those he gets in connection with his retail establishment. If he "transfers" "processed foods" from his wholesale establishment to his retail establishment, points he has as a retailer must be given up. When those points are given up to his wholesale establishment, they become points he has as a wholesaler. Points he has as a retailer must be kept and handled separately from the points he has as a wholesaler.

(3) The same rules apply to a person who has other types of establishments, such as "processor" or "industrial user establishments".

(b) Where a person has establishments of more than one kind, he must operate them as if each separate kind belonged to a separate person, as far as the provisions of this order are concerned. All dealings between establishments of different kinds operated by the same person are treated just as if those establishments were operated by different persons.

SEC. 7.2 *The same person may be both a wholesaler or retailer and industrial user at the same place.* (a) A person may keep stocks of processed foods at a place for sale or other transfer and may also use processed foods at that place for the production of some commodity other than processed foods. (For example, he may sell canned peaches at a particular place and may also operate a bakery there and use canned peaches in baking pies.) In a case of this type, the place is treated as two establishments. If processed foods are sold or transferred from there it may be a retail or a wholesale establishment, depending upon the facts. It would also be an industrial user establishment, since processed foods are used there in baking pies for sale.

(b) A place of the type described in the last paragraph must be registered as a retail or wholesale establishment, depending upon which it is. Its sales or transfers of processed foods and its stocks held for sale or transfer must be included in that registration. It must also be registered as an industrial user establishment and its stocks held for such use must be included in the industrial user registration.

SEC. 7.3 *The same person may be both a wholesaler or retailer and an institutional user at the same place.* (a) If, in the case described in the last section, the person operated a restaurant at that place as well as (or instead of) a bakery, it would also be an "institutional user establishment". (Restaurants are covered by General Ration Order 5 and are called "institutional users" in that order.) A place of that type must be registered under General Ration Order 5. Its restaurant activities and its stocks of processed foods held for restaurant use must be included in that registration.

SEC. 7.4 *The same person may be both a processor and a wholesaler or retailer at the same place.* (a) A person may produce or import processed foods at a particular place, for sale or transfer. He may also regularly keep at that place, for sale or transfer, processed foods which he did not produce or import, but which he acquired from someone else. In such a case, that place is a processor establishment, since he produced or imported processed foods there. It may also be a retail or wholesale establishment, depending upon the facts, since he regularly keeps there, for sale or transfer, processed foods which someone else produced or imported. (This does not apply if the place where he keeps, for sale or transfer, processed foods produced or imported by someone else is a processor establishment as to those stocks, under section 3.1 (d) (1). In such a case, the place is not a wholesale or retail establishment.)

(b) A place of the type described in the last paragraph must be registered as a processor establishment. It must also be registered as a wholesale or retail establishment, depending upon which it is. Its production and imports, and its stocks and shipments of processed foods produced or imported there, must be included in the processor report. Stocks which were produced or imported by someone else, and the sales or transfers of those stocks, must be included in the wholesaler or retailer report. (However, stocks of processed foods kept there for producing other processed foods must be included in the processor report.)

SEC. 7.5 *The same place may be more than one establishment.* (a) The situations described in the last three sections are examples of the rule that the same place may be more than one establishment, depending upon the type of business or operations carried on there. Wherever the operations at a place are such that it is more than one establishment, it is treated just as if each of those establishments were located at a different place.

(b) No place can, however, be both a retail and a wholesale establishment of the same person. Under the definitions of retail and wholesale establishments, the place may be one or the other, but not both.

(c) The word establishment, as it is used in this order, covers the operation at a place, as well as the place itself. Where a person such as a wholesaler or a retailer does not operate from any fixed place, his wholesale or retail operations as a whole are regarded as an establishment. Similarly, if a person who deals in processed foods and makes sales or transfers of them does not actually keep processed foods at any particular place, his operations as a whole, are regarded as his establishment, and he may register as a wholesaler or a retailer, depending on the class of persons to whom he makes transfers.

ARTICLE VIII—RATION BANK ACCOUNTS

SEC. 8.1 *A ration bank account is an account in which points are deposited.* (a) A ration bank account is a bank account very much like an ordinary checking account. A "person" who opens a ration bank account deposits in it points he receives, and issues checks drawn on it for points he uses. These checks are called ration checks. (The general rules for the opening, closing and use of ration bank accounts are covered by General Ration Order 3A.*)

SEC. 8.2 *Who must open a ration bank account.* (a) *Processors.* Every "processor" must open at least one ration bank account for all his "processor establishments". If he has more than one processor establishment he may open a separate account for each or for any group of them, and he may, if he wishes, open one more account than he has processor establishments.

(b) *Wholesalers.* Every "wholesaler" must open at least one ration bank account for all his "wholesale establishments." If he has more than one wholesale establishment he may open a separate account for each or for any group of them, and he may, if he wishes, open one more account than he has wholesale establishments.

(c) *Retailers.* Every "retailer" whose gross sales of all foods during the month of December 1942, or during any single calendar month since December 1942, were more than $2,500.00, and every retailer who has more than one "retail establishment", must open at least one ration bank account for all his retail establishments. If he has more than one retail establishment he may open a separate account for each or for any group of them, and he may, if he wishes, open one more account than he has retail establishments. Also, any retailer who receives points ("stamps," "certificates", or endorsed ration checks) from, and makes transfers to, "consumers" by mail must have a ration bank account. Any other retailer may open an account for his retail establishment if he had a processed foods ration bank account on April 16, 1943, or has a ration bank account for any other rationed food. (A bank is not required to open or maintain such accounts; but if it does so, it must open or maintain them for any such retailer who applies.) No other retailer may open an account.

(d) *Industrial users.* (1) Every industrial user who has, or has assigned to him, a quarterly-period use of 2,000 pounds or more of processed foods during any quarterly period from January 1, 1942 on, may open an account. If he has more than one industrial user establishment and they are registered together, he may open an account if the combined use at all those establishments is 2,000 pounds or more during any

* Revised: 8 F.R. 11069, 13738; 10 F.R. 619.

quarterly period. If he opens an account, he may either open one account for all, or a separate account for any establishment or for any group of them which used 2,000 pounds or more during any quarterly period, but all must have an account. If they are registered separately, he may open accounts only for those establishments which have a quarterly period use of 2,000 pounds or more. He may open separate accounts for any one or more of those establishments without opening accounts for the others. However, he may not use the same account for more than one establishment. Any industrial user who has opened a ration bank account and who is not entitled to have it under this section, as amended, must close that account on or before January 15, 1944. Such an industrial user who has not reduced his account to zero on or before such date, may draw a check to the Office of Price Administration for the balance in his account, less outstanding checks, and have it certified on or before January 15, 1944. He may exchange such certified check, at his board, for a certificate equal in point value to the amount of the check.

(2) Any industrial user who has more than one establishment and registers those establishments on OPA Form R–1200 in a way different from that in which they were previously registered on OPA Form R–1308 (by registering two or more establishments separately when they were previously registered together) must make the appropriate changes in the designation of the establishments served by any ration bank accounts which he has opened. He shall also close any account that is no longer needed. Where an industrial user changes the establishments which are served by an account and it is necessary that he use some or all of the points in that account for an establishment that will no longer be served by the account, he may issue, on or before January 15, 1944, the necessary checks to withdraw such points from the account, and may deposit them in the account which will serve the establishment for which he wishes to use the points, or if he has no account for such establishment, he may use the checks to obtain processed foods for such establishment. Any industrial user who closes an account under this section may (after notifying the district office in the way provided in General Ration Order 3A) on or before January 15, 1944, draw a check to the Office of Price Administration for the balance in his account, less outstanding checks, and have it certified on or before January 15, 1944. He may exchange such certified check at his board for a certificate equal in point value to the amount of the check.

(e) *Institutional users.* The opening of ration bank accounts by "institutional users" is covered by General Ration Order 5.

(f) *Application for additional accounts.* Any processor, wholesaler, or retailer who wishes to open more ration bank accounts than the number permitted by this section, may apply on OPA Form R–315 to the "Washington Office" for authority to open further ration bank accounts. He must state in his application all the facts which he claims show his need for additional ration bank accounts.

(g) *Washington Office may open accounts.* The Washington Office of the Office of Price Administration may open one or more ration bank accounts and it may issue ration checks instead of certificates to persons entitled to receive points under the provisions of this order. Wherever this order provides that the Washington Office shall issue a certificate, it may, in its discretion, issue a ration check instead.

(h) *Certain airplane operators.* An airplane operator who has been allowed an operating inventory under section 21.4 of General Ration Order 5 may open one ration bank account for each of his offices at which he regularly purchases processed foods for use as planes' stores.

SEC. 8.3 *Use of ration bank accounts.* (a) Every processor, wholesaler, retailer, or industrial user, who has a ration bank account, must deposit in his account all points he receives, whether in the form of stamps,[1] certificates or ration checks.

[Paragraph (a) amended by Am. 9, 9 F.R. 1908, effective 2–17–44; Amr. 18, 9 F.R. 3073, effective 3–20–44; and Am. 64, 9 F.R. 13993, effective 11–27–44]

(b) If an industrial user who has more than one establishment registered together and who has more than one ration bank account for those establishments, overdraws any one of those accounts, he may not draw checks on any of those other accounts except for deposit in the overdrawn account, until he repays the amount of that overdraft.

[Paragraph (b) added and section heading amended by Am. 73, 10 F.R. 1539, effective 2–7–45]

SEC. 8.4 *When points must be deposited*—(a) *Stamps.* A person who has a ration bank account may not deposit stamps later than one month and ten days after the last date on which they were good for use by a consumer. (The periods during which particular stamps are good for use by consumers are fixed in the supplement to this order.) If the last day on which the stamps were good for use by a consumer is not the last day of a calendar month, and the next calendar month has a day which corresponds thereto, then a "month", as used in this paragraph, is the period from the last day on which the stamps were good for use by a consumer to and including the corresponding day of the next calendar month; otherwise it is the period from the last day on which the stamps were good for use by a consumer to and including the last day of the next calendar month.

[Paragraph (a) amended by Am. 21, 9 F.R. 3708, effective 5–2–44; and Am. 70, 9 F.R. 15052, effective 12–26–44]

[1] For the purposes of General Ration Order 3A, green and blue stamps in War Ration Book Four, tokens, certificates (Form OPA R–1201) or ration coupons and ration checks are to be regarded as "evidences". That term is not, however, actually used in this order.

[Footnote amended by Am. 9, 9 F.R. 1908, effective 2–17–44]

(b) *Certificates and ration coupons.* Any certificate issued on or after October 13, 1943, may be deposited at any time. Ration coupons may be deposited at any time before February 1, 1945.

[Paragraph (b) amended by Am. 24, 9 F.R. 3944, effective 4–15–44; and Am. 64, 9 F.R. 13993, effective 11–27–44]

(c) *Effect of failure to deposit stamps.* A stamp which was not deposited on time is not good, and may not be used or accepted for any purpose.

[Paragraph (c) amended by Am. 24, 9 F.R. 3944, effective 4–15–44]

(d) *Ration checks.* Ration checks may be deposited at any time.

(e) *Tokens.* Tokens may be deposited at any time in quantities of 250 or multiples thereof in containers provided for that purpose by the Office of Price Administration.

[Paragraph (e) added by Am. 9, 9 F.R. 1908, effective 2–17–44]

SEC. 8.5 *Ration bank accounts shall be opened by boards, mailing centers, district offices and the Washington Office.* (a) Each board and mailing center which issues certificates under this order and the Washington Office and each district office will on or before December 1, 1944, open a ration bank account. After it has opened a ration bank account, it will, on and after December 1, 1944, issue a ration check instead of a certificate whenever this order permits the issuance of a certificate. In cases where this order permits a board, mailing center, district office or the Washington Office to issue more than one certificate on one application, it may issue as many checks to the applicant as it is permitted to issue certificates.

(b) (1) The ration bank account opened by the Washington Office shall receive periodic credits through credit memoranda issued by the Washington Office as authorized by General Ration Order 3A.

(2) At the time a ration bank account is opened by a board or mailing center and on the first day of each month thereafter the board or mailing center shall draw a ration credit draft on the ration bank account of the district office in the amount of the credits which it estimates will be needed for the monthly period. Such ration credit drafts and all uncertified ration checks received by the board or mailing center shall be endorsed by it and deposited in its ration bank account. When the credit in the ration bank account of a board or mailing center will not be sufficient to cover its needs for the monthly period, it may draw a supplemental ration credit draft for the additional amount needed and deposit it to its account.

(3) At the time a ration bank account is opened by a district office and on the first day of each month thereafter, the district office shall draw a ration credit draft on the ration bank account of the Washington office in the amount of the credits which it estimates will be needed for the monthly period. Such ration credit drafts and all uncertified ration checks received by a district office shall be endorsed by the district office and deposited in its ration bank account. When the credit in the ration bank account of a district office will not be sufficient to cover its needs for the monthly period, it may draw a supplemental ration credit draft for the additional amount needed and deposit it to its account.

[Sec. 8.5 added by Am. 64, 9 F.R. 13993, effective 11–27–44]

SEC. 8.6 *Withdrawal of ration banking privileges because of overdrafts on ration bank accounts.* (a) Where a district office is notified by a ration bank that an industrial user has overdrawn his ration bank account, it shall send him a notice in writing. The notice shall be delivered personally or sent by registered mail. The notice shall state:

(1) The amount of the overdraft on the industrial user's ration bank account, as shown by the records of the bank;

(2) That if the account is not overdrawn, the user must satisfy the district office of that fact within five days after receipt of the notice; otherwise, the overdraft will be deemed to be admitted by the user;

(3) That if the account is overdrawn, the user may not draw any checks against the account until he repays the amount of the overdraft in accordance with (4);

(4) That his account will be closed and his ration banking privileges withdrawn unless he repays the amount of all overdrafts on that account before the sixteenth day after the beginning of the allotment period after the one in which he received the notice of the overdraft;

(5) That he must give to the district office, as proof of payment of the overdraft, a duplicate deposit slip showing receipt by the bank of a deposit of points at least equal to the amount of the overdraft.

(b) If an industrial user fails to repay all overdrafts on the account in question within the time specified in the notice, the district office shall instruct the bank to close the user's account. If the user has more than one establishment registered together and has more than one account for those establishments, the district office shall instruct each of the banks where such an account is kept to close it. The district office shall notify the user and his board (if he is registered with a board) of the closing of the account or accounts. The industrial user shall also be notified that he must thereafter give up points for his acquisitions of processed foods at or before the time they are transferred to him, notwithstanding the provisions of section 9.5 (c) (2) and (3) of this order. The board (if he is registered with a board) shall also be notified of the amount of the remaining overdraft on the account at the time it was closed. Upon receipt of such instructions and notices:

(1) The bank shall close the industrial user's account and shall notify the district office of the balance in the account as of the time it was closed;

(2) The user must give up to the district office all ration checks and check books he has;

(3) The district office or board with which the industrial user is registered shall charge the amount of the remaining overdraft to the industrial user as excess inventory.

(c) If an industrial user whose account is overdrawn, after receiving a notice of that fact, draws another check before he satisfies the conditions in paragraph (a) (4), his account shall be closed by the district office in the way described in paragraph (b). If an industrial user who has repaid the amount of an overdraft, after receiving the notice described in paragraph (a), again overdraws the account the district office shall send him a notice in writing (to be delivered personally or by registered mail) of the amount of the overdraft. (If he has more than one establishment registered together and has more than one account for those establishments, the same rule applies whether or not his latter overdraft is on the same account.) If he does not satisfy the district office within five days after receipt of this notice that his account is not overdrawn, the district office shall close the account, and if he has more than one account for a group of establishments registered together, all those accounts, in the way described in paragraph (b).

(d) An industrial user whose ration bank account has been closed pursuant to paragraph (b) or (c) must thereafter give up points for acquisitions of processed foods at or before the time they are transferred to him, notwithstanding the provisions of section 9.5 (c) (2) and (3) of this order. (Nothing in this section shall be construed to prohibit the surrender of points for a transfer of processed foods subsequent to the time at which they are required to be surrendered. However, such late surrender shall not relieve the transferor or the transferee of the consequences of the failure to receive or surrender points at the time required.)

(e) When an industrial user's ration bank account has been closed under this section, the district office may take any steps which it deems reasonably necessary to inform the user's present and prospective suppliers that the account has been closed, so that they will know that his right to use ration checks, and to surrender points after he acquires processed foods, is restricted in the way provided in this section.

(f) Nothing in this section shall be considered to waive or exclude any other action which may be taken by the Office of Price Administration with respect to any violations by any industrial user of this order or Revised General Ration Order 3A.

[Sec. 8.6 added by Am. 73, 10 F.R. 1539, effective 2–7–45]

ARTICLE IX—SALES AND TRANSFERS OF PROCESSED FOODS

SEC. 9.1 *No transfers may be made to certain persons between certain dates.* (a) From February 21, 1943 to February 28, 1943, inclusive, no "person" may sell or "transfer" "processed foods" to a "consumer" regardless of any contract or other agreement. (Certain transactions between consumers, covered in section 2.2 are excepted from this rule.)

(b) [Revoked]

[Paragraph (b) revoked by Am. 60, 9 F.R. 12971, effective 11–3–44]

SEC. 9.2 *Only certain persons may transfer processed foods.* (a) Beginning November 3, 1944, only "retailers", "wholesalers", or "processors" may sell or transfer processed foods. (Certain transactions between consumers, covered in section 2.3, and certain other transactions, covered in Articles X and XXVI, are excepted from this rule.)

[Paragraph (a) amended by Am. 60, 9 F.R. 12971, effective 11–3–44]

(b) An industrial user who has an excess inventory of processed foods may apply for permission to sell or transfer any part of that excess. The application shall be made on OPA Form R–315 to the board with which he is registered. He must state in his application the kinds, quantities and point value of the processed foods he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other information that the board requests. The board shall grant the application if good cause is shown. If the application is granted, the processed foods must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer processed foods. However, an industrial user who has been charged with excess inventory pursuant to section 6.6 (f) because he produced processed foods before October 5, 1943, for his own industrial use, and who is also registered as a processor, may transfer to his processor establishment processed foods which he produced before October 5, 1943, and which are still included in his industrial user inventory, at the point value at which those foods were charged against him as industrial user excess inventory, instead of at their current point value. Within five days after the sale or transfer, the transferor must give up to the board all points which he received for the processed foods sold or transferred. The board shall reduce his excess inventory by an amount equal to the number of points given up. An industrial user may also sell or transfer processed foods which are in imminent danger of spoilage, as provided in section 9.11.

[Paragraph (b) amended by Am. 16, 9 F.R. 2791, effective 3–17–44]

(c) Institutional users may sell or transfer processed foods only as permitted in General Ration Order 5, and in section 9.11.

(d) Any person not covered by paragraphs (a), (b) or (c) may apply for permission to sell or transfer processed foods. The application shall be made on OPA Form R–315 to the board for the place where he lives or where he has his principal business office. He must state in his application the kinds, quantities and point value of the processed foods he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other in-

formation that the board requests. Only one such application may be made by a person on his own behalf or on behalf of the members of his family unit. The board shall grant the application if good cause is shown. If the application is granted, the processed foods must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer processed foods, and within five days after the sale or transfer, the transferor must give up to the board all points which he received for the processed foods sold or transferred.

(e) The limitations or restrictions on acquisitions, transfers, or use of processed foods do not apply to processed foods which have a zero point value at the time of the acquisition, transfer, or use, respectively, except where the provisions of the limitation or restriction are stated to apply to processed foods which have a zero point value.

[Paragraph (e) added by Am. 33, 9 F.R. 5074, effective 5-12-44. Former paragraph (e) revoked by Am. 4, 9 F.R. 848, effective 1-26-44]

SEC. 9.3. *Transfers after February 28, 1943 may be made only for points.* (a) Beginning March 1, 1943, no person may sell or transfer, and no person may buy or "acquire" processed foods, regardless of any contract or other agreement, unless points are given up in the way this order requires. (The word "transfer", as it is defined means to sell, as well as to transfer in other ways. The word "acquire", means to buy as well as to get in other ways. Therefore, the only words which will generally be used, in later sections, are "transfer" and "acquire".)

The rules covering various kinds of transactions are set forth in the sections which follow.

SEC. 9.4 *How processed foods are transferred to consumers.* (a) *General.* Processed foods may be transferred to a consumer, and may be acquired by him, only if he gives up to the seller, or transferor, points equal to the point value of the processed foods transferred. (Certain transactions between consumers covered in section 2.3, are excepted from this rule. Certain other exceptions are covered in Article X.)

If the consumer is unable to give up points exactly equal to the point value of the processed foods acquired by him because he does not have stamps, certificates, ration coupons, or ration checks of sufficiently small value to make up the proper amount, he may give up, and the transferor may accept stamps, certificates, ration coupons, or ration checks of the nearest higher value and the transferor must return the excess points to the consumer in the form of tokens.

[Above paragraph added by Am. 9, 9 F.R. 1908, effective 2-17-44; and amended by Am. 86, 9 F.R. 5829, effective 6-2-44]

(b) *How points are given up.* Points may be given up by, and taken from, a consumer only in the form of stamps from his war ration book, a certificate issued for him, and a ration check issued to him and endorsed by him. Points may also be given up in the form of loose one point stamps from February 27, 1944 to March 20, 1944, inclusive, and in the form of tokens, beginning February 27, 1944.

[Paragraph (b) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(c) *When points must be given up.* The seller or transferor must take the points from the consumer at the time when the processed foods are transferred. (Exceptions to this rule are covered in paragraphs (f) and (g) of this section.)

Nothing in this section shall be construed to prohibit the surrender of points for a transfer of processed foods subsequent to the time at which they are required to be surrendered. However, such late surrender shall not relieve the transferor or the transferee of the consequences of the failure to receive or surrender points at the time required.

[Paragraph (c) amended by Am. 48, 9 F.R. 8793, effective 7-25-44]

(d) *When stamps must be detached.* The seller or transferor may accept a stamp only if it is torn out of a war ration book in his presence. Loose stamps may not be used by a consumer and they must not be accepted by the seller or transferor.

However, a transferor may accept loose one point stamps from a consumer from February 27, 1944 to March 20, 1944, inclusive, unless he knows or has reason to believe those stamps were not acquired by the consumer in the way permitted by paragraph (a) of this section. Beginning February 27, 1944, a transferor may also accept tokens from a consumer unless he knows or has reason to believe those tokens were not acquired by the consumer in the way permitted by paragraph (a) of this section.

[Paragraph (d) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(e) *When stamps are good.* Each stamp is good only during a certain period, and may be accepted for a transfer to a consumer only during that period. The combination of letter and number printed on the stamps serves to indicate the time when the stamps may be used by consumers. The periods during which stamps in War Ration Book Four may be accepted from a consumer are fixed by the Office of Price Administration in a supplement to this order.

[Paragraph (e) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; Am. 21, 9 F.R. 3708, effective 5-2-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(f) *Use of certificates.* A certificate may be accepted from a consumer only if it has been signed on the back by the person for whom it was issued (or by someone authorized to act for him, if he cannot write.) A certificate may be accepted from a consumer at or before the time when the processed foods are transferred.

[Paragraph (f) amended by Am. 24, 9 F.R. 3944, effective 4-15-44]

(g) *Mail order sales.* (1) Processed foods may be transferred to consumers by mail if a certificate, detached stamps, tokens, or a ration check payable to, and endorsed by the consumer, are received with the order. Stamps which are received after the last day on which they are good in the hands of the person who sends them may be accepted if the envelope in which they are enclosed is postmarked on or before that date. Stamps which are received after the last day on which they are good in the hands of the person who sends them may be accepted if the envelope in which they are enclosed is postmarked on or before that date.

[Subparagraph (1) amended by Am 9, 9 F.R. 1908, effective 2-17-44; Am. 24, 9 F.R. 3944 effective 4-15-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(2) If the transferor fails to deliver processed foods equal in point value to the points received, he shall issue and send to the consumer a ration check for the balance.

(3) Before accepting stamps or tokens from and making transfers to consumers by mail, any retailer, wholesaler, or processor who wishes to do so must notify, in writing, the district office for the place where his principal business office is located. The notice must give his name and principal business address, the name and address of each establishment from which he will make transfers to consumers by mail, and must contain an estimate of the dollar volume of his mail order deliveries of processed foods to consumers during 1942. He may not make any such transfers until he has given this notice. Beginning March 1, 1943, he must keep a record of the dollar volume or the point value of his transfers of processed foods to consumers by mail.

[Subparagraph (3) amended by Am 9, 9 F.R 1908, effective 2-17-44]

(4) No retailer may receive points from and make transfers to consumers by mail unless he has a ration bank account.

(h) *Ration checks.* A ration check may be accepted from a consumer only if it is payable to him and has been endorsed by him (or by someone authorized to act for him, if he cannot write).

(i) *Ration coupons.* A ration coupon may be accepted from a consumer at any time.

(j) *Tokens.* Tokens may be accepted from a consumer at any time beginning February 27, 1944.

[Paragraph (j) added by Am. 9, 9 F.R. 1908, effective 2-17-44]

SEC. 9.5. *How processed foods are transferred to persons other than consumers*—(a) *General.* Processed foods may be transferred to and acquired by a retailer, wholesaler, or a processor, or an industrial user or institutional user only if he gives up to the seller, or transferor) points equal to the point value of the processed foods transferred.[8] (Certain exceptions to this rule are covered in Article X.)

(b) *Point value.* The number of points which must be given up for a transfer of processed foods is determined

[8] For convenience, the retailer, wholesaler, processor, or industrial or institutional user to whom the transfer is made, will sometimes be called "the transferee", in the paragraphs which follow.

by their point value at the time of the transfer except as provided in section 9.2 (b). Where foods ordered by a transferee are delivered by the transferor to a common or contract carrier for shipment and delivery by the carrier or a connecting common carrier to the transferee (whether or not actually consigned to the transferee), and no transfer of the foods to the transferee has previously occurred, their point value at the time when they are delivered to the carrier determines the number of points which must be given up.

[Paragraph (b) amended by Am. 16, 9 F.R. 2791, effective 3-17-44; and Am. 45, 9 F.R. 7344, effective 7-1-44]

(c) *When points must be given up.* (1) The transferor must get the points from the transferee, and the transferee must give them up, at or before the time when the transfer is made. Where foods ordered by a transferee are delivered by the transferor to a common or contract carrier for shipment and delivery by the carrier or a connecting common carrier to the transferee (whether or not actually consigned to the transferee), and no transfer of the foods to the transferee has previously occurred, the foods are considered to be transferred at the time when they are delivered to the carrier. Exceptions to the rule, that points must be given up at or before the transfer is made, are stated in the next two subparagraphs.

[Subparagraph (1) amended by Am. 45, 9 F.R. 7344, effective 7-1-44]

(2) If the transfer is made through shipment by railroad or any other public carrier, the transferor may arrange to have the carrier get the points for him from the transferee at the time of actual delivery, or to have the points obtained for him by anyone in exchange for the bill of lading or other document entitling its holder to take possession of the processed foods.

(3) The points may be given up later, but not more than ten days after the time when the transfer is made, if the conditions of this subparagraph are satisfied. (However, if money payment for the foods transferred is made less than 10 days after the transfer, points must be given up at the time the money payment is made.) A transferee may not accept the transfer in this case unless he has points on hand (excluding points not yet surrendered for processed foods bought or acquired) or in his ration bank account (excluding the amounts of ration checks issued which have not yet been cleared) equal to the point value of the processed foods transferred. The transferor must, at or before the time he transfers the processed foods to the transferee, prepare and keep a memorandum showing the name of the transferee, the date of transfer of the processed foods, a description of the items, and their point value. If the transferor does not get the points within the time required by this subparagraph, he must notify the district office for the place where his establishment is located of the default, not later than the Friday following the calendar week in which the default occurred.

As long as the transferee is in default, he must not acquire any processed foods and no transferor who has knowledge of the default may transfer such foods to him. (However, he may continue to acquire processed foods and transferors may continue to transfer such foods to him, pursuant to Article X.) If the District Director is satisfied that the transferee is in default, he may take any steps which he deems reasonably necessary to inform the transferee's present and prospective suppliers of the default so that they will know that his right to acquire processed foods is restricted as provided in this subparagraph. When the transferee is no longer in default, the District Director shall so inform all persons whom he informed of the default.

[Subparagraph (3) amended by Am. 7, 9 F.R. 1727, effective 2-18-44]

(4) Points which are mailed are considered given up when the envelope containing them is postmarked.

(5) Nothing in this section shall be construed to prohibit the surrender of points for a transfer of processed foods subsequent to the time at which they are required to be surrendered. However, such late surrender shall not relieve the transferor or the transferee of the consequences of the failure to receive or surrender points at the time required.

[Subparagraph (5) added by Am. 48, 9 F.R. 8793, effective 7-25-44]

(d) *Form in which transferor must get points.* The transferor may take points from the transferee only in the form of stamps, tokens, certificates, or a ration check drawn on the transferee's ration bank account or endorsed by him.

[Above paragraph amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(1) *Stamps.* No stamp may be accepted from the transferee more than one month after the last day on which the stamps were good for use by a consumer. If the last day on which the stamps were good for use by a consumer is not the last day of a calendar month and the next calendar month has a day which corresponds thereto, then a "month", as used in this subparagraph, is the period from the last day on which the stamps were good for use by a consumer to and including the corresponding day of the next calendar month; otherwise it is the period from the last day on which the stamps were good for use by a consumer to and including the last day of the next calendar month. The stamps must either be pasted on gummed sheets (OPA Form R-140 or OPA Form R-120A) or enclosed in sealed envelopes. If the stamps are pasted on gummed sheets, the name and address of the transferee must be written on each sheet, and only stamps of the same point value, and valid for a transfer to the transferee at the time they are given up, may be pasted on the same sheet. If the stamps are enclosed in sealed envelopes, they must be handled in all respects in accordance with the procedure described in General Ration Order 7 for the use of such envelope.

[Subparagraph (1) amended by Am. 9, 9 F.R. 1908, effective 2-17-44; Am. 21, 9 F.R. 3708, effective 5-2-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(2) *Certificates.* A certificate may not be accepted from the transferee unless the name of the person to whom it was issued has been written on the back. The back of the certificate must also carry the signature of the transferee.

[Subparagraph (2) amended by Am. 24, 9 F.R. 3944, effective 4-15-44]

(3) *Ration checks.* A ration check may be accepted by a transferor only if it is made payable to him and if it is drawn by his transferee, or if it is endorsed by his transferee and by the person to whom the check was issued, if the check was not issued to the transferee. (The rules for handling ration checks are set forth in General Ration Order 3A.)

(4) *Ration coupons.* A ration coupon may be accepted at any time. A person who has a ration bank account must enclose any ration coupons he has, for deposit, in sealed envelopes which are to be handled in all respects in accordance with the procedure described in General Ration Order 7[9] for the use of such envelopes. A person who does not have a ration bank account may use ration coupons without enclosing them in a sealed envelope.

(5) *Tokens.* Tokens may be accepted at any time, but a transferor need not accept more than 9 tokens from his transferee in any one transaction.

[Subparagraph (5) added by Am. 9, 9 F.R. 1908, effective 2-17-44]

(e) *Form in which transferee must give up points*—(1) *Wholesalers and processors.* A wholesaler or a processor must give up points only in the form of a ration check drawn on his ration bank account.

(2) *Retailers.* A retailer who is required to have a ration bank account must give up points only in the form of a ration check drawn on that account. Other retailers may give up points only in the form of stamps, tokens, certificates, or ration checks endorsed by them.

[Subparagraph (2) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(3) *Industrial and institutional users.* An industrial or institutional user who has a ration bank account must give up points only in the form of a ration check drawn on that account. Any other industrial or institutional user may give up points only in the form of certificates or ration checks endorsed by him.

(4) *General.* Points may be transferred freely between establishments of the same type operated by the same person, which are or may be registered together, and points of one of those establishments may be used to get processed foods for another of them. However this rules does not apply to the movement

[9] F.R. 2858, 2997, 4846, 6965, 11738, 16279, 16838; 9 F.R. 2287, 5216, 7704, 9163, 10578, 15047; 10 F.R. 318.

of points between institutional user establishments, which is covered by the provisions of General Ration Order 5.

(f) *Transfers to retailers during March 1943.* A retailer, wholesaler or processor who transfers processed foods to a retailer during March 1943, must prepare and give to the retailer a written statement (in any convenient form) showing the name and address of both the transferor and transferee, the date of the transfer, and the number of points given up by the transferee. The transferor must keep a copy of the statement at his principal business office.

SEC. 9.6 *Transfers between establishments of different types or between separately registered establishments of the same type operated by the same person.* (a) All of the rules set forth above which apply to transfers from one person to another, also apply to transfers between establishments of different types operated by the same person. (For example, a person may have both a wholesale and a retail establishment. He is, therefore, both a wholesaler and a retailer. He is permitted to transfer processed foods from his wholesale to his retail establishment. However, when he does so, he must give up points from the retail to the wholesale establishment just as if those establishments were operated by two different persons.)

(b) The rules set forth above which apply to transfers from one person to another also apply to transfers between establishments of the same type which are operated by the same person but which are registered separately under this order.

SEC. 9.7 *Transferor may not use points he receives in advance until processed foods are transferred.* (a) A transferor may receive points from his transferee before he actually transfers the processed foods. In that case, he may not use points so received, to get other processed foods, until he has actually transferred to the transferee processed foods worth that number of points.

SEC. 9.8 *Points may be returned for underdeliveries of processed foods.* (a) If a retailer, wholesaler, processor, country shipper, or grower receives points in advance for a transfer of processed foods, and is unable to transfer all or any part of the amount ordered, he may return the points in excess. He must return the points in the same form he would use to give up points for a purchase or other acquisition of processed foods. (For example, a wholesaler can give up points only in the form of a ration check. He would, therefore, deposit all the points received by him, and draw a check for any amount to be returned. However, this section does not apply to consumers, except in connection with mail order transactions.)

SEC. 9.9 *Points must be given up for imports of foods.* (a) Any person (other than persons importing processed foods in accordance with section 10.10) who imports processed foods must give up points to the Collector of Customs (or his deputy) at or before the time the foods are released or delivered to him by the Collector.

(b) The Collector of Customs shall turn over each month, to the district office for the area in which the point of entry is located, all points received by him in his way during the preceding month. However, he may retain enough tokens for use in returning excess points to consumers pursuant to section 2.4 (c). He may also retain enough stamps and certificates to acquire tokens for such use.

[Paragraph (b) amended by Am. 18, 9 F.R. 3073, effective 3-20-44]

SEC. 9.10 [Revoked]

[Sec. 9.10 amended by Am. 25, 9 F.R. 4026, effective 4-18-44; revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 9.11 *Sale at lower point values of foods in danger of spoilage*—(a) *Permitted sales and transfers.* Processed foods which cannot be sold at their full point value because they are in imminent danger of spoilage may be sold or transferred at less than their full point value in the way described in this paragraph, if and to the extent authorized under paragraphs (b) and (c). Such sales or transfers may be made only to consumers, industrial or institutional users, and persons principally engaged in the business of reconditioning or selling damaged articles, and only if the money price is reduced in the following way:

(1) No reduction in point value may be made unless the money price of the food has been reduced at least twenty-five per cent below its ceiling price established by applicable orders of the Office of Price Administration;

(2) If the money price has been reduced by at least twenty-five per cent below such ceiling price, it may be sold or transferred at twenty-five per cent below its full point value;

(3) If the money price has been reduced more than twenty-five per cent and less than fifty per cent below such ceiling price, it may be sold or transferred at a point value reduced in the same proportion that the money price has been reduced; and

(4) If the money price has been reduced by fifty per cent or more below such ceiling price, it may be sold or transferred point-free.

However, if the point value of any item of processed foods sold or transferred under this section (or any group of such items sold or transferred under this section at the same time) comes out to a number other than zero, ten, or a multiple of ten, the point value (other than zero) at which it may be sold or transferred is the next higher number which is ten or a multiple of ten. For the purposes of this paragraph, the ceiling price of a person principally engaged in the business of reconditioning or selling damaged articles, is deemed to be the average ceiling price of the same food in good condition applicable to the three wholesalers whose establishments are nearest to the place where such foods are located, as determined by the District Office in accordance with the provisions of paragraph (b). The ceiling price of the United States Government or any of its agencies will be fixed by the Washington Office in accordance with the provisions of paragraph (b).

[Above paragraph amended by Am. 63, 9 F.R. 13849, effective 11-22-44]

(b) *Application for authorization to sell or transfer.* A person who wishes to sell or transfer processed foods in the way set forth in paragraph (a), may apply for authorization. However, no application may be made by a consumer. Application must be made on OPA Form R-315 to the District Office (or, if made by a retailer, to the board) for the area where the processed foods are located. However, application by the United States Government or any of its agencies shall be made to the Washington Office. The application must show:

(1) The applicant's name and address;

(2) The items and amounts of processed foods which the applicant desires to transfer at less than their full point value;

(3) The point value of each item;

(4) The ceiling price established for each item by applicable orders of the Office of Price Administration. However, if the applicant is a person principally engaged in the business of reconditioning or selling damaged articles, the applicant shall, instead of stating a ceiling price, give the names and addresses of the three wholesalers whose establishments are nearest to the place where such foods are located;

(5) A description of the condition of the food, to show why it cannot be disposed of at its full point value and, if known, the cause of such condition.

The board or District Office to which the application is made or the Washington Office, if the application is made by the United States government or any of its agencies, may inspect such processed foods and conduct such other investigation as it finds necessary to pass upon the application. If it finds that the foods described in the application are in such condition that they should be used immediately in order to avoid spoilage, it may grant the application and authorize the applicant to sell or transfer the foods at less than their full point value, in the way described in paragraph (a). (If the Washington Office grants an application made by the United States government or any of its agencies, it will fix a ceiling price for the purposes of paragraph (a). If the board or District Office grants the application of a person principally engaged in the business of reconditioning or selling damaged articles, it shall determine the average ceiling price of the same food in good condition applicable to the three wholesalers whose establishments are nearest to the place where such foods are located. In either case, the applicant shall be notified of the ceiling price which has been fixed or determined.) The applicant must make and keep a record of each item of processed foods transferred by him pursuant to the authorization, showing the point value and price at which each transfer was made and the date of each transfer.

(c) *Sales or transfers for which no prior authorization is needed.* Any processor, wholesaler, retailer, industrial user or institutional user may, without prior authorization, sell or transfer processed foods which are in imminent danger of spoilage under the conditions set forth in paragraph (a), but not more than the total quantities set forth in the following subparagraphs during the periods referred to in those subparagraphs:

[Above paragraph amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

(1) In the case of a processor, during any successive twelve month period beginning March 1, 1943, one tenth of one per cent of all processed foods produced or imported by him during that period.

(2) [Revoked.]

[Subparagraph (2) revoked by Am. 60, 9 F.R. 12971, effective 11-3-44]

(3) In the case of a wholesaler, in any one reporting period, one twentieth of one per cent of the amount of processed foods which he sold or transferred during the preceding reporting period;

(4) In the case of a retailer, in any one month, one fortieth of one percent of his allowable inventory;

(5) In the case of an industrial user or an institutional user, in any one allotment period, one fortieth of one per cent of his allotment for that allotment period.

(d) *Resale of foods acquired under this section.* Any person who acquires processed foods under the provisions of this section and who is permitted to transfer processed foods under the provisions of section 9.2 may not transfer them at a point value greater than that at which they were acquired by him. He may transfer them at a lower point value only if authorized under paragraphs (b) or (c). If he transfers them at the same point value at which he acquires them, the provisions of paragraph (a) covering price reductions do not apply to the transfer of those foods by him. However, he may transfer any such foods only to a consumer, industrial or institutional user, or a person principally engaged in the business of reconditioning or selling damaged articles.

(e) *Records and reports.* (1) Any person who transfers processed foods under the provisions of paragraph (c) of this section shall maintain and keep records showing, with respect to each such transfer, the following:

(i) His name and address;

(ii) The name and address of any person, other than a consumer, to whom the transfer was made;

(iii) The date of the transfer;

(iv) The items and amounts of processed foods transferred and the price and point value for which each item was transferred;

(v) A description of the condition of the foods, to show why they could not be sold or transferred at their full point value and, if known, the cause of such condition.

(2) Any person who transfers processed foods under the provisions of paragraph (d) at the same point value at which he acquired them and any person who transfers frozen processed foods under the provisions of paragraph (c) must, within three days after the transfer, give a statement to the District Office for the area where his principal place of business is located. However, if the transfer was made by the United States Government or any of its agencies, the statement shall be given to the Washington Office. The statement shall show the name and address of the transferor, the items and amounts of processed foods transferred, the point value and price at which they were transferred and the date of transfer.

(3) Any person principally engaged in the business of reconditioning or selling damaged articles, who acquires processed foods under this section at less than their full point value, must, within five days after the end of each calendar month during which he acquired those foods in this way, give to the District Office for the area where his principal place of business is located a statement showing his name and address, the name and address of the person from whom he acquired them, the items and amounts of processed foods acquired, the point value at which they were acquired and the date of the acquisition.

(f) *Miscellaneous requirements.* Any person who transfers processed foods at a reduced point value under this section must also comply with the following requirements:

(1) Whenever he sells or transfers an item of processed food at less than its full point value and at a reduced price, he must sell or transfer that item, so long as he has it on hand, to any person who is willing to buy or acquire it at that reduced point value and price.

(2) If he is a retailer, wholesaler, or processor who has an establishment at which processed foods which he carries are displayed to consumers he must post a notice where it may be clearly seen and read by such consumers showing:

[Subparagraph (2) amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

(i) The items he is selling at the lower point value and the point value at which he is selling them;

(ii) That he is selling that item at less than regular point value in order to prevent spoilage;

(iii) The reduced money price at which he is selling the item and, unless he is principally engaged in the business of reconditioning or selling damaged articles, its ceiling price. If he is a person engaged in the business of reconditioning or selling damaged articles, he must post as his ceiling price the average ceiling price of the same food in good condition applicable to the three wholesalers whose establishments are nearest to the place where such foods are located, as determined by the board or District Office to which application is made under paragraph (b).

(3) He must clearly mark on the container of each item sold the point value at which he transfers it, preceded by the words "reduced point value to avoid spoilage," unless it has previously been marked in that manner pursuant to this paragraph and is not being transferred at a further reduction in point value. However, he need not so mark the container if he sells it to a consumer from an establishment at which he posts a notice as required by subparagraph (2). Furthermore, the container need not be so marked if it is sold or transferred by the United States Government or any of its agencies.

(g) *Replacement of points.* A wholesaler, retailer or industrial or institutional user who sold or transferred processed foods at less than their regular point value under paragraph (b) may apply on OPA Form R-315, for a certificate to replace his point losses resulting from such transfers. The application must be made to the District Office, or the board, to which he applied for authorization to transfer the foods at a reduced point value. The application must be signed by the applicant or his authorized agent. It must show the name and address of the applicant, the items and amounts of foods so transferred, the point value and price at which they were transferred, the date of transfer, and the name and address of each transferee other than a consumer. It must contain a statement that he reduced the money price of the food sold or transferred at the lower point value, in the way required by this section. The application must also specify the date on which the authorization to sell such foods at less than full point value was granted. If the District Office or board finds that the applicant suffered a point loss because of such transfer, it shall issue a certificate for the number of points he lost. No application to replace point losses may be made more than 30 days after the close of the month in which the transfers at reduced point value occurred.

(h) *Statements by processors.* A processor who during any reporting period sells or transfers processed foods at less than their full point value, under paragraphs (b) or (c), must file with his periodic report, required by section 3.2 (b), or section 24.2 (b), for that period a statement showing the items and amounts of foods so transferred, the point value and price at which they were transferred, the date of transfer and the name and address of each transferee other than a consumer. If the sale or transfer was made pursuant to an authorization granted by a District Office, the statement must specify the date on which the authorization was granted and the District Office which granted it.

[Paragraph (h) amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

(i) *Sales by certain activities of Army, Navy, Marine Corps or Coast Guard.* The Army, Navy, Marine Corps or Coast Guard may, in accordance with arrangements made with the Washington Office, authorize army exchanges, post exchanges, ships' service departments ashore, sales commissaries and commissary stores to sell, at less than their full point value, processed foods which cannot be sold at their full point value because they are in imminent danger of spoilage.

ARTICLE X—POINT FREE TRANSFERS

NOTE: The limitations, restrictions, conditions, record-keeping and reporting requirements set forth in this Article X do not apply to processed foods while they have a zero point value. For the purposes of this article, such foods are treated, and may be transferred or acquired, just as if they were not rationed at all.

[Article title amended by Am. 38, 9 F.R. 6235, effective 6-10-44]

SEC. 10.1 *Processed foods in transit prior to effective date of rationing, may be acquired point-free.* (a) No points need be given up for a delivery of "processed foods" to a "person" other than a "consumer", if those processed foods were in transit to him on February 28, 1943.

(NOTE: Processed foods which were in transit to a "processor", or an "industrial" or "institutional user" at the close of business on February 28, 1943, must be included in the inventory which he reports in his registration.)

(b) No points need be given up for a delivery to any person other than a consumer, of an item which is added to the list of processed foods, if the item was in transit to him on the day preceding such addition.

(c) No points need be given up for a "transfer" of processed foods having a zero point value at the time of the transfer.

SEC. 10.2 *Processed foods may be exchanged for other processed foods.* (a) Any person may exchange processed foods with any other person for processed foods of equal point value, without giving up or taking points. (This rule applies even if there is a money payment to make up any difference in the money value of the processed foods exchanged.)

[Paragraph (a) amended by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 10.3 *Lost or stolen processed foods may be returned, point-free.* (a) No points need be given up for a return of lost or stolen processed foods to the person who lost them or from whom they were stolen.

SEC. 10.4 *Stocks of processed foods may be moved point-free between establishments of the same person which are registered together.* (a) No points need be given up when a person moves stocks of processed foods from one of his establishments to another of his establishments of the same kind, if those establishments are registered together. For example, a person who has two "retail establishments" may move processed foods from one to the other, without exchanging points between them. (However, a record must be kept of the amount of stocks involved in each such movement.) When a person transfers processed foods between establishments of different kinds—for example, from his "wholesale establishment" to his retail establishment—points must be given up just as if those establishments were operated by different persons.

[Paragraph (a) amended by Am. 12, 9 F.R. 2240, effective 3-1-44]

(b) This rule does not apply to the movement of stocks between "institutional user establishments", which is covered by the provisions of General Ration Order 5.

SEC. 10.5 *Processed foods may be stored and returned from storage, point-free.* (a) No points need be given up for a delivery of processed foods for storage purposes only.

(b) No points need be given up for a delivery of processed foods from the place of storage to the person who stored them, or to a person to whom he has sold or transferred them. (However, that sale or transfer must be made in a way permitted by this order.)

SEC. 10.6 *Security interests in processed foods may be created and released, point-free.* (a) No points need be given up for a transfer of processed foods, or of any interest in them, for security purposes only. (For example, if processed foods are pledged or mortgaged the person with whom they are pledged or mortgaged need not give up points.)

(b) No points need be given up for a release of a security interest in processed foods, or for a return of those foods to the person who originally transferred them for security purposes. (For example, a person who pledged processed foods may get them back without giving up points. Similarly, a person who gave a chattel mortgage on his processed foods need not give up points when the mortgage is ended.)

SEC. 10.7 *Processed foods may be transferred, point-free, for liquidation, by operation of law, or in judicial proceedings*—(a) *General.* No points need be given up for a transfer of processed foods to a person who gets them for liquidation only. Also, no points need be given up for a transfer of processed foods as part of a judicial proceeding, or by operation of law, or for a transfer made under the direction of or pursuant to an order of a court, or by judicial process.[10] (For example, processed foods may be taken over by a creditor, under a court order, without any surrender of points. If processed foods are assigned for the benefit of creditors, the person to whom they are assigned need not give up points to the person making the assignment. Also, a person need not give up points when he inherits processed foods or "acquires" them by will.)

(b) *How transferee may dispose of the processed foods.* A person who acquires processed foods in this way must within five days after acquiring them, report to the district office for the place where his principal business office is located:

(1) The kinds and the point value of the processed foods acquired;

(2) The name and address of the person from whom they were acquired;

(3) The way in which and the date when they were acquired. He may not use the processed foods unless he gives up to the district office, for cancellation, points equal to their point value. He may, however, sell or transfer them in the same way that a "retailer" is permitted to sell or transfer processed foods. He must immediately after selling or transferring them, account to the district office for points equal to their point value. (If he transfers the foods to any other person who is also entitled under this or any other section of this order to acquire them point-free he need not, of course, get points from the transferee, and he need not give up any to the district office.)

(c) *Consumer inheritance.* A consumer who gets processed foods from another consumer, by inheritance or by will, may use them without giving up points.

SEC. 10.8 *Processed foods may be acquired, point-free, by insurers or for salvage*—(a) *Acquisition of damaged processed foods.* Damaged processed foods, and undamaged processed foods mingled with them, may be transferred to, and acquired by, the following persons, without any surrender of points:

(1) A person who has paid or is liable for a claim for the damage done to the foods, and who is entitled to reimburse himself by taking them over;

(2) A person engaged principally and primarily in the business of adjusting losses or of reconditioning or selling damaged articles.

[Subparagraph (2) amended by Am. 39, 9 F.R. 6647, effective 7-2-44]

(b) *Disposal of the processed foods.* (1) The person transferring the processed foods, point-free, must within five days after transferring them, report to the district office for the place where his principal business office is located:

(i) A description of the kinds and amounts of processed foods transferred. (If the condition of the foods makes it impossible for the transferor to describe them accurately, he may give an approximate description and state that the description is an approximation);

(ii) The name and address of the person to whom they were transferred; and

(iii) The date of transfer.

(2) The person acquiring the processed foods must, within five days after acquiring them, report to the district office for the place where his principal business office is located.

(i) The kinds and point value of the processed foods acquired;

(ii) The name and address of the person from whom he acquired them;

(iii) The way in which and the date when they were acquired. If he cannot ascertain the kinds and point value immediately, he must describe the approximate amount he received and must give the detailed information as soon as he can. He may dispose of those processed foods only by a sale or transfer in the same way that a retailer is permitted to sell or transfer processed foods. He must immediately after selling or transferring them, account to the district office for points equal to their point value. If he cannot dispose of them all, he must report to the district office the amount which was not salable.

[Subparagraph (1) added; undesignated paragraph of (b) preceding (1) and subparagraphs (1), (2) and (3) redesignated (2), (1), (ii) and (iii) respectively by Am. 15, 9 F.R. 2567, effective 3-10-44]

[10] A "wholesaler" may acquire processed foods in this way even if his actual inventory is or would become larger than his maximum allowable inventory.

SEC. 10.9 *Processed foods may be transferred to prospective buyers for sampling, point-free and may be used for sampling and demonstration.* (a) A processor may deliver processed foods to prospective buyers (other than consumers) for sampling, without getting points. However, he may not deliver in this way more than one-fortieth of one percent of the total amount of processed foods produced or imported by him.

(b) A retailer or wholesaler, who acquires processed foods from a processor may sample some of them in order to check grades and quality, and may use some of them to demonstrate them to prospective purchasers other than consumers. However, he may not use for this purpose more than one-tenth of one percent of the total amount of processed foods acquired by him. A wholesaler shall attach to his periodic report to the Washington Office on OPA Form R-1310 a statement accounting for the amount of processed foods used by him for sampling or demonstration to prospective purchasers.

[Paragraphs (a) and (b) amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

SEC. 10.10 *Processed foods may be delivered point-free to certain persons*—(a) *Point-free delivery to processors.* No points need be given up for a transfer of processed foods by an authorized customs official to a processor if the processor gives his signed statement to the official showing:

(1) His name;

(2) His principal business address;

(3) His processor registration number;

(4) The address of the establishment at which the foods are to be kept for sale or transfer or for his own use in making other processed foods; and

(5) The amount and kind of processed foods imported at the time.

(b) [Revoked.]

[Paragraph (b) revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

(c) *Collector of Customs to send statements to Washington Office.* After the close of each month the Collector of Customs shall deliver all processors' statements received during that month to the Office of Price Administration, care of the Bureau of the Census, Washington, D. C.

[Paragraph (c) amended by Am. 60, 9 F.R. 12971, effective 11-3-44]

(d) *Point-free delivery to representatives of foreign governments, prisoners of war, internees and others.* No points need be given up for a transfer of processed foods by an authorized customs official:

(1) Upon request by the Department of State, to representatives of foreign governments who are within the classes of persons specified in Article 432 (a) or Article 433 (c), Customs Regulations of 1937;

(2) To members of the armed forces of the United Nations, other than those of the United States, who are on duty within the United States, where the processed foods are consigned or addressed to them and are intended for their personal or official use;

(3) To enemy prisoners of war and enemy civilian internees and detainees in the United States, where the processed foods are consigned or addressed to them.

(e) *Point-free delivery to home processors.* No points need be given up for a transfer of home processed foods by an authorized customs official to the person who produced them in a way described in Article XXVI, if the person gives his signed statement to the official showing:

(1) His name and address;

(2) The place where the home processed foods were produced;

(3) The amount and kinds of home processed foods being imported;

(4) A statement showing that he produced the home processed foods in a way described in Article XXVI.

The Collector of Customs shall turn over, each month, to the district office for the area in which the point of entry is located, all statements received by him in this way during the preceding month.

SEC. 10.11 *Processed foods may be transferred, point-free, in connection with transfer of a business.* (a) No points need be given up for a sale or transfer of processed foods in the inventory of an establishment, as part of a sale or other transfer of the establishment itself for continued operation. A person who so buys or acquires processed foods may not use them, but may hold them only for sale or transfer. However, a person who acquires an industrial user establishment may use its stocks up to the amount of any allotment he gets. (The procedure which the transferor and transferee must follow, where an establishment is transferred for continued operation, is covered in Article XI.)

SEC. 10.12 *Processors may transfer point-free to allow for spoilage.* (a) In any case in which a processor makes a money allowance to his transferee to cover spoilage of the processed foods transferred, he may, in order to allow for spoilage, transfer to his transferee, without receiving points, processed foods in an amount not exceeding the same percentage of the total amount transferred that the money allowance made is of the total price paid. However, such transfer may not, in any event, exceed one-fourth of one percent of the total amount transferred.

(b) If the actual spoilage of processed foods transferred by a processor exceeds one-fourth of one percent, the transferee may return the spoiled foods to the processor and receive points for the difference between the amount spoiled and any allowance already made. However, if he does not return the spoiled processed foods, he may receive points for that difference only if and to the extent that the processor makes a money adjustment for the spoiled processed foods.

(c) The processor must keep a record of the name and address of each person to whom such point-free transfers and point returns are made, the dates thereof, and the amounts of such transfers and returns.

SEC. 10.17 [Revoked.]

[Secs. 10.13–10.17 revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 10.18 *Title to foods may be transferred point-free where the one who has title does not have possession.* (a) A person who has title to processed foods but who does not have possession of them and who may not get possession of them without giving up points, may transfer his title to such foods point-free. (However, a person who acquires title to processed foods in a way permitted by this section must give up points to obtain possession of such foods.)

SEC. 10.19 [Revoked]

[Sec. 10.19 revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 10.20 *Government agencies may transfer processed foods point-free to the Procurement Division of the Treasury Department.* (a) No points need be given up for a transfer of processed foods by a government agency to the Procurement Division of the Treasury Department when the processed foods are acquired by the Procurement Division for sale or transfer.

(b) The Procurement Division of the Treasury Department may dispose of those processed foods only by a sale or transfer in the same way that a retailer is permitted to sell or transfer processed foods. (However, for that purpose, the Procurement Division need not register as a retailer.) Not later than the twentieth day following the month in which any transfer is made, the Procurement Division shall account to the Office of Price Administration for points equal to the point value of the processed foods sold or transferred under this paragraph.

[Sec. 10.20 added by Am. 11, 9 F.R. 2234, effective 2-29-44]

ARTICLE XI—SALE OF BUSINESS

SEC. 11.1 *Sale or transfer of retail, wholesale, or processor establishment*—(a) *General.* (1) When any "person" sells or "transfers" to any other person the business and inventory of his "retail", "wholesale" or "processor establishment", for continued operation, they must both notify the "board" at which the establishment is registered or the "Washington Office", if it is registered there. The notice must be given in writing, within five (5) days after the sale or transfer, and must show:

(i) The name and business address of the establishment and of the persons transferring and "acquiring" it;

(ii) The point value of the inventory transferred; and

(iii) The number of points in the establishment's ration bank account, if any, and the number of points on hand, including points sent to a supplier for "processed foods" not yet shipped.

This notice will be treated as the transferee's registration and as a cancellation of the transferor's registration.

(2) If the transferor has a ration bank account, he must notify the district office, in the way required by General Ra-

tion Order 3A (the ration banking order).

(b) *Purchaser of retail or wholesale establishments may get its points.* The purchaser or transferee of a retail or wholesale establishment may get and use all of the establishment's points in the same way that the seller or transferor was entitled to use them. (If it is a wholesale establishment, however, he may not use those points to exceed its maximum allowable inventory, except as permitted by section 4.7 (a).) If the establishment has a ration bank account, the transferor is to give all the establishment's points to the transferee by issuing a ration check. If the establishment does not have a ration bank account, the transferor is to give to the transferee the "stamps", "tokens" and "certificates" he has and to endorse and give to the transferee any ration checks he has. (If the transferee is required to have a ration bank account he must deposit all the points in that account. If the transferee is not required to have a ration bank account, he may endorse the checks and use them to get processed foods.)

[Paragraph (b) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(c) *Seller of processor establishment must give up all points to the Office of Price Administration.* A person who sells or transfers a processor establishment must, within five (5) days after the transfer, turn over to the Washington Office, all points on hand at that establishment and all in its ration bank account. He does so by issuing and sending his certified ration check, payable to the Office of Price Administration, along with his notice of the transfer. (If any of the points represent processed foods not yet shipped, he must attach to his notice a statement showing the amount and the person from whom he got them.)

(d) *Same rules apply to sale of an entire chain.* The rules set forth above also apply to a person who has more than one establishment of a particular kind and who sells or transfers all of them for continued operation. He must give the information, and give up or transfer the points for all the establishments.

(e) *Sale of part of a chain.* Where the seller or transferor also has other establishments of the same kind which are not sold or transferred, the procedure described in paragraph (a) of this section must be followed. However, while the purchaser or transferee may acquire the processed foods inventory of the transferred establishment, he may not acquire its points. In this case, the seller or transferor keeps the points. If he is a "retailer," or "wholesaler," he may use the points with his other establishment of the same kind as the transferred establishment. If he is a "processor," he must give up to the Washington Office the points received for sales and transfers of processed foods from that establishment at the time that he is required to give up points received by his other processor establishments.

SEC. 11.2 *Sale or transfer of industrial user establishments*—(a) *General.* When an "industrial user" sells or transfers to any other person all or part of the business of his "industrial user establishment", for continued operation, both the transferor and transferee must notify the board (or district office) at which the establishment is registered. The notice must be given, in writing, before the sale or transfer if possible or, if not possible, within five days thereafter, and must show:

(1) The name and business address of the establishment and of the persons transferring and acquiring it;

(2) Whether all or part of the business is being transferred, and if the entire business is not being transferred, then the part of the business which is being transferred;

(3) The point value of the inventory, if any, transferred; and

(4) The point balance, if any, in the establishment's ration bank account and the number of points on hand, including points sent to a supplier for processed foods not yet shipped.

(b) *When the entire industrial user establishment is transferred.* (1) When the entire industrial user establishment is transferred for continued operation, the seller or transferor must give up to the board (or district office) all unused points he has for the establishment. If the establishment has a ration bank account, he must give up the points in the form of his ration check payable to the Office of Price Administration and he must notify the district office in the way required by General Ration Order 3A. The notice described in paragraph (a) of this section, and the surrender of unused points, will be treated as a cancellation of the transferor's registration and allotment.

(2) The transferee may not use the stocks of processed foods transferred with the establishment unless he receives an allotment. The application for an allotment must be made, on OPA Form R-315, to the board (or district office) for the place where the establishment is registered and must state whether:

(i) The entire establishment, as well as the processed foods inventory, has been transferred;

(ii) The transferee will continue to serve, from that establishment, the same general class of customers in the same area served by it before the transfer; and

(iii) The transferee will continue to produce, at the establishment, the same classes of products, though not necessarily under the same trade name.

The board shall send the application, the notices sent to it by both parties and the transferor's registration to the district office.

(3) If the district office finds that the establishment will continue to be operated in substantially the same manner as before the transfer and that the tests described in subparagraph (2) are satisfied, it shall assign to the transferee the transferor's allotment and base-period use, for that establishment. It shall also give the transferee a certificate for the number of points that the transferor surrendered to the board (or district office). However, if the amount of processed foods transferred to the transferee with the establishment is larger than the unused part of the allotment for the current period, plus any unused part of the transferor's earlier allotments, the difference shall be treated as excess inventory. The transferee may not use any part of the allotment already used by the transferor, but he may use any unused part of any prior allotment the transferor received for that establishment.

(c) *Same rules apply to sale of entire chain.* The same rules apply where a person who has more than one industrial user establishment sells or transfers all of them for continued operation, whether or not they were registered separately.

(d) *Sale of part of a chain.* (1) When the seller or transferor has more than one industrial user establishment which he registered separately, and sells or transfers one or more, but not all of them, the procedure described in paragraphs (a) and (b) of this section must be followed separately, as to each of the establishments transferred.

(2) When the seller or transferor has more than one industrial user establishment, which he registered together, and sells or transfers one or more, but not all, of them, the transferor must also apply to the board (or district office) with which he is registered for a redetermination of his allotment and base-period use. (In that case, the transferor is not required to surrender points except as provided in this subparagraph, and he is not required to close his ration bank account unless, after the transfer, he is not permitted to have an account under the provisions of section 8.2 (d) of this order.) The board shall send the applications and notices of both parties, and the transferor's registration, to the district office.

(i) If the district office finds that the establishment will continue to be operated in substantially the same manner as before the transfer and that the tests described in paragraph (b) (2) are satisfied, it shall grant an allotment to the transferee and assign to him a base-period use. It shall first determine the amount of the transferor's allotment and base-period use allocable to the transferred establishment. That base-period use shall be assigned to the transferee. The transferee's allotment shall be the part of the transferor's allotment for that establishment corresponding to the unexpired part of the allotment period. The base-period use and the allotment assigned to the transferee shall be deducted from the base-period use and current allotment of the transferor. The district office shall issue a certificate to the transferee (or determine his excess inventory) on the basis of the allotment granted to him and the amount of the inventory he acquired from the transferor. If the amount of processed foods which is transferred with the establishment is less than the allotment assigned to the transferee, the transferor must give up points to the Office of Price Administration for the difference. If he does not give up points, that difference shall be treated as excess inventory.

(ii) If the district office finds that the establishment will not be operated in substantially the same manner as before the transfer or that the tests described in paragraph (b) (2) are not satisfied, it shall refuse to grant an allotment to the transferee or assign a base-period use to him. However, it shall determine the amount of the transferor's allotment and base-period use allocable to the transferred establishment and the amount of that allotment and base-period use shall be deducted from the current allotment and the base-period use of the transferor. If the amount of the reduction in his current allotment exceeds the point value of the inventory transferred with the establishment, the difference shall be treated as excess inventory.

(e) *Sale of part of the business of an establishment.* (1) When part, but not all, of the business of an industrial user establishment is transferred, the transferee must apply for an allotment and assignment of a base-period use. The application must be made, on OPA Form R-315, to the board (or district office) with which the transferee will register his establishment, and must state:

(i) What part of the business has been transferred;

(ii) The point value of the inventory transferred;

(iii) Whether the transferee will continue to produce the same class of products which the transferor was permitted to produce (though not necessarily under the same trade name);

(iv) The class of products made by, and the class of customers and area served by the part of the business transferred; and

(v) Whether the transferee will continue to serve the same general class of customers and the same area with the same class of products as were served by the part of the business transferred.

(2) The transferor must also apply to the board (or district office) with which he is registered for a redetermination of his allotment and base-period use. (In that case, the transferor is not required to surrender points except as provided in this paragraph, and he is not required to close his ration bank account unless, after the transfer, he is not permitted to have an account under the provisions of section 8.2 (d) of this order.)

(3) The board shall send the applications and notices of both parties, and the transferor's registration to the district office.

(4) If the district office finds that there was a bona fide sale or transfer of part of the business, that the transferee will produce the same class of products which the transferor was permitted to produce (though not necessarily under the same trade name), and that the transferee will continue to serve the same general class of customers and the same area previously served by the part of the business transferred, the district office shall grant an allotment to the transferee and assign to him a base-period use. It shall first determine the amount of the transferor's allotment and the base-period use allocable to the part of the business transferred. That base-period use shall be assigned to the transferee. The transferee's allotment shall be the part of the transferor's allotment (for that part of his business) corresponding to the unexpired part of the allotment period. The base-period use and the allotment assigned to the transferee shall be deducted from the base-period use and current allotment of the transferor. The district office shall issue a certificate to the transferee (or determine his excess inventory) on the basis of the allotment granted to him and the amount of the inventory he acquired from the transferor. If the amount of processed foods which is transferred with the establishment is less than the allotment assigned to the transferee, the transferor must give up points to the office of Price Administration for the difference. If he does not give up points, that difference shall be treated as excess inventory.

(5) If the district office finds that there was not a bona fide sale or transfer of part of the business or that the tests described in subparagraph (4) of this paragraph are not satisfied, it shall refuse to grant an allotment to the transferee or assign a base-period use to him. However, it shall determine the amount of the transferor's allotment and base-period use allocable to the part of the business transferred and the amount of that allotment and base-period use shall be deducted from the current allotment and the base-period use and current allotment of the transferor. The district office shall issue a certificate to the transferee (or determine his excess inventory) on the basis of the allotment granted to him and the amount of the inventory he acquired from the transferor. If the amount of processed foods which is transferred with the establishment is less than the allotment assigned to the transferee, the transferor must give up points to the office of Price Administration for the difference. If he does not give up points, that difference shall be treated as excess inventory.

(f) *Transferee's registration.* A transferee is regarded as registered as soon as the district office assigns an allotment and base-period use to him and an OPA Form R-1200 is filed by him.

(g) *Use of allotment by transferee.* A transferee may not use any allotment assigned to him under this section if his operation of the transferred establishment ceases to meet the tests described in paragraph (b) or (e), as the case may be.

(h) *The district office shall notify the transferor and transferee of the decision.* The district office shall notify, in writing, both the transferor and transferee of its decision on any application made under this section.

(i) *If the transferee is not assigned a base, the transferor may apply for the reassignment of the base to him.* If, under this section, a district office refuses to assign an allotment or base-period use to a transferee, the transferor may, within 30 days after the district office notifies him of such refusal, notify the district office, in writing, that he wishes to resume making the same class of products and serving them to the same general class of customers in the same area to substantially the same extent as before the transfer. In that event, if the district office finds that the transferor intends to and will be able to do so promptly, it may reassign to him his base-period use and allotments just as though there had been no transfer.

[Sec. 11.2 amended by Am. 47, 9 F.R. 7773, effective 7-15-44; and Am. 58, 9 F.R. 12639, effective 10-23-44]

SEC. 11.2a *Where and how the transferee registers industrial user establishments acquired by him.* (a) A person who buys or otherwise acquires an industrial user establishment of any type and who already has two or more industrial user establishments which are registered together must register the new establishment together with his other establishments at the same Board or District Office. If he already has other industrial user establishments registered separately, the new establishment must be registered separately with the Board or District Office for the place where it is located. If he has only one other industrial user establishment he may elect whether his industrial user establishments will be registered together or separately. If he registers them together, registration shall be at the Board or District Office for the place where his principal office is located. If he registers them separately, registration shall be at the Board or District Office for the place where the industrial user establishment is located.

(b) If a person who acquires more than one industrial user estalishment is entitled to or is required to, register them separately, the District Office must compute separately the portion of the transferor's allotment and quarterly use allocable to each of the establishments acquired, in the way described in section 11.2.

[Sec. 11.2a added by Am. 81, 10 F.R. 6839, effective 6-11-45]

SEC. 11.3 *Moving establishment to another place.* (a) A person may move his retail, wholesale or processor establishment to another place after notifying the board at which the establishment is registered, or the Washington Office if it is registered there, of his new address.

(b) (1) If an industrial user has several establishments which are registered separately, and he wishes to move all or part of the business of one or more of them to another place, the moving is to be treated as a transfer to a different person under section 11.2 of this order. For this purpose, the place from which the establishment is to be moved is considered the transferor and the place to which it is to be moved is considered the transferee. The same rule applies if he has one establishment and wishes to move all or part of its business to another place which is to be registered separately.

(2) If an industrial user has several establishments which are registered together, and he wishes to move all or part of the business of one or more of them to a new place, he must apply for permission to do so. The application must be made on OPA Form R-315, to the board (or district office) with which he is registered and must show:

(i) The new address at which the applicant wishes to operate;

(ii) Whether all or part of the business will be moved, and, if only part is to be moved, he must describe the part which will be moved;

(iii) The point value of the inventory, if any, which will be moved to the new place;

(iv) The class of products made by, and the class of customers and area

served by the business (or part of the business) which will be moved; and

(v) Whether he will continue to serve, from the new place, the same general class of customers and the same area served by him from his old place.

The board shall send the application, with its recommendation, if any, to the district office. If the district office finds that the establishment will continue to be operated at the new place in substantially the same manner as at the old place, and that the applicant will continue to serve from the new place the same general class of customers in the same area as he served from the old place, it shall grant the application. (If the district office finds that the new establishment will not be operated in such manner as to satisfy the tests described in this subparagraph, it shall deny the application.)

(3) An industrial user who has several establishments which are registered together may use his allotments or inventory at any of them interchangeably and need not apply for permission to do so.

(c) An industrial user who moves all or part of the business of an establishment to a new place and is granted permission to continue his operations at that place, may not use his allotment there if his operation of the establishment ceases to meet the tests prescribed for moving that establishment. In that case, his establishment at the new place shall be considered closed and subject to the provisions of section 13.1.

[Paragraph (b) amended and (c) added by Am. 58, 9 F.R. 12639, effective 10-23-44]

ARTICLE XII—NEW BUSINESSES

SEC. 12.1 *New retail establishments may be opened—(a) How stocks are obtained.* A "person" who wishes to open a "retail establishment" after February 1943 may apply for a "certificate" to get stocks of "processed foods." The application must be made on OPA Form R-315 to the "board" for the place where the establishment will be located. (If he also has a "wholesale" or "processor establishment" he must apply to the "Washington Office", and not to the board.) The application must show:

(1) The proposed name and address of the establishment;

(2) The amount he has invested or expects to invest in it;

(3) The size of the establishment;

(4) The number of points he needs in order to get adequate stocks;

(5) The point value of any stocks of processed foods he may have for that establishment.

(b) *Issuance of certificate.* The board (or the Washington Office) will issue to him a certificate for the number of points he needs to get an adequate working inventory.

(c) *Registration.* At the end of his first full month of operation, he must register that establishment, on OPA Form R-1302 in the same way that "retailers" register between April 1 and April 10, 1943. He must give all information called for by the form. However, he must show his sales and "transfers" of processed foods from that establishment during his first full month of operation instead of during March 1943, and must report his point inventory at the end of that month, instead of at the end of March 1943. When he registers, he may get a certificate or, if he has excess inventory ,he must give up points to the Office of Price Administration in the same way as retailers who register between April 1 and April 10, 1943. He may not, however, be given a certificate for more than the amount by which his allowable inventory exceeds the amount of the certificate given to him when he applied on OPA Form R-315.

(d) *Procedure where no additional stocks are needed.* Where the person who wishes to open the retail establishment has enough stocks, he need not apply on OPA Form R-315. He may begin operation with the stocks he has. However, before making any sales or transfers of processed foods from the establishment after April 10, 1943, he must notify the board for the place where the establishment is located. If he also has a wholesale or a processor establishment, he must notify the Washington Office, instead of the board. The notice must be in writing and must give the name and address of the establishment and the point value of its inventory. At the end of his first full month of operation, he must register the establishment and follow the procedure described in the last paragraph.

(e) *Persons dealing only in zero point value foods need not register.* A person who opens a retail establishment need not register that establishment while all the processed foods in which he deals there have a zero point value.

[Paragraph (e) added by Am. 44, 9 F.R. 7257, effective 7-3-44]

SEC. 12.2 *New wholesale establishments may be opened—(a) How stocks are obtained.* A person who wishes to open a wholesale establishment after February 1943, may apply for a certificate to get stocks of processed foods. The application must be made to the Washington Office on OPA Form R-315. The application must show:

(1) The proposed name and address of the establishment;

(2) The amount he has invested or expects to invest in it;

(3) The size of the establishment;

(4) The number of points he needs in order to get adequate stocks;

(5) The point value of any stocks of processed foods he may have for that establishment.

(b) *Issuance of a certificate.* The Washington Office will issue to him a certificate for the number of points he needs to get an adequate working inventory.

(c) *Reports.* Beginning for his first full reporting period of operation, he must file reports for that establishment, on OPA Form R-1310, and follow the same procedure as a "wholesaler" who registered between April 1 and April 10, 1943.

(d) *Procedure where no additional stocks are needed.* Where the person who wishes to open the wholesale establishment has enough stocks, he need not apply on OPA Form R-315. He may begin operations with the stocks he has. However, before making any sales or transfers of processed foods from that establishment after April 10, 1943, he must notify the Washington Office. The notice must be in writing and must give the name and address of the establishment and the point value of its inventory.

(e) *Maximum allowable inventory.* His maximum allowable inventory is then determined in the following way:

(1) For the first five reporting periods, his maximum allowable inventory is the point value of any ration check issued to him by the Washington Office, plus the point value of any inventory of processed foods which he had at the time he notified the Washington Office of his intention to begin operations as a wholesaler;

(2) For his sixth reporting period and thereafter, his maximum allowable inventory is determined in the following way:

(i) The point value of his transfers of processed foods during his first four full reporting periods is determined. (Exchanges and returns of processed foods, and transfers from one to another of his wholesale establishments, must not be included in this computation);

(ii) That figure is divided by four to arrive at the average of his sales and transfers during each of the four periods;

(iii) The result becomes the wholesaler's fixed base and it is multiplied by a factor which the Office of Price Administration will fix for the reporting period in question and for subsequent periods in a supplement to this order.

[Paragraph (e) amended by Am. 79, 10 F.R. 5796, effective 5-25-45]

SEC. 12.3 *New processor establishments may be opened.* (a) A person who opens a processor establishment which was not in operation during February 1943 must notify the Washington Office before making sales or transfers of processed foods from that establishment. The notice must be in writing and must show:

(1) The name and address of the establishment;

(2) The type of processed foods he produces or imports there;

(3) The inventory of that establishment on the date of the notice.

He must file reports for that establishment, on OPA Form R-1305, beginning for the reporting period in which he started operations there.

SEC. 12.4 *In special cases, allotments may be granted for new industrial user establishments.* (a) A person who has or wishes to open an "industrial user establishment" which he did not operate at any time between January 1, 1942 and February 28, 1943, may apply for an allotment. Generally no such application may be granted unless it is found that:

[Above paragraph amended by Am. 2, 9 F.R. 695, effective 1-21-44]

(1) The operation of the establishment will make a direct contribution to the war effort or is essential to meet civilian needs in the area it will serve; and

(2) The product it will produce cannot be obtained from any other source in the area to be supplied.

(b) The application must be made on OPA Form R-315 and must be filed as follows:

(1) With the board (or district office) authorized to keep the files of industrial users for the place where the applicant's industrial user establishment is or will be located, if:

(i) He does not have a registered industrial user establishment and the application covers only one establishment; or

(ii) He has more than one industrial user establishment which are already registered separately; or

(iii) He has one industrial user establishment which is already registered and he wishes to register the new establishment separately.

(If the applicant wishes to open more than one industrial user establishment which are to be registered separately, a separate application must be filed for each such establishment.)

(2) With the board (or district office) authorized to keep the files of industrial users for the place where the applicant's principal business office is or will be located, if:

(i) The application covers more than one industrial user establishment and the applicant wishes to register such establishments together; or

(ii) He has more than one industrial user establishment which are already registered together; or

(iii) He has one industrial user establishment which is already registered and he wishes to register the new establishment with it.

(c) The application must show:

(1) The product the applicant will make;

(2) The size of the establishment;

(3) The amount he has invested or intends to invest in it;

(4) The market to be supplied;

(5) The kinds and point value of any processed foods he may have for that establishment;

(6) The amount of the allotment requested.

[Paragraph (b) amended; (c) added; and former (c) and (d) redesignated (d) and (e) by Am. 31, 9 F.R. 4681, effective 5-7-44]

(d) The board may call for any additional information it finds necessary. It may not pass on the application, but must forward it, together with all information received, to the district office. It may attach its recommendation, if any, as to the action to be taken. In cases in which the applicant wishes to make an industrial use of processed foods for experimental, educational, or testing purposes, the district office may permit the applicant to register (on OPA Form R-1200) and grant him an allotment if it finds it in the public interest to do so. In all other cases, the district office must forward the entire file to the Washington Office, for decision, or take such other action as the Washington Office may authorize or direct.

[Paragraph (d), formerly (c) amended by Am. 27, 9 F.R. 4475, effective 4-29-44]

(e) An industrial user who already has an allotment, may not open another industrial user establishment and use his allotment there, unless he applies under this section and is given permission to do so.

ARTICLE XIII—CLOSING OF BUSINESS

SEC. 13.1. *What a person who closes his establishment must do—(a) General.* (1) Any "retailer", "wholesaler", "processor", "country shipper", or "industrial user" who goes out of the business of dealing in or using "processed foods" at his establishment must notify the "board" at which it is registered, or the "Washington Office", if it is registered there. (A "person" is considered as going out of the business of dealing in or using processed foods if the foods he deals in or uses at his establishments are removed from the list of processed foods.) The notice must be given in writing within five (5) days after he goes out of business. It must show:

(i) The name and address of the establishment;

(ii) The point value of its inventory at the time that he ceases doing business in processed foods at that establishment; and

(iii) The number of points in the establishment's ration bank account, if any, and the number of points on hand, including points in the hands of his suppliers for processed foods not yet shipped. If he has a ration bank account he must also notify the district office in the way required by General Ration Order 3A (the Ration Banking Order).

(2) He must account to the Office of Price Administration for all points he has for the establishment at which he ceased doing business. If all his stocks of processed foods have not been disposed of at the time of the notice, he must account for the rest of the points as soon as the stocks have been liquidated. An industrial user who has given the notice called for above, may sell or "transfer" his unused stocks of processed foods in the same way that a retailer is permitted to make sales or transfers.

(b) *Closing of entire chain.* The rules set forth in paragraph (a) of this section, also apply to a person who has more than one establishment of a particular kind and who goes out of business at all of them. He must give the information required, and must give up the points, for all the establishments.

(c) *Closing of part of a chain.* (1) A person who has several retail, wholesale or processor establishments may go out of business at one or more, but may continue to operate the others. In that case, he need not give up points to the Office of Price Administration at that time but may use them for the operation of the establishments which he continues.

(i) If the establishment closed was a "retail establishment", he must notify the board at which it is registered within five (5) days after he closes it. If it is registered at the Washington Office, he must notify that office instead. The notice must be in writing and must give the name and address of the establishment closed.

(ii) If the establishment closed was a "wholesale" or "processor establishment", he must indicate that fact in his next periodic report.

(2) A person who has several "industrial user establishments", which are registered separately, may go out of business at one or more, but may continue to operate the others. In that case, he must follow the procedure set forth in paragraph (a) of this section as to each of the establishments at which he goes out of business.

(3) A person who has several industrial user establishments which are registered together may go out of business at one or more, but may continue to operate the others. In that case he must notify the board with which he is registered. The notification must be in writing and must state whether and to what extent he will continue to serve, from his other establishments, the same area and the same general class of customers. The board must send the notification and his registration to the district office. The district office shall determine the extent to which he remains entitled to use his entire allotment. He may keep his entire allotment only if his remaining establishments will continue to serve the same general class of customers and the same area as the establishment closed. His allotment and his base-period use must be reduced to the extent that he will cease to serve the same class of customers and the same area. If his allotment is reduced, he must give up to the Office of Price Administration points equal to the reduction. If he does not have points to give up, the amount of the reduction shall be treated as excess inventory.

ARTICLE XIV—MISCELLANEOUS ADJUSTMENTS

SEC. 14.1 *Retailer may apply for inventory adjustments after March 1943—(a) How to apply.* A "retailer" who finds that his allowable inventory is inadequate may apply for an adjustment. The application must be made, on OPA Form R-315, to the "board" with which he registered, or to the "Washington Office" if he registered there. The application must give the following information:

(1) The amount of his allowable inventory;

(2) The reasons why he claims that it is inadequate;

(3) The point value of his sales and "transfers" of "processed foods" during the thirty days before his application, not including exchanges, and transfers from one of his "retail establishments" to another;

(4) The amount of the adjustment which he needs.

He must also give any other information that the board (or the Washington Office) may request.

(b) *Application based on increase of business.* If he asks for a larger inventory because of an increase in business which is not due to regular seasonal variations, his application is to be acted upon in the following way:

(1) The point value of his sales or transfers upon which his allowable inventory was based is determined;

(2) The point value of his sales and transfers of processed foods, during the

thirty days before the application is determined;

(3) If the second figure is more than ten percent larger than the first figure, he is to get a "certificate" for the difference between them multiplied by the factor fixed in the supplement to this order for determining retailer allowable inventories;

(4) If the second figure is not more than ten percent larger than the first, his application is to be denied.

(c) *Other applications.* If he asks for a larger inventory for any other reason, a board may not act on the application but must send it, and any other information received, to the district office. The board may attach its recommendation, when it transmits the application. The district office shall send the file to the Washington Office, for decision, or take such other action as the Washington Office may authorize or direct.

SEC. 14.2 *Wholesaler may apply for inventory adjustments after March 1943*—(a) *How to apply.* A "wholesaler" who finds that his maximum allowable inventory is inadequate may apply for an adjustment. The application must be made to the Washington Office, on OPA Form R–315, and must give the following information:

(1) The amount of his maximum allowable inventory for the reporting period in which he applies;

(2) The reasons why he claims that it is inadequate;

(3) The amount of the adjustment which he needs.

He must also give any other information that the Washington Office may request.

(b) *Action on application.* The Washington Office will act on the application according to the circumstances of the case.

SEC. 14.3 *Wholesalers and retailers may apply for point loans*—(a) *General.* A retailer or a wholesaler may have large seasonal variations in the amount of business that he does. He may therefore need an unusually large inventory at certain times. In other cases due to difficulties of transportation a retailer or a wholesaler may have a large number of points tied up in the hands of his supplier, for processed foods which he has not yet received. In these situations the retailer or wholesaler may wish to borrow points in order to get enough processed foods to tide himself over. He does not need a permanent adjustment, but simply a loan of points which he can pay back later.

(b) *Application for a point loan.* A retailer or wholesaler may apply for a point loan when he needs more points to get processed foods for a limited period of time because of uncertainties or delays in transportation or because of seasonal variations in his business. He must apply on OPA Form R–315 to the board with which he is registered (or to the Washington Office, if he is registered there). The application must show:

(1) His allowable inventory;

(2) The reasons he needs a point loan;

(3) The number of points he needs to borrow;

(4) The length of time for which he needs the loan.

He must give any other information that the board (or the Washington Office) requests.

(c) *Action on application.* If he needs a point loan for any of the reasons set forth in the last paragraph, he may be given a certificate for the number of points needed. The loan can be for any period up to two months. He must give back that number of points to the Office of Price Administration, for cancellation, not later than the date set at the time the certificate is issued.

(d) *When Board may not act upon application.* A board may not grant a point loan of more than fifty percent of the applicant's allowable inventory. If more than that is needed, it must send the application, together with all information it received, to the district office. It may attach its recommendation as to the action to be taken. The district office shall send the file to the Washington Office for decision, or take such other action as the Washington Office may authorize or direct.

SEC. 14.4 *Adjustments for lost, destroyed, stolen or spoiled processed foods*—(a) *Lost, destroyed, or stolen processed foods*—(1) *How to apply.* Any "person" whose processed foods were lost, destroyed, or stolen, or taken away by legal process or order of a court, may apply for a certificate for the number of points needed to replace them. However, a consumer may apply for a certificate with which to replace processed foods only if he has given up points to acquire the foods which are lost, destroyed, stolen, or taken away. (Processed foods reported by a consumer at the time he registered for War Ration Book Two, and for which eight point stamps were removed from his war ration book, are deemed to be processed foods for which he has "given up" points.) The application must be made on OPA Form R–315. A "consumer" who wants a certificate must apply to the board for the place where he lives. Any other person must apply to the board with which he is registered (or to the Washington Office, if he is registered there). The application must give:

[Above paragraph amended by Am. 12, 9 F.R. 2240, effective 3–1–44]

(i) A description of the processed food he wishes to replace, showing their point value;

(ii) A description of the way in which they were lost, destroyed, stolen, or taken away;

(iii) A statement, if the applicant is a consumer, that he gave up points for the processed foods which were lost, destroyed, stolen, or taken away, or that stamps were removed from his War Ration Book Two for such foods.

[Subparagraph (iii) added by Am. 12, 9 F.R. 2240, effective 3–1–44]

He must also give any other information that the board (or the Washington Office) may request.

(2) *Action on application.* If the board (or the Washington Office) finds the statements made in the application to be true, it will issue to him a certificate for the number of points needed to replace the foods.

(3) *Recovery of lost or stolen foods.* If the applicant gets back any of the processed foods covered by his application, he must give back to the Office of Price Administration, for cancellation, points equal to the point value of the foods he recovered.

(b) *Spoiled processed foods.* Application for replacement of processed foods which spoiled in the applicant's hands before they could be used or transferred may be made under the provisions of section 14.5. Spoiled processed foods not covered by section 10.12 may be replaced by exchanging them for other processed foods of equal point value. However, a "processor" must account in his periodic report (and a country shipper must account in his monthly report) to the Washington Office, for processed foods which spoiled in his hands, or which he took back in an exchange.

SEC. 14.5 *Applications may be made for other adjustments*—(a) *How to apply.* Any retailer, wholesaler, processor, or "industrial user" who needs an adjustment in his inventory or allotments, or other relief, may apply, on OPA Form R–315, to the board with which he is registered, or to the Washington Office, if he is registered there. He must state in his application all facts which he claims show his need for the adjustment, and the nature and amount of the adjustment he requests. He must also give any other information that the board (or the Washington Office) requests.

[Paragraph (a) amended by Am. 60, 9 F.R. 12971, effective 11–3–44]

(b) *Action on application.* A board may not act upon an application under this section. It must send the application, together with all other information received, to the district office. It may attach its recommendation as to the action to be taken. The district office shall send the file to the Washington Office, for decision, or take such other action as the Washington Office may authorize or direct.

(c) *Applications by industrial users for adjustments in base-period use or allotments will not be granted if filed after certain dates.* The Office of Price Administration has granted and will grant, in a proper case, adjustments in the base-period use or allotments of an industrial user where it is shown that:

(1) Fire, floods, strikes, or other similar catastrophes affecting his operations during the base period caused his base-period use to be less than it otherwise would have been; or

(2) He invested in productive equipment or facilities before February 21, 1943, which he did not begin using until after the beginning of his base period with the result that the additional capacity to use processed foods, so obtained, was not adequately reflected in his base-period use.

However, no application by an industrial user for an adjustment in his base-period use or allotments based on any of these reasons or on any other condition, occurrence or fact existing before February 21, 1943, will be granted unless the application, in writing, is filed before December 15, 1944. Furthermore, any person who becomes an industrial user, or whose use of certain foods becomes an industrial use, because the foods he uses in his operations are added to the list of processed foods (or because he uses processed foods in making products which were removed from the list of processed foods) may file an application within 90 days after his use of the foods in question becomes an industrial use of processed foods.

[Paragraph (c) added by Am. 59, 9 F.R. 12971, effective 11–3–44]

SEC. 14.6 [Revoked.]

SEC. 14.7 [Revoked.]

[Sec. 14.6 and 14.7 revoked by Am. 54, 9 F.R. 11538, effective 9–17–44]

SEC. 14.8 *Replacement of lost, destroyed, stolen or mutilated certificates, coupons, stamps, or tokens*—(a) *Torn or mutilated certificates, coupons, stamps, or tokens.* A certificate that is torn or mutilated shall be valid only if more than one-half thereof remains legible and the remaining portion clearly shows the date of the certificate, its point value and the name of the person to whom it was issued. A coupon that is torn or mutilated shall be valid only if more than one-half thereof remains legible and the remaining portion clearly shows its point value. A stamp that has been torn or mutilated is valid only if more than one-half thereof remains legible and clearly shows its identifying letter and number. Such a stamp is valid in the hands of a consumer only if it remains undetached in his War Ration Book. A token that has been broken or mutilated is valid only if more than one-half remains thereof and that portion retains sufficient lettering to identify it as having been a ration token.

(b) *Lost, destroyed or stolen certificates, coupons, stamps, or tokens.* (1) If a certificate, coupon, stamp, or token held by a person other than a consumer is lost, destroyed or stolen, the person entitled to such token, stamp, coupon, or certificate may apply for a new coupon or certificate to replace it. The application shall be made by such person or his authorized agent upon OPA Form R–315 to the board with which he is registered (or to the district or Washington Office, if he is registered there). If the board or the Washington Office finds that the certificate, stamp, token, or coupon was lost, destroyed or stolen, it shall issue a coupon or certificate equal in point value to the stamp, certificate, token, or coupon which was lost, destroyed or stolen.

(2) If a certificate or coupon held by a consumer is lost, destroyed or stolen, the consumer may apply for a certificate or coupon to replace it. (A consumer may not apply to replace stamps or tokens which have been lost, destroyed or stolen. However, a consumer may apply in accordance with Procedural Regulation No. 12 to replace a War Ration Book which has been mutilated, destroyed, lost or stolen.) The application shall be made to the board for the place where he lives upon OPA Form R–315 by the consumer personally or by an adult member of his family unit, or by an authorized agent. If the board finds that the certificate or coupon was lost, destroyed or stolen, it shall issue a coupon or certificate equal in point value to the certificate or coupon which was lost, destroyed or stolen.

(3) If any person who has received a replacement for lost or stolen certificates, coupons, tokens, or stamps recovers any or all of the lost or stolen certificates, coupons, tokens, or stamps, he must return them to the board or district office from which he received the replacement, or to the Washington Office if he received the replacement from there.

[Sec. 14.8 added by Am. 41, 9 F.R. 7080, effective 6–30–44]

SEC. 14.9 *Retailers may apply for adjustment if net point inventory is or would be reduced to less than 75 percent of allowable inventory.* (a) *How to apply.* A retailer whose net point inventory has been reduced to less than 75 percent of his allowable inventory (or would be so reduced if he were required to give up points for his remaining excess inventory) and who finds that it will be a hardship for him to operate with the points he has may apply for an adjustment. The application must be made between December 31, 1944 and February 10, 1945, inclusive, on OPA Form R–315, to the board with which he is registered, or to the Washington Office, if he is registered there. The application must give the following information, stated separately:

(1) The point value of his inventory of processed foods and the date on which it was taken. The inventory must be taken at some time from December 31, 1944 to January 27, 1945, inclusive, and the applicant must keep a record, by items, of such inventory. (Section 5.5 (b) of this order describes what must be included in his inventory). In addition, it must show, as of the date on which he took his inventory of foods:

(2) The number of points which he has on hand;

(3) The number of points in his ration bank account, if any, (except those for which ration checks are outstanding);

(4) The number of points which he has already given up for processed foods not yet shipped to him;

(5) The number of points which he has not yet received for processed foods he has already shipped;

(6) The number of points he has received for processed foods which he has not yet shipped;

(7) The number of points he owes for processed foods already shipped to him;

(8) Points owed to the Office of Price Administration for outstanding loans; and

(9) That this adjustment is necessary because it will be a hardship for him to operate with the points he has.

(b) *Action on application.* The board or the Washington Office may grant him an adjustment if it finds that it will be a hardship for the retailer to operate with the points he has and that his net point inventory (the total of subparagraphs (1) through (5) of paragraph (a), less the total of subparagraph (6) through (8) of paragraph (a)) has been reduced to less than 75 percent of his allowable inventory (or that his net point inventory would be so reduced if he were required to give up points for his remaining excess inventory). The board or Washington Office will issue to him a check equal to the amount by which 75 percent of his allowable inventory exceeds his net point inventory, and will also cancel any remaining excess inventory. If his net point inventory is greater than 75 percent of his allowable inventory, it will cancel that part of his excess inventory, which, if he were required to give up points therefor, would reduce his net point inventory below 75 percent of his allowable inventory.

(c) *General.* Only one application under this section may be made by any retailer. Nothing in this section shall be construed to forgive or excuse any violations by the applicant of this or any other order of the Office of Price Administration, or to affect any action which may be taken by the Office of Price Administration with respect to any such violations.

[Sec. 14.9 added by Am. 70, 9 F.R. 15052, effective 12–26–44]

ARTICLE XV—ISSUANCE AND USE OF CERTIFICATES, RATION COUPONS AND TOKENS

SEC. 15.1 *How certificates are issued*—(a) *By whom issued.* "Certificates" (OPA Form R–1201) may be issued by the "Washington Office", by a "board", by any authorized officer or representative of the Office of Price Administration, or by any "person" authorized by the Office of Price Administration to issue them. Certificates may be issued only in the cases and for the purposes permitted by this or any other order of the Office of Price Administration.

[Article title amended by Am. 9, F.R. 1908, effective 2–17–44]

(b) *How certificates are issued.* The person who issues a certificate must insert, in ink, the words "Processed Foods" in the appropriate space and must sign it and fill in:

(1) The number of points for which it is issued;

(2) The name of the person for whom it is issued; and

(3) The word "after" in the upper right corner shall be changed to "before" and the date inserted there shall be the date of issue.

[Subparagraph (3) amended by Am. 24, 9 F.R. 3944, effective 4–15–44]

A certificate which is not filled out in this way is not good for the acquisition of processed foods and may not be used or accepted for that purpose.

SEC. 15.2 *Certificates may be used for limited time.* (a) A certificate issued on or after November 2, 1943 may be used at any time prior to January 21, 1945 by the person to whom it is issued for the acquisition of processed foods if he does not have and is not required to have a ration bank account. A "retailer" who "transferred" processed foods for a certificate may use it at any time prior to January 21, 1945, to acquire such foods if he does not have and is not required to have a ration bank account. A certificate

issued or duly transferred to a person who has a ration bank account is valid for deposit in his account at any time prior to February 1, 1945. No certificate may be transferred by endorsement after January 21, 1945 or deposited after January 31, 1945. However, a certificate which expired before January 1, 1944 may not be transferred or deposited and may not be used to acquire processed foods.

(b) Any person who has and is entitled to use a certificate issued on or after November 2, 1943, may, at any time from January 1, 1945 to January 31, 1945, inclusive, exchange that certificate at the board for a ration check.

[Sec. 15.2 amended by Am. 24, 9 F.R. 3944, effective 4-15-44; and Am. 64, 9 F.R. 13993, effective 11-27-44]

SEC. 15.3 *A certificate must be endorsed.* (a) Before it can be used, a certificate must be signed on the back by the person for whom it was issued, or by a person authorized to sign for him, if he cannot write.

(b) Any retailer, "wholesaler" or "processor" who has transferred processed foods for a certificate must sign his name on the back of the certificate before he can deposit or use it.

SEC. 15.4 [Revoked]

SEC. 15.5 *Names of persons who have been given certificates may be posted.* (a) A board may post at its office the name of any person to whom it has issued a certificate under this order. However, it shall not do so if it would reveal information of a military character, or information which any public law enforcement or investigating agency wishes to keep confidential.

SEC. 15.6 *Certificates are the property of the Office of Price Administration and may be revoked.* (a) All certificates are the property of the Office of Price Administration, whether or not they have been issued.

(b) The Office of Price Administration may suspend, cancel or revoke any certificate issued if it finds it in the public interest to do so.

SEC. 15.7 *Sugar purchase certificates may be corrected and used as processed foods purchase certificates.* (a) Where no food ration certificates (OPA Form R-1201) are available, sugar purchase certificates (OPA Form R-306) may be used instead, if the word "sugar" in the title is changed to "processed foods", and the rest of the sentence following the applicant's name and address and ending with "Administration" is changed to read "is issued [amount in words] ([amount in numerals]) points of processed foods". The date inserted in the upper right corner shall be the date of issue. The date in the lower right corner shall be left blank.

[Paragraph (a) amended by Am. 24, 9 F.R. 3944, effective 4-15-44]

SEC. 15.8 *How ration coupons are issued* (a) *General.* Whenever a board, district office, or the Washington Office of the Office of Price Administration, or any other person, is authorized to issue one or more certificates or checks to any person, it shall, unless otherwise directed by the Office of Price Administration, issue ration coupons instead, if he is not entitled to have a ration bank account, or whose ration bank account has been closed under section 8.6 of this order. However, ration coupons may be issued to a retailer who does not have, and is not required to have, a ration bank account.

[Paragraph (a) amended by Am. 64, 9 F.R. 13993, effective 11-27-44; and Am. 73, 10 F.R. 1539, effective 2-7-45]

(b) *How ration coupons are issued and used.* Ration coupons are coupons designated "ration coupons" which are issued in denominations of 1, 5, 20, 100 and 1,000 points by the Office of Price Administration. Blue ration coupons may be used for the acquisition of all processed foods. They need not be endorsed, and are good at any time. In all other respects they may be used in the same way as "stamps," certificates and ration checks. However, a person who does not have and is not required to have a ration bank account may use ration coupons to give change to any person other than a consumer, but he may use for this purpose only ration coupons having denominations of 1, 5, or 20 points. (This does not affect the rule that a person who has or is required to have a ration bank account may give up or return points only in the form of a check. The only exception to that rule is in the use of one point stamps or tokens to give change to consumers.)

[Paragraph (b) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(c) *Ration coupons are the property of the Office of Price Administration and may be revoked.* (1) All ration coupons are the property of the Office of Price Administration, whether or not they have been issued.

(2) The Office of Price Administration may suspend, cancel, or revoke any ration coupon if it finds it in the public interest to do so.

SEC. 15.9 *How ration tokens may be obtained by persons other than consumers.* (a) On and after February 17, 1944, any person other than a consumer who sells or transfers processed foods may acquire tokens in quantities of 250 or multiples thereof at any ration bank in exchange for the following types of ration currency:

(1) *Stamps.* From February 17, 1944 to February 26, 1944, inclusive, he may use green stamps in sealed envelopes. From February 27, 1944 to May 1, 1944, inclusive, he may use green stamps in sealed envelopes or blue stamps pasted on gummed sheets, OPA Form R-140. Beginning May 2, 1944 he may use stamps only if they are pasted on such gummed sheets notwithstanding the provisions of General Ration Order 7. If he uses stamps in sealed envelopes, the envelopes must be handled in all respects in accordance with the procedure described in General Ration Order 7 for the use of such envelopes. If he uses stamps pasted on gummed sheets he may use only stamps valid for transfer or deposit by him at the time he acquires tokens, and each sheet must contain 25 stamps. He must write his name and address on each sheet.

[Subparagraph (1) amended by Am 21, 9 F.R. 3708, effective 5-2-44]

(2) *Certificates.* He may use a certificate only if it is made out to him. He must write his name and address on the back of the certificate before using it to acquire tokens.

(3) *Checks.* If he has a ration bank account he may use a ration check to obtain tokens only at the bank where he has his account and only if such check is drawn by him against his account either to his own order or the order of "tokens".

(4) *Ration coupons.* Between February 17, 1944 and May 1, 1944, inclusive, he may use ration coupons to obtain tokens. They must be enclosed in sealed envelopes which must be handled in accordance with the procedure described in General Ration Order 7 for the use of such envelopes. After May 1, 1944 he may not use ration coupons to acquire tokens.

(b) Beginning February 27, 1944 any person who sells or transfers processed foods may obtain tokens in exchange for any valid ration currency from any other person who sells or transfers such foods.

(c) Before February 17, 1944 any retailer who has more than one retail establishment may apply to the Washington Office for permission to obtain tokens from that office. Such a retailer must give up points on or before February 17, 1944 to the Washington Office for tokens he receives in this way.

SEC. 15.10 *How tokens are used.* (a) Beginning February 27, 1944 tokens may be used to buy or acquire foods and to give change to consumers when they buy or acquire such foods. They have a point value of one point each and are good at any time. However, a transferor of processed foods need not accept more than 9 tokens from any transferee other than a consumer in any single transaction.

(b) Any person who has a ration bank account may deposit tokens in his account only in quantities of 250 or multiples thereof and only if they are in the containers provided for them by the Office of Price Administration. Any person who does not have and is not required to have a ration bank account may exchange tokens in quantities of 250 or multiples thereof for a ration check at any ration bank but only if the tokens are in the containers provided for them. Any person who deposits or exchanges tokens in this way must write his name and address in the space provided for that purpose on the cover of the container.

[Secs. 15.9 and 15.10 added by Am. 9, 9 F.R. 1908, effective 2-17-44]

SEC. 15.11 *Tokens which may not be used must be surrendered.* (a) A person who has any tokens which he acquired in a way not provided for by this or any other order of the Office of Price Administration must not use them for any purpose but must surrender them to a board.

[Sec. 15.11 added by Am. 42, 9 F.R. 7081, effective 6-30-44]

SEC. 15.12 *Tokens may not be used after certain dates.* Notwithstanding the provisions of any other section of this order:

(a) On or after September 17, 1944, no retailer, wholesaler, country shipper, or processor may use tokens to give change to consumers or to industrial or institutional users.

(b) On or after September 17, 1944, no retailer, wholesaler, country shipper, or processor may acquire tokens from any ration bank.

(c) Between September 17 and September 30, 1944, inclusive, consumers may give (but not sell) tokens to other consumers without acquiring processed foods therefor, for the purpose of making up quantities of ten, or multiples of ten, for the acquisition of processed foods.

(d) On or after October 1, 1944, no consumer may use tokens to buy or acquire processed foods.

(e) On or after October 10, 1944, no person at all may use tokens to buy or acquire processed foods.

(f) On or after October 10, 1944, no person may deposit tokens in any ration bank account or exchange tokens for stamps, certificates, ration coupons or ration checks.

[Sec. 15.12 added by Am. 53, 9 F.R. 11113, effective 9-8-44]

SEC. 15.13. *Special provisions for exchanging and depositing tokens between September 27, and October 16, 1944.* Notwithstanding the provisions of any other section of this order:

(a) Between September 27 and October 16, 1944, inclusive, any retailer, wholesaler, country shipper, or processor who has a ration bank account may deposit tokens in that account:

(1) In quantities of less than 250 in sealed envelopes (OPA Form R-132);

(2) In quantities of 250 in sealed envelopes (OPA Form R-132) if containers provided for such tokens by the Office of Price Administration are not available; and

(3) In quantities of more than 250 but not over 1,000 in bulk envelopes (described in section 1.2 (a) (2) and (3) of General Ration Order 7).

(b) Between September 27 and October 16, 1944, inclusive, any person, other than a consumer, who does not have and is not required to have a ration bank account may exchange tokens for a ration check at any ration bank or he may exchange tokens for certificates or ration coupons at his board;

(1) In quantities of less than 250 in sealed envelopes (OPA Form R-132);

(2) In quantities of 250 in the containers provided for them by the Office of Price Administration, or in sealed envelopes (OPA Form R-132) if such containers are not available; and

(3) In quantities of more than 250 but not over 1000 in bulk envelopes (described in section 1.2 (a) (2) and (3) of General Ration Order 7).

(c) Any person who uses sealed envelopes or bulk envelopes in the way permitted by this section, must write on the face of the envelope his business name and address, that the tokens are deposited (or exchanged, as the case may be) under the processed foods rationing program, and the number of tokens enclosed. He must also sign his name on the face of the envelope. His signature shall constitute a certification as to the truth of the statements written on the envelope.

(d) Any retailer who has more than one retail establishment may apply to the Washington Office for permission to surrender tokens at a place to be designated by the Washington Office and receive checks or certificates in exchange. If permission is granted, the retailer must surrender the tokens on or before October 16, 1944, in accordance with instructions given by the Washington Office.

[Sec. 15.13 added by Am. 53, 9 F.R. 11113, effective 9-8-44; Am. 55, 9 F.R. 11798, effective 9-25-44; Am. 56, 9 F.R. 11902, effective 9-27-44; and Am. 57, 9 F.R. 12269, effective 10-9-44]

SEC. 15.14 *Ration evidences to be issued in multiples of ten points.* (a) All ration evidences issued for processed food points under the provisions of this order shall be issued in multiples of ten points. If the computation of the amount of the points to be issued under this order to any person results in less than five points over a multiple of 10, the ration evidences shall be issued in that multiple of 10. If the computation results in five points or more over a multiple of 10, the ration evidences shall be issued in the next higher multiple of 10 points. (For example, if a consumer is entitled to obtain evidences for 23 points from a Board, the Board shall issue to him 20 points; if entitled to 25 or 26 points, the Board shall issue 30 points.)

[Sec. 15.14 added by Am. 85, effective 8-13-45]

ARTICLE XVI—RECORDS, REPORTS AND INSPECTIONS

SEC. 16.1 *Records must be kept for two years.* (a) Every "person" must hold, for at least two years, all records which this order requires him to keep. He must retain such records in his possession notwithstanding any amendment or revocation of any part of this order.

[Paragraph (a) amended by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 16.2 *Records may be inspected by Office of Price Administration.* (a) All records kept under this order may be inspected by the Office of Price Administration, through any authorized representative. The inspection may be made at a person's place of business during regular business hours. In the case of records kept on forms prepared by the Office of Price Administration, the inspection of those records may be made at any time or place fixed by the Office of Price Administration. Every person required to keep records under this order must keep them available for such inspection.

SEC. 16.3 *Places where processed foods are kept may be inspected.* (a) The Office of Price Administration, through any authorized representative, may at any reasonable time inspect any place where "processed foods" are produced, imported or kept. Any person who produces, imports, or has processed foods, must permit such inspection of the place where he produces, imports or keeps them.

SEC. 16.4 *Records and reports are confidential.* (a) Information and documents obtained from any person under this order will not be disclosed, whether in response to a subpoena or in any other way, except to that person, unless the Administrator (or a representative of the Office of Price Administration designated by him) finds that the requested disclosure is not contrary to law and consents to it.

SEC. 16.5 *Office of Price Administration may extend time by registration and reports.* (a) The "Washington Office" may, for good cause, give any person additional time to file any registration or report which this order requires him to file. Any person who needs more time for filing a registration or report may apply, in writing, to the Washington Office. He must explain, in his application, why he needs more time. The Washington Office may impose any conditions it finds proper, when it grants such an extension of time.

SEC. 16.6 *Office of Price Administration may require applicants to give information.* (a) The Washington Office, a "board", or a district director or regional administrator may require any person who files an application or an appeal under this order to appear in person, to bring witnesses and to supply any information needed for passing on his case.

SEC. 16.7 *Persons who produce or deal in certain items similar to processed foods must file reports.* (a) Every person, who, for sale or "transfer" (1) produces fountain fruits, or (2) cans or bottles fruit or vegetable juices in hermetically sealed containers over one gallon and sterilizes them by the use of heat, or (3) cans fish or shellfish in hermetically sealed containers sterilized by the use of heat, or (4) packages dried or dehydrated vegetables or meat stocks whether or not in combination with noodles or other similar paste products, for use as a dried soup or soup base, or (5) cans or bottles soups, baby foods, vegetables, or vegetable purees, or (6) manufactures pure or imitation jams, jellies, fruit butters, marmalades, or preserves, or (7) subjects fruits, vegetables, or fruit or vegetable juices to a freezing operation as a result of which they become frozen foods, must file periodic reports on OPA Form R-1305. Such periodic reports must also be filed by the first person, other than a dehydrator or grower of fruit, who "acquires" dried or dehydrated fruit from a dehydrator or grower of fruit if he is regularly engaged in the distribution of dried or dehydrated fruit and if more than 50 per cent of such fruits sold or transferred by him are sold or transferred to persons other than "consumers." He must give all information as to those items called for by the form.

[Paragraph (a) amended by Am. 61, 9 F.R. 12972, effective 10-28-44]

(b) A person who deals in vegetables or vegetable purees, soups, or baby foods, in hermetically sealed containers of any type and sterilized by the use of heat, or in dried fruits or dry beans, peas, or lentils, and who would be a wholesaler under this order if any of those foods were included in the list of processed foods, must (except to the extent permitted by the Washington Office under section 4.2 (b) of this order) file periodic reports on OPA Form R–1310. He must give all information as to those items called for by Schedule B of that form.

[Section heading amended, paragraph (b) added, and former (b) redesignated (c) by Am. 62, 9 F.R. 12972, effective 10–28–44]

(c) The first report is for February 1943 and must be filed, by mail, with the Office of Price Administration, care of the Bureau of the Census, Washington, D. C., not later than March 10, 1943. Reports for subsequent reporting periods must be filed not later than eight days after the end of the period.

SEC. 16.8 *Records, reports, and registrations required by this order.* (a) The following records are required by this order:

(1) Processors must keep records of production, imports, acquisitions, certain transfers, and changes in point values. (Section 3.8)

(2) Processors must keep records of point-free transfers made to allow for spoilage. (Section 10.12 (c))

(3) Wholesalers must keep records of transfers, and of changes in point values. (Section 4.9)

(4) Retailers must keep records of changes in point values and of their suppliers' statements showing March 1943 transfers (Section 5.10)

(6) Processors, wholesalers and retailers must keep a record of mail order sales made to consumers. (Section 9.4 (g))

(7) Wholesalers and retailers must keep a record of point-free transfers of seed beans, peas or lentils which were in their inventories March 1, 1943 or acquired thereafter for points. (Section 10.15 (a))

(8) Persons who transfer processed foods in advance of receiving points must keep a record of each such transfer. (Section 9.5 (c))

(9) Persons who transfer processed foods in imminent danger of spoilage at less than full point value must keep records. (Section 9.11 (c))

(10) Industrial users must keep a record of inventories, allotments, and use of processed food. (Section 6.9)

(11) Chains must keep records of transfers of stocks and points between establishments. (Section 10.4, 17.1)

(12) Suppliers must keep records of food transferred to certain Mexican residents. (Sections 25.3, 25.4)

(13) Consumers who sell part of their "home processed foods" must keep a record of such sales. (Sections 26.3 (b), 26.4a (a))

(14) Consumers must keep records of their sales or transfers of processed foods custom processed for household consumption. (Section 26.5)

(15) Records must be kept for two years. (Section 16.1)

(16) Retailers who apply for adjustment because net point inventory is reduced to less than 75 percent of allowable inventory must keep a record of inventory. (Section 14.9)

[Subparagraph (16) added by Am. 70, 9 F.R. 15052, effective 12–26–44]

(b) The following reports and registrations are required by the order:

(1) Processors must register. (Sections 3.2 (a), (f), 3.10, 12.3 (a))

(2) Processors must file periodic reports of their operations. (Sections 3.2 (b), 3.6 (c), 3.9, 14.4 (b))

(3) Processors must report their inventories. (Section 3.5)

(4) Persons who produce certain items similar to processed foods must file reports. (Section 16.7 (a))

(5) Wholesalers must register. (Section 4.2 (a), (e))

(6) Wholesalers must file periodic reports of their operations. (Sections 4.2 (b), 4.10, 10.9 (b), 12.2 (c))

(7) Wholesalers must report their inventories. (Section 4.4)

(8) Wholesalers must report their sales and points on hand. (Section 4.5)

(9) New wholesalers must register and file reports. (Section 12.2)

(10) Retailers must register. (Section 5.3 (a), (d))

(11) Retailers must report their inventories. (Section 5.5)

(12) Retailers must report their sales and points on hand. (Section 5.6)

(13) New retailers must register. (Section 12.1)

(14) Processors, wholesalers, and retailers who wish to accept points from, and make transfers of processed foods to consumers by mail must notify the district office. (Section 9.4 (g))

(15) Processors, wholesalers and retailers must report to the district office defaults in surrender of points more than ten days after transfer. (Section 9.5 (c))

[Subparagraph (15) amended by Am. 60, 9 F.R. 12971, effective 11–3–44]

(16) Industrial users must register. (Sections 6.2, 6.10)

(17) Industrial users must report their inventories. (Section 6.4)

(18) Industrial users must report their base-period use. (Section 6.5).

(19) Persons who became industrial users because of changes in the list of processed foods must register. (Section 6.7)

(20) Industrial users who register late must report their inventories. (Section 6.7 (b))

(21) [Revoked]

(22) [Revoked]

(23) [Revoked]

(24) [Revoked]

[Subparagraphs (21) through (24) revoked by Am. 60, 9 F.R. 12971, effective 11–3–44]

(25) Any person who goes out of the business of dealing in or using processed foods must give notice and account for points. (Section 13.1)

(26) Reports upon sale of business. (Sections 11.1, 11.2)

(27) Persons who transfer or acquire processed foods in imminent danger of spoilage at less than full point value, must report the transfers or acquisitions. (Section 9.11 (c))

(28) Processors who transfer processed foods in imminent danger of spoilage at less than full point value must file statement with periodic reports. (Section 9.11 (h))

[Subparagraph (28) amended by Am. 60, 9 F.R. 12971, effective 11–3–44]

(29) Persons who acquire processed foods point-free for liquidation by operation of law, or in judicial proceedings must report such acquisitions. (Section 10.7 (b))

(30) Persons who transfer processed foods point-free to insurers or for salvage, must report such transfers. (Section 10.8)

(31) Insurers or salvagers who acquire processed foods point-free must report the acquisitions. (Section 10.8)

(32) Federal, state, or local institutions which receive processed foods point-free from governmental investigatory agencies, must report such acquisition. (Section 23.8 (c))

(33) Any person who has a ration check, stamp or certificate involved in a legal proceeding must notify the district office. (Section 19.3)

(34) Exporters must account for all processed foods exported and points received in advance for such exports. (Section 22.3)

(35) Suppliers who transfer processed foods to certain Mexican residents must make reports. (Sections 25.3, 25.4)

(36) Members of a consumer group using commercial scale processing facilities must register and file a report if they wish to sell part of their share of processed foods produced there. (Section 26.6. (d))

[Sec. 16.8 added by Am. 10, 9 F.R. 2233 effective 2–29–44]

ARTICLE XVII—ADDITIONAL RECORDS TO BE KEPT BY CHAINS

SEC. 17.1 *Chains must keep records of transfers of stocks and points between establishments.* (a) Every "person" who has more than one "retail", "wholesale" or "processor establishment" must keep at each establishment (or at the place exercising immediate supervision over that establishment) a record in any convenient form, which shows:

(1) The amount of "processed foods" "transferred" from and "acquired" by that establishment, the date of each transfer or acquisition, and the name and address of the establishment to which the processed foods were transferred, or from which they were acquired. The record must show the amount of processed foods which were transferred and acquired, either by items and sizes, or by point value. (However, no such records need be kept for transfers of processed foods to "consumers"); and

(2) The number of points received for transfers of processed foods from that establishment, the disposition of those points, and the dates of their disposition. If the records are kept at the place exercising immediate supervision over one or more establishments, a list must also be kept at that place, showing the address of each establishment whose records are kept there.

(b) In addition, he must keep for each ration bank account used by him for more than one establishment, a record showing the number of points deposited in that account by and for each such establishment, and the dates of the deposits.

ARTICLE XVIII—APPEALS

SEC. 18.1 *Persons directly affected by action taken under this order can appeal.* (a) Any "person" directly affected by the action of a "board", district director or regional administrator, on any application or other matter, may appeal from that action in the way permitted by Procedural Regulation No. 9 [11] of the Office of Price Administration.

(b) This section shall not apply to action taken on any application made under sections 12.4 or 14.5, except action taken by a board, district, or regional office which has been authorized by the Office of Price Administration to grant or deny such application.

ARTICLE XIX—MISCELLANEOUS RULES AND PROHIBITIONS

SEC. 19.1 *Additional prohibitions.* (a) No "person" shall use points unless he has received them in a way permitted by this or any other order of the Office of Price Administration.

(b) No person shall "transfer", "acquire" use or possess "processed foods" except in a way permitted by this or any other order of the Office of Price Administration.

(c) No person shall give or transfer points, a "stamp", "token" or a "certificate" to any other person, except in a way permitted by this or any other order of the Office of Price Administration.

(d) No person may transfer processed foods for a stamp, token, certificate or ration check if he knows or has reason to believe that it is not valid or that the person tendering it is not entitled to use it.

(e) No person shall have a stamp, token, certificate or ration check in his possession except the person (or agent of the person) to whom it was issued or by whom it was acquired in a way permitted by this or any other order of the Office of Price Administration.

(f) No person shall deface, mutilate, or destroy any stamp, token, certificate or ration check, except where permitted by this or any other order of the Office of Price Administration. A defaced or mutilated stamp, tokens, certificate or ration check is not valid for any purpose.

(g) No person shall counterfeit, forge, or alter a stamp, token, certificate or ration check, and no person shall transfer, acquire, possess or use a counterfeited, forged or altered stamp, token, certificate or ration check.

(h) No person shall offer, solicit, attempt or agree to do, or assist in doing, any act in violation of this order.

[11] 7 F.R. 8796; 8 F.R. 856, 1838, 2030, 2595, 2941, 4350, 4929, 7381, 11480, 11806, 12482, 14211, 9 F.R. 1594, 4539, 10491.

(i) Paragraphs (b), (c), (e), (f) and (g) of this section do not apply to public officials who do any of those acts in the performance of their public duties.

(j) No person shall, in any registration, report, application, or other statement or record made pursuant to or required by this order, make any untrue statement of fact, or omit to state any fact which is required to be stated or which is necessary to make a statement not misleading.

(k) No person shall, after demand, withhold a stamp, token, certificate, or ration check from the person who is entitled to have it.

[Paragraphs (c), (d), (e), (f), (g) and (k) amended by Am. 9, 9 F.R. 1908, effective 2–17–44]

(l) No person shall sell or transfer any item of processed foods at a price in excess of the applicable maximum price established for that item by the Office of Price Administration.

(m) [Revoked]

[Paragraph (m) revoked by Am. 54, 9 F.R. 11538, effective 9–17–44]

SEC. 19.2 *Stamps, tokens and certificates may not be taken by legal process or acquired by will.* (a) No stamp, token, certificate or ration check, or any interest in it, may be taken or seized by judicial process or by any court order. However, a person to whom a war ration book or a certificate has been issued may bring a legal proceeding to recover it from any person who is wrongfully in possession of it. He may, as part of that proceeding, take or seize it by judicial process or court order.

(b) No stamp, token, or certificate, or any interest in it, may be transferred or acquired by inheritance or by will.

[Sec. 19.2 amended by Am. 9, 9 F.R. 1908, effective 2–17–44]

SEC. 19.3 *Office of Price Administration must be notified of legal proceedings.* (a) Any person who has a stamp, token, certificate or ration check must notify the district office of the Office of Price Administration immediately after the beginning of any legal proceeding involving that stamp, token, certificate or check.

[Paragraph (a) amended by Am. 9, 9 F.R. 1908, effective 2–17–44]

SEC. 19.4 *General Ration Order 5 governs whenever inconsistent with this order.* (a) If any provision of this order is inconsistent with the provisions of General Ration Order 5, the provisions of General Ration Order 5 shall govern, and shall supersede the provisions of this order to the extent that they are inconsistent.

SEC. 19.5 *References to Ration Order 13 deemed references to Revised Ration Order 13.* (a) References to Ration Order 13 in any order, amendment, rationale, form, or other document shall be deemed references to Revised Ration Order 13.

SEC. 19.6 *Saving clause.* The amendment or revocation of any part of this order shall not excuse the performance of any duty imposed or affect any obligation incurred under this order (including the duty or obligation to collect points, to give up points, to keep records and to make reports) up to the effective date of such amendment or revocation, unless the amendment or revocation shall so expressly provide. A person who, but for such amendment or revocation, would have been required to make any report after the effective date of such amendment or revocation because of any act, transaction or operation prior to that date, shall make such report with respect to those acts, transactions, or operations at the time when it would have been due but for such amendment or revocation. The part of the ration order which was amended or revoked shall be considered to remain in force for the purpose of requiring the performance of any such duty imposed or obligation incurred.

[Sec. 19.6 added by Am. 54, 9 F.R. 11538, effective 9–17–44]

ARTICLE XX—SUSPENSION ORDERS

SEC. 20.1 *Office of Price Administration may issue suspension orders.* (a) Any "person" who violates this order may, by administrative suspension order, be prohibited from receiving any "transfer" or delivery of, or from selling or using or otherwise disposing of, any "processed food" or other rationed product or facility. Such suspension order shall be issued for such period as in the judgment of the Administrator, or such person as he may designate for such purpose, is necessary or appropriate in the public interest and to promote the national security.

ARTICLE XXII—EXPORTS

SEC. 22.1 *Processed foods may be exported under General Ration Order 17.* (a) Any "person" may export "processed foods" to any foreign country or to any territory or possession of the United States (other than the District of Columbia) in accordance with the provision of General Ration Order 17.[12]

(b) A "processor" who does not apply for points to replace the processed foods exported, and a "wholesaler" who has not applied for an advance of points to "acquire" the processed foods exported or who does not apply for points to replace them, must attach his proof of export to his periodic report on OPA Form R–1305 (processors), or OPA Form R–1310 (wholesalers) covering the reporting period in which the export was made.

[Paragraph (b) amended by Am. 60, 9 F.R. 12971, effective 11–3–44]

[Sec. 22.1 amended by Am. 19, 9 F.R. 3513, effective 4–5–44; and as otherwise noted]

SEC. 22.2 [Revoked]

SEC. 22.3 [Revoked]

[Secs. 22.2 and 22.3 revoked by Am. 19, 9 F.R. 3513, effective 4–5–44]

ARTICLE XXIII—EXEMPT AGENCIES; SHIPS' STORES; GOVERNMENTAL INVESTIGATORY AGENCIES

SEC. 23.1 *Exempt agencies may acquire processed foods.* (a) Nothing in this order restricts the amounts of "processed foods" which may be "ac-

[12] 9 F.R. 3508, 8986.

quired" by the Army, Navy, Marine Corps or Coast Guard of the United States or by the Maritime Commission, War Shipping Administration, Office of Lend-Lease Administration or Office of Distribution of War Food Administration. These agencies are referred to in this order as "exempt agencies" and are exempt agencies for the purpose of General Ration Order 3B.) In addition, the Army Exchange Service, to the extent it acquires processed foods for export to a foreign country or a territory or possession of the United States (except the District of Columbia), and ships' service departments afloat, are exempt agencies under this order and General Ration Order 3B, and may acquire processed foods without restriction as to quantity.

[Paragraph (a) amended by Am. 28, 9 F.R. 4604, effective 4-30-44]

SEC. 23.2 *How exempt agencies acquire processed foods.* (a) Each of the agencies listed in section 23.1 is authorized to open one or more exempt ration bank accounts of the type described in General Ration Order 3B. Processed foods may be "transferred" to and acquired by these agencies only in exchange for points in the form of ration checks equal to the point value of the processed foods transferred. However, processed foods may be transferred between or within these agencies without the surrender of points.

(b) Any "person" who transfers processed foods to any of these agencies must, at or before the time of delivery, submit to it an invoice or other statement for the points payable on account of the transfer. The ration check must be sent to the transferor by the time of delivery or as soon as practicable thereafter.

(c) If for any reason a ration check cannot be used when one of these agencies acquires processed foods, an emergency acknowledgment shall be given to the transferor, instead of a check. This acknowledgment may be in any form, but must show the name of the agency, the name and address of the activity within the agency for which the processed foods are acquired, the name and address of the activity to which the emergency acknowledgment must be sent for replacement by a ration check, the point value of the processed foods acquired, and the date of acquisition. The acknowledgment must be signed by an authorized officer or employee of the agency, and must show his official title or rank. A person to whom such an acknowledgment is given may not exchange it at a "board" or use it to acquire processed foods but must send it to the agency activity designated thereon, and a ration check for the amount of processed foods transferred shall be given to him in exchange for the acknowledgment.

SEC. 23.3 *Post exchanges and ships' service departments ashore may acquire processed foods for points.* (a) Processed foods may be transferred to and acquired by Army exchanges, post exchanges of the Marine Corps, ships' service departments ashore of the Navy and Coast Guard, commissary stores and ships' service departments of the Training Organization of the War Shipping Administration, and other similar activities designated by the respective exempt agencies, only in exchange for points in the form of ration checks equal to the point value of the processed foods transferred, without regard to who transfers them. However, these activities may not open ration bank accounts with unlimited drawing privileges of the type described in General Ration Order 3B. Points needed by these activities for the acquisition of processed foods will be issued to them in accordance with arrangements between the Office of Price Administration and the Army Exchange Service of the United States War Department, the Bureau of Naval Personnel of the Navy Department, the Coast Guard and the Marine Corps, and the Training Organization of the War Shipping Administration. (The issuance of points for use by Army exchanges, post exchanges and ships' service departments ashore for the acquisition of processed foods for institutional use is covered by General Ration Order 5.)

(b) Any person who transfers processed foods to any of the activities enumerated in paragraph (a) must, at or before the time of delivery, submit to it an invoice or other statement for the points payable on account of the transfer. The ration check must be sent to the transferor by the time of delivery or as soon as practicable thereafter.

(c) Points may be transferred freely without a transfer of processed foods among ration bank accounts maintained for Army exchanges, among accounts maintained for post exchanges, among accounts maintained for ships' service departments ashore of the Navy, among accounts maintained for commissary stores and ships' service departments of the Training Organization of the War Shipping Administration, and among accounts maintained for ships' service departments ashore of the Coast Guard.

(d) During March 1943, Army exchanges, post exchanges, ships' service departments ashore, and similar designated activities, may, if ration checks are unavailable, use emergency acknowledgments to acquire processed foods, in the way described in section 23.2 (c). An emergency acknowledgment issued under this section may not be used by the person to whom it was issued to acquire processed foods, but must be exchanged for a ration check at the activity designated thereon.

SEC. 23.4 *Sales commissaries, post exchanges and ships' service departments ashore may transfer processed foods for points.* (a) Army exchanges, post exchanges, ships' service departments ashore, sales commissaries, commissary stores, and any other activity of the Army, Navy, Training Organization of the War Shipping Administration, Marine Corps or Coast Guard and the Office of Distribution of War Food Administration may transfer processed foods only in exchange for points in the same way as "retailers" are permitted to make transfers under this order. However, they are not required to register as retailers, "wholesalers", or "processors".

(b) All points so received by Army exchanges, post exchanges, ships' service departments ashore, sales commissaries, commissary stores, or any other activity of the Army, Navy, Training Organization of the War Shipping Administration, Marine Corps or Coast Guard or by the Office of Distribution of War Food Administration must be deposited in the ration bank accounts maintained for them. These points may then be used to acquire other processed foods.

[Paragraphs (a) and (b) amended by Am. 28, 9 F.R. 4604, effective 4-30-44]

SEC. 23.5 *Veterans' Administration and Coast and Geodetic Survey may apply for allotments under General Ration Order 5.* (a) Allotments of processed foods for the Veterans' Administration and the Coast and Geodetic Survey will be granted in accordance with the provisions of General Ration Order 5.

SEC. 23.6 *Industrial users may replenish foods used in products transferred to agencies designated in General Ration Order 11.* (a) Any "industrial user" who, before July 1, 1943, transfers to any exempt agency any products which he manufactured after February 28, 1943, in the manufacture of which he used processed foods may apply to and obtain from his board a "certificate" equal in point value to the processed foods used by him in such products. The application shall be made on OPA Form R-315, on or before August 1, 1943, and shall set forth the nature and amount of the products, the time when the products were manufactured, the date when such products were transferred and the amount of processed foods he used in such products. The application shall be accompanied by such evidence of transfer to the exempt agency as the board may require. If a certificate is issued under this section, the industrial user's allotment for the allotment period in which it is issued shall be considered increased by the amount of the certificate.

(b) Any industrial user who used a processed food in products which are acquired on or after July 1, 1943, by any of the designated agencies covered by General Ration Order 11, may appl. for replacement or advance of such processed foods under the conditions and in accordance with the procedure set forth in General Ration Order 11.

SEC. 23.7 *Ships' and planes' stores.* (a) Processed foods may be acquired for use as ships' and planes' stores under the provisions of General Ration Order 5.

(b) Any operator of a vessel or plane to whom a statement has been issued by a Collector of Customs (or Military Officer) under section 21.2 or 21.3 of General Ration Order 5 may acquire processed foods up to the amount authorized thereon without surrendering points. Any retailer, wholesaler or processor may, in exchange for the statement, transfer to the operator of the vessel or plane, without getting points, processed foods up to the amount specified on the statement.

(c) A retailer or wholesaler may exchange such statement for a certificate, at his board. He must attach to the statement a signed receipt, invoice, or other evidence to prove the transfer of the processed foods. If the board is satisfied that the processed foods were transferred as ships' or planes' stores, it shall issue a certificate to the retailer or wholesaler for the number of points needed to replace the processed foods transferred. A processor must send the Customs Collector's (or Military Officer's) statement and the attached receipt or other evidence with his periodic report (on OPA Form R-1305) to the Office of Price Administration, care of the Bureau of Census, Washington, D. C.

(d) An airplane operator who has been allowed an operating inventory under section 21.4 of General Ration Order 5 may exchange for a certificate a statement issued by a Collector of Customs (or Military Officer) under section 21.3 of that order at a board covering any area where the operator maintains an office.

SEC. 23.8 *Governmental investigatory agencies may acquire processed foods needed in their investigations.* (a) An investigatory agency of the United States or of any State or local government which needs processed foods in order to perform its inspections or investigations may apply for points to acquire them. The application must be in writing, on an official letterhead of the agency (if any is available), and must state the name of the agency, the purpose for which points are needed, the period during which they are needed, and the number of points required. An agency of the United States may make its application to the "Washington Office," or to any district office. An agency of a State or local government shall apply to the district office. If the district or Washington Office finds that points are needed in order to carry on the investigatory activities of the agency, it shall issue one or more certificates for the number of points required.

(b) The Food and Drug Administration of the Federal Security Agency (which is hereby designated an exempt agency for this purpose) may open one or more exempt ration book accounts of the type described in General Ration Order 3B. However, it may issue ration checks against those accounts only to acquire processed foods which are needed for inspection or investigation.

(c) Any government agency which acquires processed foods for purposes of inspection or investigation may, after they have served the purpose for which they were acquired, dispose of them to any federal, state or local institution without receiving points for them. The institution which receives the processed foods shall report in writing the amount received and the date on which it was received to the district office for the area in which it is located. Its allotment shall not be regarded as increased by such acquisition.

SEC. 23.9 *Issuance and use of checks by Extension Service of Department of Agriculture.* (a) The Extension Service of the Department of Agriculture may open a ration bank account. It may deposit in that account ration checks issued to it by the Office of Price Administration for the use of foods for educational purposes and may issue checks on that account to any State Director of a State agricultural Extension Service.

(b) A State Director of a State agricultural Extension Service may open a ration bank account. He may deposit in that account ration checks issued to him by the Extension Service of the Department of Agriculture for the use of foods for educational purposes and may issue checks on that account to persons who may use the points to acquire processed foods. Such foods may be used only for the educational purposes sponsored by the State agricultural Extension Service.

[Paragraphs (a) and (b) amended by Am. 43, 9 F.R. 7202, effective 7-3-44]

(c) A person who receives a check from a State Director of a State agricultural Extension Service may exchange that check for one or more certificates or ration coupons at any board.

ARTICLE XXV—ACQUISITION OF PROCESSED FOODS BY RESIDENTS OF MEXICO

SEC. 25.1 *Residents of Mexico may acquire processed foods in the United States.* (a) Any "consumer" who resides in Baja California, Mexico, within ninety kilometers of the border between Mexico and the United States, or in any other part of Mexico within twenty kilometers of that border, may apply for points to "acquire" "processed foods" in the United States. The application must be made in person on OPA Form R-183 (Revised), to the "board" whose office is nearest his customary point of entry into the United States. A single application must be made by the applicant for himself and for all members of his family unit (that is, for all persons living in his household who are related to him by blood, marriage, or adoption) who wish to acquire processed foods. An application may be made by a person under eighteen years of age only if he is the head of a household or is not a member of a family unit. However, if an applicant is unable to complete and sign the application or is unable to appear in person before the board, anyone may act for him if the board is satisfied that such person has been given authority to act as agent for the applicant in completing, signing, and presenting the application.

(b) The application must be completed and signed by the applicant or his agent and must show:

(1) The applicant's name, address and age;

(2) The names and ages of all consumers living in his household who are related to him by blood, marriage or adoption and who wish to acquire processed foods in the United States;

(3) The serial number of the applicant's "immigration document" and any immigration documents issued for use by the consumers named in the application. The applicant, or his agent must present all such immigration documents to the board at the time the application is made and shall also give any other information that the board may request. The immigration documents shall be returned by the board to the applicant or his agent as soon as the board has examined them.

(c) If the applicant complies with the requirements of paragraphs (a) and (b), the board shall grant the application and shall issue ration cards (OPA Form R-184, Revised) for processed foods as provided in this article.

(d) A consumer who has previously applied on OPA Form R-183 for points to acquire processed foods in the United States is not required to make a new application on OPA Form R-183 (Revised) unless, since the date of his last application, there has been a change in the number or identity of the members of his household related to him by blood, marriage, or adoption who wish to acquire processed foods in the United States. The board will issue ration cards (OPA Form R-184, Revised) for processed foods to such a consumer at any time after July 1, 1944, without requiring a new registration, if the applicant or his agent appears in person at the board and surrenders the expired punch card (OPA Form R-184) issued to him under this article as it read before July 1, 1944, and presents any immigration document issued for use by the consumers named in the card. The immigration documents shall be returned by the board to the applicant or his agent as soon as the board has examined them. If any such punch card has been lost, destroyed or stolen, and the applicant has not received a duplicate card, the board may waive the requirement that such card must be surrendered.

(e) The monthly ration of processed foods for each consumer for whom the application is granted shall not exceed the number of points fixed by the district director for the area in which the applicant's board is located, as provided in paragraph (f) of this section.

(f) Each district director whose area includes a point of entry between Mexico and the United States, shall, on or before July 1, 1944, fix the number of points per month (in multiples of ten) which the respective boards may issue for each consumer for whom rations are granted for the acquisition of processed foods in the United States. The amount of such monthly ration may be changed at any time thereafter by such district director. However, in no event may the monthly

ration exceed the total number of points validated during that month for use by consumers who have War Ration Books. In determining the amount of the monthly ration, the district director shall take into consideration the available supply of processed foods in the parts of Mexico adjacent to the customary points of entry in his district

[Paragraph (f) amended by Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 25.2 *Issuance of ration cards.* (a) Ration cards (OPA Form R-184, Revised) for processed foods shall be issued for periods of three calendar months or less. All ration cards (OPA Form R-184, Revised) shall have an earliest renewal date, which shall be the first day after the expiration of the period for which the card is issued. A board may, in its discretion, issue ration cards for any period of time less than three months.

(b) The board shall issue one ration card (OPA Form R-184, Revised) for each consumer or group of consumers for whom an application has been granted. However, if the application is granted for more than four consumers, one additional ration card shall be issued for each additional four consumers or less. The board shall write in the place provided on such cards, the date on which the card is issued, the earliest renewal date and the name and serial number of the immigration documents of the applicant and all other consumers for whom the application is granted. Before issuing a ration card for processed foods, the board shall remove in horizontal strips, starting at the bottom of the card, the requisite number of coupons, so that the card, when issued, will contain coupons only for the number of points for which the application is granted, for the consumers whose names appear on the ration card. The board shall also write upon the immigration document of each consumer for whom rations are granted the letters "P. F." and the serial number of the ration card issued for him.

(c) If any consumer for whom a ration card has been issued under this article secures a new immigration document, such ration card may not be used to acquire processed foods in the United States until the applicant or his agent appears in person at the board and presents such ration card and the new immigration document. The board shall delete the serial number of the old immigration document and record in its place the serial number of the new immigration document. The person who records the serial number of the new immigration document must initial the change. He must at the same time record the serial number of the new immigration document on the application (OPA Form R-183 or OPA Form R-183, Revised) for that consumer. The board shall also write upon the new immigration document the letters "P. F." and the serial number of the ration card.

(d) A ration card for processed foods shall have no expiration date and may be used at any time by the consumer for whom it is issued or any member of his family unit for the acquisition of processed foods from any "processor", "wholesaler", "retailer", "country shipper" or "grower" in the United States.

(e) On or after the earliest renewal date of a ration card for processed foods, the applicant's board shall issue a new ration card (OPA Form R-184, Revised) if the applicant, or his agent appears in person at the board and returns the cards of the consumers for whom rations were previously issued. (However, if a previously issued card has been lost, destroyed, or stolen, the board may waive the requirement that such card must be returned.) He must also present the immigration document of each consumer for whom rations are requested. No new application (on OPA Form R-183, Revised) is needed for the issuance of ration cards to replace previously issued ration cards unless, since the date of the last application, there has been a change in the number or identity of the members of applicant's household related to him by blood, marriage, or adoption who wish to acquire processed foods in the United States. Acceptance by the applicant of ration cards for succeeding periods shall constitute a representation by the applicant that the consumers for whom rations are requested are the same as those covered on the card or cards previously issued by the board and that the number of such consumers has not been reduced. New ration cards will be issued for periods of three calendar months or less and no rations may be granted for any period of time which has elapsed since the earliest renewal date of any previously issued ration card.

SEC. 25.3. *Issuance of ration cards to certain applicants by the district office.* (a) Any consumer who resides in Mexico, within the area described in section 25.1 (a) who desires to acquire processed foods in the United States and who is not eligible for rations under any other provisions of this article, or who needs more processed foods than he can get with his ration card (OPA Form R-184, Revised) may apply on OPA Forms R-183 (Revised) to the board nearest his customary point of entry into the United States for additional rations. The application must show why the applicant cannot receive a ration card under the other provisions of this article or why he needs more processed foods. A board may not act upon an application under this section, but shall send it, together with all other information received and its recommendations to the district office. If the district office finds that the applicant resides within the area described in section 25.1 (a) and that he does not have and cannot get an immigration document or that his health depends upon his getting more processed foods or that he needs more processed foods than the monthly ration fixed by the district director, it may approve the application and return it to the board with instructions for the issuance of such rations as may be directed by the district office. If the district office finds that the applicant does not have an immigration document it shall instruct the board to insert the word "waived" in the space provided for the serial number of the applicant's immigration document.

SEC. 25.4 *Value and use of coupons by residents of Mexico.* (a) Each coupon on a ration card (OPA Form R-184, Revised) is worth ten points and is good for use as provided in this article for an unlimited time by the consumer or consumers for whom it is issued. A resident of Mexico gives up points when he acquires processed foods in the United States by surrendering coupons from his ration card or tokens. Coupons must be given up at the time the processed foods are acquired and must be detached from the ration card (OPA Form R-184, Revised) in the presence of the person who is selling or transferring the processed foods. Loose coupons may not be used by a resident of Mexico or any other person and they must not be accepted by the seller or transferor. If it is impossible to detach coupons exactly equal to the point value of the processed foods transferred because their point value is not an exact multiple of ten, coupons of the nearest higher point value must be detached and the transferor must return the excess number of points to the consumer in the form of tokens.

SEC. 25.5 *How suppliers may replace inventory of processed foods transferred to residents of Mexico.* (a) A processor, wholesaler, retailer, country shipper, or grower who gets coupons from a resident of Mexico in the way permitted by this article, may not deposit those coupons in his ration bank account or use them to acquire processed foods. He may only surrender such coupons, at any time, to the board for the area in which his establishment is located in exchange for a certificate equal to the point value of the surrendered coupons.

SEC. 25.6 *Surrender of points by suppliers from whom processed foods were acquired before July 1, 1944.* (a) Any retailer, wholesaler, processor, country shipper or grower who was designated as a supplier on punch cards issued before July 1, 1944, to residents of Mexico, must surrender the total number of points he owes, if any, on or before July 10, 1944, to the board for the area in which he is located. (The total number of points which he owes is the total number of points given him by all certificates previously issued to him under this article as it read before July 1, 1944, less the point value of all processed foods transferred by him to residents of Mexico up to July 1, 1944.) He shall, at the same time, give to the board a written statement showing:

(1) The total point value of all such cards issued for the months of May and June 1944;

(2) The total number of unused points left on such cards; and

(3) The total number of points given to him by certificates issued under this article for the months of May and June 1944.

SEC. 25.7 *Records of suppliers from whom processed foods were acquired before July 1, 1944.* (a) Any retailer, wholesaler, processor, country shipper or grower who was designated by an applicant as the supplier from whom processed foods were to be acquired before July 1, 1944, shall maintain and keep at his place of business the cards which he was required to make out for each such applicant before July 1, 1944.

SEC. 25.8 *Records and reports by suppliers who transferred processed foods to residents of Mexico before July 1, 1943.* (a) Any retailer, wholesaler, processor, country shipper or grower to whom a certificate has been issued under this article prior to July 1, 1943, shall maintain and keep at his place of business a record showing the name of each applicant for whom he has received such certificate, the point value of each certificate and of all processed foods transferred against it and the dates of such transfers. Before the 10th day of July 1943, he must give to his board a written statement showing the total point value of all certificates received by him for June 1943 and the total point value of all transfers of processed foods made under such certificates during that month.

[Article XXV amended by Am. 1, 9 F.R. 104, effective 1-1-44; Am. 13, 9 F.R. 2440, effective 3-1-44; and Am. 37, 9 F.R. 6234, effective 7-1-44]

ARTICLE XXVI—HOME PROCESSED FOODS

NOTE: The limitations (including limitations on amounts of foods which may be transferred), restrictions, conditions, record-keeping and reporting requirements set forth in this Article XXVI do not apply to processed foods while they have a zero point value. For the purposes of this article, such foods are treated, and may be transferred or acquired, just as if they were not rationed at all.

[Title of Article XXVI amended by Am. 38, 9 F.R. 6235, effective 6-10-44]

SEC. 26.1 *Explanation of terms home processor and home processed foods—*(a) *Processed foods produced in kitchen are home processed foods.* "Processed foods" produced in a "kitchen" are "home processed foods".

(1) A "person" is considered to "produce" home processed foods, for the purposes of this Article, if he or a member of his "family unit":

[Above paragraph amended by Am. 17, 9 F.R. 3032, effective 3-23-44]

(i) Takes an active part in the processing of such foods; or

(ii) Contributes the fruits or vegetables for processing by others; or

(iii) Contributes facilities, such as steamers, pressure cookers, or the kitchen, to be used by others to produce such foods.

(2) The term "kitchen" means a place used principally for the preparation of meals. It includes a place used principally to teach consumers how to prepare food.

SEC. 26.2 *Person may consume or use home processed foods he produces and may give away limited amounts—*(a) *Points need not be given up for use.* A consumer may consume home processed foods he produces, and may let members of his "family unit", and others who eat at his table or on a farm he operates, consume them, without giving up points.

[Section heading and above paragraph amended by Am. 25, 9 F.R. 4026, effective 4-18-44]

(1) A "family unit" consists of all persons related by blood, marriage, or adoption, who regularly reside in the same household.

(b) *Gifts.* He and the members of his family unit may give (but not sell) such foods to any other person without receiving points, but no more than one hundred (100) quarts (or two hundred (200) pounds) of such foods per member may be given away point-free by the family unit in any calendar year. (One quart of processed foods is considered the equivalent of two pounds.)

[Paragraph (b) amended by Am. 17, 9 F.R. 3032, effective 3-23-44]

(c) *Industrial user may use home processed foods produced by him.* An industrial user may, without giving up points, use, at his industrial user establishment, home processed foods produced by him. (However, he must report his use of such home processed foods in the way required by section 6.6 (f) of this order.)

[Paragraph (c) added by Am. 25, 9 F.R. 4026, effective 4-18-44]

SEC. 26.3 *A person may sell home processed foods he produces—*(a) *He may sell only for points.* A person may not sell or "transfer" home processed foods produced by him (except for those he is permitted to give away point-free under section 26.2 (b)) unless he gets points equal to the point value of the foods so transferred. He must also get points for any gifts made in excess of the amount permitted by section 26.2 (b). (The point value of home processed foods is fixed in a supplement.)

[Paragraph (a) amended by Am. 4, 9 F.R. 848, effective 1-26-44]

(b) *He must keep records and surrender points to board.* For this purpose he need not register or make reports as a "processor" but must keep a record of any transfer he makes, showing the amount and date of the transfer, and the name and address of the person to whom the transfer is made. If he transfers home processed foods produced with sugar obtained under section 2.3 of Second Revised Ration Order 3, he must at the same time, report in writing to his board the kinds and amounts of such foods transferred by him for points during the preceding month. If he makes any transfers of home processed foods for points during any month, he must give up the points to his "board," on or before the tenth day of the next month.

[Paragraph (b) amended by Am. 17, 9 F.R. 3032, effective 3-23-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

SEC. 26.4 *Person producing processed foods in place other than a "kitchen" may get permission to treat them as home processed foods—*(a) A person may produce processed foods in a place not used principally either for the preparation of meals or for teaching consumers how to prepare food (and hence not a "kitchen" as defined in section 26.1 (a) (2)). Yet the facilities he uses may not differ substantially from those ordinarily found in a "kitchen" and may clearly not be commercial-scale processing facilities. For example, a farmer may have a kitchen in his home, where the meals for his household are prepared, and separate facilities elsewhere on his premises, perhaps in a shed, consisting of a stove, and a steamer or pressure cooker. A person who has such a place and facilities may apply to his board in writing for permission to treat the processed foods produced there as "home processed foods". He shall describe the facilities he intends to use, the purposes for which those facilities are ordinarily used, the total amount of processed foods he expects to produce there, and the disposition to be made of such processed foods.

(b) If the board finds that the facilities to be used are clearly not commercial-scale processing facilities and do not differ substantially from those ordinarily found in a kitchen, it shall notify the applicant that the foods so produced may be treated as home-processed foods. The applicant may then use and transfer them as permitted by sections 26.2 and 26.3 of this order.

SEC. 26.4a [Revoked]

[Sec. 26.4a amended by Am. 4, 9 F.R. 848, effective 1-26-44; Am. 17, 9 F.R. 3032, effective 3-23-44; revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 26.5 *Person may have foods grown by members of his family unit processed by a processor for household consumption—*(a) *He may acquire such foods point-free.* A person may "acquire" from a processor, point-free, processed foods produced for him from foods which he or members of his family unit have grown, if he supplies all the ingredients in an amount necessary to produce such foods but only if that processor regularly produced processed foods in the past for consumers from ingredients wholly supplied by them. Not more than one hundred (100) quarts of such processed foods per member may be acquired by or for any family unit under this section in any calendar year. He may acquire such processed foods point-free only if he gives to the processor a signed statement that the foods to be processed were grown by a member of his family unit, together with the names of each member of his family unit. The processor shall retain this statement for one year.

[Paragraph (a) amended by Am. 17, 9 F.R. 3032, effective 3-23-44; and Am. 60, 9 F.R. 12971, effective 11-3-44]

(b) *He may consume such foods or give them away.* He may consume such foods, and let the members of his family unit, and others who eat at his table or on a farm he operates, consume them, without giving up points. He and the members of his family unit may give (but not sell) such foods to any other person without receiving points.

[Paragraph (b) amended by Am. 17, 9 F.R. 3032, effective 3-23-44; and Am. 60, 9 F.R.

(c) *He may sell only for points, and must surrender points he gets to the board.* He may not sell any of such foods unless he gets points equal to the point value of the foods sold. Such foods are not home processed foods and they may be sold only at their regular point value, as fixed in a supplement to this order,

rather than at the point value of home processed foods. For this purpose, he need not register or make reports but must keep a record of any sale he makes, showing the amount and date of the sale, and the name and address of the person to whom the sale is made. If he makes any sales during any month, he must give up the points received for that sale to his board on or before the tenth day of the next month.

[Paragraph (c) amended by Am. 4, 9 F.R. 848, effective 1-26-44; and Am. 17, 9 F.R. 3032, effective 3-23-44]

SEC. 26.6. *Consumers may acquire and use processed foods they produce in commercial scale processing facilities.* (a) A member of a group of persons which produces processed foods in commercial scale processing facilities primarily for consumption in their households or on farms they operate, may acquire his share of the processed foods so produced point free only if:

(1) The facilities used have not been operated commercially since January 1, 1943, or are not customarily operated commercially during the periods when the processing will be done by the group; and

(2) He, or a member of his family unit, takes an active part in the processing of such foods, or grew the fruits or vegetables being processed.

(b) Any member of a group which wishes so to produce processed foods may make application to his board in writing, on behalf of the group, stating:

(1) The name and address of each member of the group;

(2) The facts which bring the group under paragraph (a);

(3) The total amount of processed foods to be produced; and

(4) The disposition to be made of the foods produced.

(c) If the board finds that the group and its members meet all the requirements of paragraph (a) of this section, it shall approve the application. If the facilities to be used were operated commercially after January 1, 1943, but are no longer so operated, the board may still approve the application if it finds that commercial operations, were not ended solely or partly for the purpose of enabling the members of the group to produce processed foods there for their own use.

(d) If the board approves the application, each member of the group covered by the application may acquire his share of the processed foods so produced point free, and may consume it and let the members of his family unit and others who eat at his table or on a farm he operates consume it without giving up points.

(e) Not more than one hundred (100) quarts of such processed foods per member may be acquired point free by or for any family unit under this section in any calendar year unless the board finds:

(1) That the use of the facilities is supervised or sponsored by a federal, state or local government or government agency; or

(2) That the facilities are part of a bona fide community processing project which is open for use by all members of the community.

(f) Any person who acquires processed foods under this section without giving up points may give (but not sell), his share to any other person, but not more than one hundred (100) quarts of such foods per member may be given away point free by a family unit in any calendar year.

(g) Processed foods produced pursuant to this section are not home processed foods. A person who sells or transfers any such foods except for the amount he is permitted to give away point free by paragraph (f), is considered a processor as to that part. He must register and file the reports required by section 3.2 of this order. He may make such transfers only in exchange for points equal to the regular point value of the processed foods transferred, as fixed in a supplement to this order, rather than at the point value of home processed foods.

[Sec. 26.6 amended by Am. 4, 9 F.R. 848, effective 1-26-44; and Am. 17, 9 F.R. 3032, effective 3-23-44]

SEC. 26.7 *Certain community groups may apply to Washington Office for an exception.*—(a) In certain instances, as in the case of some religious groups or sects, communities carry on their activities and produce and distribute foods among their members on a cooperative basis. In such cases, certain members of the community may produce processed foods from fruits and vegetables grown by members, while others produce other types of foods. The various types of foods produced may then be interchanged, but many members of the community who get the processed foods may not have been members of the group which produced them and so may not meet the requirements of this Article. If, in such case, the processed foods are produced exclusively for consumption by members of the community, the group may apply to the Director of the Food Rationing Division, Office of Price Administration, Washington, D. C., for an exception permitting distribution of such processed foods to any members of the community. The application must be in writing, in any form, and must show the manner in which the community operates, the type of facilities used for processing, the source of the foods processed, the amount of processed foods produced, and the class of persons by whom they are produced and to whom they are to be distributed.

(b) The Director of the Food Rationing Division will act on the application according to the circumstances of the case and may, in his discretion, permit distribution of the foods among the members of the community in such manner and under such conditions as he establishes.

SEC. 26.8 *Institutional users (other than Group I institutional users) may use and transfer processed foods they produce as provided in General Ration Order 5.* (a) This article does not apply to the production of processed foods for use in, or to the use of processed foods in, "institutional user establishments" other than Group I institutional user establishments. The production, use, and transfer by such "institutional users" of home processed foods and of other processed foods they produce, are governed by General Ration Order 5.

[Sec. 26.8 amended by Am. 17, 9 F.R. 3032, effective 3-23-44]

SEC. 26.9 [Revoked]

[Sec. 26.9 added by Am. 25, 9 F.R. 4026, effective 4-18-44; revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

SEC. 26.10 *Applicability.* The provisions of this Article apply whether or not the home processed foods are produced within the forty-eight states of the United States and the District of Columbia.

[Sec. 26.10, formerly 26.9, redesignated by Am. 25, 9 F.R. 4026, effective 4-18-44]

ARTICLE XXVII—DEFINITIONS

SEC. 27.1 *Definitions.* (a) When used in this order:

(1) "Acquire" means to accept a "transfer" or to get possession or title in any other way.

(2) "Board" means a war price and rationing board established by the Office of Price Administration.

(3) "Certificate" means a certificate on OPA Form R-1201, or on OPA Form R-306 revise in accordance with section 15.7.

(4) "Consumer" means any "person" who "acquires" "processed food" for personal use, or for use at a table at which he eats.

(5) "Industrial user" means any "person" who has an "industrial user establishment".

(6) "Industrial user establishment" means any place where a "person" uses "processed foods" in producing or manufacturing, for sale or "transfer", any product which is not a processed food. It also includes any place (except places where processed foods are used for sampling or demonstration in accordance with section 10.9 or a place where processed foods are used only for educational purposes under the direction of the Department of Agriculture or the Extension Service of the Department of Agriculture) at which processed foods are used for experimental, educational, testing or demonstration purposes.

[Subparagraph (6) amended by Am. 4, 9 F.R. 848, effective 1-26-44]

(7) "Institutional user" means any "person" who has an "institutional user establishment".

(8) "Institutional user establishment" means an institutional user establishment as defined in General Ration Order 5. (With certain exceptions, it means any place where a "person" uses a rationed food in the preparation of food which he serves to "consumers", or in the service of food to consumers.)

(9) "Person" means not only an individual, but also a partnership, corporation, association, or business trust. It includes a government, government agency and any other organized group or enterprise.

(10) "Processed foods" means the following fruits and purees, fruit juices, vegetables and purees, and vegetable juices in hermetically sealed containers of any type and sterilized by the use of heat:

[Above paragraph amended by Am. 70, 9 F.R. 15052, effective 12-26-44]

(i) *Fruits and purees (including fruits which contain added thickening agents other than pectin).*

Apples (excluding crabapples).
Applesauce.
Apricots.
Berries.
Cherries.
Cranberries or sauce (whole, strained, or jellied).
Figs.
Fruit cocktail, fruits for salad, or mixed fruits.
Peaches.
Pears.
Pineapple.
Plums.
Prunes.

[Subparagraph (i) amended by Am. 78, 10 F.R. 5526, effective 5-18-45 and Am. 80, 10 F.R. 6308, effective 6-2-45]

(ii) *Fruit juices.*

Grape juice.
Grapefruit juice.
Orange juice.
Orange-grapefruit juice blended.
Pineapple juice.

(iii) *Vegetables and purees (excluding purees in No. 10 or larger size containers).*

Asparagus.
Beans, fresh lima.
Beans, green or wax.
Beets.
Carrots.
Corn.
Greens (including only beet, collard, dandelion, kale, mustard, poke, or turnip greens).
Peas, except soaked dry peas.
Pumpkin.
Spinach.
Squash.
Tomatoes (except tomato puree).
Tomato catsup or chili sauce.
Mixed vegetables (include only succotash, carrots and peas, or other mixed vegetables containing over twenty percent by weight of vegetables listed under this subdivision).

[Subparagraph (iii) amended by Am. 70, 9 F.R. 15052, effective 12-26-44 and Am. 80, 10 F.R. 6308, effective 6-2-45]

NOTE: Foods in the above group which are not covered by this order are listed in Appendix A. The foods listed in Appendix A are not "processed foods" as that term is used.

[Subparagraph (10) amended by Am. 3, 9 F.R. 574, effective 1-2-44; Am. 28, 9 F.R. 4604, effective 4-30-44; Am. 35, 9 F.R. 5695, effective 5-29-44; Am. 54, 9 F.R. 11538, effective 9-17-44; and as otherwise noted]

(11) "Processor" means any "person" who has a "processor establishment".

(12) "Processor establishment" means any place where a "person" produces "processed foods" for sale or "transfer."

[Above paragraph amended by Am. 70, 9 F.R. 15052, effective 12-26-44]

(i) A person is considered to "produce" processed foods if he:

(a) Bottles, cans, or packs any of the products, which are included within the definition of processed foods in Section 27.1 (a) (10), in hermetically sealed containers and sterilizes them by the use of heat; or

(b) Packs fruit or vegetable juices (which are included within the definition of processed foods in section 27.1 (a) (10) from containers over one gallon into hermetically sealed containers of one gallon or less and sterilizes them by the use of heat; or

(c) Uses processed foods to produce other processed foods.

[Subparagraph (i) amended by Am. 54, 9 F.R. 11538, effective 9-17-44; Am. 60, 9 F.R. 12971, effective 11-3-44; and Am. 70, 9 F.R. 15052, effective 12-26-44]

(ii) The term "processor establishment" also means any place to which a person imports processed foods into the United States, from any place outside the United States, for sale or transfer. It also includes a place at which a person does not produce or import processed foods, if he regularly keeps there, for sale or transfer, only processed foods which he himself produced or imported.

The term "processor establishment" also means a place where a person keeps, for sale or transfer, processed foods produced or imported by someone else, if the person keeping such processed foods also produces processed foods, whether at that place or elsewhere, and if he does not, in any one calendar year, "acquire" (at all his establishments together, of whatever type) for sale or transfer more processed foods produced or imported by someone else than 10 percent by weight of the processed foods he himself produced or imported in the previous calendar year.

Finally, there is one other case in which a place where a person keeps stocks of processed foods produced or imported by someone else is a processor establishment. If he keeps those stocks at that place just to use them to produce other processed foods, that place is a processor establishment.

[Subparagraph (ii) amended by Am. 25, 9 F.R. 4026, effective 4-18-44; and Am. 54, 9 F.R. 11538, effective 9-17-44]

(13) "Retail establishment" means any place, (other than a "processor establishment") where a "person" who deals in "processed foods" keeps stocks of those foods for sale or transfer, if more than fifty per cent of those stocks are sold or transferred from there directly to "consumers". Even if the amount sold or transferred from there directly to consumers is fifty per cent or less, it is still a retail establishment in the following case:

(i) If some of those stocks are transferred directly to consumers; and

(ii) If he keeps the rest of the stocks just to supply his own establishments; and

(iii) If no "wholesale establishment" and not more than three retail establishments are supplied from there.

(14) "Retailer" means any "person" who has a "retail establishment."

(15) "Stamp" means a blue or green stamp in, or taken from, War Ration Book Four.

[Subparagraph (15) amended by Am. 9, 9 F.R. 1908, effective 2-17-44]

(16) "Transfer" means to sell, give, exchange, lend, deliver, or consign. It includes any transfer of possession or title, however accomplished, and any movement of goods from one establishment to another. The use by any "person" of "processed foods" which he produced or holds for sale or transfer is considered a transfer of those foods to himself. Also, a transfer takes place when an industrial user uses processed foods which he produced or imported after October 4, 1943. Where foods ordered by a transferee are delivered by the transferor to a common or contract carrier for shipment and delivery by the carrier or a connecting common carrier to the transferee (whether or not actually consigned to the transferee), and no transfer of the foods to the transferee has previously occurred, the foods are considered to be transferred at the time when they are delivered to the carrier. However, delivery to a common or contract carrier for shipment is not regarded as a transfer to the carrier; and delivery by the carrier to the consignee is not regarded as a transfer by the carrier.

[Subparagraph (16) amended by Am. 25, 9 F.R. 4026, effective 4-18-44; and Am. 45, 9 F.R. 7344, effective 7-1-44]

(17) "Washington Office" means the national headquarters of the Office of Price Administration, in Washington, D. C.

(18) "Wholesale establishment" means any place (other than a "processor establishment" or a place at which dry beans, peas, or lentils are kept by a "grower" or "country shipper") where a "person" who deals in "processed foods" keeps stocks of those foods for sale or transfer, if fifty percent or more of those stocks are transferred from there directly to persons other than "consumers". However, if he keeps the stocks which are not transferred to consumers, just to supply his own establishments, it is a wholesale establishment only if it supplies;

(i) At least one of his wholesale establishments; or

(ii) At least four of his "retail establishments".

(19) "Wholesaler" means any "person" who has a "wholesale establishment".

(20) [Revoked]

(21) [Revoked]

(22) "Industrial use" means any use of "processed foods" in producing or manufacturing, for sale or "transfer", any product which is not a processed food.

[Subparagraphs (20), (21) and (23) through (29) revoked by Am. 54, 9 F.R. 11538, effective 9-17-44]

(30) "Token" means a blue token designated for the acquisition of processed foods.

[Subparagraph (30) added by Am. 9, 9 F.R. 1908, effective 2-17-44]

(31) "Immigration document", as used in Article XXV of this order, means a border crossing identification card or

passport issued to a non-resident alien, bearing either a visa for entry into the United States or a notification showing that such a visa has been issued. It also includes a U. S. Citizen's Identification Card, passport, or other immigration papers issued to non-resident citizens of the United States for entry into Mexico.

[Subparagraph (31) added by Am. 37, 9 F.R. 6234, effective 7-1-44]

APPENDICES

Appendix A. The following foods are not "processed foods" as that term is used in this order:

Apple cider.
Apple juice.
Artichoke paste.
Baby foods (packed in hermetically sealed containers and sterilized by the use of heat).
Bean flour.
Beans, lentils, or peas held for sale or transfer exclusively as seed for sowing or planting (and not for human consumption) and marked or labeled in accordance with any applicable federal or state seed laws, or, if none is applicable, in accordance with the standards stated in the federal seed law.
Beans, lentils, or peas which contain not more than 10% sound beans, lentils, or peas; and beans, lentils, or peas infested with insects or otherwise unfit for human consumption.
The by-product, if sold exclusively as animal feed or fertilizer, of milling and sorting or otherwise processing for marketing as seed, and consisting of a mixture of dry beans, peas, or lentils which is not a recognized trade variety (for human consumption) of dry beans, peas, or lentils.
Bitters.
Bouillon cubes and powders.
Bread or cake with raisins including brown bread.
Candied fruits.
Cane syrups.
Capers.
Cereals.
Chili con carne.
Chocolate syrup.
Citrus fruit juices concentrated to more than single strength.
Clam broth.
Clam juice.
Clam juice cocktail.
Condiment sauces (other than those containing a base of tomato products).
Corn-on-the-cob (hermetically packed).
Corn syrup.
Crabapples.
Date and nut bread.
Dates (unless packed in hermetically sealed containers and sterilized by the use of heat).
Dehydrated vegetables (hermetically packed).
Dried mushrooms (hermetically packed).
Dry cowpeas (other than black-eye peas).
Figs (unless packed in hermetically sealed containers and sterilized by the use of heat).
Flaked or dehydrated prunes or raisins containing less than 6% of moisture by weight.
Fountain fruits. Fountain fruits means a product made of fruits (either whole, cut or crushed), added sugar solids constituting at least 40% of the product by weight, and color, flavoring, acidulent or preservative, and which is ordinarily used as an ice-cream topping or dressing, or in the manufacture of ice-cream.
Fruit and vegetable dyes and flavoring extracts, fruit syrups and similar products (other than full strength or concentrated fruit or vegetable juices).
Fruit and vegetable juices in containers over one (1) gallon.
Fruit cakes.
Fruit flavoring bases prepared for use in the further manufacture of products for human consumption and consisting of a combination of fruit juice with one or more of the following added ingredients: acidulent, citrus oil, fruit extract or other flavoring material.
Fruit puddings.
Gravy mixes.
Green turtle soup.
Guava paste—a product made of guava pulp, sugar, and usually an acid (such as citric or tartaric) and cooked to a pasty consistency with a soluble solids content (expressed as sucrose and determined by a refractometer) of not less than 75 per cent, the finished product being packed in brick or slab form.
Health foods with wheat, gluten or other cereal or flour base.
Hearts of palm and hearts of artichokes.
Horseradish.
Jams, jellies, marmalades, fruit butters and other similar preserves.
Maraschino cherries.
Marrons and nesselrode.
Meat stews even though containing some vegetables.
Milk.
Mincemeat.
Molasses and bead molasses.
Mustard.
Nectarines and nectar juice and nectar.
Nuts, nut meats and nut milks.
Olives.
Onion soup (hermetically packed).
Oyster soup.
Papaya nectar.
Peanut butter.
Peppers and pimentos.
Pickles; relishes; pickled or spiced green tomatoes; cocktail mushrooms.
Pie or pastry cream fillings, with or without fruit flavoring, containing corn starch, flour, gelatin, or other similar thickening agent other than pectin.
Popcorn.
Potato salad.
Raisin blows and sweepings. Raisin blows and sweepings means the by-product of the sorting, packaging, or otherwise processing of raisins, and consists of a mixture of cap stems, stalks, over-ripe, under-ripe and damaged raisins, which is not a recognized trade variety of raisins (for human consumption), and which is customarily sold as animal feed or for use in making alcohol.
Raisins dried for sale or transfer in clusters on the original stems.
Raisins packaged in machine made cardboard cartons and weighing less than two ounces.
Root and ginger beer extracts.
Soft drinks containing less than 25% by weight of natural fruit juices.
Soya bean milk and soya bean oil.
Soy sauce.
Spaghetti, macaroni, noodles or similar paste products packed in hermetically sealed containers, even though mixed or combined with added vegetable sauces.
Spices.
Terrapin soup.
Tropical fruit paste—a product made of the pulp of mangoe, papaya, kumquat, calamondem, satsuma, tangerine, tangelo, roselle, antidesma, carimbola or aberia, with sugar and usually an acid (such as citric or tartaric) and cooked to a pasty consistency with a soluble solids content (expressed as sucrose and determined by a refractometer) of not less than 75 per cent, the finished product being packed in brick or slab form.
Vegetable purees in No. 10 or larger size containers.
Vegetable seasonings including liquid and salts.

PART 1305—ADMINISTRATION

[Rev. Supp. Order 123]

SUSPENSION FROM PRICE CONTROL OF CERTAIN COMMODITIES

Supplementary Order 123 is redesignated Revised Supplementary Order 123 and is revised and amended to read as follows:

A statement to accompany this Revised Supplementary Order 123 has been issued simultaneously herewith and filed with the Division of the Federal Register. For the reasons set forth in that statement, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, it is ordered:

§ 1305.151 *Suspension from price control of certain commodities.* (a) Notwithstanding the provisions of any regulation or order issued by the Office of Price Administration, price control is suspended with respect to all sales and deliveries by any person of the following listed commodities:

(1) *Aircraft and certain parts.* New or used aircraft, and parts specifically designed and sold for the production and repair of aircraft. The term "aircraft" includes heavier and lighter than air craft. This suspension does not apply to parts whose end use cannot be determined by the seller.

As used in this supplementary order, the term "part" means any product upon which further fabrication need not be performed in order to complete its identification as a part specially designed for the production or repair of aircraft. Accordingly, the suspension granted by this order does not apply to lumber requiring further fabrication.

This suspension also does not apply to the following:

(i) Airplane tires and tubes.

(ii) Die castings covered by Maximum Price Regulation 377 (Die Castings).

(iii) Iron and steel castings covered by Revised Price Schedule 48 (Steel Castings and Railroad Specialties), Maximum Price Regulation 214 (High Alloy Castings), Maximum Price Regulation 235 (Manganese Steel Castings and Manganese Steel Castings Products), Maximum Price Regulation 241 (Malleable Iron Castings), or Maximum Price Regulation 244 (Gray Iron Castings).

(iv) Nonferrous castings covered by Revised Maximum Price Regulation 125 (Nonferrous Castings).

(v) Plywood (except that molded specially for airplanes).

(2) *Certain ships and boats.* New or used ships and boats over 25 feet in length, except stock boats built to the manufacturer's specifications and selling at a price of not more than $3,000 to the user. This suspension does not apply to parts, subassemblies or fittings for such ships and boats when sold separately.

This Revised Supplementary Order 123 shall become effective August 7, 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1305—ADMINISTRATION

[Rev. Supp. Order 114]

ADJUSTABLE PRICING OF CERTAIN COTTON TEXTILES

Supplementary Order 114 is redesignated Revised Supplementary Order 114 and is revised and amended to read as follows:

A statement of the reasons involved in the issuance of this revised supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

AUTHORITY: § 1305.142 issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *What this order does.* This revised supplementary order permits producers of yarn and of fabric, converters of woven fabrics, processors of yarns, wholesalers, and jobbers to sell on an adjustable pricing basis the cotton textiles listed in section 5. Other sellers, whether of these items or of commodities made from them, are not granted adjustable pricing permission even though their ceilings are determined by a formula of the cost-plus type. This order provides, moreover, that ceilings of all sellers shall remain unchanged unless and until an increase is authorized by the Office of Price Administration. Thus, this revised supplementary order supplements the regulations establishing ceilings for the items listed in section 5, as well as all regulations establishing ceilings for commodities made from them.

SEC. 2. *Adjustable pricing permission for producers—*(a) *Terms of permission.* In connection with contracts (and deliveries pursuant thereto) made on or after August 7, 1945 for the sale of any cotton textiles listed in section 5 (including processed or finished goods there listed), a producer may sell and deliver at his maximum price and at the same time may reserve the right to charge the difference, not to exceed the applicable percentage limit indicated in section 5, between that maximum price in effect on June 1, 1945 and any higher maximum price which may hereafter be established prior to revocation of the permission.

(b) *Percentage limit.* (1) The percentage limits, which appear in the table in section 5, represent the maximum additional percentage which the producer may reserve the right to charge over the applicable ceiling price. Producers who have received individual adjustments may reserve the right to charge no more than the stated percentage over their unadjusted ceilings.

(2) The percentages in Column I of the Table may be used by any producer. The percentages in Column II may be used only by a producer who certifies or has certified to the Office of Price Administration, Washington 25, D. C., that he is paying the 1945 textile wage increase, or has applied to the National War Labor Board for permission to pay that increase, or is a party to a dispute case before the War Labor Board involving the issue of whether he will pay that increase.

The "1945 textile wage increase" means a flat increase of 5¢ per hour to all workers in occupations whose wage rates prior to March 1, 1945 exceeded 50¢ per hour and, in addition, any one of the following:

(i) A minimum wage of 55¢ per hour for all workers except learners and handicapped,

(ii) A premium of 5¢ per hour for all hours worked on the third shift, or

(iii) A minimum of one week's paid vacation per year.

SEC. 3. *Adjustable pricing permission for processors who purchase fabrics or yarn and for wholesalers and jobbers—*(a) *To what sales and deliveries permission applies.* Adjustable pricing permission is granted to converters and processors (other than the producer) and to wholesalers and jobbers only in connection with contracts (and deliveries pursuant thereto) made on or after August 7, 1945, for the sale of any cotton textiles listed in section 5 which have been purchased (or are made from fabrics or yarns which have been purchased) under a reservation of right by their suppliers as permitted by this order.

(b) *Terms of permission.* In connection with any contract or delivery described in paragraph (a), a converter, processor, wholesaler, or jobber may sell and deliver at his current maximum price and at the same time reserve the right to charge the difference, not to exceed the limit specified in paragraph (c), between that maximum price and any higher maximum price which may hereafter be established prior to revocation of the permission.

(c) *Limit on amount reserved.* The amount which the seller reserves the right to charge shall be limited to the same percentage (to be applied in this case to the seller's maximum prices), as the percentage which, under this order, is specified in a supplier's contract with him as the limit on the additional charge which he may have to pay.

(d) *Cases in which limit is not applicable.* Notwithstanding paragraph (c), no limit to the amount which the seller reserves the right to charge need be specified in connection with sales to which section 2.7 of Supplementary Regulation No. 14E applies and which are made to a commercial user for non-manufacturing use or to an institutional user by a wholesaler or jobber.

(e) *Adjustable pricing permission restricted to products listed in section 5.* Processors, converters, manufacturers, and distributors should especially note that the adjustable pricing permission granted by this order does not apply to any processed or converted goods which are not included in the Table in section 5. Thus, for example, the permission does not apply to dyed yarns, to coated fabrics, or to garments, even if they are made or processed from goods to which the permission does apply.

SEC. 4. *Requirements and restriction—*(a) *Seller required to give notices to purchaser.* Any seller who seeks to exercise the adjustable pricing permission provided for in this revised supplementary order must, in connection with each contract of sale, deliver to the purchaser the following statement in writing, appropriately completed.[1]

For as long as permitted by OPA ---------- (name of the seller) reserves the right to

[1] If the sale is covered by section 3 (d), the proviso may be omitted.

charge the buyer for any goods delivered pursuant to this contract the difference between the ceiling price in effect on June 1, 1945 and any higher ceiling price which may thereafter be established: *Provided*, That the additional charge will in no event exceed —— per cent of the ceiling price in effect on June 1, 1945. The seller is required by OPA to inform the buyer that the buyer must disregard the foregoing adjustable pricing clause and any additional charge made pursuant to it in determining his ceiling price for the resale of the goods purchased under the present contract or for any commodities processed or manufactured from these goods, unless and until specifically authorized otherwise by OPA.

(b) *Restrictions.* (1) A purchaser who buys goods under a contract containing an adjustable pricing clause authorized by this order shall disregard that clause, and any additional charge made pursuant to it, in determining his ceiling price for resale of the goods so purchased or for the sale of any commodities processed or manufactured from those goods, unless and until specifically authorized otherwise by the Office of Price Administration either in this revised supplementary order or otherwise.

(2) No person is authorized to collect an amount in excess of the ceiling in effect on June 1, 1945 for any of the goods listed in section 5 unless prior to the revocation of the adjustable pricing permission with respect to such goods a higher ceiling price for them has been established.

SEC. 5. *List of cotton textiles and producers' limits.* Following are the cotton textiles as to which adjustable pricing permission is granted, with the applicable percentage limits.

PART 1345—COKE

[MPR 29, Amdt. 4]

BY-PRODUCT AND RETORT GAS COKE

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 29 is amended in the following respects:

1. Section 7 is amended to read as follows:

SEC. 7. *Maximum prices for by-product coke sold for use in a foundry cupola*—(a) *General provisions.* The maximum delivered price for by-product coke sold for use in a foundry cupola shall be the price per net ton f. o. b. cars at the governing oven plant, as set forth below, plus the lowest established rail transportation charges from that oven plant to the place of delivery. The term "governing oven plant" means that oven plant, the price at which, together with the lowest established rail transportation charge, results in the lowest price at the place of delivery.

Location of oven plant:	*F. o. b. oven plant in cars (per net ton)*
Alabama	$10.00
Chicago, Ill	13.00
Ashland, Ky	11.50
Detroit, Mich	13.25
Kearney, N. J	13.05
Buffalo, N. Y	12.65
Ironton, Ohio	11.50
Painesville, Ohio	12.15
Portsmouth, Ohio	11.50
Erie, Pa	12.65
Philadelphia, Pa	12.65
Chattanooga, Tenn	10.50
Fairmont, W. Va	10.90
Milwaukee, Wis	13.75

(b) *Exceptions*—(1) *Place of delivery within New England and part of New York.* (i) The maximum delivered price in the States of Connecticut, Rhode Island, Massachusetts and New Hampshire and in that portion of the States of New York, Maine and Vermont wherein the lowest established rail transportation charge from Everett, Massachusetts, is $3.10 per net ton or less, shall be $14.65 per net ton less $0.15 per net ton discount for cash within ten days from date of shipment.

(ii) The maximum delivered price within that portion of the States of Maine and Vermont wherein the lowest established rail transportation charge from Everett, Massachusetts, exceeds $3.10 per net ton shall be $11.55 plus the lowest established rail transportation charge from Everett, Massachusetts, to the place of delivery less $0.15 per net ton discount for cash within ten days from date of shipment.

(2) *Place of delivery within certain switching districts.* Except as set forth in subparagraph (3) of this paragraph, the maximum delivered prices within the following switching districts shall be:

Switching district:	*Delivered price per net ton*
Chicago, Ill	$13.75
Birmingham and Tarrant, Ala	10.90
St. Louis, Mo. & E. St. Louis, Ill	13.75
Indianapolis, Ind	13.50
Terre Haute, Ind	13.50
Detroit, Mich	13.75
Buffalo, N. Y	13.40
Cincinnati, Ohio	13.25
Cleveland, Ohio	13.20
Erie, Pa	13.15
Philadelphia, Pa	13.28
St. Paul and Minneapolis, Minn	15.50

(i) Except that the maximum delivered price to consumers in the Birmingham and Tarrant, Alabama, switching district who qualify under the provisions of the Louisville and Nashville Railroad Company Tariff O. F. P. No. 220-C establishing a furnace raw material freight rate of $0.60 per ton shall be $10.60.

(ii) Except that producers situated in states other than Missouri, Alabama or Tennessee may charge a maximum delivered price of $14.25 to consumers in the St. Louis, Missouri, and E. St. Louis, Illinois, switching district.

(3) *Place of delivery within certain switching districts when shipments thereto are from Alabama ovens.* The maximum delivered prices within the following switching districts for by-product coke sold for use in a foundry cupola and shipped from the State of Alabama shall be:

Switching district:	*Delivered price per net ton*
Chicago, Ill	$14.35
Detroit, Mich	13.95
Indianapolis, Ind	13.95
Cleveland, Ohio	13.90
Chattanooga, Tenn	11.42
Bayonne, N. J	18.46
Williamsburg, Ohio	13.45

(4) *Place of delivery north and west of the Ohio River or certain parts of New York.* When the place of delivery is located north and west of the Ohio River (but not including the State of Pennsylvania) or in the State of New York (other than that part of New York for which a maximum delivered price is established in subparagraph (1) of this paragraph) the Fairmont, West Virginia, oven plant shall be considered in determining the "governing oven plant" only when the shipment is made from the Fairmont, West Virginia, oven plant.

(5) *Place of delivery within Kentucky, Indiana, Michigan, Illinois, Iowa, Missouri, Kansas, Nebraska, Minnesota, South Dakota, Montana, Colorado, Utah or Virginia.* When the place of delivery is located (excepting the switching districts set forth in subparagraph (2) of this paragraph) within the States of Kentucky, Indiana, Michigan, Illinois, Iowa, Missouri, Kansas, Nebraska, Minnesota, South Dakota, Montana, Colorado, Utah, or Virginia, the Alabama and Chattanooga, Tennessee, oven plants shall be considered in determining the "governing oven plant," only when the shipment is made from the oven plants at Alabama, Chattanooga, Tennessee, or St. Louis, Missouri: *Provided, however*, That the maximum delivered price in those areas shall not exceed the Alabama f. o. b. oven plant price plus the lowest established rail transportation charge from the Alabama oven to the place of delivery, plus $0.75 per net ton.

(6) *Place of delivery within Oklahoma, Nevada, Texas, Arizona, New Mexico or Idaho.* When the place of delivery is located within the States of Oklahoma, Texas, Nevada, Arizona, New Mexico or Idaho, the Alabama and Chattanooga, Tennessee, oven plants shall be considered in determining the "governing oven plant," only when the shipment is made from such oven plants: *Provided, however*, That when the shipment is made from any other oven plant, the maximum price shall not exceed $11.50 per net ton, f. o. b. cars oven plant.

(7) *Place of delivery within Eastern Pennsylvania, Southern New Jersey, Delaware and Maryland.* When the place of delivery is located in Eastern Pennsylvania (that part of the State east of a line running approximately north and south through Lawrenceville, Tioga County, and Kingsdale, Adams County), Southern New Jersey (that part of the State south of a line running from a point immediately north of Phillipsburg to a point immediately north of Asbury Park), Maryland (except Washington County), or Delaware the maximum delivered price shall be as follows:

When the lowest established rail transportation charge per net ton from Swedeland, Pennsylvania, to the place of delivery is:	*The maximum delivered price per net ton shall be*
$0.63 and less	$13.28
$0.69 to $0.96, inclusive	13.30
$0.97 to $1.66, inclusive	13.35
$1.67 to $2.24, inclusive	13.60
$2.25 to $2.50, inclusive	13.70
$2.51 to $2.85, inclusive	13.85

And when the lowest established rail transportation charge per net ton from Swedeland, Pa., to place of delivery is $2.86 or more, the maximum price f. o. b. oven plant shall be $11.25.

(8) *Place of delivery within Western Pennsylvania or Washington County, Maryland.* (i) When the place of delivery is located in the counties of Erie (excepting the city of Erie switching district), Crawford, Warren, McKean, Elk Forest, Venango and Mercer, the Fairmont, West Virginia, oven plant shall be considered in determining the "governing oven plant," only when the shipment is made from such oven plant: *Provided, however*, That the maximum delivered price shall not exceed the Fairmont, West Virginia, oven plant price plus the lowest established rail transportation charge from Fairmont, West Virginia, to the place of delivery, plus $0.25 per net ton.

(ii) When the place of delivery is located in the remaining counties of Western Pennsylvania (that part of the State west of a line running approximately north and south through Lawrenceville, Tioga County and Kingsdale, Adams County) or Washington County, Maryland, the Fairmont, West Virginia, oven plant shall be considered in determining the "governing oven plant," only when the shipment is made from such oven plant:

(*a*) That the maximum delivered price shall not exceed the Faimount, West Virginia, oven plant price plus the lowest established rail transportation charge to the place of delivery, plus $0.75 per net ton and

(*b*) when shipment is from the ovens at Painesville, Ohio, or Swedeland, Pennsylvania, the maximum delivered price shall not exceed $10.50 per net ton ovens, plus the lowest established rail transportation charge from such ovens to the place of delivery.

(9) *Place of delivery within California, Oregon and Washington.* When the place of delivery is located within the States of California, Oregon or Washington, the "governing oven plant" may be Chicago, Illinois: *Provided*, That when shipment is from an oven plant listed in paragraph (a) of this section, the maximum delivered price shall not exceed the f. o. b. oven plant price at such oven plant, plus the lowest established rail transportation charge from such oven plant to the place of delivery.

(10) *Place of delivery within Holt, Alabama, switching district.* When shipment is made from an oven plant located within the Holt, Alabama, switching district to a place of delivery within the same switching district, the maximum delivered price shall be $10.50 per net ton.

(11) *Delivery other than by railroad.* When delivery is by means other than railroad, the maximum delivered price shall be the price as computed in this paragraph but adjusted to provide the customary differential or charge in effect on September 18, 1941, for such means of delivery.

2. Section 8 is amended to read as follows:

SEC. 8 *Maximum prices for by-product coke sold for use in a blast furnace*—(a) *Coke shipped from certain points.* The maximum price, f. o. b. oven plant, for by-product coke sold for use in a blast furnace and shipped from the following points shall be:

Point of shipment:	*Maximum price*
Birmingham, Ala	$7.50
Holt, Ala	7.80
New Haven, Conn	9.50
Chicago, Ill	9.65
Waukegan, Ill	9.65
Indianapolis, Ind	9.00
Ashland, Ky	7.50
Boston, Mass	9.50
Detroit, Mich	8.85
St. Paul, Minn	11.25
Duluth, Minn	9.55
St. Louis, Mo	9.63
Kearny, N. J	9.10
Brooklyn, N. Y	9.10
Buffalo, N. Y	8.90
New York, N. Y	9.10

Conshohocken, Pa	8.65
Monessen, Pa	6.90
Pittsburgh, Pa	6.90
Fairmont, W. Va	7.05
Milwaukee, Wis	9.55

(b) *Coke shipped from all other points.* The maximum price, f. o. b. oven plant,

for by-product coke sold for use in a blast furnace and shipped from points other than those listed in paragraph (a) of this section shall be

(1) The weighted average price f. o. b. oven plant charged by the seller for such coke delivered during the first quarter of 1941, plus $2.25 per net ton if the plant is located in the Midwest or $1.65 per net ton if the plant is located in the East; or,

(2) If the seller delivered no such coke during the first quarter of 1941, the price established by the Office of Price Administration after application by such person upon OPA Form 129:2. In establishing any such price, the Office of Price Administration shall give consideration to the weighted average prices charged by the applicant, its competitors, or persons situated in substantially similar circumstances for comparable grades of coke during the first quarter of 1941 and other relevant factors: *Provided, however*, That this paragraph (b) shall not apply to sales or shipments made after October 1, 1941, from oven plants located in the Mid-West at a price less than $7.50 per net ton or to sales or shipments made after October 1, 1941, from plants located in the East at a price less than $6.90 per net ton.

3. Section 9 (b) is amended to read as follows:

(b) *Additions to maximum prices for certain coke.* (1) In the case of a sale of by-product or retort gas coke produced in the Mid-West, a producer or distributor may add to the maximum prices determined in accordance with subparagraph (1), (2) or (3) of paragraph (a) of this section a sum not to exceed $1.50 per net ton.

(2) In the case of a sale of by-product or retort gas coke produced in the East, a producer or distributor may add to the maximum prices determined in accordance with subparagraph (1), (2) or (3) of paragraph (a) of this section a sum not to exceed $0.90 per net ton.

This amendment shall become effective August 7, 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[RMPR 169, Amdt. 57]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 169 is amended in the following respects:

1. Section 1364.401 (c) is amended to read as follows:

(c) *Maximum prices for custom slaughtering of cattle or calves.* (1) On and after June 15, 1945, regardless of any contract, agreement, or other obligation, no person shall custom slaughter cattle or calves as a service for the owner of such cattle or calves and no person in the course of trade or business shall cause cattle or calves to be custom slaughtered at a price higher than the maximum price permitted by paragraph (c) (2) hereof, and no person shall agree, offer, solicit or attempt to do any of the foregoing. The rental, leasing, subleasing, assignment or otherwise transferring of a packing or slaughtering plant or slaughtering facilities to the owner of cattle or calves killed in such plant or facilities shall be deemed an evasion of this paragraph (c) and is prohibited, unless such rental, lease, sublease, assignment or transfer is made to such owner as an individual corporation, partnership or agency of the United States government and (i) covers a definite, full-time and continuous period of not less than six months without the privilege of interim cancellation, (ii) is for a specified consideration notwithstanding the number or volume of cattle or calves slaughtered in such plant or facilities by the owner thereof, and (iii) grants full, complete and exclusive use and control of such plant or facilities to the owner of the cattle or calves other than the usual rights of inspection by the lessor.

(2) The maximum amount which may be charged or received by any person for the custom slaughtering of cattle or calves shall be determined as follows:

(i) Except as provided in footnotes[1] and[2] of the table below and subparagraphs (c) (3) and (c) (4) hereof, if the packing or slaughtering plant at which the slaughtering service is performed is equipped with facilities for the commercial rendering of waste fats into tallows and greases, the custom slaughterer shall assume ownership of all edible and inedible by-products, including the hide (except in the case of calves, dressed, hide-on) derived from the cattle or calves custom slaughtered by him and shall remit to the owner thereof an amount not less than the appropriate of the following amounts:

(All amounts are on dollars per cwt., dressed carcass, hot weight basis.)[1][2]

(b) For wrapping beef or veal (Army specifications)	.15
(c) For freezing (Army specifications)	.35
(d) For loading	.05

(ii) Except as provided in footnotes[1] and[2] of the table below and subparagraph (c) (3) and (c) (4) hereof, if the custom slaughterer is not subject to the provisions of subdivision (i) hereof, he shall assume ownership of all edible and inedible by-products, including the hide (except in the case of calves, dressed, hide-on) derived from the cattle or calves custom slaughtered by him and shall remit to the owner thereof, an amount not less than the appropriate of the following amounts:

(All amounts are on dollars per cwt., dressed carcass, hot weight basis.)[1][2]

Cattle	Grades	Weight classifications		
		Under 451 lbs.	451 to 650 lbs.	651 lbs. up
(a) Steers, heifers, cows, and stags.	Choice or AA, Good or A, Commercial or B and Utility or C (except Utility or C grade cows).	$0.85	$1.25	$1.45
(b) Steers, heifers, and stags.	Cutter and Canner or D	.65	1.05	1.25

Calves		153 lbs. and under	154 to 275 lbs.	
(e) Calves (hide off)	All grades	$3.05	$2.55	
(f) Calves (hide on)	All grades	.50	.50	

[1] For beef or veal derived from cattle or calves custom slaughtered, approved and stamped as kosher under rabbinical supervision, the custom slaughterer may deduct not more than 35 cents per hundredweight (dressed carcass hot weight basis) from the appropriate amount required to be remitted as set forth in the table above.

[2] If, pursuant to a set-aside order issued by the War Food Administration or its successor in authority or if pursuant to the request of a state or municipal institution the slaughterer is required to quarter, wrap, freeze or load into rail cars or trucks beef or veal derived from cattle or calves custom slaughtered by him, he may deduct from the appropriate amount required to be remitted as set forth in the table above not more than whichever may be applicable of the following amounts: *Provided*, That the service was actually performed or the expense actually incurred by the custom slaughterer:

	Per cwt.
(a) For quartering beef	$0.05
(b) For wrapping beef or veal (Army specifications)	.15
(c) For freezing (Army specifications)	.35
(d) For loading	.05

(3) Notwithstanding the provisions of subparagraphs (c) (2) hereof, a custom slaughterer may, at his option, regardless of the condition or quality of the edible or inedible by-products derived from cattle or calves custom slaughtered by him, return to the owner of the cattle or calves slaughtered, without assuming ownership thereof or assess against such owner in the event of a condemned by-product, any of the following by-products: *Provided*, That the appropriate amount to be remitted to the owner of the cattle or calves in accordance with the provisions of subparagraph (c) (2) hereof, shall be reduced by an amount not more than the appropriate amount specified in subdivisions (i) through (vii) below (if the amount to be deducted from the remittance exceeds the amount of the remittance, the custom slaughterer may require the owner to pay him not more than the difference), and *Provided further*, That the owner of the cattle or calves slaughtered does not sell such by-products to the custom slaughterer in any form:

	Per cwt.
(i) Hides (green) derived from the slaughter of all grades of cattle other than bulls	$11.60
(ii) Hides (green) derived from the slaughter of bulls of any grade	9.30
(iii) Skins (green) derived from the slaughter of all grades of calves producing veal carcasses (hide off) weighing 153 pounds and under (hot weight)	18.75
(iv) Skins (green) from the slaughter of all grades of calves producing veal carcasses (hide off) weighing 154 to 275 pounds (hot weight)	15.25
(v) Livers (beef)—applicable maximum price for unblemished beef livers as determined under Maximum Price Regulation No. 398;	
(vi) Livers (veal)—applicable maximum price for unblemished veal livers as determined under Maximum Price Regulation No. 398;	
(vii) Any other edible by-product derived from the slaughter of cattle or calves—applicable maximum price for such item as determined under Maximum Price Regulation No. 398.	

(4) Notwithstanding the provisions of subparagraph (c) (2) hereof, a custom slaughterer shall not be required to make the remittances required thereunder, in any case in which a beef or veal carcass derived from an animal custom slaughtered by him has been condemned by an inspector of the United States Department of Agriculture or of any state or local government agency.

(5) Wherever used in this paragraph (c), the term "custom slaughterer" or "custom slaughtering" shall mean the rendering by a slaughterer, otherwise than as an employee, of such services as are described herein, in connection with the killing of cattle or calves for the owner thereof, provided that a person who slaughters livestock owned by a Class 3 slaughterer (defined in section 1 (f) of Control Order No. 1, issued by the Office of Price Administration), at the livestock owner's Class 3 slaughtering establishment, shall not be deemed to be a custom slaughterer with respect to such slaughter. Beef or veal which is derived from the custom slaughtering of cattle or calves shall be dressed by the custom slaughterer in accordance with the requirements set forth in the definition of "beef carcass" and "veal carcass' in §§ 1364.455 (a) (8) and 1364.470 (a) (8) respectively of this regulation. Custom slaughtering shall commence when the cattle or calves are driven into the killing pen. The service shall be complete when the beef or veal carcasses are hung in the chilling room, where they may remain at the request of the owner for at least 48 hours. Custom slaughtering shall also include weighing of dressed carcasses, the proper handling of hides and the chilling of such byproducts as the owner may be required to accept pursuant to the provisions of subparagraph (c) (3) hereof. Custom slaughtering shall not include buying expense, transportation or yardage expense, breaking of carcasses, or loading into trucks or rail cars or delivery. No charge may be made or received by the custom slaughterer for the performance of any service for or in connection with beef or veal derived from the custom slaughtering of cattle or calves unless a specific charge for such service has been provided in this regulation, except that nothing contained in this regulation shall be deemed to prohibit a charge by a custom slaughterer for the storage of such beef or veal in excess of 48 hours or a charge for delivery of such beef or veal from the slaughtering plant to the owner's place of business in an amount not in excess of the amount permitted for local delivery in § 1364.454 (a) and § 1364.469 (a), respectively.

(6) On or after June 15, 1945, each person performing custom slaughtering of cattle and/or calves pursuant to this paragraph (c) shall keep for inspection by representatives of the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records for each transaction showing the name and address of the person for whom the custom slaughtering is performed, the date the service was performed, the total number and dressed (hot) weights of carcasses by grades, separately itemized for each class of cattle or calves and each carcass weight classification specified herein, and the amount remitted to the owner thereof pursuant to this paragraph (c).

2. Section 1364.406 (c) is amended to read as follows:

(c) Any transaction, device or arrangement whereby a person who sells, transfers or delivers beef or veal to a retail establishment not wholly owned and operated by such person, receives for the beef or veal a greater realization than he would be entitled to receive under this regulation for the sale of such beef or veal to a retailer is a violation of this regulation and is prohibited.

(1) For purposes of this paragraph (c), a person shall not be deemed to wholly own and operate a retail establishment unless such person (i) operates an entire and undivided selling establishment composed of all the food selling units or departments within the physical premises of the selling establishment, including but not limited to those units or departments from which meats, groceries, fruits and vegetables, fish, etc. are sold, and (ii) wholly owns the assets of such entire and undivided selling establishment including those fixtures and equipment which are generally and customarily used in the business of selling meat in addition to other foods.

(2) However, notwithstanding the provisions of subparagraph (c) (1) hereof, a person shall be deemed to wholly own and operate a retail establishment if such person (i) operates an entire meat selling unit or department in a selling establishment in which there is located more than one retailer engaging in the sale of the same general class of food, and (ii) wholly owns the assets of such unit or department, including those fixtures and equipment which are generally and customarily used in the business of selling meats. He shall also be deemed to wholly own and operate a retail establishment if he currently operates and prior to August 16, 1943, operated, as lessee or owner, the entire meat selling unit or department in such retail selling establishment.

This amendment shall become effective August 9, 1945.

NOTE: The record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the requirements of the Federal Reports Act of 1942.

Issued this 8th day of August 1945.

Maximum Price Regulation 133 is amended in the following respects:

1. Section 1361.3 (a) (2) is amended to read as follows:

(2) Actual transportation costs paid by the dealer for shipment of the item of farm equipment from the factory to the dealer, less any allowances or rebates on transportation costs received by the dealer. If the dealer wishes, he may use average instead of actual transportation costs. If average transportation costs are used, they must be applied to all sales. Also, such costs must be the average of transportation costs, less any allowances or rebates, for complete items of farm equipment during the completed calendar year (January 1 to December 31) immediately preceding the date of the sale.

2. Section 1361.8 (a) is added to read as follows:

(a) *Geographical applicability.* This regulation applies in the forty-eight states of the United States, the District of Columbia and in the territories and possessions of the United States, including Alaska, notwithstanding Revised Maximum Price Regulation 194.

This amendment shall become effective August 13, 1945.

PART 1400—TEXTILE FABRICS: COTTON, WOOL, SILK, SYNTHETIC AND ADMIXTURES

[MPR 478, Amdt. 5]

COATED AND COMBINED FABRICS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 478 is amended in the following respects:

1. The introductory paragraph of section 1 (c) is amended to read as follows:

(c) *Persons.* This regulation applies to any manufacturer, converter, or wholesaler of coated or combined fabrics. A person may be a manufacturer as to certain fabrics and a converter or wholesaler as to others, depending upon the functions that he performs with respect to the fabric in question. When used in this regulation, the term:

2. Subparagraphs (1) and (6) of section 1 (c) are amended to read as follows:

(1) "Manufacturer" means any producer, job coater, or job combiner.

(6) "Wholesaler" means a person, other than a manufacturer or a converter, who sells coated or combined fabrics to resellers of such fabrics or to an industrial or commercial user, the United States, any other government, or any of its political subdivisions, or any agency of any of the foregoing.

3. A new subparagraph (7) is added to section 1 (c) to read as follows:

(7) "Supply jobber" means a person whose purchases of coated or combined fabrics for resale constitute a part of a large number of materials which he supplies to a given trade.

4. Section 8 (d) is amended to read as follows:

(d) *Computation of factory costs.* The factory costs of a fabric or service for manufacturers shall be the sum total of direct labor costs, direct materials costs including waste, and factory overhead costs. The direct labor costs shall be determined by multiplying the estimated number of hours of each type of labor required in the manufacture or supply of the fabric or service by the wage rates determined in accordance with subparagraph (1) of this paragraph. The direct materials costs shall be determined by multiplying the estimated quantity of each type of material required in the manufacture or supply of the fabric or service by the materials prices determined in accordance with subparagraph (2) of this paragraph. Waste shall be determined by applying the same methods as were used or would have been used by the manufacturer in similar production during the base period, adjusted to reflect the actual quantity of waste in the production or supply of the fabric or service being priced. Factory overhead costs shall be determined in the manner set forth in subparagraph (3) of this paragraph.

5. Section 9 is amended to read as follows:

SEC. 9. *Maximum wholesale prices—*(a) *How the wholesaler determines the maximum price.* The maximum price per yard for a sale at wholesale of any fabric covered by this regulation which the wholesaler buys from a manufacturer, except for sales by a supply jobber, shall be determined by dividing the purchase price per yard determined in accordance with paragraph (b) by the applicable division factor listed in paragraph (c) of this section. (Maximum prices for supply jobbers are covered by paragraph (d) of this section.)

(b) *How the wholesaler determines his purchase price.* The purchase price which the wholesaler must use in determining the maximum price shall be determined as follows:

(1) The wholesaler shall first determine the net invoiced cost before cash discounts of the fabric, if available, not to exceed the applicable maximum price; or

(2) If the actual net invoiced cost is not available, the net invoiced cost before cash discounts of the fabrics as estimated by the wholesaler's supplier: *Provided*, That the wholesaler has no reason to believe that the price so estimated exceeds the maximum price which may be established; or

(3) If the cost determined under subparagraph (1) or (2) above is not on a delivered basis, the wholesaler shall add the actual cost of transportation to his place of business.

(c) *How the wholesaler determines the division factor which must be used in determining the maximum price.* The division factor which the wholesaler must use in determining the maximum price shall be as set forth in Table I and is determined by reference to the type of trade in which the sale is made and the type of purchaser. Division factors are provided only where it is normal for a sale to be made by wholesalers to the type of purchaser indicated. Maximum prices for sales to the types of purchasers for which no division factor is provided must be established under section 10. In such cases, maximum prices will be established for all sellers at such levels that the maximum price to the ultimate purchaser of the coated or combined fabric will be the same as though the sale were made through the normal distributive channel indicated in Table I.

TABLE I

DIVISION FACTORS FOR SALES OF COATED OR COMBINED FABRICS AT WHOLESALE

[In full roll yardages [1]]

Type of trade	Division factor for sales to—		
	Cutters [2]	Supply jobbers [3]	Retailers
Automobile repair [4]	0.80	0.85	0.75
Upholstery	.80	.85	.75
All other	.85	.85	.75

[1] The minimum price for sales in cut yardages shall be 110 percent of the prices established by this table for full roll yardages. This price differential applies only where the sale consists of a single cut length of a given fabric.

[2] "Automobile repair trade" means the business of repairing coated and combined fabrics used in the repair and replacement of automobile tops and upholstery, etc.

[3] "Upholstery trade" means the business of selling coated and combined fabrics used in the repair or covering of furniture.

[4] "Cutter" means a person who purchases coated or combined fabrics for use in the manufacture of a finished article.

[5] See definition in section 1 (c).

(d) *How the supply jobber determines his maximum price.* The maximum price per yard for sales of coated or combined fabrics by automobile repair, upholstery, and bookbinding supply jobbers, shall be determined by multiplying the purchase price per yard, determined in accordance with paragraph (b) of this section, by the following percentages:

	Percentage
Where the supply jobber sells in the original length purchased	125
Where the supply jobber purchases in full rolls and resells in cut lengths	137.5

(e) *Notification of maximum prices.* (1) With or prior to the first delivery by a wholesaler of a coated or combined fabric to a purchaser other than a cutter, supply jobber, or retailer, the wholesaler shall notify such purchaser in writing of the specific maximum price applicable for his resales of the coated fabric. The maximum price for such resales shall be the maximum prices applicable for sales by the wholesaler to each class of purchaser as determined by paragraphs (a), (b), and (c) of this section.

(2) With or prior to the first delivery by a wholesaler of a coated or combined fabric to a supply jobber, the wholesaler shall notify such supply jobber in writing of the gross margins applicable for his resales, which shall be the gross margins set forth in paragraph (d) of this section.

(f) *Reports of maximum prices*—(1) *Reports.* The wholesaler, excluding a supply jobber, shall file a report with the Office of Price Administration, Washington, D. C., within ten days after he has sold or delivered for the first time after August 13, 1945 any fabric covered by this section. This report shall contain the following information:

(i) The name of the manufacturer, a complete description of the coated or combined fabric being priced (including the manufacturer's code number, if any, and a sample), and the net invoiced cost (as defined in paragraph (b) of this section).

(ii) The class of purchaser (cutter, supply jobber, retailer) and the principal business of the type of purchaser (manufacturer of handbags, etc.) to whom the fabric is sold.

(iii) The computed maximum price.

(g) *Application for adjustment.* Prior to September 13, 1945, any wholesaler, including a supply jobber, may apply to the Office of Price Administration, Washington, D. C., for an adjustment of his maximum price established by this section. Such application shall set forth the following:

(1) The nature of the wholesaler's business.

(2) The manner in which the wholesaler's business customarily differs from that of the ordinary wholesaler.

(3) The wholesaler's detailed profit and loss statement for the years 1939 through 1944.

(4) The effect of the maximum prices set forth in this section upon the wholesaler's business; showing inability to operate under these prices.

(5) The wholesaler's proposed divisional factor. If, in the opinion of the Price Administrator the divisional factors provided in this section are inapplicable to the applicant's customary and established type of business and subject him to undue hardship, the Administrator may by order authorize a modification of the maximum price and may also adjust maximum prices for resellers of the commodity involved.

6. A new section designated section 9a is added, to read as follows:

SEC. 9a *Maximum converters' prices—*(a) *How the converter determines his maximum price.* The maximum price per yard for a sale by a converter of any coated or combined fabric covered by this regulation shall be determined by dividing the direct costs per yard determined in accordance with paragraph (b) by the applicable division factor listed in paragraph (c) of this section.

(b) *Direct costs.* The direct costs of a coated or combined fabric covered by this section shall consist of the sum of the cost of the cloth or base material, any finish necessary for the end use for which the fabric is sold, waste, the coating or combining service, and transportation costs. These costs shall be determined as follows:

(1) *Base material and finishing costs.* The cost for cloth or base material and of any necessary finish which the converter shall use in his calculations shall be determined as follows: If the cloth or base material is used in the unfinished state, the converter shall use in his calculations the highest maximum mill price in effect to him or to a purchaser of the same class on May 4, 1942, under applicable Office of Price Administration regulations or the current maximum mill price, whichever is lower. If the cloth or base material is used in the finished state, the converter shall use in his calculations the May 4, 1942, mill price to a purchaser of his class for the unfinished cloth, plus the finishing charges as established by Maximum Price Regulation 128—Processing Piece Goods. No allowance shall be made for finishes which are unnecessary for the end use for which the coated or combined fabric is sold. If finishes, such as leather finishes, are applied to a base coated fabric, the converter shall use in his calculations the price charged him by the finisher, not to exceed the applicable maximum prices authorized by Revised Maximum Price Regulation 165—Services.

(2) *Coating or combining cost.* The cost for the coating or combining service which the converter shall use in his calculations shall be the price charged the converter by the job coater or combiner, not to exceed the applicable maximum price authorized by this regulation.

(3) *Waste.* Waste shall be determined by applying the same methods as were used or would have been used by the converter in similar production during March 1942, but shall not exceed the following:

For spread coated fabrics—3 percent of the cost of the base material.

For calendar coated fabrics—5 percent of the cost of the base material.

For combined fabrics—3 percent of the cost of the base material.

For finishes, such as embossing, stenciling, and topping, to simulate leather finishes—2 percent of the cost of the base coated fabric.

(4) *Transportation.* The transportation costs which the converter shall use in his calculations shall be the actual cost at current rail or truck rates.

(c) *How the converter determines the division factor which must be used in determining the maximum price.* The division factor which the converter must use in determining the maximum price shall be as set forth in Table II and is determined by reference to the type of trade in which the sale is made and the type of purchaser. Division factors are provided only where it is normal for a sale to be made by converters to the type of purchaser indicated. Maximum prices for sales of the types for which no division factor is provided must be established under section 10. In such cases, maximum prices will be established for all sellers at such levels that the maximum price to the ultimate purchaser of the coated or combined fabric will be the same as though the sale were made through the distributive channel indicated in Table II.

TABLE II

DIVISION FACTORS FOR SALES OF COATED OR COMBINED FABRICS BY CONVERTERS

[In full roll yardages [1]]

Type of trade	Division factor for sales to—		
	Cutters [1]	Supply jobbers [1]	Retailers

Upholstery [1]	.75	.825	.70
All other	.80	.825	.70

[1] See definitions in footnotes of table I.

(d) *Notification of maximum prices.* (1) With or prior to the first delivery by a converter of a coated or combined fabric to a purchaser other than a cutter, supply jobber, or retailer, the converter shall notify such purchaser in writing of the specific maximum price applicable for his resales of the coated fabric. The maximum price for such resales shall be the maximum prices applicable for sales by the converter to each class of purchaser as determined by paragraphs (a), (b), and (c) of this section.

(2) With or prior to the first delivery by a converter of a coated or combined fabric to a supply jobber, the converter shall notify such supply jobber in writing of the gross margins applicable for his resales, which shall be the gross margins set forth in paragraph (d) of section 9.

(e) *Reports of proposed maximum prices.* (1) The converter shall file a report with the Office of Price Administration, Washington, D. C., within ten days after he has first sold or delivered any fabric priced under this section. The form in which the report must be filed is set forth in Appendix C.

(2) *Quotations, invoices, and payments pending approval of maximum prices.* Provisions of section 8b (d) shall apply to sales covered by this section.

(3) *Approval of maximum prices.* The provisions of section 8b (e) shall apply to sales covered by this section.

(f) *Application for adjustment.* The maximum prices for any converter may be adjusted in accordance with section 9 (g) substituting the word "converter" for "wholesaler" wherever the latter word appears.

7. A new Appendix, designated Appendix C, is added to read as follows:

GROCERY ITEMS IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

The Table under section 21 (c) (1) is amended by deleting two items, "Onions, dry Australian brown" and "Onions, white pickling"; and by changing the prices of three items, to read as follows:

Items	Wholesale maximum prices	Retail maximum prices
		Per lb.
Garlic	$0.25½ per lb	$0.30
Onions, dry, red and yellow (new crop)	$4.05 per 50 lb. bag	.11
Potatoes, white, size A, large	$5.10 per 100 lb. bag	.07

This amendment shall become effective as of July 18, 1945.

Issued this 8th day of August 1945.

CHESTER BOWLES,
Administrator.

AUTHORITY: §§ 1801.1 to 1801.76, inclusive, issued under the authority vested in the Director of Censorship pursuant to sec. 3 (c) of the Trading with the Enemy Act of 1917 (40 Stat. 412), sec. 303 of the First War Powers Act, 1941, (55 Stat. 840), Executive Order 8985 (6 F.R. 6625), and Treasury Decision 5[illegible]36 (6 F.R. 6807).

§ 1801.1 *Scope of regulations.* These regulations pertain to all communications passing between the United States, its territories or possessions, and any foreign country, or which may be carried by any vessel or other means of transportation touching at any port, place, possession, or territory of the United States and bound to or from any foreign country.

§ 1801.2 *Definitions.* As used in these regulations,

(a) The term "communication" shall include any letter or other writing, book, map, plan, or other paper, picture, sound recording or other reproduction, telegram, cablegram, wireless message, telephone conversation either by landlines or radiotelephone circuits, or any message transmitted by any signaling device, carrier pigeon, by word of mouth, or by any other means.

(b) The term "enemy territory" shall include the territory of and the territory occupied or controlled by any nation with which the United States is or may hereafter be at war.

(c) The term "enemy national" shall mean:

(1) The government of any country with which the United States is or may hereafter be at war, and any agent, instrumentality, or representative of such government, or other person acting therefor, wherever situated;

(2) The government of any other country having its seat within enemy territory and any agent, instrumentality, or representative thereof, or other person acting therefor, actually situated within enemy teritory;

(3) Any individual within enemy territory, except any individual serving in or officially accompanying the Armed Forces of the United Nations; or any partnership, association, corporation, or other organization, to the extent that it is actually situated within enemy territory;

(4) Any person whose name appears on the Proclaimed List of Certain Blocked Nationals, as revised and supplemented, promulgated pursuant to the President's Proclamation of July 11, 1941, and any other person acting therefor unless the latter is duly authorized to so act.

§ 1801.3 *Submitting communications to Censorship.* (a) Whoever takes or sends out of, or brings into, or attempts to take or send out of, or bring into the United States any communication, except in the regular course of the mail or through a communications company whose traffic normally passes through censorship or a communication examined and passed by the Bureau of Customs, shall submit such communication to the Director of Censorship, Washington, D. C., prior to transmission, or prior to the disclosure of the contents of such communication or any part thereof.

(b) Whoever either for himself or on behalf of another receives a communication, except an unaddressed regularly scheduled radio broadcast communication intended for reception by the general public or through a communications company whose traffic normally passes through censorship or a communication examined and passed by the Bureau of Customs or a communication received in the regular course of the mail, shall immediately submit such communication and all information relative thereto to the Director of Censorship, Washington, D. C., and shall not disclose the contents or any part thereof until authorized by him.

(c) The master of any vessel entering the territorial waters of, or any port, place, possession, or territory of, the United States and having on board, carrying, conveying, or otherwise transporting upon such vessel any communication, whether in a foreign postal service or otherwise, except communications in International Postal Service destined to enter United States Postal Service or communications examined and passed by the United States Bureau of Customs, shall immediately submit such communication to Censorship by delivering the same to the nearest United States Postmaster or to the Censorship officer boarding such vessel.

(d) Any person upon any vessel entering the territorial waters of, or any port, place, possession, or territory, of the United States and having in his possession or custody any communication, except a communication examined and passed by United States Bureau of Customs, shall immediately submit such communication to Censorship by delivering the same to the nearest United States Postmaster, or to the Censorship officer boarding said vessel.

§ 1801.4 *Discretion of censor.* All communications shall be sent, filed or transmitted at the sender's risk and may be condemned, suppressed, delayed, or otherwise dealt with at the discretion of the censor without notice.

§ 1801.5 *Communication with enemy territory or enemy nationals.* No communication shall be sent or transmitted to enemy territory or to any enemy national except as specifically provided in these regulations, or as otherwise authorized by the Office of Censorship.

§ 1801.6 *Communications to members of the Armed Forces.* Communications to members of the United States Armed Forces located outside the United States, in addition to complying with these regulations, must bear the address officially designated by the Military or Naval authorities.

§ 1801.7 *Subjects prohibited.* No reference, either open or hidden, shall be made to any of the following subjects in any communication unless officially disclosed or authorized by appropriate governmental authority:

(a) *Troops.* Exact composition, character and equipment of Allied troops which are in, or preparing for, service in the Pacific-Asiatic area.[1] Identity, movement, or prospective movement of Allied Army, Navy, or Marine Corps units which are in, have been alerted for, or are on their way to, the Pacific-Asiatic area from American territory anywhere; those moving, or about to move directly from Europe to the Pacific-Asiatic area.

(b) *Ships and shipping.* (1) Naval vessels: Identity, character, description, location, assembly, movement and prospective movement of warships, transports, auxiliaries and convoys in any waters; information as to the date of launching or commissioning of naval vessels:

(2) Merchant vessels of more than 1,000 tons (gross register tonnage) of the United States, other United Nations, or of neutral registry operating under Allied control, when they are within or proceeding to or from the combat shipping area, which area will be defined by the Director of Censorship as military conditions permit.

(i) Identity, location, assembly, movement, or time of departure or arrival more specific than one week's time, but approximate dates, such as "next week," "soon," etc., are permissible;

(ii) Except in necessary shipping documents or operating instructions sent by other than electrical means

[1] As used throughout this regulation the term "Pacific-Asiatic area" means the Far Eastern combat zone, including the southwestern Alaskan peninsula, and the land and water areas of the entire Pacific Ocean except the coastal waters of South America, and extending westward on land and sea to and including Aden, Capetown, and the east coast of Africa. The area will be redefined by the Director of Censorship as military conditions permit.

association of the name of the vessel with the name of its port of arrival or departure.

(3) Identity or location of enemy naval or merchant vessels in any waters.

(4) Existence of mine fields or other harbor defenses, including secret guides to navigators.

(5) Information about the sinking or damaging from war causes of war or merchant vessels in any waters.

(c) *Planes.* Disposition, composition, movements, missions or strength of Allied military air units within or proceeding to or from the Pacific-Asiatic area; military activities of commercial airlines in the Pacific-Asiatic area. Information concerning new and current military aircraft and related items of equipment.

(d) *Fortifications and installations.* Location and description of fortifications, coast defense emplacements, anti-aircraft guns and other air defense installations, including defense installation details of public airports used for military purposes; location or description of camouflaged objects.

(e) *Production.* New or secret weapons, identity and location of plants making them; secret designs, formulas, processes or experiments connected with the war; rate of production of matériel used in or for specialized military operations; movements or transportation of war matériel.

(f) *Military intelligence.* Information concerning the war intelligence or counter-intelligence, operations, methods, or equipment of the United States, its Allies or the enemy; secret detection devices; secret United States or Allied means or systems of military communications.

(g) *General.* (1) Information as to arrival, movements, confinement or identity of military prisoners from the Pacific-Asiatic area.

(2) Details concerning escape from, or evasion of capture in, enemy or enemy-occupied territory; and details concerning interment or release from internment in neutral territory.

(3) Photographs or maps conveying any of the information prohibited by this section: aerial photographs of harbors, war plants, military or vital defense installations;

(4) Secret war plans, or diplomatic negotiations or conversations which concern military operations;

(5) Advance information on routes, times and methods of travel by the President. Movements of ranking Army, Navy, and Marine officers to, from or within the Pacific-Asiatic area;

(6) Information about actual or impending enemy attacks on continental United States;

(7) Any other matter whose dissemination might directly or indirectly aid the enemy.

§ 1801.8 *Instructions to communication companies.* The Rules for Communication Companies approved by the President on January 30, 1943, are hereby revoked, and the Director of Censorship is hereby authorized to issue such instructions to communication companies as he may from time to time deem necessary to implement these regulations.

POSTAL CENSORSHIP REGULATIONS

In addition to the foregoing general regulations, the following regulations apply in particular to those communications carried in the mails.

§ 1801.21 *Mail requirements.* All mail directed to foreign countries shall comply with the following requirements:

(a) The full name and complete address of the sender must be shown both on the outside of the envelope and in the letter itself;

(b) Communications will be written in English, if possible. If English is not used, the name of the language used should be written in English on the face of the envelope.

§ 1801.22 *Codes and secret inks.* The use of codes or ciphers, unless authorized, secret inks, and other secret writings is prohibited.

§ 1801.23 *Mail to enemy nationals.* The sending of any communication by mail to any enemy national, directly or indirectly, requires an individual license from the Office of Censorship, except as provided in (a), (b), and (c) below:

(a) The American Red Cross has been authorized to transmit, after censorship, short messages of a personal nature to residents in enemy territory. Letters, documents, and messages of a business nature cannot be sent by this means. Application should be made to any Red Cross chapter.

(b) If not otherwise objectionable to Censorship, and if authorized by a Treasury Department License communications which relate to, or are a part of a commercial or financial transaction may be sent to persons or firms on The Proclaimed List of Certain Blocked Nationals without further authority from the Office of Censorship, *Provided*, That the communication is in compliance with the terms and conditions of the Treasury license. In such case the original Treasury Department license, a duplicate original, or photostatic copy should be enclosed with each communication and the communication posted in the usual manner. In cases where a communication relating to a transaction with anyone in enemy territory has been authorized by a Treasury Department license, such communication must be submitted, properly addressed and bearing the required postage, to the Chief Postal Censor, Washington, D. C., for censorship action, together with the Treasury license, a duplicate original or photostatic copy.[1]

(c) Mail may be sent to prisoners of war, internees, and detainees confined in the United States, in enemy countries, and in other foreign countries. Such communications should be addressed to the person concerned at the address furnished by such person or by the agency authorized to furnish the information. No postage is required.

NOTE: The detaining power prescribes the restrictions governing all mail written by or to prisoners of war or internees. In the United States, prisoners of war are under the jurisdiction of the Provost Marshal General of the War Department; civilian internees and detainees are under the Immigration and Naturalization Service of the Department of Justice.

[1] Application for a license to communicate as provided in § 1801.23 (b) above, may be made at the Federal Reserve Bank in the applicant's district, or in Washington, D. C.

CABLE AND RADIO REGULATIONS

In addition to the general regulations, the following regulations apply in particular to all wire and radio traffic.

§ 1801.41 *Wire and radio traffic.* Wire and radio traffic includes (a) all radio traffic, (b) wire traffic originating in the United States and destined outside the United States, or originating outside the United States and destined to a point in the United States, or originating and terminating outside the United States, but handled in transit within the United States, and (c) that wire traffic purporting to be confined to a domestic address but in fact intended for destination beyond the United States. These regulations govern telephone communications only insofar as applicable thereto. For the purpose of these regulations the word "message" shall mean only communications by wire or radio, and the word "patron" shall include both the sender and the addressee of a message.

§ 1801.42 *Information regarding messages.* Reports of delivery, sender's corrections and all other services by a communication company at the request of a patron and the giving of any information to a patron concerning censorship's action on any message are prohibited unless permission is obtained from the Office of Censorship. This regulation does not apply to money orders, cancellations, or press dispatches.

Patrons filing "reply prepaid" messages do so at their own risk.

§ 1801.43 *Proper address.* Every message must be so addressed that it will clearly identify the addressee for whom the message is intended.

Except where a registered address is permitted under these regulations, the address must be in plain language. The use of an abbreviation of the entire address, provided such abbreviation is sufficient in itself to insure the identification of the addressee by the censor, is not prohibited, but all such abbreviations are used at the risk of the sender.

The names of large or well-known buildings, banks, and hotels may be sufficient without street addresses.

§ 1801.44 *Registered addresses.* Registered addresses may be used only when authorized by the Director of Censorship.

§ 1801.45 *Signature.* All messages except Government messages of the United States and the United Nations must be signed.

The signature transmitted should when considered in connection with the text and addressee, be such as to identify the sender clearly, and distinguish him from any other individual firm, or organization with a similar name. A surname is rarely considered sufficient identification.

The transmitted signature of a firm or organization must be sufficiently complete to identify it clearly. The name of a responsible member of the firm or officer of the organization may be used, provided satisfactory information regarding him is made available to the censor.

§ 1801.46 *Supplementary Information.* The following supplementary information need not be transmitted as a part of the message, but may, by direction of the sender and on payment by him of the landline toll, be transmitted as far as the station of the Cable Censor having jurisdiction:

(a) *Addresses.* When any registered address or any abbreviation of a plain language address is used in a message, the full name and full address of the addressee must also be recorded on the form on which such message is filed with the communication company.

If the message is addressed to an individual acting on behalf of a firm, organization or individual, the name and address of such firm, organization or individual, and the addressee's connection with it, must appear on the form as well as the name and address of the addressee.

(b) *Sender.* In addition to the signature required on the message, the full name and full address of the sender must be recorded, as supplementary information, on the form on which each message is filed with the communication company.

If the message is signed by an individual acting in behalf of a firm, organization or individual, or by an abbreviated form of the name of that organization, or is charged to an individual or organization other than the signer, the full name and full address of that individual or organization must also be given on the form.

(c) The name of the commodity, if any, involved in the message, must be stated on the form, and should, except as provided in the general regulations, be stated in the text of the message.

§ 1801.47 *Text.* Messages will not be passed unless the meaning of the text is clear to the censor. Messages consisting of address and signature only, with no text, are not permitted.

§ 1801.48 *Languages permitted.* All language messages must be in English, French, Portuguese or Spanish, unless otherwise authorized by the Director of Censorship.

Any word, term, phraseology or language having a double meaning as used is prohibited. Terms or words common in any profession or trade may be used if intelligible to the Censor and not susceptible to double meaning as used.

§ 1801.49 *Commercial codes.* Use of only the following commercial codes is permitted:

Name of code	Indicating symbol
ABC Sixth Edition	ABC
ACME Code and Supplement	ACME
Bentley's Complete Phrase Code	BENCOM
Bentley's Second Phrase Code	BENSEC
Lombard General Code	LOMGEN
Lombard Shipping Code and Appendix	LOMSHIP
New Standard Half Word Code	STANHAF
New Standard Three Letter Code	STANTER
Peterson's Third Edition	PET

The code used must be indicated by placing the appropriate indicating symbol in the preamble of the message.

Patrons should ascertain from the communication companies whether the code used is acceptable by the Censorship authorities, if any, in the country of destination of the message.

The use of private codes is not permitted except by special license granted by the Director of Censorship. Such licenses will not be granted unless the applicant furnishes 15 copies of the code book for the use of censors.

The use of code words to express prices is forbidden. Code words from catalogues or price lists may be used to designate commodities when accompanied in each case by an identifying word, if the meaning is clear to the censor.

§ 1801.50 *Test words.* Banks and business institutions which have previously used test words in the conduct of their business are privileged to continue to use test words in transmitting messages.

Any other bank or other business institution desiring to use test words in transmitting its messages may apply to the Office of Censorship for permission, but before the privilege is granted, and at any time thereafter, must furnish such information as may be required.

A test word must normally be the first or last word in the text of a message. If several transactions are combined in any one message, a test word for each transaction is permitted.

The test word privilege may be withdrawn at any time.

§ 1801.51 *Information from sender.* Information required by the censor from the sender in the United States in regard to a specific message may be requested by a collect telegram from the censor to the sender.

In connection with any message relating to a financial or commercial transaction, the censor may require complete information relative to the identity of all parties involved, the ultimate purpose of the transaction, and all facts deemed necessary by the censor.

Any information which the sender may consider necessary to make the meaning of his message clear to the censor may be imparted in a prepaid domestic telegram addressed to the censor having jurisdiction. This telegram (Memorandum Message) should be filed with the message to which it refers.

§ 1801.52 *Numbers in text.* Numbers that are unrelated to the text and not readily understandable to the censor are not permitted.

Serial numbers in messages are subject to deletion, but may, at the sender's risk, be included as the first word in the message when they can be readily understood by the censor and plainly do not convey a hidden meaning.

§ 1801.53 *Market reports.* Routine daily market reports will be expedited by the censor when received from recognized news agencies.

§ 1801.54 *Press messages.* No person engaged in transmitting press material shall accept or transmit as press messages any message intended for personal use unless such message is designated as personal and relates only to the personnel employed by such person. The word "person" as used in this regulation means an individual, corporation, partnership, society, or association.

§ 1801.55 *Personal messages in commercial cables.* The sending of personal messages, in behalf of others, either in the text of financial cables, or as separate messages, by banks, brokers, corporations, or any individual who transfers funds or handles financial transactions on behalf of others, is hereby prohibited. This regulation shall not apply to communication companies.

For the purpose of this regulation, a personal message is a message which is personal in nature and is not essential to the transfer of funds or the commercial transaction involved in the message.

TELEPHONE CENSORSHIP REGULATIONS

In addition to the general regulations, the following regulations apply in particular to all telephone calls.

§ 1801.71 *Call requirements.* Before an outgoing telephone call will be completed, the patron must furnish the telephone operator with his full name, the number and address of the telephone from which the call is put through, his occupation and business address (if he does not have a business address, his home address), his proposed topic of conversation, namely, (a) Government, (b) business (exact business subject, e. g., oil, coffee, etc.) or (c) social, and the full name and address of the person called. This information must be furnished on both person-to-person and station-to-station calls.

If other than immediate service is desired, the patron may state the time at which he desires his call completed. Patrons will not be permited to "hold the 'phone' " while calls are being completed. It is permissible, if the censor is notified beforehand of the names and addresses of all persons participating, for personal conversations to be shared by various persons at either end of the line.

§ 1807.72 *Calls from hotels.* Patrons calling from hotels must be identified by the hotel management or other known authority. They may call from any instrument in the hotel.

§ 1801.73 *Calls from public pay stations.* Calls will not be completed from public pay stations or from other telephone stations where the person calling cannot subsequently be identified.

§ 1801.74 *Language permitted.* Unless otherwise authorized by the Director of Censorship, the English and Spanish languages will be permitted on calls between the United States and Mexico, and the English and French languages on calls between the United States and Canada. On radiotelephone circuits, in addition to English, the French, Spanish, and Portuguese languages will be permitted except in the event that translators are not available at the censorship point.

§ 1801.75 *Exemptions.* The Office of Censorship may in its discretion allow

exemptions to Telephone Censorship, §§ 1801.71 to 1801.74, inclusive, on certain specially designated landline telephone traffic by informing the telephone company of exemptions to be permitted.

§1801.76 *Application to incoming calls.* Where any of the foregoing regulations apply specifically to outgoing calls, the general principles apply as well to incoming calls.

OFFICE OF PRICE ADMINISTRATION.

[MPR 188, Order 46 Under Order 1052]

THE PACIFIC CHAIR CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (h) of Order No. 1052 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* The Pacific Chair Co., 1121 Ballard Way, Seattle, Washington, may add the following additional adjustment charges to its maximum prices for sales to retailers of the articles listed below which it manufactures, resulting in the following adjusted maximum prices:

Article	Model No.	Maximum price	Adjustment permitted by paragraph (d) of order No. 1052	Additional adjustment permitted by this order	Total adjusted maximum price
		Each			*Each*
Chair	33½	$1.10	$0.06	$0.19	$1.35
	93-K	.80	.05	.38	1.33

The adjustment charges listed above may be made and collected only if each is separately stated on each invoice. The adjusted maximum prices are subject to the manufacturer's customary terms, discounts, allowances, and other price differentials in effect during March 1942.

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customers, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the additional adjustment charge herein authorized for and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price (not including the permitted adjustment charge) by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts and allowances on sales of the same or similar articles. The adjustment charge authorized in this paragraph (b) is in addition to any adjustment charge permitted for wholesalers by Order No. 1052 under Maximum Price Regulation No. 188.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the sellers shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form, and is, in addition to any notice required by paragraphs (d) or (e) of Order No. 1052 of Maximum Price Regulation No. 188.

(d) All requests not specifically granted by this order are hereby denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

Finished chair	73	1.44	.07	.31	1.82
	86	1.66	.08	.26	2.00

The adjustment charges listed above may be made and collected only if each is separately stated on each invoice. The adjusted maximum prices are subject to the manufacturer's customary terms, discounts, and allowances, and other price differentials in effect during March 1942.

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customers, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the additional adjustment charge herein authorized for and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price (not including the permitted adjustment charge) by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts and allowances on sales of the same or similar articles. The adjustment charge authorized in this paragraph (b) is in addition to any adjustment charge permitted for wholesalers by Order No. 1052 under Maximum Price Regulation No. 188.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the sellers shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form, and is, in addition to any notice required by paragraphs (d) or (e) of Order No. 1052 of Maximum Price Regulation No. 188.

(d) All requests not specifically granted by this order are hereby denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

[MPR 188, Order 4226]

S. F. MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by the S. F. Manufacturing Company, 1918 Two Notch Road, Columbia 13, S. C.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model	Maximum prices [illegible] by any seller to—			
		Wholesalers (jobbers)	Chain and department stores	Other retailers	Consumer
Cooky sheet, aluminum	103	*Doz.* $1.50	*Doz.* $1.80	*Doz.* $2.16	*Each* $.20
Cooky sheet, aluminum	104	2.34	2.81	3.12	.39

These maximum prices are for the articles described in the manufacturer's application dated April 9, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. These prices are f. o. b. factory and are subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement with the correct retail ceiling price filled in:

OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

ALISTO MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Alisto Manufacturing Company, 222 Main Street, Cincinnati 2, Ohio.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	For sales by the manufacturer to—		For sales by any person to consumers
		Jobbers	Retailers	
"Tin-Tin Tin Lamp"	1	*Each* $1.28	*Each* $1.50	*Each* $2.70
"Old Man Fire-Side Lamp" (radio lamp)	2	1.85	2.18	3.60

These maximum prices are for the articles described in the manufacturer's application dated March 30, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ----------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobber's maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

[Gen. RO 8,[1] Amdt. 2 to Cancellation Order 1[2]]

WENTWORTH BUS LINES, INC.

CANCELLATION OF RATIONING RIGHTS

The Director of the Office of Economic Stabilization has by Directive issued August 3, 1945, (10 F.R. 9684) directed that the effective date of Cancellation Order No. 1 under General Ration Order No. 8 be changed to October 1, 1945.

Therefore, Cancellation Order No. 1 under General Ration Order No. 8 is amended in the following respects:

1. Section 1 is amended by striking out "August 15, 1945" and inserting "October 1, 1945" in place thereof.

2. Section 2 is amended by deleting "August 16, 1945" and inserting in place thereof "October 2, 1945" and by deleting "August 21, 1945" in both places in which it appears in said section and inserting in place thereof "October 7, 1945."

3. Section 3 is amended by deleting "August 16, 1945" and inserting "October 2, 1945" in place thereof.

4. The effective date of said Cancellation Order No. 1 is changed to October 1, 1945.

This amendment shall become effective August 7, 1945.

Issued this 7th day of August 1945.

MAX MCCULLOUGH,
Deputy Administrator for Rationing.

FRESH FRUITS, BERRIES AND VEGETABLES FOR PROCESSING

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order and pursuant to section 7 of Maximum Price Regulation 425; *It is ordered:*

That the varieties of grapes known as Concord, Early Concord, Cottage, Eaton, Fredonia, Hicks, King, Moore Early, Rockwood and Worden may be sold and delivered to processors under an agreement in each case between the buyer and seller that the prices shall be later determined pursuant to action taken by the Office of Price Administration after delivery.

In any sale of grapes pursuant to this order, the seller shall not invoice the goods for more than the maximum price for such sale in effect at the time of delivery nor charge or receive more than that price until appropriate action has been taken by the Office of Price Administration.

This order shall become effective August 11, 1945, and shall automatically expire upon the establishment of new maximum prices for the varieties of grapes described above.

Issued this 8th day of August 1945.

[RMPR 434, Order 1]

Eastern Shore of Virginia Produce Exchange, Inc.

adjustment of maximum prices

A petition has been filed for amendment of Revised Maximum Price Regulation 434, Used Fruit and Vegetable Containers to adjust the maximum prices for cooperatives and custom packers that sell the items covered by this regulation. It has been shown that the Eastern Shore of Virginia Produce Exchange, Inc. is a cooperative and that authorization to use adjustable pricing pending action on the petition is necessary to promote production and distribution of the commodities involved and that the granting of such authorization will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

After due consideration of the foregoing and in accordance with section 9 of Revised Maximum Price Regulation 434, *It is ordered:*

(a) Pending final determination by the Office of Price Administration of the petition for amendment now on file, the Eastern Shore of Virginia Produce Exchange, Inc., may sell and deliver and any person may buy and receive from it used fruit and vegetable containers subject to this regulation at prices adjustable to those subsequently established by the Office of Price Administration for cooperatives and custom packers.

(b) Eastern Shore of Virginia Produce Exchange, Inc., Ser-Onley, Virginia, may collect no more than existing maximum prices pending final determination of the petition, and at that time may collect no more than the maximum prices then authorized.

(c) This order shall be automatically revoked on the effective date of action on the petition. It may be amended or revoked by the Office of Price Administration at any time.

This order shall become effective August 9, 1945.

Issued this 8th day of August 1945.

[Region VI Gen. Order 59 Under MPR 329]

FLUID MILK IN ROCKFORD, ILL.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.403 (b) of Maximum Price Regulation 329, it is hereby ordered, that:

(a) *Maximum producer prices.* The maximum price which distributors of fluid milk in Rockford, Illinois may pay the producers of milk sold for human consumption in fluid form shall be the price determined under the provisions of Maximum Price Regulation No. 329 for milk having a butterfat content of 3.5%, plus not more than 5¢ per cwt. for each 1/10% of butterfat in excess of 3.5%, and minus not less than 5¢ per cwt. for each 1/10% of butterfat below 3.5%.

(b) *Applicability of producers' prices.* This order shall apply to all purchases of milk from producers, for resale for human consumption in fluid form, by distributors whose bottling plants are located in Rockford, Illinois or who sell within that city 50% or more of the milk sold by them.

(c) *Relation of this order to Office of Price Administration regulation.* No purchaser shall pay a larger proportion of transportation costs incurred in the delivery or supply of milk than he paid on deliveries during January 1943. Except as modified by this order, the provisions of the Maximum Price Regulation No. 329 shall remain in full force and effect and shall not be evaded by any change in business or trade practices in effect during that month.

(d) *Definitions.* Unless the context otherwise requires, the definition set forth in Maximum Price Regulation No. 329, and the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

(e) *Revocability.* This order may be revoked, amended or corrected at any time.

This order shall be effective the 30th day of July 1945.

Issued this 25th day of July 1945.

RAE E. WALTERS,
Regional Administrator.

[Region VII Order G-2 Under SR 15]

FLUID MILK IN IDAHO AND MALHEUR COUNTY, OREG.

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and § 1499.75 (a) (9) of Supplementary Regulation 15 to the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion this compilation of Order No. G-2 under Supplementary Regulation 15 to the General Maximum Price Regulation, including Amendment No. 1 is issued.

(a) *What this order does.* This compilation rewrites Order No. G-2 so as to reflect all changes made therein by Amendment No. 1; it supersedes Order G-1 under § 1499.75 (a) (2) (ii) of the General Maximum Price Regulation, issued November 25, 1942, and all amendments thereto, but leaves unaffected Order No. G-29 under § 1499.18 (c) of the General Maximum Price Regulation, as amended; divides Malheur County in the State of Oregon and all that part of the State of Idaho contained within this Region VII, except the City of Boise, into three districts; and establishes maximum prices in each district for fluid milk when sold at wholesale or at retail for human consumption; maintains present maximum prices that are higher than the specific maximum prices named herein; and makes no change in maximum prices as established by said Order No. G-2 and Amendment No. 1 thereto.

(b) *Relation to other orders.* This compilation of Order No. G-2 incorporates Amendment No. 1 and thereby presents in one document a full and complete statement of the adjusted maximum prices for fluid milk sold for human consumption at wholesale and at retail in the three areas covered, except as to higher prices duly established under the General Maximum Price Regulation and the transactions covered by Regional Order No. G-29 under § 1499.18 (c) of the General Maximum Price Regulation.

(c) *Three districts created.* For the purpose of this order, the area covered is divided into three districts, to be known as District No. 1, District No. 2, and District No. 3, each of which said districts shall be as defined in paragraph (j) hereof.

(d) *Maximum prices for fluid milk when sold at wholesale and at retail in Districts 1, 2, and 3, respectively.* The maximum prices for fluid milk sold at wholesale or at retail in glass bottles or paper containers, in a quantity of one gallon or less, in Districts Nos. 1, 2, and 3, respectively, as defined herein, shall, upon and after the effective date of this order, be as follows:

DISTRICT NO. 1

Size of glass or paper container	Grade A milk		Ungraded milk	
	Wholesale	Retail	Wholesale	Retail
	Cents	*Cents*	*Cents*	*Cents*
½ pint	3½	-------	3¼	-------
Pint	5½	6	5	6
Quart	10½	12½	9½	11½
½ gallon	19	23	17	21
Gallon	37	43	33	39

DISTRICT NO. 2

	Cents	*Cents*	*Cents*	*Cents*
½ pint	4½	-------	3¾	-------
Pint	6	7	5½	6
Quart	11½	13½	10½	12½
½ gallon	21	25	19	23
Gallon	41	47	37	43

DISTRICT NO. 3

	Cents	*Cents*	*Cents*	*Cents*
Quart	-------	15	-------	14

(e) *Higher established maximum prices may be maintained.* Any seller whose established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation thereto or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Marketing Agreement Act, as amended, that are higher than the prices fixed by this compilation of Order No. G-2 may continue to sell at such higher established maximum prices, and the same shall not be modified or superseded by this order.

(f) *Customary discounts, allowances, and differentials need not be maintained.* Upon and after the effective date of this compilation of Order No. G-2, it shall not be obligatory upon any seller of fluid milk hereunder to maintain or continue any customary allowance, discount, quantity discount, or differential heretofore established by him: *Provided, however,* That any seller may sell at a price lower than the maximum prices established by this compilation of Order No. G-2 if he so desires.

(g) *Exempt sales.* This compilation of Order No. G-2 does not apply to or in any manner affect sales of fluid milk made by one distributor or wholesaler to another distributor or wholesaler, or to purchases made from producers under Maximum Price Regulation No. 329.

(h) *Fractional price adjustments.* If the computed price for any sale includes a half-cent, the price shall be adjusted upward to the next cent.

(i) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(j) *Definitions.* (1) "District No. 1" means all that area in the State of Idaho contained within the Counties of Boise, Butte (except the community of Arco), Camas, Clark, Custer (except the communities of Challis and Mackay), Lemhi (except the community of Salmon), Owyhee, and Teton.

(2) "District No. 2" means all of that area in the State of Idaho contained within the Counties of Ada (except the City of Boise), Adams, Bannock, Bear Lake, Bingham, Blaine, Bonneville, Canyon, Caribou, Cassia, Elmore, Franklin, Fremont, Gem, Gooding, Jefferson, Jerome, Lincoln, Madison, Minidoka, Oneida, Payette, Power, Twin Falls, Valley (except the Town of Stibnite), and Washington; and the communities of Arco in Butte County, Challis, and Mackay in Custer County, and Salmon in Lemhi County; and the County of Malheur in the State of Oregon.

(3) "District No. 3" means all of the Town of Stibnite in Valley County in the State of Idaho.

(4) "Grade A Milk" means milk produced and sold under conditions which qualify it for sale and delivery in glass or paper containers at wholesale and at retail under municipal regulation which by ordinance incorporates therein all of the material and substantial terms and

provisions of the police regulation commonly referred to as "Standard Milk Ordinance", and milk which has been produced by one having a Grade A producer's certificate or license duly issued by the Public Health Department of the State of Idaho in accordance with the law of that state regulating the production and sale of Grade A milk when sold and delivered at wholesale or at retail in glass bottles or paper containers for human consumption.

(5) "Ungraded milk" means all milk produced and sold and distributed in glass bottles or paper containers for human consumption as fluid milk, and which does not meet the requirements specified for "Grade A Milk" as set forth in the preceding subparagraph (4).

(6) "Producer" means a farmer or other person or representative who owns, superintends, manages, or otherwise controls the operation of a farm or dairy lot on which milk is produced for sale and distribution in glass bottles or paper containers for human consumption.

(k) Right to revoke or amend. This compilation of Order No. G-2 may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This compliation of Order No. G-2, including Amendment No. 1, shall become effective on the 26th day of July 1945.

Issued this 26th day of July 1945.

RICHARD Y. BATTERTON,
Regional Administrator.

[Sioux Falls Order G-1 Under RMPR 259]

DOMESTIC MALT BEVERAGES IN CERTAIN COUNTIES IN SOUTH DAKOTA

For the reasons set forth in the accompanying opinion, it is hereby ordered:

SECTION 1. *What this order does.* In accordance with the provisions of section 4.1 (c) of RMPR 259, as amended, this order establishes a base delivery zone for wholesalers of bottled and canned domestic malt beverages by establishing the geographical limits of such a zone.

SEC. 2. *Where this order applies.* The provisions of this order apply to all wholesalers of bottled and canned domestic malt beverages located within the counties of Aurora, Brookings, Davison, Douglas, Hanson, Hutchinson, Kingsbury, Lake, Lincoln, McCook, Minnehaha, Miner, Moody, Sanborn and Turner in the State of South Dakota.

SEC. 3. *Applicability—(a) Within the base delivery zone.* No wholesaler located within the area described in section 2 of this order may charge for delivery within the base delivery zone consisting of all of Aurora, Brookings, Davison, Douglas, Hanson, Hutchinson, Kingsbury, Lake, Lincoln, McCook, Minnehaha, Miner, Moody, Sanborn, Turner, Bon Homme, Yankton, Clay and Union Counties in the State of South Dakota.

Such sellers' ceiling prices for sales may not exceed the ceiling prices figured in accordance with the provisions of RMPR 259, as amended.

(b) *Outside the base delivery zone.* Such sellers located within the area described in section 2 of this order may charge in addition to their ceiling prices for bottled and canned domestic malt beverages for delivery outside the base delivery zone described in section 3 (a) in accordance with the applicable provisions of RMPR 259, as amended. The charges which may be added are:

Distance beyond base delivery zone:	*Permitted delivery charge (cents per case)*
20 miles or less	3
More than 20 miles but less than 40 miles	6
40 miles or more but less than 60 miles	9
60 miles or more but less than 80 miles	12
80 miles or more but less than 100 miles	15
100 miles or more but less than 120 miles	18
120 miles or more but less than 140 miles	21
140 miles or more	24

(c) *Wholesalers located outside the area described in section 2.* This order shall not apply to wholesalers located outside the area described in section 2 of this order.

SEC. 4. *Definitions.* Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, and in RMPR 259, as amended, shall apply to the terms used herein.

This order shall become effective August 4, 1945.

Issued this 28th day of July 1945.

E. J. WINTERSTEEN,
District Director.

[Region I Order G-4 Under Supp. Order 94]

USED STEEL AMMUNITION BOXES IN BOSTON REGION

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by the Emergency Price Control Act, as amended, Executive Order Nos. 9250 and 9328, and sections 11 and 13 of Supplementary Order No. 94, as amended, it is ordered:

(a) *What this order does.* This order establishes maximum prices for sales by the U. S. Navy, other U. S. Government Agencies, and at wholesale and retail of used steel ammunition boxes hereinafter described.

(b) *Maximum prices.* The maximum prices for ammunition boxes described herein having a serviceability not less than that of new ammunition boxes shall be:

Article and description	Maximum prices for sales to wholesalers f. o. b. shipping point	Maximum prices for sales to retailers f. o. b. shipping point	Maximum prices for sales to consumers by any person
Used steel ammunition boxes, 18 gauge steel painted gray, outside measurements 8½" by 18" by 12⅝", 2 metal handles on ends, removable cover with 4 metal clasps, weight approximately 13½ lbs.	*Each* $0.50	*Each* $0.65	*Each* $1.00

(1) For the purposes of this order, ammunition boxes have a serviceability less than that of new ammunition boxes when they are rusted or dented, cannot be closed, require painting or other reconditioning, or possess other similar defects.

(c) *Discounts and allowances.* Every seller shall continue to maintain his customary allowances and discounts.

(d) *Notification.* Any person who sells the ammunition boxes described in paragraph (b) to a retailer shall notify the retailer of the retailer's maximum reselling price under paragraph (b). This notice may be given in any convenient form.

(e) *Tagging.* Each retailer shall before sale attach a tag or label or display a suitable sign at the place where the used ammunition boxes are offered for sale which plainly states the maximum price at retail as follows: "OPA Ceiling Price, $1.00."

(f) *Geographical applicability.* This order shall apply to all sales where the commodities are located in the following states at the time of sale: Maine, New Hampshire, Vermont, Connecticut, Rhode Island and Massachusetts.

(g) *Definitions.* (1) "Sales to retailers" means sales to persons who resell to consumers.

(2) "Sales to consumers" means sales to purchasers for use.

(h) *Revocations and amendments.* This order may be revoked, amended or modified at any time by the Office of Price Administration.

This order shall become effective immediately.

Issued this 23d day of July 1945.

[Region II Order 1 Under 18 (c)]

FIREWOOD IN NEW YORK REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region II by the Emergency Price Control Act of 1942 as amended, by § 1499.18 (c) of the General Maximum Price Regulation, as amended, and by Revised Procedural Regulation No. 1, it is hereby ordered:

(a) *What this order does.* This basic order puts into one document the provisions which will be common to all future orders establishing flat (dollars-and-cents) maximum prices for firewood to be issued by the New York Regional Office, Region II, pursuant to the authority contained in § 1499.18 (c) of the General Maximum Price Regulation. The orders to be issued under this basic order are referred to herein as "adopting orders" and when issued will expressly adopt the provisions of this basic order. Various area orders have been heretofore issued under § 1499.18 (c) of the General Maximum Price Regulation fixing maximum prices for firewood in various areas covered thereby. Some of these orders fix maximum prices only for hardwood cord wood and others fix maximum prices for all types of firewood, including slab wood. These prior orders remain in full force and effect in the areas covered thereby until adopting orders are issued under this order. When such adopting orders are issued they will supersede all previous orders as to the specific areas covered by such adopting orders.

(b) *What this order prohibits.* Regardless of any contract, agreement, or other obligation, no person shall:

(1) Sell or, in the course of trade or business, buy firewood at prices higher than the maximum prices set by an applicable adopting order, but less than maximum prices may, at any time, be charged, paid, or offered; or

(2) Obtain a higher than maximum price by:

(i) Charging for a service which is not expressly requested by the buyer or which is not specifically authorized by the applicable adopting order;

(ii) Using any tying agreement by making any requirement that anything other than the firewood requested by the buyer be purchased by him; or

(iii) Using any other device by which a higher than maximum price is obtained, directly or indirectly.

(c) *Power to amend or revoke.* This order, or any provision thereof, may be revoked, amended, or corrected at any time by the Administrator, or by the Regional Administrator of Region II.

(d) *Petitions for amendment.* Any person seeking an amendment of this order or of any adopting order issued hereunder or pursuant hereto, may file a petition for amendment with the Administrator in accordance with the provisions of Revised Procedural Regulation No. 1, or in the alternative, may file such petition with the Regional Administrator, Region II, Office of Price Administration, 350 Fifth Ave., New York 1, N. Y. If such petition if filed with the Regional Administrator, action thereon shall be taken by him. When such a petition is filed with the Regional Administrator, all requirements of Revised Procedural Regulation No. 1 relative to the filing of such petitions are applicable, except the place of filing specified therein.

(e) *Applicability of other regulations.*—(1) *Licensing and registration.* The provisions of Licensing Order No. 1, licensing all persons, with certain exceptions, who make sales under price control, are applicable, with the exceptions contained therein, to all sellers subject to this order. A seller's license may be suspended for violations of the license or of one or more applicable price schedules, regulations or orders. A seller whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(2) *Effect of this order on the General Maximum Price Regulation, and on previous general orders.* The provisions of this order and of adopting orders supersede the provisions of the General Maximum Price Regulation where such provisions are inconsistent with the provisions contained in this order. The provisions of this order supplement the provisions of the general orders heretofore issued and as previously stated only supersede such orders when adopting orders are issued and then only as to the areas covered by such adopting orders. All provisions of the General Maximum Price Regulation not modified by this order or by previous general orders remain in full force and effect, including but not limited to record keeping, posting and filing provisions.

(f) *Availability of copies of this order.* Every dealer subject to an applicable adopting order shall keep a copy of this order, of all applicable adopting orders, and of all amendments thereto available for examination by any person inquiring as to his prices for firewood.

(g) *Enforcement.* (1) Persons violating any provisions of this order or of any applicable adopting order are subject to the civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order or of any applicable adopting order are urged to communicate with the District Office of the Office of Price Administration having jurisdiction of the area in which the dealer's place of business is located.

(h) *Definitions and explanations.* When used in this order or in any adopting order issued pursuant hereto, the term:

(1) "Person" includes an individual, corporation, partnership, association or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States, any other government, or any agency or subdivision of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale," "selling," "sold," "seller," "buy," "buyer," "purchaser," and "purchase" shall be construed accordingly.

(3) "Firewood" means all hard wood, sofe wood and mixed hard and soft wood, other than kindling, prepared and intended for consumption as fuel. It includes slab wood, both soft and hard. It may be of any length and size and may be sawed, chopped or split.

(4) A "cord" means a unit of measure consisting of 128 cubic feet of well stacked firewood. Sales by load (or any other terminology) shall be priced proportionately in the ratio of their volume to the volume of a cord. When adopting orders are issued under this basic order, maximum prices in dollars-and-cents will be prescribed as far as possible for all units of measurement customarily sold in the area covered.

(5) "Delivered to consumer's premises" means that the firewood is deposited by the seller on or at premises designated by the consumer.

(6) "Yard sales to consumers" means that the firewood is delivered by the seller to the consumer at the dealer's yard.

(7) "Cord wood" means any firewood so prepared that at least 80% consists of cleft wood or merchantable body wood in the round of desirable species.

(8) "Hard wood cord wood" means any cord wood cut from deciduous trees.

(9) "Soft wood cord wood" means any cord wood other than hard wood cord wood.

(10) "Slab wood" means all waste firewood resulting from the sawing of logs, except sawdust and bark not adhering to the wood.

(11) "Hard wood slab wood" means any slab wood cut from deciduous trees.

(12) "Soft wood slab wood" means any slab wood other than hard wood slab wood.

(13) "Stacking" means the orderly placing, arranging, setting or piling of individual pieces of firewood on or at the premises designated by, and in the place therein prescribed by the purchaser.

(14) "Splitting" means dividing or cutting firewood lengthwise with the grain to reduce it to sizes suitable for stove use.

This order shall become effective July 23, 1945.

Issued this 23d day of July 1945.

CHARLES T. ABERNETHY,
Acting Regional Administrator.

[Region II Rev. Order G-1 Under MPR 426]

FRESH FRUITS AND VEGETABLES IN NEW YORK CITY

For the reasons stated in an accompanying opinion, this order is issued.

SECTION 1. *What this order does.* This order establishes maximum markups for certain New York City "purveyors" which may be taken only as to the fresh fruits and vegetables enumerated in section 5 (b) hereof and only if sections 4 (a) and 5 (a) hereof are satisfied.

SEC. 2. *Where this order applies.* This order applies in the counties of Bronx, Kings, New York, Queens and Richmond in the State of New York.

SEC. 3 *Definition of "purveyor."* A "purveyor" is one who meets all of the following requirements:

(a) Purchases the kind of fresh fruits and vegetables being priced.

(b) Maintains facilities for washing, trimming, sorting, grading, repacking, plant commercial-refrigeration and warehousing and employs these facilities in connection with his sale of the fresh fruits and vegetables covered by this order and being priced.

(c) Employs salesmen to call on institutional and commercial users.

(d) Makes less-than-carlot or less-than-trucklot or less-than-original-container sales to institutional or commercial users such as restaurants, ships, hotels, hospitals, camps and the War Shipping Administration.

(e) Delivers within the metropolitan area surrounding and including the City of New York.

(f) Maintains at all times an inventory consisting generally of all fresh fruits and vegetables available.

(g) Extends credit to not less than 75% of all of his customers.

(h) Was doing business in the manner described, and maintained the facilities enumerated, in this section during the calendar year of 1942 and continuously thereafter, unless this requirement is waived specifically by the Office of Price Administration.

SEC. 4. *What sales by purveyors are covered by this order.* (a) The markups established by this order may be taken only by a person named in section 5 (a) hereof and only when all the following conditions are satisfied:

(1) the purchaser is a commercial or institutional user,

(2) the item being sold has been handled and is sold in the manner described in section 3 hereof and

(3) the sale is of a broken container or containers. (In no event may a markup allowed by this order be charged for a sale in an unbroken container.)

(b) In all other cases the seller may not exceed the applicable maximum prices prescribed by Maximum Price Regulation No. 426.

SEC. 5. *The "purveyors" to whom this order applies.* (a) This order applies only to the following persons:

1. Atlantic Produce Supply Co., 293 Washington St., New York, N. Y.
2. A. Bohrer, Inc., 52 Gansevoort St., New York, N. Y.
3. Edward Boker, Inc., 229 West St., New York 13, N. Y.
4. B. Eisner, 213 Washington St., New York, N. Y.
5. Excellent Fruit & Produce Distr., Inc., 343 West 13th St., New York, N. Y.
6. Fina Fruit & Produce Corp., 183–186 So. Portland Ave., Brooklyn, N. Y.
7. Gansevoort Produce Co., Inc., 100–108 Horatio St., New York, N. Y.
8. M. H. Greenbaum, Inc., 165 Chambers St., New York, N. Y.
9. Howard Produce Co., Inc., 50 Gansevoort St., New York, N. Y.
10. Samuel E. Hunter Corp., 101 Murray St., New York, N. Y.
11. John Adams Henry, Inc., 56–58 Harrison St., New York, N. Y.
12. Henry Kelly & Sons, Inc., 413–419 West 14th St., New York, N. Y.
13. Anthony Krayer, Inc., 123 Warren St., New York, N. Y.
14. C. Lichenstine & Sons, 47–49 Jay Street, New York, N. Y.
15. Manhattan Fruit Contracting Co., 474 Greenwich St., New York, N. Y.
16. Mergentime, Inc., 396 Greenwich St., New York, N. Y.
17. C. Poppe, Inc., 147–30 94th Ave., Jamaica, N. Y.

21. George Ungar & Co., Inc., 339–341 W. 13th St., New York, N. Y.
22. Waterman & Co., 47 Harrison St., New York, N. Y.

(b) Any person who meets the requirements of section 3 hereof may apply in writing to the Office of Price Administration, 350 Fifth Avenue, New York 1, New York, for recognition as a "purveyor" and permission to take the markups established herein. Such an application must state the manner in which the applicant does business and the extent to which he satisfies the requirements of section 3 hereof. If any applicant is to be recognized as a "purveyor" and granted permission to take the markups allowed by this order, that recognition and permission will be granted by an amendment hereto. Unless and until such recognition and permission are granted, the markups allowed herein may not be taken.

SEC. 6. *Maximum markups for sales by "purveyors" to commercial and institutional users.*—(a) *General.* The maximum markups for sales delivered to the premises of any institutional or commercial user, which "purveyors" may add to the "maximum prices for sales delivered to any wholesale receiving point in any quantity" established in accordance with the Columns 6 of the various tables contained in section 15 of Maximum Price Regulation No. 426 shall be those provided in subdivision (b) immediately following.

SAM KOFSKY

ESTABLISHMENT OF MAXIMUM PRICES

For the reason set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by the Emergency Price Control Act of 1942, as amended, and by § 1499.3 (e) (2) of the General Maximum Price Regulation, *It is ordered:*

(a) On and after the effective date of this order the maximum prices for sales of the Cobra Lawn Sprinkler, manufactured by Sam Kofsky, New York City, by distributors to wholesalers, by wholesalers to retailers, and sales at retail, by sellers other than the manufacturer, located in Region II, shall be the prices set forth below. A lower price than those listed may be charged.

SALES BY DISTRIBUTOR TO WHOLESALER

Description and Maximum Selling Price

Cobra lawn sprinkler, 3 arm, size 14", made of iron tubing: $21.00 a dozen.
The above price is F. O. B. point of shipment. 2/10, n/30.

SALES BY WHOLESALER TO RETAILER (SALES AT WHOLESALE)

Description and Maximum Selling Price

Cobra lawn sprinkler, 3 arm, size 14", made of iron tubing: $28.00 a dozen.
The above price is F. O. B. point of shipment. 2/10, n/30.

SALES AT RETAIL

Description and Maximum Selling Price

Cobra lawn sprinkler, 3 arm, size 14", made of iron tubing: $3.75 each.

(b) *Notification of maximum prices.* Any person other than the manufacturer who sells the above described item to a retailer shall furnish the retailer with an invoice setting forth the retailer's maximum selling price, and state that the retailer is required by this order to attach a tag or label plainly stating the retail ceiling price.

(c) *Tagging.* Any person who sells the above described item at retail shall attach to the said item, before sale, a tag or label which plainly states the retail ceiling price.

(d) *Definitions.* (1) "Sales by a distributor to a wholesaler" are sales by a seller appointed by the manufacturer as the "exclusive distributor" of the above described article to wholesalers for resale.

(2) "Sale at wholesale" means a sale by a person who buys the above described item and sells it to retailers for resale. Sales to an industrial, commercial, or institutional user by such reseller shall also be considered a "sale at wholesale."

(3) "Sale at retail" means a sale by a person who buys the item and resells it to an ultimate consumer other than industrial or commercial user of the above described item.

(4) "Region II" comprises the territory lying within the geographical boundaries of the following states; New York, New Jersey, Maryland, Pennsylvania, Delaware, and also the District of Columbia.

(e) Except as otherwise provided herein all transactions subject to this order remain subject to all the provisions of the General Maximum Price Regulation, together with all the amendments which have heretofore or which may hereafter be issued.

(f) This order may be revoked, amended or corrected at any time.

(g) This order shall become effective immediately.

Issued this 23d day of July 1945.

CHARLES T. ABERNETHY,
Acting Regional Administrator.

[Region VII Order G–1 Under 2d Rev. MPR 269]

POULTRY ITEMS IN WYOMING

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and section 2.1 of Second Revised Maximum Price Regulation No. 269, as amended, and for the reasons set forth in the accompanying opinion, this Order No. G–1 is issued.

(a) *What this order does.* This Order No. G–1 adjusts maximum prices for live and processed poultry items sold f. o. b. in the State of Utah or in that part of the State of Idaho lying south of the southern boundary of Idaho County to consumers, including purveyors of meals, or to purchasers who resell to consumers, including purveyors of meals, in certain counties in the State of Wyoming.

(b) *Authorized maximum prices.* Upon and after the effective date of this Order No. G–1, sellers in the State of Utah and in that part of the State of Idaho lying south of the southern boundary of Idaho County may sell "poultry" and "processed poultry" items, as defined by subparagraphs (5) and (6) of section 3.5 (a) of Second Revised Maximum Price Regulation No. 269, f. o. b. the seller's place of business, at his respective zone price to consumers, including purveyors of meals, and to purchasers who resell to consumers, including purveyors of meals, in the Counties of Carbon, Lincoln, Sublette, Sweetwater, Teton, and Uinta, in the State of Wyoming.

(c) *Applicability of other regulations.* Except insofar as sellers of "poultry" and "processed poultry" in the State of Utah and that part of the State of Idaho hereinabove referred to are permitted to sell on an f. o. b. basis at their respective zone prices for consumption in the specified counties in the State of Wyoming, all such sellers remain subject to all of the applicable provisions of Second Revised Maximum Price Regulation No. 269, as amended, and must comply therewith.

(d) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(e) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G–1 shall become effective on the 23rd day of July, 1945.

Issued this 23rd day of July, 1945.

LIGHT DIRTY EGGS IN COLORADO

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and section 3.3 (e) of Revised Maximum Price Regulation No. 333, and for the reasons set forth in the accompanying opinion, this Order No. G–4 is issued.

(a) *What this order does.* This order permits the sale and delivery of "light dirty eggs," as hereinafter defined, in the area and upon the conditions hereinafter set forth.

(b) *Definition.* "Light dirty eggs" means that the individual egg has not more than one-eighth (1/8) of the shell surface slightly stained, slightly soiled, or slightly dirty, but without loose adhering dirt.

(c) *Maximum prices.* On and after the effective date of this Order No. G–4, the maximum prices for "light dirty eggs" sold at any place within the State of Colorado, pursuant to the permission hereby granted, shall be one cent less per dozen than the maximum price for Consumer Grade A eggs as established by Revised Maximum Price Regulation No. 333.

(d) *Geographical applicability.* This Order No. G–4 shall apply only to sales of "light dirty eggs" made within the geographical boundaries of the State of Colorado to purchasers other than a United States Government agency.

(e) *Quality of eggs.* "Light dirty eggs" may be sold within the State of Colorado under the provisions of this order only in sealed cartons or other sealed containers bearing upon the seal the certificate of the U. S. Department of Agriculture, certifying that the eggs are of an inferior quality of Consumer Grade A or better; and on and after the effective date of this Order No. G–4, such "light dirty eggs" shall become and be deemed to be a consumer grade of eggs within the State of Colorado.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G–4 shall become effective on the 17th day of July, 1945.

Issued this 17th day of July, 1945.

W. O. WALKER, ET AL.

AUTHORIZATION OF MAXIMUM PRICES

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and §§ 1499.158 and 1499.158a of Maximum Price Regulation No. 188, and for the reasons set forth in the accompanying opinion, this Order No. G–37 is issued.

(a) *What this order does.* This Order No. G–37 establishes maximum prices for a toy item called "Indian Pony (Pull Toy)", manufactured by W. O. Walker of 2611 Josephine Street, Denver, Colorado, when sold at the specified levels.

(b) *Authorized maximum prices.* Upon and after the effective date of this Order No. G–37, the maximum prices for the toy item designated "Indian Pony (Pull Toy), Model A", manufactured by W. O. Walker of Denver, Colorado, in accordance with the specifications set forth in the application of said manufacturer now on file in this Regional Office as a part of the record in this case, shall be as follows:

(1) When sold by the manufacturer, f. o. b. shipping point, to a jobber or a wholesaler: $4.60 per dozen;
(2) When sold by the manufacturer, a jobber or a wholesaler, f. o. b. shipping point, to a retailer: $5.75 per dozen;
(3) When sold by any seller to an ultimate consumer or user: 79¢ each.

NOTE: (i) The maximum prices authorized by the above paragraphs (1) and (2) are subject to a discount of 2% for payment within 10 days from date of invoice.

(ii) The prices above specified for sales f. o. b. shipping point include all costs incident to wrapping, packing, boxing, and carting.

(c) *Notice to be given purchasers for resale.* When the manufacturer or any other seller makes a first sale under this Order No. G–37 to a person who purchases for resale, he must show upon the invoice or on a separate slip or rider attached thereto the applicable portions of the following provisions:

By virtue of Order No. G–37 under Maximum Price Regulation No. 188, issued by the Denver Regional Office, the OPA authorized maximum resale prices for this Indian Pony (Pull Toy), Model A, are:

(1) When sold by the manufacturer, a jobber or a wholesaler, f. o. b. shipping point, to a retailer: $5.75 per dozen;
(2) When sold by any seller to an ultimate consumer or user: 79¢ each.

(d) *Applicability of other regulations.* The pricing provisions of the General Maximum Price Regulation have no application to the prices established by this Order No. G–37 for sales by the manufacturer or any other seller.

(e) *Geographical applicability.* The maximum prices authorized by this Order No. G–37 for resellers are applicable only to sales made within this Region VII, which includes the States of New Mexico, Colorado, Wyoming, Montana, and Utah, and all that part of the State of Idaho lying south of the southern boundary of Idaho County, the County of Malheur in the State of Oregon, and all that part of the Counties of Mohave and Coconino in the State of Arizona lying north of the Colorado River.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G–37 shall become effective on the 17th day of July 1945.

Issued this 17th day of July 1945.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G–40 shall become effective on the 25th day of July 1945.

Issued this 25th day of July 1945.

[Region VII Order G–41 Under MPR 188]

JOANN CO., ET AL.

AUTHORIZATION OF MAXIMUM PRICES

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and §§ 1499.158 and 1499.158a of Maximum Price Regulation No. 188, and for the reasons set forth in the accompanying opinion, this Order No. G–41 is issued.

(a) *What this order does.* This Order No. G–41 establishes maximum prices for two toy items manufactured by The JoAnn Co., of Denver, Colorado, when sold at the specified levels.

(b) *Authorized maximum prices.* Upon and after the effective date of this Order No. G–41, the maximum prices for the Christmas Cart, Model No. C–4, and the Toy Ironing Board, Model No. 1 B–1, manufactured by The JoAnn Co., a partnership, of 3770 East Colfax Avenue, Denver, Colorado, in accordance with the specifications set forth in the applications of said manufacturer now on file in this Regional Office as a part of the record in this case, shall be as follows:

	Christmas Cart, Model No. C–4	Toy ironing board, Model No. 1 B–1
(1) When sold by the manufacturer, a jobber or a wholesaler, f. o. b. shipping point, to a retailer	*Per dozen* $3.00	*Per dozen* $4.25
(2) When sold by any seller to an ultimate consumer or user	*Each* $0.39	*Each* $0.59

NOTES

(i) The maximum prices authorized by the above paragraphs (1) and (2) are subject to a discount of 2% for payment within 10 days from date of invoice.

(ii) The prices above specified for sales f. o. b. shipping point include all costs incident to wrapping, packing, boxing, and carting.

(c) *Notice to be given purchasers for resale.* When the manufacturer or any other seller makes a first sale under this Order No. G–41 to a person who purchases for resale, he must show upon the invoice or on a separate slip or rider attached thereto the applicable portions of the following provisions:

By virtue of Order No. G–41 under Maximum Price Regulation No. 188, issued by the Denver Regional Office, the OPA authorized maximum resale prices for this Christmas Cart, Model No. C–4, and Toy Ironing Board, Model No. 1 B–1, are:

	Christmas Cart, Model No. C–4	Toy ironing board, Model No. 1 B–1
(1) When sold by the manufacturer, a jobber or a wholesaler, f. o. b. shipping point, to a retailer	*Per dozen* $3.00	*Per dozen* $4.25
(2) When sold by any seller to an ultimate consumer or user	*Each* $0.39	*Each* $0.59

(d) *Applicability of other regulations.* The pricing provisions of the General Maximum Price Regulation have no application to the prices established by this Order No. G–41 for sales by the manufacturer or any other seller.

(e) *Geographical applicability.* The maximum prices authorized by this Order No. G–41 for resellers are applicable only to sales made within this Region VII, which includes the States of New Mexico, Colorado, Wyoming, Montana, and Utah, and all that part of the State of Idaho lying south of the southern boundary of Idaho County, the County of Malheur in the State of Oregon, and all that part of the Counties of Mohave and Coconino in the State of Arizona lying north of the Colorado River.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G–41 shall become effective on the 25th day of July 1945.

Issued this 25th day of July 1945.

DOMESTIC CANE BLACKSTRAP MOLASSES AND BEET SUGAR FINAL MOLASSES IN BOULDER COUNTY, COLO.

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation, and for the reasons stated in the accompanying opinion, this Revised Order No. G–43 is issued.

(a) *Order redesignated.* Order No. G–43 under § 1499.18 (c) of the General Maximum Price Regulation, issued July 23, 1943, is hereby redesignated as set forth in the caption hereof and amended and revised to read as follows:

(b) *What this revised order does.* This Revised Order No. G–43 fixes maximum prices at which dealers in Boulder County, Colorado, may sell at retail domestic cane blackstrap molasses and beet sugar final molasses, by authorizing a flat mark-up over the laid-down cost.

(c) *Specific maximum prices for sales at retail.* From and after the effective date of this Revised Order No. G–43, the maximum prices for sales at retail of domestic cane blackstrap molasses and beet sugar final molasses by dealers in the County of Boulder, State of Colorado, shall be the actual laid-down cost to the dealer, not, however, to exceed an amount computed in accordance with section 11a of Revised Maximum Price Regulation No. 291, plus $5.70 per ton, when sold in lots of one ton or more, and 30¢ per cwt. when sold in lots of less than one ton.

(d) *Definitions.* (1) "Sale at retail" means a sale to a stock feeder or other ultimate consumer or user.

(2) "Laid-down cost" means the delivered price to the dealer, computed in accordance with section 11a (b) (c) of Revised Maximum Price Regulation No. 291.

(3) *"Cane blackstrap molasses" and "Beet sugar final molasses"* mean the final by-product liquid from the cane sugar refining process, after the extraction of all commercially available sucrose, and the final by-product liquid from beet sugar manufacturing, including straight house or whole molasses and Steffens discard molasses.

(e) *Applicability of other regulations.* Except insofar as the same are contradictory of or inconsistent with some one or more of the terms and provisions of this Revised Order No. G–43, the General Maximum Price Regulation remains in full force and effect, and must be observed and complied with by dealers making sales at retail under this revised order.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This Revised Order No. G–43 may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Revised Order No. G–43 shall become effective on July 19, 1945.

Issued this 26th day of July 1945.

[Region II Order G-66 Under RMPR 122]

PENNSYLVANIA ANTHRACITE IN PENNSYLVANIA

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122 it is ordered:

(a) *What this order does*—(1) *Dealers' maximum prices; area covered.* If you are a dealer in "Pennsylvania anthracite", this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" (hereinafter called simply "anthracite") delivered to or at any point in the State of Pennsylvania—Coal Area IX. Coal Area IX includes the Boroughs of Stroudsburg and East Stroudsburg; the Townships of Smithfield and Stroud; Monroe County, in the Commonwealth of Pennsylvania.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated sizes and quantities of anthracite delivered within Coal Area IX are set forth in Schedule I hereafter.

(3) *To what sales this order applies.* If you are a dealer in anthracite, you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area IX whether or not you are located in Coal Area IX.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell or in the course of trade or business, buy anthracite of the sizes and in the quantities set forth in the schedule herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by:

(i) Changing the discounts authorized herein, or

(ii) Charging for any service which is not expressly requested by the buyer, or

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an Agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) Refer to Schedule I which contains separate tables of prices for "direct-delivery" sales and "yard" sales of anthracite. (You will find Schedule I in paragraph (d).)

(2) Take the dollars-and-cents figure set forth in the applicable table of the schedule for the size and quantity you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give as specified therein. Where a discount is required, you must state it separately on your invoice.

(4) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure derived as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in Schedule I.

(d) *Schedule I.* Schedule I establishes specific maximum prices for certain sizes of anthracite in certain specific quantities, delivered to or at any point within Coal Area IX. There are separate tables of prices for "direct-delivery" sales and "yard" sales.

(1) *Sales on a "direct-delivery" basis for sales of anthracite of the sizes and in the quantities specified.*

Size	Per net ton	Per net ½ ton	Per net ¼ ton	Per 100 lbs. (for sales of 100 lbs. or more, but less than ¼ ton)	Per net 50-lb. bag
Broken, egg, stove, nut	$13.00	$7.00	$3.65	$0.80	$0.45
Pea	11.10	6.05	3.15	.70	.40
Buckwheat	9.05	5.05	2.65	.65	.375
Rice	8.20	4.60	2.45	.60	.35
Barley	6.90	3.95	2.10	-----	-----
Screenings	4.25	2.15	-----	-----	-----

Required discounts. You shall deduct from the prices set forth in table (1) of this schedule, on sales and deliveries of all sizes except screenings, a discount of 50¢ per net ton, and 25¢ per net ½ ton, where payment is made within ten days after delivery. Nothing in this subparagraph requires you to sell on other than a cash basis.

MAXIMUM AUTHORIZED SERVICE CHARGES

Special service rendered at the request of the purchaser and maximum authorized charges

"Carry" or "wheel": 40¢ per net ton; 20¢ per net ½ ton.

For deliveries involving hauling beyond five miles from the dealer's yard: 50¢ per net ton for each five miles or fraction thereof beyond five miles from the dealer's yard.

(2) *"Yard" sales for sales of anthracite of the sizes and in the qualities specified.*

Size	Per net ton	Per net ½ ton	Per net ¼ ton	Per 100 lbs. (for sales of 100 lbs. or more, but less than ¼ ton)	Per net 50-lb. bag
Broken, egg, stove, nut	$12.00	$6.50	$3.40	$0.70	$0.40
Buckwheat	8.05	4.55	2.40	.55	.325
Pea	10.10	5.55	2.90	.60	.35
Rice	7.20	4.10	2.25	.50	.30
Barley	5.90	3.45	1.85	-----	-----
Screenings	3.25	1.65	-----	-----	-----

Required discounts. You shall deduct from the prices set forth in table (2) of this schedule, on sales and deliveries of all sizes except screenings, a discount of 50¢ per net ton, and 25¢ per net ½ ton, where payment is made within ten days after delivery. Nothing in this subparagraph requires you to sell on other than a cash basis.

(3) For sales of anthracite bagged in units other than 50 lbs., maximum prices shall be calculated proportionately on the basis of the maximum prices applicable to sales of bagged coal in 50-lb. units. Such prices shall include the bag.

(e) *Commingling.* If you sell one size of anthracite commingled with another size of anthracite, your maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes so commingled, except in the following situation. Where a purchaser requests that two or more sizes of anthracite be commingled in one delivery, then, and in that event, if those sizes are separately weighed at the point of loading, the dealer may commingle those sizes in the truck or other vehicle in which the delivery is made. The price for anthracite so commingled shall be calculated on the basis of the applicable per net ton price for each size in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size in the combination.

(f) *Ex parte 148 freight rate increase.* Since the Ex parte 148 freight rate increase has been rescinded by the Interstate Commerce Commission, the dealers' freight rates are the same as those of December 1941. Therefore, you may not increase any schedule price on account of freight rates.

(g) *Addition of increase in supplier's maximum prices prohibited.* You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your supplier's maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(h) *Taxes.* If you are a dealer subject to this order, you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal tax upon the transportation of property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or an amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, or to the State of New York or any political subdivision thereof, you need not state this tax separately.

(i) *Adjustable pricing.* You may not make a price adjustable to a maximum price which will be in effect at some time

after delivery of the anthracite has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(j) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that a petition shall be filed with the Regional Administrator and acted upon by him.

(k) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke or rescind this order or any provision thereof, at any time.

(l) *Applicability of other regulations.* If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides, in brief, that a license is required of all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(m) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also state separately each service rendered and the charge made for it.

(n) *Posting of maximum prices: sales slips and receipts.* (1) If you are a dealer subject to this order, you shall post all your maximum prices (as set forth in the applicable table and schedule of this order) in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you are a dealer subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip, invoice, or receipt showing your name and address, the kind, size and quantity of the anthracite sold to him, the date of the sale or delivery, and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from and the authorized service charges and the taxes, which may be added to, the specific maximum prices prescribed herein.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser.

(o) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Scranton District Office of the Office of Price Administration, or with the Price Panel of the appropriate War Price and Rationing Board.

(p) *Definitions and explanations.* When used in this Order G–66, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political sub-divisions, or any agency of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer and deliver, and contracts and offers to do any of the foregoing. The term "sale", "selling", "sold", "seller", "buy", "purchase" and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling anthracite of the sizes set forth in the schedules herein, and does not include a producer or distributor making sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(5) The sizes of "Pennsylvania anthracite" described herein as broken, egg, stove, nut, pea, buckwheat, rice, barley and screenings, shall refer to the same sizes of the same fuel as were sold and delivered in the State of Pennsylvania-Coal Area IX with such designations during December 1941. Under no circumstances, however, shall the anthracite contain an ash content in excess of the limits specified by Amendment No. 1 to Solid Fuels Administration for War Regulation No. 9.

(6) "Direct delivery" means delivery to the buyer's bin or other storage space designated by buyer.

(7) "Carry" and "wheel" refer to the movement of coal to buyer's bin or storage space in baskets or other containers, or by wheelbarrow or barrel, from seller's truck or vehicle, or from the point nearest and most accessible to the buyer's bin or storage space at which the coal is discharged from seller's truck in the course of "direct delivery".

(8) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car or at a place of business of the seller other than at seller's truck or vehicle.

(9) Except as otherwise provided herein, or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(q) *Effect of order on Revised Maximum Price Regulation No. 122.* This order shall supersede Revised Maximum Price Regulation No. 122 except as to any sales or deliveries of solid fuels not specifically subject to this order.

NOTE: The record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–66 shall become effective July 30, 1945.

An opinion accompanying this amendment has been issued simultaneously herewith. Revised Order No. G–1 under General Order No. 50 is amended in the following respects:

1. The tax legend or statement appearing at the bottom of each page of Appendices A and B of the order is amended to read as follows:

Sellers who are required to pay a Federal Excise Tax on cabarets may add same to above prices if such tax is separately stated and collected.

Sellers who are required to pay the July 1, 1945, increase in the Florida Beverage tax may add to above prices the following charges if same are separately stated and collected:

Bottled Beer and Ale

12-oz. bottles, or less: 2½¢ per bottle.
32-oz. bottles: 4¼¢ per bottle.

Draft Beer and Ale

6-oz. glass: 0.007¢ per glass.
10-oz. glass: 0.013¢ per glass.
8-oz. glass: 0.01¢ per glass.
12-oz. glass: 0.015¢ per glass.
All other quantities: 17¢ per gallon prorated to the amount in the container.

If the resulting sum as figured above equals or exceeds ½¢, the fraction may be increased to the next higher cent, but if it is less than ½¢, the fraction must be reduced to the next lower cent.

All other taxes are included in above prices.

This amendment to Revised Order No. G–1 shall become effective July 10, 1945.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–1119]

COLUMBIA GAS & ELECTRIC CORP.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of August, 1945.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Columbia Gas & Electric Corporation ("Columbia"), a registered holding company and a subsidiary of The United Corporation, also a registered holding company;

All interested persons are referred to the said filing which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Columbia proposes to issue and sell to certain commercial banks (presently unidentified) $22,000,000 principal amount of notes bearing interest at the rate of 1½% per annum, to mature in two years. The proceeds of such notes ($22,000,000), together with $10,640,000 of treasury funds, are to be utilized to call for redemption and retire all Columbia's 25-year 5% Debenture Bonds, due May 1, 1952, presently outstanding in the principal amount of $32,000,000. Such bonds are to be called at the present call price of 102% plus accrued interest. In connection therewith, Columbia proposes to charge to its earned surplus since December 31, 1937 the premium to be paid in connection with the redemption of such bonds ($640,000) and the balance of unamortized debt discount and expense applicable to the bonds ($248,397.09) as of June 30, 1945, and to credit such surplus account with the amount of tax reduction resulting from the retirement of the bonds and the payment of the premium in connection therewith.

The declarant states that the issue and sale of these notes represents a temporary form of financing pending the completion by Columbia of the various steps of its Integration Plan involving, among other things, (a) the refinancing of The Cincinnati Gas & Electric Company and The Dayton Power and Light Company and the disposition by Columbia of its interest in these companies; and (b) the retirement of Colorado's outstanding indebtedness, preferred and preference stocks.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to such matter;

It is ordered, That a hearing on such matter under applicable provisions of said act and the rules of the Commission promulgated thereunder be held on August 15, 1945, at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Henry C. Lank, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in the proceedings shall file with the Secretary of the Commission, on or before August 11, 1945, his request or application therefor, as provided by Rule XVII of the rules of practice of this Commission.

It is further ordered, That, without limiting the scope of the issues presented by said filing, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed issuance of notes complies with the applicable requirements of section 7 of the act;

(2) Whether the fees, commissions, or other remuneration to be paid in connection with the issue and sale of said notes are reasonable;

(3) Whether the terms and conditions of said notes are detrimental to the public interest or the interest of investors and consumers;

(4) Whether the accounting entries to be recorded in connection with the proposed transactions are proper and conform with sound and accepted principles of accounting under the standards of the Act;

(5) Generally, whether the proposed transactions comply with all the applicable provisions and requirements of the act and rules and regulations promulgated thereunder and whether it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose terms and conditions in respect thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 6—AGRICULTURAL CREDIT

Chapter I—Farm Credit Administration

PART 11—NATIONAL FARM LOAN ASSOCIATIONS

MERGER OF SHAREHOLDER GROUPS

Section 11.375 of Chapter I, Title 6, Code of Federal Regulations, is hereby amended to read as follows:

§ 11.375 *Procedure.* Whenever, in an association authorized to operate under section 25 (b) of the Farm Credit Act of 1937, all impairment is removed in the stock owned by shareholders in group 1, and there is no impairment in the stock owned by shareholders in group 2, such groups may merge in the manner hereinafter set forth:

(a) The board of directors of the association shall call separate special meetings of the shareholders of group 1 and the shareholders of group 2 for the purpose of considering a proposed resolution of merger in a form prescribed by the Administration. Such meetings shall be called and held in accordance with the provisions of the association's bylaws applicable to meetings of association shareholders. The notice of the meetings shall contain a statement that a merger of the two groups of association shareholders will be voted upon and should contain a brief statement of the nature and effect of the proposal. At these meetings the effect of the proposed merger should be fully explained to the shareholders.

(b) The approval of a majority of the shareholders present and voting at each meeting at which the resolution of merger is considered shall be requisite for the adoption of such resolution.

(c) At least three copies of such resolution shall be prepared, and, when the resolution has been duly adopted by both groups, two copies shall be forwarded to the bank.

(d) The bank may request an examination of the association either on or before the adoption of the merger resolution. An examination may be required by the Land Bank Commissioner at any stage in the proceedings if it appears necessary in the interests of the shareholders.

(e) The bank shall forward to the Administration one copy of the resolution, a current financial statement of groups 1 and 2, and its recommendation as to whether the merger should be approved.

(f) No merger shall be effective unless or until it has been approved by the Commissioner. If the merger resolution is approved by the Commissioner, the effective date will be specified in his written approval and the bank and association will be notified of the approval and effective date by letter. Upon receipt of the approval notice the bank shall take such steps as it deems necessary to assist the secretary-treasurer of the association in consolidating the accounts and records of the two groups pursuant to the merger resolution. Such consolidation of accounts and records shall be made as of the close of business on the effective date of the merger. As soon as the merger has been completed, the secretary-treasurer shall notify each of the members of the association that the merger has been effected. A copy of that notice shall be sent to the Administration.

AUTHORITY: §§ 270.1 to 270.13, inclusive, issued under 56 Stat. 767; Pub. Law 30, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328; 8 F.R. 4681; OES Dir. 70, 10 F.R. 9478.

§ 270.1 *Introduction.* In an effort to maintain and increase the production of lamb and mutton, the United States Department of Agriculture, through the Commodity Credit Corporation (herein called "Commodity"), a corporate agency of the United States, pursuant to this announcement, hereby offers to make sheep and lamb production payments to eligible sellers and slaughterers of sheep and lambs within the District of Columbia and the 48 States of the United States for the period beginning August 5, 1945, and ending June 30, 1946 (both dates inclusive), all in the manner and subject to the terms and conditions specified in this offer.

§ 270.2 *Definitions.* As used in this offer:

(a) The term "legally authorized slaughterer" means:

(1) Any person who is operating as a slaughterer under Federal Meat Inspection pursuant to the act of May 4, 1907 (34 Stat. 1260), as amended, 21 U.S.C., 71, and as extended by the act of June 10, 1942 (56 Stat. 351), or

(2) Any person who is registered as a slaughterer and has been assigned a quota base pursuant to the regulations of the Office of Price Administration, or

(3) Any person who is certified pursuant to the provisions of War Food Order 139, as amended.

(b) The term "sheep" means any ovine animal that has or had one or more pairs of permanent teeth in full wear, including but not limited to yearlings, ewes, aged wethers, bucks, and rams.

(c) The term "lamb" means any young ovine animal whose first pair of permanent teeth have not developed to the extent of being in full wear.

(d) The term "eligible sheep and lambs" means sheep or lambs, except imported sheep or lambs in the United States less than 60 days, which are:

(1) Sold by any person other than a legally authorized slaughterer to a legally authorized slaughterer for slaughter and delivered for slaughter during the period beginning August 5, 1945, and ending June 30, 1946, or

(2) Raised by a legally authorized slaughterer and slaughtered during the period beginning August 5, 1945, and ending June 30, 1946, by such legally authorized slaughterer, or

(3) Purchased for feeding by a legally authorized slaughterer, fed not less than 30 days, and then slaughtered during the period beginning August 5, 1945, and ending June 30, 1946, by such legally authorized slaughterer, or

(4) Sold by any legally authorized slaughterer to another legally authorized slaughterer for slaughter after being raised or purchased for feeding and held by the first legally authorized slaughterer for not less than 30 days, and delivered for slaughter during the period beginning August 5, 1945, and ending June 30, 1946.

(e) The term "eligible seller" means any person other than a legally authorized slaughterer who, having owned and sold eligible sheep or lambs to a legally authorized slaughterer for slaughter, delivers such sheep or lambs during the period August 5, 1945, through June 30, 1946, to such legally authorized slaughterer for slaughter.

(f) The term "eligible slaughterer" means:

(1) Any legally authorized slaughterer who, having raised sheep or lambs, slaughters such sheep or lambs during the period beginning August 5, 1945, and ending June 30, 1946, or

(2) Any legally authorized slaughterer who, having purchased sheep or lambs for feeding and fed such sheep or lambs for not less than 30 days, slaughters such sheep or lambs during the period beginning August 5, 1945, and ending June 30, 1946, or

(3) Any legally authorized slaughterer who, after owning sheep or lambs for not less than 30 days, sells such sheep or lambs to any other legally authorized slaughterer for slaughter and delivers such sheep or lambs for slaughter during the period beginning August 5, 1945, and ending June 30, 1946.

(g) The term "person" means any individual, partnership, association, business trust, corporation, or any organized groups of persons, either incorporated or not, and includes the states and any subdivisions thereof.

(h) The term "live weight" means the actual weight of the live animal or lot of animals or the weight on which settlement is made, whichever is lower.

§ 270.3 *Payments.* Payments under this offer will be made upon compliance with the terms and conditions specified herein to any eligible seller with respect to eligible sheep and lambs sold by him and to any eligible slaughterer with respect to eligible sheep and lambs sold or slaughtered by him. Not more than a total of $36,000,000 will be paid to sellers and slaughterers under this offer.

§ 270.4 *Duplicate payments.* Commodity will not make more than one payment with respect to any one sheep or lamb.

§ 270.5 *Rates of payments.* Rates of payment hereunder for eligible sheep and lambs sold or slaughtered by eligible sellers or eligible slaughterers shall be as follows:

RATE OF PAYMENTS PER CWT. FOR ELIGIBLE SHEEP AND LAMBS FOR THE PERIOD AUGUST 5, 1945, THROUGH JUNE 30, 1946

	Lambs 65 to 90 pounds	Lambs over 90 pounds
1945		
August	$1.50	$2.15
September	1.50	2.15
October	1.50	2.15
November	1.50	2.15
December	2.00	2.65
1946		
January	2.00	2.65
February	2.50	3.15
March	2.50	3.15
April	2.50	3.15
May	2.00	2.65
June	2.00	2.65

Payments for all other lambs and all sheep, August 5, 1945, through June 30, 1946, will be at the rate of $1.00 per hundredweight.

In determining the amounts due eligible sellers and eligible slaughterers, the live weight of each lot of the eligible sheep and lambs shall be used. In determining the weight classification of eligible lambs, the average live weight of each lot of lambs shall be used.

§ 270.6 *Prerequisites for payments.* Payment hereunder will be made to any eligible seller or slaughterer who:

(a) Files an application in such form as shall be approved or prescribed by Commodity, with the county AAA committee for the county in which the farm, ranch, or feed lot on which the sheep or lambs were last situated for not less than 30 days is located (or such other place as Commodity may designate).

(b) Supplies with such application for payment evidence with respect to his eligibility to receive payment as provided in this offer which the County AAA committee determines to be satisfactory pursuant to instructions approved by Commodity, and

(c) Files such application within 60 days after date of delivery or slaughter, or on or before December 31, 1945, whichever is later (unless such time is, for cause, extended by Commodity).

§ 270.7 *Method of payment.* Payment hereunder, on the basis of each such application for payment which has been ap-

proved by the appropriate county AAA committee shall (unless Commodity otherwise directs), be made by a non-interest-bearing draft drawn by such county AAA committee or other drawer designated by Commodity on Commodity and payable at a Federal Reserve Bank. Such draft shall be made payable to the person shown in the corresponding application for payment to be the eligible seller or slaughterer, except as provided in § 270.10. Each draft shall be given a serial number and shall be delivered to the eligible seller or slaughterer. The making of any payment on the basis of an approved application for payment filed hereunder shall not constitute a final determination of the validity or amount of the claim represented thereby. Any applicant who is determined by Commodity acting through the applicable county AAA committee (or such other agent as may be designated) to have filed a wilfully falsified application pursuant to this offer, shall be deemed ineligible for the payment for which such claim is filed. Payments made on an application later determined to be wilfully falsified shall be repaid by the applicant. If it is determined that an improper application resulted from factors beyond the knowledge and control of the applicant, Commodity acting through the appropriate county AAA committee (or such other agent as may be designated) may accept a revised application and pay the amount which it deems proper. The provisions of this section shall not preclude legal action by Commodity under the Criminal Code of the United States against any seller or slaughterer who submitted an application for payment under this offer for an amount in excess of the amount which would be proper in accordance with the terms of the offer.

§ 270.8 *Right to declare claims invalid.* Commodity shall have the right to declare invalid in whole or in part, any claim which is not in compliance with the terms and conditions of this offer and any claim filed by an applicant who, in the judgment of the Price Administrator, has wilfully violated any meat or livestock regulation or order issued by the Price Administrator. Commodity shall also have the right to declare invalid, in whole or in part, any claim filed by an applicant concerning whom the Office of Price Administration has certified that in any civil action or proceeding (including a proceeding before a hearing commissioner) against such applicant it has been determined that the applicant has violated any substantive provision of any meat or livestock regulation or order issued by the Price Administrator. If such determination is finally reversed, payment withheld under this section will be made by Commodity.

§ 270.9 *Assignment and set-off.* Payments due or to become due hereunder shall not be subject to assignment, attachment, garnishment, or levy. Payments hereunder shall be subject to set-offs for indebtedness of the eligible seller or slaughterer to the United States of America or any agency or corporation thereof recorded on any AAA debt register, and this offer is expressly made subject to this provision for set-offs.

§ 270.10 *Death, incompetency, or other disability of seller or slaughterer.* In case of death, incompetency, or disappearance of an eligible seller or slaughterer, application for any payment hereunder may be made by any person who, under the regulations contained in ACP–122, as amended, issued by the AAA, would be entitled to payment. In case of infancy, bankruptcy, dissolution, or other disability of the eligible seller or slaughterer, payments will be made to a representative only in accordance with specific instructions issued by Commodity.

§ 270.11 *Lost, stolen, or destroyed drafts.* In the event any executed draft shall be lost, stolen, or destroyed, the fact of such loss, theft, or destruction shall be reported immediately to the office of the applicable county AAA committee and, in such event, the issuance of a duplicate draft shall be subject to such conditions as Commodity shall, from time to time prescribe.

§ 270.12 *Instructions and interpretations.* Commodity shall have the right to supplement or clarify any provision of this offer or alter any procedure contained herein at any time by the issuance of instructions or interpretations in connection therewith.

§ 270.13 *Revocation or modification.* This offer, or any extension hereof, may be partially or wholly revoked, modified, or amended by Commodity with respect to any seller or slaughterer at any time upon notice to such seller or slaughterer or with respect to all sellers or slaughterers, by Commodity giving public notice of such modification, revocation, or amendment. Such public notice may be given by filing of the notice with the Division of the Federal Register. Notwithstanding any such revocation, modification, or amendment, payment will be made with respect to eligible sheep and lambs sold or slaughtered pursuant to this offer prior to the effective time of any such revocation, modification, or amendment.

Issued this 9th day of August 1945.

Chapter XI—War Food Distribution Orders

[WFO 45, Amdt. 9]

PART 1491—BEANS

RESTRICTIONS ON DELIVERIES OF BEANS

War Food Order No. 45, as amended, § 1491.1 (9 F.R. 9775, and 14273; 10 F.R. 103) is hereby amended:

1. By striking the words "War Food Administrator" and the words "War Food Administration" wherever they appear in § 1491.1 and substituting in lieu thereof, respectively, the words "Secretary of Agriculture" and the words "United States Department of Agriculture."

2. By deleting § 1491.1 (a) (7) and substituting in lieu thereof the following:

(7) "Governmental agency" means (i) the armed services of the United States; (ii) the United States Department of Agriculture (including but not restricted to any corporate agency thereof); and (iii) any other instrumentality or agency designated by the Secretary of Agriculture.

3. By adding, after § 1491.1 (a) (9), the following:

(10) "Secretary of Agriculture" means the Secretary of Agriculture, United States Department of Agriculture.

4. By deleting § 1491.1 (b) (3) and (4) and substituting in lieu thereof the following:

(3) Beans required to be set aside under this order may be sold only to:

(i) A governmental agency in response to announcements or notices by the particular agency that offers for beans will be received;

(ii) An authorized purchaser who furnishes a certificate in accordance with (c) hereof; or

(iii) A country shipper who acquires such beans for the express purpose of resale and delivery to an authorized purchaser or to a governmental agency, and who furnishes a certificate in accordance with (c) hereof.

5. By renumbering § 1491.1 (b) (5) as § 1491.1 (b) (4).

This amendment shall become effective at 12:01 a. m., e. w. t., August 9, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 45, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

PEGGY SHOPS, INC., ETC.

§ 3.295 (b) *Concealing or obliterating law-required marking—Wool products tags or identification.* In connection with the purchase, offering for sale, sale, or distribution of women's clothing or any other "wool product," as such products are defined in and subject to the Wool Products Labeling Act of 1939, causing or participating in the removal or mutilation of any stamp, tag, label, or other means of identification affixed to any such "wool product" pursuant to the provisions of said Act, with intent to violate the provisions thereof, and which stamp, tag, label, or other means of identification purports to show all or any part of the following, namely, (a) the percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding fire per centum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five per centum or more, and (5) the aggregate of all other fibers; (b) the maximum percentage of the total weight of such wool product of any non-fibrous loading, filling, or adulterating matter; or (c) the name of the manufacturer of such wool product; or the manufacturer's registered identification number and the name of a seller of such wool product; or the name of one or more persons introducing such wool product into commerce, or engaged in the sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45 b; 54 Stat. 1128; 15 U.S.C., Sec. 68) [Cease and desist order, Peggy Shops, Inc., etc., Docket 5035, July 19, 1945.]

At a regular session of the Federal Trade Commission held at its office in the City of Washington, D. C., on the 19th day of July, A. D. 1945.

In the Matter of Peggy Shops, Inc., a Corporation, Trading and Doing Business as Karlton Vogue Shop

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admitted all the material allegations of fact set forth in said complaint and waived all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act and the provisions of the Wool Products Labeling Act of 1939:

It is ordered, That respondent Peggy Shops, Inc., a corporation, trading and doing business as Karlton Vogue Shop, or under any other name, its officers, agents, representatives, and employees, directly or indirectly, in connection with the purchase, offering for sale, sale, or distribution of women's clothing or any other "wool product," as such products are defined in and subject to the Wool Products Labeling Act of 1939, do forthwith cease and desist from causing or participating in the removal or mutilation of any stamp, tag, label, or other means of identification affixed to any such "wool product" pursuant to the provisions of said Act, and which stamp, tag, label, or other means of identification purports to show all or any part of the following:

(a) The percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five per centum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five per centum or more, and (5) the aggregate of all other fibers.

(b) The maximum percentage of the total weight of such wool product of any non-fibrous loading, filling, or adulterating matter.

(c) The name of the manufacturer of such wool product; or the manufacturer's registered identification number and the name of a seller of such wool product; or the name of one or more persons introducing such wool product into commerce, or engaged in the sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

Sec.
814.1 Destinations.
814.2 General provisions.
814.3 Clearance for export.
814.4 Period of validity.

AUTHORITY: §§ 814.1 to 814.4, inclusive, issued under sec. 6, 54 Stat. 714; Pub. Law 75, 77th Cong.; Pub. Law 638, 77th Cong.; Pub. Law 397, 78th Cong.; Pub. Law 99, 79th Cong.; E.O. 8900, 6 F.R. 4795; E.O. 9361; 8 F.R. 9861; Order No. 1, 8 F.R. 9938; E.O. 9380, 8 F.R. 13081; Delegation of Authority No. 20, 8 F.R. 16235; Delegation of Authority No. 21, 8 F.R. 16320; Delegation of Authority No. 55, 9 F.R. 7512.

§ 814.1 *Destinations.* The provisions of this part apply only to exporations to destinations included in Country Group K as set forth in paragraph (a) of § 802.3 of this subchapter.

§ 814.2 *General provisions.* (a) There is hereby established a limited production license designated "LPL", authorizing, subject to the other provisions of this part, the exportation to Group K destinations of any of the following types of small caliber ammunition (.22 caliber and under) manufactured for export under the provisions of War Production Board Order L-286 and classified under one of the following Schedule B numbers:

Commodity, Schedule B Number, and Unit of Reporting
Balls, 948101, round.
Tracers, 948103, round.
Ammunition for small arms, n. e. s. 948163, round.
Shotgun shells, 948162, units.
Fuses for guns, 948701, units.
Primers for guns, 948702, units.

(b) Any person, who is a manufacturer, or the agent of a manufacturer, authorized, under the provisions of War Production Board Order L-286, to produce for export any of the types of small caliber ammunition (.22 caliber and under) described in paragraph (a) of this section, may, as an alternative procedure to the filing of applications for individual licenses, file an "Application for Limited Production License" accompanied by an "Application for Distribution Schedule for Small Caliber Ammunition (.22 Caliber and Under)" on the forms prescribed by the Foreign Economic Administration. All of the terms, conditions, provisions and instructions contained in such forms are hereby incorporated as a part of the regulations in this subchapter. All such applications shall contain such information as may be required by the Foreign Economic Administration, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(c) A separate and complete application and distribution schedule, in triplicate, shall be filed for the quantity of each type of small caliber ammunition described in paragraph (a) of this section, which the applicant desires to export to Group K destinations during each calendar quarter, commencing with the third calendar quarter of 1945. Applications for limited production licenses for export of small caliber ammunition during the third calendar quarter of 1945 shall be filed with the Requirements and Supply Branch, Foreign Economic Administration, Washington 25, D. C., as soon as possible after the effective date of this regulation, and applications for

succeeding calendar quarters shall be filed on or before the 15th day of the month immediately preceding the calendar quarter for which the application is made.

(d) Any exporter whose application for a limited production license and related application for a distribution schedule for small caliber ammunition has been approved by the Foreign Economic Administration may, during the period of validity of the license, export under such license to each country or group of countries listed in the related distribution schedule not more than the quantity and type of small caliber ammunition approved by the Foreign Economic Administration for export to each such country or group of countries in said distribution schedule.

(e) Limited production licenses and related distribution schedules for small caliber ammunition may be amended by the Foreign Economic Administration upon application of the holder of such license in the form of a letter addressed to the Requirements and Supply Branch, Foreign Economic Administration, Washington 25, D. C. Amendments will be issued by the Foreign Economic Administration by letter which shall be considered a part of the limited production license and distribution schedule for small caliber ammunition to which the amendment is applicable.

§ 814.3 *Clearance for export.* (a) The provisions of § 801.7 of this subchapter shall not apply to exportations under any limited production license for small caliber ammunition. In lieu of the presentation of an original export license or other document issued by the Foreign Economic Administration, any exporter making an exportation of small caliber ammunition under a limited production license shall present to the United States Collector of Customs at the port of exit or the United States Postmaster at the place of mailing a Shipper's Export Declaration bearing the symbol "LPL" and the number of the limited production license for small caliber ammunition pursuant to which such exportation is being made.

(b) The use by any exporter of the symbol "LPL" on a Shipper's Export Declaration for the purpose of clearing an exportation of small caliber ammunition constitutes a certification by the exporter (1) that the exportation of the commodities described in such Shipper's Export Declaration is authorized under the limited production license therein identified to the destination specified; (2) that the type and quantity of such commodities are within the limitations set by the distribution schedule for small caliber ammunition relating to such license; and (3) that all of the other provisions and conditions of said license have been met.

§ 814.4 *Period of validity.* Limited production licenses for small caliber ammunition shall be valid for the calendar quarter for which issued and for a further period of 60 days after the expiration of such calendar quarter unless the period of validity is reduced or extended by the Foreign Economic Administration. All limited production licenses for small caliber ammunition are subject to revocation or revision at any time by the Foreign Economic Administration.

This amendment shall become effective immediately upon publication.

[Suspension Order S-879]

LEMANARO REALTY CO. ET AL.

Lemanaro Realty Company, an Indiana corporation, of 5255 Hohman Avenue, Bloom's Furs, Hammond, Indiana, as owner, began construction of an addition, to be used as retail service establishments, in November 1944, to a building at 5255-59 Hohman Avenue, Hammond, Indiana. Philip Zweig of 1959 Broadway, Gary, Indiana, acted as contractor for said construction, and supplied labor and certain new materials in connection therewith. The work consisted of an addition to the rear of said building at a contract price of approximately $12,000, exclusive of certain used materials to be incorporated therein. Said construction was started without permission or approval of the War Production Board and in violation of Conservation Order L-41, and was continued until an investigator of the War Production Board visited said premises and a "stop telegram" was sent to the respondent, Lemanaro Realty Company, at which time approximately $8,000 had been paid by the Lemanaro Realty Company to Philip Zweig for work performed in connection with said construction.

Lemanaro Realty Company and Philip Zweig had general knowledge that there were War Production Board restrictions on building and construction, and the beginning and carrying on of aforesaid construction without War Production Board authorization or permission constituted a violation of Conservation Order L-41, such violation being a result of the respondents' gross negligence.

This violation of Conservation Order L-41 has diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered that:

§ 1010.879 *Suspension Order S-879.* (a) Lemanaro Realty Company and Philip Zweig, their successors or assigns, shall not do any construction on the building at 5255-59 Hohman Avenue, Hammond, Indiana, or upon the addition thereto, including completing or altering of said building or addition thereto, or connecting any equipment or fixtures, unless hereinafter specifically authorized in writing by the War Production Board.

(b) The restrictions and prohibitions contained herein shall apply to Lemanaro Realty Company and Philip Zweig, their successors or assigns, or persons acting on their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(c) Nothing contained in this order shall be deemed to relieve the Lemanaro Realty Company or Philip Zweig, their successors or assigns from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 8th day of August 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Amdt. 4 to Schedule B]

SPECIAL PROGRAM FOR COTTON AND WOOL MACHINE KNITTED ITEMS

Section 3290.120b *Schedule B to Conservation Order M-328B* is hereby amended in the following respect:

Amend paragraph (f) to read as follows:

(f) *Priorities assistance for component parts.* Persons applying for priorities assistance under this schedule may apply for cotton or rayon fabrics, ribbons, tapes, braids or stays, sewing thread and buttons in quantities needed for incorporation into the number of units for which priorities assistance is requested. Applications for cotton materials shall be made on form WPB-2842 filed with the Textile, Clothing and Leather Bureau, War Production Board, Washington 25, D. C., and for rayon materials and buttons on form WPB-541, filed with the Textile, Clothing and Leather Bureau, War Production Board, Washington 25, D. C. Such applications will be approved to the extent of available materials and to the extent that allocations are made for the production of items. A base period manufacturer who files forms WPB-2842 and WPB-541 for the third calendar quarter of 1945 by August 31, 1945, may, as soon as he files his application, apply an AA-3 rating for the purchase of cotton or rayon fabrics, ribbons, tapes, braids or stays and buttons (but not thread) for delivery in that quarter for incorporation into the items for which he has made application on form WPB-3732. He may do so only for 66⅔% of the quantity of each of these components for which application was made. Components purchased under this provision shall be deducted by the manufacturer from the total quantity for which priorities assistance is granted on forms

WPB–2842 and WPB–541. If the applicant does not receive a grant of the entire quantity thus rated, he shall, upon notification of his grant by the War Production Board, immediately cancel orders for any undelivered quantities which are in excess of his grant.

Issued this 8th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–796, Reinstatement and Amendment]

MAX LAWRENCE & CO.

Max Lawrence & Company, a partnership composed of Max Lawrence and Elsie Lawrence, his wife, of 13 West 37th Street, New York City, engaged as a "converter" of textiles, was suspended on May 30, 1945, by Suspension Order No. S–796. They appealed from the provisions of the suspension order, and pending determination of the appeal, the suspension order was stayed by the Chief Compliance Commissioner on May 30, 1945 for a period of seven days ending June 5, 1945. The suspension order was further stayed by the Chief Compliance Commissioner on June 5, 1945 pending determination of the appeal or until further order by the Chief Compliance Commissioner or his Deputy. The appeal has been considered by the Chief Compliance Commissioner who has dismissed the appeal and directed that the stay be terminated and the suspension order reinstated.

In view of the foregoing: it is hereby ordered, that: § 1010.796, *Suspension Order No. S–796* issued May 23, 1945, and effective May 30, 1945, be and hereby is reinstated effective August 9, 1945, to expire March 9, 1946; the stay of execution directed by the Chief Compliance Commissioner on June 5, 1945, be and hereby is revoked effective August 8, 1945; and that the suspension order be modified by striking paragraphs (a), (c), (d), and (h) therefrom and substituting the following paragraphs:

(a) Max Lawrence and Elsie Lawrence shall not, from the effective date of this order to and including March 9, 1946, apply or extend any preference ratings regardless of the delivery date named in any purchase order to which such ratings may be assigned, applied or extended.

(c) All preference ratings, allotments and allocations presently outstanding in connection with purchase orders for the delivery of woven, felted, knitted and braided fabrics of cotton, wool, or synthetic yarns and blends of the foregoing presently outstanding or placed by Max Lawrence & Company prior to the termination of this order, i. e.—March 9, 1946, are void and shall not be given any effect by suppliers of said Max Lawrence & Company, by any other person or persons.

(d) Max Lawrence and Elsie Lawrence shall not from the effective date of the suspension order to and including March 9, 1946, receive or accept delivery of woven, felted, knitted, and braided fabrics of cotton, wool or synthetic yarns or blends of the foregoing, unless specifically authorized in writing by the War Production Board.

(h) This order shall take effect on August 9, 1945.

Issued this 31st day of July 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–864]

JOHNSON & WIMSATT, INC.

Johnson & Wimsatt, Inc., a corporation with its principal place of business at Ninth & Maine Streets SW, Washington, D. C., is engaged in the business of selling lumber, hardboard and other building materials. Between August 1, 1944 and March 31, 1945, the company placed orders bearing preference ratings of AA–1 for 1,574,352 square feet of hardboard, when it was authorized to use this preference rating to obtain only 877,789 square feet; between March 6 and March 9, 1945, it applied or extended unauthorized preference ratings of AA–1 to the National Gypsum Company on three purchase orders for six carloads of hardboard; and on March 13, 1945, it applied or extended an unauthorized preference rating of AA–1 to the Certain-teed Products Corporation for two carloads of hardboard, all in violation of Priorities Regulation No. 3. The responsible officer of Johnson & Wimsatt, Inc., was aware of the provisions of Priorities Regulation No. 3, and its actions constituted wilful violations thereof.

These violations diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.864 *Suspension Order No. S–864.* (a) Johnson & Wimsatt, Inc. shall not for three months from the effective date of this order apply or extend any preference ratings to obtain any hardboard regardless of the delivery date named in any purchase order to which such ratings may be applied or extended.

(b) Johnson & Wimsatt, Inc., shall cancel immediately all preference ratings which it has applied or extended to orders for hardboard which have not yet been filled, except hardboard already in transit for delivery to it on the effective date of this order.

(c) The restrictions and prohibitions contained herein shall apply to Johnson & Wimsatt, Inc., its successors and assigns and persons acting in its behalf. Prohibitions herein against the taking of any action include the taking indirectly as well as directly of any such action.

(d) Nothing contained in this order shall be deemed to relieve Johnson & Wimsatt, Inc., from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on the 9th day of August 1945.

Issued this 2d day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–881]

VETERANS OF FOREIGN WARS, LUZON-ARGONNE POST NO. 827 AND HOME ASSOCIATION, INC.

Veterans of Foreign Wars, Luzon-Argonne Post No. 827, a voluntary association with offices at 230½ North Rose Street, Kalamazoo, Michigan, operates a club house located at 491 West Michigan Avenue, Kalamazoo, Michigan. Home Association, Inc., of 230½ North Rose Street in the same city is the owner of the foregoing premises in which the club house is located. In October 1944, without authorization from the War Production Board, they did construction on the club house at a cost of $18,000 which amount exceeded an express authorization permitting the expenditure of only $6,375 for such construction, in violation of Conservation Order L–41. The officers of the association and the corporation were aware of the provisions of Conservation Order L–41 and their actions constituted wilful violations thereof.

This violation has diverted critical materials to uses unauthorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.881 *Suspension Order No. S–881.* (a) Neither the Veterans of Foreign Wars, Luzon-Argonne Post No. 827, Home Association, Inc., their successors or assigns, nor any other person shall do any construction work on the premises located at 491 West Michigan Avenue, Kalamazoo, Michigan, including putting up, altering or finishing the structure, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Veterans of Foreign Wars, Luzon-Argonne Post No. 827, Home Association, Inc., their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–883]

JOHN J. CLATFELTER

John J. Clatfelter, of 1616 East Fourth Street, Royal Oak, Michigan, without permission of the War Production Board, did construction between August 1, 1944, and April 24, 1945, of five residential structures at North Bay, Houghton Lake, Michigan, the estimated cost of each of which was in excess of $200.00 in violation of Conservation Order L–41. John J. Clatfelter should have known of Conservation Order L–41 and his beginning and carrying on of this construction constitutes a grossly negligent violation of that order.

This act of violation has diverted critical materials to the uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered that:

§ 1010.883 *Suspension Order S–883.* (a) John J. Clatfelter shall do no construction on the premises at North Bay, Houghton Lake, Michigan, including putting up, altering, or finishing any structures thereon, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve John J. Clatfelter from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(c) The restrictions and prohibitions contained herein shall apply to John J. Clatfelter, his successors or assigns, or persons acting on his behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–884]

PROCESS LITHOGRAPH CO.

Process Lithograph Company, a Michigan corporation, with offices at 2863 East Grand Boulevard, Detroit, Michigan, owns and operates a commercial printing establishment. During the second and fourth quarters of 1944 the company used, for commercial printing, 42,998 pounds of paper in excess of its quarterly consumption quota, in violation of Limitation Order L–241. During December, 1944, and thereafter, the company did construction of an office building at 2863 East Grand Boulevard, Detroit, Michigan, at an estimated cost in excess of the amount permitted by, and in violation of Conservation Order L–41. The officers of the company were aware of the restrictions of Conservation Order L–41, and its actions constituted a grossly negligent violation thereof.

These violations have diverted critical materials to uses unauthorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.884 *Suspension Order No. S–884.* (a) In each of the third and fourth calendar quarters of 1945 and the first calendar quarter of 1946, Process Lithograph Company shall reduce its use of paper for commercial printing by 14,333 pounds under the quota it would otherwise be entitled to use during these quarters as specified by the provisions of Limitation Order L–241, unless otherwise specifically authorized in writing by the War Production Board.

(b) For a period of one year from the effective date of this order, no authorization to begin any new construction to be erected in whole or in part by the Process Lithograph Company shall be granted, except as may hereafter be specifically authorized in writing by the War Production Board as an exception to, or in modification of this order.

(c) Nothing contained in this order shall be deemed to relieve Process Lithograph Company from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and prohibitions contained herein shall apply to Process Lithograph Company, its successors or assigns or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

PART 1075—CONSTRUCTION

[L–41, Direction 6]

COMPLETION OF PROJECTS WHICH WERE STARTED IN VIOLATION OF L–41 AND HAVE BEEN STOPPED

The following direction is issued pursuant to Limitation Order L–41:

(a) In the past certain construction jobs costing more than the limits provided in L–41 have been stopped as a result of action by the War Production Board. This action may have taken various forms. In some cases the War Production Board has obtained injunctions in the Federal Courts against continuance of construction. In other cases a suspension order or a consent order or a "stop construction" telegram has been issued directing the builder to cease construction on a project. In other cases telegrams have been sent warning builders to "stop violating" Conservation Order L–41.

(b) The limits on the cost of construction permissible without War Production Board authorization under L–41 have been raised by recent amendments. Accordingly, some construction jobs which were violations when started would now be permissible without application. It is the general policy of the War Production Board in such cases to release the builder from the restrictions imposed by the issuance of "stop construction" telegrams, suspension or consent orders or to recommend to the Court which granted the injunction that it be amended or dismissed. Releases from these restrictions will not be given, however, nor will recommendations be made to the Court in the case of an injunction, where completion of the construction would interfere with the war effort.

(c) If the total cost of the entire construction job, including both the cost of the part of the work previously done and the cost of its completion, is within the present appplicable annual limit under paragraph (d) (1) of L–41 (after subtracting from the allowance the cost of any other jobs done on the unit within the present calendar year), and if the builder has stopped construction either voluntarily or because of a telegram from an official of the War Production Board instructing him to "stop violating" L–41, the builder may proceed with the work without consulting the War Production Board.

(d) On the other hand, if the continuance of the particular construction job has been specifically forbidden by an official "stop construction" telegram or by a consent or suspension order issued by the War Production Board or by an injunction granted by court, then it is necessary to apply for relief from the telegram, order or injunction before resuming construction, in spite of the fact that the cost of the entire construction job is within the present applicable annual limit under paragraph (d) (1) of L–41 and no priorities assistance is needed. If a suspension order has been issued, the request for relief should be made to the Chief Compliance Commissioner, War Production Board, Washington 25, D. C. If a consent order or "stop construction" telegram has been issued, the request should be made to the nearest field office of the War Production Board. If an injunction has been issued, the request for relief should be made to the Court which granted the injunction (in order to expedite the request, it is suggested that the information requested below be given to the War Production Board field office at the time relief is requested from the Court). The request should contain a statement of the nature and cost of the work previously done and a statement of the nature and cost of the work required for completion. The request should also state whether any other construction work has been done on the unit in question during the present calendar year.

(e) The instructions given above apply when authorization under L–41 is not needed for the completion of the job. If the total cost of the entire construction job, including both the cost of the part of the work previously done and the cost of completion, is in excess of the limit provided in paragraph (d) (1) of L–41, an application for permission under L–41 to complete the job should be filed as indicated in paragraph (f) of that order. The applicant should give, either on the application or in a letter attached to the application, full information about beginning the construction (including a statement of the nature and cost of the work previously done and a statement of the nature and cost of the work required for completion) and about the circumstances under which construction was stopped, referring particularly to any stop telegram, suspension or consent order or injunction. An application may also be filed for priorities assistance for work which may be resumed without getting permission under L–41 (as indicated in paragraph (c)), in which case the instructions previously given in this paragraph should be followed.

Issued this 9th day of August 1945.

Recording Secretary.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-103, as Amended Aug. 9, 1945]

DYESTUFFS AND ORGANIC PIGMENTS

§ 3290.266 *Conservation Order M-103*—(a) *Definitions.* For the purposes of this order:

(1) "Dyestuffs" means any organic or partially organic coloring matter. The term includes organic coloring matter even though the matter itself appears colorless. The term does not include inorganic pigments extended or otherwise processed with resinates, with dispersing agents, or with other substantially colorless organic material.

(2) "Class A dyestuffs" means the anthraquinone vat dyes appearing on List A attached hereto.

(3) "Class B dyestuffs" means all anthraquinone vat dyes other than those appearing on said List A. The term includes Fast Red A. L. Salt and Fast Red A. L. Base, which shall be considered an anthraquinone vat dye of single strength.

(4) "Class C dyestuffs" means all anthraquinone dyes other than anthraquinone vat dyes.

(5) "Class D dyestuffs" means all other dyestuffs, except:

(i) Those derived from vegetable or animal sources;

(ii) Lithol Red CI 189, Azo Bordeaux CI 88, Alphanaphthylamine Maroon CI 82 or Pigment Green B; or

(iii) Dyestuffs certified under the provisions of the Federal Food, Drug and Cosmetic Act (Ch. 9, Title 21, U. S. Code) and sold and used exclusively for use in food, drugs and cosmetics, as defined in said Act.

(6) "Value" means the dollar value computed from the domestic consumer's contract sales price as of January 1, 1943.

(7) "United States" means the 48 States, the District of Columbia and the Territory of Alaska.

(8) "Producer" means any person in the United States engaged in the production of organic coloring matter.

(b) *Restrictions on delivery*—(1) *Class A.* No person shall in any calendar quarter deliver to any one person more than 25 pounds of any Class A dyestuffs and no one person shall in any calendar quarter accept a total of more than 25 pounds of any Class A dyestuffs for use in the United States or Canada, except for export within the limitations prescribed in paragraph (c) *Restrictions on export* and except as provided in paragraph (d) *General exceptions.* However, in any quarter any person may deliver or accept delivery of Class A dyestuffs in an amount not in excess of his quota of Class B dyestuffs, *Provided, however,* That his total deliveries or acceptance of deliveries of Class A and Class B dyestuffs shall not exceed the amount of his Class B quota.

(2) *Class B, C and D quotas.* Except as provided in paragraph (d) (*General exceptions*) and in paragraph (b) (3), no person shall in any calendar quarter, deliver any Class B, C, or D dyestuffs for use in the United States or Canada or accept delivery of any Class B, C, or D dyestuffs for use in the United States, in excess of the quantities specified in the following schedule:

May deliver	*May accept delivery*
Class B. 25% of combined amount of Class A and B dyestuffs delivered to all persons in 1941 for such use plus 250 pounds.	25% of combined amount of Class A and B dyestuffs received from all sources in 1941, plus 250 pounds.
(For the purpose of Class B quota, calculate in pounds of equivalent single strength Anthraquinone vat dyes. The poundage may be increased to equal 25 or a multiple thereof.)	
Class C. 17½% of value of Class C dyestuffs delivered to all persons in 1941 for such use plus $250 value.	17½% of value of Class C dyestuffs received from all sources in 1941, plus $250 value.
May deliver	*May accept delivery*
Class D. 20% of value of Class D dyestuffs delivered to all persons in 1941 for such use plus $250 value.	20% of value of Class D dyestuffs received from all sources in 1941, plus $250 value.
(For the purpose of Class D quota, in determining the value of dry and wet dispersions of organic pigments, only the organic pigment content for such dispersions shall be considered and it shall be based on the value of a comparable dry pigment.)	

(3) *Acceptance of delivery of dyestuffs for redyeing used apparel and household furnishings.* Except as provided in paragraph (d) no person shall in any calendar quarter accept delivery of any Class B, C or D dyestuffs for redyeing used apparel and household furnishings in the United States in excess of the quantities specified in the following schedule:

Class B. 25% of combined amount of Class A and B dyestuffs received from all sources in 1941, plus 250 pounds.

(For the purpose of Class B quota, calculate in pounds of equivalent single strength Anthraquinone vat dyes. The poundage may be increased to equal 25 or a multiple thereof.)

Class C. 25% of value of Class C dyestuffs received from all sources in 1941, plus $250 value.

Class D. 25% of value of Class D dyestuffs, received from all sources in 1941, plus $250 value.

The seller may rely upon a signed statement by the buyer that he is authorized to accept delivery under this subparagraph (3). If he has knowledge of this fact, he may waive the signed statement.

(4) *Quota adjustments.* For the purpose of the Class B, C and D quotas, referred to in the above schedule:

(i) *Use by producer.* Amounts of dyestuffs which are or have been used by a producer in any calendar quarter or in 1941, shall be considered as having been delivered to such person in such quarter or in 1941, as the case may be.

(ii) *Credit for returned dyestuffs.* Amounts of dyestuffs returned to a vendor prior to the 22nd day after the end of the calendar quarter in which they were delivered, shall not be charged as delivered or accepted.

(iii) *Carry-over of undelivered quota.* Amounts of dyestuffs which a person may deliver or accept which have not been delivered or accepted in any calendar quarter, may be delivered or accepted prior to the 22nd day after the end of such quarter.

(c) *Restrictions on exports*—(1) *General restrictions.* No person or corporation shall export or deliver for export from the United States to any place other than Canada any dyestuffs except either upon orders accompanied by individual export licenses issued by the Foreign Economic Administration (the applications for which show thereon the corresponding current domestic sales price of such dyestuffs) or upon orders from an agency of the United States for delivery pursuant to the Act of March 11, 1941, as amended, entitled "An Act to promote the Defense of the United States" (Lend-Lease Act). The applications for licenses must be accompanied by a statement that the amount requested for export is within the applicant's export quota under this order. The total value, exclusive of the exceptions provided in paragraph (d), of dyestuffs so exported or delivered in any quarter shall not exceed:

(i) 1⅛% of the total value of all dyestuffs delivered by him in 1941 plus

(ii) 25½% of the total value of dyestuffs exported or delivered for export by him from the United States to all places other than Canada in 1941.

(2) *Further restrictions on Class A, B and C.* The amount of dyestuffs, exclusive of the exceptions provided in paragraph (d), which may be exported or delivered for export from the United States to all places other than Canada in any calendar quarter, shall not exceed:

(i) As to Class A dyestuffs, ½ of 1% of the total value of all Class A dyestuffs delivered by him in 1941.

(ii) As to Class B dyestuffs, 2% of the total of all Class B dyestuffs delivered by him in 1941.

(iii) As to Class C dyestuffs, 2¼% of the total value of all Class C dyestuffs delivered by him in 1941.

(3) *Carry-over of undelivered portion of export quota.* Amounts of dyestuffs which may be exported or delivered for export from the United States to all places other than Canada in any calendar quarter and which have not been exported or delivered for export in such quarter, may be exported or delivered for export in the following quarter in addition to the quota for that quarter. For the purposes of this subparagraph (3), all dyestuffs, other than Class A, B or C, shall be considered one class.

(d) *General exceptions.* (1) The restrictions in subparagraphs (1), (2) and (3) of paragraph (b) *Restrictions on delivery* shall not apply to the delivery or acceptance of delivery of dyestuffs between or among producers and exclusive sales agents of producers.

(2) The restrictions in subparagraphs (1), (2) and (3) of paragraph (b) *Restrictions on delivery* and the restrictions in paragraph (c) *Restrictions on export* shall not apply to the delivery or acceptance of delivery of dyestuffs:

(i) To or by the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the United States Post Office, the Government Printing Office, the Bureau of Engraving and Printing, or the Government of Canada;

(ii) For ultimate delivery to any of the agencies mentioned in subparagraph (i) of this paragraph (d) (2) or for use to the extent specified in the prime contract, in the manufacture of any item which is being produced for any of said agencies;

(iii) For use in the manufacture of materials for uniforms as described in subdivisions (i) to (ix), inclusive, of paragraph (e) (1) of General Limitation Order L-224 (Clothing for Men and Boys) and in paragraph (d) (10) of General Limitation Order L-85 (Apparel for Feminine Wear);

(iv) For coloring gasoline and tractor fuels;

(v) For chemical indicators or bacteriological stains;

(vi) For medicinal, therapeutic or diagnostic uses;

(vii) For ultimate delivery to or by a retailer (who for this purpose means one who sells dyestuffs and other merchandise directly to the general public for its consumption, e. g., a general store, a drugstore, etc.) of dyestuffs in containers not exceeding 8 ounces in content;

(viii) To replace in inventory amounts which, although not acquired for any of the uses referred to in any of the subparagraphs of this paragraph (d), (2) were nevertheless used for one or more of such purposes; or

(ix) For purposes other than coloring (e. g. rubber chemicals);

Provided, That all deliveries of dyestuffs exempted from the restrictions of said paragraphs (b) and (c) by subparagraphs (1), (2) (ii), (iii), (iv), (v), (vi) or (viii) of this paragraph (d), shall be made only upon the receipt by the vendor from the purchaser of the certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board that the dyestuffs to be delivered on the annexed purchase order will be used for one or more of the purposes specified in paragraph (d) of Conservation Order M-103, or will replace inventory so used.

(e) The War Production Board may authorize the delivery and acceptance of delivery, export of and delivery for export of additional quantities of Classes A, B, C and D dyestuffs to be used as specifically directed. Such authority will be issued either in the form of individual letters or by published Directions supplemental to this order. Applications by letter for authorizations under this paragraph may be filed by producers of dyestuffs or commercial dyestuff users. Authorizations for the delivery and acceptance of delivery of additional quantities of Classes A, B, C, or D dyestuffs for domestic use (excluding dyestuffs to be used domestically in dyeing apparel for export) may be granted to the extent that it is necessary for the user to obtain additional dyestuffs to carry out a War Production Board order, direction, or approved program. Additional dyestuffs shall be deemed necessary when the user has insufficient supply of dyestuffs to carry out such orders, directions, or approved programs provided he is not using any of his regular quota to dye or print any material a deeper shade than a standard consistent with available supplies of dyestuffs and the need for the particular shades in carrying out War Production Board orders, directions, and approved programs. The granting of authorizations among dyestuff users participating in the same approved program or direction shall, insofar as practicable, be based on their proportionate participation in such program or direction. Authorizations for dyestuffs to be used in dyeing apparel for export may be granted when the dyestuffs will be used to fill contracts or subcontracts of a government agency or for other essential export uses. Authorization which in the aggregate would require more than a total of 2 per cent of the domestic dyestuff production for export as dyestuffs, or for use in redyeing apparel for export, will be granted only upon program determinations.

Any person who did not deliver or accept deliveries of dyestuffs covered by this order during 1941 may, nevertheless, on application to the War Producttion Board be granted quotas on an equitable basis in view of the quotas of other persons in the industry. This application should be made by letter stating the products the applicant proposes to manufacture which will require dye intermediates or dyestuffs; and what his present facilities are for the manufacture or processing of these products. Quotas for delivery or acceptance of deliveries of dyestuffs will be granted where this will not require materials, facilities or labor needed for war purposes and will not otherwise adversely affect or interfere with production for war purposes.

(f) *Treatment of mixtures.* In the case of physical mixtures of different classes of dyestuffs containing a component or components of one class to the extent of at least 90% of the value of such mixture, such mixtures shall be considered as belonging to the class to which said component or components belong. In the case of all other physical mixtures of dyestuffs, the classes of components shall be considered separately.

(g) *Restrictions on use of specific dyestuffs.* No person shall use any:

(1) [Deleted Oct. 23, 1943.]

(2) Anthraquinone in any physical form in discharging (including color and white discharge), stripping or destroying naphthol (azoic), vat or other dyes already present on textile fibers. This provision shall not prohibit the use of Anthraquinone in the manufacture of dyestuffs.

(3) Annato or annato extracts for coloring any materials other than food products.

(h) *Restrictions on inventory.* In addition to the restrictions on inventory contained in Priorities Regulation No. 1 (§ 944.14), no person shall accept delivery of any Class A dyestuffs which will increase his inventory thereof beyond an amount which, to the best of his knowledge and belief, will be used by him in the next 45 days.

(i) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(j) *General prohibitions.* No person shall deliver or accept delivery of any dyestuffs, if he knows, or has reason to believe, such material is to be used or is to be delivered or accepted in violation of the terms of this order.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(l) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(m) *Communications to the War Production Board.* All communications concerning this order, shall, unless otherwise directed in writing, be addressed to: War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., Reference: M-103.

Issued this 9th day of August 1945.

PART 3292—AUTOMOTIVE VEHICLES, PARTS AND EQUIPMENT

[General Limitation Order L-2-g, as Amended Aug. 9, 1945]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain materials entering into the production of passenger automobiles for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3292.36 *General Limitation Order L-2-g*—(a) *Definitions.* As used in this order.

(1) "Automobile" means any self-propelled vehicle designed for the purpose of carrying passengers, or the chassis therefor, with a seating capacity of not more than ten. The term "automobile" includes station wagons, taxicabs, ambulances and hearses.

(2) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(3) "Producer" means any person who was regularly established in the business of manufacturing automobiles at any time during the period August 1, 1941 to November 30, 1941, or who at any subsequent date has received a written authorization to produce automobiles issued under this order.

(b) *Limitation on production of passenger automobiles.* The War Production Board will authorize the production of automobiles on and after July 1, 1945 by written authorizations, specifying the quantities and the period in which production is to be made. No person shall produce any automobiles except as so authorized.

(c) *Basis for authorizations.* (1) The War Production Board will determine the total number of automobiles the production of which can be permitted without interference with the war effort. This total will be divided among the different producers in the same proportion as the production which was authorized for the period August 1 to November 30, 1941, subject to such compensating adjustments as may be necessary to take care of new producers or for other reasons.

(2) Any person who was not established in 1941 as a producer of automobiles but who wishes to engage in that business and to receive a written authorization to produce automobiles, and any person who upon receipt from the War Production Board of a written authorization to produce automobiles believes that he is entitled to produce a larger quantity than authorized, may apply for permission to do so as explained in Priorities Regulation 25.

(d) *No general priorities assistance to be granted.* The War Production Board cannot undertake to assure producers that they will be able to get all the materials needed for the production authorized. It is not the policy of the Board to make allotments of controlled materials or to assign preference ratings to cover the authorized production.

(e) *Restrictions on various materials remain in effect.* A number of materials normally used in the production of automobiles are expected to continue in short supply and various War Production Board orders restricting their delivery or use remain in effect. Consequently, producers of automobiles and of automotive parts will, in many cases, have to find substitutes for such materials.

(f) *Prohibition on spare tires for new automobiles.* No producer shall equip any automobile with more than four new tires, nor shall any producer or any other person sell, ship or deliver any automobile equipped with more than four new tires.

(f) *Production subject to rationing by Office of Price Administration.* The automobiles, except ambulances and hearses, produced pursuant to this order will be subject to the rationing procedures of Ration Order 2-B or subsequent ration orders of the Office of Price Administration.

(g) *Applicability of War Production Board regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Reports.* Producers shall file such reports as may be required from time to time by the War Production Board.

(j) *Communications.* All reports required to be filed under this order, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Automotive Division, War Production Board, Washington 25, D. C., Ref: Order L-2-g.

Issued this 9th day of August 1945.

PART 3293—CHEMICALS

[Conservation Order M-387 as Amended Aug. 9, 1945]

ROSIN

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rosin for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.646 *Conservation Order M-387*—(a) *Definitions.* (1) "Gum and wood rosin" means gum and wood rosin as defined by the Naval Stores Act of March 3, 1923, and the regulations issued by the Acting Secretary of Agriculture on April 22, 1941 under that act. However, the term "rosin" when not expressly limited to gum or wood rosin, means the gum or wood rosin content of any intermediate product as well as gum or wood rosin as such.

(2) "Intermediate product" means any product containing gum or wood rosin capable of use in the manufacture of a Schedule A or B product. The term includes but is not limited to mixing and grinding vehicles containing rosin, esterified rosin (ester gum), rosin modified phenolic resin, rosin modified maleic or fumaric resins, rosin modified phthalic alkyd resins, gloss oil, and the following products as defined in General Preference Order M-340; heat-treated rosin, stabilized rosins, polymerized rosin and metal resinates. The only intermediate products which need not be considered for the purpose of this order are specified in paragraph (e) (2).

(3) "Manufacturer" means any person who uses rosin in the manufacture of any product, or any person who has rosin manufactured for him into any product pursuant to toll arrangement.

(4) "Producer" means any person who produces gum or wood rosin.

(5) "Rosin quota" means the amount of rosin any manufacturer may use in any calendar quarter for the manufacture of any product on Schedules A or B. Each manufacturer has a separate rosin quota for each product on Schedules A and B. His quota for a Schedule A product amounts to the percentage (set opposite that product) of the quantity of rosin he put into process for the manufacture of that product to fill all orders (both preferred and civilian) during the corresponding calendar quarter of 1944. His quota for a Schedule B product amounts to the percentage (set opposite each product) of the quantity of rosin he put into process for the manufacture of that product to fill civilian orders only during the corresponding calendar quarter of 1944.

(6) [Revoked May 30, 1945.]

(7) [Revoked May 30, 1945.]

(8) "Preferred order" means a purchase order for a product (i) if the order is rated under Preference Rating Orders P-65 or P-149; or (ii) if the product is to be delivered to, used on, or incorporated in material and equipment to be delivered to the United States Army, Navy, Marine Corps, Coast Guard, Veterans' Administration, Maritime Commission, War Shipping Administration, War Food Administration, Bureau of Engraving and Printing, United States Government Printing Office, Panama Canal, Office of Scientific Research and Development, or any Government agency when purchasing pursuant to the act of March 11, 1941 (Lend Lease Act).

(9) "Civilian order" means any purchase order that is not a "preferred order" as defined above.

(10) "Printing ink" includes any fluid or viscous material or composition of materials used in printing, impressing, stamping, or transferring upon paper or paper-like substances, wood, fabrics or metals by the recognized mechanical reproductive processes employed in printing, publishing and related service industries.

(11) "Protective coating" means any liquid organic coating, thinner, or remover which either alone or mixed with other materials is normally applied to any surface by brush, spray, dip, roller coat, or other method of application. The term includes but is not limited to paint, varnish, enamel, lacquer, dope, lacquer or dope thinner, paint or varnish remover, stain and polishing waxes. The term does not include adhesive, cement, printing ink, coating for the manufacture of coated fabric, coating for leather (limited to hides, skins and splits, etc., which have not been incorporated into any product), coating for footwear (of any material, including leather) and coatings for manufacture of linoleum or felt base covering.

(12) "Soap" means the water soluble product formed by the saponification or neutralization of rosin, fats, oils, or their fatty acids, with organic, ammonium, sodium or potassium bases; or any composition containing such products. The term includes all types of shaving soaps and shaving creams, but shall not include soap used for nondetergent purposes and soap for industrial degreasing of metal tooling or metal fabrication.

(13) "Put into process" means the first change made by a manufacturer in the chemical or physical properties of gum or wood rosin, or of any intermediate product which he uses as such in the manufacture of a Schedule A or B product. For example, if gum or wood rosin is added as such to a kettle of other material in the final process of making a protective coating, the gum or wood rosin in question would be considered to have been "put into process" when it was put into the kettle. On the other hand, if gum or wood rosin is first compounded into a synthetic resin, and the synthetic resin subsequently is added to the kettle of other materials in the final process of making a protective coating, the rosin content in question would be considered to have been "put into process" when the synthetic resin was added to the kettle in the final stage of manufacture of the protective coating.

(b) *Restrictions on use.* (1) During the period from February 28 through March 31, 1945, inclusive, no manufacturer shall put into process for the manufacture of any product on Schedule A or B, more rosin than ⅓ of his rosin quota for the manufacture of that product.

(2) During the second calendar quarter of 1945, and during each calendar quarter thereafter, no manufacturer shall put into process for the manufacture of any product on Schedule A or B, more rosin than his rosin quota for the manufacture of that product.

(3) Rosin put into process to fill "preferred orders" for Schedule B products after February 28, 1945, shall not be charged against any rosin quota, notwithstanding paragraphs (b) (1) and (2) above.

(4) The use of rosin in the manufacture of products not on Schedule A or B is not restricted by paragraphs (b) (1) or (2) above.

(c) *End of quarter carry-over.* If, in any calendar quarter, a manufacturer does not use all of his rosin quota for the manufacture of any Schedule A or B product, the unused balance may be carried forward and used only in the succeeding calendar quarter for the manufacture of that product. Balances permitted to be carried over under this paragraph may be used in addition to the regular quota permitted by paragraph (b) for the quarter during which the carry-over is used. For example, if a manufacturer has a quota of 50,000 pounds per quarter for the manufacture of adhesives, and uses only 30,000 pounds in the first quarter of 1945, he has a carry-over of 20,000 pounds which he may consume for the manufacture of adhesives in the second quarter of 1945 in addition to his regular quota of 50,000 pounds. If, however, in the second quarter of 1945, he actually consumes only 40,000 pounds for adhesives, he has a carry-over for the third quarter of 1945 of only 10,000 pounds, viz., the difference between what was actually consumed (40,000 pounds) and his regular quota for that quarter (50,000 pounds). The 20,000 pound carry-over from the first quarter of 1945 is disregarded in determining the unused balance of his quota at the end of the second quarter of 1945.

(d) *Toll arrangements.* For the purpose of this order a toll arrangement is an arrangement under which rosin owned by one person (referred to as "the owner") is manufactured into a Schedule A or B product for the owner by another person (referred to as the "processor"). Toll arrangements are subject to the following restrictions:

(1) Any quantity of rosin put into process for the production of any product on Schedule A or B under toll arrangement during any calendar quarter shall be charged against the owner's rosin quota instead of the processor's, if the owner manufactured the product himself or had it manufactured for him during the corresponding calendar quarter of 1944.

(2) Any quantity of rosin put into process, under toll arrangement during any calendar quarter, for the production of any product on Schedule A or B, must be charged against the rosin quota of the processor and not against the rosin quota of the owner, if the owner did not manufacture that product nor have it manufactured for him during the corresponding quarter of 1944.

(3) Any processor who is offered rosin for processing on toll arrangement shall assume that he is required to charge the rosin against his own rosin quota, unless he is advised in writing by the owner that the owner manufactured the same product or had it manufactured for him during the calendar quarter of 1944 corresponding to the calendar quarter in which the rosin is to be put in process, and that the quantity offered can and will be charged against the owner's rosin quota.

(4) Quantities required to be charged against a rosin quota pursuant to this paragraph (d) shall be considered as having been put into process by the holder of the quota for the purpose of compliance with paragraph (b) above.

(e) (1) *Method of computing rosin content of intermediate products.* Since the provisions of this order refer not only to gum and wood rosin as such put into process in the making of Schedule A or B products, but also refer to the rosin content of intermediate products put into process for the manufacture of Schedule A or B products, it is necessary for man-

ufacturers to determine rosin content of intermediate products in some cases, not only to determine quotas and quantities to be charged against quotas, but also for the purpose of inventory and reporting provisions. In figuring the rosin content of the intermediate products listed below, a manufacturer shall use the estimated rosin content appearing after each of those intermediate products in order to determine both his rosin quota and his current consumption. For all other intermediate products, the rosin content must be ascertained.

Intermediate products	*Estimated rosin content (solvent free basis)*
Esterified rosin	96 lbs. of rosin per 100 lbs. of resin.
Rosin-modified phenolic resin	85 lbs. of rosin per 100 lbs. of resin.
Heat-treated rosins	100 lbs. of rosin per 100 lbs. of heat-treated rosins.
Stabilized rosins	100 lbs. of rosin per 100 lbs. of stabilized rosins.
Polymerized rosins	100 lbs. of rosin per 100 lbs. of polymerized rosins.
Metal resinates	90 lbs. of rosin per 100 lbs. of metal resinates.
Rosin modified maleic or fumaric resins	80 lbs. of rosin per 100 lbs. of resin.
Rosin modified phthalic alkyd resins	20 lbs. of rosin per 100 lbs. of alkyd resin.
Rosin oil	100 lbs. of rosin per 100 lbs. of rosin oil.

(2) *Special exemption for certain intermediate products.* No manufacturer shall include the rosin content of the following intermediate products for the purpose of calculating his past or current consumption of rosin in the manufacture of Schedule A or B products, or for the purpose of inventory or reporting provisions, notwithstanding any other provisions of this order:

Resinated colors.
Any intermediate products containing not more than 1% rosin by weight (solvent free basis).

(3) *Special provisions for mixing and grinding vehicles.* Any manufacturer who produces his own mixing or grinding vehicles for incorporation into Schedule A or B products which he himself produces, may charge his rosin consumption at the time he completes production of the mixing or grinding vehicle, if he so desires, instead of at the time when he uses the mixing or grinding vehicle in the manufacture of the Schedule A or B product. However, he must use the same timing basis in the production cycle for the purpose of computing current and base period consumption, and must continue to use the same timing basis for present and future computations under this order.

(f) *Inventory restrictions on rosin.* (1) No manufacturer shall accept any delivery of gum or wood rosin which would result in his having more than a five months inventory of gum and wood rosin, based on his current rate of operation.

(2) No manufacturer shall accept delivery of any intermediate product, or produce any intermediate product, if his acceptance or production would result in his having more than a three months inventory of that type of intermediate product, based on his current rate of operation.

(3) The term inventory refers to stocks owned by the manufacturer which are at factory, in intra-plant transfer, or stored elsewhere. However, nothing contained in this paragraph shall prevent a manufacturer from accepting one minimum standard commercial shipping unit if his inventory before acceptance is within the maximum limit set by this paragraph and if his inventory after acceptance is not more than twice the maximum limit set by this paragraph.

(g) *Restrictions on delivery of gum and wood rosin, and of intermediate products.* No producer or distributor of gum or wood rosin, or of any intermediate product, shall deliver such gum or wood rosin, or such intermediate product, and no manufacturer shall accept such delivery, unless the manufacturer certifies to the producer or distributor that his acceptance of delivery will not result in his having an inventory in excess of the applicable restrictions in paragraph (f) of this order. This certification, signed manually or as provided in Priorities Regulation 7, may be endorsed on or attached to the purchase order, and should read substantially as follows:

Inventory certified—Ref: M-387, paragraph (g).

_____
(Name of purchaser)

By _____
(Name and title of duly authorized official)

(h) [Revoked May 30, 1945.]

(i) *One time report.* On or before March 20, 1945, each manufacturer who put into process more than 2,700 pounds (5 drums) of rosin in the aggregate for all products (including Schedule A and B products and intermediate products) during any calendar quarter of 1944, shall file a one time base period use and inventory report on Form WPB-4132, in the manner prescribed therein. One copy of the report shall be retained and one copy shall be forwarded to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-387.

(j) *Quarterly report.* Each manufacturer who puts into process more than 2,700 pounds (5 drums) of rosin during any calendar quarter for the production of Schedule A or B products, shall file a use and inventory report for that quarter on Form WPB-4131, in the manner prescribed therein, on or before the 20th day of the month following the close of that quarter. The initial reports, covering the first quarter of 1945, are due April 20, 1945. One copy of each report shall be retained and one copy shall be forwarded to the War Production Board, Chemicals Bureau, Washington 25, D. C.

(k) *Appeals.* Any appeal from this order must be filed by letter in duplicate addressed to the Chemicals Bureau, War Production Board, Washington 25, D. C., Ref: M-387, setting forth the reasons for the appeal and the necessary supporting information. Such information should include:

(1) The Schedule A or B product for which the rosin will be used, and if a Schedule A product, what quantity of the rosin will be used to fill preferred orders and what quantity to fill civilian orders.

(2) Period of time, not exceeding one calendar quarter, for which relief is requested.

(3) Monthly schedule of the amount of rosin appellant would like to use for the particular product and the portion of this which is in excess of the quota permitted by the order.

(4) If the appeal is for an increase in quota to fill preferred orders, state the name of the procuring agency, the end use description, prime contract numbers and dates when the orders were received.

(5) If the appeal is filed because the restrictions of the order will prevent the filling of civilian orders of extreme urgency, give exact information as to the use of the product in which the rosin would be used, names of the customers, and preference ratings, if any, covering the orders.

(6) Any other information pertinent to the appeal.

Ordinarily consideration will be given only to those appeals where compliance would work an exceptional and unreasonable hardship which is not suffered generally by others in the same industry or activity, and which show that the quota limits on the consumption of rosin will prevent the filling of "preferred orders" or more essential "civilian orders". Attention is called to the provisions in Priorities Regulation No. 16 with respect to manpower requirements which must be submitted with the appeal.

(l) *Budget Bureau approval.* The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(o) *Communications to War Production Board.* Communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref.: M-387.

Issued this 9th day of August 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—ROSIN QUOTAS FOR SCHEDULE A PRODUCTS

NOTE: No ex-quota usage of rosin is permitted to fill "preferred orders" for these products:

Product:	*Rosin quota per calendar quarter*
Foundry supplies	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Insecticides or disinfectants	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Oils and greases	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Paper and paperboard	70% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Pharmaceuticals	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Printing ink	85% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Rubber, natural & synthetic except rubber cement and rubber adhesives.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Rubber cements, rubber adhesives and rubber coatings for fabrics.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Finish for shoe leathers, shoe components made of leather, and binder for cork bottom filler for shoes, but not including shoe polish.	100% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.
Textile shoe fabrics and felts, and binder for boxtoes and cork counter for shoes.	70% of amount of rosin used in corresponding quarter of 1944 to fill all orders (preferred & civilian) or 2700 lbs. (5 drums) whichever is greater.

SCHEDULE B—ROSIN QUOTAS FOR SCHEDULE B PRODUCTS

NOTE: Ex-quota usage of rosin is permitted to fill "preferred orders" for these products:

Product:	*Rosin quota per calendar quarter*
Adhesives	30% of amount of rosin used in corresponding calendar quarter of 1944 to fill civilian orders only, or 2700 lbs. (5 drums) whichever is greater.
Coated fabrics	30% of amount of rosin used in corresponding calendar quarter of 1944 to fill civilian orders only, or 2700 lbs. (5 drums) whichever is greater.
Linoleum and printed floor coverings	30% of amount of rosin used in corresponding calendar quarter of 1944 to fill civilian orders only, or 2700 lbs. (5 drums) whichever is greater.

PART 1429—POULTRY AND EGGS

[RMPR 333,[1] Amdt. 8]

EGGS AND EGG PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 333 is amended in the following respects:

1. Section 3.2 is amended by adding the following sentence to paragraph (j): "An agricultural marketing cooperative, operating in accordance with the provisions of the Capper-Volstead Act, may sell at the ceiling prices provided for first receivers, if it performs the function of a first receiver under the foregoing definition, regardless of the fact that it does not purchase or actually own the eggs."

2. Section 3.3 is amended by adding a new paragraph (g) to read as follows:

(g) Each Regional Administrator is further authorized to increase the maximum prices established for sales of shell eggs by first receivers and jobbers in an amount not to exceed 1.5 cents per dozen, subject to the following conditions:

(1) The price increase may be authorized only for first receivers and jobbers who maintain places of business in a metropolitan area (to be defined by the Regional Administrator) of more than one million population, on sales of eggs to independent retailers, large retailers at individual stores, retail route sellers, and institutional users, located within such metropolitan area.

(2) This price increase may be authorized only when the Regional Administrator finds that such first receivers and jobbers are compelled, by reason of doing business in the metropolitan area, to incur abnormal and excessive costs in candling and distributing eggs to such an extent that these costs generally exceed the amount allowed in the schedule of egg prices to cover such costs.

Each Regional Administrator may, if his findings so warrant, adjust prices separately for first receivers or jobbers or licensed ship suppliers. More than one adjustment may be made under the provisions of this paragraph, but the total of all increases to any one class of dealers in any one metropolitan area shall not exceed 1.5 cents per dozen.

(3) No price increase shall be authorized under the provisions of this paragraph unless such proposed price increase has first been submitted in writing to, and approved in writing by the Price Executive of the Poultry, Eggs and Dairy Products Branch of the Food Price Division, and the Division Counsel for Food, of the Office of Price Administration, and the Secretary of Agriculture.

(4) No Regional Administrator may take any action which will create or tend to create an egg shortage or need for increase in egg prices in another locality, or which will nullify or defeat the purposes of the Emergency Price Control Act of 1942, as amended.

This amendment shall become effective August 13, 1945.

Issued this 8th day of August 1945.

CHESTER BOWLES,
Administrator.

Approved: July 16, 1945.

CLINTON P. ANDERSON,
Secretary of Agriculture.

For the reasons set forth in the accompanying statement of considerations and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, I find that the issuance of Amendment No. 8 to Revised Maximum Price Regulation 333, insofar as it will involve increases in prices of shell eggs and consequent increases in the consumer cost of living, is necessary to correct gross inequities.

PART 1356—COOKERS AND HEATERS

[MPR 64, Amdt. 2]

DOMESTIC COOKING AND HEATING STOVES

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 64 is amended in the following respects:

1. Section 7 (c) is amended to read as follows:

(c) *Downward adjustment in prices established or reported for new or changed models.* Prices for new or changed models established or reported under section 4, 5, or 7 are subject to reduction at any time by written order from the Office of Price Administration if (1) the price appears to be out of line with prices established for similar models, taking into account your price relationships with other manufacturers during the base period, or (2) the price is too high in comparison with the manufacturing or selling conditions actually experienced, or (3) the price is found to be incorrect under the provisions of the pricing method contained in this section. Any such adjustment will not be retroactive if you have an established maximum price and have met the three conditions specified in paragraph (b) of this section in arriving at and reporting your prices.

2. A new section 8a is added to read as follows:

SEC. 8a *Establishment of ceiling prices in certain cases.* If you are required by this regulation to file a report under section 7 or to apply for the establishment of a ceiling price under section 8, and you fail to do so, or you fail to provide any of the information required in those sections, the Office of Price Administration may, upon its own motion, issue orders under this section fixing ceiling prices for your sales in line with the level of ceiling prices established by this regulation. Ceiling prices so established will be effective as of the date of first sale.

This amendment shall become effective the 14th day of August 1945.

Issued this 9th day of August 1945.

PART 1381—SOFTWOOD LUMBER

[3d RMPR 219,[1] Amdt. 1]

NORTHEASTERN SOFTWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Third Revised Maximum Price Regulation 219 is amended in the following respects:

1. In section 2, paragraph (a) is amended by adding the words "Aspen (all species)" after the parenthetical phrase "(Pinus banksiana)" and by deleting the words "and Maximum Price Regulation 513" and adding in place thereof the words "Revised Maximum Price Regulation 97."

2. In section 3, new paragraphs (c) and (d) are added, reading as follows:

(c) *Combination grades.* Lumber sold in a combination of grades for which no price is established in the regulation may not be sold above the maximum price for the lowest priced grade actually named in the combination. For example, the maximum price for lumber sold as merchantable and selected merchantable is the maximum price fixed for merchantable lumber. If the invoice does not name the lowest grade contained in the shipment or if no grade is named, the maximum price which may be charged is $21.00 per M'BM. However, it is permissible to sell a combination of grades where the exact quantity of each grade shipped is separately shown on the invoice and segregated in the car by strips (except timbers) or otherwise easily made identifiable to the purchaser and separately tallied (tally card to be included in car), in which case the appropriate ceiling price for the quantity of each grade shipped may be charged.

(d) *Ungraded lumber.* The maximum price for lumber which is not actually graded by the seller on a piece by piece basis prior to shipment and which is not sold on a long-run basis under Tables 2 or 4 is the applicable combination grade price established under paragraph (c) of this section.

3. Section 4 is amended to read as follows:

SEC. 4. *Additions for "direct mill retail sales."* In the case of sales of less than 2,500 feet to any buyer except mills or distribution yards, a handling charge of $5.00 per M'BM may be added to the loaded on cars mill price, together with a percentage mark-up of 10% of the total so obtained, provided the seller:

(a) Delivers the lumber to the job site or buyer's plant at such time and in such quantities as the buyer specifies. (No charge may be made for delivery within a radius of 25 miles from the seller's establishment);

(b) Gives the buyer the privilege of exchanging the lumber and returning unused material;

(c) Makes good any shortage from stocks kept on hand for this purpose. The size of the sale is determined by the over-all amount involved in the trans-

action. Thus, if the buyer and seller know that a particular shipment will run to 10 M'BM, the addition may not be made even if the order is broken into five orders of 2 M'BM and delivered on five different days in loads of 2 M'BM.

4. In section 7, paragraph (a) (1) is amended by adding the following sentence: "When an invoice does not contain a complete description of an item shipped, the maximum price which may be charged or paid for that item is that of the lowest priced item to which the incomplete description could be applied, not exceeding $21.00 per M'BM on a shipment of a combination of grades if the invoice does not name the lowest grade contained in the shipment or if no grade is named."

5. In section 9, paragraph (d) is deleted; and in paragraph (b), subparagraph 11, roman numeral V is corrected to read IV, and a new subparagraph (13) is added reading as follows:

(13) Selling or buying Canadian lumber on a f. o. b. mill basis if the total cost of the lumber delivered to the designated location in the United States is greater than would have been the cost if the lumber had been sold on a delivered basis using the applicable basing point in section 18, 25, 29 or 36.

This amendment shall become effective August 14, 1945.

Issued this 9th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1389—APPAREL

[RMPR 578,[1] Amdt. 1]

MAXIMUM PRICES FOR CERTAIN GARMENTS PRODUCED WITH WAR PRODUCTION BOARD PRIORITIES ASSISTANCE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 578 is amended in the following respects:

1. Paragraph (b) of section 1 is redesignated subparagraph (2) of paragraph (a).

2. A new paragraph (b) is added to section 1 to read as follows:

(b) *Types of sales covered.* This regulation applies to all sales including sales at retail, sales at wholesale, sales by manufacturers and sales by manufacturing-retailers. These types of sales are defined as follows:

(1) *Sales at retail.* All sales to individual ultimate consumers by persons who sell garments in substantially the same form in which they purchase them are "sales at retail". Sales to industrial, commercial or institutional users are also "sales at retail" if made by persons who sell principally to individual ultimate consumers.

(2) *Sales at wholesale.* All sales to persons other than ultimate consumers by persons who sell garments in substantially the same form in which they purchase them are "sales at wholesale." "Sales at wholesale" also include sales to industrial, commercial or institutional users if they are made by persons who sell principally to persons other than individual ultimate consumers.

(3) *Sales by a manufacturer.* All sales by the person who fabricated the garment being sold, or who furnished the principal materials from which the garment was fabricated, are "sales by a manufacturer" unless they are "sales by a manufacturing-retailer", as defined in (4) below.

(4) *Sales by a manufacturing-retailer.* All sales to ultimate consumers by the person who fabricated the garment being sold, or who furnished the principal materials from which the garment was fabricated, are "sales by a manufacturing-retailer", if such person customarily sells to ultimate consumers most of the garments so fabricated.

3. A new paragraph, designated paragraph (c), is added to section 1 to read as follows:

(c) *Where this regulation applies.* This regulation covers sales in the 48 states and the District of Columbia.

This amendment shall become effective August 14, 1945.

Issued this 9th day of August 1945.

PART 95—CAR SERVICE

PERMIT REQUIRED FOR SHIPMENT OF LIVE POULTRY

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 8th day of August A. D. 1945.

It appearing, that live poultry produced in midwestern states are urgently needed to supply the Armed Services;

It further appearing, that to provide and insure an adequate supply of such live poultry for the Armed Services, the Secretary of Agriculture has issued July 31, 1945, War Food Order No. 142, Part 1414—Poultry, effective at 12:01 a. m., e. w. t., August 13, 1945 (10 F.R. 8087), which provides that "No person shall ship or deliver poultry to a point more than 100 miles from the farm on which such poultry was produced * * * (in states named in paragraph (a) hereof) * * * unless the person making the delivery or shipment of such poultry holds a letter of authority from the Deputy Order Administrator * * *";

It further appearing, that the Secretary of Agriculture has written to the Director of the Office of Defense Transportation August 3, 1945, advising of the urgent needs of the Armed Services and that the Director of the Office of Defense Transportation has requested this Commission to take such action as it deems appropriate and necessary; the Commission is of opinion that an emergency exists requiring immediate action in the section of the country described in paragraph (a) below: it is ordered, that:

(a) *Permit required for transportation by common carrier by railroad of live poultry.* No common carrier by railroad subject to the Interstate Commerce Act shall transport or move a railroad freight car or cars, loaded with live poultry, more than 100 miles from any point of origin in the States of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Minnesota, Iowa, Missouri, Wisconsin, Illinois and Indiana, unless or

until such carrier has knowledge prior to the transportation or movement of such car or cars that a permit authorizing the carload shipment of such live poultry has been issued by the Secretary of Agriculture or his agent pursuant to the provisions of War Food Order No. 142 or supplements thereto or successive issues thereof.

(b) *Application.* (1) The provisions of this order shall apply to intrastate as well as interstate commerce.

(2) The provisions of this order shall apply only to carloads of live poultry shipped on or after the effective date hereof.

(c) *Effective date.* This order shall become effective at 12:01 a. m., e. w. t., August 13, 1945.

(d) *Expiration date.* This order shall expire at 11:59 p. m., e. w. t., November 13, 1945, unless otherwise modified, changed, suspended, or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, that copies of this order and direction shall be served upon the State railroad regulatory bodies of each State named in paragraph (a) hereof, and upon the Association of American Railroads, Car Service Division, as agents of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

will be officially filed in the district land office at Lakeview, Oregon, effective at 10:00 a. m. on the 63d day from the date on which this notice is signed. At the time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) For a period of 90 days, commencing on the day and at the hour named above, the public lands affected by this notice shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938, 52 Stat. 609 (43 U. S. C. sec. 682a), by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (Public Law 434—78th Congress), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) For a period of 20 days immediately prior to the beginning of such 90-day period, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on the first day of the 90-day period, shall be treated as simultaneously filed.

(c) Commencing at 10:00 a. m. on the 91st day after the lands become subject to application, as hereinabove provided, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public land laws.

(d) Applications by the general public may be presented during the 20-day period immediately preceding such 91st day, and all such applications, together with those presented at 10:00 a. m. on that day, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the district land office at Lakeview, Oregon, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Subchapter I of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938 shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

All inquiries relating to these lands should be addressed to the Register, District Land Office.

REROUTING OF TRAFFIC; EMPLOYEES STRIKE ON THE GA. & FLA. RAILROAD

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 8th day of August, A. D. 1945.

It appearing, that a strike of certain operating employees of the Georgia & Florida Railroad (W. V. Griffin and H. W. Purvis, Receivers) is interfering with operation of that carrier, and that the said carrier is unable to transport the traffic offered to it for movement over its lines; the Commission is of opinion an emergency exists requiring immediate action in that section of the country to avoid congestion of traffic, and to best promote the service in the interest of the public and the commerce of the people: It is ordered, that:

Operating employees strike on the Ga. & Fla. Railroad—(a) *Rerouting of freight traffic.* All common carriers by railroad, subject to the Interstate Commerce Act, having cars on hand which were shipped prior to 12:01 a. m., August 8, 1945, and which are routed over, or ordinarily move over the Georgia and Florida Railroad (W. V. Griffin and H. W. Purvis, Receivers), are hereby directed to forward such freight cars via routes most available to expedite their movement and prevent congestion, without regard to the routing thereof made by shippers or by carriers from which the traffic is received, or to the ownership of cars: *Provided*, That the billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting. All rules, regulations, and practices of said carriers with respect to car service are hereby suspended and superseded insofar only as conflicting with the directions hereby made.

(b) *Rates to be applied.* That inasmuch as such disregard of routing is deemed to be due to carriers' disability, the rates applicable to traffic so forwarded by routes other than those designated by shippers, or by carriers from which the traffic is received, pursuant to this order, shall be the rates which were applicable at date of shipment over the routes so designated.

(c) *Division of rates.* In executing the orders and directions of the Commission provided for in this order the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; such divisions shall be, during the time this order remains in force, voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(d) *Effective date.* This order shall become effective at 12:01 p. m., August 8, 1945.

(e) *Expiration date.* This order shall expire at 11:59 p. m., August 12, 1945, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 418; 41 Stat. 476, 485; sec. 4, 10; 54 Stat. 901, 912; 49 U.S.C. 1 (10)–(17), 15 (4))

It is further ordered, that copies of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

UNLOADING OF SYRUP AT CHARLOTTE, N. C.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 8th day of August, A. D. 1945.

It appearing, that car Wab. 83663, containing syrup at Charlotte, North Carolina, on the Southern Railway Company, shipped by Coulder Malt Products Company, Harrison, New Jersey, has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action. It is ordered, that:

Syrup at Charlotte, North Carolina, be unloaded. (a) The Southern Railway Company, its agents or employees shall unload forthwith car Wab. 83663, containing syrup on hand at Charlotte, North Carolina, consigned to Piedmont Sales Company.

(b) Said carrier shall notify the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., when such carload has been completely unloaded in compliance with the requirements of paragraph (a). Upon the unloading and receipt of such notice this order shall expire. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901, 911; 49 U.S.C. 1 (10)–(17), 15 (4))

BIONDY'S

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Biondy's, 32 Gilpin Road, Upper Darby, Pa.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	For sales by the manufacturer to—		For sales by any person to consumers
		Jobbers	Retailers	
Wooden boudoir lamp	1	*Each* $0.85	*Each* $1.00	*Each* $1.80

These maximum prices are for the articles described in the manufacturer's application dated March 6, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobber's maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

J. A. HOLLOWAY, ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

THE PACIFIC CHAIR CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to paragraph (a) (16) of Order No. A-2, under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* The Pacific Chair Company, 1121 Ballard Way, Seattle, Washington, may add the following additional adjustment charges to its maximum prices for sales and deliveries to retailers of the articles listed below which it manufactures, resulting in the following adjusted maximum prices:

Article	Model No.	Maximum price	Adjustment permitted by par. (a) of order No. 1052	Additional adjustment permitted by this order	Total adjusted maximum prices
High chair	210	$2.00	$0.10	$0.04	$2.14
Stool	121	1.05	None	.10	1.15

The adjustment charges listed above may be made and collected only if each is separately stated on each invoice. The adjusted maximum prices are subject to the manufacturer's customary terms, discounts, allowances, and other price differentials in effect during March 1942.

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customers, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the additional adjustment charge herein authorized for and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price (not including the permitted adjustment charge) by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts, and allowances on sales of the same or similar articles. The adjustment charge authorized in this paragraph (b) is in addition to any adjustment charge permitted for wholesalers by Order No. 1052 under Maximum Price Regulation No. 188.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date

of this order, showing prices adjusted in accordance with this order, the sellers shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form, and is in addition to any notice required by paragraphs (d) or (e) of Order No. 1052 under Maximum Price Regulation No. 188.

(d) All requests not specifically granted by this order are hereby denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 9th day of August 1945.

Issued this 8th day of August 1945.

GROSFELD HOUSE, INC.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (g) of Order No. 1052 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* Grosfeld House, Inc., 320 East 47th Street, New York 17, N. Y., may add an additional adjustment charge to its maximum prices for sales and deliveries to all classes of purchasers of the articles of wood household furniture which it manufactures and for which it has established maximum prices prior to the effective date of this order, equal to 4.7% of its established maximum prices as adjusted by paragraph (d) of Order No. 1052 under Maximum Price Regulation No. 188.

This additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted maximum prices are subject to the manufacturer's customary terms, discounts, allowances, and other price differentials in effect during March 1942 on sales to each class of purchaser.

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customers, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the additional adjustment charge herein authorized for and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price (not including the permitted adjustment charge) by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts and allowances on sales of the same or similar articles. The adjustment charge authorized in this paragraph (b) is in addition to any adjustment charge permitted for wholesalers by Order No. 1052 under Maximum Price Regulation No. 188.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the article. This notice may be given in any convenient form, and is in addition to any notice required by paragraph (d) or (e) of Order No. 1052 under Maximum Price Regulation No. 188.

(d) *Profit and loss statement.* After the effective date of this order, Grosfeld House, Inc., shall submit to the Office of Price Administration, Washington, D. C., a detailed quarterly profit and loss statement within 30 days after the end of each full quarter year.

(e) All requests not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 6th day of August 1945.

Issued this 4th day of August 1945.

[Region IX Order G-1 Under MPR 579]

FRESH FISH IN ALASKA

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and under the authority vested in the Regional Administrator of Region IX of the Office of Price Administration by sections 4.2 (c) and 2.2 (c) of Maximum Price Regulation 579, by the General Maximum Price Regulation and Revised Maximum Price Regulation 165 pursuant to General Order 32; it is ordered:

SECTION 1. *What this order does.* This order establishes maximum prices at which producers may sell fresh fish at Alaskan fishing grounds or receiving stations; establishes specific maximum prices for "scow" and "packing" services; designates by name the ports of entry in Alaska and fixes maximum prices for sales of fresh fish when landed at such ports.

SEC. 2. *Definitions.* As used in this order, the term:

(a) "Scow service" means a transaction in which the seller receives fresh fish at his scow or other vessel on the fishing grounds or at a receiving station from a producer, and includes, but is not limited to, the furnishing of such services as icing, boxing, splitting, drawing and dressing fresh fish, keeping records and making payments for and on behalf of

the buyer of the fish. It also includes any other services customarily rendered by a "scow operator" prior to April 1, 1942.

(b) "Scow operator" means any person (other than a producer or fish buyer) who supplies scow services.

(c) "Packing service" means a transaction in which the seller transports fish by tender or other vessel from the fishing grounds or receiving station to a port of entry, and includes, but is not limited to, the furnishing of such services as handling and loading the fish aboard the vessel, and handling, unloading and landing the fish at a port of entry. It also includes the transportation of ice and containers between the grounds or receiving station and port of entry, and such other services customarily performed by a "packer" prior to April 1, 1942.

(d) "Packer" means any person (other than a producer or fish buyer) who supplies packing services.

SEC. 3. *Maximum prices for sales by producers at fishing grounds or receiving stations.* (a) The maximum prices for producers of fresh fish sold or delivered at fishing grounds or receiving stations in the First Judicial Division shall be as follows:

(i) In the "Central Zone"—the Table II A Column A prices as fixed for Wrangell;

(ii) In the "Northern Zone"—the Table II A Column A prices as fixed for Juneau;

(iii) In the "Southern Zone"—the Table II A Column A prices as fixed for Ketchikan;

Less the deduction for the applicable species of fish as set forth below:

(1) For red meated King salmon, 14# or over, any style of dressing—deduct three cents per pound.

(2) For true cod, flounder, ling cod, red cod, sablefish and sole (all species)—deduct one and one-half cents per pound.

(3) For all other fish named in Table II A regardless of size and style of dressing—deduct two cents per pound.

(b) As used in paragraph (a) above:

(i) "Central Zone" means that part of the First Judicial Division bounded by a line beginning at a point on the international boundary approximately three miles south of latitude 57½° north, thence on a course bearing westerly in a straight line through the southernmost tip of Entrance Island (in Hobart Bay) and the southernmost tip of Traders Island (also known as Catherine Island) to longitude 135° west; thence southerly following longitude 135° to a point approximately twelve miles south of latitude 56° north; thence on a course bearing easterly in a straight line through the southernmost tip of Coronation Island and the southernmost tip of Onslow Island to the east shore of Ernest Sound; thence on a course bearing northeasterly in a straight line through the southerly shore of Tyee Lake and beyond to Mount Lewis Cass.

(ii) "Northern Zone" means that part of the First Judicial Division lying north and due west of the Central Zone.

(iii) "Southern Zone" means that part of the First Judicial Division lying outside of the Central and Northern Zones.

SEC. 4. *Designated Alaskan ports and maximum prices for fish landed at such ports.* (a) The term "port" or "port of entry" as used in this order includes, and is limited to, the following named places: Anchorage, Cordova, Homer, Juneau, Kenai, Ketchikan, Kodiak, La Touche, Pelican City, Petersburg, Port Alexander, Port Williams, Seward, Seldovia, Sitka, Tyee, Wrangell, and Valdez.

(b) The Table II A Column A prices as fixed by the applicable footnotes in Maximum Price Regulation 579 for fish landed at—

(i) Wrangell shall apply to fish landed at Tyee.

(ii) Juneau, less one-quarter of a cent per pound, shall apply to fish landed at Cordova, Valdez, La Touche or Seward.

(iii) Juneau, less two cents per pound for large, red kings and one cent for all other sizes and species of fish shall apply to fish landed at Port Alexander.

(iv) Port Williams shall apply to fish landed at Kodiak, Seldovia or Homer.

(v) Port Williams, plus six cents per pound, shall apply to fish landed at Anchorage.

(c) The maximum prices for fresh fish landed at any place in Alaska outside the First Judicial Division, other than at a port named in paragraph (a) above, shall be the maximum prices established by Maximum Price Regulation 579 and paragraph (b) above.

SEC. 5. *Maximum prices for scow services.* (a) (1) The maximum prices for scow services shall be determined on a poundage basis and shall be as follows:

(i) For red meated King salmon, 14# or over, drawn and dressed; 16# or over, round—two cents per pound.

(ii) For true cod, flounder, ling cod, red cok (rock cod), sable fish (black cod), and sole (all species), regardless of size and style of dressing—one-half cent per pound.

(iii) For all other fish named in Table II A, regardless of size and style of dressing—one cent per pound.

(2) Poundage shall be calculated on the basis of the weight of the fish as they are received by the scow operator at the fishing grounds or receiving station.

(3) Notwithstanding the foregoing provisions, a scow operator may receive and a buyer may pay a minimum of $300.00 for scow services for each scow (including the labor of one or more employees of the scow operator) which is in actual use for not less than thirty days.

(b) *Maximum prices for packing services.* The maximum prices for packing services for any fish named in Table II A shall be one cent per pound when the packer lands the fish at a port in the same zone in which he received the fish, and one and one-quarter cents per pound when he lands the fish at a port in a zone other than that in which he received the fish. Poundage shall be calculated on the basis of the weight of the fish as they are received by the packer.

(c) Any person may, of course, render both packing and scow services as part of the same transaction and make a single charge therefor, but such charge may not exceed the sum of the maximum prices established for each service.

(d) *Records.* Every scow operator and every packer subject to this order shall make and keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act, as amended, remains in effect, accurate records of each sale of his service, showing the date thereof, the location of the grounds or receiving station where the fish were received, the name and address of the producer and the name of his boat, the name and address of the buyer of the fish, the name and address of the buyer of his service, the total weight of the fish, the price contracted for or received for the service and, where relevant in the determination of the price, the species, size and style of dressing of the fish.

(e) *Posting maximum producers' prices.* Every person operating a packing vessel, scow, or receiving station who, in connection with the fish received by him pays the consideration therefor to the producer on behalf of the fish buyer, shall post in a conspicuous place on every scow and vessel and at every receiving station operated by him, in a manner plainly visible to, and understandable by, producers and buyers, a notice which shall list the name, size and style of dressing of the fish, and the producers' ceiling prices therefor as fixed by section 2 of this order.

(f) *Evasion.* (1) Any method or device whereby a scow operator or packer obtains a greater consideration for his services than the maximum prices established by this order, or whereby he gives less than the consideration due the buyer for the maximum price, is an evasion of this order and therefore prohibited, and any offer or agreement which accomplishes or attempts to accomplish such results, is equally prohibited. Without limiting the general prohibitions of this section, the following practices are specifically prohibited.

(2) Requiring or receiving payment of wages, bonuses, premiums, equipment, supplies, maintenance, goods, services or any other consideration not specifically provided for in this order, except that a scow operator or a packer may receive ice from the buyer of the fish without charge.

(3) Discontinuing or changing a service normally and customarily part of scow and packing services.

(4) Requiring the purchase or sale of any commodity or service as a condition of the sale of scow or packing services.

(5) A producer who hires or engages a packer or scow operator to land his fish at a port of entry or to perform any other packing or scow service for him in connection with his fish, is prohibited from selling or delivering such fish, and the buyer is prohibited from buying or receiving such fish, at prices higher than the maximum prices fixed by section 3 of this order.

(g) *Applicability.* This section 5 applies only to the First Judicial Division.

SEC. 6. *Enforcement.* Persons violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension or revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

Persons who have evidence of any violation of this order, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest War Price and Rationing Board or Field Office of Price Administration or its principal office in Juneau.

SEC. 7. *Relation to other regulations.* This order supersedes Region IX Order No. 4 under Maximum Price Regulation 418. Insofar as this order establishes maximum prices for scow and packing services, it supersedes the pricing and current record-keeping provisions of the General Maximum Price Regulation and Revised Maximum Price Regulation 165. Except as provided in this order, all provisions of Maximum Price Regulation 579, Revised Maximum Price Regulation 165, and the General Maximum Price Regulation shall remain in effect.

SEC. 8. *Amendments; revocation.* This order may be amended or revoked by the Regional Administrator at any time.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall become effective August 15, 1945.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-1108]

AMERICAN GAS AND ELECTRIC CO. AND WHEELING ELECTRIC CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of August, A. D., 1945.

American Gas and Electric Company ("American Gas"), a registered holding company, and its subsidiary, Wheeling Electric Company ("Wheeling"), having filed a joint application and declaration pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder relating to a proposal by Wheeling to issue and sell to American Gas, the owner of all of Wheeling's presently outstanding common stock, and to a proposal by American Gas to acquire, 7,154 shares of Wheeling's common stock, no par value, for $1,000,000 cash, said shares constituting all of the presently authorized but unissued shares of common stock of Wheeling, which proposes to use the proceeds of such sale for the construction of additional utility facilities; and

Said joint application and declaration having been filed on the 6th day of July, 1945, and a notice of said filing having been issued on the 16th day of July 1945, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said joint application and declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed issue by Wheeling to American Gas of the common stock hereinabove mentioned and the proposed acquisition thereof by American Gas are not in contravention of the act or any rules or regulations promulgated thereunder, that the proposed transactions satisfy the requirements of sections 7 and 10 of the act and of the rules thereunder in so far as they are applicable, and that it is appropriate in the public interest and in the interest of investors and consumers that said application be granted and said declaration be permitted to become effective;

It is hereby ordered, pursuant to said Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid joint application be, and the same hereby is, granted and that the aforesaid joint declaration be, and the same hereby is, permitted to become effective forthwith.

COMMONWEALTH & SOUTHERN CORP. (DELAWARE)

ORDER PERMITTING WITHDRAWAL OF SUPPLEMENTAL APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of August, A. D. 1945.

A declaration or application (or both), entitled "Supplemental Application No. 3", having been filed with this Commission on August 24, 1943 under File No. 70-726-1 by The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, which proposed, in furtherance of the "Plan to Change the Capitalization of The Commonwealth & Southern Corporation", filed with the Commission on April 20, 1943 (Holding Company Act Release No. 4294), the acquisition by Commonwealth for cancellation of up to 32,627 shares of its presently outstanding preferred stock and the expenditure of up to $2,500,000 therefor; and

Public hearings having been held on said proposal after appropriate notice but no findings and opinion having been issued with respect thereto;

An amended plan to change its capitalization having been filed on February 26, 1944, by Commonwealth as an amendment to and in substitution for the plan filed April 20, 1943; and said amended plan, as further amended on June 14, 1945, having been approved by the Commission by order dated June 30, 1945 (Holding Company Act Release No. 5895);

Said amended plan being based on the assumption that there will be outstanding 1,482,000 shares of the preferred stock of Commonwealth and that none of said shares of such stock will be acquired and retired as proposed by said Supplemental Application No. 3; and

The Commonwealth & Southern Corporation having requested that said Supplemental Application No. 3 be deemed withdrawn and it appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers to grant such request;

It is hereby ordered, That the request of The Commonwealth & Southern Corporation for withdrawal of Supplemental Application No. 3 be, and the same hereby is, granted and that said Supplemental Application No. 3 be, and the same hereby is, deemed withdrawn.

MARSH MINES CONSOLIDATED

ORDER SETTING HEARING ON APPLICATION TO STRIKE FROM LISTING AND REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 7th day of August, A. D. 1945.

The Standard Stock Exchange of Spokane, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, having made application to strike from listing and registration the 25¢ Par Common Assessable Stock of Marsh Mines Consolidated;

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10:00 a. m. on Wednesday, August 29, 1945, at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Charles S. Lobingier, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

ASSOCIATED GAS AND ELECTRIC CO., ET AL.

ORDER RELEASING JURISDICTION

[File No. 46-150]

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of August 1945.

In the matter of Associated Gas and Electric Company, Associated Gas and Electric Corporation, NY PA NJ Utilities Company, Associated Power Corporation, General Utility Investors Corporation, Trustees Under Pension Trust Agreement dated December 14, 1937 (as amended), File No. 46-150.

Associated Gas and Electric Company, a registered holding company; Associated Gas and Electric Corporation, a registered holding company and a subsidiary of Associated Gas and Electric Company; Trustees under Pension Trust Agreement dated December 14, 1937, a subsidiary company of Associated Gas and Electric Company; NY PA NJ Utilities Company, a registered holding company and a subsidiary of Associated Gas and Electric Corporation; and Associated Power Corporation and General Utility Investors Corporation, subsidiaries of NY PA NJ Utilities Company, having heretofore filed joint applications-declarations, pursuant to sections 9 (a), 10 and 12 of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder, regarding, among other things, a program for raising funds to enable Associated Gas and Electric Company to make initial payment to the Treasury Department of the United States on account of a certain settlement of claims for income taxes for the years 1927 to 1933, inclusive, against Associated Gas and Electric Company and Associated Gas and Electric Corporation and their various affiliated and associated companies;

The Commission having on June 29, 1939, granted such applications and permitted such declarations to become effective (Holding Company Act Release Nos. 1615 and 1671) subject, among other terms and conditions, to the following:

(7) The disposition of the accounting entries and the adjustment thereof, and the final settlement of intercorporate accounts between the companies herein mentioned, all arising from the tax settlement, intercorporate payments in connection therewith, and prior intercorporate credits or payments on account of the estimated tax liabilities of individual companies, shall be subject to the order of the Commission to be entered in this cause pursuant to jurisdiction retained herein after notice to the above mentioned companies and opportunity for hearing.

Applicants-declarants having made application for the release of the jurisdiction reserved as above quoted; and

It appearing that General Utility Investors Corporation and Associated Power Corporation were merged into NY PA NJ Utilities Company on April 29, 1941, and September 17, 1941, respectively; and

The Commission having this day permitted to become effective declarations (Holding Company Act Release No. 5975) jointly filed by Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, and by NY PA NJ Utilities Company, wherein it is proposed that all of the outstanding preferred stock of NY PA NJ Utilities Company, which is held by the public, be retired; that, subject to the entry of an appropriate order by the United States District Court for the Southern District of New York, having jurisdiction of the reorganization proceedings of Associated Gas and Electric Corporation, and subject further to an acceptable ruling by, or closing agreement with, the Commissioner of Internal Revenue, said Trustees will donate to NY PA NJ Utilities Company, for cancellation and as a contribution to its capital, all of the debt obligations of NY PA NJ Utilities Company held by said Trustees; and that, in connection therewith, NY PA NJ Utilities Company will restate its accounts; and

The Commission having considered said application for release of jurisdiction, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application subject, however, to the consummation of the aforesaid program as proposed in the joint declarations permitted this day to become effective:

It is ordered, That the jurisdiction heretofore reserved, as above quoted, be, and hereby is, released, subject to the consummation of the aforesaid program relating to the donation by said trustees to NY PA NJ Utilities Company of the latter's debt obligations held by said trustees, the restatement of the accounts of NY PA NJ Utilities Company, and the retirement of its preferred stock.

By the Commission.

EASTERN GAS AND FUEL ASSOCIATES

SUPPLEMENTAL ORDER APPROVING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of August, A. D. 1945.

Eastern Gas and Fuel Associates ("Eastern"), a registered holding company, having filed an application with regard to the issue and sale, pursuant to the competitive bidding requirements of Rule U-50, of $40,000,000 principal amount of First Mortgage and Collateral Trust Bonds, --% Series, due 1965, and the application of the net proceeds from the sale of said bonds, together with treasury cash and the proceeds from the issue and sale, privately to banks, of $15,000,000 principal amount of 2⅛% installment notes, due 1946-1955, to the redemption of $55,497,000 principal amount of First Mortgage and Collateral Trust Bonds, Series A, 4%, due 1956, at 101½% of the principal amount thereof;

The Commission having by order dated July 27, 1945 approved the said application pursuant to the applicable provisions of the act, including section 7 thereof, subject to the condition, among others, that the proposed issue and sale of bonds should not be consummated until the results of competitive bidding pursuant to Rule U-50 shall have been made a matter of record in these proceedings and a further order shall have been entered by the Commission in the light of the record so completed;

Eastern having filed an amendment to the application setting forth the action taken to comply with the requirements of Rule U-50 and stating that, pursuant to the invitation for competitive bids, two bids were received as follows:

Underwriting group	Coupon rate	Price to company [1] (percent of principal amount)	Annual cost to company
	Percent		
Mellon Securities Corp.	3¼	100.5569	3.46
Halsey, Stuart & Co., Inc	3¼	100.1599	3.74

[1] Plus accrued interest from July 1, 1945.

The said amendment having further stated that Eastern has accepted the bid of the group headed by Mellon Securities Corporation and that the bonds will be offered for sale to the public at a price of 102.17% of the principal amount thereof plus accrued interest, resulting in an underwriters' spread of 1.61% of the principal amount of the bonds; and

The Commission having examined the record in the light of said amendment, and finding no basis for imposing terms and conditions with respect to the price to be paid to the company for the bonds, the interest rate on the bonds or the underwriters' spread and its allocation:

It is ordered, That, subject to the terms and conditions contained in Rule

U-24, said application, as amended, be and the same is hereby approved.

By the Commission.

ORDER AMENDING PRIOR ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of August, A. D., 1945.

In the matter of Cities Service Power & Light Company, St. Joseph Light & Power Company, File No. 70-1008. The United Light and Railways Company, Continental Gas & Electric Corporation, File Nos. 59-11, 59-17, 54-25, Application No. 24.

The Commission having by order dated July 18, 1945, granted applications and permitted declarations to become effective with respect to various transactions including, among others, (1) the purchase by Continental Gas & Electric Corporation from Cities Service Power & Light Company of 20,694 shares of common stock of St. Joseph Light & Power Company for a base price of $2,200,000; (2) the purchase by Continental Gas & Electric Corporation from Cities Service Power & Light Company for cash at par of such additional shares of common stock (not exceeding 1056) of St. Joseph Light & Power Company as will be necessary to provide funds to effect the redemption and retirement of the publicly held preferred stock of St. Joseph Light & Power Company not exchanged for shares of new preferred stock; (3) the purchase by Continental Gas & Electric Corporation from St. Joseph Light & Power Company of 1,500 shares of common stock of St. Joseph Light & Power Company for $150,000 and (4) the payment of $1,000,000 by Continental Gas & Electric Corporation to St. Joseph Light & Power Company as a contribution to its capital surplus;

Continental Gas & Electric Corporation having requested the Commission to enter an order authorizing Continental Gas & Electric Corporation to use the proceeds received by it from the sale of its interest in Iowa-Nebraska Light & Power Company, jurisdiction over which was previously reserved by the Commission (Holding Company Act Release No. 5619), to make the foregoing expenditures and investment, and including the specifications and itemizations necessary to satisfy the requirements of section 371 of the Internal Revenue Code;

The Commission finding that the foregoing expenditures and investment are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935; and

It appearing to the Commission that the request of Continental Gas & Electric Corporation is, and was, one proper to be granted, but that inadvertently the requested specification and itemization was omitted from the said order of the Commission entered herein on July 18, 1945, and the Commission finding that said order should be corrected in that respect, as of the date thereof;

It is ordered, That the order of this Commission entered herein on July 18, 1945 be, and the same is hereby, amended, as of the date thereof, by the insertion therein after the last paragraph of said order and before the words "By the Commission" of the following:

It is further ordered, and the Commission finds, that the expenditures by Continental Gas & Electric Corporation for common stock of St. Joseph Light & Power Company and the investment by Continental Gas & Electric Corporation of $1,000,000 as a contribution to the capital of St. Joseph Light & Power Company, which expenditures and investment are specified and itemized in transactions 3, 5 and 7 listed in the first paragraph of this order, are necessary or appropriate to the integration of the holding company system of which Continental Gas & Electric Corporation is a member and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935. This paragraph is included in our order at the request of Continental Gas & Electric Corporation in view of sections 371 and 1808 of the Internal Revenue Code.

By the Commission.

NY PA NJ UTILITIES CO., ET AL.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of August, 1945.

In the matter of NY PA NJ Utilities Company, Denis J. Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corporation, File No. 70-1063.

Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation ("Agecorp"), a registered holding company, and NY PA NJ Utilities Company ("NY PA NJ"), a registered holding company and a subsidiary of Agecorp, having filed declarations, as amended, pursuant to sections 6 (a) (2), 7, 12 (b) and 12 (c) of the Public Utility Holding Company Act of 1935 ("Act") and Rules U-42 and U-45 promulgated thereunder, regarding the following proposed transactions:

(1) Subject to the obtaining by Agecorp of an appropriate order from the District Court of the United States for the Southern District of New York ("District Court") and subject further to the obtaining by NY PA NJ and Stanley Clarke, as Trustee of Associated Gas and Electric Company, of an acceptable ruling by, or closing agreement with, the Commissioner of Internal Revenue, Agecorp will donate to NY PA NJ, for cancellation and as a contribution to its capital, the following obligations of NY PA NJ owing to Agecorp, together with all interest accrued and unpaid, or to accrue, thereon:

Obligations	Amount	
Convertible obligation, due Mar. 1, 1963 Interest bearing, 1% to the extent of "available net income"	$196,725,000.00	
Non-interest bearing	5,275,000.00	$202,000,000.00
Advances:		
Open account, 2% interest bearing	24,478,251.18	
Open account, non-interest bearing	956,234.04	25,434,485.22
Total		227,434,485.22

(2) In connection with, and contingent upon, the above donation by Agecorp of the convertible obligation and open account advances, NY PA NJ will, among other things, restate the carrying amounts for certain of its investments, and create a reserve, in the absence of a revaluation of assets, against the carrying amounts for investments in the common stocks of majority-owned subsidiaries, approximately equivalent to the excess of such carrying amounts over the related adjusted combined net assets of such subsidiaries as at the effective date of the restatement of its investments.

(3) Subject to obtaining the consent in writing of Agecorp pursuant to an appropriate order of the District Court, NY PA NJ will retire all of its outstanding 5,405.6 shares of no par value $3 noncumulative preferred stock, at the redemption price of $26 per share, and, in addition, will pay to the holders of such stock, in full satisfaction of any and all claims to dividends on such stock since January 1, 1941, an amount equivalent to dividends upon such stock at the rate of $3 per annum per share from January 1, 1941, to the date of retirement.

A public hearing having been held after appropriate notice in which the security holders of declarants and other interested persons were accorded opportunity to be heard; and requests for findings, briefs and oral argument having been waived; and

The Commission having considered the record and having entered its Findings and Opinion herein, and deeming it appropriate in the public interest and in the interest of investors and consumers to permit the declarations, as amended to become effective:

It is hereby ordered, Pursuant to the applicable provisions of said act, including sections 6, 7, and 12 thereof, and the rules and regulations promulgated thereunder, that the aforesaid declarations, as amended, with respect to the contribution by Agecorp of the debt obligations of NY PA NJ and the restatement of the accounts of NY PA NJ be, and hereby are, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 of the general rules and regulations under the act, to the further condition that no entries, in connection with the sale or disposition of any of NY PA NJ's investments, shall be made to the reserve account to be created except as the Commission may approve or direct, and subject further to the reservation of jurisdiction over the proposed accounting entries to be made upon the books of Agecorp.

It is further ordered, Pursuant to the applicable provisions of said act, including section 12 thereof, and the rules and regulations promulgated thereunder, that the aforesaid declaration, as amended, with respect to the retirement by NY PA NJ of its no par value $3 noncumulative preferred stock be, and hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 of the general rules and regulations under the act.

By the Commission.

KINGS COUNTY LIGHTING CO.

SUPPLEMENTAL ORDER AND ORDER RELEASING JURISDICTION OVER LEGAL FEES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of August, 1945.

Kings County Lighting Company, a subsidiary of Long Island Lighting Company, a registered holding company, having filed an application, and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, for exemption from the provisions of section 6 (a) of the act, of the issue and sale, in accordance with the competitive bidding requirements of Rule U-50, of $4,200,000 principal amount of First Mortgage Bonds to mature August 1, 1975, the proceeds from such sale to be applied to the redemption of the company's short-term promissory note in the principal amount of $4,200,000;

The Commission having by order dated July 26, 1945 (Holding Company Act Release No. 5954), granted such application, as amended, pursuant to section 6 (b) of the act, subject to the conditions that (1) applicant obtain from the Public Service Commission of the State of New York a final order expressly authorizing the issue and sale of said First Mortgage Bonds; (2) applicant report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and complying with such supplemental orders as the Commission may enter in view of the facts disclosed thereby; and

The Commission having reserved jurisdiction over the payment of all legal fees and expenses of counsel for prospective bidders in connection with the proposed transactions; and

Kings County Lighting Company having obtained from the Public Service Commission of the State of New York a final order expressly authorizing the issue and sale of said First Mortgage Bonds and having made a report to the Commission in the form of a further amendment to the application setting forth the action taken to comply with Rule U-50 and stating that, in accordance with the permission granted by the order of the Commission dated July 26, 1945, it has offered the said bonds for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Bidder	Price to the company	Coupon rate	Cost to the company
	Percent	*Percent*	*Percent*
Halsey, Stuart & Co., Inc.	101.69	3⅛	3.04
John Hancock Mutual Life Insurance Co	101.44	3⅛	3.06
W. C. Langley & Co	101.05	3⅛	3.08
Blyth & Co., Inc.; and Kidder, Peabody & Co	100.81	3⅛	3.09

And it appearing further that Kings County Lighting Company has accepted the bid of Halsey, Stuart & Co., Inc. for the bonds, as set out above, and that the bonds will be offered for sale to the public at a price of 102.41% of the principal amount, resulting in an underwriter's spread of 0.75%; and

The Commission finding no basis for imposing any terms or conditions with respect to the proposed sale, and that the legal fees and expenses of counsel for prospective bidders in connection with the proposed transactions do not appear to be unreasonable:

It is ordered, That the jurisdiction heretofore reserved, as to the terms and conditions of the proposed sale of the said First Mortgage Bonds and as to the said legal fees and expenses to be paid in respect of the proposed transactions, be, and the same is, hereby released and that the application, as amended, be, and the same is, hereby granted, subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

ATTACHMENTS TO MACHINES AND MACHINE TOOLS OWNED BY RECONSTRUCTION FINANCE CORPORATION

Surplus Property Board Special Order 12, June 16, 1945 (10 F.R. 7600) is hereby revised and amended as set forth below:

Pursuant to the authority of the Surplus Property Act (50 Stat. 765; 50 U. S. C. App. Sup. 1611), *It is hereby ordered*, That:

In accordance with section 13 (b) of the Surplus Property Act, any owning agency may transfer to Reconstruction Finance Corporation without reimbursement attachments which are attached to machines or machine tools owned by Reconstruction Finance Corporation, in any case where a responsible officer of the owning agency determines that such attachments have no commercial value separate from the machines to which they are attached or that the cost of the care and handling and disposition of such attachments separate from the machines to which they are attached would exceed the estimated proceeds of disposition.

This order shall become effective August 7, 1945.

are agricultural labor as defined in § 4001.1 (1) of the regulations of the Economic Stabilization Director issued on August 28, 1943, as amended (8 F.R. 11960, 12139, 16702, 9 F.R. 6035, 14547, 10 F.R. 9478, 9628).

(b) *Definitions.* When used in this section:

(1) The term "peaches" means the Early Elberta, Elberta, J. H. Hale variety or any other variety having a comparable ripening season to any of these stated varieties.

(2) The term "pears" means the Bartlett variety of Pears or any other variety having a ripening season comparable to the Bartlett variety.

(3) The term "strip picking" means removing the fruit from the tree at one picking;

(4) The term "size picking" means removing the fruit from the tree in accordance with a standard of size attainment of the fruit, requiring two or more pickings per tree;

(5) The term "swamping" means the hauling of picked fruit from the orchard to a central loading point;

(6) The term "apple box" means a standard apple box used in Yakima Valley, Washington.

(c) *Maximum wage rates for picking and swamping peaches and pears in Yakima and Benton Counties, Washington.*

(1) Picking peaches—12¢ per apple box.
(2) Picking pears:
(i) Size picking—12¢ per apple box.
(ii) Strip picking—10¢ per apple box.
(3) Swamping—$1 per hour during either or both peach or pear harvest.

If other than the standard apple box above defined is used then the maximum wage rate shall be at a rate equivalent to the rates prescribed above.

(d) *Administration.* The Washington USDA Wage Board, located at 235 Liberty Building, Yakima, Washington, will have charge of the administration of this section in accordance with the provisions of the specific wage ceiling regulations issued by the War Food Administrator on March 23, 1945 (10 F.R. 3177).

(e) *Applicability of specific wage ceiling regulations.* This section shall be deemed to be a part of the specific wage ceiling regulations issued by the War Food Administrator on March 25, 1945 (10 F. R. 3177) and the provisions of such regulations shall be applicable to this section and any violation of this section shall constitute a violation of such specific wage ceiling regulations.

(f) *Effective date.* This Supplement No. 64 shall become effective at 12:01 a. m., Pacific War Time, August 11, 1945.

TITLE 7—AGRICULTURE

Chapter I—Office of Marketing Services (Standards, Inspections, Marketing Practices)

Subchapter K—Federal Seed Act

PART 201—FEDERAL SEED ACT REGULATIONS

AMENDMENTS TO THE JOINT RULES AND REGULATIONS

By virtue of authority and direction of section 402 of the Federal Seed Act (53 Stat. 1275; 7 U.S.C. 1592; E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783; E.O. 9577, 10 F.R. 8087) and after public hearing, held on May 16, 1945, notice of which was published in the FEDERAL REGISTER of May 4, 1945, the following amendments to the joint rules and regulations of the Secretary of the Treasury and the Secretary of Agriculture under the Federal Seed Act (7 CFR, Cum. Supp. 201.208 et seq.) are hereby promulgated.

1. In § 201.208 insert the words "adzuki bean," "celery," "chickpea," "hemp," "mung bean," "peanut," and "sunflower" in proper alphabetical order.

2. In § 201.210 (d) add at the end of the sentence the words: "except if the lot does not appear to be of uniform quality the separate portions shall be forwarded together but without being combined into a composite sample."

3. In § 201.212 delete subsection (c).

4. Change § 201.215 to read: "All samples shall be accompanied by a description of the lot of seed offered for importation, on a form provided for this purpose by the Department of Agriculture."

5. In § 201.218 delete the words "bears a sufficient mark of identification" and insert in lieu thereof the words "is stenciled to show the name of the kind or variety of the seed and a lot number or designation identifying the lot of seed."

6. In § 201.222 (a) delete the word "Celery" and add "Lupine" and "Horse or broad bean."

7. In § 201.222 (b) add the words "Celery" and "Peanut."

8. In § 202.222 add a new paragraph designated (d) to read:

(d) The collector of customs shall notify the Department of Agriculture of any change in the nature of a declaration made under this section.

9. In § 201.228 add the following: "Any correction of the labeling upon the containers shall be done under the supervision of the Department of Agriculture at the expense of the importer who shall also reimburse the Government for the expenses of travel required to perform such supervision. When a representative of the Department of Agriculture finds upon examination of seed that it is incorrectly described on the invoice presented at the time of entry, a finding of 'false labeling' under the Federal Seed Act of August 9, 1939, will be made. The seed will be refused admission until after the importer has given satisfactory assurance to the Department of Agriculture that he has taken appropriate steps to file with the collector of customs at the port of entry a corrected customs invoice describing the seed in terms which will not constitute 'false labeling.' Upon receipt of such assurance, the Department of Agriculture will notify the collector of the nature of the 'false labeling' and that the seed may be granted admission under the Federal Seed Act. The importer will be liable for the payment of liquidated damages under the bond filed in connection with the entry unless a corrected customs invoice is produced within the time provided for by law or regulations."

10. Change § 201.230 to read:

(a) Seed or screenings refused admission into the commerce of the United States shall be exported by the owner or consignee within 12 months of the date of notice of such refusal or at the expiration of such 12-month period the rejected seed or screenings shall be destroyed under the supervision of an employee or authorized agent of the United States Department of Agriculture in such manner as may be determined by the United States Department of Agriculture.

(b) When seed or screenings which have been refused admission into the commerce of the United States are exported the collector of customs shall notify the office of the United States Department of Agriculture that issued the notice of rejection and shall also submit to said office a sample drawn from the seed at the time of exportation.

(c) The destruction of seed or screenings refused admission shall be at the expense of the owner or consignee who shall also reimburse the Government for the expense of travel required to perform such supervision. The United States Department of Agriculture shall make a report of such destruction giving the amount by weight to the collector of customs at the port of entry of such seed or screenings.

These amendments shall become effective on and after the expiration of thirty days after date of publication herein.

(53 Stat. 1275; 7 U.S.C. 1940 ed. 1592; E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783; E.O. 9577, 10 F.R. 8087)

Issued this 4th day of August 1945.

[SEAL] HERBERT E. GASTON,
Acting Secretary of the Treasury.

CLINTON P. ANDERSON,
Secretary of Agriculture.

PART 201—FEDERAL SEED ACT REGULATIONS

AMENDMENTS TO THE RULES AND REGULATIONS

By virtue of authority under section 402 of the Federal Seed Act (53 Stat. 1275; 7 U.S.C. 1592; E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783; E.O. 9577, 10 F.R. 8087) and after public hearing, held on May 16, 1945, notice of which was published in the FEDERAL REGISTER of April 26, 1945, the following amendments to the rules and regulations for the enforcement of the Federal Seed Act are hereby promulgated.

1. In § 201.2 (h) change the first sentence to read as follows: "*Agricultural seeds.* The term 'agricultural seeds' means the following grass, forage, and field crop seeds:"

2. List the agricultural seeds in § 201.2 (h) (1) and (h) (2) in their proper alphabetical order and insert in addition in their proper alphabetical order the following: "Bluegrass, bulbous, Poa bulbosa L."; "Bluegrass, Nevada, Poa nevadensis Vasey"; "Bluegrass, Texas, Poa arachnifera Torr."; "Bluestem, big, Andropogon furcatus Muhl."; "Bluestem, little, Andropogon scoparius Michx."; "Bluestem, sand, Andropogon hallii Hack."; "Brome, mountain, Bromus marginatus Nees"; "Clover, lappa, Trifolium lappaceum L."; "Clover, large hop, Trifolium procumbens L."; "Crotalaria, lance, Crotalaria lanceolata E. Mey."; "Crotalaria, striata, Crotalaria striata, DC."; "Crotalaria, sunn, Crotalaria juncea L."; "Dropseed, sand, Sporobolus cryptandrus (Torr.) A. Gray"; "Grama, blue, Bouteloua gracilis (H.B.K.) Lag."; "Grama, side-oats, Bouteloua curtipendula (Michx.) Torr."; "Grass, buffalo, Buchloe dactyloides (Nutt.) Engl."; "Grass, giant panic, Panicum antidotale Retz."; "Grass, Harding, Phalaris tuberosa var. stenoptera (Hack.) Hitchc."; "Grass, Indian, Sorghastrum nutans (L.) Nash"; "Grass, Johnson, Sorghum halepense (L.) Pers."; "Grass, switch, Panicum virgatum L."; "Grass, Vasey, Paspalum urvillei Steud."; "Lespedeza, Siberian, Lespedeza hedysaroides (Pallas) Ricker"; "Lovegrass, weeping, Eragrostis curvula (Schrad.) Nees"; "Pea, rough, Lathyrus hirsutus L."; "Peanut, Arachis hypogaea L."; "Ricegrass, Indian, Oryzopsis hymenoides (Roem. and Schult.) Ricker"; "Sesbania, Sesbania exaltata (Raf.) Torr."; "Smilo, Oryzopsis miliacea (L.) Benth. and Hook."; "Trefoil, big, Lotus uliginosus Schkuhr."; "Trefoil, birdsfoot, Lotus corniculatus L."; "Wild-rye, Canada, Elymus canadensis L."

3. In § 201.2 (i) insert in their proper alphabetical order the following: "Bean, asparagus, Vigna sesquipedalis (L.) Fruwirth"; "Bean, runner, Phaseolus coccineus L."; "Cardoon, Cynara cardunculus L."; "Cowpea, Vigna sinensis (Torner) Savi."; and "Soybean, Soja max (L.) Piper."

4. In § 201.2 add after § 201.2 (y) a new paragraph to read as follows:

(z) *Processing.* For the purpose of section 203 (b) (2) (B) of the act the term "processing" means cleaning, scarifying, or blending to obtain uniform quality, and other operations which would change the purity or germination of the seed and therefore require retesting to determine the quality of the seed, but does not include operations such as packaging, labeling, blending together of uniform lots of the same kind or variety without cleaning, or the preparation of a mixture without cleaning, any of which would not require retesting to determine the quality of the seed.

5. In § 201.26 add the following: "The representation of kind and variety shall be confined to the recognized name of the kind and variety. It shall not have affixed thereto names or terms that create a misleading impression as to the history or quality of the seed."

6. In § 201.31 change "beans (except lima) ____ 80" to read "Beans (except lima) ____ 75." Strike out the numeral "25" after the words "Cress, water" and insert in lieu thereof the numeral "35." Add in proper alphabetical order; "Bean, asparagus ____ 75," "Bean, runner ____ 75," "Cardoon ____ 60," "Cowpea ____ 75," "Soybean ____ 75."

7. In § 201.39 change paragraphs (d) and (e) to read as follows:

(d) As the seed or screenings are sampled each portion shall be examined and if there appears to be a lack of uniformity, the portions shall not be combined but shall be retained as separate samples to determine such lack of uniformity as may exist.

(e) When the portions appear to be uniform, they shall be combined to form a composite sample.

8. Change § 201.43 to read as follows:

§ 201.43 *Size of sample.* The following are minimum weights of samples of agricultural seed and screenings to be submitted for analysis, test, or examination:

(a) Two ounces of grass seed not otherwise mentioned, white or alsike clover, or seeds not larger than these.

(b) Five ounces of red or crimson clover, alfalfa, lespedeza, ryegrass, bromegrass, millet, flax, rape, or seeds of similar size.

(c) One pound of Sudan grass, sorghum, proso, hemp or seeds of similar size.

(d) Two pounds of cereals, vetch, or seeds of similar or larger size.

(e) Two quarts of screenings.

9. Change § 201.46 to read:

§ 201.46 *Weight of working sample.* For the detailed purity analysis the working sample shall be at least the weight set forth in table 1.

[1] Pure seed unit consists of naked caryopsis, spikelet, or floret with at least 1 caryopsis.

[2] Pure seed unit consists of hur, floret or caryopsis.

[3] Pure seed unit consists of spike, spikelet, floret or caryopsis.

10. In § 201.47 delete the word "counted" in next to the last sentence of the section and insert in lieu thereof the word "taken."

11. Change § 201.48 to read:

§ 201.48 *Kind, variety, or type considered pure seed.* The pure seed shall include all seeds of each kind, variety, or type under consideration present in excess of 5 percent of the whole, whether shriveled, cracked, or otherwise injured, and pieces of seeds that are larger than one-half of the original size, whether broken, insect-damaged, or diseased.

12. Change § 201.49 to read:

§ 201.49 *Other crop seed.* Seeds of plants grown as crops (other than the kind, variety, or type included in the pure seed) each kind, variety, or type of which is present in a proportion to the whole of 5 percent or less, whether shriveled cracked, or otherwise injured, and pieces of seeds larger than one-half of the original size, whether broken, insect-damaged, or diseased, shall be considered other crop seeds unless recognized as weed seeds.

13. Change § 201.50 to read as follows:

§ 201.50 *Weed seed.* Seeds, bulblets or tubers or plants recognized as weeds by laws or official regulations or by general usage shall be considered weed seeds: *Provided*, That undeveloped or badly injured weed seeds, including noxious-weed seeds, as described under inert matter shall be considered inert matter and not weed seed. When seeds of Juncus spp. are present and would not add more than 0.1 percent to the percentage of weed seed, they need not be separated but may be included with the inert matter.

14. Change § 201.51 to read as follows:

§ 201.51 *Inert matter.* Inert matter shall include seedlike structures from both crop and weed plants and other matter not seeds as follows:

(a) *Seedlike structures from crop plants.* Pieces of seeds one-half the original size or less, whether broken, insect-damaged, or diseased; seeds of legumes and crucifers with the seed coats entirely removed; empty glumes and sterile florets of grasses; attached sterile florets of grasses (which must be removed from the fertile florets except in bluegrasses, Rhodes grass, bluestems and gramas).

(b) *Seedlike structures from weed plants.* All badly injured, undeveloped or empty structures which resemble seeds but which by visual examination (including dissection or the use of reflected light) can be easily demonstrated as having no embryo or having only a rudimentary embryo or having an embryo that has been destroyed by a disease organism. Included as inert matter are structures from weed plants as follows:

(1) Seeds of grasses with over half the embryo removed;

(2) "Seeds" of dodder which are usually fragile, ashen gray to brown in color and somewhat enlarged;

(3) Ragweed seed with both the involucre and pericarp absent;

(4) Shriveled, blackened seeds of buckhorn;

(5) Empty seeds or fruits such as occur in the sedge, buckwheat, morning-glory, and sunflower families;

(6) Empty glumes and sterile florets of grasses;

(7) Seeds of legumes and species of Brassica with the seed coats entirely removed;

(8) Bulblets of wild onion and garlic with the basal or stem end portion removed; and

(9) Seeds of Juncus spp. when not in excess of 0.1 percent.

(c) *Other matter.* Soil, sand, stones, chaff, stems, leaves, nematode galls, and fungus bodies (such as ergot and other sclerotia and smut balls).

15. Change § 201.52 to read as follows:

§ 201.52 *Noxious-weed seeds.* The determination of the number of seeds, bulblets, or tubers of individual novious weeds present per unit weight should be made on at least the minimum quantities listed in table 1 except that if 30 or more noxious-week seeds, bulblets, or tubers of one species are found in the pure seed analysis or noxious-weed seed examination of a like amount, the rate of occurrence of that species shall be based on the pure seed analysis and the occurrence of that species in the remainder of the bulk examined for noxious-weed seeds need not be noted.

16. Change § 201.53 to read:

§ 201.53 *Source of seed for germination.* (a) When both purity and germination tests are required, seeds for germination shall be taken from the separation of the kind, variety, or type considered pure seed and shall be counted without discrimination as to size or appearance.

(b) When only a germination test is required and the pure seed is estimated or determined to be at least 98 percent, the pure seed for the germination test may be taken indiscriminately from a representative portion of the bulk.

(c) When only a germination test is required and the pure seed is found to be less than 98 percent, the pure seed shall be taken indiscriminately from a pure seed separation made according to the provisions of these rules and regulations which govern the separation of the kind, variety, or type considered pure seed except that other crop seeds, inert matter, and weed seeds need not be separated.

17. In § 201.57 add the following: "If at the end of the germination period provided for legumes, okra, and asparagus in these rules and regulations there are still present swollen seeds or seeds of these kinds which have just started to germinate, all seeds or seedlings except the above-stated shall be removed and the test continued for 5 additional days and the normal seedlings included in the percentage of germination."

18. Change § 201.58 to read as follows:

§ 201.58 *Methods of testing for germination and hard seed.*

TABLE 2—METHODS OF TESTING FOR LABORATORY GERMINATION AND HARD SEED

Name of seed	Substrata [1]	Temperature [2]	First count	Final count	Remarks
AGRICULTURAL SEED		°C.	*Days*	*Days*	
Alfalfa—Medicago sativa	B, S	20	3	[3] 7	
Bahia grass—Paspalum notatum.	P	30–35	3	21	Light at 30° C.; remove all glumes with aid of sharp scalpel, fresh seed lightly scratch surface of caryopsis and use KNO_3.[4]
Barley—Hordeum vulgare	T, S	20	3	7	Fresh seed prechill 5 days at 5° or 10° C.[4]
Bean					
Adzuki—Phaseolus angularis.	R, S	20–30	4	[3] 10	
Field—Phaseolus vulgaris	R, S	20–30	5	[3] 8	Watch for 'baldheads'; open the cotyledons if plumule is not visible.
Mung—Phaseolus aureus	R, S	20–30	3	[3] 7	
Velvet—Stizolobium utile	S	20–30	3	[3] 14	
Beet, field (Mangel)—Beta vulgaris	B	20–30	3	14	Soak in water 2 hours before testing, using at least 250 cc. water per 100 'seeds'; wash in running water after soaking and blot surface dry.
Bentgrass					
Creeping (seaside)—Agrostis palustris.	P	20–30	7	28	Light, KNO_3.[4]
Highland—Agrostis tenuis var.	P	20–30	7	28	Do.
Other bentgrasses—Agrostis spp.	P	20–30	7	21	Do.
AGRICULTURAL SEED—con.		°C.	*Days*	*Days*	
Bermuda grass—Cynodon dactylon.	P	20–35	7	21	Light, KNO_3.[4]
Bluegrass:					
Annual—Poa annua	P	20–30	7	21	Light.
Bulbous—Poa bulbosa	P, S	10	10	35	Prechill one week at 5°C. KNO_3 or soil.[4]
Canada—Poa compressa	P	20–30	7	28	Light, KNO_3.[4]
Kentucky—Poa pratensis	P	20–30	7	28	Light, fresh seed 5–30° C., 0.1% KNO_3.[4]
Nevada—Poa nevadensis	P	20–30	7	21	Light, KNO_3.[4]
Rough—Poa trivialis	P	20–30	7	21	Light.
Texas—Poa arachnifera	P	20–30	7	28	Light, KNO_3, fresh seed prechill at 5° C. for 2 weeks.[4]
Wood—Poa nemoralis	P	20–30	7	28	Light.
Bluestem:					
Big—Andropogon furcatus.	P, TS	20–30	7	28	Light, KNO_3, fresh seed prechill at 5° C. for 2 weeks.[4]
Little—Andropogon scoparius.	P, TS	20–30	7	28	Do.
Sand—Andropogon hallii.	P, TS	20–30	7	28	Do
Brome:					
Mountain—Bromus marginatus.	P	20–30	6	14	Light.
Brome: Smooth—Bromus inermis.	P, TB	20–30	6	14	Light.
Broomcorn—Sorghum vulgare technicum.	B, S	20–30	3	10	
Buckwheat—Fagopyrum vulgare.	B, T	20–30	3	6

TABLE 2—METHODS OF TESTING FOR LABORATORY GERMINATION AND HARD SEED—Continued

Name of seed	Substrata [1]	Temperature [2]	First count	Final count	Remarks
AGRICULTURAL SEED—con.		°C.	*Days*	*Days*	
Buffalo grass—Buchloe dactyloides:					
(Burs)	P, TB, TS	20–35	7	28	Light, KNO_3; fresh seed prechill at 5° C. for 6 weeks and germinate 14 additional days.[4]
(Caryopses)	P	20–35	5	14	Light, KNO_3.[4]
Canary grass, reed—Phalaris arundinacea.	P	20–30	5	21	Light; fresh seed KNO_3.[4]
Carpet grass—Axonopus compressus.	P	20–35	10	21	Light; fresh seed KNO_3.[4]
Chickpea—Cicer arietinum.	R, S	20–30	3	7	
Clovers:					
Alsike—Trifolium hybridum.	B, S	20	3	[3] 7	
Alyce—Alysicarpus vaginalis.	B	30	4	[3] 21	
Berseem—Trifolium alexandrinum.	B, S	20	3	[3] 7	
Bur—Medicago arabica and Medicago hispida.	B, T	20	4	[3] 14	
Cluster—Trifolium glomeratum.	B	20	4	[3] 10	
Crimson—Trifolium incarnatum.	B, S	20	3	[3] 7	
Ladino—Trifolium repens.	B, S	20	3	[3] 10	
Large hop—Trifolium procumbens.	B	20	4	[3] 14	
Lappa—Trifolium lappaceum.	B	20	3	[3] 7	
Persian—Trifolium resupinatum.	B	20	3	[3] 7	
Red—Trifolium pratense	B, S	20	3	[3] 7	
Sour—Melilotus indica.	B	20	3	[3] 14	
Strawberry—Trifolium fragiferum.	B	20	3	[3] 7	
Subterranean—Trifolium subterraneum.	B	20	4	[3] 14	Fresh seed 15° C.
Suckling—Trifolium dubium.	B	20	4	[3] 14	
Sweet—Melilotus alba and M. officinalis.	S, B	20	3	[3] 7	
White—Trifolium repens.	B, S	20	3	[3] 10	
Corn, field—Zea mays	R, S	20–30	4	7	
Corn, pop—Zea mays everta	R, S	20–30	4	7	
Cotton—Gossypium spp.	T, S	20–30	4	12	"Prewet" seed for retest.[5]
Cowpea—Vigna sinensis	R, S	20–30	5	[3] 8	Watch for weevil injury to plumule.
Crested dogtail—Cynosurus cristatus.	P	20–30	10	21	Light; fresh seed prechill for 3 days at 5° or 10° C.[3]
Crotalaria—Crotalaria intermedia, C. juncea, C. lanceolata, C. spectabilis and C. *striata*.	B, S	20–30	3	[3] 10	
Dallis grass—Paspalum dilatatum.	P	20–35	7	21	Light, fresh seed KNO_3.[4]
Dropseed, sand—Sporobolus cryptandrus.	P	15–35	6	42	Light, KNO_3; dormant seed prechill at 5° C. for 4 to 8 weeks and germinate for 28 days.[4]
Fescue:					
Hair—Festuca capillata	P	10–25	10	28	KNO_3.[4]
Meadow—Festuca elatior.	P	20–30	5	14	
Other fescues (fine leaved) Festuca spp.	P	15–25	7	21	Alternate method: 20–30° C., light, test for 28 days.
Flax—Linum usitatissimum.	B, S	20–30	3	7	
Guinea grass—Panicum maximum.	P, TS	20–30	7	28	Light.
Grama:					
Blue—Bouteloua gracilis.	P, TB	20–30	7	28	Light; fresh seed KNO_3.[4]
Side-oats—Bouteloua curtipendula.	P	15–30	7	28	Light, KNO_3.[4]
Guinea grass—Panicum maximum.	P	20–30	10	28	
Harding grass—Phalaris tuberosa var. stenoptera.	P	10–30	7	28	Light; fresh seed KNO_3.[4]
Hemp—Cannabis sativa	B	20–30	3	7	
Indian grass—Sorghastrum nutans.	P, TS	20–30	7	21	Light, KNO_3; fresh seed prechill at 5° C. for 2 weeks.[4]
Johnson grass—Sorghum halepense.	P	20–35	7	35	Light, fresh seed KNO_3.[4]
Kudzu—Pueraria thunbergiana.	T	20–30	6	[3] 14	
Lespedeza:					
Chinese—Lespedeza sericea	B, S	20–35	7	[3] 28	
Common and Kobe—Lespedeza striata.	B, S	20–35	7	[3] 14	
Korean—Lespedeza stipulacea.	B	20–35	6	[3] 14	
Siberian—Lespedeza bedysaroides.	B, S	20–35	7	[3] 21	
Lovegrass, weeping—Eragrostis curvula.	P	20–35	5	14	Light, fresh seed KNO_3.[4]
Lupine:					
Blue—Lupinus angustifolius.	R	20	4	[3] 10	
White—Lupinus albus	R, T	20	3	[3] 7	
Yellow—Lupinus luteus	R, T	20	7	[3] 21	
Meadow foxtail—Alopecurus pratensis.	P	20–30	7	14	Light.
Medick, black—Medicago lupulina.	B, S	20	3	[3] 7	
Millet:					
Browntop—Panicum fasciculatum.	B	20–30	4	14	
Foxtail—Such as common, German, Hungarian, Siberian, or Golden—Setaria italica.	B	20–30	4	10	
Japanese—Echinochloa crusgalli frumentacea.	B	20–30	4	10	
Pearl—Pennisetum glaucum.	B	20–30	3	7	
Proso—Panicum miliaceum.	B	20–30	3	7	
Molasses grass—Melinis minutiflora.	P	20–30	7	21	Light.
Mustard:					
Black—Brassica nigra	P	20–30	3	7	Light; fresh seed KNO_3, and prechill at 10° C. for 3 days.[4]
White—Brassica hirta	P	20–30	3	5	Light.
Napier grass—Pennisetum purpureum.	B	20–30	3	10	
Oats—Avena spp.	T, S	20	4	10	Fresh seed prechill for 5 days at 5° or 10° C., extend final count from 10 to 12 days.
Oatgrass, tall—Arrhenatherum elatius.	P	20–30	6	14	Light.
Orchard grass—Dactylis glomerata.	S, P	20–30	7	18	Germination more rapid in soil; light on Petri dish tests.
Peanut—Arachis hypogaea	R, S	20–30	5	10	Remove shells.
Peas, field—Pisum sativum arvense.	R, S	20	3	[3] 8	
Rape:					
Annual—Brassica napus var.	B	20–30	3	7	
Bird—Brassica campestris.	P	20–30	3	10	Light, fresh seed KNO_3.[4]
Turnip—Brassica rapa var.	B	20–30	3	7	
Winter—Brassica napus.	B	20–30	3	7	
Redtop—Agrostis alba	TB, P	20–30	5	10	Light.
Rescue grass—Bromus catharticus.	P	20–30	7	35	Light; fresh seed KNO_3, and 15°–30° C. for 1 week; complete test at 5° C.[4]
Rhodes grass—Chloris gayana.	P	20–30	6	14	Light.
Rice—Oryza sativa	B, T	20–30	3	14	
Ricegrass, Indian—Oryzopsis hymenoides.	P	15	7	42	Dormant seed prechill at 3° C. for 4 weeks and germinate for 21 additional days.
Rough pea—Lathyrus hirsutus.	T	20	7	[3] 14	
Rye—Secale cereale	T, S	20	3	7	
Ryegrass:					
Italian—Lolium multiflorum.	P, TB	20–30	5	14	Light; for fluorescence test the seed should be germinated on filter paper; fresh seed KNO_3.[4]
Perennial—Lolium perenne.	P, TB	20–30	5	14	Light; for fluorescence test the seed should be germinated on filter paper.
Sainfoin—Onobrychis viciaefolia.	B	20–30	4	[3] 10	
Sesbania—Sesbania exaltata.	B	20–30	5	[3] 7	
Smilo—Oryzopsis miliacea	P	20–30	7	42	Light; fresh seed prechill at 5° C. for 2 weeks.[3]
Sorghum:					
Grain—Sorghum vulgare	B, S	20–30	3	10	
Sweet (sorgo)—Sorghum vulgare.	B, S	20–30	3	10	Fresh seed prechill at 5° or 10° C. for 5 days.[3]
Soybean—Soja max	RT, S	20–30	5	[3] 8	
Sudangrass—Sorghum vulgare sudanense.	B, S	20–30	3	10	
Sunflower (Cult.)—Helianthus annuus.	T, B	20–30	3	7	
Sweet vernalgrass—Anthoxanthum odoratum.	P	20–30	6	14	Light.
Switch grass—Panicum virgatum.	P, TS	15–30	7	28	Light, KNO_3; fresh seed prechill at 5° C. for 2 weeks.[4]
Timothy—Phleum pratense.	P, TB	20–30	5	10	Light; fresh seed KNO_3.[4]

See footnotes at end of table.

[1] Substrata: B=between blotters; TB=top of blotters; T=paper toweling; R=rolled towels, S=soil or sand, TS=top of soil, P=petri dishes with 2 thicknesses of blotters or 1 thickness of absorbent cotton or 5 thicknesses of paper toweling or on top of sand or soil in closed petri dishes.

[2] Temperature: A single numeral indicates a constant temperature. Two numerals separated by a dash indicate an alternation of temperature; the test is held at the first temperature for approximately 16 hours and at the second temperature for approximately 8 hours per day.

[3] Hard seeds often present. If at the end of the germination period there are still present swollen seeds or seeds which have just started to germinate all seeds or seedlings except the above-stated shall be removed and the test continued for 5 additional days and the normal seedlings included in the percentage of germination.

[4] A two-tenths (0.2) percent solution of potassium nitrate (KNO_3) prepared by dissolving 2 grams of KNO_3 in 1,000 cc. of water is used in moistening the substratum unless otherwise specified.

[5] The prechilling period is not included in the germination period given in this table unless otherwise specified.

[6] 'Prewet' method on cotton: Shake seed in a closed container, thoroughly wetting the 'fuzz' of the seed. Blot off all excess moisture and put in to germinate. If the 'prewet' test is higher, report both it and the standard germination.

19. In § 201.60 insert after the words "Bermuda grass" the following: "Guinea grass, molasses grass, and Vasey grass."

20. In § 201.101 add to the enumerated kinds of seed the following: "Horse or broad bean, lupine, and peanut."

21. In § 201.107 add to the list of plant families the following: "Aizoaceae—Carpetweed"; "Anacardiaceae—Sumac"; "Asclepiadaceae—Milkweed"; "Campanulaceae—Bluebell"; "Capparidaceae—Caper"; "Crassulaceae—Orpine"; "Cucurbitaceae—Cucurbit"; "Hydrophyllaceae—Waterleaf"; "Illecebraceae—Knotweed"; "Iridaceae—Iris"; "Lobeliaceae—Lobelia"; "Lythraceae—Loosestrife"; "Nyctaginaceae—Four-o'clock"; "Oxalidaceae—Wood sorrel"; "Phytolaccaceae—Pokeweed"; "Polemoniaceae—Phlox"; "Valerianaceae—Cornsalad."

In the list of seeds considered weed seeds when occurring incidentally in importations of other agricultural or vegetable seeds delete "Dallis grass, Paspalum dilatatum Poir."

These amendments shall become effective on and after the expiration of thirty days after date of publication herein.

Chapter IX—War Production Board

AUTHORITY: Regulations in this chapter, unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended Dec. 31, 1943, 9 F.R. 64.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-706, Amdt. 1]

JOSEPH R. CIANCHETTE

Joseph R. Cianchette of Pittsfield, Maine, did construction without authorization from the War Production Board on his property consisting of a barn and other farm buildings in Pittsfield, Maine, a summer camp, boat house, and related buildings in Newport, Maine, and on eight separate house foundations in Bangor, Maine. Suspension Order No. S-706 was issued against Joseph R. Cianchette on January 31, 1945. Because of the determination of essentiality of the construction of the houses owned by the respondent on Silver Road, Bangor, Maine, the Chief Compliance Commissioner has directed that the suspension order be amended by deleting paragraph (a) and by deleting from paragraph (b) the prohibition against further construction on the eight foundations or the houses thereon owned by the respondent on Silver Road, Bangor, Maine.

In view of the foregoing: It is hereby ordered, That: § 1010.706, *Suspension Order No. S-706*, issued January 31, 1945 be amended by deleting paragraph (a) and by the substitution of the following paragraph (b) for the present paragraph (b):

(b) Neither Joseph R. Cianchette, or any other person, shall do any construction on his barn or milk house in Pittsfield, Maine, or on the summer camp or other buildings on his property in Newport, Maine, unless hereafter specifically authorized in writing by the War Production Board.

Issued this 10th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-762, Reinstatement and Amendment]

BANNER BED CO.

Banner Bed Company, a corporation located at 3622 South Morgan Street, Chicago, Illinois, engaged in the manufacture and sale of metal cots, bunks, beds and bedsprings, was suspended on April 20, 1945, by Suspension Order No. S-762. They appealed from the provisions of the suspension order and, pending determination of the appeal, the suspension order was stayed by the Chief Compliance Commissioner on April 26, 1945. The appeal has been considered by Deputy Chief Compliance Commissioner Flood who has dismissed the appeal and directed that the stay be terminated and the suspension order reinstated.

In view of the foregoing: It is hereby ordered that: § *1010.762 Suspension Order No. S-762* issued April 13, 1945, and effective April 20, 1945, be and hereby is reinstated effective August 11, 1945, to expire November 5, 1945; the stay of execution directed by the Chief Compliance Commissioner on April 26, 1945, be and hereby is revoked effective August 10, 1945; and that the suspension order be modified by striking paragraph (b) therefrom.

Issued this 2d day of August 1945.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 2, Inventory Dir. 24, as Amended Aug. 10, 1945]

FORTY-FIVE DAY INVENTORY ON CARBON AND SILICON ELECTRICAL STEEL SHEET AND STRIP

§ 3175.124 *Inventory Direction 24 to CMP Regulation 2.* (a) Notwithstanding the provisions of CMP Regulation 2, paragraph (b) (1), no user shall accept delivery of any item of steel sheet and strip if his inventory of such item is, or will by virtue of such acceptance become, in excess of the quantity of such item he will be required to put into use during the succeeding 45 days for production or construction in order to carry out his current or scheduled operations.

(b) The exceptions in paragraph (c) of CMP Regulation 2 apply to deliveries of steel sheet and strip under this direction.

(c) This direction does not apply to:

(1) Alloy steel sheet and strip (other than silicon electrical sheet and strip).

(2) Any person who will use less than 50,000 pounds of carbon and silicon electrical steel sheet and strip in the calendar month in which delivery is accepted.

(3) Any person who will use steel sheet and strip in ship repair or conversion yards for the purpose of ship repair or conversion.

(4) Steel sheet and strip which on July 9, 1945 was in transit or loaded for shipment.

However, in the above cases, the provisions of paragraph (b) of CMP Regulation 2 (specifying a 60-day inventory or a minimum practicable working inventory, whichever is less) continue to apply.

(d) Users must immediately cancel, reduce or defer any order for steel sheet and strip which has been placed where the scheduled delivery would result in an inventory in excess of that permitted by this direction.

(e) No user may place any order for steel sheet and strip requesting delivery which would result in an inventory in excess of that permitted by this direction.

PART 1305—ADMINISTRATION

[Supp. Order 124]

MAXIMUM PRICES FOR SALES OF SPECIFIED SURPLUS APPAREL AND OTHER ITEMS BY ST. LOUIS COUNTY WELFARE BOARD, DULUTH, MINNESOTA, AND SUBSEQUENT SELLERS

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

§ 1305.152 *Maximum prices for sales of specified surplus apparel and other items by St. Louis County Welfare Board, Duluth, Minnesota, and subsequent sellers*—(a) *What this order does.* This order establishes maximum prices for sales by St. Louis County Welfare Board, Duluth, Minnesota, of specified surplus items listed in Column 1 of Appendix A of this order and for all subsequent sellers of these items.

(b) *Maximum prices for sales by St. Louis County Welfare Board.* Notwithstanding the provisions of any maximum price regulation issued by the OPA, or any amendment thereto or order thereunder, the maximum prices for sales by St. Louis County Welfare Board, of the surplus items set forth in Column 1 of Appendix A, shall be as follows:

(1) for sales to individual ultimate consumers, the maximum prices are those set forth in Column 2 of Appendix A.

(2) for sales to retailers and to industrial, commercial and institutional users, the maximum prices are those set forth in Column 3 of Appendix A, and

(3) for sales to wholesalers and all other persons (except individual ultimate consumers, retailers and industrial, commercial and institutional users), the maximum prices are those set forth in Column 4 of Appendix A.

(c) *Maximum prices for sales by any other sellers.* Notwithstanding the provisions of any maximum price regulation issued by the OPA, or any amendment thereto, or order thereunder, the maximum prices for sales by any other seller of the specified surplus apparel and other items covered by this order shall be as follows:

(1) For sales to individual ultimate consumers, the maximum prices are those set forth in Column 2 of Appendix A.

(2) For sales to any person other than an individual ultimate consumer, the maximum prices are those set forth in Column 3 of Appendix A.

(d) *Notice to be sent by St. Louis County Welfare Board.*

(1) St. Louis County Welfare Board shall transmit to each person (except an individual ultimate consumer) to whom it sells any of the items covered by this order, a copy of this order together with the following notice:

NOTICE TO PURCHASERS

The OPA, by Supplementary Order 124 (a copy of which is attached to this notice) has established maximum prices for sales of certain specified surplus apparel and other items of the St. Louis County Welfare Board, Duluth, Minnesota.

If you sell to an individual ultimate consumer, you will find your ceiling for any of the items included in this shipment in Column 2 of Appendix A of the attached order.

If you sell to any person other than an individual ultimate consumer, you will find your ceiling price for any of the items included in this shipment in Column 3 of Appendix A of the attached order.

The OPA has ruled that you may not sell any of these items at prices in excess of these ceiling prices. Lower prices may, of course, be charged.

(2) The notice and copy of this order required to be sent by St. Louis County Welfare Board, under this paragraph (d) shall be transmitted with, or annexed to the invoice, billing or other statement of price accompanying the first shipment made to each person (except an individual ultimate consumer) by St. Louis County Welfare Board of any of the items covered by this order.

(e) *Notice to be sent by wholesalers.* (1) Every person who purchases any of the items covered by this order for purposes of resale shall transmit to each customer (except an individual ultimate consumer) to whom he sells any of the items covered by the order, a copy of this order and a copy of the "Notice to purchasers" set forth in paragraph (d) above.

(2) The notice and copy of this order required to be sent under this paragraph (e) shall be transmitted with, or annexed to the invoice, billing or other statement of price accompanying the first shipment made by the seller to each of his customers (except an individual ultimate consumer) of any item covered by this order.

PART 1300—PROCEDURE

[Procedural Reg. 15]

APPLICATIONS BY INELIGIBLE SLAUGHTERERS RECEIVING EXTRA-COMPENSATION PAYMENTS FOR RELIEF WITH RESPECT TO SUCH PAYMENTS

Pursuant to the provisions of the act of June 26, 1945 (Public Law 88, 79th Congress, First Session), entitled "An act to permit the continuation of certain subsidy payments and certain purchase and sale operations by corporations created pursuant to section 5d (3) of the Reconstruction Finance Corporation Act, as amended, and for other purposes" and Directive No. 62 (10 F.R. 8242), issued by the Director of Economic Sta-

bilization on July 2, 1945, the following regulation is issued governing applications by ineligible slaughterers receiving extra-compensation payments for relief with respect to such payments.

Sec.
1300.721 Purpose.
1300.722 Persons eligible to file applications under this regulation.
1300.723 Form and place of filing of application.
1300.724 What the application must contain.
1300.725 Additional information required.
1300.726 Hearings.
1300.727 Final action on application.
1300.728 Review by the United States Emergency Court of Appeals.

AUTHORITY: §§ 1300.721 through 1300.728 issued under Pub. Law 88, 79th Cong.; E. O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

§ 1300.721 *Purpose.* The purpose of this procedural regulation is to establish the procedures to be used by the Administrator of the Office of Price Administration in carrying out the functions, powers and duties delegated to him by the Economic Stabilization Director pursuant to the provisions of section 2 of the act of June 26, 1945 (Public Law 88, 79th Congress, First Session), entitled "An act to permit the continuation of certain subsidy payments and certain purchase and sale operations by corporations created pursuant to Section 5d (3) of the Reconstruction Finance Corporation Act, as amended, and for other purposes." Section 2 of the above act provides in substance that any slaughterer who heretofore or hereafter shall have received extra-compensation payments under Livestock Slaughter Payments Regulation No. 3 of the Reconstruction Finance Corporation (Defense Supplies Corporation) when such slaughterer was not in a class eligible for such extra-compensation payments, shall be relieved in whole or in part of obligation to repay the amount thereof and shall be entitled to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to, or withheld by Reconstruction Finance Corporation on account of such extra-compensation payments, to the extent that it is determined that it would be inequitable for Reconstruction Finance Corporation to require repayment by such slaughterer or to retain the amounts so repaid or withheld, provided it is also determined that such slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments.

§ 1300.722 *Persons eligible to file applications under this regulation.* Any slaughterer who heretofore or hereafter shall have received extra-compensation payments under Livestock Slaughter Payments Regulation No. 3 of Reconstruction Finance Corporation when such slaughterer was not in a class eligible for such extra-compensation payments, may file an application to be relieved, in whole or in part, of obligation to repay the amount thereof and to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to or withheld by Reconstruction Finance Corporation on account of such extra-compensation payments.

To the extent that it is determined by the Administrator that it would be inequitable for Reconstruction Finance Corporation to require repayment by such slaughterer or to retain the amounts so repaid or withheld, and upon a determination by the Administrator that such slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments, such slaughterer's application shall be granted and such slaughterer shall be relieved, in whole or in part, of obligation to repay the amount thereof and shall be entitled to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to, or withhheld by Reconstruction Finance Corporation on account of such extra-compensation payments.

§ 1300.723 *Form and place of filing of application.* (a) The application shall be in writing and shall consist of an original and four copies. The application shall be signed and verified either by the slaughterer personally or if a partnership, by a partner, or if a corporation or association, by a duly authorized officer thereof.

(b) The application shall be filed with the Secretary of the Office of Price Administration, Washington, D. C.

§ 1300.724 *What the application must contain.* Each application filed pursuant to this regulation shall contain the following information:

(a) A statement of the dates and amounts of extra-compensation payments received by the slaughterer from Reconstruction Finance Corporation.

(b) A statement of the dates and amounts of such extra-compensation payments repaid by such slaughterer to, or withheld by Reconstruction Finance Corporation on account of such extra compensation payments.

(c) A statement of the facts indicating that the slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments.

(d) A statement of the facts indicating that it would be inequitable for Reconstruction Finance Corporation to require repayment or to retain the amounts so repaid or withheld.

(e) For each of the calendar or fiscal years 1936–39, inclusive; for the calendar or fiscal year during which extra-compensation payments were received, and for the period following such calendar or fiscal year to date of application, consolidated profit and loss statements and consolidated balance sheets on OPA Financial Reporting Form A or B, whichever is appropriate.

(f) A statement for each of the periods enumerated in (e) above, showing officers', partners' and proprietors' salaries, bonuses, commissions, and withdrawals.

(g) A statement for each of the periods enumerated in (e) above, showing the amounts spent for improvements and repairs separately.

(h) Number of head and live weight of applicant's slaughter by species of livestock (treat cattle and calves separately) for each year from 1936–1939 and for 1943; and by monthly accounting periods for 1944 and 1945 to date, to the extent that this information has not been filed with Reconstruction Finance Corporation. Indicate the periods, if any, for which this information has been filed with Reconstruction Finance Corporation.

§ 1300.725 *Additional information required.* The Administrator may, by order, require any applicant to submit in affidavit form such additional information as the Administrator deems necessary or appropriate for a determination of the right of such applicant to relief under the Act specified in section 1 of this regulation.

§ 1300.726 *Hearings.* (a) Evidence will be received, as a general rule, only in affidavit form. In exceptional cases, where the Administrator deems it necessary for complete presentation of the facts, he may provide for a hearing upon any application at a time and place specified by him in order to receive oral testimony and may appoint an official of the Office of Price Administration to conduct such hearing.

(b) In the event that the Administrator orders the receipt of oral testimony, notice shall be served on the applicant not less than five days prior to receipt of such testimony. The notice shall state the time and place of the hearing and the presiding officer designated by the Administrator.

§ 1300.727 *Final action on application.* The Administrator's action upon an application, either granting it in whole or in part, or denying it, shall be in the form of an order, with an accompanying opinion stating the reasons for the Administrator's action and setting forth his findings and determinations. The order shall contain a certification to Reconstruction Finance Corporation of the Administrator's findings and determinations as provided for in this regulation. A copy of the order and accompanying opinion shall be filed with Reconstruction Finance Corporation and the Director of Economic Stabilization.

§ 1300.728 *Review by the United States Emergency Court of Appeals.* An order denying an application either in whole or in part is reviewable by the United States Emergency Court of Appeals under rules prescribed by said Court.

This regulation shall become effective August 13, 1945.

NOTE: The reporting provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RO 1A,[1] Amdt. 104]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Ration Order No. 1A is amended in the following respects:

1. The first sentence of § 1315.613 is amended to read as follows: "A sectional warehouse or dealer who, prior to August 16, 1945, accepted a certificate from a consumer on OPA Form R–2 issued on or after December 1, 1944, or who, prior to September 1, 1945, accepted a replenishment portion of a certificate from another dealer or sectional warehouse on OPA Form R–2 issued on or after December 1, 1944, and who has not transferred the replenishment portion of such certificate to the factory or regional branch of a manufacturer by September 1, 1945, shall forward the replenishment portion, properly endorsed and dated, to his OPA District Office during the month of September 1945."

2. The second sentence of § 1315.803 (a) (1) is amended to read as follows: "He may transfer tires to a consumer in exchange for a certificate on OPA Form R–2 issued on or after December 1, 1944, if he accepted the certificate prior to August 16, 1945."

3. Section 1315.803 (b) (1) is amended to read as follows:

(1) A manufacturer may transfer tires to a consumer who acquired tires from a manufacturer between December 31, 1940 and August 6, 1943, in exchange for a certificate on OPA Form R–2A or R–2B. He may transfer tires to the same consumer in exchange for a certificate on OPA Form R–2 issued on or after December 1, 1944, if he accepted the certificate prior to August 16, 1945.

4. Section 1315.803 (h) is amended to read as follows:

(h) *By Office of Surplus Property.* The Office of Surplus Property of the Department of Commerce may transfer tires to a consumer to whom it is authorized to transfer surplus property, in exchange for a certificate on OPA Form R–2A or R–2B, or in exchange for a certificate on OPA Form R–2 issued on or after December 1, 1944, if it accepted the certificate prior to August 16, 1945.

5. The last sentence of § 1315.804 (c) (3) is amended to read as follows: These transfers may only be made in exchange for the replenishment portion of a certificate on OPA Form R–2A or R–2B; or in exchange for the replenishment portion of a certificate on OPA Form R–2 issued on or after December 1, 1944, if it was accepted prior to September 1, 1945; or in exchange for the replenishment portion of a receipt on OPA Form R–12 dated on or after December 1, 1944."

6. Section 1315.1003 (b) (3) is amended to read as follows:

(3) No manufacturer shall, under this paragraph, forward to an OPA Verification Center for a month, replenishment portions of certificates or receipts received by him after the close of the month, nor shall he forward any replenishment portions of certificates on OPA Form R–2 later than October 20, 1945.

This amendment shall become effective August 10, 1945.

PART 1365—HOUSEHOLD FURNITURE

[2d Rev. MPR 213,[1] Amdt. 2]

NEW COIL AND FLAT BEDSPRINGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith, and has been filed with the Division of the Federal Register.

Second Revised Maximum Price Regulation No. 213 is amended in the following respects:

1. The minimum specification for "lengthwise crimps" under Class 101 coil and Class 102 coil bedsprings in section 17 (b) is amended to read as follows:

Lengthwise crimps—±11½ ga. under each row of coils; or ±12 ga. where a full slat bottom is made.

2. The minimum specification for "lengthwise crimps" under Class 111 coil bedsprings in section 17 (b) is amended to read as follows:

Lengthwise crimps—±12 ga.

3. Section 17 (b) is amended by adding the following basic bedspring model at the end thereof:

	F. o. b. factory l. c. l. price	Cash retail maximum price
Class 112 steel frame, helical top, semidouble deck coil bedspring..	$6.30	$12.25
Coils 88 or 80, semidouble deck, open wound center coils, excepting border coils, weight 15 lbs...		
Center ties—#14½ gauge round wire tie running lengthwise and widthwise		
Helicals #17 gauge		
Border Wire #0 gauge		
Border crimps, #14½ gauge wire clips or equivalent		
Bottom: Continuous angle or four piece angle type:		
Frame—1⅜" x 1⅜" x 16 ga." or equivalent		
Slats—All 1" x #12 gauge, 1" drop		
Lengthwise Crimps—#12 gauge		
Finish: Oil base paint

4. Footnote 7 under section 17 (b) is amended to add the following:

Class	*F. o. b. factory l. c. l. maximum price*
112 Bedspring	$0.65

5. Footnote 8 under section 17 (b) is amended to add the following:

Class	*Cash retail maximum price*
112 Bedspring	$1.25

6. Section 17 (c) is amended to read as follows:

(c) *Additions to or deductions from maximum prices in (b) above*—(1) *Maximum prices for additional features.* The following may be added to the f. o. b. factory less-than-carload maximum prices and the cash retail maximum prices of the coil bedsprings, set forth above:

Type of extra feature	F. o. b. factory l. c. l. maximum price differential	Cash retail maximum price differential
Angle Top Border	$0.65	$1.25
Center Border Wire	.55	1.05
Convolute Face Coils	.30	.55
Double Deck Edge Coils	.30	.55
Helical Center	.60	1.15
Each additional 8 coils on an 88 coil arrangement; or each additional 9 coils on a 90 coil arrangement	.40	.75
1 Pair of Band Stabilizers	.30	.55
1 Pair of Wire Stabilizers	.15	.25
Full Platform Top "A"	1.10	2.10
Partial Platform Top "A"	.60	1.15
Full Platform Top "B"	1.30	2.50
Partial Platform Top "B"	.80	1.50
Full Platform Top "C"	1.50	2.85
Partial Platform Top "C"	1.00	1.90
Copper or Bronze Finish	.50	.95
Aluminum Finish	(1)	(1)

[1] No extra charge.

(2) *Deductions.* For coil springs with 80 or 81 coils (double deck), deduct $0.40 from the prices set forth in (b), above.

(3) *Minimum specifications of extra features.*

(i) Angle top border: A top border, around the entire body of the spring, of ¾" x ¾" x 5/64", steel angle or equivalent fastened to top of outside coils.

(ii) Center border wire: An auxiliary border wire, completely around the spring midway of its height, of ±3½ gauge low carbon or ±7 gauge high carbon or heavier to which the center decking or outside coils are attached.

(iii) Convolute face coils: All except border coils to have three loop or more volute or flat top.

(iv) Double deck edge coils: All border coils to be double deck construction.

(v) Helical center: The center deck of all coils except border coils to be tied four ways with helical coils of ±17 gauge or heavier high carbon spring steel wire.

(vi) Stabilizer: A device, made of wire or steel bands, fastened to and connecting the border frame to the base frame in a manner adequate to prevent sway.

Steel bands must be 1" x 12 ga., or equivalent.

(vii) Platform Top A: Shall consist of 5/8" x .020 steel bands interlaced lengthwise and widthwise through the top of all coils except border coils and attached to the border coils by crimping or by helicals.

(viii) Platform Top B: Shall consist of 5/8" x .020 steel bands passing over all coils but

the border coils; riveted to, welded to or slotted through each other; and attached by helicals to the border coils.

(ix) Platform Top C: May be any of the following types:

Type C–1: Shall consist of ⅜'' x .020 steel bands paralleling both lengthwise and widthwise all rows of coils; attached to each other by plates or by helicals and attached to all coils by helicals.

Type C–2: Shall correspond to the specifications of Type C–1 except that the widthwise bands may be replaced by long helicals.

Type C–3: Shall consist of a succession of units of two ⅝'' x .020 steel bands individually crossed over the tops of all coils except the border coils with each unit attached by helicals to adjacent units and to the coils.

Type C–4: Shall consist of metal plates individually crimped to the top of each coil except the border coils and of ⅜'' x .020 steel bands or helicals running lengthwise or crosswise and attached by helicals to the end or side border coils.

Type C–5: Shall consist of a woven wire mesh covering the entire surface of the spring and securely attached to the border wire.

(x) A Partial Platform top is: A platform top of the same construction as a full platform, but it is assembled in one of three ways, either:

(*a*) To extend full length of coil surface (omitting the widthwise elements); or

(*b*) To extend full width of coil surface (omitting the lengthwise elements); or

(c) To cover one third of the coil area of the spring.

7. Section 17 (h) is added to read as follows:

(h) *Terms of sale.* The maximum prices established by this regulation are subject to the terms, discounts and allowances, including any PM (Premium Money) made by the manufacturer in March 1942, on his sales to each class of purchaser, or to persons within any class of purchasers.

8. Section 17 (g) (1) is amended to read as follows:

(1) If a manufacturer is unable to manufacture a bedspring fulfilling all of the requirements of any bedspring which is priced in this appendix, then upon specific authorization in writing by the Office of Price Administration any manufacturer may vary the specifications of the classes of bedsprings from those set forth in this appendix in the following ways by:

(i) Substituting a different gauge of wire which is of equivalent serviceability.

(ii) Substituting a wood frame of different design or construction which is of equivalent strength or serviceability.

(iii) Substituting a different type of spring fabric which is of equivalent strength and serviceability.

This amendment shall become effective on August 15, 1945.

Issued this 10th day of August 1945.

CHESTER BOWLES,
Administrator.

PART 1374—FURS

[MPR 541,[1] Amdt. 5]

RAW, DRESSED, DRESSED AND DYED FURS AND PELTRIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

1. The table in section 9 (a) is amended as follows:

a. By adding footnote reference "[1]" after the word "galyaks" in the description for Kid, African (Eritrean) in Column II, and by adding at the end of the table the following footnote:

[1] The maximum price for an assortment of African (Eritrean) Kid skins of this description consisting of 75% colored, 25% white, is 55 cents per skin. The maximum price per skin for any other assortment of this description shall be the price determined on the basis of $1.10 per skin for whites, and 36½ cents per skin for colored.

b. By adding footnote reference "[2]" after the word "galyaks" in the description for Kid, Indian in Column II, and by adding at the end of the table the following footnote:

[2] The maximum price for an assortment of Indian Kid skins of this description consisting of 90% colored, 10% white, is 68 cents per skin. The maximum price per skin for any other assortment of this description shall be the price determined on the basis of $1.35 per skin for whites, and 60½ cents per skin for colored.

c. By substituting for the phrase "Lamb, Indian or 'Bombay' (not including Moire)" in Column I thereof, the following: "Lamb, Indian or 'Bombay' (not including Indian Moire Lamb also known as Indian Broadtail[3])" and by adding the following footnote at the end of the table:

[3] Indian Moire Lamb (also known as Indian Broadtail) shall mean those skins which customarily have been recognized by the trade as Indian Moire Lamb (or Indian Broadtail), and shall not include Nazukcha or Guldar Indian Lamb skins.

2. Section 19 Appendix A is amended in the following respects:

a. By deleting the parenthetical phrase which follows the item "Lamb, Indian or 'Bombay'".

b. By adding the item "Lamb, Indian Moire (also known as Indian Broadtail)" to the list of kinds of furs or peltries between "Lamb, Indian or 'Bombay'" and "Lamb, Lincoln".

This amendment shall become effective August 15, 1945.

Issued this 10th day of August 1945.

PART 1389—APPAREL

[RMPR 330,[1] Amdt. 2]

RETAILERS' AND WHOLESALERS' PRICES FOR WOMEN'S, GIRLS', AND CHILDREN'S AND TODDLERS' OUTERWEAR GARMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 330 is amended in the following respects:

1. Section 3 (b) is amended by substituting the phrase "amendment to your pricing chart" for the phrase "amended pricing chart" in the two places in the paragraph where that phrase appears.

2. Section 5 (a) is amended by amending the second sentence thereof to read as follows: "Except in cases of transfers of business under section 6, if you did not deliver any garments under Maximum Price Regulation 330 prior to May 18, 1944, or if you do not have base period records sufficient to prepare a pricing chart, you may not sell or deliver any garment covered by this regulation until you have received authorization from the OPA to establish maximum prices."

3. Section 5 (b) is amended by amending the caption to read "(b) *Filing and contents of applications by new sellers*", and by inserting the words "by a seller who did not deliver any garments under Maximum Price Regulation 330 prior to May 18, 1944," between the phrase "shall be filed" and the phrase "with the Office of Price Administration".

4. Section 5 is amended by redesignating paragraph (c) as paragraph (d) and by adding a new paragraph (c) to read as follows:

(c) *Filing and contents of applications by sellers who do not have adequate base period records.* Three signed copies of an application for authorization to establish maximum prices shall be filed by sellers who do not have base period records sufficient to prepare a pricing chart, with the OPA at the district office having jurisdiction over the area in which the seller is located, setting forth (1) the most accurate pricing chart the seller can prepare on the basis of his records and recollection, (2) an explanation of the manner in which the seller can corroborate the information contained in the chart, (3) a list of the names and addresses of the seller's 3 most closely competitive sellers of the same class and (4) a request that the chart described in (1) be approved.

You may not use the pricing chart described in (1) above in establishing maximum prices until you have received authorization to do so from the OPA. If authorization is given it will be accompanied by instructions as to a method for establishing maximum prices of the garments to be sold. This authorization may approve the chart included in the application in whole or in part or may revise such chart. The authorization may be revised or revoked at any time by the Office of Price Administration.

[1] 9 F.R. 11350; 10 F.R. 331.

5. Section 11 (c) is amended to read as follows:

(c) *Import sales.* This regulation does not apply to deliveries of garments made from points outside the continental United States or to sales or deliveries of garments originally imported by the seller after February 28, 1942. (For pricing of such garments see the Maximum Import Price Regulation.[2]) This regulation does, however, apply to all garments imported into the United States prior to March 1, 1942 and to sales or deliveries by any person other than the original importer of garments originally imported into the United States.

6. Section 14 (a) is amended by substituting the phrase "section 3" for the phrase "section 2."

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective August 15, 1945.

Issued this 10th day of August 1945.

PART 1396—FINE CHEMICALS, DRUGS AND COSMETICS

[MPR 392, Correction to Amdt. 7]

PACKAGED DRUGS

Amendment No. 7 to Maximum Price Regulation No. 392 is corrected as follows:

1. The sentence "Section 23 is amended to read as follows" is corrected to read: "Section 23 (a) is amended to read as follows."

2. The heading "SEC. 23 *Adjustments*" is deleted and the text following that heading is designated paragraph (a).

3. The designations of paragraphs (a) and (b) are corrected to read subparagraphs (1) and (2) under paragraph (a).

This correction shall be effective as of January 9, 1945.

Issued this 10th day of August 1945.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Control Order 1[1], Amdt. 15]

LIVESTOCK SLAUGHTER AND MEAT DISTRIBUTION

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

[1] 10 F.R. 4605.
[2] 8 F.R. 11681, 12287; 9 F.R. 2350, 7504, 8062.

Control Order 1 is amended in the following respects:

1. Section 1 (a) is amended to read as follows:

(a) *Class 1 slaughtering establishment.* Any place subject to "Federal inspection" at which a "person" slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock, is a "Class 1 slaughtering establishment." The term "Class 1 slaughtering establishment" also includes any place at which a person slaughters cattle, calves, sheep, lambs or swine to the extent that the slaughter by him of any of those species of livestock there is covered by a currently valid certification granted by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139.

2. Section 1 (b) is amended to read as follows:

(b) *Class 2 slaughtering establishment.* Any place, other than a "Class 1 slaughtering establishment" or "Class 3 slaughtering establishment," at which a person slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock, is a "Class 2 slaughtering establishment."

3. Section 14 (a) is amended to read as follows:

(a) (1) Any Class 2 or Class 3 slaughterer who has obtained for his establishment Federal inspection, or certification from the Secretary of Agriculture, or his designee, pursuant to War Food Order 139, must, within five (5) days after such inspection or certification is obtained, surrender his OPA license or permit to the District Office or Board with which his establishment is registered together with a statement that he has obtained for the establishment covered by the license or permit Federal inspection, or certification pursuant to War Food Order 139, as the case may be. If he has obtained certification pursuant to War Food Order 139, his statement must include each species of livestock covered by the certification.

(2) If the District Office or Board finds that he has obtained for his establishment Federal inspection, or certification from the Secretary of Agriculture, or his designee, pursuant to War Food Order 139, it shall cancel his license or permit as a Class 2 or Class 3 slaughterer. However, if the certification obtained by a Class 2 slaughterer covers one or more, but not all, the species of livestock for which he has been issued quota bases, the District Office shall cancel his quota bases for the species of livestock covered by the certification and issue to him a new license, on OPA Form MC–5, containing his quota bases for the species of livestock not covered by the certification, as to which he shall remain a Class 2 slaughterer. (His new license shall bear the same number as the license surrendered, and for that purpose he shall continue to be a Class 2A or Class 2B slaughterer whichever he was before he obtained certification.)

4. Section 15 (a) is amended by substituting for the sentence in parentheses the following: "However, if he was registered as a Class 2 or Class 3 slaughterer with respect to that place, he must comply with section 14 (a)."

5. Section 21 (a) is amended by substituting for the definitions of "Class 1 slaughtering establishment" and "Class 2 slaughtering establishment" the following:

"Class 1 slaughtering establishment" means any place subject to "Federal inspection" at which a "person" slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock. The term also includes any place at which a person slaughters cattle, calves, sheep, lambs or swine to the extent that the slaughter by him of any of these species of livestock there is covered by a currently valid certification granted by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139.

"Class 2 slaughtering establishment" means any place, other than a "Class 1 slaughtering establishment" or "Class 3 slaughtering establishment," at which a person slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock.

6. Section 21 (a) is further amended by adding the following definition in its proper alphabetical order:

"Certificate number" means the certificate number assigned to a slaughtering plant by the Secretary of Agriculture, or his designee, in granting certification of such plant pursuant to War Food Order 139.

7. Section 23 (a) (4) is added to read as follows:

(4) Any Class 2 slaughterer who obtains certification under War Food Order 139 shall be considered as a Class 1 slaughterer even though the certification covers the slaughter of one or more but not all species of livestock for which quota bases have been assigned to him under this order.

8. Section 24 (e) is amended by inserting after the phrase "the establishment number" the phrase "or certificate number."

9. Section 24 (f) (1) is amended by inserting after the phrase "by this section" the phrase "or certificate number issued by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139."

10. Section 24 (f) (2) is amended by inserting after the phrase "by this section" the phrase "or the certificate number."

11. Section 24 (f) (3) is amended by inserting after the phrase "by this section" the phrase "or the certificate number."

12. Section 24 (g) is amended by inserting after the phrase "to this section" the phrase "or War Food Order 139."

This amendment shall become effective on August 10, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of August 1945.

PART 1499—COMMODITIES AND SERVICES

[MPR 580,[1] Amdt. 5]

RETAIL CEILING PRICES FOR CERTAIN APPAREL AND HOUSE FURNISHINGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 580 is amended in the following respects:

1. Section 1 (c) is amended by adding to the first undesignated paragraph thereof the following sentence: "Notwithstanding the provisions of this paragraph (c), any seller at retail of an article for which a ceiling price has been established under section 13 of this regulation shall be subject to that section with respect to such sale."

2. Section 9 is amended to read as follows:

SEC. 9. *"Up stream" and "cross stream" sales and sales of "cross stream" articles to ultimate consumers*—(a) *Maximum prices for "up stream" sales.* Your maximum price for a sale of any article covered by this regulation to any person other than an individual ultimate consumer, another retailer, or an industrial, commercial, or institutional user, is the net cost of that article to you.

(b) *Maximum prices for "cross stream" sales.* (1) Your maximum price for a sale to another retailer of any article covered by this regulation shall be the sum of the following items:

(i) Your invoice cost less all discounts including cash discounts.

(ii) Any OPA adjustment charge appearing on your supplier's invoice.

(iii) Your incoming freight cost which you have separately paid.

(iv) The handling charge, if any, which you customarily made when selling articles covered by this regulation to another retailer immediately prior to March 1945. However, this charge may be added only if your records show your customary March 1942 handling charge or your method of establishing your handling charge in accordance with OPA regulations in effect before March 19, 1945, for such sales. In no event, however, may your handling charge exceed 10% of the costs listed in (i), (ii) and (iii), above.

You must give to the retailer an invoice which must state separately each item making up your costs as itemized in this subparagraph (1).

or

(2) If you customarily made sales of commodities covered by this regulation to other retailers immediately prior to March 1945 on which you figured your price by granting a specific discount from your retail price, you may continue to make such sales (excepting sales of articles purchased by you from other retailers), but only if your records show your customary March 1942 discount or your method of establishing a discount for such sales in accordance with OPA regulations in effect before March 19, 1945.

On such sales you must furnish the buyer with an invoice which, in addition to showing your retail price as established by this regulation and the discount you granted, must contain the following notice:

NOTICE OF CEILING PRICE

Under section 9 of Maximum Price Regulation 580 you may not sell the above articles to consumers at prices higher than our retail ceiling price shown on this invoice.

(c) *Maximum prices for sales to ultimate consumers of articles purchased from other retailers.* (1) If you purchase articles covered by this regulation from another retailer and pay the seller his costs permitted to him under paragraph (b) (1), you must determine your maximum price for sales of these articles to ultimate consumers in accordance with section 7, taking your net cost from your supplier's invoice and excluding all freight, adjustment and handling charges.

(2) If you purchase articles covered by this regulation and pay the seller his retail price less a specified discount, you must use as your maximum price for sales of those articles to ultimate consumers the seller's retail price as stated on his invoice to you.

3. Section 10 (a) is amended by deleting the phrase "section 12" and inserting in its place the phrase "sections 12 and 13."

4. Section 13 is amended to read as follows:

SEC. 13. *Uniform dollar-and-cents prices for certain articles*—(a) *Who may apply.* The OPA may, upon application by a manufacturer or wholesaler, establish uniform ceiling prices for retail sales of an article whenever it appears that:

(1) His article (or one of his articles of the same type) was sold at retail at substantially uniform prices for a period immediately prior to March 19, 1945;

(2) The article is identified by a brand or company name;

(3) The price requested for the article is no higher than the existing level of ceiling prices under this regulation.

An order may be issued under this section establishing uniform ceiling prices for all retail sales of an article covered by this regulation although the seller may not otherwise be subject to this regulation. A ceiling price thus established shall apply in place of the ceiling price that would otherwise have been determined under sections 7, 10, 11 and 12 of this regulation or under the provisions of any other regulation. Except as provided by the order, all of the provisions of this or whatever regulations would otherwise have applied, shall remain applicable in all other respects.

An order under this section will ordinarily include a provision requiring the applicant to tag or ticket the article with the retail ceiling price and other specified information and may further require the applicant to give appropriate notification of the order to all persons to whom he sells that article.

(b) *What the application must contain.* A manufacturer or wholesaler requesting establishment of uniform prices under this section must file two copies of an application with the OPA Consumer Goods Price Division, Washington 25, D. C. In the application, the manufacturer or wholesaler shall state the following:

(1) His business name and address.

(2) A complete identification of the article for which the price is sought including:

(i) The name identifying the article and its style or lot number;

(ii) His own ceiling price;

(iii) An identification of the regulation and the section in that regulation or the identification of the order issued by the OPA under which his ceiling price was established.

(iv) His invoice price and terms to retailers of the article.

(v) His suggested retail price, if any, immediately prior to March 19, 1945.

(vi) A list of the names and addresses of his retail customers which need only include those customers to whom he delivered the article during the last three months preceding the date of application in which he made substantial deliveries of the article. (Applicant may request OPA to accept a specified part of this list as representative.)

(3) The uniform retail ceiling price which he requests for the article.

(4) In the case of wholesalers applying under this section, the name and address of the manufacturer of the article and the manufacturer's style or lot number.

5. In section 25, the reference to "section 15 (b) (2)" is deleted and the words "section 15 (i) (2)" substituted therefor.

6. In Appendix C, the text of paragraph (a), preceding subparagraph (1), is amended to read as follows:

(a) *Categories of apparel and apparel accessories.* You will note that in the descriptions of several of the categories listed below, it is stated that certain articles subject to Maximum Price Regulation 578 are not included. All of these articles will be marked with labels when you receive them, showing the OPA retail ceiling price and the letters "WPB-328B," or "WPB-385," or "WPB-388A."

7. In subparagraph (a) (3) of Appendix C, the item "rubber panties" is deleted from Category 306.

This amendment shall become effective August 15, 1945.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of August 1945.

Administrator.

[SR 14E,[1] Amdt. 8]

COTTON ROPE AND TWINE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Section 2.9 is amended to read as follows:

SEC. 2.9 *Producers maximum prices for certain cotton rope and twine.* The maximum price of each producer prevailing on November 23, 1944[2], for twine not subject to Maximum Price Regulation No. 33[3] and for twisted or braided cotton rope or twine, made entirely (except for other material used in the core) of cotton and/or cotton waste, is increased by 1¢ per pound of cotton and/or cotton waste content in the rope or twine.

This amendment shall become effective August 15, 1945.

Issued this 10th day of August 1945.

[2] For producers who prior to November 23, 1944 made sales subject to Maximum Price Regulation No. 157, this maximum price shall be (a) the ceiling price then prevailing under that regulation or (b) if, by virtue of proper certification under § 1378.4 of that regulation the producer had no ceiling, the price last negotiated prior to that date. For producers who between November 23, 1944 and February 16, 1945, inclusive, for the first time made sales subject to MPR-157 and by virtue of proper certification under § 1378.4 of that regulation had no ceiling, the maximum price shall be the lowest price negotiated during that period but the 1¢ increase shall not be added thereto.

TITLE 36—PARKS AND FORESTS

Chapter I—National Park Service

PART 2—GENERAL RULES AND REGULATIONS

PART 20—SPECIAL REGULATIONS

MISCELLANEOUS AMENDMENTS

Paragraph (e) of § 2.32 *Private lands,* is amended by inserting "Kings Canyon," immediately following "Sequoia.".

Paragraph (a) of § 2.55 *Fees,* is amended to read as follows:

§ 2.55 *Fees*—(a) *Guide and elevator fees for Carlsbad Caverns.* In Carlsbad Caverns National Park, no person or persons shall be permitted to enter the caverns unless accompanied by National Park Service employees. Competent guide service is provided by the Government, for which a fee of $1.25 shall be charged each person entering the caverns, except that children between the ages of 12 and 16 years shall be charged a fee of 25 cents each. The fee charged shall include the use of the elevator. No charge shall be made for children under 12 years of age, or groups of school children 18 years of age or under, when accompanied by adults assuming responsibility for their safety and orderly conduct. In proper cases and upon application made in advance, the Director may authorize admission without charge for guide and elevator service to persons from reputable educational institutions for the purpose of prosecuting class work or studies, or to persons under the support and care of charitable institutions and their attendants.

Paragraph (p) of § 2.55 *Fees,* is amended by substituting "(a), (b)," for "(a) (1)," in the second line thereof.

A new § 2.61 is added to read as follows:

§ 2.61 *Reckless driving.* The driving of any vehicle on a Government road in a park or monument is willful or wanton disregard for the safety of persons or property is prohibited.

Section 20.38 is revoked.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—RULES OF PRACTICE AND PROCEDURE

PART 2—GENERAL RULES AND REGULATIONS

PART 3—STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

PART 4—BROADCAST SERVICES OTHER THAN STANDARD BROADCAST

STATEMENT OF POLICY AND PROCEDURE FOR HANDLING BROADCAST APPLICATIONS

1. On January 25, 1945, the Commission issued a public notice outlining the procedure to be followed in handling standard broadcast applications under the January 16, 1945 supplemental statement of policy, concerning applications for permits to construct new radio stations or to make changes in existing radio facilities. The public was there advised that unprocessed applications would be retained in status quo, and that new stations would be granted only in those communities having no primary service. The Commission further stated:

When manpower and materials again become available and conditions permit the resumption of normal licensing practices, the Commission will make an appropriate announcement and will provide a period of not less than 60 days for the filing and processing of new applications prior to taking any action on the cases retained in the pending files during the period that the statement of policy of January 26, 1944 as supplemented January 16, 1945, was in effect. Provision will also be made for the bringing up to date of all applications retained in the pending files. These procedures, it is believed, will prevent any inequity from resulting to persons who do not file applications during the period that the present policy remains in force.

2. The War Production Board has indicated that materials will begin to become available within the next few months for use by broadcast applicants in all categories (standard, FM, television, etc.). It is therefore expected that construction started during the latter part of this year can be completed within the normal period of a construction permit without unreasonable difficulty.

3. The Federal Communications Commission accordingly gives notice that the 60-day period provided for in the January 25, 1945, public notice for the filing of new applications (standard, FM, television, etc.) will commence to run on August 7, 1945. Applicants will not be required to show that they have the necessary equipment on hand. The Commission will proceed, after October 7, 1945, to consider applications heretofore filed, and those filed during the 60-day period herein specified. However, with respect to FM and television, applications cannot be acted upon until applicable regulations are adopted.

4. In the meantime the Commission will continue to act on applications which have not heretofore been affected by the "freeze" policy, e. g., new stations in communities without primary service, noncommercial educational, experimental, and developmental services, and changes in equipment required by the Commission itself.

5. The following procedure will be observed in processing applications:

a. *Pending applications upon which no Commission action has been taken.* These applications will not be acted on for a period of at least 60 days from August 7, 1945. During that interim applicants may file such amendments as may be necessary to reflect new or changed conditions from those stated in the application. Such amendments shall be made in accordance with § 1.121 of the rules of practice and procedure, in triplicate, and shall become part of said application. At the termination of this 60-day period consideration will be given to these applications in the ordinary course of business and attention will also

be given to conflicting applications filed during this 60-day period.

b. *Applications which have been designated for hearing but not yet heard.* The Commission will not announce hearing dates for applications in this category, until the expiration of the 60-day period. Applicants desiring to file amendments shall do so within this period.

c. *Applications which have been heard and the records closed.* Applicants whose cases have been heard and upon which the record has been closed are requested to advise the Commission within the next 60 days of any changes which may have occurred reflecting upon matters of evidence introduced into the record. Copies of such notification shall also be served upon other parties to the proceeding and where additional testimony is required appropriate petitions may be filed to reopen the record for the introduction of this additional evidence.

Dated: August 7, 1945.

T. J. SLOWIE,
Secretary.

Chapter IV—Office of the Coordinator of Fisheries

[Order 1838; Area Coordinator's Gen. Direction P-20]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

COORDINATED PILCHARD PRODUCTION PLAN

Pursuant to Order 1838 of the Secretary of the Interior, as amended June 6, 1945, § 401.2 entitled "Coordinated Pilchard Production Plan" (10 F.R. 6984), commonly refered to as the Pilchard Order, and in order to accomplish the purposes thereof, this General Direction P-20 is issued.

1. *Dispatching system—(a) System established.* The Area Coordinator has established a system for distributing loads of pilchards brought into the ports of San Francisco, Monterey and San Pedro by pilchard vessels of 20 register net tons or over and for directing within each port specifically where and to whom each load shall be delivered, because, in his opinion, it is necessary to do so in order to assure maximum production of all pilchard products, to assure production of each type of pilchard product in proper proportion to meet the requirements for military and essential civilian supply, and to promote an even flow of the material to canning and reduction plants. This system shall become applicable to loads of mackerel and other fish brought in by such vessels if the Port Supervisor finds that such application will promote the purposes of the Pilchard Order.

(b) *Advance dispatching to San Pedro.* The Port Supervisor at San Pedro will consider joint applications, signed by the boat owners and the processors concerned, for advance dispatching, for periods of time of particular boats to specified plants. Any advance dispatch is subject to modification and cancellation by the Port Supervisor or his assistant whenever, in his opinion, such action is reasonably necessary to promote any of the purposes of the Pilchard Order.

(c) *Reporting to Port Supervisor.* The master of each pilchard vessel of 20 register net tons or over entering the ports of San Francisco, Monterey or San Pedro (except when the vessel is proceeding under an advance dispatch) shall report at once to the dispatcher (Port Supervisor or his assistants) at the waterfront, giving the following information: in San Pedro, the weight of the load; in Monterey, the weight of the load and the size of the fish; in San Francisco, the weight of the load and the size and condition of the fish.

(d) *Prompt delivery.* Every vessel dispatched pursuant to the Pilchard Order must proceed directly to the processing plant to which dispatched and deliver its fish promptly and in compliance with the dispatch. If an emergency exists preventing prompt compliance, the master must apply to the dispatcher for a modification.

2. *Records.* Every processor shall prepare a report of his operations for each calendar week and shall submit it to the office of the local Port Supervisor not later than 5:00 p. m. on the following Monday. The report shall be prepared on the form approved by the Bureau of the Budget, copies of which will be supplied by the Port Supervisor upon request. The report shall be accompanied by a copy of the canned fish pack report which is required of the processor by the United States Department of Agriculture for the same week.

3. *Limitation of deliveries.* If a Port Supervisor has reason to believe that the purposes of the Pilchard Order will be promoted thereby, he may, after consultation with the members of the Port Committee or the members of a subcommittee thereof, limit the amount of pilchards, mackerel and other fish which each pilchard vessel may thereafter bring into the port each day. Limits which are set may be changed from day to day and should provide the maximum tonnage which can be unloaded and processed properly and without unreasonable delay by the processing equipment and labor available in the port. No person shall bring into port any load of pilchards, mackerel or other fish in excess of the limit (which shall include a 5 ton leeway for margin of error) fixed for his vessel as set out in a notice posted by the Port Supervisor by 3:30 p. m. on the preceding day. Every processor who accepts delivery of any part of a load of pilchards, mackerel or other fish brought into port in violation of this paragraph shall report all of the facts to the Port Supervisor immediately upon ascertaining them.

4. *Fresh fish market, bait dealers.* If, in the opinion of a Port Supervisor, the purposes of the Pilchard Order would be promoted thereby, by preventing the diversion of pilchards from the uses deemed most essential, he may post the following notice applicable to the particular port: "No pilchard vessel of 20 register net tons or over, except as authorized by the dispatcher, shall sell or deliver pilchards to market boats, and no processor, except as authorized by the Area Coordinator, shall sell or deliver pilchards to the fresh or frozen fish market or to bait dealers." Upon the posting of such a notice, the restriction shall become a part of this General Direction applicable to the port.

5. *Small fish in Monterey—(a) Limits.* No person shall bring into the Port of Monterey in any one vessel more than one load of small pilchards during any one day, nor shall any person bring into the Port of Monterey any load of small pilchards whose weight exceeds 30 tons plus a 5 ton leeway for margin of error. A load of pilchards is a load of small pilchards if it contains more than 53⅓ by weight (including leeway for margin of error) of fish smaller than 8½ inches. Every processor in the Port of Monterey who accepts delivery of any part of a load of small pilchards whose weight exceeds 35 tons shall report all of the facts to the Port Supervisor immediately upon ascertaining them.

(b) *Suspension.* The delivery of small pilchards in the Port of Monterey may be suspended entirely by the Port Supervisor for such periods of time as the Port Committee by an affirmative vote of at least six of its ten members may recommend, if the Port Supervisor finds that such suspension will promote the purposes of the Pilchard Order. Notice of any suspension shall be given by posting.

6. *Notices.* Notices to be posted to Port Supervisors will be posted as follows: San Pedro—Office of the Port Supervisor; Monterey—U. S. Coast Guard War Emergency Bulletin Board on Fishermen's Wharf; San Francisco—Outside Fisherman's Hall on Fishermen's Wharf, or if the weather is inclement, inside the hall. If a notice is properly posted, ignorance thereof will not excuse a violation of this General Direction P-20.

7. *Revocation of prior general directions.* All general directions, heretofore issued by the Area Coordinator pursuant to the Pilchard Order, as amended, have expired, or have been revoked, or are hereby revoked. Only this General Direction P-20 remains effective.

Issued this 31st day of July 1945.

H. W. TERHUNE,
Area Coordinator, Area II.

[P. & S. Docket No. 402]

UNION STOCK YARDS, CHICAGO, ILL.

NOTICE OF PETITION FOR MODIFICATION

In re: Market Agencies doing business at the Union Stock Yards, Chicago, Illinois, Respondents.

By orders entered on January 8 and March 12, 1934, pursuant to the provisions of the Packers and Stockyards Act (7 U.S.C. 181 et seq.), the Secretary of Agriculture prescribed maximum reasonable rates and charges to be observed by the respondents. From time to time, these orders were modified by supplemental orders issued in the above docket.

By documents filed with the hearing clerk on July 30 and August 1, 1945, the respondents petitioned for leave to file an amendment to their tariffs, which it is stated, is to cover new and unusual services rendered by respondents in connection with the recently established 50 cents per cwt. cattle subsidy program of the Government, to wit:

EXTRA SERVICE CHARGES

The following extra service charges are applicable to each consignment (except where specified to the contrary).

For additional services rendered in handling, sorting and selling, and in furnishing information, evidence, and/or certificate, or certificates, supporting cattle feeders claim for the 50 cents per hundred pounds subsidy provided by the Agriculture Adjustment Agency's July 1, 1945, instructions based on the Commodity Credit Corporation's offer to make beef cattle production payments, published in the June 14, 1945, FEDERAL REGISTER:

10¢ for each head of cattle up to 50 head, plus 5¢ for each head over 50 up to 100 head, plus 1¢ for each head over 100, with a minimum charge of 25¢ for each consignment.

The effect of such proposed charges, if granted, would result in additional revenue to the respondents and, accordingly, it appears that public notice should be given to all interested persons of the petition of the respondents and to afford all interested persons, including patrons of the respondent, an opportunity to manifest their desire to be heard on the matter.

Therefore, notice is hereby given to the public and to all interested persons of the petition of the respondents for leave to apply the above service charges, and for the purpose of affording said respondents and all other interested persons, including patrons of the respondents, an opportunity to be heard upon the matters covered in the petition for modification.

All interested persons who desire to be heard shall notify the hearing clerk, Office of the Solicitor, U. S. D. A., Washington 25, D. C., within 15 days from the date of the publication of this notice.

Copies hereof shall be served on the respondents by registered mail or in person.

Done at Washington, D. C., this 9th day of August 1945.

TEXAS USDA WAGE BOARD

DELEGATION OF AUTHORITY WITH RESPECT TO STABILIZATION OF SALARIES AND WAGES OF AGRICULTURAL LABOR

Pursuant to the authority granted the War Food Administrator by regulations of the Economic Stabilization Director and transferred to the Secretary of Agriculture by E.O. 9577, dated January 29, 1945, which regulations were issued August 28, 1943 (8 F.R. 11960, 12139, 16702; 9 F.R. 6035, 14547), by virtue of authority vested in the President by the act of October 2, 1942 entitled "An Act to Amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes" (56 Stat. 765, 50 U.S.C. App., 961 et. seq. (Supp. IV)), as amended by the Public Debt Act of 1943 entitled "An Act to Increase the Debt Limit of the United States and for other purposes" (57 Stat. 63, 50 U.S.C. App. 964 (Supp. IV)), as amended by the Stabilization Extension Act of 1944, entitled "An Act to Amend the Emergency Price Control Act of 1942, as amended, and for other purposes" (Public Law 383, 78th Congress, 2nd Sess.), and as amended by a Joint Resolution entitled "Extending the effective period of the Emergency

Price Control Act of 1942, as amended, and the Stabilization Act of 1942, as amended" (Public Law 108, 79th Congress, 1st Sess.), and vested by the President in the Economic Stabilization Director under Executive Order 9328 dated April 8, 1943 (8 F.R. 4681) there is hereby delegated to the Texas USDA Wage Board all the powers conferred upon the Secretary of Agriculture with respect to the program of stabilization of salaries and wages of agricultural labor employed in the State of Texas, insofar as the powers relate to the granting or denying of approval of applications for wage or salary increases or decreases, pursuant to the regulations relative to salaries and wages of agricultural labor issued by the War Food Administrator on January 17, 1944 (9 F.R. 655), as revised on October 3, 1944 (9 F.R. 12117, 12611) and as amended and revised on June 23, 1945 (10 F.R. 7609, 9581). For the purpose of this delegation to approve or deny wage or salary increases or decreases, pursuant to the regulations aforesaid, three members of the Texas USDA Wage Board shall constitute a quorum authorized to act with regard to such matters.

Any ruling of the Texas USDA Wage Board upon an application for increase or decrease in wages and salaries of agricultural labor shall be final, subject only to the Secretary's right of review on his own initiative. Any reversal or modification of such a ruling by the Secretary shall take effect from the date the affected party is notified thereof or at such later date as is specified in the notification: *Provided, however,* That if a ruling denying an application for permission to make a wage increase or decrease is overruled, the final ruling by the Secretary shall incorporate the effective date of the approval.

The Texas USDA Wage Board shall forward to the Director, Office of Labor, United States Department of Agriculture, a copy of each application for wage or salary increase or decrease made pursuant to the regulations relative to salaries and wages of agricultural labor issued January 17, 1944 (9 F.R. 655), as revised on October 3, 1944 (9 F.R. 12117, 12611) and on June 23, 1945 (10 F.R. 7609, 9581) and a copy of the Board's ruling thereon. Such copies shall be forwarded every two weeks.

Issued this 9th day of August 1945.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6774]

R. C. A. COMMUNICATIONS, INC., ET AL.

ORDER INSTITUTING AN INVESTIGATION AND SETTING HEARING DATE

New and increased charges for telegraph communications from Italy to territories and possessions of U. S.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 1st day of August 1945;

It appearing, that R. C. A. Communications, Inc. has filed with the Commission a tariff schedule effective August 6, 1945, stating new increased charges for telegraph messages from Italy to territories and possessions of the United States; said tariff schedule being designated as follows:

R. C. A. Communications, Inc.
F. C. C. No. 39
3d Revised Page 56

It further appearing, that said tariff schedule states increased charges for telegraph communications in interstate and foreign commerce; that the rights and interests of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective date of such schedule, insofar as it provides for increased charges for telegraph communications from Italy to territories and possessions of the United States, should be postponed pending hearing and decision on the lawfulness of such increased charges;

It further appearing, that effective on various dates in August, 1945, the Commercial Cable Company and Mackay Radio and Telegraph Company have filed tariff schedules with the Commission stating new charges for telegraph messages from Italy (including Vatican City) to territories and possessions of the United States which are on the same basis as the above-cited increased charges of R. C. A. Communications, Inc., but which are reductions of the rates formerly provided in the tariffs of these two carriers for telegraph messages from Italy to the territories and possessions of the United States;

It is ordered, That the Commission, upon its own motion, without formal pleading, enter upon a hearing concerning the lawfulness of charges contained in 3d Revised Page 56 of the R. C. A. Communications, Inc. Tariff F. C. C. No. 56, insofar as they relate to telegraph communications from Italy to territories and possessions of the United States;

It is further ordered, That the operation of said 3rd Revised Page 56 of R. C. A. Communications, Inc. Tariff F. C. C. No. 39, insofar as it provides for increased charges for and in connection with telegraph communications from Italy to territories and possessions of the United States, be suspended; that the use of the charges therein stated as applicable to such communications be deferred until November 6, 1945, unless otherwise ordered by the Commission; and that during said period of suspension no changes shall be made in such charges or in the charges sought to be altered, unless authorized by special permission of the Commission;

It is further ordered, That an investigation be, and the same is hereby instituted into the lawfulness of the rates charges, classifications, regulations, practices and services of R. C. A. Communications, Inc., the Commercial Cable Company, Mackay Radio and Telegraph Company, and The Western Union Telegraph Company, for and in connection with telegraph communications service between Italy, on the one hand, and the United States, its territories and possessions, on the other;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period and said charges have gone into effect, R. C. A. Communications, Inc. and all other carriers subject to the Commission's jurisdiction participating in the service provided under the tariff provisions herein suspended, shall, until further order of the Commission, each keep accurate account of all amounts charged, collected, or received by reason of any increase in charges effected thereby, that each such carrier shall specify in such accounts by whom and in whose behalf such amounts are paid; and R. C. A. Communications, Inc. and each such participating carrier shall file with this Commission a report, under oath, on or before the tenth day of each calendar month, commencing December 10, 1945, showing the amounts accounted for as aforesaid during the previous calendar month;

It is further ordered, That a copy of this order be filed in the offices of the Commission with said tariff schedule herein suspended in part; that R. C. A. Communications, Inc., the said carrier parties to such tariff schedule, the Commercial Cable Company, Mackay Radio and Telegraph Company, and The Western Union Telegraph Company, be, and they are hereby each made a party respondent to this proceeding; and that copies hereof be served upon each such party respondent.

It is further ordered, That this proceeding be, and the same is hereby assigned for hearing, on the 22nd day of August 1945, beginning at 10:00 A. M., at the offices of the Federal Communications Commission in Washington, D. C.

By the Commission.

CLEAR CHANNEL BROADCASTING IN STANDARD BROADCAST BAND

ORDER CONTINUING HEARING

At a session of the Federal Communications Commission held at its office in Washington, D. C., on the 2d day of August 1945;

It appearing, that the Third Inter-American Radio Conference will convene at Rio de Janeiro, Brazil, on September 3, 1945; and

It further appearing, that various members of the radio industry, the Commission and its staff, whose presence is important to the clear channel hearing presently scheduled to commence on September 5, 1945, will be in Rio de Janeiro on that date;

It is therefore ordered, That the hearing in this matter be, and it is hereby, continued to 10:30 a. m., October 23, 1945.

FEDERAL POWER COMMISSION.

[Docket No. G-653]

IROQUOIS GAS CORP.

NOTICE OF APPLICATION

AUGUST 8, 1945.

Notice is hereby given that on July 30, 1945, an application was filed with the Federal Power Commission by Iroquois Gas Corporation (Applicant), a New York corporation with its principal place of business at Buffalo, New York, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to construct and operate certain facilities hereinafter described. The proposed construction will extend Applicant's present natural gas service to the Village of North Collins and Towns of North Collins, Collins and Brant, Erie County, New York.

The facilities, which Applicant seeks authorization to construct and operate, consist of approximately 68 feet of 3-inch steel pipe which will interconnect Applicant's existing 3-inch, high pressure natural-gas pipeline on the Brant-North Collins road in the Town of Brant, Erie County, New York, with its local existing distribution facilities acquired from John C. McMahon, situated in the Village of North Collins and Towns of North Collins, Collins and Brant, Erie County, New York.

The Public Service Commission of the State of New York, by its order of December 13, 1944, approved the acquisition by Applicant of the local distribution facilities above referred to.

Applicant asserts that the proposed connection is intended to augment the supply of natural gas for service to approximately 424 consumers served by the Applicant from the distributing facilities acquired from John C. McMahon, presently and within the next five years, to insure adequate supply during peak demand periods; that over 90 percent of such consumers reside in the Village of North Collins, Erie County, New York; and that there are no main line industrial customers in the community. The application recites that there are no sales or interchange with other natural-gas companies involved, and that no other service is rendered by any other gas company in the Village of North Collins.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 24th day of August 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 8th day of August, A. D. 1945.

This matter being under investigation and ready for the taking of testimony, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Randolph Preston, a trial examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony in this proceeding begin on Tuesday, August 28, 1945, at ten o'clock in the forenoon of that day (eastern standard time), in Room 500, 45 Broadway, New York, New York.

OFFICE OF ALIEN PROPERTY CUSTODIAN

[Vesting Order CE 34]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN ILLINOIS COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached

hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that as a result of such action or proceeding each of said persons obtained or was determined to have an interest in property, which interest is particularly described in Column 4 of said Exhibit A;

Finding that such property is in the possession, custody or control of the person described in Column 5 of said Exhibit A; and

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 6 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property in the possession, custody, or control of the persons described in said Column 5 of said Exhibit A, the sums stated in said Column 6 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on August 7, 1945.

[Vesting Order CE 36]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN MASSACHUSETTS COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that as a result of such action or proceeding each of said persons obtained or was determined to have an interest in property, which interest is particularly described in Column 4 of said Exhibit A;

Finding that such property is in the possession, custody or control of the person described in Column 5 of said Exhibit A; and

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 6 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property in the possession, custody, or control of the persons described in said Column 5 of said Exhibit A, the sums stated in said Column 6 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on August 7, 1945.

ROMUALDO LOCATELLI

In re: Paintings owned by, and indebtedness owing to, Romualdo Locatelli.

Vesting Order Number 513, dated December 14, 1942, is hereby amended as follows and not otherwise:

By deleting subparagraphs 3 and 4 thereof and substituting therefor the following:

3. Finding that certain paintings owned by said Romualdo Locatelli and in the possession of Douthitt Galleries, Inc., and/or John F. Douthitt, Jr., and John F. Douthitt, Sr., both individually and doing business as Douthitt Gallery and/or Douthitt Galleries, New York, New York, are property within the United States owned or controlled by a national of designated enemy countries (Italy and Japan), which paintings are particularly described in Exhibit A, attached hereto and by reference made a part hereof;

4. Finding that all right, title, interest and claim of any name or nature whatsoever of said Romualdo Locatelli in and to all indebtedness, contingent or otherwise and whether or not matured, owing to him by said Douthitt Galleries, Inc., and/or John F. Douthitt, Jr., and John F. Douthitt, Sr., both individually and doing business as Douthitt Gallery and/or Douthitt Galleries, as debtors of Romualdo Locatelli, including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness, and including particularly certain funds held by said Douthitt Galleries, Inc., and/or John F. Douthitt, Jr., and John F. Douthitt, Sr., both individually and doing business as Douthitt Gallery and/or Douthitt Galleries, representing the proceeds of the sale of certain other paintings owned by said Romualdo Locatelli and sold by Douthitt Galleries, Inc., and/or John F. Douthitt, Jr., and John F. Douthitt, Sr., both individually and doing business as Douthitt Gallery and/or Douthitt Galleries, as his agent, is property within the United States owned or controlled by a national of the aforesaid designated enemy countries (Italy and Japan);

All other provisions of said Vesting Order Number 513, and all action taken on behalf of the Alien Property Custodian in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C., on August 7, 1945.

[Supp. Vesting Order 5177]

SAKUMA SHOKAI, LTD.

Under the authority of Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation:

1. Having found and determined in Vesting Order Number 2535, dated November 6, 1943, that Sakuma Shokai, Limited is a business enterprise within the United States and a national of a designated enemy country (Japan) and that Shozo Kawakami, also known as Shoso Kawakami is a national of a designated enemy country (Japan);

2. Finding that Shozo Kawakami, also known as Shoso Kawakami, has a claim against Sakuma Shokai, Limited, which is represented on the books and records of Sakuma Shokai, Limited, as a loan payable in the amount of $14,349.60 as of December 31, 1944, subject to any accruals or deductions thereafter, and which represents an interest in Sakuma Shokai, Limited;

and determining:

3. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the interest of Shozo Kawakami, also known as Shoso Kawakami, in Sakuma Shokai, Limited, more fully described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on August 7, 1945.

CAROLINE BEYER, ET AL.

In re: Real property, property insurance policies and claim owned by Caroline Beyer, Katherine Vollmer-Beyer and/or their heirs-at-law.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known addresses of Caroline Beyer, Katherine Vollmer-Beyer and/or their heirs-at-law are Dresden, Germany and that they are residents of Germany and nationals of a designated enemy country (Germany);

2. That Caroline Beyer, Katherine Vollmer-Beyer and/or their heirs-at-law are the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. Real property situated in the Borough of Brooklyn, County of Kings, City and State of New York, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits, or other payments arising from the ownership of such property,

b. All right, title and interest of Caroline Beyer, Katherine Vollmer-Beyer and/or their heirs-at-law in and to the following insurance policies insuring the premises described in subparagraph 3-a hereof:

(1) Fire Insurance Policy Number 16882 issued by the National Liberty Insurance Company of America, New York, New York;

(11) Liability Insurance Policy Number SOLT 46473 issued by the Glens Falls Indemnity Company, Glens Falls, New York, and

c. All right, title, interest and claim of Caroline Beyer, Katherine Vollmer-Beyer and/or their heirs-at-law in and to any and all obligations, contingent or otherwise and whether or not matured, owing to them by Hilda L. Weyer, Executrix of the Estate of Richard A. Beyer, John M. Weyer and Mario Giannoni, and each of them, including particularly but not limited to those sums arising by reason of rents collected from the real property described in subparagraph 3-a hereof, which sums are deposited in the Trust Company of New Jersey, 12 Hudson Place, Hoboken, New Jersey, in an account in the name of "Estate of Richard A. Beyer, Hilda L. Weyer, Executrix", and any and all security rights in and to any and all collateral for any or all such obligations and the right to enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, nationals of a designated enemy country (Germany);

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3-b and 3-c hereof.

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 16, 1945.

[SEAL] FRANCIS J. MCNAMARA,
Deputy Alien Property Custodian.

HERMAN KIKILLUS

In re: Real property owned by Herman Kikillus, also known as Hermann Kikillus.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Herman Kikillus, also known as Hermann Kikillus, is Grunwalderstrasse 110 Tilsit, East Prussia, Germany, and that he is a resident of Germany and a national of a designated enemy country (Germany);

2. That Herman Kikillus, also known as Hermann Kikillus, is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows: Real property situated in Bergen County, New Jersey, particularly described in Exhibits A and B, attached hereto and by reference made a part hereof, identified as that property which was inherited from Charles Kirchner, deceased, and is presently recorded in the name of said Charles Kirchner, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a designated enemy country (Germany) or national thereof;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, including particularly the dower rights of Maria B. Kirchner, widow of Charles Kirchner, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 17, 1945.

[SEAL] FRANCIS J. MCNAMARA,
Deputy Alien Property Custodian.

DESIDER GYOERGY

In re: Real property, household furniture and furnishings and fire insurance policy owned by Desider Gyoergy.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Desider Gyoergy is Budapest, Hungary, and that he is a resident of Hungary and a national of a designated enemy country (Hungary);

2. That Desider Gyoergy is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. Real property situated in the township of Lakewood, Ocean County, New Jersey, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property.

b. All the household furniture and furnishings belonging to Desider Gyoergy now stored on the premises known as 253 Ocean Avenue, Lakewood, New Jersey, including but not limited to the property particularly described in Exhibit B, attached hereto and by reference made a part hereof, and

c. All right, title and interest of Desider Gyoergy in and to insurance certificate No. 51431 issued by the Stock Company Association, 2 Park Avenue, New York, New York, through the Aetna Insurance Company, issuing member, which certificate insures the improvements to the property described in subparagraph 3–a hereof,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a national of a designated enemy country (Hungary);

And determining that the property described in subparagraph 3–c hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3–a hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this Order), pursuant to section 2 of said Executive Order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Hungary);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3–a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3–b and 3–c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 26, 1945.

[Vesting Order 5175]

HANSA-MUEHLE, G. M. B. H.

In re: Securities owned by Hansa-Muehle, G. m. b. H.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Hansa-Muehle, G. m. b. H., whose principal place of business is Hamburg, Germany, is a corporation organized under the laws of Germany and is a national of a designated enemy country (Germany);

2. That Hansa-Muehle, G. m. b. H., is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows: Fifteen shares of no par value common stock of American Lecithin Company, a corporation organized under the laws of the State of Ohio, which stock is registered in the name of Hansa-Muehle, G. m. b. H.,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a national of a designated enemy country (Germany);

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the 15 shares of common stock of American Lecithin Company described in subparagraph 3 hereof, together with any declared and unpaid dividends thereon, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on August 7, 1945.

OFFICE OF PRICE ADMINISTRATION.

[MPR 188, Order 4233]

NOBLITT-SPARKS INDUSTRIES, INC.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Noblitt-Sparks Industries Incorporated of Columbus, Ind.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	Maximum prices for sales by any seller to—					
		Wholesalers (jobbers)	Dropship (jobbers)	Chain and department stores	Other retailers	Consumers
Air conditioned construction machinery hoist	(2 ton)	Each $3,333.51	Each $3,333.51	Each $4,167.51	Each $5,167.51	Each $6,995.00

These maximum prices are for the articles described in the manufacturer's application dated July 12, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. These prices are for the article described in your application. They are f. o. b. factory and subject to a cash discount of 2% for payment within 10 days, net 30 days.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement:

OPA Retail Ceiling Price—$6.95 Each
Do Not Detach or Obliterate

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the seller shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 8th day of August 1945.

Issued this 7th day of August 1945.

CHESTER BOWLES,
Administrator.

In the table in paragraph (a) (1) of Federal Register Document 45–11248, appearing at page 7866 of the issue for Thursday, June 28, 1945, the third column heading should read: "350–1000 watt, 2-heat, single burner, No. 70, hot plate".

[Gen. Order 66]

REGIONAL ADMINISTRATORS TO CONSOLIDATE DISTRICT OFFICES

DELEGATION OF AUTHORITY

Pursuant to the authority conferred upon the Price Administrator by the Emergency Price Control Act of 1942 as amended, the Second War Powers Act, 1942, as amended, and Executive Orders and Directives; *It is ordered:*

(a) As used in this order:

(1) The term "consolidation" means a merger or combining of two or more district offices within a region.

(2) The term "consolidated district office" means that district office into which district offices are consolidated. The term includes an existing district office which remains after consolidation, and into which has been consolidated other district offices; and also includes a new district office created as a result of consolidation.

(3) The term "discontinued district office" means a district office which is closed as a result of consolidation, and the duties and functions of which are combined with and merged in a consolidated district office.

(b) Consolidation may be effected by:

(1) Order of the Price Administrator, or

(2) Order of a Regional Administrator of the Office of Price Administration when approved in writing by the Price Administrator.

(c) Upon the issuance of an order of consolidation, and unless otherwise specified in said order or approval thereof, the Regional Administrators are hereby authorized to issue such orders as may be necessary to effectuate the consolidation, including, but not limited to, the closing and discontinuance of district offices, changes in district boundaries, and specification of boundaries of consolidated district offices.

(d) Upon any consolidation, and the establishment of a consolidated district office, the provisions of any price, rent or rationing regulation, amendment or order, heretofore or hereafter issued by the Price Administrator, Regional Administrators or District Directors, which require or authorize action to be taken by any discontinued district offices or by the district directors of such offices, or require or authorize any person to file or send any application, letter, report, or other document, or to have other communication with such district offices or directors, or require or authorize any person to perform any other act by reference to such district offices or directors, shall, for all purposes, mean the consolidated district office into which such district offices are consolidated.

(e) A consolidation order, unless otherwise specifically stated, shall have no retroactive effect with regard to any determinations, orders, decisions and other acts heretofore made or done by any executives, officers, or employees of any discontinued district offices; and all determinations, orders, decisions, and other acts theretofore made, done, or issued by any discontinued district office shall continue and remain in full force and effect until revised, cancelled, modified, or otherwise dealt with by proper authority.

This order shall become effective August 15, 1945.

Issued this 10th day of August 1945.

JAMES G. ROGERS, Jr.,
Acting Administrator.

C. F. Pease Co.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 482 under the Revised Maximum Price Regulation 136. Machines, parts and industrial equipment. C. F. Pease Company; Docket No. 6083–136.21–401.

For the reason set forth in an opinion, issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 21 of Revised Maximum Price Regulation 136, *It is ordered:*

(a) The maximum prices for sales of blue printing machinery, photographic arc lamps, repair parts, and machinery supplies by the C. F. Pease Company, Chicago, Illinois, shall be determined as follows:

The manufacturer shall multiply by 104.5% the maximum prices he had in effect to a purchaser of the same class, just prior to the issuance of this order.

(b) The maximum prices for sales of blue printing machinery, photographic arc lamps, repair parts, and machinery supplies by resellers shall be determined as follows: The reseller shall add to the maximum net price he had in effect to a purchaser of the same class, just prior to the issuance of this order, the amount, in dollars-and-cents, by which his net invoiced cost has been increased due to the adjustment granted the manufacturer by this order.

(c) The C. F. Peace Company shall notify each person who buys blue printing machinery, photographic arc lamps, repair parts, and machinery supplies for resale of the dollars-and-cents amounts by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington 25, D. C.

(d) All requests not granted herein are denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 9, 1945.

Issued this 8th day of August 1945.

C. Perez-M. Marquez

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) C. Perez-M. Marquez, 918 Freeman Street, Bx., N. Y. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
P. M.	Coronas	50	*Per M* $131	*Cents* 17
	Coronitas	50	56	7

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 10, 1945.

Issued this 9th day of August 1945.

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Pedro Berrios Ortiz, The Spring Cigars Manufacture, No. 20 Vallejo Street, Rio Piedras, P. R. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
Escudo	Corona Especiales Superiores.	50	*Per M* $82.50	*Cents* 11
	Panetelas Superiores.	50	75.00	10
	Corona Populares.	50	64.00	8

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 10, 1945.

Issued this 9th day of August 1945

(2) The adjusted ceiling prices set forth in subparagraph (1) above are subject to discounts of 2% and to all trade practices, including practices relating to shipping and the payment of shipping charges and premiums for extra sizes, customarily used by Globe Knitting Works during the period from July 15, 1941 to February 10, 1942, both inclusive, on deliveries of comparable types of fall and winter knitted underwear.

(b) *Statement which Globe Knitting works must send to retailers.* (1) On and after August 9, 1945, Globe Knitting Works shall transmit to each retailer to whom it makes delivery of any of the garments listed in paragraph (a) (1) of this order, the following statement:

STATEMENT TO RETAILERS OF ADJUSTED CEILING PRICES

The Office of Price Administration has adjusted our ceiling prices on certain knitted underwear garments pursuant to the provisions of order No. 11, issued under Revised Supplementary Order 99. In column A below you will find our adjusted ceiling prices for these garments.

Style	Column A Globe's adjusted ceiling price	Column B "Cost base" or "net cost"
	Dozen	*Dozen*
104 W/LA, SA, S 3/4	$18.40	$16.50
115 W/LA, SA, S 3/4	16.19	13.50
139 E/LA, W/LA	19.51	16.50
492 G/LA, SA, S 3/4	34.55	34.00
841 W/LA, SA	25.15	20.50
115 W/ST	10.48	9.00

Please note that the OPA requires you to price these garments in accordance with Maximum Price Regulation 580 or Maximum Price Regulation 210 (whichever regulation governs your sales of the garments listed in this notice). In determining your ceiling prices for these garments OPA has ruled that you must use as your "net cost" under MPR 580, or your "cost base" under MPR 210, the amount set forth in Column B of the above table as the "net cost" or "cost base" for the garment being priced.

(2) The statement required to be sent by Globe Knitting Works to its retailers, as provided in subparagraph (1) above, and containing information applicable to the sales of garments included in the particular shipment, shall be transmitted with or be annexed to the invoice, billing or delivery statement of prices, accompanying every shipment made by Globe Knitting Works of the garments listed in paragraph (a) (1) of this order. This statement with respect to any garment for which the Globe Knitting Works is permitted an adjustment of the ceiling price under this order, shall be sent by Globe Knitting Works in lieu of the statement required under § 1389.304 (as amended) of Maximum Price Regulation 221.

3. *Garments to which the provisions of this order shall apply.* (a) This order shall apply only to those garments of the styles enumerated in paragraph (a) (1) which are shipped by Globe Knitting Works on or after August 9, 1945 and before November 1, 1945.

(b) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective August 9, 1945.

Issued this 9th day of August 1945.

CHESTER BOWLES,
Administrator.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 9th day of August, 1945.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The North American Company, a registered holding company.

Notice is further given that any interested person may, not later than August 20, 1945, at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration or application, as filed or as amended, may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of the said Commission, for a statement of the transactions therein proposed, which are summarized below:

The North American Company proposes to pay on October 1, 1945, a dividend to its holders of common stock of record on September 4, 1945. Such dividend will be payable in the common stock of Pacific Gas and Electric Company having a par value of $25 per share, owned by The North American Company, at the rate of one share of common stock of Pacific Gas and Electric Company on each 100 shares of the common stock of The North American Company outstanding. No certificates will be issued for fractions of shares of stock of Pacific Gas and Electric Company but, in lieu thereof, cash will be paid at the rate of 41 cents for each 1/100th of a share of stock of Pacific Gas and Electric Company, this rate being based on the approximate market price of $41 per share as of August 2, 1945, the date the proposed dividend was declared. The North American Company estimates that the payment of the above-mentioned dividend will involve the distribution of not more than 75,000 shares of the 1,348,192 shares of common stock of Pacific Gas and Electric Company owned by it and use of not more than $525,000 of cash; and that the payment of such dividend will result in a charge of approximately $2,850,000 to earned surplus.

The North American Company has requested that the Commission enter an order permitting said declaration to become effective or granting said application on or before August 25, 1945.

By the Commission.

UNION PRODUCING CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 8th day of August, A. D. 1945.

Notice is hereby given that an application and declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Union Producing Company ("Union"), a wholly owned subsidiary of United Gas Corporation ("United") which is a subsidiary of Electric Power & Light Corporation, a registered holding company.

Notice is further given that any interested person may, not later than the 22d day of August, 1945 at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such application and declaration, as filed or as amended, may be approved or may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application and declaration, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Union proposes to redeem for cash on or about September 25, 1945, $1,000,000 principal amount of its 6% Debentures due March 1, 1952, in accordance with the provisions thereof, at principal amount and accrued interest thereon to date fixed for such redemption. Union has presently outstanding $40,000,000 of said 6% Debentures all of which are owned by United. The Debentures are pledged and held as collateral under the provisions of the Mortgage and Deed of Trust securing United's First Mortgage Bonds. The filing states that United has advised Union that it proposes to transfer the $1,000,000 principal amount to be paid to the Trustee by Union to the Sinking Fund as the credit against current requirements in accordance with the provisions of the Mortgage.

PLYMOUTH COUNTY ELECTRIC CO. AND NEW ENGLAND GAS AND ELECTRIC ASSN.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of August, 1945.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by New England Gas and Electric Association (New England), a registered holding company, and Plymouth County Electric Company (Plymouth), a subsidiary thereof; and

Notice is further given that any interested person may, not later than August 24, 1945, at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such joint application-declaration, as filed or as amended, may be granted and permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application-declaration, which is on file in the offices of said Commission, for a statement of the transactions therein proposed which are summarized below:

New England presently owns all of the outstanding common stock of Plymouth. Plymouth proposes to issue and sell to New England 2,400 shares of additional common stock, of the par value of $25.00 per share, at a price of $31.25 per share, or an aggregate of $75,000. Proceeds from the proposed sale will be used by Plymouth to pay off existing indebtedness as of June 30, 1945, represented by a note payable to The First National Bank of Boston in the amount of $75,000, incurred for extensions, additions and improvements to its plant and property.

By the Commission.

[C-395]

M. K. M. KNITTING MILLS

CONSENT ORDER

M. K. M. Knitting Mills, a corporation with its principal place of business in Manchester, New Hampshire, engaged in the manufacture of women's rayon hosiery, between October 1, 1943 and December 31, 1944 used 214,290 square feet and 26,788 pounds of new fiber shipping containers in excess of the amounts permitted by War Production Board Order L-317.

M. K. M. Knitting Mills admits the violation as charged, denies that it was wilful, and does not desire to contest the issue of wilfulness and has consented to the issuance of this order.

Wherefore upon the agreement and consent of M. K. M. Knitting Mills, the Regional Compliance Manager and the Regional Attorney, and upon approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) During each of the third and fourth quarters of 1945 and the first and second quarters of 1946, M. K. M. Knitting Mills shall reduce by 30,000 square feet and 4,000 pounds each quarter the quarterly quotas assigned to them by the War Production Board for the use of new fiber shipping containers under War Production Board Order L-317 unless otherwise specifically authorized in writing by the War Production Board.

(b) The restrictions and prohibitions contained herein shall apply to M. K. M. Knitting Mills, its successors and assigns, or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(c) Nothing contained in this order shall be deemed to relieve M. K. M. Knitting Mills from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 9th day of August 1945.

Washington, Tuesday, August 14, 1945

Regulations

TITLE 7—AGRICULTURE

Chapter VIII—Sugar Agency

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FAIR AND REASONABLE WAGE RATES FOR PERSONS EMPLOYED IN HARVESTING SUGARCANE IN LOUISIANA DURING SEPT. 1, 1945, TO JUNE 30, 1946

Pursuant to section 301 (b) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.24u *Fair and reasonable wage rates for harvesting of sugarcane in Louisiana during the period September 1, 1945, to June 30, 1946.* The requirements of section 301 (b) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to the harvesting of sugarcane in Louisiana during the period from September 1, 1945, to June 30, 1946, if all persons employed on the farm during that period in the harvesting of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates as follows:

(a) The wage rates agreed upon between the producer and the laborer but in no case less than the rates prescribed under paragraphs (b), (c), and (d).

(b) *Time rates for adult males and adult females.*

	Per day of 9 hours
(1) Cutting topping, stripping:

(2) Loading	3.45
(3) Cutting and loading	3.05
(4) Tractor drivers and truck drivers	3.55
(5) Teamsters	3.35
(6) Hoist Operators	3.05
(7) Any other harvesting operations not connected with mechanical loading or mechanical harvesting:	
Adult males	2.40
Adult females	1.90
Operations connected with mechanical loading or mechanical harvesting:	
(8) Operators of mechanical loading or harvesting equipment	3.80
(9) Pilots	3.05
(10) Gathmen, spotters, ropemen	3.45
(11) Scrappers and other operations connected with mechanical loading or mechanical harvesting	$2.85

For a working day longer or shorter than 9 hours the rate shall be in proportion to the applicable rate prescribed above.

(c) *Time rates for workers 14 to 16 years of age.*

For workers between the ages of 14 and 16 years, the rate per day of 8 hours (maximum hours per day for such workers) shall be not less than three-fourths of the applicable rate established under paragraph (b) for adult male workers for a 9 hour day. For a working day shorter than 8 hours, the rate shall be in proportion.

(d) *Piece rates for adult males, adult females, or workers 14 to 16 years of age.*

(4) (1) and (3) combined	1.53	1.82
(5) (2) and (3) combined	1.25	1.43

(6) The piece rate for any operation not specified above shall be that agreed upon between the producer and the laborer; *provided, however*, that the earnings for the time involved shall be not less than the applicable time rate specified in paragraphs (b) or (c); *and, provided further*, that such minimum earnings shall not apply to prisoners of war but they shall be paid at the same piece rates as other laborers.

[1] Large barrel varieties, CO 290; CP 29-103, CP 29-116; 31-291, 53-213.

(e) *General provisions.*

(1) In addition to the foregoing the producer shall furnish to the laborer without charge the customary perquisites, such as a habitable house, medical attention, and other customary incidentals.

(2) The producer shall not, through any subterfuge or device whatsoever, reduce the wage rates to laborers below those determined herein.

(Section 301, 50 Stat. 909; 7 U.S.C. 1131)

Issued this 13th day of August 1945.

[WFO 75-2, Amdt. 28]

PART 1410—LIVESTOCK AND MEATS

BEEF REQUIRED TO BE SET ASIDE

War Food Order No. 75-2, as amended (10 F.R. 6496, 7787, 8805, 9421), is further amended to read as follows:

§ 1410.18 *Beef required to be set aside.* (a) *Definitions.* (1) Governmental agency" means the Army, Navy, Marine Corps, or Coast Guard of the United States (excluding for the purposes of this order, United States Army post exchanges, United States Navy ships' service departments, United States Marine

[1] Appears under War Manpower Commission in Notices section.

Corps post exchanges, and similar organizations), United States Department of Agriculture (including but not restricted to any corporate agency thereof), the War Shipping Administration, and the Veterans Administration.

(2) "Army-style beef" means (i) dressed steer carcasses of "U. S. Choice", "U. S. Good", or "U. S. Commercial" grade weighing between 350 and 1,100 pounds; (ii) dressed heifer carcasses of "U. S. Choice", "U. S. Good", or "U. S. Commercial" grade weighing between 300 and 1,100 pounds; and (iii) dressed cow carcasses of "U. S. Good" or "U. S. Commercial" grade weighing between 350 and 1,100 pounds.

(3) "Federally inspected slaughterer" means any slaughterer whose establishment is operated under Federal inspection.

(4) "Federal inspection" means inspection under the provisions of the act of March 4, 1907 (34 Stat. 1260), as amended, 21 U.S.C. 71, and as extended by Public Law 602, 77th Congress, approved June 10, 1942 (56 Stat. 351), and the rules and regulations promulgated thereunder.

(5) "Certified slaughterer" means any slaughterer of livestock who has been certified by the Secretary of Agriculture under War Food Order No. 139, as amended (10 F.R. 8806).

(6) "Certified slaughtering plant" means any establishment or facility for the slaughter of livestock which has been certified by the Secretary of Agriculture under War Food Order No. 139, as amended, *supra*.

(7) "Authorized purchaser" means:

(i) Any person who is under contract to sell or deliver set aside beef, or products prepared in whole or part therefrom, to a governmental agency;

(ii) Any person who has delivered set aside beef, or products prepared in whole or part therefrom, to a governmental agency, and has not replaced the set aside beef so delivered, or contained in the products so delivered, by a purchase of set aside beef under this order;

(iii) Any person who is authorized by the Director to purchase set aside beef.

(8) "Contract school", "marine hospital", or "maritime academy" means any person defined as such in War Food Order No. 73, as amended (9 F.R. 10036, 10927, 13741).

(9) "Ship supplier" means any person defined as such in War Food Order No. 74, as amended (10 F.R. 5759), who holds a license under that order.

(10) "Set aside beef" means beef of the type and grade required to be set aside, reserved, and held under this order.

(11) "Base period" means that period of the year 1944 established by the Director and published in Appendix A, attached hereto and made a part hereof.

(12) "Current rate of slaughter" means the total dressed weight of cattle slaughtered during a current week divided by the average weekly slaughter (dressed weight) during the base period. Current rate of slaughter shall be stated in terms of percentage.

(13) "Northern Area of Zone 9" includes the following:

(i) Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island;

(ii) All that portion of New York east of and including the counties of Saint Lawrence, Jefferson, Lewis, and Herkimer, and east and southeast of and including the counties of Otsego, Delaware, Sullivan, Orange, Rockland, Westchester, New York, Bronx, Kings, and Richmond;

(iii) All that portion of Pennsylvania east of and including the counties of Tioga, Lycoming, Union, Mifflin, Juniata, Perry, and Franklin;

(iv) New Jersey and Delaware;

(v) All that portion of Maryland east and southeast of and including the counties of Washington, Frederick, Montgomery, Prince Georges, Charles, and Saint Marys; and

(vi) The District of Columbia.

(14) "Zone 9 Kosher slaughterer" means any slaughterer of kosher beef located in the Northern Area of Zone 9, who has registered with the Office of Price Administration as required by paragraph (d) of § 1364.407 of Maximum Price Regulation 169, as amended.

(15) "Conversion weight" means the dressed weight equivalent of the meat derived from the slaughter of cattle, determined as prescribed in paragraph (g) hereof.

(16) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(17) "Director" means the Director of Marketing Services, United States Department of Agriculture.

(18) Any term not specifically defined herein shall have the meaning set forth for such term in War Food Order No. 75, as amended (10 F. R. 4649).

(b) *Purpose of this order.* This order is intended to provide for the procurement by governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, and ship suppliers, of an amount of beef of the indicated grades equal to the following percentages of the aggregate total of all beef of such grades produced by slaughterers subject to the provisions of this order:

	Percent
Army-style beef	20
Utility (Grade C) and cutter and canner (Grade D) beef	55

(c) *Army-style beef; slaughterers affected.* The provisions of this paragraph (c) shall apply to the following slaughterers:

All federally inspected slaughterers;
Every slaughterer whose cattle are slaughtered in an establishment operated under Federal inspection;
Every slaughterer who, in any calendar week, slaughters more than 51 head of cattle producing Army-style beef;
Every slaughterer whose cattle are slaughtered in an establishment in which, during any calendar week, there are slaughtered more than 51 head of cattle producing Army-style beef;
Every certified slaughterer who is notified of the applicability of this paragraph (c) by the Order Administrator;
Every owner or operator of a certified slaughtering plant who is notified of the applicability of this paragraph (c) by the Order Administrator.

(1) No slaughterer subject to the provisions of this paragraph (c) shall deliver meat unless he shall set aside, reserve, and hold for delivery to governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, and ship suppliers, such percentages, as the Director may determine in accordance with the provisions of paragraph (e) hereof, of the conversion weight of each week's production of beef graded "U. S. Choice", "U. S. Good", and "U. S. Commercial", obtained from steers, heifers, and cows whose carcasses produce Army-style beef.

(2) No slaughterer subject to the provisions of this paragraph (c) shall deliver meat unless he shall bone, in accordance with Army-specifications for frozen boneless beef, not less than 90 percent of each grade of Army-style beef set aside, reserved, and held by such slaughterer: *Provided, however,* That the Order Administrator may wholly or partially exempt any slaughterer from this requirement upon a proper showing that said slaughterer (i) does not have adequate facilities for boning; (ii) does not have, or is unable to obtain, sufficient personnel to bone said beef, or (iii) is unable to comply with this requirement for any reason which appears to the Order Administrator to warrant such exemption.

(d) *Utility grade cutter and canner beef; slaughterers affected.* The provisions of this paragraph (d) shall apply to the following slaughterers:

All federally inspected slaughters:
Every slaughterer whose cattle are slaughtered in an establishment operated under Federal inspection;
Every certified slaughterer who is notified of the applicability of this paragraph (d) by the Order Administrator;
Every owner or operator of a certified slaughtering plant who is notified of the applicability of this paragraph (d) by the Order Administrator.

No slaughterer subject to the provisions of this paragraph (d) shall deliver meat unless he shall set aside, reserve, and hold for delivery to governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, and ship suppliers, such percentages, as the Director may determine in accordance with the provisions of paragraph (e) hereof, of the conversion weight of each week's production of beef obtained from steers, heifers, cows, stags, and bulls of U. S. Utility grade (Grade C beef) and cutter and canner grade (Grade D beef).

(e) *Determination of percentages.* The specific percentage of each grade of beef which any slaughterer shall be required to set aside under this order shall be proportional to and graduated in accordance with the current rate of slaughter of such slaughterer, with the result that a greater proportion of Government requirements will be drawn from those slaughterers who are slaughtering more, with reference to the base period, than their normal volume of cattle. Determination of such percentages will be made by the Director at periodic intervals and published in Appendix A hereof.

(f) *Federal inspection.* (1) No slaughterer who is or who becomes subject to paragraph (c) of this order by virtue of slaughtering, in any calendar week, more than 51 head of cattle producing Army-style beef shall deliver meat unless he shall apply and qualify under the Meat Inspection Act (21 U. S. C. 71 et seq.) and the regulations applicable thereto, for Federal meat inspection of all Army-style carcasses and beef required to be set aside by him under this order. No such slaughterer who fails to apply or qualify for Federal inspection as herein provided shall thereafter slaughter, in any calendar week, more than 51 head of cattle producing Army-style beef.

(2) No owner or operator of slaughtering facilities, other than a farmer, shall slaughter or permit such facilities to be used for the slaughter, in any calendar week, of more than 51 head of cattle producing Army-style beef, unless he has qualified or shall hereafter apply and qualify under the Meat Inspection Act (21 U.S.C. 71 *et seq.*) and the regulations applicable thereto for Federal meat inspection of all Army-style carcasses and beef required to be set aside under this order.

(g) *Conversion weight.* (1) The conversion weight of all deliveries of beef, and the conversion weight of carcasses and of cuts and trimmings derived therefrom, and of beef products produced therefrom shall be determined by multiplying the weight thereof by the appropriate conversion factor set forth below:

Type and description of product:	*Conversion factor (multiplier)*
Dressed carcasses and cuts, not boned, fresh (chilled) or frozen	1.00
Boned beef and trimmings, fresh (chilled) or frozen	1.41
Cured other than dried—not boned	.95
Cured other than dried—boned	1.34
Dried (including smoked)	2.20
Boneless beef derived from cutter and canner grade steers, heifers, cows, stags, and bulls (Grade D beef)	1.45
Canned beef and gravy	2.00

The term "boned" describes cuts from which 50 percent or more of the bone, by weight, has been removed by the process of boning, and the term "not boned" describes cuts from which none or less than 50 percent of the bone, by weight, has been removed, and primal cuts which contain no bone.

(2) The conversion weight of beef of any type used in the preparation of sausage or in the preparation of canned meat, or any other beef product not specified above, shall be computed by determining, on the basis of the manufacturing formula, the net weight of the beef in such processing, and multiplying such net weight by the applicable conversion factor set forth above for such type of beef. The net weight of beef which is cooked and used in the preparation of canned meat not specified above shall be the weight thereof before cooking.

(3) The Director may, upon written application, revise any conversion weight factor where it is shown that such factor is working an undue hardship in the preparation of certain products.

(h) *Credits allowed on deliveries.* Subject to paragraph (i) hereof, any set-aside beef delivered to a governmental agency, authorized purchaser, contract school, marine hospital, maritime academy, or ship supplier may be credited against the requirements of paragraphs (c) and (d) hereof for beef of the type and grade so delivered.

(i) *Certificates.* No set-aside beef shall be delivered to any authorized purchaser, and no credit shall be allowed for any such delivery unless, within 10 days after delivery, the slaughterer obtains a certificate signed by the authorized purchaser, acknowledging receipt of the beef and containing the following: the name and address of both parties and the date of delivery; the contract number of the contract between the authorized purchaser and the governmental agency; and a statement by the authorized purchaser that the set-aside beef so delivered, or an equivalent amount of set-aside beef, will be or has been used in the fulfillment of such contract. The slaughterer shall endorse on such certificate the conversion weight of such beef, together with a description permitting conversion in accordance with paragraph (g) hereof. The slaughterer and the authorized purchaser shall each retain an original of such certificate for at least two years and shall submit the same to the Director upon request. All statements contained in or accompanying such certificates shall be deemed representations to an agency of the United States. No person shall be entitled to rely upon any such certificate if he knows or has reasonable cause to believe it to be false.

(j) *Storage; packaging.* All Army-style beef set aside and reserved under this order shall be stored in such manner as to maintain the quality thereof, and shall be prepared and packaged in accordance with Army specifications.

(k) *Authorized purchasers required to redeliver.* Each authorized purchaser who receives set-aside beef under the provisions of this order shall deliver all such beef, or an equivalent amount of set-aside beef, to a governmental agency, contract school, marine hospital, maritime academy, or ship supplier.

(l) *Allocation.* The Director may, by general order or written notice to individual slaughterers, order the allocation of beef set aside under this order to or among specific governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, or ship suppliers. In the absence of such allocation, slaughterers may, subject to paragraph (i) hereof, sell beef so set aside to any such person or agency.

(m) *Existing contracts.* The provisions of this order shall not be construed as reducing the amount of meat which any slaughterer is required to offer or to deliver under any existing contract with a governmental agency, as defined herein, or with the United States Maritime Commission.

(n) *Reports.* Every slaughterer subject to paragraph (c) hereof shall report to the Director concerning his production of and transactions in beef. Such reports shall be made at such times and upon such forms as the Director may require, and shall be subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(o) *Audits and inspections.* The Director shall be entitled to make such audits and inspections of the books, records and other writings, premises, supplies of livestock or stocks of meat of any person, and to make such investigations as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(p) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Order Administrator. Petitions shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. The Order Administrator may take any action with reference to such petition which is consistent with the authority delegated to him by the Director. If the petitioner is dissatisfied with the action taken by the Order Administrator, he may, by request addressed to the Order Administrator, obtain a review of such action by the Director. After said review, the Director may take such action as he deems appropriate, which action shall be final.

(q) *Violations.* Any person who violates any provision of this order may, in accordance with the applicable procedure, be prohibited from receiving, making any deliveries of, or using livestock, meat, meat products, or animal fats. Any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Civil action may also be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(r) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise provided, be addressed to the Order Administrator, War Food Order No. 75–2, Livestock and Meats Branch, Office of Marketing Services, United States Department of Agriculture, 5 South Wabash Avenue, Chicago 3, Illinois.

(s) *Territorial scope.* This order shall apply within the 48 States and the District of Columbia.

(t) Effective date. This amendment shall become effective at 12:01 a. m., e. w. t., August 12, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 75–2, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper

suit action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(E.O. 9280, 7 F.R. 10179; E.O. 9577, 10 F.R. 8087; WFO 75, 10 F.R. 4649)

Issued this 10th day of August 1945.

Director of Marketing Services.

APPENDIX A—SCHEDULE OF GOVERNMENT BEEF PURCHASED AND SET ASIDE PERCENTAGES UNDER WAR FOOD ORDER NO. 75-2

Base period. The month of August 1944 is hereby established as the base period.

Current rate of slaughter. Current rate of slaughter is determined by dividing the dressed weight of cattle slaughtered during a current week by the average weekly slaughter of cattle (dressed weight) during the base period (August 1944).

Government purchase and set aside percentages. In accordance with the standard set forth in paragraph (e), the following schedule of percentages is hereby established. The quantity of each grade of Army-style beef which the persons or agencies designated in paragraph (c) (1) may purchase is determined by applying the appropriate percentage to the total weekly production (dressed weight) of each of such grades of Army-style beef, and the quantities of Utility grade (Grade C) beef and of Canner and Cutter grade (Grade D) beef which are required to be set aside by any slaughterer are determined by applying the appropriate percentage to the total weekly production (dressed weight) of Utility grade beef and Canner and Cutter grade beef, respectively. All Army-style beef required to be set aside or made available for purchase by Zone 9 kosher slaughterers shall be in the form of hindquarters.

Current rate of slaughter (percent of August 1944 weekly average)	Percentage of beef production (dressed weight of slaughter)	
	Army-style	Utility and canner and cutter grades
Less than 50.1	5.5	46.8
50.1-65.0	8.6	48.6

PART 1410—LIVESTOCK AND MEATS

PORK SET ASIDE REDUCTION

War Food Order No. 75-3, as amended (10 F.R. 6499, 7789, 8949, 9422), is further amended as follows:

1. By deleting the table at the end of paragraph (b) and substituting in lieu thereof the following:

Percentage of live weight of hogs purchased for slaughter

Type of dressed pork cut or pork product:	
Hams	5.0
Loins	4.5
Shoulders and manufacturing pork	5.5
Lard	4.0

2. By deleting the table which appears in Appendix A and substituting in lieu thereof the following:

Current rate of slaughter (percent of weekly average August 1944)	Percentages of live weight of slaughter			
	Loins	Hams	Shoulders and manufacturing pork	Total
Less than 50.1	3.1	3.5	3.8	10.4
50.1-55.0	3.5	4.0	4.4	11.9
55.1-60.0	3.9	4.4	4.8	13.1
60.1-65.0	4.2	4.7	5.2	14.1
65.1-80.0	4.5	5.0	5.5	15.0
80.1-85.0	4.7	5.2	5.8	15.7
85.1-90.0	4.9	5.4	6.0	16.3
90.1-95.0	5.0	5.6	6.2	16.8
95.1-100.0	5.2	5.7	6.3	17.2
Over 100.0	5.3	5.9	6.5	17.7
Slaughterers without August 1944 slaughter history	5.3	5.9	6.5	17.7

3. By deleting the second paragraph under the heading "Specifications" at the end of Appendix A and substituting in lieu thereof the following:

Not less than 10 percent of all hams set aside shall be processed into oversea hams requiring 96 hours' smoke, and not less than 20 percent of all hams set aside shall be processed into Army hams requiring 48 hours' smoke.

This amendment shall become effective at 12:01 a. m., e. w. t., August 12, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 75-3, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

PART 1410—LIVESTOCK AND MEATS

PORK REQUIRED TO BE SET ASIDE BY CERTIFIED SLAUGHTERERS AND OWNERS OR OPERATORS OF CERTIFIED SLAUGHTERING PLANTS

War Food Order No. 75-3, as amended (10 F.R. 6499, 7789, 8949), is further amended as follows:

1. By adding immediately after paragraph (a) (15) the following new paragraphs:

(16) "Certified slaughterer" means any slaughterer of livestock who has been certified by the Secretary of Agriculture under the provisions of War Food Order No. 139, as amended (10 F.R. 8806).

(17) "Certified slaughtering plant" means any establishment or facility for the slaughter of livestock which has been certified by the Secretary of Agriculture under the provisions of War Food Order No. 139, as amended *supra*.

2. By deleting paragraph (c) and substituting in lieu thereof the following:

(c) *Set aside requirements; slaughterers affected.* The provisions of this order shall apply to the following slaughterers:

All federally inspected slaughterers;
Every slaughterer whose hogs are slaughtered in an establishment operated under Federal inspection.
Every certified slaughterer who is notified of the applicability of this paragraph (c) by the Order Administrator;
Every owner or operator of a certified slaughtering plant who is notified of the applicability of this paragraph (c) by the Order Administrator.

No slaughterer subject to the provisions of this order shall deliver meat unless he shall set aside, reserve, and hold for delivery to governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, and ship suppliers, in the form of dressed pork and pork products, such percentages as the Director may determine, in accordance with the provisions of paragraph (d) hereof, of the total live weight of each week's slaughter of hogs.

3. By inserting the following title at the beginning of paragraph (d): "*Determination of percentages.*"

4. By deleting paragraph (1) and substituting in lieu thereof the following:

(1) *Records and reports.* (i) Every slaughterer subject to the provisions of this order, as specified in paragraph (c), shall report to the Director concerning his production of and transactions in pork and pork products, including lard. Such reports shall be made at such times and upon such forms as the Director may require, and shall be subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) Every slaughterer subject to the provisions of this order, as specified in paragraph (c), shall keep such records with respect to inter- or intra-plant transactions as may be required by the Order Administrator.

5. By deleting the paragraph immediately after the table which appears in Appendix A and substituting in lieu thereof the following:

Lard set aside. In addition to the above, each slaughterer subject to the provisions of this order shall set aside a quantity of lard, the total weight of which shall be not less than 4 percent of the total live weight of each week's slaughter of hogs; *Provided, however,* That until further order of the Director, this requirement shall not be applicable to slaughterers located in the States of Alabama, Arkansas, California, Connecticut, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia, Washington, and West Virginia.

This amendment shall become effective at 12:01 a. m., e. w. t., August 12, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 75-3, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1410—LIVESTOCK AND MEATS

VEAL REQUIRED TO BE SET ASIDE BY CERTIFIED SLAUGHTERERS AND OWNERS OR OPERATORS OF CERTIFIED SLAUGHTERING PLANTS

War Food Order No. 75-4, as amended (10 F. R. 4654, 7789), is further amended as follows:

1. By adding immediately after paragraph (a) (11) the following new paragraphs:

(12) "Certified slaughterer" means any slaughterer of livestock who has been certified by the Secretary of Agriculture under the provisions of War Food Order No. 139, as amended (10 F.R. 8806).

(13) "Certified slaughtering plant" means any establishment or facility for the slaughter of livestock which has been certified by the Secretary of Agriculture under the provisions of War Food Order No. 139, as amended, *supra*.

2. By deleting paragraph (b) and substituting in lieu thereof the following:

(b) *Set aside requirements; slaughterers affected.* The provisions of this order shall apply to the following slaughterers:

All federally inspected slaughterers;
Every slaughterer whose calves are slaughtered in an establishment operated under Federal inspection;
Every certified slaughterer who is notified of the applicability of this paragraph (b) by the Order Administrator;
Every owner or operator of a certified slaughtering plant who is notified of the applicability of this paragraph (b) by the Order Administrator.

No slaughterer subject to the provisions of this paragraph (b) shall deliver meat unless he shall set aside, reserve, and hold for delivery to governmental agencies, authorized purchasers, contract schools, marine hospitals, maritime academies, and ship suppliers, 30 percent of the conversion weight of each week's production of veal graded "U. S. Choice", "U. S. Good", and "U. S. Commercial", obtained from calves whose carcasses weigh, with the hide off, from 60 to 275 pounds, both inclusive.

5. By deleting paragraph (j) and substituting in lieu thereof the following:

(j) *Reports.* Every slaughterer subject to the provisions of paragraph (b) of this order shall report to the Director concerning his production of and transactions in veal. Such reports shall be made upon such forms as the Director may require, and shall be subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective at 12:01 a. m., e. w. t., August 12, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 75-4, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1410—LIVESTOCK AND MEATS

CERTIFICATION UNDER PUBLIC LAW 108, 79TH CONGRESS

War Food Order No. 139 (10 F.R. 8806) is hereby amended to read as follows:

§ 1410.28 *Certification under Public Law 108, 79th Congress, approved June 30, 1945*—(a) *Definitions.* (1) "Meat" means the carcasses of livestock, including beef, veal, lamb, mutton, or pork derived therefrom, and any processed or unprocessed edible part, cut, or trimming, regardless of how prepared or packaged; excluding, however, scrapple, souse, and other similar products, offal, oils, rendering fats, raw leaf, casings, by-products not ordinarily used for human consumption, and skins of swine when prepared for use in leather, glue, or gelatin.

(2) "Certified slaughtering plant" means any establishment or facility for the slaughter of livestock which has been certified by the Secretary of Agriculture under the provisions of this order.

(3) "Certified slaughterer" means any owner of livestock who has been certified by the Secretary of Agriculture under the provisions of this order.

(4) "Certification" means certification by the Secretary of Agriculture pursuant to Section 3A of the Stabilization Act of 1942, as amended, as follows:

(i) With respect to a slaughtering plant, that such plant is operated under sanitary conditions as herein defined and that the meat, meat products, and animal fats produced therein have been inspected and found to be clean, wholesome, and suitable for human consumption;

(ii) With respect to an owner of livestock, that such owner is entitled to have such livestock custom slaughtered in a designated certified slaughtering plant without charge against any quota or other slaughtering limitation, except as may be imposed as a condition of certification under this order.

(5) "Federal inspection" means inspection pursuant to the provisions of the act of March 4, 1907 (34 Stat. 1260), as amended, 21 U.S.C. 71, and as extended by Public Law 602, 77th Congress, approved June 10, 1942 (56 Stat. 351), and the rules and regulations promulgated thereunder.

(6) "Sanitary condition", with respect to the certification of a slaughtering plant, means that such plant:

(i) Has a well-constructed building in a good state of repair, with an adequate drainage system and a supply of clean hot and cold water sufficient to maintain the facilities, plant and products produced therein in a sanitary condition;

(ii) Has lighting and ventilation sufficient for all slaughtering and processing operations;

(iii) Is protected against flies and rodents and is located a reasonable distance from any stable, barnyard, hog lot, refuse heap, privy, or other source of fly breeding or contamination;

(iv) Has all necessary equipment and facilities, so arranged as to permit the handling of animals and carcasses in a clean and sanitary manner;

(v) Has adequate facilities, apart and separate from slaughtering and processing operations, for the segregation and disposal of condemned carcasses and for the handling and disposal of inedible by-products and offal;

(vi) Has adequate facilities for cooling, chilling, and holding carcasses and edible byproducts until moved into distribution channels or adequate facilities for cooling, chilling, and holding are available in the immediate vicinity.

(7) "Governmental agency" means the Army, Navy, Marine Corps, or Coast Guard of the United States (excluding, for the purposes of this order, United States Army post exchanges, United States Army post exchanges, United States Navy ships' service departments, United States Marine Corps post exchanges, and similar organizations), United States Department of Agriculture (including any corporate agency thereof), the War Shipping Administration, and the Veterans' Administration.

(8) "Person" means any individual, partnership, association, business trust,

corporation, or any organized group of persons whether incorporated or not.

(g) "Director" means the Director of Marketing Services, United States Department of Agriculture.

(b) *Exemptions from slaughtering quota restrictions.* Subject to the provisions of this order, no quota or other slaughtering limitation shall be imposed upon or shall be operative against any certified slaughterer or any certified slaughtering plant, to the extent that the slaughtering operations on behalf of such certified slaughterer or in such certified slaughtering plant are conducted in accordance with the requirements for certification herein contained.

(c) *Eligibility for certification.* Eligibility for certification under this order shall be limited to:

(1) Slaughtering plants, the owners or operators of which are registered and have been assigned quotas under the provisions of Control Order 1 of the Office of Price Administration.

(2) Owners of livestock who have such livestock slaughtered on a custom basis, who are registered and have been assigned quotas under the provisions of Control Order 1 of the Office of Price Administration, and who, between January 1, 1945, and July 31, 1945, had livestock custom slaughtered in a slaughtering plant to which certification is granted under this order.

(3) Slaughtering plants which operate solely on a custom slaughter basis and at which slaughter performed is for owners of livestock who have registered and been assigned quotas under Control Order 1 of the Office of Price Administration.

(d) *Applications for certification.* Any eligible owner or operator of a slaughtering plant and any eligible owner of livestock who desires to obtain certification under this order may file an application with the Secretary of Agriculture. Application forms will be furnished upon request to the Livestock and Meats Branch, Office of Marketing Services, United States Department of Agriculture, Washington 25, D. C. All applications shall be properly executed and shall contain all the information therein requested. If the applicant is an owner or operator of a slaughtering plant or facility, an examination of such plant or facility will be made to determine whether the same is operated under sanitary conditions. An investigation of all facts disclosed in the application, including facts concerning compliance with Office of Price Administration regulations and war food orders, will be made to determine whether certification is justified. All applications shall contain a statement by the applicant that he agrees to comply with the provisions of this order and with any rules, regulations, or orders that may be issued thereunder. The applicant shall also agree that any certification issued to him shall be contingent upon compliance with such provisions.

(e) *Certification of designated parts of slaughtering plants.* Certification may be had with respect to a designated part only of any slaughtering plant. The provisions of this order shall apply only to meat, meat products, or animal fats produced in such designated part of such plant.

(f) *Examination of slaughtering plants and inspection of meat.* Certification with respect to any slaughtering plant shall be based upon an examination of such plant to determine whether the same is operated under sanitary conditions as defined herein, and an inspection of the meat, meat products, or animal fats produced therein to determine whether the same are clean, wholesome, and suitable for human consumption. Inspection of meat, meat products, and animal fats shall be made by inspectors under the supervision of veterinarians, both duly qualified under the laws of the State, city, or county in which the affected plant is located, or by inspectors approved by the Director. Inspection of the meat, meat products, or animal fats produced in any slaughtering plant shall include ante mortem inspection immediately prior to slaughter, and post mortem inspection immediately after slaughter and during the processing of the carcasses or meat.

(g) *Supervision of inspection.* All slaughtering operations and all inspections authorized hereunder shall be subject to approval by the Director and to supervision by authorized representatives of the Department of Agriculture, and shall be conducted in accordance with such instructions and requirements as the Director may prescribe.

(h) *Compliance with set aside requirements.* (1) Any certification granted pursuant to this order is expressly conditioned upon compliance, by the person concerned, with all applicable orders requiring the setting aside, reserving, holding, processing, and packaging of meat, meat products, and animal fats for procurement by the armed services of the United States or by other governmental agencies; and with any requirement of the Director, addressed to the owner or operator of the plant or to the owner of the livestock, with respect to the making available of meat, meat products, or animal fats to the armed services of the United States or to other governmental agencies. Any violation of such orders or requirements shall be cause for refusal to grant certification or for the termination or revocation of any certification theretofore granted.

(2) Procurement officers of the armed services of the United States or of other governmental agencies may require additional inspection of animals or of the carcasses, meat, meat products, or animal fats derived therefrom which are required to be set aside or made available for procurement by the armed services of the United States or other governmental agencies.

(i) *Markings required.* Each accessible wholesale cut of meat which has been inspected and passed pursuant to this order, whether in the entire carcass or detached therefrom, shall be stamped by the inspector with the legend "Certificate No.", followed by the certificate number assigned to such plant by the Secretary of Agriculture. Such legend shall be contained in a rectangular design. Such marking shall be in addition to any mark or number assigned by the State, city, or local authorities and commonly used by such plant.

(j) *Movement in interstate or foreign commerce.* Meat produced in accordance with the requirements for certification as specified in this order, including any rules, regulations, or orders issued pursuant thereto, and which is properly marked as required in paragraph (i) hereof shall have the same status for purposes of transportation in interstate or foreign commerce as meat produced in plants operated under Federal inspection.

(k) *Refusal, suspension, termination, and revocation of certifications.* The Director may refuse to grant certification or may suspend, terminate, or revoke any certification theretofore granted if he determines that:

(1) The slaughtering plant concerned does not have or has failed to maintain sanitary conditions as herein defined.

(2) To meat, meat products, or animal fats produced in such slaughtering plant will not be or are not being disposed of in legitimate trade channels in accordance with law.

(3) The owner or operator of such slaughtering plant or the owner of the livestock has failed to comply in full with orders requiring the setting aside, reserving, holding, processing, and packaging of meat, meat products, and animal fats for procurement by the armed services of the United States or other governmental agencies, or with requirements of the Director with respect to the making available of meat, meat products, or animal fats for the armed services of the United States or other governmental agencies.

(4) The owner or operator of such slaughtering plant or the owner of the livestock has failed to comply with any other provision of this order or with the requirements of any other War Food Order with respect to meat.

(5) Certification has been erroneously granted or is based upon false or erroneous information.

(l) *Records and reports.* (1) Every owner or operator of a slaughtering plant and every owner of livestock to whom certification is granted under this order shall keep accurate records showing the number of all animals purchased, slaughtered, and condemned, together with the reason for condemnation in each case, the quantity of meat, meat products, or animal fats sold in interstate commerce and the quantity of such products sold in intrastate commerce. Such records shall be kept separate for each species of livestock slaughtered.

(2) The Director shall be entitled to obtain such information from and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Audits and inspections.* The Director shall be entitled to make such audits or inspections of the books, records, and other writings, premises, livestock, meat, meat products, or animal fats of any person, and to make such investigations as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(n) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Order Administrator. Petitions shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. The Order Administrator may take any action with reference to such petition which is consistent with the authority delegated to him by the Director. If the petitioner is dissatisfied with the action taken by the Order Administrator, he may, by a request addressed to the Order Administrator, obtain a review of such action by the Director. After said review, the Director may take such action as he deems appropriate, which action shall be final.

(o) *Violations.* (1) If the Director has reason to believe that any owner or operator of a slaughtering plant is violating any provision of this order which deals with sanitary or inspection requirements, and the Director is accordingly unable to certify that the meat, meat products, or animal fats produced in such plant are clean, wholesome, and suitable for human consumption, he may, without prior notice or hearing, suspend the certification theretofore granted to the owner or operator of such plant: *Provided, however,* That such owner or operator shall, within 10 days, be given an opportunity to appear and be heard on the question of whether such suspension shall be vacated or shall be made permanent by way of termination or revocation of the certification. Such appearance and hearing shall be before an authorized representative of the Department of Agriculture and in accordance with the procedure established by the Director. Any certified slaughterer and any owner or operator of a certified slaughtering plant who violates any other provision of this order shall likewise be liable to suspension, termination, or revocation of any certification theretofore granted: *Provided, however,* That suspension, termination, or revocation of any certification for the violation of any provision of this order other than sanitary or inspection requirements shall be subject to the procedural regulations set forth in War Food Order No. 78–1, as amended (9 F.R. 6202, 9943).

(2) Any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Civil action may also be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(p) *Delegation of authority.* (1) The administration of this order and the powers vested in the Secretary of Agriculture, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(2) The Director is authorized to establish such rules and regulations as he may deem necessary or appropriate in order to provide for the inspection of slaughtering plants seeking certification hereunder, and of meat, meat products, or animal fats produced therein.

(q) *Communications.* All reports required to be filed hereunder, all applications for certification under this order, and all communications concerning this order shall, unless otherwise provided, be addressed to the Livestock and Meats Branch, Office of Marketing Services, Department of Agriculture, Washington 25, D. C.

(r) *Territorial scope.* This order shall apply within the 48 States and the District of Columbia.

(s) *Effective date.* This amendment shall become effective at 12:01 a. m., c. w. t., August 12, 1945. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 139, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[Docket No. 5265]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

SHIELDS OF FAITH CO.

§ 3.6 (m 10) *Advertising falsely or misleadingly—Manufacture or preparation:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product or service.* In connection with the offering for sale, sale, and distribution of respondents' metal-covered books in commerce, representing directly or by implication; (1) that said books afford effective protection against bullets, shrapnel, or other projectiles, or against bayonet thrusts; or (2) that the inscriptions on said books are engraved, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Shields of Faith Company, Docket 5265, July 27, 1945]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 27th day of July, A. D. 1945.

In the Matter of A. J. England, M. S. England, M. K. England and A. E. Wildberg, Individuals and Copartners Trading as Shields of Faith Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, and a stipulation of facts entered into at a hearing before a trial examiner of the Commission theretofore duly designated by it (report of the trial examiner, the filing of briefs, and oral argument having been waived); and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act.

It is ordered, That the respondents, A. J. England, M. S. England, M. K. England, and A. E. Wildberg, individually and as copartners trading as Shields of Faith Company, and their representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of respondents' metal-covered books in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication;

1. That said books afford effective protection against bullets, shrapnel, or other projectiles, or against bayonet thrusts.

2. That the inscriptions on said books are engraved.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

Chapter III—Social Security Board, Federal Security Agency

[Regs. 3,[1] Further Amended]

PART 403—FEDERAL OLD-AGE AND SURVIVORS' INSURANCE

HEARINGS ON CLAIMS BASED IN WHOLE OR PART UPON SERVICES PERFORMED AS WARTIME MARITIME EMPLOYEES OF U. S.

Regulations No. 3, as amended (20 CFR, Cum. Sup., 403.1 et seq.), are further amended as follows:

1. Section 403.702 is amended by adding at the end of paragraph (a) the following subparagraph:

§ 403.702 *Supporting evidence as to right to receive benefits and lump sums.* * * *

(a) *Evidence as to wages.* * * *

Amounts of remuneration paid an individual for wartime maritime services constituting employment in the employ of the United States (see § 403.827 (c)), and the periods in which and for which such remuneration was paid, will be conclusively evidenced by the determinations of the Administrator, War Shipping Administration, or his designated agents, or entries in the wage records of the Board based upon such determinations. Whether any portion of such remuneration will be excluded from wages will be determined by application of § 403.828.

2. The statutory provisions preceding § 403.703 are amended by adding at the end thereof the following:

SECTION 209 (o) (2), (3), AND (4) OF THE ACT

(2) The Social Security Board shall not make determinations as to whether an individual has performed services which are employment by reason of [paragraph 1 of] this subsection, or the periods of such services, or the amounts of remuneration for such services, or the periods in which or for which such remuneration was paid, but shall accept the determinations with respect thereto of the Administrator, War Shipping Administration, and such agents as he may designate, as evidenced by returns filed by such Administrator as an employer pursuant to section 1426 (1) of the Internal Revenue Code and certifications made pursuant to this subsection. Such determinations shall be final and conclusive.

(3) The Administrator, War Shipping Administration, is authorized and directed, upon written request of the Social Security Board, to make certification to it with respect to any matter determinable for the Board by the War Shipping Administrator under this subsection which the Board finds necessary in administering this title.

(4) This subsection shall be effective as of September 30, 1941. (As retroactively added by section 1 (b) (2) of the act of March 24, 1943, 57 Stat. 47, as amended by the act approved April 4, 1944, 58 Stat. 188.)

5. Section 403.706 is amended by adding at the end of paragraph (a) a new subparagraph (6), as follows:

§ 403.706 *Initial determination*—(a) *Determinations affecting benefits, lump sums, and wage records.* * * *

(6) *Claims or proceedings involving wartime maritime services in the employ of the United States.* The determination of the Administrator, War Shipping Administration, or his designated agents, as to whether an individual has performed services which constitute employment as defined by section 209 (o) of the act as amended (see § 403.803 (d)), as to the periods of such services, as to the amounts of remuneration for such services, and as to the periods in which or for which such remuneration was paid (see § 403.827 (c)), shall be final and conclusive upon the Bureau as to the matters so determined. The Bureau shall make no independent determinations concerning any matter determinable by the Administrator, War Shipping Administration, but shall accept the determinations of the Administrator or his designated agents with respect thereto as evidenced either by tax returns filed pursuant to section 1426 (1) of the Internal Revenue Code or by certifications. In any case in which information necessary to the disposition of a claim or proceeding shall be lacking as to any matter determinable by the Administrator, War Shipping Administration, or in which information set forth in such tax returns appears to be incomplete or questionable, the Bureau shall request the Administrator, War Shipping Administration, or his appropriate designated agent to make certification to it in writing of such missing, incomplete, or questionable information.

6. Section 403.708 is amended by adding at the end of paragraph (e) a new subparagraph as follows:

§ 403.708 *Reconsideration.* * * *

(e) *Reconsidered determination.* * * *

Where reconsideration involves any matters determinable by the Administrator, War Shipping Administration (see §§ 403.803 (d), 403.827 (c)), the Bureau shall comply with the procedure established by § 403.706 (a) (6) as to such matters.

7. Section 403.709 is amended by adding at the end of paragraph (a) the following sentence:

§ 403.709 *Hearing*—(a) *Right to hearing.* * * * (Special provisions concerning hearings with respect to matters determinable by the Administrator, War Shipping Administration (see § 403.706 (a) (6)), are contained in § 403.711a.)

8. Section 403.710 is amended by adding a new paragraph (f), as follows:

§ 403.710 *Appeals Council proceedings on certification and review.* * * *

(f) *Procedure in cases involving wartime maritime services in the employ of the United States.* Special provisions concerning reviews of decisions with respect to matters determinable by the Administrator, War Shipping Administration (see § 403.706 (a) (6)), are contained in § 403.711a.

9. A new § 403.711a, as follows, is inserted after § 403.711:

§ 403.711a *Hearing and review in cases involving wartime maritime services in the employ of the United States.* The provisions of this section shall govern hearings and reviews in all cases in which issues appear or are presented involving wartime maritime services constituting employment in the employ of the United States (see § 403.803 (d)).

The Appeals Council, its members and referees, and the Territorial Directors of the Board for the Territories of Alaska and Hawaii, in matters determinable by the Administrator, War Shipping Administration, pursuant to section 209 (o) of the Social Security Act (see §§ 403.803 (d) and 403.827 (c)) and involved in or presented at hearings conducted pursuant to section 205 (b) of the Social Security Act, as amended, will make determinations of such matters under their deignation as agents of the Administrator, War Shipping Administration. Such designation is set out in General Order No. 50 of that Administrator. When hearing or reviewing a case involving such wartime maritime service, the Appeals Council, its members and referees and the Territorial Directors of the Board for the Territories of Alaska and Hawaii will function in a dual capacity, on the one hand as designated agents of the Administrator, War Shipping Administration, and on the other as referee or Appeals Council, as the case may be, of the Board. All issues involved in such a case may be disposed of at a single hearing or review and by a single decision.

(a) *Right to hearing.* Any party designated in § 403.709 (c) shall be entitled to a hearing with respect to any matter designated in § 403.706 (a) after an initial determination has been made by the Bureau, if such party files, as provided in § 403.709 (b), a written request for such hearing.

(b) *Parties to hearing.* The parties to a hearing shall be those specified in § 403.709 (c) together with the General Agent of the War Shipping Administration who shall have filed the tax return or made the certification referred to in § 403.706 (a) (6), or, in the event that there is no such General Agent, the Administrator, War Shipping Administration.

(c) *Conduct of hearing.* The hearing shall be conducted in accordance with § 403.709 (d) (e) (f) (g) (h) (i) and (j), except as hereinafter set forth. Evidence shall be received from any party as to the performance of services claimed to be wartime maritime services constituting employment in the employ of the United States (see § 403.803 (d)), the period of performance of such services, the remuneration therefor, and the periods in which and for which such remuneration was paid (see § 403.827 (c)).

(d) *Referee's decision or certification to Appeals Council.* As soon as practicable after the close of a hearing, the referee shall make a decision in the case or certify the case to the Appeals Council for decision. The referee shall not remand to the Bureau for revision any case heard pursuant to the provisions of this section.

The referee's decision shall be based upon the evidence adduced at the hearing. The decision shall be made in writing and be divided into two parts. The first part shall consist of a determination relative to the question of wartime maritime service constituting employment in the employ of the United States as defined by section 209 (o) (1) of the act, specifically whether the performance of the services in question constitute such employment, the period of such employment, the remuneration therefor, and the periods in which and for which such remuneration was paid. The determination shall contain findings of fact and a statement of reasons. Such determination shall be made by the referee as agent for the Administrator, War Shipping Administration, and shall be so subscribed by him. In reaching and making such determinations as designated agent, the referee shall follow the provisions of section 209 (o) of the act as amended (see §§ 403.803 (d) and 403.827 (c)) and the regulations or orders issued pursuant thereto from time to time by the Administrator, War Shipping Administration. The second part of the decision shall consist of the referee's findings and statements of reasons upon all matters not determinable by the Administrator, War Shipping Administration, together with his decision in the entire case, based upon both his determination as designated agent of that Administrator and his findings as referee of the Board. In reaching the conclusions required by the second part of the decision he shall be governed by all rules and regulations of the Board.

A copy of the decision shall be mailed to the parties at their last known addresses.
